

Conqueror 3211

Chapter 3211: Huang Shengdao Makes His Move

Fu Luosen pushed himself a little further when he saw Huang Xiaolong's attempt to stop him.

With rays of resplendent light emerging from his fist, it seemed to contain the power to shatter the world!

“Kneel and accept your death!”

Their fists smashed into each other, and a massive explosion ensued.

Everyone standing around felt as though the world around them was crumbling, and the sea of flames split in two.

Spatial cracks appeared in the air around them, and the entire area around the two seemed to disintegrate into nothingness.

The entire region was turned into a little boat floating in the stormy seas as everyone felt the impact of the battle. They were sent sprawling on the ground in an attempt to keep themselves from being blown away by the shockwaves.

As the two of them were sent flying at the exact same time, Huang Xiaolong was thrown out of the sea of flames while Fu Luosen slammed heavily into the Excessive Darkness Flying Ship. When he did, the ship was sent tumbling countless miles across the sea of flames.

Fu Luosen eventually fell onto the surface of the sea of flames.

“What?!”

Everyone was shocked when they noticed what happened.

Fu Luosen used his grand cosmos energy, and the power of thirteen elements at the grand perfection level. However, he failed to defeat Huang Xiaolong with a single strike! Moreover, the two of them seemed on an even level after the previous exchange!

Impossible!

When Fu Luosen hadn't used his grand cosmos energy, he was able to gain the upper hand. However, they were evenly matched now!

The minds of everyone present went blank.

Only after a long while did the Evil Wind Patriarch stare at Huang Xiaolong as he stammered in shock, "You... You... Three. Three... Three worlds?!"

Three types of cosmos energy!

Everyone felt their bodies freezing in place when they heard what he said. An incredulous look formed on their faces as they looked at Huang Xiaolong like they were looking at an extinct animal.

How could one person possess three different types of cosmos energy?!

If two was considered a miracle, what was three?!

The faces of the Extreme East Old Man, and everyone else who crossed Huang Xiaolong in the past turned pale.

"Rip!"

As the sea of flames was torn apart, Fu Luosen charged straight up into the air. His hair was no longer as nicely styled as it once was, and he was no longer the lofty god who could look down on everyone.

“Who... Who the hell are you?!” Fu Luosen gasped in shock when he looked at Huang Xiaolong.

Someone who hadn't reached the grand completion stage in thirteen elements had the ability to wield three different types of cosmos energy! He was even on equal footing with Fu Luosen!

No matter how he tried to explain it, Fu Luosen could't accept such an outcome!

“His name is Huang Xiaolong!” A voice toes through the air, and everyone turned to look at another massive flying ship soaring towards them. It was flashing through the space, and it arrived before them in an instant,

Everyone's expression changed when they saw the newcomer.

A bunch of people were standing on board the ship, but one person caught all the attention.

“Huang Shengdao!”

He was the Second Prince of the True Dragon Celestial Empire, and the strongest prince they had!

He had another title, and it was one that could shake the world! The strongest expert in the younger generation of the universe had arrived!

Even Fu Luosen's face sank when he saw Huang Shengdao's arrival.

“Brother Fu Luosen, what a coincidence. You look great!” Huang Shengdao smiled.

“Brother Huang Shengdao, it's been a long time.” A smile formed on Fu Luosen's face too.

Slowly turning to stare at Huang Xiaolong, Huang Shengtian's gaze turned a little serious.

Huang Xiaolong met his gaze, and he slowly turned to look at Huang Rong, the Palace Master of the Mystical Pavilion back in the Huang Long World.

Now that they met again, Huang Rong's gaze was extremely complicated. He witnessed the exchange between Huang Xiaolong and Fu Luosen. Back in the Huang Long world, Huang Xiaolong was merely an expert who reached perfection level in six elements! Now, he had comprehended double the number to perfection level, and the power of time was infinitely close to the major completion stage!

It had been so many years since he returned to the True Dragon Celestial Empire to work for Huang Shengdao, and his treatment was pretty good. He managed to obtain a lot of lucky chances and resources, and he managed to push his strength up to a whole new level. He thought that he would be able to suppress Huang Xiaolong with his newfound strength, but now, he realized that they were on two completely separate levels.

"I've heard from Huang Rong that Huang Xiaolong's talent is extremely heaven-defying. Today, I finally realized that Huang Rong wasn't exaggerating." Huang Shengdao looked at Huang Xiaolong and continued, "From what he said, Brother Huang Xiaolong only comprehended six elements to perfection level several hundred thousand years ago, yes? Your cultivation speed really puts all of us to shame!"

Huang Shengdao's words caused everyone present to stare at Huang Xiaolong in shock.

"What?! Six elements at perfection level several hundred thousand years ago?! How is that possible?!"

"That's not possible!"

Even Fu Luosen felt that it was absurd.

However, Huang Shengdao didn't seem like the type of guy who would lie about such matters.

If that was true, then...

Fu Luosen stared at Huang Xiaolong with goosebumps growing all over his body.

All of a sudden, Huang Shengdao made an interesting proposition. "Brother Fu Luosen, why don't we work together to kill him?"

Everyone felt a bomb going off in their heads.

Even Fu Luosen failed to understand what he wanted to do.

"I'll be honest. Huang Xiaolong is the Son of Creation of the Huang Long World. He has the Huang Long Armor Set and I'm not capable of killing him myself!" Huang Shengdao exposed Huang Xiaolong immediately. "If we join hands, things might be different!"

Everyone couldn't believe what he just said.

"Son of Creation of the Huang Long World!" Fu Luosen's eyes widened in surprise.

Nodding slowly, Huang Shengdao continued, "That's right. As long as we kill him, we'll split the treasures he has on him evenly. After all, he's as valuable as the Mysterious Magician's Treasury!"

A passionate gaze formed in Fu Luosen's eyes and the way he looked at Huang Xiaolong changed. He no longer thought about it and he laughed happily, "Alright!"

After all, he was planning to kill Huang Xiaolong anyway. With Huang Shengdao's help, there was no way for the brat to escape!

Huang Shengdao roared with laughter and he leaped into the skies. He arrived behind Huang Xiaolong, and the two of them pincerred Huang Xiaolong.

Huang Shengdao released his aura completely, and it came as no surprise he was also at the grand perfection level.

With the power of his grand cosmos energy, Huang Shengdao's aura was able to suppress the power displayed by Fu Luosen!

A hazy light flashed through Fu Luosen's eyes for a second, but he quickly returned to normal.

"Kill!" Fu Luosen screamed as they soared into the skies at the same time. Giant phantoms appeared behind them!

The phantom behind Fu Luosen was white in color, and it covered the entire skies on his side. The white crystals formed around the phantom seemed to construct another space all by themselves.

That was Fu Luosen's bloodline power, the power of excessive light! It was a bloodline at the creation level with the power of space and time!

As for Huang Shengdao, a golden dragon formed behind him and it was as large as the entire sacred land! He had the same bloodline as Huang Xiaolong, and with the two of them unleashing their ultimate powers at the same time, two palms shot towards Huang Xiaolong.

Before Fu Luosen's palm could arrive, Huang Xiaolong felt his entire body being sealed off by the power of space and time!

Chapter 3212: Serious Injuries!

Huang Shengdao's palm didn't fall too far behind. It transformed into countless golden dragons that covered the skies. A world of dragons was formed, and everything it contained followed Huang Shengdao's will.

The two of them attacked Huang Xiaolong from both the front and the back.

Seeing as their attacks were about to reach their target, a ferocious dragon roar tore through the skies and another golden dragon appeared in the skies above them.

The dragon that materialized was almost identical to the one behind Huang Shengdao, but it was slightly lacking in size. Huang Xiaolong's transformation was one entire size smaller than Huang Shengdao, but

that didn't mean he was weaker! In fact, he was comparable to Huang Shengdao in strength and there was a faint feeling that he was a little stronger.

With a fist and a palm, Huang Xiaolong received their attacks.

Boom!

The heavens shattered and the earth crumbled.

The sea of flames was torn into several pieces, and the flying ships that were docked there flew in all directions. Not a single one managed to withstand the blast as all of them were flung out of the sacred land.

In an instant, cracks formed all around the landmass they were on as spatial cracks formed in the skies around them.

Experts were sent flying one after another, and even though they had escaped from the sea of flames, they weren't safe. They were blasted away all the same.

As for Chen Zhenghong and those from the Extreme Heaven Celestial Empire, they were no exceptions. All of them were blasted towards the bottom of the sea. Yuan Tianyi protected Li Shuo as the two of them retreated from the sea of flames.

The five experts who were breaking the formation had reached the final stage, but because of the shocking power outside the Five Directions Grand Formation, all of them were stopped dead in their tracks. He Zhen, who was the weakest among them, vomited mouthfuls of blood.

As the Five Directions Grand Formation was too damn strong, He Zhen, with three elements at perfection level, managed to withstand the shockwave of the battle. If he was in the outside world, he would have been blasted into cosmic dust!

Among the five, only Zeng Ying was able to sustain minor injuries. Even so, she was terrified by the sudden interruption.

“What’s going on?!” Hao Yi cried out in shock.

Xu Fu and Bai Xugang were equally as shocked.

No longer bothering with the formation, Zeng Ying and the others quickly emerged. As soon as they appeared, they saw three figures in the skies above the sea of flames.

“Fu Luosen!”

“Huang Shengdao!”

Zeng Ying screamed in shock.

Hao Yi and the others felt their expressions changing instantly.

The only thing more surprising was the two of them working against a single person! She couldn’t imagine who it could be, and she quickly turned to look at him.

“It’s... It’s the Purple Lightning Young Master!” Hao Yi stammered in shock.

When Zeng Ying saw the golden dragon behind Huang Xiaolong, her eyes widened in shock. “Creation level bloodline from the True Dragon Huang Clan!” However, she quickly denied her guess. “No... He can’t be from the Huang Clan!”

If the Purple Lightning Young Master was really from the True Dragon Huang Clan, how could he remain hidden from her? Moreover, Huang Shengdao wouldn’t dare to fight with him openly in front of so many people present.

Even if the Purple Lightning Young Master had some sort of god-moving hatred with Huang Shengdao, there was no way Huang Shengdao would work with Fu Luosen to kill the other party if he was part of the Huang Clan!

“His bloodline seems to be even stronger than Huang Shengdao!” Zeng Ying gasped in horror.

Huang Xiaolong’s golden dragon might be smaller than the one created by Huang Shengdao, but the might it emitted was way stronger!

One could even say that Huang Xiaolong’s bloodline wasn’t fully mature! If he really became the strongest he could be, there was no way Huang Shengdao would hold a candle to him!

If the other party wasn’t from the Huang Clan, and he possessed the Huang Long bloodline, wouldn’t that mean... A thought flashed through Zeng Ying’s mind. Huang Xiaolong’s identity appeared in her mind.

“He... He has three types of cosmos energy?” Zeng Ying’s eyes flickered when she realized Huang Xiaolong’s true strength.

In the blink of an eye, the three of them exchanged several dozen blows that had the power to shatter the sacred land they were on hundreds of times over.

As explosions rang out again and again, their fight brought them all over the region.

With their strength, countless sacred lands were reduced to dust. Even the space was shattered beyond belief.

The experts who were there to witness the start of the battle retreated god knew how far away before allowing themselves to stop.

“Too f*cking scary! The power of the two princes is too damn strong!”

“The Purple Lightning Young Master is even shocking!”

Fu Luosen and Huang Shengtian were strong, but Huang Xiaolong was fighting them one against two!

The scene was burned into the minds of everyone present.

As the fight played out, Huang Xiaolong summoned the entire Huang Long Armor Set and the two princes brought out all the creation artifacts they had on them.

Fu Luosen's artifact was a massive heavenly palace, and it contained a formation of palaces. It was enhanced by his power of space and time, and it could freeze the time and space it contained.

Huang Shengdao used a dragon spear, and it was strong enough to piece a hole through the various regions they fought in.

Despite using four creation artifacts, Huang Xiaolong was still suppressed by the two of them.

Under the pressure of the two supreme bloodlines, Huang Xiaolong was only able to use seventy percent of his actual strength.

If he hadn't used the cosmos energy of three small worlds, he would have died a long time ago!

Of course, if things were to keep up, his defeat would be a matter of time.

Finally, Huang Shengdao landed a palm strike on Huang Xiaolong's body and he was sent flying. Blood streamed down Huang Xiaolong's lips, and even though the Huang Long Armor was indestructible, he wasn't.

In the flying ship of the Lightning Yang Race, Lei Qinghai roared in excitement, "Father, he's injured now! Hahaha! That little b*stard is finally injured!"

Lei Bao had a face full of smiles as he heaved a sigh of relief in his heart. "That little brat has to die today!"

As if Lei Bao's words blessed Fu Luosen and Huang Shengdao, they managed to land another hit on Huang Xiaolong's chest. His injuries became even more serious as he vomited mouthfuls of blood.

Lei Qinghai and Lei Bao roared with laughter as everyone who had a grudge with Huang Xiaolong felt their chests grow lighter.

"What a pity." The Evil Wind Patriarch shook his head slowly.

Everyone could see that Huang Xiaolong was bound to lose.

Moreover, no one would be able to save him. Even if they could, who would dare to offend both the Excessive Darkness Celestial Empire and the True Dragon Celestial Empire at the same time?

At long last, Huang Xiaolong transformed into a ray of golden light as he revealed his true body. Fu Luosen turned into a ray of white light and Huang Shengdao turned into the second golden dragon that filled the skies.

The three of them fought till the space around them crumbled, but Huang Xiaolong's injuries grew heavier and heavier as the battle raged on. Finally, he turned back into his human form as he smashed through countless sacred lands.

Chapter 3213: Huang Long's Whereabouts!

"Pfft!"

Huang Xiaolong spat out a mouthful of blood.

"Your Highness!" Yuan Tianyi, He Zhen, and Li Shuo yelled as they rushed over.

When the three of them approached, Fu Luosen sneered, "You're just three dogs who served the wrong master. I'll send you to hell to meet him!" As soon as he spoke, his palm came crashing down.

The three of them were sent flying instantly.

Even with Yuan Tianyi's comprehension of the thirteen elements with nine of them at perfection level, he couldn't do a thing to stop Fu Luosen. As for the other two, they exploded on the spot.

"He Zhen! Li Shuo!" Huang Xiaolong screamed in anger.

The two of them might be his subordinates, but they had followed him for a long time. He would be lying to himself if he said that he didn't care about their lives.

Now that the two of them had their bodies shattered by Fu Luosen, Huang Xiaolong was beyond enraged.

"Fu Luosen, I'll kill you one day and exterminate your entire celestial empire!" Huang Xiaolong growled.

Roaring with laughter, Fu Luosen mocked, "Kill me? Exterminate my Excessive Darkness Celestial Empire? You're dreaming if you think you can do anything like that! You have one foot in the grave, and you won't be living to see the sun rise tomorrow!"

"It's the end of the line for you!"

Fu Luosen took a step and appeared right in front of Huang Xiaolong. He raised his creation artifact and slammed downwards.

Seeing as Fu Luosen was making the final attack, Huang Shengdao's dragon spear shot towards Huang Xiaolong's glabella.

As the two attacks shot towards the helpless Huang Xiaolong, a ray of light emerged from the void and it blinded everyone present.

Even Fu Luosen and Huang Shengdao were blinded by the light! By the time they regained their sight, Huang Xiaolong was gone!

Huang Xiaolong wasn't the only one. Even his three subordinates had disappeared!

Everyone looked at each other in shock, and Lei Qinghai was the first to break the silence. "What's going on?!"

Everyone released their dao souls to search for any traces, but they lost Huang Xiaolong completely.

Even Fu Luosen and Huang Shengdao couldn't find traces of Huang Xiaolong.

"Damn it!"

Fu Luosen's expression sank and anger crept up his heart.

"Look for him! Even if you turn the Dao Emperor World upside down, locate Huang Xiaolong!"

The experts of the Excessive Darkness Celestial Empire kneeled in fright and hastily accepted the order.

Huang Shengdao's expression wasn't any better.

He was planning to kill Huang Xiaolong, but he didn't think that he would have come all the way for nothing.

There was no doubt about it. Someone saved Huang Xiaolong!

Moreover, the person had to be a supreme expert!

Who else could it be?!

“Pass down my order. Anyone who locates him will be rewarded a hundred trillion dao coins!” Huang Shengdao spoke to Huang Rong and the others.

Receiving the order, the entire world was thrown into chaos.

As the two of them frantically passed down their orders to locate Huang Xiaolong, the man himself was lying in an unknown space as he entered deep slumber.

He felt as though he experienced a dream that lasted an eternity, and he seemed to have turned into a part of the universe itself. However, a part of him was still the same Huang Xiaolong as before as he transformed into the golden dragon that swam unhindered through the starry skies. He felt wrapped up in a ball of radiance energy, and his dao souls, dao physique, and even the three small worlds in him felt like they were set on fire. Even though he wanted to scream in pain, he couldn't do so.

Finally, he lost consciousness and the dream faded.

No one knew how long had passed when his eyes finally snapped open. Sitting up, Huang Xiaolong looked all around him only to discover that the space around him was completely empty. The space around him was visibly moving, and he could see the flow of time!

Huang Xiaolong was terrified to discover that the space and time around him was like a river that pulsed with its own flow!

How in the world was that possible?!

“You can achieve anything when you set your mind to it...” A bearded old man appeared before Huang Xiaolong. “In the future, you will be able to achieve this too.”

Snapping back to reality, Huang Xiaolong turned to stare at the old man. He realized that he couldn't detect any traces of life coming from the old man, but that was also what terrified him the most.

“Did senior save my life/?” Huang Xiaolong got to his feet and cupped his fists at the old man. “Many thanks to senior for the life saving grace!”

The old man nodded slightly and smiled, "It's nothing. Even though I saved you, you don't have to thank me. After all, I have my own reasons for saving you."

Huang Xiaolong was stunned.

The old man was actually planning something when he saved his life!

Could it be for the Huang Long Armor Set?

However, he quickly realized otherwise. If the old man really wanted the armor set, he could have taken it without saving his life.

The old man chuckled at Huang Xiaolong's response. "I've noticed you since a long time ago. During the auction in the Blazing Dragon Celestial Empire, I had my eyes on you."

Huang Xiaolong felt question marks popping up in his mind.

"In fact, I've been looking for a successor for the past one million years."

Huang Xiaolong finally felt something clicking in his brain. "Senior, do you mean to take me as your disciple?" However, an apologetic smile formed on his face. "I'm sorry, I do not wish to take anyone as my master right now. I hope you understand..."

The old man wasn't surprised at Huang Xiaolong's rejection at all. He waved his arm and laughed, "There's no need to reject me so quickly. It's not too late to reject after hearing me out. I've traveled through countless worlds in the universe, and your talent is the best out of anyone I've seen. Entering the God of Creation Realm is a matter of time, but what happens then?"

Huang Xiaolong was stunned.

“No matter how talented you are, you will definitely need a billion years to enter the God of Creation Realm. Do you really think you can take that long?” The old man laughed. “Even if you’re able to, your father might not.”

Huang Xiaolong’s expression changed. “Does senior know something about my father?”

“I know a little. Your father should be in the hands of Huang Sheng, the old ancestor of the True Dragon Celestial Empire.” The old man nodded and sighed.

“Huang Sheng?!” Huang Xiaolong’s heart sank.

It seemed as though his father’s disappearance had something to do with Huang Sheng!

“You must be curious as to why Huang Sheng would capture your father.” The old man continued, “I believe that you experienced the might of the Huang Clan’s bloodline. Huang Sheng and your father, Huang Long, were born in a separate space somewhere in the universe. They can be said to have come from the same origin, and your bloodlines are both called the Huang Long Bloodline. As the only other Golden Dragon in the universe, Huang Sheng planned on capturing your father to absorb his bloodline and origin energy, in order to transform into an existence who surpasses the God of Creation Realm!”

Huang Xiaolong stared at the old man with his mouth wide open.

Was that why...

The old man continued, “In fact, Huang Sheng is merely dreaming if he wishes to break through to a higher realm. Since the start of time, the God of Creation Realm is the strongest one can ever be! No one has ever been able to surpass that level!”

“According to my estimates, your father will be devoured by Huang Sheng within the next billion years.” The old man sighed. “In a billion years, not only will you have to enter the God of Creation Realm, you will also have to reach the grand perfection level. Otherwise, you won’t be able to save your father!”

“If you take me as your master, I can ensure that you reach that level within one billion years!”

Chapter 3214: God of Creation, Blazing Dragon

Huang Xiaolong was shocked when he heard what the old man promised. He was also shocked by the discovery that Huang Sheng would devour his father in the next billion years.

He stared at the old man in disbelief, clearly doubtful that he could enter the grand perfection level in the next billion years.

The old man might be able to save him from Fu Luosen and Huang Shengdao to prove his strength, that didn't mean that he could ensure Huang Xiaolong's ascension to the God of Creation Realm. Much less the grand perfection level!

The universe existed since the start of time, but the number of God of Creation Realm experts could be counted on two hands!

Right now, the strongest they have gotten was the grand perfection level. No one could surpass that level.

Huang Xiaolong couldn't help but doubt the old man's claim to bring him to that level in the next one billion years.

The old man didn't bother with Huang Xiaolong's doubt as he chuckled in amusement, "You're definitely doubting me, but I can ensure that you enter the grand perfection level in the God of Creation Realm. Others might not be able to do so, but you definitely can."

"That is because your Huang Long Bloodline is exceptionally strong! It's even better than Huang Sheng's bloodline!"

Huang Xiaolong stared at the old man and muttered softly, "Who are you?"

"Blazing Dragon." The old man uttered two words, but they were enough.

“Blazing Dragon!” The name was like a bomb that went off in Huang Xiaolong’s head. He stared at the old man in shock. “Senior... Is senior the God of Creation, Lord Blazing Dragon?!”

Blazing Dragon! He was the oldest existence in the universe, and he was also the strongest existence for a long time!

After the rise of Huang Sheng, Blazing Dragon was no longer the strongest cultivator around and he dropped into the second ranked spot.

Regardless, his ranking stood firmly at the top of the universe. It was enough to show how powerful the old dragon really was. That was the ranking in the universe, not the Blazing Dragon World!

The more Huang Xiaolong thought about it, the more it made sense. The only person who could know so much about Huang Sheng would be his greatest enemy!

“That’s right. I’m the God of Creation, Blazing Dragon.” The old man laughed and stroked his beard. “Our common enemy now is Huang Sheng, and if you take me as your master, I can allow you to become the Son of Creation of the Blazing Dragon World. You can control the origin of the Blazing Dragon World, and receive its assistance when cultivating. It won’t be long till you comprehend the thirteenth element to perfection level!”

“In fact, you might even reach the grand perfection level!”

“As for whether you will be able to enter the God of Creation Realm in the next one hundred million years, it will be up to your luck.”

The old dragon snickered in amusement all of a sudden. “The Blazing Dragon World’s origin is the oldest in the universe, and it contains a shocking amount of power. You will definitely be surprised if you use it to assist your cultivation.”

“As such, taking me in as your master will only benefit you!”

“Moreover, Fu Luosen and Huang Shengdao will give up their idea on killing you the moment I make the announcement.”

Huang Xiaolong chuckled a little when he heard the old dragon’s praise of the Blazing Dragon World. However, his expression sank when he heard their names. Killing intent rose in his heart when he pictured their faces in his mind.

“Senior Blazing Dragon, what happened to my subordinates after you saved me?” Huang Xiaolong couldn’t help but ask.

“Relax. Yuan Tianyi is fine.” The old man laughed as he casually pointed towards the void. A figure fell from the skies and Yuan Tianyi appeared before him.

“Your Highness!” Yuan Tianyi screamed in joy when he saw Huang Xiaolong.

“As for the other two, you can just reform their bodies when you enter the God of Creation Realm.” The old man waved his arm and threw the dao souls at Huang Xiaolong. “Keep them well!”

Huang Xiaolong retrieved the dao souls of He Zhen and Li Shuo before thanking the old dragon. “Many thanks to Senior Blazing Dragon!”

“Since you’ve recovered, let’s leave this place.” As soon as he spoke, he brought Huang Xiaolong and Yuan Tianyi out of the weird place they were in. In the blink of an eye, they traveled an ungodly distance.

Along the way, Huang Xiaolong asked the old dragon about lots of things. The old man answered every question happily.

It was only then when Huang Xiaolong learned that it had been three thousand years since the battle. The treasury fell into the hands of Fu Luosen and Huang Shengdao, and they only allowed Zeng Ying to search for treasures within. The other experts present were angry, but they couldn’t do a thing to the two princes. Eventually, the bulk of the treasures landed on their hands.

As for the Dao Emperor's Sword, no one managed to locate it even after years of searching. Eventually the two of them left and several experts who were unresigned stayed behind to continue looking for the sword.

“Why would the little brat make his sword so easy to locate? Hahaha.” The old dragon chuckled happily.

Huang Xiaolong's heart shook. From what the old man said, he seemed to have learned about the location of the sword. “Does Senior Blazing Dragon know where to find the sword?”

Glancing at Huang Xiaolong from the corner of his eye, the old dragon's lips rose upwards slightly. “Of course I do.”

“Then...” Huang Xiaolong felt his heart trembling.

“But I'm not telling you.” The old dragon snorted.

Huang Xiaolong felt beads of cold sweat dripping down his forehead.

“Relax. When you become my direct disciple, I'll tell you.”

Huang Xiaolong felt the world spinning around him. The old dragon before him looked and sounded like a prankster.

In the past, Huang Xiaolong imagined the once strongest expert in the universe to be extremely strict and fierce. There was no way someone ranked on top of the universe would laugh and joke around. However, he realized that the old dragon was like a mischievous little kid.

Several days later, the old dragon brought Huang Xiaolong back to the Blazing Dragon World and into the Blazing Dragon Celestial Empire. They quickly entered the place where the old dragon cultivated.

The space where he trained was a special region in the celestial empire, and according to the old dragon, that was the closest place to the Blazing Dragon World's origin.

The weird thing was that the space wasn't in the Blazing Dragon Sacred Land.

"Get used to life here. A few years later, I'll formally accept you as my disciple and hand over my Blazing Dragon Grand Art to you. You will be able to leech on the world's origin then." The old dragon chuckled.

During their journey, Huang Xiaolong did some calculations and he decided to formally accept the old man as his master.

Like what the old dragon said. He had nothing to lose, and everything to gain.

With the help of an expert at the level of the Blazing Dragon, Huang Xiaolong might really be able to enter the grand perfection level in the God of Creation Realm. If he relied on himself, things might get ugly.

After the old man spoke, he didn't bother waiting for Huang Xiaolong's reply as he disappeared instantly.

Laughing helplessly, Huang Xiaolong spoke to Yuan Tianyi. "Let's go. We'll take a look around and get to know this place better."

The space they were in seemed pretty large, and Huang Xiaolong started to stroll about aimlessly. He discovered that the space was larger than he thought, and they only managed to make a round after a year of flying!

The entire space was filled with lush greenery, and divine beasts. It was extremely pretty, but every creature was no ordinary one. They were all obtained from the old dragon's travels, and most of them were creatures or treasures at the creation level.

The spiritual energy in the space was too dense to describe, and it was a true cultivation haven.

As Huang Xiaolong was messing about in the space, the Blazing Dragon World erupted into chaos over a piece of news. “What?! Lord Creation is planning to hold an appointment ceremony in five years to announce his new disciple?!”

Chapter 3215: Who Did The Old Ancestor Choose?

In the Purple Lightning Manor where Huang Xiaolong once lived, Di Xiaolong screamed in shock, “What?! How... This... Are you sure you heard right?”

He asked the expert standing beside him and Caretaker Pang.

Three thousand years ago, Huang Xiaolong was surrounded by Fu Luosen and Huang Shengdao. However, he disappeared before they could kill him once and for all. After that happened, Di Xiaolong casually brought everything he had to the Purple Lightning Manor and took ownership of the place.

Naturally, everything there turned into his possessions.

Since Fu Luosen and Huang Shengdao passed down the order to hunt and kill Huang Xiaolong, he felt that there was no way for the man to reappear in the Blazing Dragon Celestial Empire. Of course, that was assuming Huang Xiaolong was afraid of them.

“Yes, Your Highness, the news is definitely true!” Elder Fang nodded his head. “His Majesty assembled all of us to tell us the news.”

A dispirited expression formed on Di Xiaolong’s face as he returned to the throne in the main hall.

In the past, there had been rumors of their old ancestor looking for the successor to be the Son of Creation of the Blazing Dragon World. However, he was still holding onto a trace of hope that it was a rumor! If the old ancestor chose a successor between one of them princes, he would definitely be one of the princes with the highest chance of getting chosen! Now...

“Why!” Di Xiaolong roared in anger, “Why would the old ancestor choose someone else to receive his inheritance?!”

Everyone knew that the individual who received the Blazing Dragon's inheritance would turn into the Son of Creation of the Blazing Dragon Celestial Empire. In the future, he would be the one and only pillar to prop up the entire celestial empire.

Elder Fang frowned when he heard Di Xiaolong's displeasure about the old ancestor. "Your Highness, you need to know that Lord Creation definitely has the best interest of the celestial empire in mind. His thinking is not something we can try to understand."

With his heart shivering in fear, Di Xiaolong realized what he just said. He quickly regained his calm as he looked at Elder Fang.

Regardless, a trace of anger remained in his heart when he realized that someone else outside the royal family would be in control of the Blazing Dragon Celestial Empire.

"Do you know who the old ancestor chose?" Di Xiaolong muttered softly.

Elder Fang shook his head slowly. "Not at the moment. Even His Majesty doesn't know the identity of the old ancestor's disciple. According to His Majesty, he tried to ask, but the old ancestor said that we will learn of his identity at the appointment ceremony.

Di Xiaolong stared into the void with a blank gaze.

...

In the Extreme Heaven Celestial Empire...

Zeng Ying's Palace...

"Lord Creation, the Blazing Dragon, is about to take in his disciple!" Zeng Ying was shocked when she received the news.

Of course, everyone who received the news would react the same way.

Regardless of which God of Creation it was, the news of them taking in a disciple would shake the entire universe. It was even more so when the Blazing Dragon was the second strongest existence in the universe!

Ordinarily, a God of Creation would only accept a single disciple.

That was because one was enough to inherit everything he had to take care of the world they created!

“I wonder who he is...” Zeng Ying asked the subordinate who brought her the news.

That was the question everyone wanted an answer to, but it was too bad the old dragon wasn’t planning on telling them.

“We have no idea. Even the celestial emperor of the Blazing Dragon Celestial Empire has no idea.”
Someone replied.

When the Blazing Dragon World trembled at the news, any faction of notable power started to make their way towards the celestial capital of the Blazing Dragon World.

Since there were only five years to the appointment ceremony, no one could sit still as they swarmed towards the Blazing Dragon Sacred Land.

It didn’t take too long for the news of the departure of the Extreme Heaven Old Ancestor to send another wave through the Blazing Dragon World.

“I’ve heard that Princess Zeng Ying will also be coming along!”

“She’s not the only one! All the princes and princesses of the Extreme Heaven Celestial Empire will be present!”

It didn't take long before the True Dragon Celestial Empire to announce the departure of all their princes and princesses.

"The old ancestor of the True Dragon Celestial Empire, Huang Sheng, doesn't plan on making his way over!"

"I've heard that Lord Creation, Huang Sheng, has been in seclusion for an endless amount of time. It's no wonder he isn't planning to come."

"Shouldn't he have reached the grand perfection level in the God of Creation Realm? Why is he still cultivating?"

"Lord Creation is definitely trying to break through to a whole new level. When that happens, the entire universe will fall under his control!"

Discussions flew about, and the rumors became even more exaggerated.

The universe was large, and a God of Creation was strong, but they would be dreaming if any God of Creation Realm expert wanted to control the entire universe. However, if one could surpass the God of Creation Realm, things might be different.

Huang Xiaolong had no idea what went on in the outside world as he cultivated peacefully in the space the old dragon left him in. He devoured the energy contained within, as he tried to comprehend the power of time to the next level.

After saving him three thousand years ago, the old dragon used his grand cosmos energy to temper Huang Xiaolong's dao souls, dao physique, and three small worlds. That was also why Huang Xiaolong passed out from the pain in his dream. Whatever the case, he could be said to have experienced a transformation from his old self.

The current Huang Xiaolong could be said to be on a whole new level compared to the Huang Xiaolong who fought Huang Shengdao and Fu Luosen!

After all, the assistance of the second strongest existence in the universe was no joke! Huang Xiaolong also realized that after receiving the old dragon's help, he was able to feel the energy coming from the origin of the Blazing Dragon World more clearly.

Comprehending the elements became much easier compared to before!

Understanding the power of time was even faster now, compared to the time when he devoured the Flowers of Time in the past!

If he was able to devour a Flower of Time at that very instant, the effects would be shocking!

As for Yuan Tianyi, he didn't receive the old dragon's help after he was saved. However, the old dragon gave him several previous fruits at the creation level and his bloodline and dao soul received a ton of benefits. His ability to cultivate was also boosted several times.

In the blink of an eye, four years passed.

When Huang Xiaolong and Yuan Tianyi were cultivating in the weird space, the old dragon appeared before them.

Looking at Huang Xiaolong who had his eyes closed in deep cultivation, the old dragon nodded in satisfaction. After the little brat received his help, his cultivation speed far exceeded the old man's expectations.

A smile formed on his face as he realized that his efforts had paid off.

After all, helping to refine someone else's body, soul, and worlds required a lot of effort.

"Senior Blazing Dragon." Huang Xiaolong got to his feet when he realized that the old dragon had arrived.

“Not bad! You’re pretty good!” No one knew if he was praising Huang Xiaolong’s talent, or his gains in the past four years.

“In a few days, you won’t be able to address me like before. I’m going to be your master! Hehe!” The old dragon chuckled in amusement.

“Let’s go! We’ll head out now. The appointment ceremony will take place in several days, and you shall go meet the little brats of the celestial empire right now.”

Following behind the old dragon, Huang Xiaolong and Yuan Tianyi emerged from the space and headed straight for the Blazing Dragon Sacred Land.

It didn’t take long for them to arrive.

In the past, Huang Xiaolong would be barred from entering the Blazing Dragon Sacred Land, but there was no way for any formation to stop him now. After all, the person who laid down the strongest formations around the sacred land was personally leading them in.

Five men stood at attention in the main palace of the Blazing Dragon Celestial Palace, and that included the current Celestial Emperor. There was also Di Yu who was present during the auction previously.

Naturally, all five of them were summoned by the old dragon himself.

Chapter 3216: Huang Xiaolong Has Appeared!

The five of them didn’t dare to move a muscle as they stood there. They were guessing the identity of the old ancestor’s disciple silently, and before they knew it, a ray of light flashed before them and three figures appeared.

Di Yu and the others got to their knees respectfully, “We greet the Old Ancestor!”

Nodding slowly, the old dragon chuckled, “Alright, you can dispense with the formalities now.”

Getting to their feet, the five of them looked at the old dragon.

“Alright. This brat here is going to be my disciple in the future. He will also be the Son of Creation of the Blazing Dragon World.” He pointed at Huang Xiaolong who was standing behind him.

Di Yu and the others acknowledged respectfully before turning to stare at Huang Xiaolong. When Di Yu saw his appearance, he nearly jumped in fright. “It’s you!”

Even though the auction happened several hundred thousand years ago, he was naturally able to recognize the Purple Lightning Young Master.

He didn’t expect the old ancestor to really accept the kid as his disciple!

Also, there were many things that happened several thousand years ago that confirmed the Purple Lightning Young Master’s identity!

When Celestial Emperor Di Cangtian noticed Di Yu’s reaction, he quickly asked, “Second brother, this...”

“He’s the Purple Lightning Young Master we were talking about!” Di Yu gasped in shock.

“What?!”

“It’s actually him!”

The other four felt their heads spinning.

As the upper echelon of the Blazing Dragon Celestial Empire, they knew everything that transpired.

When Fu Luosen and Huang Shengdao announced the bounty on Huang Xiaolong three thousand years ago in the Dao Emperor World, Huang Xiaolong’s fame had already shocked the universe. It was no wonder the four of them learned about him.

Di Cangtian looked at the old dragon and stuttered, “Old ancestor... This... He...”

“Alright. Come here and greet Xiaolong.” The old dragon raised his hand to stop any questions. It was clear he didn’t plan on explaining himself to them.

The five of them felt their hearts trembling in shock as they quickly cupped their fists towards Huang Xiaolong, “We greet Your Highness, Huang Xiaolong!”

When Huang Xiaolong received the Blazing Dragon inheritance in the future, he would not only become the Son of Creation of the Blazing Dragon Celestial Empire. He would control the entire Blazing Dragon World! As such, even Di Cangtian had to address Huang Xiaolong appropriately.

Huang Xiaolong nodded and chatted with them for a bit.

Soon, the old dragon made his youngest son, Di Yubai, arrange a suitable residence for Huang Xiaolong and Yuan Tianyi.

After the three of them left the hall, Di Cangtian turned to the old dragon and asked, “Old Ancestor, Huang Xiaolong is the Son of Creation of the Huang Long world, and he’s Huang Long’s son! Accepting him as your disciple might not be the right thing to do!”

The old dragon looked the others in the eye and asked, “Do all of you think the same way?”

Looking at each other, they eventually nodded in agreement.

“Why don’t you guys tell me where’s the problem with my arrangement?”

?!

The four of them stared at each other in shock.

They could hear the slight irritation in the old dragon's voice when he addressed them, but Di Cangtian had to continue, "He's already the Son of Creation of another world! Moreover, he's someone on the True Dragon Celestial Empire's to kill list! If old ancestor takes him in as a disciple, wouldn't Huang Sheng..."

The old dragon snorted in irritation.

The hall turned silent in an instant as the four of them got to their knees.

"You're all too shortsighted." The old dragon lectured them. "Who says that he can only be the Son of Creation of a single world? Moreover, he doesn't know how to control the origin of the Huang Long World! He can't be considered the Son of Creation if that's the case!"

"All of you are worried Huang Sheng would cause trouble for the celestial empire after I take him in as my disciple, right?" The old dragon sneered. "Are you really afraid of offending the True Dragon Celestial Empire?! Are you afraid Huang Sheng would personally appear to destroy us?!"

"Do you really think that he won't make a move after he devours Huang Long's bloodline and origin energy?!"

"Or do you think that I will have to care about what Huang Sheng thinks before I make a decision?!"

Di Cangtian and the others felt cold sweat dripping down their foreheads when faced with the old ancestor's anger.

"Do you really think that I have no idea what all of you are planning?" The old dragon harrumphed. "You're uncomfortable because I chose someone outside the royal family to be the Son of Creation. All of you think that I should choose one of your descendants to inherit my mantle. Is that it?!"

The old dragon's questioning caused all of them to tremble in their shoes. None of them dared to raise their heads in response.

"Old Ancestor, we were wrong!" Di Cangtian was the first to respond.

The old dragon's face was cold as he snorted in anger, "All of you are disappointments. After Huang Sheng devours Huang Long, he will definitely turn against the entire universe. When that happens, our Blazing Dragon Celestial Empire will be the first on his list!"

"Huang Xiaolong is our only hope!"

The old dragon left the hall as soon as he spoke, and no one dared to raise their heads for a long time.

Di Cangtian and the other three thought about it for a long time before getting to their feet.

"The Old Ancestor is right. We were too short-sighted." Di Cangtian sighed.

In the two days that followed, Huang Xiaolong remained in the palace of the Blazing Dragon Celestial Empire and continued to cultivate peacefully with Yuan Tianyi.

On the second day, Huang Xiaolong couldn't help but think about the manor he bought in the past.

"Let's go take a look at the Purple Lightning Manor..."

When they decorated the Purple Lightning Manor in the past, they used a ton of precious treasures.

Compared to the imperial palace, the Purple Lightning Manor was Huang Xiaolong's true home!

As such, the two of them traveled back to the Purple Lightning Manor in the Hidden Dragon Sacred Land, and it only took an hour for them to arrive.

In the manor, Di Xiaolong wore a long face as he thought about the appointment ceremony that was about to take place the next day. When he thought about how he had to accept someone else as the Son of Creation, he couldn't help but feel a sense of hatred in his heart.

“Your Highness, I received news that the person chosen by the Old Ancestor is currently living in the imperial palace.” Caretaker Pang reported.

Di Xiaolong nodded slowly. “He might be there, but none of us are allowed to take a step into the imperial palace in the first place. I’ve tried asking second uncle, but he refused to say a word.”

Other than Di Cangtian and the other four who had seen Huang Xiaolong for the first time, no one knew that he was the chosen one.

Just as Di Xiaolong was racking his brains to think of someone, one of his subordinates rushed into the hall hastily and yelled, “Your Highness, the Purple Lightning Young Master! Huang Xiaolong... Huang Xiaolong appeared!”

Staring at his subordinate for a solid second, Di Xiaolong wouldn't believe his ears. He jumped in joy the next second and yelled, “Where is he?!” One had to know that Fu Luosen and Huang Shengdao placed a bounty of one hundred trillion dao coins on Huang Xiaolong’s head.

“He’s in the capital right now! Moreover, he’s heading straight for the Hidden Dragon Sacred Land!”

Chapter 3217: Hard Pressed to Escape

When Di Xiaolong heard that Huang Xiaolong was heading straight for them, he jumped in joy, “Are you for real?”

“Yes, Your Highness!” The subordinate was extremely happy too. “It seems like he plans on coming back to the Purple Lightning Manor!”

The joy in Di Xiaolong’s heart multiplied once again. “Nice! Then we shall lay down countless formations here to trap him in the Purple Lightning Manor! We cannot allow him to escape!”

With a single order, everyone got to work.

Caretaker Pang chuckled happily, “Seems like the Purple Lightning Manor is quite important to that guy. He’s crazy enough to return to the Blazing Dragon Celestial Empire despite the bounty on his head, and it seems like there should be something important to him here.”

Di Xiaolong nodded happily.

“However, Huang Xiaolong’s strength isn’t something we can look down on. Capturing him won’t be easy.”

A frown formed on Di Xiaolong’s face. That was also the part he was the most afraid of.

In the Dao Emperor World, Huang Xiaolong took Fu Luosen and Huang Shengdao on alone. His strength was something Di Xiaolong would never forget.

“Contact Fu Luosen and Huang Shengdao!” Di Xiaolong growled. “We’ll lay down a super formation to trap Huang Xiaolong. Once the two of them arrive, they will take him down!”

“After all, they only mentioned that we need to provide Huang Xiaolong’s location to obtain the reward. There’s no need for us to lift a finger!”

Di Xiaolong might admit that Huang Xiaolong was strong, but he was confident that they could trap him for a little while.

...

“Your Highness, we received a piece of news from Di Xiaolong of the Blazing Dragon Celestial Empire!” An expert from the True Dragon Celestial Empire reported to Huang Shengdao.

As soon as he opened the report, a look of joy flashed through Huang Shengdao’s face.

“Your Highness, this...” The expert couldn’t help but ask when he saw the happiness on Huang Shengdao’s face.

“It’s Huang Xiaolong! They received news on Huang Xiaolong!”

“He’s in the Blazing Dragon Celestial Empire right now!”

Soon after, the entire group led by Huang Shengdao charged towards the Hidden Dragon Sacred Land.

When Huang Shengdao made his way over, Fu Luosen did the same.

In the past hundred years, Fu Luosen had always been roaming about the Blazing Dragon World.

As soon as he heard about the old dragon’s appointment ceremony, he made his way over to the celestial capital.

As such, the two of them were able to rush over the moment they received the report.

Of course, Zeng Ying also managed to obtain the report on Huang Xiaolong’s appearance.

She gasped in shock at the news. She didn’t think that Huang Xiaolong would be crazy enough to return.

“He’s really insane! When he escaped death in the Dao Emperor World, everyone thought that he would go into hiding! Who would have thought that he would return?!” Zeng Ying frowned. “Doesn’t he know that Fu Luosen and Huang Shengtian are currently in the Blazing Dragon World?”

According to her, Huang Xiaolong was asking for death by appearing in the Blazing Dragon World.

“I’ve heard that the two of them have already left for the Hidden Dragon Sacred Land.” One of the Silver Haired Old Men spoke. “Moreover, they got people to seal off the entire region in case Huang Xiaolong tries to escape again!”

“Your Highness, do we try to save Huang Xiaolong?” Someone suggested.

However, he was shot down instantly by someone else. “Save him? How are you planning to do so? Is there anyone here who can save Huang Xiaolong from the two of them? Do you wish to offend Fu Luosen and Huang Shengdao by doing so?!” Turning to Zeng Ying, he continued, “Sixth Princess, you might be siding with Huang Xiaolong because of your friendship, but you will most definitely offend the two most powerful Sons of Heaven in the universe if you do so. Please reconsider.”

Zeng Ying chose to remain silent.

It wasn't really worth it to offend them because of Huang Xiaolong.

Not to mention the fact that she did not possess enough power to save him in the first place.

Either Fu Luosen or Huang Shengdao was enough to crush them all!

...

In the Hidden Dragon Sacred Land, within the Purple Lightning Manor.

Huang Xiaolong looked at the experts led by Di Xiaolong with a cold gaze.

“Since when did my manor become yours, Di Xiaolong?” Huang Xiaolong muttered.

“Huang Xiaolong, who do you think you are?! How dare you call His Highness by name?!” One of the experts behind Di Xiaolong screamed.

The expert was one of the marshals of the Blazing Dragon Celestial Empire, and he didn't seem weak.

“Are you talking to me?” A sneer formed on Huang Xiaolong's lips.

Raising his hand slightly, Di Xiaolong stopped his subordinates from going any further. He smiled at Huang Xiaolong before speaking, "Huang Xiaolong you should know that you won't be able to escape with your life intact this time! Why are you so concerned for your manor?"

"What's the use of owning the manor if you're dead?"

Huang Xiaolong chuckled in response. "Thanks for the concern, but I've always been hard to kill. I wonder if you should be more concerned for your life right now!"

Di Xiaolong was stunned for a second, but he roared with laughter the next moment. "What?! Are you planning on killing me?! Huang Xiaolong, this is the Blazing Dragon Celestial Empire! If you dare to touch a single hair on my head, your death will be a thousand times worse!"

"You definitely notified Fu Luosen and Huang Shengdao about my whereabouts. Since I won't be able to escape anyway, I'll just bring you along with me."

A trace of panic flashed through Di Xiaolong's eyes, but he quickly covered it up. "Hahaha! Huang Xiaolong, you're not capable of killing me!" Waving his hand, several rays of light emerged from the manor and enveloped Huang Xiaolong and Yuan Tianyi. The space around them was frozen solid, and they were trapped.

"Huang Xiaolong, I've long since refined all the restrictions around your manor! I've even strengthened the formations by hiring some experts!" Di Xiaolong roared, "Right now, the formation is countless times stronger than the ones you laid down! Hahaha! I bet you didn't expect that you would be trapped by the formation around your own manor!"

"Moreover, Fu Luosen and Huang Shengdao will arrive in ten minutes!"

Looking at the formation around him and Di Xiaolong who was laughing his head off, Huang Xiaolong transformed into a giant golden dragon. With a single claw, he tore the formation into pieces.

"WHAT?!" Di Xiaolong stared at Huang Xiaolong in shock.

He was shocked, and so were his subordinates.

“You... How can you...” Di Xiaolong couldn’t believe that Huang Xiaolong could tear through the formations he painstakingly laid down.

“You won’t have to worry about that. I’ll lay down new formations around my manor.” Huang Xiaolong sneered.

So what if Di Xiaolong refined the formations around his manor? Strength ruled supreme!

Moreover, Huang Xiaolong’s strength wasn’t something they could map to the Huang Xiaolong of three thousand years ago.

After the old dragon’s assistance, Huang Xiaolong’s strength reached a whole new level! How could Di Xiaolong begin to imagine the power he could wield?

With a sweep of his giant tail, a horrifying amount of energy shot towards Di Xiaolong.

Chapter 3218: Take Revenge for Me!

Di Xiaolong didn’t dare to be careless when facing an expert such as Huang Xiaolong. He used everything he had, and he summoned a creation artifact level armor to protect himself.

“Save His Highness!”

“Kill the Purple Lightning Young Master!”

The experts who stood around Di Xiaolong screamed as they made their moves hastily.

In an instant, a multitude of lights covered the entire city.

The experts around Di Xiaolong were experts chosen by himself personally. They were also the strongest of his subordinates, and the weakest person present had comprehended five elements to the grand completion stage! There were even some who had ten elements at the grand completion stage!

All of them charged towards Huang Xiaolong in a desperate attempt to save Di Xiaolong.

Rushing beneath Huang Xiaolong's belly, they knew that it was the weakness of the Dragon Race.

However, one had to be strong enough if they wanted to exploit a weakness. All of them were too weak, and by the time Huang Xiaolong's tail swept over, they were sent flying away from the energy waves created. Even Di Xiaolong's desperate attempt to protect himself failed to slow Huang Xiaolong's tail down the slightest bit. When it struck, the armor on Di Xiaolong's body shattered and he shot out like a shooting star. He smashed through countless structures before arriving at the edge of the Hidden Dragon Sacred Land.

When he landed, the entire sacred land trembled.

"What?!" Fu Luosen and Huang Shengdao gasped in shock when they saw what happened from a distance away.

The two of them could naturally see that Huang Xiaolong was much stronger than he was during their battle three thousand years ago!

They couldn't understand how Huang Xiaolong improved so much in such a short amount of time!

In the Dao Emperor World, they obtained a ton of resources in the Mysterious Magician's treasury. Even though they managed to improve a little, it was nothing compared to Huang Xiaolong's rate of improvement!

Their expressions sank as killing intent built up in their hearts. Huang Xiaolong was too damn terrifying and their desire to kill him grew ever so strong.

After sending Di Xiaolong's group flying, Huang Xiaolong didn't bother chasing them. Instead, he turned to look at Huang Shengdao and Fu Luosen coldly.

He was extremely satisfied with the power he could wield.

Very quickly, the two of them arrived.

"Huang Xiaolong, I have to say, I'm extremely impressed by your guts. Who would have thought that you would appear in the Blazing Dragon Celestial Empire after the battle three thousand years ago?! Hahaha! You even dared to move against Di Xiaolong in his celestial empire!" Fu Luosen sneered, "Even if the two of us allow you to live, the experts of the Blazing Dragon Celestial Empire will hunt you down!"

"You're definitely going to die today!"

"Let's see who manages to save you this time!"

Fu Luosen roared in rage.

Even though Huang Shengdao didn't say a word, he was planning to work with Fu Luosen like before. The two of them would attack Huang Xiaolong from both the front and the back.

A chuckle left Huang Xiaolong's lips, and he disappeared from where he stood. Appearing before one of the experts working under Fu Luosen, Huang Xiaolong's claw swiped across the air, turning countless experts around the man into meat paste.

Fu Luosen and Huang Shengdao were shocked by his sudden movement. No one expected him to move against the other party's subordinates.

When the two of them were shocked, Huang Xiaolong's tail swept through the ranks of the Excessive Darkness Celestial Empire, killing even more people.

All of them were Fu Luosen's trusted subordinates, and everyone that died caused his heart to ache a little.

"Huang Xiaolong, you shameless bastard! Stop right there!" Fu Luosen screamed with rage.

"Shameless? Me?" Huang Xiaolong sneered, "When you killed my subordinates, did you think of yourself as a glorious b*stard? The two of you worked together to fight me, and that's really honorable of you guys!"

The two of them stared at each other in stunned silence.

With his figure flashing once again, even more people died.

Fu Luosen could no longer contain his rage as he transformed before charging at Huang Xiaolong. Huang Shengdao didn't hold back as he transformed into a golden dragon and lunged at Huang Xiaolong.

Instead of returning their attacks, he continued to kill the subordinates working for the two of them!

In the past, Fu Luosen killed Li Shuo and He Zhen! Now, he would kill two thousand of them in return!

After receiving the old dragon's grand cosmos energy, Huang Xiaolong's speed far surpassed the old him. He was even faster than the two of them, and no matter how hard they tried, they couldn't catch Huang Xiaolong.

When they saw their subordinates dying one by one, anger rose in their hearts.

As the battle raged on, Celestial Emperor, Di Cangtian, received the news. Jumping out of his throne in fright, he brought the other four with him as they charged towards the Hidden Dragon Sacred Land.

They weren't the only ones. Even the Celestial Emperor of the True Dragon Celestial Empire, Huang Dinghai, rushed over.

As for Zeng Le, the Celestial Emperor of the Extreme Heaven Celestial Empire, he stood by the side ready to watch the show play out.

“This time, we have to kill Huang Xiaolong!” Huang Dinghai roared at the experts of the True Dragon Celestial Empire.

“I’ve heard that he seriously injured Di Xiaolong just now.” One of the marshals of the True Dragon Celestial Empire mocked, “Seems like we won’t have to make our move. Di Cangtian will definitely use everything in his disposal to kill Huang Xiaolong. Everyone knows Di Cangtian loves Di Xiaolong the most out of all his sons...”

Huang Dinghai nodded and chuckled, “Who would have thought that Huang Xiaolong was stupid enough to do that? He dug his own grave... Whatever the case, let’s play it by ear. It would be for the best if we kill Huang Xiaolong ourselves.”

The members of the True Dragon Celestial Empire nodded in acknowledgement.

When the experts of the various factions were rushing over, the battle raged on. With their combined might, the entire region shook.

Countless experts watched the battle using various tools, and they had nothing but praises for the three of them.

“Huang Xiaolong is much stronger than he was in the Dao Emperor World! How in the world did he improve so quickly in three thousand years?! Wasn’t he seriously injured in the past? He should take several dozen years to recover, no?” Someone who watched the battle in the past gasped in shock.

“I’ve heard that he has three different types of cosmos energy. I doubted the claim, but it seems like he is really someone special! He should be the first person in the history of the universe to possess three small worlds!”

“So what?! He’s still going to die! If I’m Huang Xiaolong, I would have hidden myself in some nameless sacred land and cultivated in seclusion for countless years before emerging! Now, he won’t be able to escape!”

Discussions flew about and there were many who were gloating in his misfortune.

By the time the battle reached the climax, Di Cangtian and the others arrived.

When Di Cangtian saw Di Xiaolong who was beaten half to death by Huang Xiaolong, rage rose in his heart. However, a feeling of helplessness soon followed.

As soon as Di Xiaolong witnessed the arrival of Di Cangtian and the others, he jumped to his feet and cried in anger, "Father, that dog b*stard beat me up! You have to take revenge for me!"

Chapter 3219: The Blazing Dragon World's Son of Creation

When Di Xiaolong thought that Di Cangtian would immediately leap into battle to help Fu Luosen and Huang Shengdao, a slap made his vision go black.

Of course, the slap landed heavily on Di Xiaolong's face, and he felt the world spinning around him.

Grabbing his face in pain, he stared at his father in disbelief.

The experts of the Blazing Dragon Celestial Empire felt their jaws dropping in shock when they witnessed the scene before them.

Celestial Emperor, Di Cangtian, actually slapped his favourite son, Di Xiaolong!

There were even some who felt that Di Cangtian was placed under an illusion! Did he mistake Huang Xiaolong as his son?!"

"Father, you..." Di Xiaolong stammered.

Like everyone else, he had no idea what just happened.

A cold snort left Di Cangtian's lips. "You'll be punished accordingly when we get back." After he spoke, he turned to look at Huang Xiaolong.

"Punished?!" Di Xiaolong was stunned. He didn't understand what his father meant. However, from the looks of things, his father didn't seem to be hallucinating.

He wasn't the only one who had no idea what was going on. The other experts standing around were equally as clueless.

"Big Brother, do we make our move now?" Di Yu asked.

He was asking if they should make their move to save Huang Xiaolong. After all, he was the Son of Creation of the Blazing Dragon World. Regardless of what he did, they couldn't allow anyone to kill him.

However, Di Xiaolong thought that his father and his uncles were planning on killing Huang Xiaolong.

Turning to look at them, a trace of anticipation could be seen in Di Xiaolong's eyes.

After thinking about it for a second, Di Cangtian shook his head. "There is no need." He could see that Huang Xiaolong wasn't even on the losing end of the battle.

A trace of shock flashed through his heart when he realized that Huang Xiaolong was evenly matched against the two of them.

Di Cangtian was extremely clear on how strong they were, but his eyes narrowed all of a sudden as he turned to look at the void before them.

It was precisely where Huang Dinghai and the members of the True Dragon Celestial Empire was coming from.

When Huang Dinghai saw the battle from afar, he was as shocked as Di Cangtian. However, a snort formed on his lips as he waved his hand through the void. A terrifying amount of power shot towards Huang Xiaolong.

As Huang Dinghai made his move in secret, not too many people managed to catch it.

As the Celestial Emperor of the True Dragon Celestial Empire, Huang Dinghai's strength wasn't something Fu Luosen and Huang Shengdao could compare to. If his strike landed on Huang Xiaolong, Huang Xiaolong would lose a layer of skin even if he didn't die.

Seeing as the palm strike was about to hit, another terrifying blast appeared from nowhere and stopped it.

A massive blast rocked the entire region, and everyone stared at the space before them in stunned silence.

Huang Dinghai was shocked. He didn't expect anyone to stop him.

Turning around, question marks formed in his mind when he realized that it was Di Cangtian.

"Brother Di, this..." Huang Dinghai couldn't help but ask.

Huang Xiaolong seriously injured his son, and Di Cangtian should be more than happy to watch Huang Xiaolong die! However, he did the exact opposite and saved the kid!

Could he be planning to kill Huang Xiaolong himself?

When Huang Dinghai was making wild guesses in his mind, Di Cangtian sneered, "What an amazing celestial emperor you are. You even dared to make a sneak attack on someone of the younger generation! Don't you think you're humiliating yourself and the name of the Blazing Dragon World?"

Huang Dinghai and the others stared at him in shock.

A trace of anger formed in Huang Dinghai's heart after the 'lecture' by Di Cangtian. Was the other party actually scolding him, the Celestial Emperor of the True Dragon Celestial Empire, in front of so many people?!

Frost flashed in his eyes and he glared at Di Cangtian, "Di Cangtian, are you sure you're clear headed right now?!"

Ignoring the ugly look on Huang Dinghai's face, Di Cangtian snorted, "Huang Dinghai, we have to do things openly. Everyone saw the despicable move you committed. Are you planning on denying your actions?!"

The experts who were standing about stared at him in shock.

Even Di Xiaolong couldn't believe what his father just said.

"Princess, do you think Celestial Emperor Di is making sense right now?" One of the attendants behind Zeng Ying scratched her head in confusion.

Shaking her head, Zeng Ying had no idea what was going on either.

She wasn't the only one. Even the patriarchs of the various ancient races and super experts present had no idea what Di Cangtian was thinking.

They didn't understand why Di Cangtian was hell bent on going against Huang Dinghai!

Even Zeng Le, the Celestial Emperor of the Excessive Heaven Celestial Empire, frowned.

Things were getting too weird.

Could Di Cangtian be thinking of saving Huang Xiaolong? Was he planning on pulling Huang Xiaolong over to his camp? Could that be the reason behind his actions?

Huang Dinghai felt a trace of irritation rising in his heart when he heard Di Cangtian bringing up the matter over and over. However, a massive explosion brought all of them back to reality. In the space above, Fu Luosen and Huang Shengdao were sent flying backwards by Huang Xiaolong's claw strike.

At that instant, Huang Xiaolong's back was exposed to Huang Dinghai, and the man decided to make another move. Right before his strike could land, Di Cangtian stopped it.

Glaring at Di Cangtian, Huang Dinghai would have killed him if he had the ability to.

Ignoring Huang Dinghai once again, Di Cangtian and the other four experts of the Blazing Dragon Celestial Empire flow towards Huang Xiaolong. When everyone was curious as to what they planned to do, the five of them cupped their fists in greeting. "We greet Your Highness!"

Di Xiaolong felt his brain going blank.

Huang Dinghai saw the world spinning before him.

As for Fu Luosen, Huang Shengdao, Zeng Ying, and the others, their jaws dropped in fright.

"Your... Your... Your Highness?!" Di Xiaolong screamed in fright.

What the hell did he just hear?! His father was addressing Huang Xiaolong as His Highness! Why would he be so respectful?!

Huang Xiaolong turned to the five of them and nodded, "You're here."

?!

What the f...

Di Cangtian looked at Di Xiaolong whose mouth couldn't close and he snorted, "Why aren't you kneeling in His Highness' presence? Kneel and apologize!"

"ME?!" Di Xiaolong gasped in shock.

Could it be?!

A terrifying thought flashed through the minds of everyone present.

"In the future, His Highness, Huang Xiaolong, will be the Son of Creation of our Blazing Dragon World!" Di Cangtian announced.

Di Xiaolong, Zeng Ying, Fu Luosen, Huang Shengdao, and everyone of status felt a bomb going off in their minds.

Chapter 3220: He's Not Qualified!

The Son of Creation of the Blazing Dragon World!

Celestial Emperor Zeng Le, Celestial Emperor Huang Dinghai, and the various world leaders standing around were shocked.

All this time, they used everything they could to discover the identity of the Son of Creation chosen by the old ancestor.

Now, Di Cangtian revealed the identity of Huang Xiaolong to everyone present.

"It's him?!"

"How can it be?!"

“There’s no way!”

Many experts didn’t want to believe what they were hearing.

“Why are all of you standing there? Greet His Highness right now!” Di Cangtian roared when he saw the experts of the Blazing Dragon Celestial Empire standing there like wooden dolls.

His yell rocked the entire region and Di Xiaolong and the others hastily rushed over.

The appointment ceremony was set for the next day, and the experts who should be present should have already arrived. In fact, even the world leaders from other celestial empires had come.

The Blazing Dragon wasn’t just the old ancestor of the Blazing Dragon Celestial Empire, he was also the God of Creation of the Blazing Dragon World! As such, the holy worlds contained in the Blazing Dragon World sent their world leaders over to witness the ceremony.

Staring at each other, the patriarchs of the various factions started to hesitate.

Even Di Xiaolong paused for a second.

Just a second ago, he wanted nothing more than to kill Huang Xiaolong! Now, his father was making him kneel before the man!

“Humph!” A snort left Di Cangtian’s lips and Di Xiaolong felt as though a sledgehammer was slammed straight into his chest. He vomited a mouthful of golden blood and he yelled in pain.

“Father?!”

“Kneel!” A frosty light flashed through Di Cangtian’s eyes.

Huang Xiaolong remained silent as he watched the scene play out before him.

Di Xiaolong's expression was ugly to the extreme as he kneeled before Huang Xiaolong. "I greet Your Highness, the Son of Creation!" Endless rage filled his heart.

Di Cangtian, Di Yu, and the others stared at the various world leaders standing around.

No longer able to drag things out, the various world leaders got to their knees. Their greeting caused the space around them to shake, and even the experts from the Extreme Heaven Celestial Empire didn't know what to do.

"Since Huang Xiaolong is appointed as the Son of Creation of the Blazing Dragon World, everyone shall pay their respects!" A formless voice rang through the skies.

Staring at the void in shock, someone exclaimed in terror, "It's the God of Creation, Lord Zeng Ling!"

Another wave shook the crowd when the arrival of Zeng Ling was announced.

The experts of the Extreme Heaven Celestial Empire who were hesitating just a moment ago got to their knees instantly.

"We greet Your Highness!"

Even old freaks who had been in hiding for a long time got to their knees.

Eventually, only the members of the True Dragon Celestial Empire were left standing.

Di Cangtian looked towards them and he snorted, "Huang Dinghai, why aren't you and the members of your celestial empire on your knees?"

His voice traveled through the Blazing Dragon World.

In an instant, all eyes turned to Huang Dinghai.

Roaring with laughter all of a sudden, Huang Dinghai looked at Huang Xiaolong, “Son of Creation of the Blazing Dragon World? What a joke! Di Cangtian, do you really think he’s the Son of Creation because you said so? Huang Xiaolong isn’t even from your Blazing Dragon World! He’s not qualified to be the Son of Creation!”

Everyone stared at him in shock.

“That’s right! Huang Xiaolong isn’t someone from your Blazing Dragon World! He’s not qualified to be our Son of Creation!” Another voice traveled through the void.

When Di Cangtian realized that he had no idea who just spoke, his expression sank.

“That’s right! Only someone from our world has the ability to be the Son of Creation!” Someone else yelled. “Huang Xiaolong is already the Son of Creation of the Huang Long World! What rights does he have to be the Son of Creation of our Blazing Dragon World?! Get lost!”

The voices rocked through the air and Di Cangtian failed to lock on to the speaker.

Huang Shengdao finally spoke up all of a sudden. “Huang Xiaolong, did you hear that? You’re not a person from our Blazing Dragon World. Do you really think you’re the Son of Creation just because Di Cangtian and the others say you are?”

“Don’t forget. There’s three celestial empires in the Blazing Dragon World!”

“If you wish to become the Son of Creation of the Blazing Dragon World, all of us will have to agree!”

Huang Shengdao snorted.

Even though Fu Luosen didn’t say a word, everyone could see that he was gloating happily at the side.

“Do you think our old ancestor need to go through you to determine the Son of Creation of the Blazing Dragon World?”

Huang Dinghai spoke up all of a sudden. “The Son of Creation of the Blazing Dragon World will decide the future of our world. It concerns all three celestial empires, and all of us will have to come to a consensus!”

In fact, that was the reason the True Dragon Celestial Empire sent their men over!

“The Blazing Dragon World was created by me, and I’m more than capable of making the decision on my own! Who the f*ck do you think you are?!” A voice descended from the heavens all of a sudden it brought about a crushing pressure.

The voice sounded through the various worlds, and even the territory of the other celestial empires failed to block out the soundwave. It was especially so for the True Dragon Celestial Empire.

“It’s Lord Creation, the God of Creation, Blazing Dragon!”

Ancient experts exclaimed in shock.

“Lord Blazing Dragon!”

The entire Blazing Dragon World broke out into cheers when they heard his voice.

“Old Ancestor.”

The experts of the Blazing Dragon Celestial Empire felt tears streaming down their faces.

Even though Huang Sheng’s strength had surpassed the Blazing Dragon, the old dragon was the true creator of the Blazing Dragon World. There was no way Huang Sheng could overtake the old dragon’s position in the Blazing Dragon World.

Even Princess Zeng Ying was moved by the presence of the old dragon.

The old dragon was the person most people in the Blazing Dragon World looked up to, and Zeng Ying was no exception.

Huang Dinghai swallowed a mouthful of saliva in shock when he heard the old dragon's voice. He was strong, but he was smart enough to know that he couldn't stand up to the old dragon.

Two miserable shrieks rang out in the void as two figures fell to the ground.

"Yin Yang Buddha!"

"Silver Headed Ghost!"

Many experts yelled in fright when they saw the two figures. They were monsters whose fame rocked the Blazing Dragon World, and they were even more famous than You Ming of the Nether Spirit Palace!

It was evident that they were the ones challenging Huang Xiaolong's authority previously! Now that the old dragon was here, there was nowhere for them to hide!
