Chapter 3281: Is Huang Shengan the Patriarch?

Everyone was stunned when they heard Tan Jian's address.

"Huang Xiaolong?! Is he the new grand elder of the Huang Family?!" Chen Feiliang was stunned.

"Isn't the patriarch of the Huang Family Huang Shengan? How is he so respectful to Huang Xiaolong?" Many experts exclaimed in amazement.

The way Huang Shengan treated Huang Xiaolong had exceeded their expectations.

Sun Yao and Sun Cheng stared at each other in confusion. They had no idea what was going on.

Murong Deng, Sun Yao, Tan Jian, and even Huang Ming were stunned. He looked at Huang Xiaolong who looked exactly the same as he did before, and a trace of coldness shot through his eyes. "You motherf*cker! It's you! You caused the death of several hundred disciples of the Huang Family and formed an alliance with Huang Shengan to usurp the position of the patriarch! Kneel before me!"

Huang Xiaolong's expression froze when he heard what Huang Ming said. With a cold expression, he pointed casually at Huang Ming.

Killing intent rose in Huang Ming's heart when he saw that Huang Xiaolong wasn't getting to his knees. He roared in rage, "I'll kill you right now, you disrespectful fool!"

Using all the energy in his body, he summoned a giant blade before slashing towards Huang Xiaolong.

Everyone present already knew that Huang Ming had a shockingly powerful blade art. After all, he trained with the Demon Blade, Fan Yidong! They were sworn brothers, and their skills were pretty close.

With the power of Huang Ming's energy pouring into the blade, hundreds of blade light shot through the skies and a terrifying energy surrounded those present.

Even Murong Deng, the old ancestor of the Murong Family, was stunned by his strength.

A ray of light emerged from Huang Xiaolong's finger and slammed into the blade lights, shattering them easily. It continued to smash into Huang Ming's chest and sent him flying.

Crashing into the ground in the Blue Dragon Orchard, chaos ensued.

"What?!"

Sun Yao, Sun Cheng, Tan Jian, and the others felt a bomb going off in their heads.

"He's not at the high-level Nascent Soul Realm!" Someone yelled.

Everyone turned to look at Huang Xiaolong, and their faces changed. At that instant, everyone could see that Huang Xiaolong had surpassed the Enlightenment Realm.

Moreover, he was an expert several times more terrifying than Huang Ming!

A terrifying possibility flashed through Sun Yao's mind.

The question that plagued him several days ago was no longer as perplexing.

When everyone was shocked at Huang Xiaolong's sudden display of strength, a loud snort came from the skies. Everyone saw Demon Blade Fan Yidong's giant blade appearing right in front of Huang Xiaolong's face.

Fan Yidong was a Second Level Enlightenment Realm expert, but he was stronger than Huang Ming by a whole level! His blade was too damn fast, and no one managed to react to his attack!

Slashing downwards, Huang Xiaolong casually raised his hand to stop the blade with his index and middle fingers.

Fan Yidong's eyes widened in shock.

So did everyone else as they stared at the blade between Huang Xiaolong's fingers.

The reason Fan Yidong was hailed as the Demon Blade was not because of his obsession with blades. There was another reason, and that was the demonic blade in his hands! He obtained the blade from some random demonic lands outside of Earth, and it was a peak-grade artifact! Even experts at the peak of the mid-level Enlightenment Realm wouldn't dare to meet the blade head on!

However, Huang Xiaolong grabbed it with two fingers!

Casually flicking his fingers, the blade between his fingers shattered into countless pieces. In the next instant, Huang Xiaolong stretched out his hand and grabbed Fan Yidong's head! With a slight twist, Fan Yidong's head was twisted off his shoulders.

With the lower half of his body falling from the skies, it landed not too far away from Huang Ming's body. Huang Ming caught sight of Fan Yidong's corpse falling as he crawled to his feet.

A ray of light emerged from Fan Yidong's body, and his nascent soul tried to escape.

"Lord, please have mercy!" He got to his knees before Huang Xiaolong and begged for his life. Terror filled his eyes.

Expressionless, Huang Xiaolong reached out and sent a flame flying towards Fan Yidong's soul. He failed to escape and was engulfed by the flames.

Miserable screams filled the air as Fan Yidong's soul tumbled in the air.

"This... This cannot be real!" A grand elder of the Chen Family, Chen Feiliang revealed a frightened expression as he muttered to himself.

All of a sudden, a weird liquid started to fall from the skies. It landed on his face, and when Chen Feiliang wiped it off with his hands, he was greeted with a sight of red. It was the blood dripping from Fan Yidong's head that was in Huang Xiaolong's hands!

Chen Feiliang wasn't the only one affected by it. The blood landed on the faces of many people present, but weirdly enough, no one tried to dodge the blood droplets. Not a single person dared to move a muscle.

Casually tossing the head to Huang Shengan behind him, Huang Xiaolong started to walk towards Murong Deng and the others.

With four Enlightenment Realm experts and more than a hundred Nascent Soul Realm experts present, they trembled in their boots. Even the experts in the Nascent Soul Realm sent by the Huaxia Alliance's government didn't dare to move.

Without showing off the slightest bit of his aura, Huang Xiaolong's presence alone made everyone feel a mountain pressing down on their hearts.

"Are you the old ancestor of the Sun Family?" Huang Xiaolong asked when he arrived before Sun Yao.

Unable to withstand the fear in his heart, Sun Yao fell to his knees and he stuttered, "Lord... Lord... I am Sun Yao of the Sun Family!"

"Lord, we are from the Sun Family..." Sun Cheng wanted to explain the matter of how they tried to swallow the Huang Family's businesses, but a ray of light emerged from Huang Xiaolong's finger and incinerated the man before he could finish.

The experts standing around felt the hair on their body standing on end.

"I don't like interruptions when I'm talking." Huang Xiaolong swept his gaze across those present.

Lowering their heads in an instant, no one dared to look him in the eye.

“Lord, mercy!” Sun Yao smashed his head into the ground and started to explain, “I only learned of the matter after it happened! Lord, please spare my life! I am willing to submit to Lord’s rule as long as you don’t kill me!”

Sun Yao continued to smash his head into the ground and his forehead split apart. Despite his injury, he didn’t stop.

Every time his head slammed into the ground, the hearts of those present would tremble.

The experts of the Sun Family fell to their knees as they mirrored their old ancestor’s actions. Tan Bi, the old ancestor of the Tan Family, followed soon after with the members of the Tan Family. They explained the matter of swallowing the Huang Family’s businesses hoping Huang Xiaolong would let them off.

When they were finally done with their explanations, Huang Xiaolong casually uttered, “Alright. Get up.”

Sun Yao and the others were shocked as they raised their heads in disbelief. They thought that all of them would die there that day.

“Are you planning to kneel there forever?” Huang Xiaolong asked.

Snapping back to reality, their hearts trembled in fear as they thanked Huang Xiaolong in haste before getting to their feet.

Chapter 3282: Refuse to Reply

“Are you Tan Wei’s grandfather?” Huang Xiaolong turned to Tan Bi and asked.

Tan Wei? Tan Bi started at Huang Xiaolong for a solid moment before replying, “Yes, I am Tan Wei’s grandfather, and I...” Huang Xiaolong waved his hand to cut off the man before he could go any further.

“Supreme Elder Tan Jian.” Huang Xiaolong turned and continued, “I believe we met yesterday? I recall you saying something about our families getting closer?”

Gasping in fright, Tan Jian yelled, "Lord has to be joking! I had no idea who I was kidding with the day before, please forgive me!" As soon as he spoke, he wanted to get to his knees but was stopped by Huang Xiaolong.

"You might be kidding, but I'm not. I shall head over to your Tan Family tomorrow."

Tan Bi and the others stared at each other in shock as question marks popped up in their minds.

Sweeping his gaze across those present, Huang Xiaolong casually addressed Murong Deng and the others. "I hope that nobody speaks of the matter that happened here today."

"Lord, you can rest assured that my Murong Family will keep their mouths shut!" Murong Deng replied in haste. He turned to glare at the members of the Murong Family, "Everyone who speaks of the events that happened here will be disowned by the family and handed over to the Huang Family!"

Chen Feiliang made the same oath and everyone else followed.

Soon after, Huang Xiaolong invited everyone into the heavenly palace for them to enjoy the spiritual fruits in the Blue Dragon Orchard.

The spiritual fruits in the Blue Dragon Orchard grew from the immortal earth, and ordinary spiritual fruits couldn't be compared to it! Everyone gasped in shock when they tasted Huang Xiaolong's spiritual fruits.

Half a day later...

The experts of the various families took their leave, and several shocking news rocked the world.

"Huang Ming, the old ancestor of the Huang Family, was defeated! He accepted Huang Shengan's ascension to the position of the Huang Family patriarch, and will no longer take part in the Huang Family's affairs!"

“The Sun Family and Tan Family submitted to the Huang Family! Sun Yao and Tan Bi stated that they will be willing to work for the Huang Family, and Sun Yao of the Sun Family was killed because of his ill intentions towards the Huang Family!”

The news shook the entire Huaxia Alliance the moment it started to spread.

In one of the presidential suites of a luxurious hotel in the Xia Continent, Zou Youyi of the Zou Family received the news and his jaws dropped in fright. “Uncle Yu, this... Isn’t Huang Ming an expert at the First Level Enlightenment Realm?! How can he lose to Huang Shengan?!”

Zou Yu was similarly in shock. Complex emotions filled his heart. “It doesn’t matter if Huang Ming lost to Huang Shengan! Half an hour ago, Huang Ming called for a meeting among the Huang Family to officially appoint Huang Shengan as the patriarch of the Huang Family. According to him, he will be an eminent elder of the Huang Family and no longer participate in the matters of the Huang Family!”

The only part Zou Yu didn’t understand was why the Sun and Tan Families would submit to the Huang Family. Submission was different from forming an alliance. They would be under the Huang Family’s rule from now on, and if he could speak his mind, the Sun Family and the Tan Family would be the slaves of the Huang Family from now on. Things were even worse when he thought about how Sun Yao was an expert at the Enlightenment Realm. How could someone at his level lower himself to serving the Huang Family?!

He couldn’t understand what was going on no matter how hard he tried.

Initially, he thought that Huang Ming would defeat Huang Shengan and suppress the rebellion in the Huang Family. Huang Xiaolong, Huang Qi, Huang Feiwu, and the others would die as soon as Huang Ming obtained victory. The outcome of the battle was supposed to be set in stone, and that was also the reason the Zou Family didn’t send anyone over to watch the battle.

The events that happened really surprised them all.

“The grand elder of the Chen Family, Chen Feiliang, entered the Blue Dragon Orchard to watch the battle. Uncle Yu, you’re close to Senior Chen Feiliang. Why don’t you ask him about what happened?” Zou Youyi asked all of a sudden.

With his eyes lighting up, Zou Yu nodded, "Alright! I'll contact Chen Feiliang right now!" He quickly called the other party using their new and improved facetime technology. As soon as they were connected, Chen Feiliang appeared in front of them.

Zou Yu and Zou Youyi greeted Chen Feiliang the moment he appeared. Zou Yu might be an official in the Huaxia Alliance's Ministry of Public Security, but he didn't dare to flaunt his position in front of an expert like Chen Feiliang!

Chen Feiliang's expression sank when he realized that they wanted to ask about the events that transpired in the Blue Dragon Orchard. "Stop trying to find out what happened that day." As soon as Chen Feiliang spoke, he terminated the connection.

Zou Yu and Zou Youyi stared at each other in shock.

"Senior Chen Feiliang, he..."

Zou Yu didn't say a word, but he felt an uneasy feeling swapping up in his heart.

How could the mere mention of the events in the Blue Dragon Orchard cause the grand elder of the Chen Family to feel so much fear? It was as though he stepped onto the tail of a heavenly python...

"Huang Family..." Zou Yu muttered. "There has to be something we don't know about the Huang Family!"

...

In one of the secret military bases of the Huaxia Alliance, a group of several experts stood side by side. From their ranks, they were all commanders at the level of a great general!

There were different ranks among the government in the Huaxia Alliance, and it was the same for the military.

There was an ordinary general, mid-grade general, and high-grade generals! Above that were the great generals, and the grand marshal came after that! As such, the ranks of those standing in the military base was something no one could ignore! Among them, two of them were Great General Yang Yuhe and Mo Yuan who were sent over to the Blue Dragon Orchard to watch the battle.

“Tell us every single detail that happened that day!” One of the old experts with tiger-like eyes snapped when he looked at the two of them.

The old expert was a grand marshal of the Huaxia Alliance, Jia Fang!

Every single great general in the room stared at the two of them, unwilling to miss out a single detail.

Yang Yuhe and Mo Yuan shook their heads in haste.

“Grand Marshal, we cannot speak of anything that happened that day!” Yuan Yuhe didn’t hesitate to reply.

Mo Yuan was the same.

“What the f*ck are you talking about?!? Jia Fang was enraged. As the grand marshal, he couldn’t accept the fact that his subordinates were unwilling to answer his question.

“We will not speak a word about the battle.” The two of them shook their heads resolutely.

With his expression sinking, the aura of an Enlightenment Realm expert emerged from Jia Fang’s body. Everyone felt their hearts pounding in fear.

“Do you believe I’ll demote you right here and now?!?” Jia Fang snorted.

After a short moment of silence, the two of them shook their heads resolutely. “Even if you do, we will not speak a word.”

Everyone stared at each other in shock when they heard the reply. Even Jia Fang was stunned by their resolution.

As an officer of the Huaxia Alliance, they were bound by the military oath they made when they joined the army! However, they were unwilling to speak of the matters in the Blue Dragon Orchard!

Chen Feiliang, Yang Yuhe, and Mo Yuan weren't the only ones. Every single expert who returned from the Blue Dragon Orchard, including the old ancestor of the Murong Family, Murong Deng, who was already at the Enlightenment Realm, refused to say anything about the events that happened. The experts of the Huaxia Alliance couldn't be more perplexed at their sudden oath of silence. Suspicion filled the hearts of everyone who didn't witness the battle.

The mystery of the Blue Dragon Orchard turned into a legend overnight, and it became a synonym for fear!

Chapter 3283: Visiting The Tan Family

When everyone was still trying to find out what happened in the Blue Dragon Orchard, Huang Xiaolong assisted Huang Xin in breaking through to the Enlightenment Realm.

Helping someone to breakthrough had already gone out of the scope of understanding of mortals. However, it was as easy as breathing to Huang Xiaolong.

It was even easier than helping his parents condense an immortal-rank golden core.

Within ten minutes, Huang Xin entered the Enlightenment Realm. He used the Great Zhou Heaven Formation to pull in the power of the stars to consolidate his foundations.

Seeing that Huang Xin wasn't to be disturbed, Huang Xiaolong strolled over to his parent's palace and he saw them packing their valuables. Chests and chests were filled to the brim.

A helpless smile formed on Huang Xiaolong's face. "What are you doing? We're going to visit her, not move in with her! Why do you need so many things?"

After visiting the Tan Family, Huang Xiaolong and his parents decided to visit his sister, Huang Wen.

Wang Meilan glanced at Huang Xiaolong from the corner of her eye and snapped, "Lin Xiaotian hasn't been treating your sister well at all! I've heard that he only gives her three low-grade spirit stones as allowance every month! Your sister isn't able to get more money by herself, and her life is extremely difficult! Now that we're going over, we should bring whatever we can!"

"Also, I haven't seen my grandchild in such a long time! In the past, he looked like a skinny little monkey! His father doesn't like him at all, and he probably hasn't tried these fruits before..." Tears welled up in her eyes all of a sudden.

A trace of coldness flashed through Huang Xiaolong's eyes as he sank into silence.

In order to pander to Huang Houde, Lin Xiaotian didn't hesitate to make life difficult for his sister! He even dared to hate on his own son!

Wang Meilan quickly spoke up when she saw the dark look on Huang Xiaolong's face. "Xiaolong, as long as he treats her better in the future, we'll let it pass! You cannot make any rash decisions when we head over later..."

Just several hours ago, Huang Xiaolong killed Demon Blade Fan Yidong. That terrified Huang Jiyuan and Wang Meilan, and they didn't believe that Huang Xiaolong was the same son that went missing a hundred years ago. The expressionless face he had when he killed the other party shocked them all. How could they know that Huang Xiaolong was already a monster several million years old?

To them, Huang Xiaolong didn't care about human life at all!

They were terrified that Huang Xiaolong would start a massacre as soon as he saw his sister's husband!

"Alright..." Huang Xiaolong nodded helplessly when he saw the looks on their faces.

After picking more than twenty types of spiritual fruits from the Blue Dragon Orchard, she filled up more than thirty large chests.

As for the spiritual herbs in the garden, they managed to fill more than fifty large chests! Of course, they were kept properly in special chests made of jade.

Even though they wouldn't need to travel too far to visit his sister, Huang Xiaolong purchased two massive flying ships from the BMW dealership. With the flying ships, he would take less than six hours to get there!

The flying ships were massive, and it could easily store the chests filled with goodies.

Of course, the chests of fruits and herbs weren't the only thing Wang Meilan packed. She made a trip down to the department stores and spent several hundred thousand low-grade spirit stones to buy a ton of stuff. There were clothes, daily necessities, shoes, and even underwear! She managed to fill a hundred large chests and even Huang Jiyuan felt his jaws dropping in fright.

The Huang Family disciples who were in charge of moving the chests took a solid while to finish their job.

Before they left, Huang Xiaolong reminded Huang Shengan to hasten the sale of the spiritual fruits. At the same time, he wanted Huang Shengan to purchase all the different types of spiritual fruit seeds to fill the rest of the space in the garden.

Now, he only used half of the land in the Blue Dragon Orchard. According to Huang Xiaolong's estimations, he would be able to earn three to four million low-grade spirit stones a day if the entire garden was full.

"If it's possible, but all the surrounding land around the Blue Dragon Orchard." Huang Xiaolong continued.

There were at least five hundred hectares of land around the manor, and it would be for the best if he could buy them all.

“Yes, Your Highness.” Huang Shengan bowed, “I will get to it right now!”

The night passed as usual, and the first rays of dawn illuminated the lands.

Under the escort of Huang Shengan and the others, Huang Xiaolong’s family left the Blue Dragon Orchard on their flying ships.

By the time they arrived at the Tan Family, Old Ancestor Tan Bi had already led all their grand elders to give them a warm welcome.

Without Huang Xiaolong stepping out from his flying ship, Tan Bi hastily brought everyone forward and kneeled at the front of the doors.

Every single expert in the Tan Family was stunned by their old ancestor’s actions.

In the past, Tan Bi had already instructed everyone to kneel in order to receive Huang Xiaolong, but the elders didn’t take his words seriously. After all, Huang Xiaolong was a mere grand elder in the Huang Family, but he should only be at the high-level Nascent Soul Realm. Why would they kneel before him?

In the Huaxia Alliance, only the six leaders had the authority to make them kneel!

But when they saw their old ancestor and grand elders getting to their knees, they jumped in fright.

A look of amazement could be seen on their faces as they stood there in shock.

As for Tan Wei, she was also allowed to welcome Huang Xiaolong’s party because of her relationship with Huang Datou. When she saw her grandfather and her second uncle, Tan Jian, rushing over to Huang Xiaolong’s flying ship, she gasped in shock.

As the doors of the flying ship opened, Tan Bi saw that Tan Wei and the rest of the elders were still on their feet, he snapped at them. “Preposterous! Why aren’t you on your knees?!”

Their legs went numb instantly and that was the first time Tan Wei saw her grandfather's rage.

Without a doubt, all of them fell to their knees by the time Huang Xiaolong disembarked.

When Huang Jiyuan, Wang Meilan, Huang Chenfei, and Huang Datou saw the scene before them, they felt their hearts pounding in fright.

"Xiaolong, this..." Wang Meilan turned to Huang Xiaolong and exclaimed in fright.

"All of you can get up." With a single order, everyone slowly got to their feet. When Huang Xiaolong saw Tan Wei in the crowd, he winked at Huang Chenfei. Getting the message, Huang Chenfei quickly turned to Wang Meilan and spoke, "Mother, she's Young Lady Tan Wei."

Glancing at the crowd, Wang Meilan quickly noticed the young lady as she was the only lady in the group of weird old men.

She didn't care about anyone else as she walked directly over. Grabbing Tan Wei's hand, Wang Meilan giggled, "So you're Young Lady Tan Wei! Datou that brat has always been talking about you!" She looked at Tan Wei from head to toe, and she looked like a satisfied grandmother-in-law. Tan Wei's face flushed red from all the attention she was getting from Wang Meilan.

Huang Datou wanted to dig a hole in the ground and hide himself when he heard what his grandmother said, but there wasn't any chance for him to do something like that.

At a loss of how to react, Tan Wei looked at Tan Bi and her parents. As her parents were elders of the Tan Family, they were qualified to attend the welcoming ceremony hosted by their old ancestor.

A look of encouragement could be seen in their eyes as smiles formed on their faces.

"Yes, Aunty, I am Tan Wei!" Suppressing the anxiety in her heart, she giggled, "Aunty, you're really pretty too!"

A look of joy formed on Wang Meilan's face when she heard how Tan Wei addressed her.

Chapter 3284: Breaking all Ties

Wang Meilan chuckled, "You're really good with words! I'm the little brat's grandmother, and you can just call me grandma in the future."

"Grandma?!" Tan Wei looked at Wang Meilan who looked slightly more than forty at best. Several days ago, Wang Meilan and Huang Jiyuan had been cultivating in the Grand Complete Heaven Formation, and their appearances returned to their youth. Tan Wei's reaction was reasonable as no one would expect Wang Meilan to be Huang Bisheng's grandmother.

Even the experts of the Tan Family were shocked.

Only those who had seen Huang Jiyuan and Wang Meilan in the Blue Dragon Orchard that day managed to keep their calm.

As Wang Meilan chatted with Tan Wei, Huang Xiaolong and the others entered the main hall of the Tan Family with Huang Xiaolong and his parents taking the main seat.

When they were chatting happily, a different scene was playing out over in the Lin Family. Huang Wen hugged Lin Xiaotian's legs as she pleaded, "Xiaotian, please, please stop them from fighting! If this keeps up, Lin Kai will be beaten to death! He's your son after all! You can't allow him to die before your eyes!"

Not too far away, five youngsters were kicking a scrawny young man with everything they had.

Hugging his head, Lin Kai couldn't do a thing to stop any of them. Despite the pain, he didn't utter a single word in pain. He didn't even frown when they kicked him in the areas that hurt. It was as though he was numb to all pain.

Lin Xiaotian glared at Huang Wen coldly. "This is a devil spawn you gave birth to. How dare he steal his sister's spiritual fruits? I'll cripple his hand today to see if he dares to do it again in the future!"

Hearing how Lin Xiaotian was about to cripple her son's hand, Huang Wen's expression finally changed. Tears streamed down her face and she cried, "Xiaotian, if you really cripple him today, he won't be able to live any more! Moreover, you can't even prove that he was the one who stole the fruits! Lin Shuang might be lying for all we know!"

"As a father, you didn't even check if he really stole the fruit! Now you're planning to cripple your son's hand?!"

Lin Kai finally spat out whatever he wanted to say in between kicks. "I didn't steal the fruit!"

A young lady who had her arms crossed before her chest sneered in response, "My maidservant saw you sneaking around my courtyard this morning. What a coincidence for the fruit to go missing? If you didn't do it, did I steal my own spiritual fruit?"

The lady was called Lin Shuang, and she was the most talented disciple of the Lin Family. She was the daughter of Lin Xiaotian and his second wife, and she was extremely favored by her father. She had spiritual fruits for all her meals while Lin Kai and Huang Wen's treatment were worse than dogs.

Whatever the case, the disappearance of a single Sun and Moon Spiritual Fruit wasn't cause for concern. However, Lin Xiaotian's hatred for Huang Wen and her son caused him to allow the beating to happen.

There was a woman over fifty years old standing at the side, and she was fully clad out in precious accessories. She was Zou Xueqing, Lin Xiaotian's second wife!

She was a member of the Zou Family, but her parent's status in the family wasn't high at all! Otherwise, she wouldn't be a second wife in the Lin Family.

She snorted when she looked at Huang Wen, "I lost a spiritual hairpin several months ago that costed a hundred low-grade spirit stones. Seems like it was stolen by this little b*stard too. It's too light a punishment for you to cripple his arms..." Turning to Lin Xiaotian, she continued, "There's no point in keeping him in the family anymore, let's just expel them from the family in case they ruin our reputation any further!"

Huang Wen's expression sank as she yelled at Zou Xueqing, "How dare you accuse him of that! You're lying! You're trying to Frame my son, and you'll die a miserable death!"

Huang Wen could no longer control the flames of hatred in her heart.

However, Zou Xueqing wasn't a kind person either, her expression sank when she heard Huang Wen's curses.

"B*tch! How dare you scold my mother?!" Lin Shuang snapped as she wanted to slap Huang Wen.

Stopping her daughter in time, Zou Xueqing turned to Lin Xiaotian, "Xiaotian, you heard what she said. That woman has a poisonous heart! She dares to curse me to die!"

"Apologize to Xueqing right now!" Lin Xiaotian snapped.

Even though Lin Xiaotian heard what happened in the Huang Family, he had no idea who were the ones in power right now. Moreover, the Lin Family didn't send any experts over to watch the battle. He only knew that Huang Houde was no longer the patriarch of the Huang Family.

"Apoloigize?!" Huang Wen seethed in agner, "Lin Xiaotian, if you dare to cripple Lin Kai's hands today, I'll break off all ties with you!"

Lin Xiaotian's expression turned cold. "Are you threatening me?"

He was enraged as the once docile and quiet Huang Wen dared to defy him in front of others.

"You'll bear the consequences if you dare to do anything to Lin Kai!" Huang Wen had enough.

"I'll cripple him right now!" Lin Xiaotian erupted in rage, and he appeared right in front of Lin Kai. Slashing down, Lin Xiaotian didn't give Huang Wen a chance to stop him. As someone who was cultivated by the family, he had already reached the Second Level Golden Core Realm. Huang Wen was no match for his speed.

She was sent flying at the same time the sound of bones breaking rang in the skies. Lin Kai's arms were completely shattered by Lin Xiaotian.

With blood draining from his face, beads of perspiration dripped from Lin Kai's forehead. Despite the pain, he didn't utter a single word.

"Kai'er!" Huang Wen screamed as she rushed over to grab her son.

Lin Shuang and Zou Xueqing stared at the scene before them with a haughty look on their faces.

"Mother, there's no need to cry. We shall leave this place forever." Lin Kai stood up as he endured the pain. Turning to his mother, a soft smile formed on his face.

Blinking away the tears, Huang Wen nodded resolutely.

"Huang Wen, if you dare to step out of the gates, you better not come crawling back in the future."

Glaring at Lin Xiaotian, Huang Wen gnashed her teeth in anger, "Even if you beg me, I won't ever enter the Lin Family! From today onwards, we shall no longer be husband and wife!"

"Fine! Now, we shall no longer be related. You are not allowed to bring away anything from my Lin Family, and I would like to see you get back to your Huang Family without a single penny on you!"

Sneering in anger, Huang Wen ignored whatever he said and left the gates of the Lin Family.

Lin Shuang couldn't help but sneer at their leaving figures. "Beg you to return? Humph, who do you think you are?"

Seeing the two of them leave, Lin Shuang felt a sense of happiness surging through her heart. Even though her mother had always been favored by Lin Xiaotian, she could never be the first wife. Now that Huang Wen had left, her mother, Zou Xueqing, was finally the first wife of Lin Xiaotian!

Chapter 3285: Arriving at the Lin Family

As soon as Huang Wen left, Lin Xiaotian instructed the members of the Lin Family, “No one is allowed to open the gates even if they return in the future!”

Acknowledging the order, the disciples of the Lin Family bowed respectfully.

...

Huang Xiaolong planned to leave after an hour, but Wang Meilan’s affection for Tan Wei was so obvious that Huang Xiaolong decided to stay for several more hours. He even attended a banquet hosted by the Tan Family.

It was a grand event, and it could be said that it was a little too extravagant. Of course, that was the standards of Earth they were talking about. There were countless dishes of spirit beast meat, spiritual fruits, and everything they could ever think about. Huang Xiaolong’s family, along with Tan Bi, Tan Wei, and Tan Wei’s parents occupied a single table but there were a hundred and eight dishes. The banquet was the most luxurious banquet ever hosted by the Tan Family since the start of time!

In the past, one of the six leaders of the Huaxia Alliance paid them a visit, but even he didn’t receive such treatment.

Tan Jian and the other grand elders of the Tan Family were sitting on the other tables, and all of them toasted Huang Xiaolong with shaky hands. Tan Wei became more and more curious about Huang Xiaolong’s identity.

When she tried to ask about the matter of Huang Bisheng from her parents the day before, she learned that his uncle, Huang Xiaolong, was the supreme elder of the Huang Family. However, how could a mere supreme grand elder, a position held by an expert in the high-level Nascent Soul Realm, command so much respect?!

The banquet lasted for two whole hours, and it was two in the afternoon by the time it ended.

With the members of the Tan Family sending them off respectfully, Huang Xiaolong left on his flying ship.

Before they left, Wang Meilan held Tan Wei's hand enthusiastically as she asked the lady to head over to the Blue Dragon Manor in two days.

Tan Bi was over the moon when he heard Wang Meilan's invitation, and he quickly indicated for Tan Wei to accept. Glancing at Huang Bisheng's tomato-red face, Tan Wei nodded sheepishly.

Wang Meilan also invited Tan Bi and Tan Wei's parents after the lady herself agreed, and Tan Bi nearly jumped in joy. Despite his happiness, he didn't dare to nod his head. He looked at Huang Xiaolong cautiously and only agreed when Huang Xiaolong nodded slightly.

Huang Xiaolong's flying ship left the Tan Family and disappeared into the horizon in the blink of an eye.

However, Tan Bi remained where he stood and stared into the distance.

"Grandfather, is Huang Datou's uncle really so scary? Why are all of you so afraid of him?" Tan Wei couldn't help but ask when she saw that Huang Xiaolong was finally gone.

With his expression sinking all of a sudden, Tan Bi turned serious. "In the future, address him as His Highness! His Highness' matter isn't something you can ask about, do you understand?"

As Tan Wei had always been the apple of Tan Bi's eye, he never raised his voice when he spoke to her in the past. However, his serious demeanor this time caused Tan Wei to feel a little wronged. After all, she was merely asking a question.

"Father, Wei'er is merely curious. She doesn't mean to be rude." Tan Wei's father, Tan Guanghai couldn't help but explain on her behalf.

Tan Bi frowned. "Even if you're curious, you cannot ask about his matters!"

Since he returned from the Blue Dragon Orchard, Huang Xiaolong' act of tearing off Fan Yidong's head was burned into his memory.

His heart would tremble in fear every time he recalled the scene, and cold sweat would form in his heart. That was the Blade Demon they were talking about! He was an expert at the Second Level Enlightenment Realm! Someone like that wielded extreme power, but he was killed without putting up any resistance!

Moreover, his blade was a high-grade spiritual artifact! Huang Xiaolong shattered it with a single flick of his hand!

Tan Bi didn't dare to imagine which realm Huang Xiaolong had reached!

"Only the old ancestors of the six strongest factions should possess that level of strength..." Tan Bi guessed.

In fact, he wasn't the only one who guessed as much. Everyone who witnessed the battle in the Blue Dragon Orchard felt the same.

The old ancestors of the six great sects were hailed as the strongest experts on Earth, and every single one of them could cause the world to shake with a stomp of their foot!

Who in their right minds would go and offend people of their level?!

Even Great General Yang Yuhe and Mo Yuan didn't dare to reveal anything with the threat of Huang Xiaolong looming over their heads.

Huang Xiaolong's flying ship might be fast, but like the roads on earth, there were patrols in the skies too. Not too long after they left the Donglin Province, they were stopped by the police. They were only allowed to continue on their way after Huang Xiaolong flashed his identity plaque as the supreme elder of the Huang Family.

Even though the police didn't know the specifics in the Huang Family, they knew that the Huang Family was one of the ten strongest families in the Huaxia Alliance. The supreme elder of the family wasn't someone they could offend!

Wang Meilan, Huang Jiyuan, Huang Chenfei, and Huang Bisheng was riding in such a luxurious ship for the first time in their lives, and they looked through the windows to see the tiny earth below. They couldn't help but point at everything that fascinated them.

"That... Isn't that the Heavenly Dragon Building?!" After three hours, Huang Datou pointed towards one of the giant buildings below them and gasped in surprise.

"That's right!" Huang Chenfei looked at the building in awe.

"That's the tallest building in our Huaxia Alliance!"

Wang Meilan looked at the giant building that resembled a slumbering dragon in the skies and she asked, "Wouldn't it cost a lot to build something so massive?"

"I've heard that the Ying Family used more than three billion low-grade spirit stones in order to build the Heavenly Dragon Building." Huang Chenfei nodded.

"What?! Three... Three billion?!" Wang Meilan and Huang Jiyuan were stunned. To the two of them, that amount was something they couldn't begin to imagine!

"I've heard that the old ancestor of the Ying Family laid down several restrictions around the building. The heavenly dragon formation itself cost more than a billion low-grade spirit stones! As for the interior of the building, it was made with the highest grade materials Earth had to offer! Even the toilets are extremely luxurious!" Huang Chenfei exclaimed in excitement.

The Heavenly Dragon Building wasn't just the pride of the Huaxia Alliance, but it was also the only building of its kind in the world! Various important activities were held in the building itself, and the supreme leaders of the various factions would be hosted there!

“I wonder what the interior of the building looks like...” Wang Meilan sighed.

A bitter smile formed on Huang Chenfei’s face. “Mother, the building isn’t open to the public! I’ve heard that even the six leaders of the Huaxia Alliance wouldn’t be able to enter as they wished! They will only be able to enter if the upper echelons of the Ying Family extended an invitation, and even Enlightenment Realm experts would be unable to force their way through!”

Looking at them, Huang Xiaolong muttered, “If you wish to enter, I’ll bring you in for a tour when we get back two days later.”

Even if the heaven dragon formation was a hundred million times stronger, no one in the mortal world could stop Huang Xiaolong if he wanted to take a stroll in the building.

“Sure!” Wang Meilan smiled when she heard what Huang Xiaolong said.

Opening his mouth slightly, Huang Chenfei chose to remain silent.

The Ying Family was the strongest cultivation family in the Huaxia Alliance! Their ancestor even said that they would kill anyone who entered the building without permission!

Of course, no one knew the extent of Huang Xiaolong’s powers.

Three hours passed in the blink of an eye.

The flying ship finally stopped, and they arrived at the Lin Family!

As Huang Xiaolong and his parents disembarked from the flying ship, they walked towards the entrance of the Lin Family.

When the disciples of the Lin Family saw the luxurious flying ship Huang Xiaolong arrived in, they didn't dare to tardy as they invited them in.

"You are..." One of the disciples asked.

Tossing his identity plaque over to the other party, Huang Xiaolong didn't bother introducing himself. When the disciples looked at it closely, he nearly fainted from fright.

"Senior you are..." Using both hands, he handed the plaque back to Huang Xiaolong.

"You can call me Huang Xiaolong. I'm here with my parents to visit our relative."

Huang Xiaolong? The disciple was stunned for a second. It was clear he hadn't heard of Huang Xiaolong in his life. Huang Xiaolong might be famous in the Donglin Province, but the members of the Lin Family had no idea who he was.

However, the disciple didn't dare to show any disrespect after seeing the plaque. Inviting Huang Xiaolong towards the main hall, he bowed, "Senior, please hold on a minute while we call our grand elder, Lin Qihao, here."

There were ten grand elders in the Lin Family, and Lin Qihao was the one responsible for greeting guests.

Nodding slightly, Huang Xiaolong brought the others into the main hall.

When the disciple reported the matter, Lin Qihao jumped in fright. "What?! Did you just say that he's called Huang Xiaolong?!"

The disciple might not have heard of Huang Xiaolong, but as a grand elder, he learned of Huang Xiaolong's name several days ago. He knew that Huang Xiaolong was a newly appointed grand elder of the Huang Family, and he had a lot of respect from the new Huang Family Patriarch, Huang Shengan!

“Yes grand elder...” The disciple was shocked to see such a huge reaction from the grand elder.

Lin Qihao hastily got to his feet and rushed out of the room instantly. He no longer bothered with his wives and concubines who were having a meal with him, and he charged towards the main hall. “Hurry up and bring me to him!”

Something clicked in his mind all of a sudden and he turned around to bark out several orders. “Notify the other grand elders in the manor right now! We have to welcome Huang Xiaolong properly!”

“Oh right, tell the patriarch too!”

The disciple of the Lin Family was stunned and so were his wives.

His main wife couldn't help but ask, “Qihao, isn't he just a grand elder of the Huang Family? It's good enough for you to go alone, why do you need to notify the patriarch?”

“What the f*ck do you know?!” His yell startled everyone present. “The Huang Family isn't what it used to be!”

His wives looked at each other in shock.

The Huang Family's transformation didn't make its way to the ears of his wives as they weren't expert cultivators...

As soon as Lin Qihao left his courtyard, he didn't bother gathering everyone as he charged towards the main hall. His expression was solemn, and the disciples who looked at him felt their hearts pounding in fear.

“Grand Elder Huang Xiaolong is an esteemed guest of our Lin Family. How dare you guys leave him in the outer section of the main hall?!” Lin Qihao snapped at the disciples of the Lin Family.

Opening his mouth, no words came out as the disciple had no idea what to say.

Ordinarily, the grand elders were all made to wait in the outer section of the main hall when they came. He was doing what they normally did and saw no reason for Lin Qihao's anger.

After lecturing the disciples on their behavior, Lin Qihao suppressed the anxiety in his heart and muttered to himself, "I wonder why Grand Elder Huang Xiaolong came all the way over to our Lin Family..."

It was already 7pm by the time Huang Xiaolong arrived, and any one who came to pay a visit at that timing would be a cause for concern.

"Grand Elder Huang Xiaolong said that he came with his parents to visit his relative." The disciple reported.

"Visit his relative?!" Lin Qihao was even more confused. Was there someone of the Huang Family in the Lin Family?!

After thinking for some time, he couldn't recall anyone in the Lin Family whose surname started with Huang.

Whatever the case, he arrived at the grand entrance of the main hall and he sucked in a deep breath. Regaining his composure, he stepped into the main hall with a dignified expression on his face.

Lin Qihao's behavior was understandable when one looked at the difference in power between the two families. Now that Huang Shengan entered the Enlightenment Realm while accepting the Tan Family and Sun Family under their banner, they had a total of three Enlightenment Realm experts under their command!

With the Nascent Soul Realm experts of the other families, the Huang Family's strength increased by more than one fold!

Moreover, Huang Xiaolong was the grand elder who gained the trust of Huang Shengan, and he could be said to be someone who had supreme power in the Huang Family!

As soon as Lin Qihao entered the hall, his gaze locked onto Huang Xiaolong. He was shocked. He heard that Huang Xiaolong was a youth who looked to be in his mid-twenties, but he refused to believe that it could be possible. Now, he realized that Huang Xiaolong looked even younger than the rumors! Moreover, he was just too damn handsome!

"I am Lin Qihao, and I greet Grand Elder Huang Xiaolong." Lin Qihao walked towards Huang Xiaolong and smiled, "I've long since heard of brother's reputation!"

Huang Xiaolong nodded slightly in response.

Ignoring Huang Xiaolong's lack of reaction, Lin Qihao continued on to greet those around him.

Very quickly, the other grand elders of the Lin Family arrived, and the entire place bustled with activity. Greetings were thrown all around, and when it finally settled, the patriarch of the Lin Family, Lin Guodong, started the ball rolling. "I've heard that Grand Elder Huang Xiaolong is here to visit your relative. Is that true?"

"That's right. I heard that my sister, Huang Wen, is married into your Huang Family. I'm here with my parents to visit her."

According to Huang Xiaolong's plans, they would head over to visit Huang Wen directly. However, his parents insisted on paying their respects to the upper echelons of the Lin Family in order for them to take note of her.

"Huang Wen?" Everyone from the Lin Family looked at each other in surprise.

"Her husband is Lin Xiaotian." Huang Jiyuan explained.

"Lin Xiaotian?!" Lin Guodong and the others were shocked. Lin Xiaotian was an elder of the Lin Family, and all of them knew who he was. However, they didn't expect that Huang Xiaolong's sister would be married to an elder in the Lin Family! After all, a mere elder of the Lin Family wasn't important enough to catch anyone's eyes!

“Oh!” Lin Guodong forced a laugher while he racked his brains to recall who Huang Jiyuan had mentioned. “I’ll get someone to summon them over right now!”

Very quickly, the direct disciple of the Lin Family Patriarch received the order and he rushed over to Lin Xiaotian’s residence.

Even though Lin Xiaotian was an elder of the Lin Family, his status wasn’t too high. As such, his manor wasn’t located in the headquarters of the Lin Family, and they had to run over to his place to get him. Of course, he didn’t live too far away from the actual headquarters of the Lin Family.

“Brother Lin Xiaotian, congratulations, congratulations!” When Lin Chengtian, the direct disciple of the Lin Family Patriarch, arrived, a look of enthusiasm could be seen on his face.

He felt that Lin Xiaotian was too damn lucky. He was actually able to form a relationship with Grand Elder Huang Xiaolong, and a trace of jealousy formed in his heart.

Chapter 3287: Expelled from the Lin Family

Lin Chengtian’s enthusiasm caused Lin Xiaotian’s head to swell. Lin Chengtian wasn’t just an elder of the Lin Family, he was a Ninth Level Golden Core Realm cultivator, and he was the direct disciple of the Lin Family Patriarch himself! His status in the Lin Family was extremely high, and his authority was only slightly less than the grand elders! When Lin Xiaotian met Lin Chengtian in the past, the latter wouldn’t even look him in the eye! Now, he was acting so cordially towards Lin Xiaotian and the difference was huge!

“Elder Lin Chengtian, this...” Lin Xiaotian couldn’t understand the treatment he was getting and he decided to make a small probe. “Why are you congratulating me?”

Roaring with laughter, Lin Chengtian slapped Lin Xiaotian’s shoulders. “Your brother-in-law is here! Hahaha! With his help, you will definitely succeed in life! You should be taking care of me in the future!”

“My brother-in-law?” Lin Xiaotian was stunned.

Zou Xueqing gasped in shock. "Is my big brother here?"

"This..." Lin Chengtian looked at Zou Xueqing and asked. Could that really be Huang Wen? If that was the case...

There were many elders in the Lin Family, and Lin Xiaotian wasn't even one of the more outstanding ones. Lin Chengtian had no idea what was going on in his life.

Lin Xiaotian hastily responded, "Elder Lin Chengtian, this is my wife, Zou Xueqing!"

After chasing Huang Wen away, he very quickly announced the matter of Zou Xueqing becoming his main wife.

"Wife? Zou Xueqing?" Lin Chengtian couldn't help but frown. "Elder Lin Xiaotian, isn't your wife Huang Wen?" Did Grand Elder Huang Xiaolong of the Huang Family mix things up?

"Huang Wen?!" Lin Xiaotian yelled in shock.

Lin Shuang who was standing at the side snapped when she heard Huang Wen's name. "Humph! That b*tch was expelled from the Lin Family by my father half a day ago! My mother is Lin Xiaotian's wife no!"

"What?! What did you just say?!" Lin Chengtian felt his body freezing up in fear. Pointing at Lin Xiaotian, he roared, "You... What the f*ck did you do?!"

That was Huang Wen they were talking about, the sister of Grand Elder Huang Xiaolong of the Huang Family! She was expelled from the family by this dumb*ss of an elder! If Huang Xiaolong ever found out...

Lin Chengtian felt his heart pounding in fear at the consequences.

When Lin Xiaotian saw Lin Chengtian's reaction, he frowned. Why was someone else going crazy because of a wife he discarded?

"Elder Lin Chengtian this..."

"Explain yourself right now! Why did you expel her from the family?!" Lin Chengtian roared in anger. He couldn't understand why Lin Xiaotian would actually do something so stupid.

"That sl*t's son stole my mother's spiritual hairpin and my spiritual fruit! My father crippled his arms and kicked them out of the Lin Family half a day ago!" Lin Shuang snapped haughtily.

Crippled Huang Wen's son's arms...

Kicked them out of the Lin Family...

Lin Chengtian felt the world spinning around him.

Wasn't Huang Wen's son Huang Xiaolong's nephew?!

A terrifying wave of killing intent rused out form Lin Chengtian's body and he glared at Lin Xiaotian. "You... You id*ot! Get them back right now! Bring Huang Wen and her son over to me!"

Lin Xiaotian was stunned by Lin Chengtian's sudden outburst, and he couldn't help but ask. "Elder Lin Chengtian, what's going on?"

Zou Xueqing, Lin Shuang, and his other wives stared at Lin Chengtian in confusion.

An urge to send Lin Xiaotian flying with a single slap surged through Lin Chengtian's mind, and he roared in anger, "That's because her older brother is here!"

“Huang Wen’s older brother?” Lin Xiaotian knew that she only had a young brother called Huang Chenfei. Where did her older brother come from?!

“Elder Lin Chengtian, did you get something wrong? Huang Wen doesn’t have an older brother. She only has a younger brother called Huang Chenfei, and he’s nothing but a cripple!”

“As for her parents, they are on the verge of death!”

Lin Chengtian sneered angrily, “Mistaken? You’re really dumber than I thought. You have no idea what went on in the Huang Family do you? Let me tell you right now! Huang Wen’s older brother returned eight days ago, and he’s called Huang Xiaolong! He ascended to the position of a grand elder the moment he returned, and do you know which Huang Family I’m talking about right now?!”

“Huang Xiaolong?!” Lin Xiaotian stared at him in shock. “The newly ascended leader of the grand elders of the Huang Family?! You... You... Huang Wen’s older brother...”

Huang Xiaolong’s name flashed through his mind all of a sudden. He heard of that name several days ago, and he didn’t really care about it.

However, it seemed as though he had gotten himself into a whole lot of trouble.

Lin Xiaotian’s wives stared at him in shock.

It was especially so for Zou Xueqing and Lin Shuang. They didn’t expect that she would be the younger sister of a grand elder of the Huang Family! The supreme grand elders no less!

“That’s right!” Lin Chengtian’s eyes were cold as he glared at Lin Xiaotian. “They are in the main hall of our Lin Family right now! My master and the grand elders appeared personally to greet him. If you fail to locate Huang Wen right now, you’ll be in deep trouble!”

Lin Xiaotian finally realized how serious the situation was and panic set in his heart.

He wasn't the only one. Zou Xueqing was equally as nervous. If he learned that she was the one who forced his sister to...

"Elder Lin Chengtian, she has already left for half a day! How am I supposed to locate her?!" Lin Xiaotian cried out in panic.

Forcing himself to calm down, Lin Chengtian knew that there was no other choice. He suppressed his anger and growled. "I'll bring you over to the main hall right now. When you meet Huang Xiaolong and the others, do not mention anything about how you expelled her from the Lin Family! Say that they left several days ago."

"The universities would start their lessons in two days, and you can say that Huang Wen sent her son, Lin Kai, over to school! Alright. That settles it!" Lin Chengtian sighed.

"Hide this from Huang Xiaolong now. When we launch an actual search for Huang Wen several days later, you better beg for her forgiveness. Do you understand me?!"

Lin Xiaotian wanted to say something, but he nodded eventually.

As such, the two of them made their way towards the main hall of the Lin Family.

After Lin Chengtian left, Lin Shuang snapped. "How dare he ask my father to apologize to that s!t?! He's just a grand elder of the Huang Family. Humph. My father is an elder of the Lin Family! Even if he learns of what we did, they wouldn't dare to move against my father!"

Zou Xueqing, who was leagues ahead of her silly daughter, realized the seriousness of the situation and she warned, "Shuang'er, you can say anything you wish now, but when Huang Wen actually returns, we have to apologize to them. We have to appear sincere no matter what. We need to ensure the two of them doesn't pursue the situation. If Huang Wen actually complains about us, things will get ugly."

Zou Xueqing was no fool. The only thing she wanted now was for Huang Wen to return and for the entire thing to blow over with a simple apology.

When they were speaking to each other, Lin Chengtian and Lin Xiaotian had already returned to the main hall. Lin Xiaotian saw the members of the Huang Family sitting comfortably in the main hall.

Huang Jiyuan and Wang Meilan's transformation was too huge, and he didn't recognize them. The only one he managed to identify was Huang Chengfei, but even so, he knew that Huang Chenfei looked many years younger than he once was. He was no longer the cripple, and Lin Xiaotian gasped in shock.

"Where's my sister?" Huang Xiaolong's expression fell when he saw that the only person to arrive was Lin Xiaotian.

Chapter 3288: Exterminate the Lin Family

Other people might not be able to realize that something was wrong, but Huang Xiaolong was no ordinary man. He was an old monster who experienced more than a hundred million years of life. He knew that something was wrong the moment Lin Xiaotian entered the hall.

No matter how hard the two of them tried to play it off, Huang Xiaolong caught them instantly.

With his actual cultivation base at the God of Creation Realm, Huang Xiaolong's aura alone was terrifying despite his suppression of his cultivation base. How could a mere Golden Core Realm cultivator hide anything from him?! With a plop, he fell to his knees.

Lin Xiaotian stared at Huang Xiaolong. Was that the power of an expert at the Nascent Soul Realm?

"Senior, Lord, I..." Lin Xiaotian failed to form a single coherent sentence.

"What's going on?!" Lin Guodong and the others realized that something was wrong. In a state of panic, they couldn't respond in time.

"Speak! Where is my sister!" A trace of coldness flashed through Huang Xiaolong's eyes and he dragged Lin Xiaotian towards him with a wave of his arm.

Feeling the killing intent rolling off Huang Xiaolong's body, Lin Xiaotian's mind went blank and he forgot everything they rehearsed previously. "She... She... She was expelled from the Lin Family yesterday!"

"WHAT?!" Lin Guodong and the others jumped in fright.

When they heard that Huang Wen was expelled from the family, Huang Jiyuan and the others felt their expressions changing. It was especially so for Wang Meilan. She grabbed Lin Xiaotian by the collar and screamed, "Why did you do that? Why would you expel my daughter from the Lin Family?! What wrong did she do?!"

Lin Xiaotian was so terrified by Huang Xiaolong that he couldn't utter a word.

In an instant, he spoke about the matters that happened that day.

When they heard everything that happened, Wang Meilan cried out in anger, "You're a heartless b*stard! Lin Kai is your son! How could you listen to everything Zou Xueqing and her daughter said?!"

As Huang Xiaolong had his back towards Lin Guodong, the latter didn't manage to see the terrifying expression on Huang Xiaolong's face. Stepping up as the patriarch of the Lin Family, he tried to make things better. "Grand Elder Huang, please hand the matter over to me. I will get to the bottom of it. If Zou Xueqing and her daughter really conspired against your sister, I will definitely punish them accordingly! I will ensure that I give Grand Elder Huang a proper explanation!"

Even though that was what Lin Guodong said, he was obviously siding with Lin Xiaotian! Of course, he couldn't side with an outsider when a member of his family was threatened. Despite Lin Xiaotian crippling his son and expelling his wife from the family, he had to do all he could as the patriarch! Even if he did punish them in the future, he would let them off easily!

There was no way they could hand them over to Huang Xiaolong! Otherwise, the Lin Family's name would be dragged through the mud!

Turning around, Huang Xiaolong glared at Lin Guodong. "You wish to conduct your own investigation? Do you really think you will give them a fair trial?"

Lin Guodong's heart trembled uncomfortably when he looked at Huang Xiaolong. He knew that he wasn't planning to, but he was the Lin Family Patriarch and he had to keep up the appearances no matter what!

"Grand Elder Huang Xiaolong, Xiaotian is a member of my Lin Family!" Lin Guodong wanted to continue, but a terrifying aura emerged from Huang Xiaolong's body as anger clouded his heart.

"Scram!"

A single word from Huang Xiaolong was like the heavenly tribulation that was about to end the world. As they were located in the Ha Province, the entire continent shook and more than ten cities and the tens of millions of people located in the area heard his yell. They felt the boundless killing intent rolling off Huang Xiaolong and they stared into the skies in horror.

Practically every single beast in the continent got to their knees in an instant and even those hiding in their caves fell to the ground.

Some even urinated on the ground in fear.

The flying ships in the air above the Ha Province trembled like a leaf in the wind and all of them had to make an emergency landing after the soundwave slammed into them.

As for Lin Guodong who was standing in front of Huang Xiaolong, he was sent flying in an instant. The main hall of the Lin Family was reduced to dust and the structures around crumbled. Lin Guodong wasn't the only one who was sent flying as the other experts in the hall experienced the same fate.

As for Lin Chengtian, he felt as though he was a blade of grass in a hurricane.

Lin Xiaotian was the only exception. He wasn't sent flying as blood sprayed from all seven orifices of his body.

Lin Guodong and the others stared at Huang Xiaolong fearfully.

“You...” Lin Guodong failed to complete his sentence, and no one knew if it was because of his fear for Huang Xiaolong or his injuries.

As the patriarch of the Lin Family, Lin Guodong was even stronger than Huang Houde! He was an Eighth Level Nascent Soul Realm expert, but he failed to withstand a single snort from Huang Xiaolong!

In fact, Huang Xiaolong only used a tiny bit of his power at the Ninth Level Void Immortal Realm. Even so, none of them were able to resist his power.

“All of you better start praying to whatever god you believe in right now. You better pray that my sister and my nephew doesn’t run into any mishap. If they do, I’ll raze your Lin Family to the ground!” Huang Xiaolong glared at Lin Guodong and the others before disappearing from his spot. The most important thing right now was to locate his sister, and not to discipline the Lin Family.

When Lin Guodong saw how Huang Xiaolong disappeared from his spot, he felt extreme regret in his heart. If he knew how terrifying Huang Xiaolong was, he wouldn’t even try to protect the members of his Lin Family.

All of a sudden, he caught sight of Wang Meilan and the others. He saw the look of fear and shock on their faces and a trace of hope formed in his heart. He couldn’t be bothered with his injuries as he crawled over to Wang Meilan and Huang Jiyuan. “Please, please help to plead on our behalf! I know my mistakes!”

When Huang Xiaolong left, Lin Guodong knew that he would definitely live up to his words and exterminate the Lin Family if anything happened to his sister and his nephew.

The grand elders of the Lin Family were the same. They begged Wang Meilan and Huang Jiyuan for mercy.

In fact, Huang Jiyuan and Wang Meilan were shocked by Huang Xiaolong’s sudden outburst.

...

At that instant, Huang Wen and Lin Kai were surrounded by more than a dozen beasts in a certain mountain range away from the Ha Province. There were several beast corpses lining the road as blood stained the ground red. No one knew if the blood came from the beasts or from the mother son duo.

Lin Kai's arms were crippled, and the two of them didn't have any money on them. Initially, Huang Wen wanted to pick some herbs for Lin Kai, but no one expected them to be surrounded by more than a dozen beasts. Luckily for them, Huang Wen was in the Foundation Building Realm and she managed to fight them off. However, she wasn't able to sustain for long and the two of them fell into danger.

Huang Wen's wounds were bleeding non-stop as Lin Kai's legs were bitten by one of the beasts.

"Mother, you have to leave right now! Leave me!" Lin Kai cried. "If you stay here, none of us will be able to leave!"

Huang Wen shook her head resolutely and she sobbed, "I'm not going anywhere! If you die, I won't have the will to live anymore! The two of us shall reunite in the afterlife! The only thing I regret is not being a filial daughter! I won't be able to see your grandparents ever again!"

"If we die, there won't be anyone left to avenge us! Please! Dying here will be too easy on those two women!"

A beast lunged at Lin Kai as he completed his sentence, and its fangs appeared beside Lin Kai's neck in an instant.

With a sad smile forming on his face, Lin Kai accepted his fate.

Chapter 3289: You're Back!

Huang Wen screamed in terror, "Kai'er, no!"

Her voice cracked and sadness filled her heart.

Right before the fangs of the beast could pierce his neck, the two of them felt as though the world turned silent. The entire world around them returned to peace as they stared at each other in shock.

Lin Kai widened his eyes as he looked at a handsome young man appeared before him. With a simple point, the beast exploded into a mist of blood a hundred meters away from the group.

Lin Kai was even more shocked to discover that the beasts that surrounded Huang Wen popped like bubbles without a single sound. Not a single one of them remained intact.

After they popped, the noise that disappeared returned and time seemed to flow again.

Lin Kai stared at the scene before him in disbelief. He didn't even realize that his wounds were bleeding, and Huang Wen was the same. The despair in her heart turned to confusion as everything changed too suddenly.

She stared at the person who just appeared and a sense of familiarity filled her heart.

Turning around, Huang Xiaolong looked at his long lost sister.

When she saw Huang Xiaolong's face, Huang Wen felt her body freezing in shock. This... This youngster was exactly the same as the man in her memories a hundred years ago!

There was no way two people could look so similar!

"Sister." Huang Xiaolong looked at his sister whose hair had already turned white. Her face was filled with wrinkles, and her body was as skinny as could be.

...

Huang Wen felt a jolt running through her body when she heard how he called her, Tears streamed down her face, but she couldn't believe who it was. "You... You... Who are you?! Are you really..."

She didn't dare to continue. After all, she had always been wishing for her older brother's return for the past one hundred years. Day after day, she was disappointed. Finally, the last of her hope disappeared and she felt that Huang Xiaolong was gone for good.

"That's right! It's me! I'm back!" A smile formed on Huang Xiaolong's face as he slowly approached Huang Wen.

It was the same smile she remembered one hundred years ago!

Running towards him, Huang Wen could no longer control her emotions. She bawled her eyes out, and she cried her hearts out. She hugged the figure without letting go and she poured all her grievances out.

She wanted to let everything out.

"Elder Brother, you're finally back! I... I... I've been so tired these past few years!" Huang Wen hugged Huang Xiaolong and she cried. "Do you know? Lin Kai's life has been hard! He can't return to a home that exists, and I haven't seen mum and dad for years!"

"Every time I try to go back, Lin Xiaotian will always stop me! He even trapped me in my room once!"

"Zou Xueqing and her daughter will always find ways to make life difficult for me and Kai'er!"

...

She cried out all the injustice she experienced and Huang Xiaolong couldn't help but rub her head affectionately when he heard her stories. "Don't worry. I'm back."

"No one will be able to wrong you any more. I, Huang Xiaolong, will get back at them on your behalf!"

Lin Kai looked at his mother who was crying her eyes out and gasped in shock.

Elder Brother?

Why was she calling someone younger than her son that?!

Wait a minute. He heard about the stories from his mother once, and he wondered if the young man in front of him was the legendary uncle he had!

After crying for some time, Huang Wen finally dried her eyes. She looked at Huang Xiaolong in disbelief. "Brother, are you really back?! I'm not dreaming am I?"

The familiar smile formed on Huang Xiaolong's face once again. He chuckled at the absurd notion. After all, she had been hugging him for the past half an hour or so.

"Of course it's real. Chenfei and our parents followed me to the Lin Family to visit you, and all of them are currently in the main hall of the Lin Family waiting for your return!"

Huang Wen jumped in joy. "Are they all here?!"

"Of course they are. When we get back later, you'll be able to see them. But first, I will need to treat your injuries." As soon as he spoke, he retrieved two stalks of spiritual herbs.

"Radiant Saint Blood Ginseng!" Huang Wen cried out in shock. "These... These have grown for five hundred years!"

Radiant Saint Blood Ginseng that grew for five hundred years!

That was a spiritual herb specialized in treating injuries!

Of course, they were herbs Huang Xiaolong planted in his garden.

Chuckling softly, Huang Xiaolong explained, "You're half right. These are six hundred year old Radiant Saint Blood Ginseng." He handed them over to Huang Wen and Lin Kai.

However, Huang Wen shook her head to refuse. "Brother, these are too precious! Our injuries aren't that bad, and it's a waste for us to use these herbs!"

Staring at her in shock, Huang Xiaolong tried many different ways to get them to refine the herb. After some long and hard persuasion, they finally ate it. When they refined the herb, Huang Xiaolong started to assist them in reforming their bodies. Like what he did to Huang Jiyuan and Wang Meilan, he transformed their bodies completely.

It went without surprise that Lin Kai's arms started to heal. They were just broken bones at best, and even if every single bone in his body turned to dust, Huang Xiaolong was more than capable of bringing him back to normal.

A soft light enveloped their bodies and the two of them started to break through continuously.

In the past, Huang Xiaolong did the same thing when he helped his parents. Now, it was Huang Wen and Lin Kai's turn.

Several minutes later...

Huang Xiaolong finally stopped.

When the two of them opened their eyes again, they were shocked.

"Mum, you... you became so young!" Lin Kai cried out in shock. He couldn't believe that the woman in her mid forties was really his mother!

In the past, Huang Wen looked like a grandma in her nineties. Her hair was now silky and black, and her skin was smooth again!

Huang Wen was stunned when she heard what Lin Kai said. She examined herself, and she jumped in fright. "I seem to have broken through to the Seventh Level Foundation Building Realm!"

"I'm at the Fourth Level Xiantian Realm!" Lin Kai yelled in surprise. "My arm! It's healed!"

"When you were recovering, I gave you a little assistance." Huang Xiaolong chuckled.

When the two of them were finally done examining themselves, Huang Xiaolong brought them back towards the Lin Family.

"Xiaolong, why don't we let it go. I don't wish to step into the Lin Family ever again!" Huang Wen hesitated for a moment before tugging Huang Xiaolong's sleeves.

The Lin Family was an eternal nightmare for her and Lin Kai, and she never wanted to see them again.

However, Huang Xiaolong reassured them, "I learned everything I needed to know. This time, I'll help you get back at them. You will be able to deal with Zou Xueqing and Lin Shuang however you wish. After you punish them, we shall return to the Huang Family! You will never have to see them again!"

Huang Wen nodded, but worries still filled her heart. "Lin Xiaotian is an elder of the Lin Family, and he isn't someone you can punish as you please! He really loves Zou Xueqing and Lin Shuang, and there's no way he will hand them over to us!"

"Yeah! Uncle, Lin Xiaotian tries to put on a front that he's a proper elder of the Lin Family and he managed to form several connections with the elders of the family. If he refuses to hand them over, we won't be able to do anything to him..."

Even though Huang Xiaolong had already assisted them in their recovery and pushed their strength up to a whole new level, the two of them had no idea how strong one had to be in order to do something like that!

“Relax. I’m a grand elder of the Huang Family now. Even the Lin Family Patriarch has to show me some respect. Lin Xiaotian wouldn’t dare to hide anything.” Huang Xiaolong chuckled.

Huang Wen and Lin Kai stared at him in shock.

“Brother, have you already broken into the Nascent Soul Realm?!” Huang Wen exclaimed in shock.

Nascent Soul?

Huang Xiaolong nodded and laughed, “Yeah, that’s right. I broke through to the Nascent Soul Realm a long, long time ago...”

As for how long it was, Huang Xiaolong had no idea.

Huang Wen was elated when she heard his reply. “That’s great! I know that with your talent, you will definitely enter the Nascent Soul Realm!”

It was obvious she didn’t pay attention to Huang Xiaolong’s emphasis on a ‘long time’ ago.

Lin Kai was similarly jumping in joy. “Uncle, a grand elder of the Lin Family can earn a thousand low-grade spirit stones a month! Do you get that as a grand elder of the Huang Family?”

Huang Wen glared at him and chided, “You money-faced brat!” Turning to Huang Xiaolong, she chuckled sheepishly, “Ignore him... This little kid’s dream is to earn a thousand low-grade spirit stones, and all he can think about is money!”

However, Lin Kai was serious as he explained his motive, “If I can earn a thousand low-grade spirit stones a month, mother and I will be able to eat spirit beast meat every day! Humph, we won’t have to eat salted vegetables and rice everyday...”

Huang Xiaolong’s smile froze and his expression darkened when he heard what Lin Kai said. “Is that how Lin Xiaotian treats you?!”

As an elder in the Lin Family, Lin Xiaotian definitely has a part in the Lin Family's business. His income wasn't low at all, but he fed his wife and son salted vegetables and rice!

"Humph! Getting salted vegetables will be considered a blessing. There are times where we only get soy sauce and white rice! When I try to earn some money myself, Lin Xiaotian will stop me! He even said that if he discovers that I've been working, he'll break my legs!"

A trace of coldness flashed through Huang Xiaolong's eyes.

When Huang Wen noticed the look on his face, she quickly stopped Lin Kai from saying any more. "Brother, it doesn't matter! We might have lived a tough life, but we didn't run into any huge problems!"

Sighing, Huang Xiaolong looked at his sister with a trace of sadness in his eyes. He knew that she was trying to calm him down when she said that. After all, how could one's life be comfortable if they had to eat soy sauce with rice as members of a noble family?!

"Don't worry. In the future, you will definitely be able to eat better!" Huang Xiaolong muttered and he retrieved two spatial bags. He handed one to Huang Wen and one to Lin Kai.

"What's this?" Huang Wen asked with a frown on her face.

"It's a spatial bag, and each bag contains five hundred thousand low-grade spirit stones. You can spend them freely, and buy whatever you wish. If it's not enough, just let me know."

"Five... Five... Five hundred thousand low-grade spirit stones?!" Huang Wen and Lin Kai nearly dropped the bag they were holding. Even five hundred thousand gold coins were a fortune for them! Ever since Huang Wen entered the Lin Family, she had never had more than ten thousand gold coins on her!

Lin Kai was shocked too. Even if he earned one thousand low-grade spirit stones per month, he would only be able to get twelve thousand of them a year! He wouldn't earn that much even if he had forty years of time!

“Brother, where did you get so much money?!” Huang Wen gasped in fright.

“Hahaha, I killed several beasts a few days ago. I traded their inner cores for some spirit stones.” Huang Xiaolong chuckled. “There’s no need to worry. I didn’t rob a bank for this.”

“That’s... That’s not what I meant!” Huang Wen sighed. “This is too much money! We cannot accept this!” After she spoke, she tried to return the pouch to Huang Xiaolong.

“This is nothing to your big brother. After all, I obtained more than twenty million low-grade spirit stones several days ago. There’s no need to stand on ceremony with me! Just keep it!”

Twenty million low-grade spirit stones!

Huang Wen and Lin Kai stared at him in amazement.

The two of them didn’t even understand what concept twenty million was!

Eventually, Huang Xiaolong managed to persuade them to keep the spirit stones. When they did, they felt their bodies getting heavier by a whole lot, even though it was a mere psychological reaction.

It didn’t take them long to return to the Lin Family. When they returned, Huang Wen and Lin Kai saw that an entire chunk of the Lin Family had been leveled into nothingness and they stared at the scene before them in shock.

“Senior Huang, you’re back!” Lin Guodong, who had been waiting uneasily, yelled the moment he saw Huang Xiaolong. When he saw the mother and son duo following behind him, he heaved a sigh of relief in his heart. He seemed to have seen the light at the end of the tunnel as he welcomed them back.

The grand elders of the Lin Family rushed forward to welcome Huang Xiaolong.

There were looks of fear and respect on their faces, and they no longer dared to call Huang Xiaolong's full name out loud. Ever since Huang Xiaolong disappeared from the main hall, they seemed to have thought of something! They could also guess that the changes in the Huang Family had something to do with him, and a terrifying image flashed through their minds.

Huang Wen And Lin Kai felt their jaws dropping in fright when they saw how respectful the Lin Family was behaving when they saw Huang Xiaolong.

Snorting lightly, Huang Xiaolong didn't bother too much with their greeting.

Wang Meilan, Huang Jiyuan, Huang Chenfei, and Big Headed Huang slowly made their way over when they saw that Huang Xiaolong was back.

"Are you... Are you Wen'er?" Wang Meilan stared at Huang Wen in shock.

"Mum?" Huang Wen gasped.

When they were making their way back, Huang Xiaolong told Huang Wen about how their parents' appearances had already returned to their youth. As such, Huang Wen wasn't too surprised when she saw the change.

With tears streaming down their faces, Huang Wen and Wang Meilan hugged each other without any intention of letting go.

"My dear daughter!"

Huang Jiyuan and the others eventually made their way over and joined the group hug.

The only person who didn't take part was Huang Xiaolong, and he looked at the members of the Lin Family. He noticed Lin Xiaotian's sorry appearance as several ladies and their children knelt beside him. It seemed as though they were all members of Lin Xiaotian's family.

Huang Xiaolong's gaze landed on Zou Xueqing and Lin Shuang as he saw their bodies trembling in fright.

"Who is Zou Xueqing and Lin Shuang?" Huang Xiaolong muttered softly.

Their bodies shook like a leaf in the wind when Huang Xiaolong called their names.

"Senior Huang, you're looking right at them!" Lin Guodong pointed at the mother daughter pair instantly.

Zou Xueqing and Lin Shuang were summoned by Lin Xiaotian along with all his other children.

"Did you find out what happened?" Huang Xiaolong stared at Lin Guodong and caused the latter's knees to go weak.

"Yes, yes, yes. I got to the bottom of the matter."

"It's good that you did." Huang Xiaolong snorted and he made his way over to the mother and daughter pair.
