

## **Conqueror 3231**

### Chapter 3231: Missing

Several days later, Huang Xiaolong looked at the Extreme Bliss Celestial Emperor who was on the brink of death.

The five celestial empires brought with them over ten thousand experts, but all of them were slain. The only person left was the Extreme Bliss Celestial Emperor who had eight hundred million units of grand cosmos energy.

With his body covered in blood, the Extreme Bliss Celestial Emperor's appearance was no longer what it once was. With a distressed smile on his face, he sneered, "Huang Xiaolong, even the old dragon won't be able to protect you now that you exterminated the experts of our celestial empires.

"Unless you remain in the World of Departed Souls your entire life, you will be hunted down to the ends of the universe!"

The Extreme Bliss Celestial Emperor knew what was about to come, and he had come to terms with fate.

"There's no need for you to worry about me." Huang Xiaolong muttered.

He thought of the countermeasures a long time ago.

So what if he offended the five celestial empires?!

Moreover, there was no one who could prove that he was the one who killed them! As an expert who had eight hundred million units of grand cosmos energy, the Extreme Bliss Celestial Emperor was a powerhouse in the universe! Even if Huang Xiaolong personally admitted to killing them all, no one would believe him!

Several moments later, Huang Xiaolong destroyed the Extreme Bliss Celestial Emperor's body and he threw every single one of their dao souls into the depths of the World of Departed Souls.

After dealing with all of them, Huang Xiaolong started to look through the loots of his battle.

Huang Shengdao had two creation artifacts with him, and Fu Luosen had a single creation artifact. The Extreme Bliss Celestial Emperor had one, and the Son of Creation of the Grand Myriad Celestial Empire also had one. There was the Soul Burying Silver Tree, and Huang Shengdao's universe source spiritual vein. There were countless other treasures, and Huang Xiaolong managed to locate a ton of creation level spiritual pills on their bodies. There were both Extreme Bliss Spiritual Pills and Dao Emperor Spiritual Pills.

Even Sons of Creation at the level of Fu Luosen didn't possess creation level pills. One could only imagine how precious they were. Only celestial emperor level figures would bring some along with them, and Huang Shengdao managed to obtain his from the Dao Emperor's Treasury.

Since there were only several years left till the restrictions around the World of Departed Souls recovered, Huang Xiaolong decided to completely refine the world before they did.

The time passed in the blink of an eye, and the restrictions around the world started to shine.

The experts from the various factions departed immediately, and Huang Xiaolong followed closely behind.

He had completely refined the World of Departed Souls in the last few years, and he could enter whenever he pleased.

The old dragon questioned him the moment he left. "How was your trip to the World of Departed Souls?"

"It was great!" Huang Xiaolong laughed.

Great was an understatement. Huang Xiaolong's gains could be said to be overwhelming! He even managed to refine the entire world!

Not to mention the fact that the treasures on the bodies of Extreme Bliss Celestial Emperor, Huang Shengdao, and the others fell into his hands the moment he killed them.

The old dragon laughed happily and he didn't bother asking what Huang Xiaolong obtained. "That's great then." After he spoke, he brought Huang Xiaolong and they started their journey back to the Blazing Dragon World.

After the experts left the World of Departed Souls, they started to return to the worlds they came from.

There were extremely few people who paid attention to the disappearance of Fu Luosen, Huang Shengdao, and the others, but there were still several people who noticed.

"That's weird. The Extreme Bliss Celestial Emperor and the experts of the Extreme Bliss Celestial Empire haven't emerged..." The Encompassing Essence Celestial Emperor frowned.

His relationship with the Extreme Bliss Celestial Emperor was pretty good, and he wanted to discuss something with the Extreme Bliss Celestial Emperor when they returned.

"The World of Departed Souls would close in half an hour. They should be out soon..." One of the marshals behind him muttered without thinking too much about it.

The Encompassing Essence Celestial Emperor nodded slowly.

However, by the time the restrictions around the World of Departed Souls recovered, the Extreme Bliss Celestial Emperor was nowhere to be seen! The world sank into the Soul Burying Silver River, and the expression of the Encompassing Essence Celestial Emperor finally changed.

"The Extreme Bliss Celestial Emperor didn't emerge!" The experts of the Encompassing Essence Celestial Empire stared at each other in shock.

"They might have left a long time ago..." The Encompassing Essence Celestial Emperor sighed. Even though one wouldn't leave the World of Departed Souls early, he didn't wish for anything to happen to his good friend.

Several days later, the disappearance of the Extreme Bliss Celestial Emperor started to spread through the lands. The experts of the Excessive Darkness Celestial Empire, Great Myriad Celestial Empire, Buddha Yang Celestial Empire, and the True Dragon Celestial Empire were also missing! The experts sent by the five celestial empires were completely gone!

The news caused the entire universe to shake.

The disappearance of anyone among those would cause a stir in the universe, not to mention the fact that a celestial emperor was among them! There were also Huang Shengdao and Fu Luosen!

“The experts of the five celestial empires should be besieged by a group of Silver River Beasts...” Experts guessed.

“Impossible! The Extreme Bliss Celestial Emperor is an expert who has eight hundred million units of grand cosmos energy! Even if he ran into a group of Silver River Beasts, he will be able to remain alive!”

In the various great worlds in the universe, discussions flew about.

“Elder Lu, do you think it had something to do with the expert who laid down the space seal?” Zeng Ying asked all of a sudden.

“Sixth Princess, please speak with caution!” Elder Lu jumped in fright. That was a matter that concerned five celestial empires! If any of them heard it, a giant problem would land on their heads if the celestial empires held Zeng Ying accountable for her words.

However, Elder Lu shook his head eventually. “It doesn’t seem like it. The expert who laid down the space seal might be strong, but he wouldn’t be able to trap the experts of all five celestial empires! Only God of Creation Realm experts possess that level of power...”

Zeng Ying nodded her head.

On the way back to the Blazing Dragon World, Huang Xiaolong heard the rumors going around and like what he thought, his name didn't even come up once.

As soon as they returned, Huang Xiaolong entered seclusion and he started to refine all the creation level pills he obtained.

Several tens of thousands of years passed in the blink of an eye, and Huang Xiaolong completed the refinement of the universe source spiritual veins along with the various pills.

He went to visit the old dragon, and he spoke of leaving the Blazing Dragon World for several years. The old dragon didn't think too much about it, and he only told Huang Xiaolong to take care of himself. He handed over ten protection runes he refined himself.

Huang Xiaolong didn't stand on ceremony and kept them all.

"Master, about my family..."

"Relax. I'll take care of them." The old dragon reassured Huang Xiaolong.

Nodding slightly, Huang Xiaolong felt at ease. With the old dragon watching over them, the Huang Family wouldn't run into trouble. Huang Sheng might be the strongest expert in the universe, but he wouldn't be the old dragon's opponent in the Blazing Dragon World. The only way would be for Huang Sheng to surpass the God of Creation Realm.

Before he left, Huang Xiaolong went back to the Huang Family for a short visit.

After a few short years, Huang Xiaolong returned to the Soul Burying Silver River. He entered the World of Departed Souls once again, and this time, he planned on staying until he refined all the universe origin energy contained in the world origin! He knew that he wouldn't emerge until he reached a billion units of grand cosmos energy!

Chapter 3232: Entering the God of Creation Realm!

When Huang Xiaolong returned to the World of Departed Souls, he was like a fish in water as he quickly arrived at the Land of Origin. It was the most suitable place for him to devour the universe origin energy contained in the world origin.

Before entering seclusion, Huang Xiaolong went to take a look at the dao souls of Huang Shengdao and the others.

“Huang Xiaolong, you better stop gloating! Our old ancestor will definitely figure out that you’re the one behind this! When that happens, you will die a horrible death!” Huang Shengdao screamed in anger.

“Your old ancestor?” Huang Xiaolong sneered. “Huang Sheng doesn’t care about your survival. He’s been in seclusion all this while. He didn’t even order to search for any of you! You look too highly upon yourself. Your life doesn’t matter to him.”

Huang Shengdao roared with rage, “Huang Xiaolong, you’re lying! That’s not possible!”

“Hehe,” Huang Xiaolong’s lips curled upwards slightly.

Ever since Huang Shengdao’s disappearance, Huang Dinghai went over to make a report to Huang Sheng. After all, the disappearance of the Son of Creation was something that could shake the foundations of the celestial empire. However, Huang Sheng continued to remain in seclusion and he didn’t bother ordering the investigation of the incident. One could see how much Huang Sheng cared about his descendants compared to surpassing the God of Creation Realm.

After visiting them, Huang Xiaolong returned to the core of the World of Departed Souls. Sitting down cross-legged, he started to circulate the Soaring Dragon Art and the Blazing Dragon Grand Art. A boundless amount of universe origin energy poured into him.

With the devouring power of both creation level secret arts, the universe origin energy was like a waterfall that threatened to drown Huang Xiaolong.

If he were to speak of his experience, no one would ever believe that there would be so much universe origin energy in the world! However, that was indeed the truth!

He was surrounded by a sea of universe origin energy, and Huang Xiaolong felt as though he was suspended in a sea of stars. The heavenly river of universe origin energy swept about as it roared thunderously around him.

Grand cosmos energy started to form in two of the three small worlds in him. When Huang Xiaolong left seclusion in the Blazing Dragon World, he accumulated more than forty million units of grand cosmos energy. Now, that number is skyrocketing.

When experts cultivated, they would experience an increase of a single unit in a month if they were lucky! However, Huang Xiaolong managed to increase it by nearly two hundred units a day!

His strength was increasing at an unbelievable rate!

After three hundred thousand years, the amount of grand cosmos energy in his body reached a whooping 99,999,999 units!

Only a single unit was left for him to reach the grand hallmark of a hundred million!

However, the grand cosmos energy in his body froze before the final unit could form and no matter how hard he tried, the final unit wouldn't condense in him! It was as though the worlds in him had absorbed enough energy and wouldn't be able to accept more!

In actual fact, anyone who reached the same stage as Huang Xiaolong would feel the same phenomenon.

It was like how Primal Ancestors were unable to take the final step into the Dao Venerable Realm!

There were some people who would only be able to condense the final unit to break through to a hundred million units after several tens of millions of years! Everything depended on one's talent!

The Blazing Dragon of the past took several hundred thousand years to break through to the one hundred million units mark!

Huang Xiaolong wasn't hasty in the slightest as he started to compress the grand cosmos energy in him. Even though the grand cosmos energy in him was a liquid like substance, they started to crystallise after Huang Xiaolong compressed them to a terrifying degree!

Every single crystal of grand cosmos energy was like a gem that emitted resplendent rays of light.

After compressing them for two hundred years, the final strand of grand cosmos energy formed, pushing him into the one hundred million range!

Another hundred thousand years later, Huang Xiaolong reached another bottle neck at 199,999,999 units.

Again, he started to compress them.

Four hundred years later, Huang Xiaolong formed his second hundred million!

...

After eleven million years, Huang Xiaolong formed his 1,200,000,000 units of grand cosmos energy!

Moreover, both worlds broke through at the same time!

Experts like Huang Dinghai would only possess 1,199,999,999 units of grand cosmos energy at best. However, like the monster Huang Xiaolong was, he managed to accumulate twice the amount with two small worlds in him!

The difference between someone with 2,400,000,000 units of grand cosmos energy wasn't a mere two times stronger than someone who had 1,199,999,999 units of grand cosmos energy.

Without exaggeration, even ten Huang Dinghai wouldn't be able to fight Huang Xiaolong to a draw!

A supreme expert who entered the God of Creation Realm would possess two billion units of grand cosmos energy after several years of training. However, Huang Xiaolong had already surpassed that level!

When both small worlds broke through at once, Huang Xiaolong could feel that the universe origin energy contained in the World of Departed Souls thinning by quite a bit.

Even though the world accumulated a lot of universe origin energy, Huang Xiaolong's speed of refinement was too damn fast!

Another million years flashed by.

Eventually, the grand cosmos energy contained in a single small world reached the absolute limit of 1,299,999,999 units!

There was no longer a way for him to go further as that was as far as anyone under the God of Creation Realm could go!

The moment he reached the 1.3 billion mark, he would break through to the God of Creation Realm!

Naturally, the moment he entered the God of Creation Realm, he would possess 2.6 billion units of grand cosmos energy.

Since the start of time, not a single expert at the grand perfection level could break past the 1.3 billion mark! Now, Huang Xiaolong not only did that, he condensed nearly twice the amount!

"It's time for me to return..." Huang Xiaolong muttered to himself.

That was the longest he had ever been in seclusion for, and Huang Xiaolong finally realized what time meant for a God of Creation. Even a hundred million years was nothing to an expert at their level.

Entering seclusion for tens of billions of years was something God of Creation Realm experts would find easy!

As soon as Huang Xiaolong emerged from the World of Departed Souls, he received several messages from his master. A smile formed on his face after he read them, and he knew that his master was definitely worried now that he had disappeared for more than twelve million years.

With a single step, Huang Xiaolong crossed several fields of stars. He couldn't help but gasp in shock. His speed had long since reached an unmatched level in the universe!

In the past, he used several dozen years to return to the Blazing Dragon World. Now, he wouldn't even take half an hour to return!

#### Chapter 3233: Meeting Huang Long

When he returned to the Blazing Dragon World and met his master, he was met with a torrent of abuses. The old dragon's face sank as he went off.

After he was done, he sighed, "Where have you been?! Do you know that every single second counts?!"

"A billion years will pass in the blink of an eye!"

"You might be talented, but if you fail to break through to the grand perfection level of the God of Creation Realm, you won't be able to save your father!"

The old dragon's face was gloomy as he held back the urge to beat Huang Xiaolong up.

A helpless smile formed on Huang Xiaolong's face. From the looks of it, the old dragon probably thought that he went out to roam the universe.

"Master, I've been in seclusion this whole time..." Huang Xiaolong could only try to explain himself.

“Heh! How strong have you gotten since then? Have you reached three hundred million units of grand cosmos energy?” The old dragon stared at Huang Xiaolong and snorted angrily. “Alright, since you’ve been in seclusion all this time, I’ll let you off if you manage to show me three hundred million units of grand cosmos energy! Otherwise, you’ll have to stay here for the next one hundred million years until you enter the God of Creation Realm!”

Huang Xiaolong snickered when he heard his master’s estimation of his newfound strength. “Three hundred million units?”

“That’s right you little brat! It’s fine if you fail to reach four hundred million units of grand cosmos energy. I’ll let you off if you managed to accumulate three hundred million units!” He stared at Huang Xiaolong who was trying his best to force himself to remain expressionless and continued, “Don’t tell me you’re not even close to accumulating three hundred million units of grand cosmos energy?!”

A terrifying aura emerged from Huang Xiaolong’s body all of a sudden. In an instant, the power of a cultivator who had one hundred million units of grand cosmos energy surged through the space around them.

Two hundred million!

Three hundred million!

The old dragon stared at Huang Xiaolong in shock, but a look of joy soon formed on his face. It seemed as though the little brat wasn’t lying! He was really cultivating for the past twelve million years!

Just as he thought that Huang Xiaolong was about to stop there, another wave of energy emerged from Huang Xiaolong’s body. The space around him started to crack and mountain ranges started to crumble. Even the rivers stopped flowing.

“Four hundred million!” The old dragon was so surprised he yelled in shock.

Of course, that wasn’t the end.

“Five hundred million?!” The old dragon was so shocked he jumped in fright.

His disciple actually managed to accumulate five hundred million units of grand cosmos energy after twelve million short years!

Even though he knew that Huang Xiaolong possessed unparalleled talent, he knew that gathering grand cosmos energy would get more and more difficult. He thought that four hundred million would be Huang Xiaolong’s limit, but it seemed as though his disciple’s limit was actually five hundred million!

That was five hundred million units of grand cosmos energy they were talking about! When he cultivated for ten million years in the past, he only managed to accumulate a little more than a million units. The difference between a million and five hundred million was...

Huang Xiaolong stopped after revealing five hundred million units of grand cosmos energy.

He knew that if he showed off all the grand cosmos energy he managed to accumulate during his twelve million years of seclusion, the old dragon might just die from fright.

Whatever the case, five hundred million units of grand cosmos energy was shocking enough. If news were to spread, many people would be looking for a brick wall to smash their head in. It was especially so for the Extreme East Old Man, You Ming, and other people who had Huang Xiaolong as their enemy.

“Good, good, very good!” The old man was so happy he didn’t know what to do with his hands. Grabbing Huang Xiaolong’s shoulders all of a sudden, he roared with laughter, “Little brat, you’re too f\*cking awesome!”

?!

Huang Xiaolong was stunned the old dragon would be able to use such a fashionable phrase, but he laughed nonetheless.

“Master, that’s...”

“I don’t care.”

Black lines formed on Huang Xiaolong’s forehead when he saw the old dragon’s reaction.

After indulging himself in his excitement for a short while, the old dragon turned serious. A smile remained on his face as he continued, “You didn’t disappoint you master! With your current speed, you will definitely be able to enter the God of Creation Realm in a hundred million years!”

A hundred million years? Huang Xiaolong shook his head inwardly. If his master knew his actual strength, he would probably change his evaluation. After all, the kid was right on the edge of entering the God of Creation Realm!

According to Huang Xiaolong, he would definitely be able to enter the God of Creation Realm in twenty million years!

“Master, can you use your secret art now?” Huang Xiaolong asked all of a sudden.

That was the reason he was so desperate to increase his strength in the first place.

The old dragon mentioned in the past that as long as Huang Xiaolong reached the grand perfection level, he would be able to meet his father with the help of the old dragon.

Now, his strength was more than enough to reach the old man’s standard.

“With your current strength, you can probably hide for an hour and a half. However, you failed to obtain the Soul Burying Orb. with it, you will be able to hide for longer!”

It was evident that Huang Xiaolong’s achievements in the World of Departed Souls hadn’t made its way around.

“Master, I actually obtained the orb a long time ago!” Admitting sheepishly, Huang Xiaolong retrieved a purple orb.

A look of surprise appeared on the old dragon's face, and he roared with laughter, "You little brat, why didn't you say so? Alright. Make your preparations. I'll send you over with my secret art in a little bit."

Sucking in a cold breath, Huang Xiaolong suppressed the anxiety in his heart. Nodding to the old dragon, he was ready.

Seeing as Huang Xiaolong was good to go, the old dragon waved his arm and grand cosmos energy poured out from his body. It tore a hole in the void, and it stretched towards the edges of the heavens.

Huang Xiaolong couldn't help but exclaim silently in his heart. He might have reached a whopping 2.59999 billion units of grand cosmos energy, but he felt like an ant before the old dragon. He could see that the grand cosmos energy that his master used remained in the void without any signs of dissipating, and even after being stretched thin, the strength contained within didn't waver.

As the old dragon displayed his power, a spatial tunnel was formed. All Huang Xiaolong could see was weird fluctuations inside the tunnel.

"Alright. Hurry and enter!" The old dragon said all of a sudden.

Without the slightest hesitation, Huang Xiaolong's body flashed and he entered the spatial tunnel. He appeared on the other end in an instant.

Using the Soul Burying Orb, he hid his aura completely.

He found himself in a special space where runes spun around like webs, The runes covered the entire space they were in, and he saw a giant golden dragon that was trapped by the runes in the middle of the space, unable to move!

Huang Xiaolong could see that the body of the dragon was skewered by the runes, and it was clear that the runes were sucking away the golden dragon's vitality and strength.

A sense of familiarity formed in Huang Xiaolong's heart when he looked at the dragon. There was no need for any confirmation as Huang Xiaolong instantly recognized the golden dragon.

"Father!" With tears in his eyes, Huang Xiaolong rushed over with all his might.

Forcing his eyes open, the giant golden dragon looked at Huang Xiaolong. Traces of joy and excitement flashed in his eyes when he saw Huang Xiaolong. "My son, you're finally here!"

My son, you're finally here!

Tears streamed down Huang Xiaolong's face when he heard the voice ringing in his head.

#### Chapter 3234: Returning to Earth

Huang Xiaolong hadn't cried in too long. The unfamiliar feeling of tears streaming down his face caught him off guard, but he knew that even the strongest of men couldn't hold back their tears. No longer holding back his emotions, he allowed the tears to stream down his face.

After arriving at his current level of cultivation, Huang Xiaolong's understanding of the world had already changed.

"There's no need to worry about me. I'm fine." Huang Long reassured him, "You grew up faster than I imagined. It seems like you managed to form three small worlds in your body when you broke through in the past?"

Nodding his head, a smile formed on Huang Xiaolong's face. "Yes, I managed to create three small worlds."

Others might not understand the reason behind Huang Xiaolong's special growth, but Huang Xiaolong understood that his current achievements were due to Huang Long's painstaking efforts.

“Other than the Soaring Dragon Art, you managed to cultivate the Blazing Dragon Grand Art?!” A ray of golden light shot into Huang Xiaolong’s body.

A chuckle left Huang Xiaolong’s lips. “Yes, father, the Blazing Dragon is my master.” He quickly spoke about the part where the old dragon took him in as a disciple before changing the topic to talk about the Pangu Axe.

A gratified smile formed on Huang Long’s face. “It’s good that the old dragon is protecting you. With him around, I don’t have to worry about you any longer. Also, there’s a reason behind your appearance on Earth.”

“Do you mean that the Pangu Axe is located on earth?!” Huang Xiaolong’s heart trembled and he yelped in shock.

Nodding slowly, Huang Long sighed, “That’s right. However, I have no idea where the exact location of the axe is. You will need to locate it yourself. One will have to rely on fate if they wish to obtain a treasure of that level. No matter how hard I tried in the past, I failed to find the axe.”

Huang Xiaolong frowned. “Even you failed to locate the axe?”

“Even if I didn’t manage to find it, you might be able to. Pangu mentioned that one wouldn’t need to use grand cosmos energy if they wished to discover the Pangu Axe. Neither did they have to possess the power of dao souls!”

Huang Xiaolong felt a trace of helplessness forming in his heart.

“I wonder what Lord Creation, Pangu, means by that... Is he trying to look for someone with a strong will?”

That was a possibility.

Huang Long continued, “Probably... No one knows what that weird fellow is thinking. However, one can be sure that only talented individuals can locate the Pangu Axe. He’s extremely particular about one’s

talent. I probably wasn't talented enough, or it might be because I have already entered the God of Creation Realm!"

Huang Xiaolong gasped in shock.

"There's no need for you to worry. With your talent, there is no way for you to fail to meet Pangu's expectations" Huang Long continued, "Not to mention the fact that you haven't entered the God of Creation Realm yet. As long as you return to earth and begin your search, you will definitely be able to find the axe."

Huang Xiaolong sighed, "Father, you can rest assured that I will definitely locate the axe. When I enter the grand perfection level of the God of Creation Realm, I'll save you!"

"Go on. I believe in you." Huang Long chuckled. "There's no need for you to worry about me. It won't be easy for Huang Sheng to devour my blood essence."

Staring at Huang Long with a reluctant gaze, Huang Xiaolong turned to leave. Entering the tunnel, he disappeared in an instant.

Not too long after he left, a golden robed young man appeared in the space above Huang Long. When he raised his hand, the universe bent to his will. A deep gaze could be seen in his eyes, and nothing could hide from him. He seemed to be able to peer through time and space itself, and a suspicious look could be seen on his face when he looked all around.

The person who appeared was precisely Huang Sheng!

Even though Huang Xiaolong had the Soul Burying Orb and didn't stay for a long time, Huang Sheng managed to feel that something was wrong. After surveying the space around him, he glared at Huang Long and snapped, "Huang Long, you better behave yourself. Otherwise, your life will turn into a living hell!"

Roaring with laughter, Huang Long ignored the man.

“What are you laughing at?!” Huang Sheng turned to stare at Huang Long in contempt.

“You won’t be able to get your way for much longer.” Huang Long sneered.

“You will be able to see the day where I devour your bloodline and power. On that day, I will surpass the God of Creation Realm. I will turn into the true ruler of the universe!” Huang Sheng snorted.

“Relax. You won’t get so far.”

...

When Huang Xiaolong returned to the Blazing Dragon World, he felt a mountain weighing on his heart.

The old dragon didn’t say a word as he took his leave. He knew that Huang Xiaolong needed some time alone.

He only returned three days later.

“Master, I plan on heading over to the Pangu World in a few days.” Huang Xiaolong mentioned the moment the old dragon showed up.

Seemingly unprepared for such a sudden decision, the old dragon raised an eyebrow in shock. “That’s quick...”

Nodding slowly, Huang Xiaolong continued, “I plan to leave in a few days.” After his meeting with his father, he wanted nothing more than to look for the Pangu Axe.

When he obtained the Pangu Axe, his cultivation would increase yet again. When his third world accumulated 1.299999 billion units of grand cosmos energy, it would be time for him to enter the God of Creation Realm!

He would become the God of Creation, Huang Xiaolong!

The old dragon looked at Huang Xiaolong and sighed, "Alright. You won't be able to hide forever. Even though locating the axe would waste quite some time, you will be able to make up for all the time you lost after training the Pangu World Creation Art! Perhaps finding the axe would be even better than entering seclusion!"

In fact, Huang Xiaolong had reached a bottleneck. He had to locate the Pangu Axe if he wanted to ascend, but he didn't plan on explaining everything to the old dragon.

"With your strength, you can probably sweep the entire Pangu World along. However, you need to be careful of a single person."

"Are you talking about Hong Jun?" Huang Xiaolong asked.

In the legends of the Pangu World, Hong Jun was the teacher of all saints. He supported the heavens on his own, and he was the strongest individual under Pangu!

"That's right." The old dragon nodded. "Hong Jun has already entered the God of Creation Realm, and he's the second God of Creation after Pangu." Soon after, the old dragon spoke of several other matters.

Noting everything down, Huang Xiaolong didn't dare to be careless.

In the next few days, the old dragon clarified any doubts Huang Xiaolong had with his cultivation. He wasn't the oldest God of Creation for nothing. He knew practically everything, and Huang Xiaolong felt his road ahead clearing up with the help of the old dragon.

Before he returned to Earth, Huang Xiaolong returned to the Huang Family to visit Shi Xiaofei and the others.

After several more days, he left the Blazing Dragon World.

The Pangu World was located quite a distance away from the Blazing Dragon World, and it was several times the distance between the Huang Long World and the Blazing Dragon World! In the past, he took several tens of thousands of years to travel to the Blazing Dragon World, but with his current speed, it would only take him a year to arrive at the Pangu World!

Huang Xiaolong didn't bother using the Purple Lightning Peak. Instead, he used his fleshy body to soar through the space. At his current realm, he was much faster than the Purple Lightning Peak.

Along the way, Huang Xiaolong would refine the Sun Moon Furnace and the Purple Lightning Peak with his grand cosmos energy. Even though their hopes of becoming a creation artifact was slim to none, Huang Xiaolong believed that with enough dedication, there would come a day when they did.

Chapter 3235: Earth is Still in Existence!

Occasionally, he would run into universe beasts. However, he didn't wish to deal with them and he chased them away by releasing a tiny bit of his aura.

With his current strength, a trace of his power could cause these terrifying universe beasts to tremble like a leaf in the wind.

Without a doubt, Huang Xiaolong was an existence who was under the God of Creation Realm!

Other than several God of Creation Realm experts who existed in the universe, no one could stand up to Huang Xiaolong! Even Celestial Emperors like Huang Dinghai would be defeated by a single point from Huang Xiaolong!

When Huang Xiaolong ventured past the Dao Emperor World, he hesitated for a moment. Since he obtained the Dao Emperor's Sword from Huang Shengdao, he would be able to obtain the Dao Emperor's inheritance with the Soul Burying Orb. When that happened, he would be able to cultivate the Dao Emperor's Sword Art!

That could easily be the third creation level secret art for his third world!

However, Huang Xiaolong knew that the Dao Emperor's Sword Art was far too lacking compared to the Pangu World Creation Art! If he studied the Dao Emperor's Sword Art, his speed of cultivation would suffer in the long run! He would never be able to become as strong as he hoped!

After thinking about it for a moment, Huang Xiaolong made his decision. He would cultivate the Pangu World Creation Art. Locating the axe shouldn't be too difficult after he returned to Earth.

Moreover, the experts of the five celestial empires had laid down countless formations around the Dao Emperor World.

The disappearance of Huang Shengdao and the others were too much of a coincidence. No matter who appeared with the Dao Emperor's Sword, they would turn into suspect number one for the disappearance of the experts of all five celestial empires!

That was also the reason Huang Xiaolong decided against opening the final restriction around the Dao Emperor's Treasury.

As he continued his journey, the Pangu World soon appeared before his eyes.

Looking at the Pangu World before him, a sigh left his lips.

Complicated emotions welled up in his heart when he thought about how he was brought to the Huang Long world during his rebirth. He wondered about the changes on earth, and whenever he thought about the possibilities, a gloomy feeling would shroud his heart.

He was afraid that he would no longer be able to meet the members of the Huang Family after his return to Earth!

No matter what, they were his family members!

Since he transmigrated more than ten million years ago, Huang Xiaolong wondered if time passed the same way on Earth. If that was really the case, he was afraid that the members of the Huang Family would have already returned to the earth!

Now, the only hope he had in his heart was the fact that time flowed differently on both worlds.

Even though it was something nearly impossible, as a God of Creation who had reached the grand perfection level, Pangu was more than capable of doing something like that.

Looking at the spatial storms around the Pangu World, Huang Xiaolong hesitated for a moment. Releasing all his power at once, he tore the storm apart as he strolled into the Pangu World.

The universal spatial storm was something formed by Pangu in order to deter experts in the universe from entering his world. It was a layer of protection made by Pangu himself!

With the universe spatial storms around the Pangu World, even experts at the level of Huang Dinghai wouldn't be able to enter.

Of course, that didn't stop Huang Xiaolong.

With nearly 2.6 billion units of grand cosmos energy, the spatial storms around him couldn't even scratch the surface of his skin.

Even so, Huang Xiaolong didn't dare to be careless. He slowed himself and proceeded with caution.

After tens of minutes, he finally broke past the final barrier to enter the Pangu World.

Standing in the void above the Pangu World, Huang Xiaolong could feel the difference between the laws governing the heavens and earth. It was completely different from the laws of the world controlling the Blazing Dragon World and Huang Long World. There was a sense of tyranny hidden in the laws of the world around him.

"This should be one of the mortal worlds of the Pangu World..." Huang Xiaolong used his dao souls to look all around him, and the situation around the region appeared in his mind.

Finally, Huang Xiaolong came to the conclusion that he was right.

Rushing over to one of the worlds around him, Huang Xiaolong heaved a sigh of relief. If he appeared in one of the immortal worlds in the Pangu World, god knew how long it would take for him to arrive back in the lower worlds.

With a single step, Huang Xiaolong appeared outside a star field.

He had already slowed himself, and if Huang Xiaolong were to use his full strength, he would probably travel past the entire star field with a single step.

One had to know that Huang Xiaolong's grand cosmos energy was already comparable to a God of Creation. Only Hong Jun would be able to match up to him.

Several moments later, Huang Xiaolong grabbed the strongest expert he could find in a star field and he looked through the other party's memories.

He quickly learned that he was in the Milky Way Galaxy!

Moreover, the man he caught was a member of the number one sect in the Milky Way Galaxy, the Coiling Martial Immortal Gate! The person he caught was the patriarch of the Coiling Martial Immortal Gate, Ye Zhaolong! Huang Xiaolong heaved a sigh of relief when he heard where he was. After all, Earth was also located in the Milky Way Galaxy, and returning would be a matter of time.

Not making things difficult for Ye Zhaolong, Huang Xiaolong let the man off after looking through his memories.

After he was released, Ye Zhaolong yelled in fright, "Senior, please spare my life!"

Huang Xiaolong couldn't help but chuckle when he saw the man's reaction. "Your talent is pretty good. You should be able to enter the Heavenly Immortal Realm in a thousand years to enter the Immortal World!"

The cultivation levels of the Milky Way Galaxy were, Houtian, Xiantian, Foundation Building, Golden Core, Nascent Soul, Enlightenment, Spirit Severing, Soul Condensation, Great Void, Grand Completion, Tribulation, and Void Immortal Realm.

Ye Zhaolong was at the peak of the Void Immortal Realm, and he was a step away from breaking through!

When one finally broke through, they would enter the Heavenly Immortal Realm and they could enter the immortal worlds of the Pangu World!

Seeing as Huang Xiaolong had praised his talent, Ye Zhaolong became even more afraid. "Zhaolong is too weak compared to senior. My talent is mediocre, and it's nothing compared to senior!"

Huang Xiaolong nodded and smiled, "Seems like our meeting was brought together by fate. Alright, I'll help you out a little." After he spoke, a strand of golden light entered Ye Zhaolong's mind.

With another step, Huang Xiaolong disappeared into the space above.

With his heart pounding in fear, Ye Zhaolong saw how Huang Xiaolong entered the void with a single step. He knew that even with the power of a Heavenly Immortal, one wouldn't be able to do what Huang Xiaolong just did!

Kneeling in fear, Ye Zhaolong didn't dare to raise his head for a long time.

After leaving, Huang Xiaolong wasn't in a rush anymore. Since he knew that he was in the Milky Way Galaxy, he would take two days at best to return back to Earth.

One day later...

Huang Xiaolong didn't know how far he had gone, but a big blue orb could be seen on the horizon.

Earth was still in existence!

The blue planet that he had seen during his time on earth in textbooks... It was still there!

A ripple ran through his heart when he looked at the planet before him.

Before he arrived, Huang Xiaolong had a burning fear in his heart that the earth would have been destroyed after more than ten million years...

A trace of hope formed in his heart. Since Earth was still standing, there was a chance the Pangu Axe was still around!

Chapter 3236: It's Been 100 Years!

Calming himself down, he started to make his way over to Earth.

Before he could enter the atmosphere, Huang Xiaolong paused in his tracks. He stared all around him and frowned. There was a terrifying layer of restriction around Earth, and Huang Xiaolong narrowed his eyes when he looked at it. From the strength of the restriction surrounding earth, Huang Xiaolong knew that it was laid down by a God of Creation Realm expert. Moreover, it wasn't just any God of Creation Realm expert. With his current strength, ordinary restrictions wouldn't faze him in the slightest. However, he could feel his hair standing on end when he looked at the formations around him.

Even with nearly 2.6 billion units of grand cosmos energy, Huang Xiaolong knew that he wouldn't be able to take a single strike from the restriction!

Could Lord Pangu be the one who personally laid down the formation?

A light flashed in Huang Xiaolong's eyes. There was no way Hong Jun could do something at that level!

Also, why would Pangu lay down such a terrifying formation around Earth?

Could it be to protect the Pangu Axe?

Or was he trying to protect Earth from outsiders?

Since Huang Xiaolong's ability in the art of formations was higher than He Zhen, he managed to discover that the restriction only stopped members who had reached the peak of the late-Ninth Level Void Immortal Realm from entering Earth!

Calming himself down, Huang Xiaolong heaved a sigh of relief.

As long as he could enter Earth, there would be a chance for him to locate the axe!

Suppressing his cultivation level by level, he finally stopped when he reached the peak of the late-Ninth Level Void Immortal Realm.

Even though he wouldn't be attacked by the restrictions surrounding the world, Huang Xiaolong still proceeded with caution. Only when he entered the atmosphere without triggering the restriction did he heave a sigh of relief.

Standing in the air above Earth, Huang Xiaolong released his divine sense that had the strength of someone at the peak of the late-Ninth Level Void Immortal Realm. His expression changed all of a sudden.

With his figure turning blurry, he rushed towards one of the cities in the distance.

As Huang Xiaolong suppressed his strength to the peak of the late-Ninth Level Void Immortal Realm, his speed was several billion times slower than before. He could only fly slowly towards the city as a massive flying ship passed him.

The flying ship that passed him resembled flying ships in the Huang Long World, and there were thousands of people who were seated within!

It was something that shouldn't exist on Earth!

Half an hour later, Huang Xiaolong finally arrived.

Looking at the city before him, Huang Xiaolong's expression sank. The city was surrounded by thick walls, and from what he knew, something like that only existed in the ancient times! However, the walls were way thicker than before!

“Luohe City!”

When he saw the words written on the plaque on the wall, Huang Xiaolong sighed at the familiar words.

A group of soldiers clad in battle armor stood at the gates of the city as they questioned everyone who tried to enter.

Huang Xiaolong was stunned when he looked at them. Every single piece of armor of their bodies was inscribed with restrictions. Even though they were nothing more than pieces of junk to Huang Xiaolong, it was enough to show that Earth had undergone a massive change since he left!

The Earth of the past would never be able to produce armor at that level!

Moreover, Huang Xiaolong could feel traces of true qi surrounding their bodies.

When Huang Xiaolong grabbed Ye Zhaolong previously, he learned that there were different levels of cultivation in the mortal worlds. The soldiers were at the Houtian Realm, the weakest of them all, and it was also known as the Qi Condensation Realm. There were nine levels in total, and from what Huang Xiaolong could see, all the soldiers were close to breaking through to the Xiantian Realm.

When Huang Xiaolong roamed the earth in the past, their old ancestor was a direct disciple of Shaolin, and after the Ming Dynasty exterminated the entire Shaolin Sect, their old ancestor escaped and started the Huang Family. The Huang Family started to learn the martial arts of the Shaolin, and they turned into a martial family on Earth.

Even so, the number of experts who reached the Xiantian Realm in the Huang Family was little to none. Even on Earth, the number of experts who reached that level didn't number a lot.

Now, Huang Xiaolong was surprised to see that even ordinary soldiers were about to break through into the Xiantian Realm.

Just as Huang Xiaolong was strolling into the city, he was stopped by one of them. "Hold it right there! Hand over your identity plaque right now!"

Identity plaque?!

Huang Xiaolong casually glanced at the other party in response.

Despite it being just a normal look, the soldier who stopped him felt the blood draining from his face as fear gripped his heart. He bowed and yelled to everyone's surprise, "I was too rash and offended senior! Please enter the city!"

Huang Xiaolong didn't bother with the man and strolled directly into the city.

The other soldiers couldn't help but stare at Huang Xiaolong in shock. They turned to the soldier who bowed and asked, "Captain, is that a Scholar of the Xiantian Realm?"

As long as one entered the Xiantian Realm on Earth, they would be respectfully addressed as Scholar. Their status was different from the general population.

When the captain looked at Huang Xiaolong's leaving figure, he gasped in shock. "I'm afraid that the senior has already crossed the Scholar Realm."

He had seen many Xiantian Realm experts in his life. Even though they were strong, they wouldn't be able to scare him just with a single gaze. As such, he concluded that the other party was an expert who had long surpassed that level.

The soldiers around him jumped in fright. “Don’t tell me... Don’t tell me the expert was a Foundation Building Realm expert?!” A look of terror could be seen in their eyes as they turned to look at Huang Xiaolong.

One would enter the Foundation Building Realm after they surpassed the Xiantian Realm. When that happened, they would be considered a true cultivator. One’s future would be limitless as long as they managed to cross the barrier to become a Foundation Building Realm cultivator.

The captain remained silent. In his heart, he felt that even Foundation Building Realm experts wouldn’t be able to strike fear in his heart with just a single gaze.

Of course, there was no point in explaining to the soldiers.

When he thought of the realm above the Foundation Building Stage, he felt chills creeping down his heart.

Huang Xiaolong strolled down the street, and he could see traces of the old Earth in the building design. However, it seemed as though cultivation had taken over the world as the structures were built from spiritual wood, and there were even several better buildings made up of essence metal.

Roads and crossings filled the street as people would ride on beasts and humans would drive by in cars alongside each other. It was evident that the cars were no longer the same as before as they were much quicker than the cars Huang Xiaolong knew.

The chattering of those around him quickly entered his ears.

From what they said, it was the 22nd century and it was a hundred years since Huang Xiaolong transmigrated into the Huang Long World!

A hundred years!

Huang Xiaolong’s heart sank.

After so many years, the Huang Family...

#### Chapter 3237: The Current State of Earth

Since it had only been a hundred years, his family might still be there!

Ever since Earth transitioned into the Cultivation Era eighty years ago, any Foundation Building Realm expert would be able to live past a hundred years.

Moreover, from what he heard, Earth underwent a weird transformation eighty years ago. No one knew where it came from, but spiritual energy started to emerge from the already polluted earth. The spiritual energy in the air transformed the physique of all humans, enhancing their basic abilities.

Not too long after the incident, various cultivation sects and factions from outer space entered earth and laid their foundations there.

Since that time, more than four hundred sects entered earth and set up their branches. They started to spread at an incredible speed. Before long, cultivation took over the entire world.

In the past, Earth had one hundred ninety-five countries, but now, there were less than ten left! Many smaller countries were swallowed by these cultivation sects, and they turned into the strongholds of the various factions! Several others quickly submitted to the larger countries around them and formed an alliance against the foreign factions.

Huaxia of the past was still present, but it had already changed its name to the Huaxia Alliance.

The city he was currently in also belonged to the Huaxia Alliance.

Strolling along the streets, Huang Xiaolong released his divine sense and surrounded the entire city in his senses.

Even though Huang Xiaolong's strength was locked at the peak of the late-Ninth Level Void Immortal Realm, covering the city with his senses was nothing difficult.

"In several days, the Six Sword Gate will be accepting disciples! Many families have already rushed over to the Six Sword Mountain!"

"It won't be easy for anyone to be accepted! One has to be a genius in the way of the sword! Otherwise, the Six Sword Gate wouldn't even look at you!"

"I've heard that the Six Sword Gate accepted a monster in the previous recruitment! He has an innate sword physique, and he has a tenth grade spiritual vein! His name is Chen Dongping!"

Out of the various factions on earth, the Six Sword Gate was one of the six strongest sects!

It was an honor as long as anyone could enter any one of the six strongest sects, and it would be an honorable achievement if one managed to enter any one of the six, and it was something that gave one even more bragging rights than if one managed to get into one of the top universities in the world of the past!

Of course, the six sects had stringent requirements when it came to accepting disciples. However, a smile formed on Huang Xiaolong's face when he heard their definition of talent. To Huang Xiaolong, they were like children playing house.

There wasn't even a need to speak of the matters in the mortal world. Even in the immortal world, everyone was ordinary in Huang Xiaolong's eyes. There was no difference between a cultivator and a mortal if they weren't at the peak level of cultivation.

After walking around for more than an hour and listening to the conversations going on, Huang Xiaolong gained a better picture of the current state of the Earth.

Of course, those who he overheard were speaking of ordinary things. If Huang Xiaolong wanted to know more, he had to start focusing on the more important topics.

Since he wanted to learn about the real situation on Earth, it would only make sense to grab the person with the highest authority.

They would definitely know about many matters the public had no idea about!

As such, Huang Xiaolong locked on to the two strongest individuals in the city instantly!

Both of them were Golden Core Realm experts, and they were the city lord and vice city lord respectively.

When Huang Xiaolong set his sights onto them, they were currently talking about the matter of the Six Sword Gate's recruitment! Even existences at their level had to pay attention to superpowers at the level of the Six Sword Gate.

"I've heard that the Six Sword Gate is planning to accept the three most talented students of the Eastern University as inner disciples of the sect!" The city lord, Liu Duan, mentioned.

There were countless universities in the Earth Huang Xiaolong was familiar with, and there were many now. The Eastern University was the best university the Huaxia Alliance had to offer.

"Chen Dongping's cultivation when he entered the sect can be said to be astounding. It's been several years and he already entered the Foundation Building Realm! I've heard that he's already at the Second Level Foundation Building Realm!" The vice city lord, Xu Shijie, frowned. A look of envy and jealousy could be seen on his face.

Liu Duan continued, "Yeah... Innate Sword Physique and Grade Ten Spiritual Veins! The Six Sword Gate really picked up a treasure this time! Chen Dongping's talent will definitely allow him to enter the Ninth Level Foundation Building Realm in the next twenty years! Once he condenses his golden core, he will become a Golden Core Realm expert like us. It's even possible for him to enter the Nascent Soul Realm in sixty years!"

Xu Shijie shook his head slowly. "It will be extremely difficult for people like us to enter the Nascent Soul Realm! It's nearly impossible!"

They might be talented, but they were far from good enough.

“Actually, we’re pretty good. Even though we will probably never enter the Nascent Soul Realm, we can enjoy our time here as the city lord and vice city lord...”

Indeed, one could be considered pretty well off if they were a city lord in the current day and age.

Their position was comparable to the head commissioner of a city in ancient times. To many commoners, their statuses were close to an emperor!

When the two of them were talking about matters of the Six Sword Gate, a terrifying pressure descended from the skies and locked the both of them down. Reacting instantly, the two of them tried to summon everything they had to struggle free, but they failed to move a single muscle. It was as though a mountain of several million tonnes were pressing down on them.

The space around them started to twist as they were brought onto the streets of the city. A youngster in his mid twenties stood before them and he looked pretty damn handsome.

“Who... Who are you?!” Liu Duan stared at Huang Xiaolong in shock.

“There’s no need to worry. I just wish to ask you several questions.”

?!

The two of them were stunned by Huang Xiaolong’s statement.

They could see everyone walking around them, but weirdly enough, no one seemed to notice them standing on the streets. It was as though they were invisible.

Was that the art of formations?!

That was the only possibility that came to mind.

The young man who was standing before them probably laid down a formation to hide them from the eyes of those walking around, and terror slowly gripped their hearts.

“What do you wish to know?” Liu Duan stuttered.

Since the other party could pull them out of the city lord’s manor without any resistance, his strength should...

“There’s no need to panic.” Huang Xiaolong continued, “I have left the earth for nearly a hundred years. I only wish to know what happened during the time I was gone.”

Chapter 3238: The Huang Family on Earth

Left Earth for a hundred years!

Huang Xiaolong might not care about it much when he spoke of his absence, but the two of them felt their brains trembling in their heads. Ordinarily, only Nascent Soul Realm experts were able to pierce through the atmosphere to leave the planet!

Wouldn’t that mean that the youngster before them was an expert in the Nascent Soul Realm?!

“I... I have no idea what senior wishes to know...” The both of them stuttered.

Nascent Soul Realm experts were considered supreme experts in the eyes of mortals!

Not to mention the fact that the man standing before them was probably already a Nascent Soul Realm expert a hundred years ago!

“Do you know about the Chuan Province that existed a hundred years ago? Where is it now?”

After the changes eighty years ago, the entire layout of the world changed.

The Huang Family of the past was located in the Chuan Province of the Huaxia Country, but the changes confused Huang Xiaolong.

Even though they were curious about Huang Xiaolong's sudden question, the two of them replied respectfully.

Donglin Province?!

Huang Xiaolong wasn't surprised that the name of the province had changed. Noting it down, he started to ask about the events that happened in the Huaxia Alliance and the Donglin Province.

There were more than sixty provinces in the Huaxia Alliance, and the Donglin province was one of the largest and most important among them.

"Do you know about the Huang Family?" Huang Xiaolong asked all of a sudden.

"Huang Family?!" Liu Duan and Xu Shijie jumped in shock. "Lord, are you asking about the ancient martial arts family, the Huang Family?!" Could the mysterious expert before them be part of the Huang Family?!

Huang Xiaolong's heart trembled slightly when he saw their reactions. It seemed as though the reputation of the Huang Family wasn't too bad! Otherwise, the two of them wouldn't have heard of them!

"That's right." Huang Xiaolong nodded.

When they received the confirmation that Huang Xiaolong was asking about them, Liu Duan quickly spoke up, "We know that the Huang Family who was known as an ancient martial arts family of the past has already been classified as one of the ten strongest cultivation families of the Huaxia Alliance!"

“Huh?” Huang Xiaolong raised an eyebrow in shock. “One of the ten strongest cultivation families of the Huaxia Alliance?”

Huang Xiaolong didn’t expect that.

It seemed as though the Huang Family progressed quite a bit during the time he was gone.

The Huaxia Alliance was the strongest alliance in the current world, and even the Six Swords Gate had to think twice if they wanted to go against the entire alliance. As such, one of the ten strongest cultivation families of the Huaxia Alliance was nothing to scoff at. One could only imagine the power and prestige the Huang Family held!

Huang Xiaolong heaved a sigh of relief when he heard the current state of the Huang Family.

“Have you heard about Huang Jiyuan of the Huang Family?” Huang Xiaolong asked.

Huang Jiyuan was Huang Xiaolong’s father on Earth.

He might be Huang Long’s son, but he was sent to Earth during his past life, and the relationship between Huang Jiyuan and himself wasn’t something that could be written off as he pleased!

“Huang Jiyuan?” The two of them stared at each other for a moment before shaking their heads.

Huang Xiaolong couldn’t help but feel a sense of disappointment washing over him.

Even so, a trace of hope remained in his heart. Since the Huang Family was one of the ten strongest cultivation families in the Huaxia Alliance, it was possible for his parents and sister to have reached the Foundation Building Realm.

“Who’s the current patriarch of the Huang Family?!”

“The current Huang Family Patriarch is called Huang Houde.” Xu Shijie replied instantly.

“Oh?” Huang Xiaolong was slightly taken aback.

It wasn’t a foreign name. Instead, it was extremely familiar.

In the past, he was hailed as the most talented of geniuses alongside Huang Houde. The two of them clashed with each other constantly, and grievances formed along the way. Huang Houde planned for Huang Xiaolong to die, and it was a grudge Huang Xiaolong couldn’t forget.

“Lord, do you know Patriarch Huang Houde?” Liu Duan asked when he saw Huang Xiaolong’s reaction.

“I do.” Glancing at the two of them, Huang Xiaolong didn’t plan on hiding anything. “I formed some grievances with Huang Houde in the past.”

The two of them suddenly felt as though their lives were candles flickering in the wind. They thought that Huang Xiaolong would be happy to hear that Huang Houde was the current patriarch of the Huang Family, but they didn’t expect the two of them to be enemies!

Soon after, Huang Xiaolong learned that Huang Houde had already entered the Nascent Soul Realm several years ago, and he was currently a Sixth Level Nascent Soul Realm Expert.

Sixth Order Nascent Soul Realm!

That was the level of a top level expert in the Huaxia Alliance!

Even on Earth, Huang Houde was able to walk sideways!

It was no wonder the Huang Family reached its current heights. With Huang Houde’s personal strength, he could easily trample on members in the same generation!

“Who’s the strongest cultivator in the Huang Family right now?” Huang Xiaolong asked.

“It’s Huang Ming!” A trace of fear formed in the eyes of Liu Duan and Xu Shijie when they spoke his name.

Even when they talked about Huang Houde, they weren’t too afraid!

Huang Ming! Complicated feelings welled up in Huang Xiaolong’s heart when he heard the name.

Huang Ming was the old ancestor of the Huang Family, and he was the survivor of Shaolin who escaped to the mortal world! He created the Huang Family, and Huang Xiaolong didn’t expect him to still be alive!

In the past, Huang Ming treated him pretty well. After all, he was one of the two biggest talents of the Huang Family. Huang Xiaolong could still remember the kind look on Huang Ming’s face with his silver beard drifting in the wind.

Next, he learned that the old ancestor of the Huang Family had already entered the Enlightenment Realm. He was the sole reason the Huang Family had the rights to remain in the top ten strongest families of the Huaxia Alliance.

After chatting for more than an hour, Huang Xiaolong learned the general state of the Huang Family.

He also learned that Earth no longer used money as their currency. Instead, everything was measured in spirit stones.

Gold and oil were no longer the most sought after commodities on Earth. Instead, spiritual veins, spiritual herbs, and everything that could assist in cultivation were the hot potatoes.

When he left, he pointed at the space between their eyebrows and chuckled. “Return and practice this specialized martial art. You will be able to enter the Nascent Soul Realm in ten years.”

With their jaws dropping in excitement, Huang Xiaolong disappeared from their sight.

“What... What did that lord say?! Did he just say that we will be able to enter the Nascent Soul Realm in ten years if we cultivate the martial art he showed us?!” Liu Duan and Xu Shijie stared at each other in shock.

They knew that their talent only limited them to the Golden Core Realm, and there was practically no hope of them ever breaking through! However, Huang Xiaolong said that they would be able to, in ten years to boot!

“You shall not tell anyone else about our meeting today.” Huang Xiaolong’s voice suddenly rang through their minds.

With their hearts trembling in fright, the two of them bowed and remained standing there for a long time. They only returned to their senses a long time after Huang Xiaolong had left.

#### Chapter 3239: Returning to the Huang Family

When the two of them were sure that Huang Xiaolong had finally left, they heaved a sigh of relief.

“That... That lord... Is he an expert at the Enlightenment Realm?” Xu Shijie asked.

After examining the martial art Huang Xiaolong passed on to them and feeling the intricacies, Liu Duan yelled in shock, “He’s definitely an expert who is in the Enlightenment Realm or higher!”

Enlightenment Realm or higher!

Xu Shijie frowned. “Can he be someone from the Huang Family? Wait... Isn’t Huang Ming the only person in the Huang Family who has reached the Enlightenment Realm?”

“If the Huang Family really has two experts at the Enlightenment Realm, the situation in Huaxia is about to change...” Liu Duan sighed.

As Golden Core Realm experts, they were extremely clear about what an expert at the Enlightenment Realm meant. A cultivator at that level could single handedly change the fate of an entire family.

Even though the Huang Family was part of the ten strongest cultivation families in the Huaxia Alliance, they didn't rank in the top five. However, things would change if they had another expert at the Enlightenment Realm!

“But... How can an expert at the Enlightenment Realm create such profound techniques? How can someone like that ensure that we enter the Nascent Soul Realm in ten years?”

...

The two of them stared at each other silently.

By the time they were done with their conversation, Huang Xiaolong was starting to make his way to the Donglin Province.

Earth might have entered the cultivation era, but technological advancements progressed by leaps and bounds. The planes in the air were replaced by flying ships, and the speed of them were extremely quick. Trains were several times faster than they were!

However, one needed to verify their identity if they wanted to get on such vehicles, and Huang Xiaolong found it a problem without a proper identity in the Huaxia Alliance. He had no choice but to proceed on foot.

The Luohe City Huang Xiaolong was currently in was nowhere near the Donglin Province, and he had to cross six different provinces to get there. Even Nascent Soul Realm experts would need several days to get there! Of course, Huang Xiaolong didn't even take half an hour with his cultivation suppressed to the Void Immortal Realm.

Moreover, that was also after he slowed down to take in the sights.

Otherwise, he would arrive in ten minutes!

In the past, there were hardly any trees over a hundred meters tall on earth. However, Huang Xiaolong noticed that it had become a common sight. As for ferocious beasts like tigers and wolves, they also underwent transformation to become spiritual beasts.

The speed, defence, and attacking capabilities of these beasts received an all rounded upgrade!

Huang Xiaolong even managed to discover a tiger beast who had condensed its inner core!

A beast at that level was comparable to a Golden Core Realm cultivator on earth, but it was several times more deadly. Ordinarily, a beast would be able to fight against two cultivators of the same level!

It was too bad he didn't find any in the Nascent Soul Realm.

Beasts at that level would only appear in the deep oceans or deep within primitive forests!

Along the way, several tigers at the Golden Core Realm surrounded Huang Xiaolong after seeing that he was roaming about alone, but they were exterminated with a wave of his hand. He didn't bother with their inner cores and he decided to bring them alone. In fact, he planned to sell them for cash in the near future!

Looking for the Pangu Axe wasn't something he could achieve in a day or two. He knew that he would have to live on Earth for quite some time, and there was no way he could do without money!

There might be herbs capable of tempting God of Creation Realm experts in the Sun Moon Furnace, but there was absolutely no point using them on earth! After all, genesis level herbs and treasures were things he couldn't give to mortals...

By the time he arrived in the Donglin Province, Huang Xiaolong had several dozen inner cores on him.

As the inner cores of Golden Core Realm beasts were pretty valuable, Huang Xiaolong felt that they should be worth several hundreds of thousands of low-grade spiritual stones. Several dozen inner cores meant that he would be able to trade for twenty million low-grade spiritual stones at the very least.

That should be enough for him to live on Earth for some time.

After asking about the location of the Huang Family, he started to make his way over.

As the largest cultivation family located in the DongLin Province, Huang Xiaolong saw their products being sold in practically every corner. There were countless businesses that belonged to them, and there were even some who sold spirit stones and spirit herbs. There were several who sold construction equipment, and a simple glance around was enough for Huang Xiaolong to learn about the Huang Family's financial capabilities.

Just as he was about to enter the headquarters of the Huang Family, he noticed a squabble among several disciples.

"Huang Bo, don't go too far! Return the spiritual beast to us!" A well-built youngster raged as he pointed at a party of three before him.

"What do you mean return them to you?" The party of three broke out into laughter when they looked at the man.

"Huang Datou, if you're capable, come get the Snow Jade Rabbit from us!" One of the more elegant looking young men laughed. "However, you won't be able to do it in this life. You can go back and complain to your father, and get his incompetent \*ss to help you. Perhaps, you can go find your grandfather, Huang Jiyuan to come!"

Huang Jiyuan!

Huang Xiaolong felt a trace of joy in his heart when he heard the name!

His father was still alive!

Along the way, he might have taken a detour, but he was afraid that he would return to the bad news that his father had already passed on. Now that he learned otherwise, wild joy filled his heart.

There was a special place in his heart for Earth, and the Huang Family was something he would never forget.

“Heh, your grandfather already has half a foot in the grave. Even if you look for him, he won’t be able to stand up for you.” The man called Huang Bo sneered.

With his face turning completely red, the man they called Huang Datou didn’t know how to respond.

“Huang Datou, get lost right now! If you refuse, we’ll break your fingers!” The youngster beside Huang Bo snorted.

Unable to control his rage, the kid they called Huang Datou roared in anger, “Fine! Come at me! I would like to see you break my fingers!”

“Hehe, what an incompetent fool. Do you really think we wouldn’t dare to sever your arm?” The female among them laughed. The sword in her hand flashed, and it shot towards Huang Datou. The speed of the sword was quick, and the kid couldn’t react in time. The lady had reached the peak of the late-Ninth Level Qi Refining Realm, and she was half a step into the Xiantian Realm. The kid named Huang Datou was only a Sixth Level Qi Refining Realm cultivator, and it was impossible if he wanted to stop her.

Seeing as the sword was about to slice off the kid’s finger, a strand of energy appeared from the side and sent the sword flying. It was shattered into a million pieces and the lady was similarly flung into the air. She vomited mouthfuls of blood without any sign of stopping.

Everyone stared at her in shock and they didn’t know how to react to the sudden change in situation.

Huang Xiaolong casually walked over, and the gazes of everyone turned to him.

When they saw the features on Huang Xiaolong's face, they couldn't help but feel their jaws dropping in amazement. Their anger dissipated like the wind.

#### Chapter 3240: Injured Qi Veins

Even the kid they called Huang Datou was stunned. Huang Xiaolong was too damn handsome! It was so much so that they couldn't even describe it in words! The aura he emitted made them feel extremely attracted to him.

Huang Bo was handsome, and he could stand out from the crowd. Even among the thousands of disciples in the Huang Family, he was someone who had extraordinary looks. However, he was as ugly as a toad when compared to Huang Xiaolong.

"How can someone be so handsome?!" The female disciple of the Huang Family stared at Huang Xiaolong and screamed in infatuation.

"Who are you?! How dare you mess about with matters of our Donglin's Huang Family?!" Huang Bo quickly snapped back to reality and he glared at Huang Xiaolong with anger in his eyes. He couldn't control the envy towards Huang Xiaolong's looks, and jealousy burned in his heart.

It was especially so when he saw the way the female disciple stared at Huang Xiaolong.

The Huang Family was the strongest cultivation family in the Donglin Province, and disciples of the family would use the name of the Huang Family every time they saw other cultivators.

After all, everyone in the Huaxia Alliance knew about them!

Of course, Huang Xiaolong didn't give half a shit about Huang Bo. Turning to the kid they called Huang Datou, he asked, "Did he steal your Snow Jade Rabbit?"

It was evident the kid didn't think that Huang Xiaolong would speak to him, and he nodded in haste. "Yeah! I captured the Jade Snow Rabbit myself in order to use its blood essence to help my father's injured qi veins!"

Turning to Huang Bo, Huang Xiaolong muttered, "Return the rabbit."

Laughing in rage, Huang Bo sneered in anger, "Brat, are you trying to command me?! Who the f\*ck do you think you are? Do you really think you're unstoppable because you look like a damn sissy? F\*ck off right now! If you butt into my matters, you won't live to see tomorrow!"

The Huang Family was a supreme existence in the Donglin Province. With Huang Bo's identity, not too many people dared to mess with him. Even Golden Core Realm cultivators would have to greet him respectfully as Young Master Huang Bo when they ran into him!

It was too bad Huang Xiaolong wasn't a Golden Core Realm cultivator. As soon as the words left his lips, a slap landed on his face. A miserable shriek came soon after, and Huang Bo was sent flying into a random ditch on the street. Mud smeared all over his face, and his appearance was wretched to the extreme.

Everyone on the street stared at the scene in shock.

They looked at Huang Bo like it was the first time they had seen him.

Even though his body was covered in filth, the giant palm print on his face was clear for all to see. His cheek was several times the size it was, and Huang Bo turned into an actual pig head!

"You!" Huang Bo raged and he pointed at Huang Xiaolong. However, a tooth popped out from his mouth the moment he opened it.

At least half the teeth in his mouth were dislodged from his gums with that slap from Huang Xiaolong.

"If you speak another word, I'll make sure you no longer have teeth." Huang Xiaolong muttered.

The Snow Jade Rabbit that was in Huang Bo's arms made its move the moment Huang Bo was distracted. Leaping out of Huang Bo's grasp, it fled with extreme speed. It moved more than a thousand

feet in the blink of an eye, and Huang Datou started to panic. Right before he could give chase, Huang Xiaolong reached out and the rabbit appeared in his hands.

Everyone who saw what happened felt their jaws dropping in shock.

“Using qi externally!” Huang Bo, Huang Susu, and the other member of the Huang Family felt a bomb going off in their heads.

Only experts who had surpassed the Xiantian Realm could do something like that. The man before them was at the very least an expert who had surpassed the Xiantian Realm!

However, even Ninth Level Xiantian Realm experts wouldn’t be able to use their qi more than a thousand meters away. One definitely had to be in the Foundation Building Realm to do so!

“Lord...” Huang Datou stared at Huang Xiaolong and uttered.

A smile formed on Huang Xiaolong’s face as he handed the rabbit over.

“Many thanks to Lord for the generous gift!”

“Heh. You’re just a cultivator in the Foundation Building Realm.” Huang Bo sneered.

Foundation Building Realm cultivators might be an expert in the eyes of commoners, but they were nothing in the eyes of members of the Huang Family.

After all, the guest elders in the Huang Family could crush Foundation Building Realm cultivators with ease.

Ignoring Huang Bo, Huang Xiaolong turned to Huang Datou and laughed, “Is your grandfather really Huang Jiyuan?”

“Lord, do you know my grandfather?!” The kid was stunned for a second before yelling in shock.

“Of course! I’m extremely familiar with him.”

Familiar... Being the other party’s son would count, right?

Huang Bo and the others were stunned.

The youngster before them knew Huang Jiyuan!

“Let’s go meet your grandfather!” Huang Xiaolong chuckled happily.

Huang Datou snapped back to reality and a look of excitement could be seen on his face. “Lord, are you my grandfather’s friend?!”

Black lines formed on Huang Xiaolong’s forehead, but a cheeky smile soon formed on his face. Nodding slightly, he didn’t bother explaining himself.

Huang Bo’s expression fell when he saw Huang Xiaolong leaving with the kid.

“Big Brother Huang Bo, what do we do now?” The other male disciple of the Huang Family asked.

“We’ll head on back! When we do, we shall get Guest Elder Chen Yu to make a move. Get some people to keep an eye on that kid in case he leaves the Donglin Province!”

“Big Brother Huang Bo, you can rest assured. Even if the kid is in the Golden Core Realm, he won’t be able to escape!” Huang Cheng laughed.

Huang Susu stared at Huang Xiaolong’s leaving figure with hearts in her eyes.

When Huang Bo saw the look on her face, the anger in his heart reignited with even more passion.

“Susu, let’s go.”

Nodding her head, she turned to look at Huang Bo whose head was swollen. Laughing uncontrollably, she couldn’t describe the look on Huang Bo’s face.

A tinge of red crept up Huang Bo’s face as his expression sank.

...

As Huang Xiaolong followed the kid along the streets, he could tell that the little brat was extremely happy from the way he was chattering.

“Are you really called Huang Datou?” Huang Xiaolong couldn’t help but ask. After all, the kid should be his nephew.

However, when he left earth in the past, he only had a single sister... Could his parents have given birth to another son after he left?

“No!” Huang Datou sighed in embarrassment and he explained, “I’m called Huang Bisheng, but everyone called me Huang Datou because of my head...”

“However, Lord can call me Huang Datou like everyone else.” The kid laughed.

“Hehe, that sounds pretty good.” Huang Xiaolong laughed.

Rubbing his head, Huang Bisheng chuckled helplessly.

Soon after, Huang Xiaolong asked about Huang Jiyuan and his mother, Wang Meilan. He also asked about Huang Bisheng’s father.

When Huang Xiaolong heard that Huang Jiyuan and Wang Meilan were reaching the end of their lifespans, his heart sank. From what Huang Bisheng said, they would only be able to hold out for two more years at best. From his estimations, his mother would only live for another year, a feeling of fear swept through his heart before he heaved a sigh of relief.

He was relieved that he made it back in time. With his abilities, there was no way they could die. Luckily for him, he returned in time...

“What happened to your father’s qi veins?” Huang Xiaolong asked.
