

Conqueror 3351

Chapter 3351: Great Valley

“The cities have already been taken over?” Huang Xiaolong frowned. That was the city closest to the Arabian Sea. It was extremely far away from the valley, but it seemed as though it had already fallen.

“That’s right. All the humans in there have already escaped! Those that haven’t are probably dead. If you head there alone, you’ll be sending yourself to death!” the young lady from the African Continent explained.

“It’s alright. I only wish to take a look,” Huang Xiaolong muttered before turning his attention over.

However, he was stopped by the lady. “You... Are you stupid?! You’ll die if you go there! Let me tell you right now, there are monsters there in the Nascent Soul Realm and Enlightenment Realm!”

Huang Xiaolong chuckled when he noticed her reaction. “Alright, I’ll go in there and kill them all as a service to all of us.”

The young lady stared at him in stunned silence for a moment. However, one of the youngsters behind her sneered, “Kill them? Do you really think that you’re an old ancestor of one of the six great factions?! You’re just a twenty-something-year-old. At most, you’re in the Foundation Building Realm. You’ll be dead before you even approach the city!”

The young lady continued, “Ah Yi has always been like that... Please don’t take any offense. He didn’t mean to be rude. I’m pretty familiar with the place, and you should follow us as we make our escape!”

After she spoke, she tried to direct him away from the city.

Huang Xiaolong wanted to say something, but he was eventually dragged away.

“This place should be pretty far from the valley, right? Are all the cities along the coast overrun?” Huang Xiaolong asked.

The young lady shook her head and sighed, "Not all of them. Only those in the surroundings." A look of worry formed on her face and she continued, "However, the number of creatures is increasing by the second. I'm afraid the entire continent would be taken over by them soon. Now, they have already conquered more than a third of the continent! Another third of the continent is a wasteland!"

Now, humans only populated a third of the African Continent!

It seemed as though the situation was direr than they thought.

"Where are we headed?"

"We're going to Mandela City. The troops of the alliance are protecting the area," She replied.

"Mandela?! I was planning on going to the Great Valley!" Huang Xiaolong explained.

"What?!" All of them gasped in shock.

Now, everyone is running away from the Great Valley. This random youngster they met said that he planned to head over there.

"Are you planning to look for black diamonds?!" the young lady asked.

"Black diamonds?"

"Don't you know? Before the monsters appeared, black diamonds spewed from the cracks! Black diamonds contain an extreme amount of power and one could even use them to cultivate! It's much better than thousand-year-old herbs! A black diamond the size of my fingertip will cost nearly a hundred thousand low-grade spiritual stones!"

"There was someone who found a black diamond the size of a fist, and it sold for hundreds of millions!"

“Now, everyone strong enough to head there plans to look for black diamonds!”

“Yesterday, my big brother left to look for treasures in the area!” The young lady’s voice grew softer when she spoke about her brother.

Huang Xiaolong quickly connected the dots. The lady before him was from the Pier Family in the Ye Country of the African Continent. She was called Alexis, and her ancestors were from the royal family of the Ye Country. However, her bloodline was already extremely thin compared to the first-generation royals.

The Pier Family could be considered a second-rate family after breaking away from the royal family, and the strongest expert was her older brother, a Golden Core Realm expert. He was the patriarch of the Pier Family.

The greatest wish of her brother was for the family to regain its former glory.

When he heard that there were black diamonds suitable for increasing cultivation appearing in the great valley, he felt that it was their chance to finally turn the tables and rise to glory. He didn’t care about the warnings and brought all the experts in the family towards the great valley.

It was too bad there was no news of them even to this day. The reason Alexis appeared in the region was because she wanted to look for him.

She relied on him heavily, and if anything were to happen to him, her world would come crumbling down.

As such, she had to look for him no matter how dangerous it got.

“However, I’m not too familiar with the region. In order to venture deeper, we need to look for a guide in the city,” Alexis explained.

“What do you think? If you’re heading to the valley too, we can go together,” she asked Huang Xiaolong.

Huang Xiaolong chuckled in response. "Sure, since you saved my life earlier..." He was clearly referring to the part where she 'saved' his life by telling him not to go to the city alone.

Since the city had already been invaded by tons of monsters, it was nothing but a death zone.

"Young Lady, we can't even take care of ourselves..." one of the old experts beside her interrupted.

He was a Sixth Level Golden Core Realm expert, and he was the strongest among the six-man party.

He was clearly saying that Huang Xiaolong would be nothing more than a burden during their trip to the great valley.

"It's alright, we can use all the help we can get." Alexis shook her head and continued, "With more people, we can look out for each other!"

"But..." The old man tried once again, but he was quickly cut off.

"There's no need to say anymore, Uncle Keta, it's alright."

Seeing as there was no way to talk her out of it, the old expert could only glare at Huang Xiaolong. There was a trace of wariness in his heart as he had experienced too much of life. He had seen many bad things throughout the course of his adventures. It was indeed suspicious for someone to join them halfway through the journey.

An hour later, they finally arrived in the city.

The number of troops guarding the area was uncountable, and there was an air of tension that came rushing towards them the moment they approached.

After going through a round of stringent checks, they finally entered the city.

Looking around, the group finally found someone who was familiar with the area around the valley. However, the price shocked Alexis. “What?! A hundred thousand low-grade spiritual stones?!”

“Why don’t you go rob a bank instead?!” Ah Hao roared.

“Heh, if you can’t afford it, go look for someone else.” The guide sneered. “Let me tell you right now, there aren’t many people familiar with the area. All of the others should have already found a job.”

Huang Xiaolong tossed over a spatial ring, and he muttered, “Here’s your payment.”

Alexis and the others gasped in fright. They didn’t expect Huang Xiaolong to be so rich.

After checking the amount, the guide revealed a toothy grin. “Alright, when do you wish to set off?”

Alexis looked at Huang Xiaolong, and she lowered her head slightly. “Young Master Huang, I’ll return you the money in the future...”

Huang Xiaolong shook his hand and laughed, “It’s nothing much to me. After all, I need to head over there anyway. You can consider this repayment for your advice earlier.”

A grateful expression filled Alexis’s face. “Should we leave right now?”

“Alright.”

Chapter 3352: Demon Hell Secret Region

As such, the group left the city for the Great Valley the next instant.

After their introductions, they discovered that their guide was a famous adventurer in the African Continent.

“I would explore the area before the valley appeared. I might not dare to claim to know everything in the world, but I am certain that I know all there is to know about the region around the valley,” the guide, Ife, started to boast of his abilities.

“Oh? Do you know the reason behind the appearance of the valley?” Huang Xiaolong asked.

Ife hesitated for a moment before nodding his head. “Yes, I do!”

Alexis was shocked. “I heard that no one knows the reason behind the appearance of the weird monsters pouring out from the valley. How do you know the cause behind it?”

Experts all over the world used satellite images to look at the area around the valley in order to determine the reason behind its appearance. However, they were unable to do so. Since Ife claimed that he knew the reason, the world would tremble if the news got out.

“Since you know the reason, why don’t you report it to the great alliance?” Ayi asked.

A sneer formed on Ife’s lips. “Why should I tell them?”

Frowns formed on the faces of those present.

“Even if I look for an official and tell him the reason, he might not believe me. Even if they do, they will definitely report it to the higher-ups and claim all the credit for themselves.” Ife sneered. “I won’t get anything out of it. In fact, they might even silence me to keep it a secret!”

Huang Xiaolong looked at Ife with a look of amusement. “Why would you trust us then?”

“Humph. I’m great at judging people.” However, he paused for a second. “Anyway, I didn’t say that I’m telling you the reason behind the appearance of the valley.”

Huang Xiaolong tossed over another spatial ring. “There’s another hundred thousand in there.”

Alexis and the rest were shocked. They didn't expect Huang Xiaolong to buy an answer for a hundred thousand low-grade spiritual stones.

According to them, it didn't really matter even if he knew, right?

Ife looked at the ring in his hand before turning to look at Huang Xiaolong with suspicion in his eyes. "Young Master Huang, you're planning to go there for the black diamonds, right?"

"Hurry up and get to the point," Huang Xiaolong muttered.

"In fact, I'm no adventurer. I'm an archaeologist! The reason I chose to adventure near the valley was because I discovered a secret region there!"

"Secret region?!" Alexis, and the others gasped in fright.

Huang Xiaolong's heart trembled slightly and he seemed to have thought of something.

"That's right! It's a secret region called the Devil Hell Secret Region!" Ife turned serious, and his tone sank, "All these years, I failed to find the entrance of the secret region."

"Do you mean to say that the Great Valley is now the entrance to the Devil Hell Secret Region?! Are the monsters all from hell?!" Alexis yelled in terror.

"Yes."

Everyone looked at each other doubtfully as the story was too unbelievable.

Ife turned to Huang Xiaolong and continued, "Young Master Huang, do you believe my theory?"

"I do." Huang Xiaolong nodded.

Indeed, the Devil Hell should be a secret region like the Kun Lun Saint Region.

The only difference was the person who left the region behind. Pangu was the one behind the creation of the Kun Lun Saint Region, but he had no idea who left behind the Devil Hell Secret Region.

Alexis and the others were a little speechless when they heard that Huang Xiaolong agreed to the man's speculations.

"Are the black diamonds a type of energy crystal born in the secret region?" Huang Xiaolong continued.

Ife's jaws dropped when he heard what Huang Xiaolong asked. "That's right... I guessed as much. The black diamonds greatly resemble the spirit stones on earth."

"If someone manages to enter the Devil Hell Secret Region, wouldn't they make it rich?!" Keta gasped.

Ife could see the greed in Keta's eyes, and he chuckled in amusement. "If you make it out alive, you'll be rich. You won't be able to stop counting the money you make if you return alive! However, are you sure that you can make it out in one piece? It's said that Lord Yuan Hui entered the valley once, but he was forced back after going in several hundred meters. The devil qi in the area is too terrifying. I'm afraid that even the experts who have surpassed the Enlightenment Realm wouldn't be able to go too deep into the valley."

Keta and the others felt their scalp going numb.

"The only people who might be able to enter the valley would be the ancient immortals from the Huaxia Alliance if they return to life..."

Huang Xiaolong remained calm as he asked Ife about the current happenings around the Great Valley. Perhaps it was because he took Huang Xiaolong's spiritual stones, he told him everything he knew. However, he didn't know anything that happened within the valley. The only thing he knew was the stuff recorded in the ancient scripts.

Along the way, Ife told Huang Xiaolong and the rest about his great adventures. All of them were as weird as could be, and Alexis and the others learned a lot from him.

Along the way, Huang Xiaolong realized that Ife was a pretty good guy. The only thing about him was that he was avaricious.

“After crossing this mountain, we’ll arrive in the Crimson Flames Basin.” Ife pointed towards the peak before them, and he explained, “The valley is right in the middle of the basin! When we enter the basin, there will be tons of monsters!”

It was a kind reminder to all of them that things would become dangerous.

As he was really familiar with the area, they didn’t run into any creatures along the way.

However, it would be unavoidable the moment they entered the basin.

When they arrived before the giant mountain, he reminded them about various things they had to take note of.

However, they saw a group of people flying back towards them, and it was clear that they came from the valley.

“Haha! We’re going to be rich! We found more than thirty black diamonds this time, and there’s one of them the size of a small fist!”

“Loos is really stupid to believe us. However, it’s lucky he did. Otherwise, we wouldn’t be able to escape from the multitude of creatures...”

Laughter filled the air.

However, the mood was completely different on Alexis's side. Her expression changed instantly, and she rushed over to stop the group of people. "Laha, what did you just say?! What happened to my big brother?!"

She was naturally referring to the man they called Loos.

The man she spoke to was a young patriarch from the Nande Family from one of the surrounding cities. However, they were much stronger than the Pier Family.

The young man looked at Alexis and sneered, "Hahaha! Look, it's little sister Alexis!"

After he spoke, all of them surrounded Huang Xiaolong's group with sinister smiles on their faces.

Chapter 3353: Kill Yourself

More than thirty experts of the Nande Family surrounded them. Laha chuckled, "Your big brother should be pretty much monster feed by now."

The blood drained from Alexis's face, and she screamed, "What did you just say?!"

"How can this happen?! Didn't he go exploring with all of you?"

"You said that he was being stupid and that everyone in my family was stuck there! What do you mean by that?!"

Alexis questioned Laha furiously.

Laha and the others roared with laughter.

“What did I mean?” Laha continued, “We told him that there is a huge amount of black diamonds in one of the mountain ranges. He thought that it was true, and he brought the experts of the Pier Family over. There’s nothing there other than a whole bunch of monsters!”

Alexis and the members of her group felt their hearts filling up with fury.

“You... You caused my brother to die!” Alexis screamed and a pair of swords appeared in her hands. She charged towards him without a care in the world.

“Young lady, be careful!” Ayi and the others yelled. They protected her as they charged towards the members of the Nande Family.

However, one of the experts beside Laha released his aura and the members of the Pier Family were sent flying backwards.

“Nascent Soul Realm!” Keta yelled when he slammed into the ground behind him.

“What?!” Alexis and the others screamed in fright.

A Nascent Soul Realm expert was like an insurmountable mountain to those present.

“That’s right! We have a Nascent Soul Realm expert on our side!” Laha sneered. “Let me do the introduction. This is a grand elder of our Nande Family, Lord Mo Xuan!”

“Lord Mo Xuan?!”

He was the second-strongest expert in their old city! He was an existence at the peak of the late Ninth Level Nascent Soul Realm!

Ife’s reaction was pretty much the same. He seemed to have heard of Mo Xuan too.

“Go capture the girl. Kill the rest,” Laha ordered.

Several dozen experts jumped at Huang Xiaolong and the others instantly. All of them were in the Golden Core Realm, and most of them were high-levelled ones.

“You guys...” Alexis and the others jumped in fright.

However, their assailants froze in mid-air. They fell to the ground all of a sudden. When they landed, their bodies turned completely black as though they were poisoned.

The members of the Nande Family were stunned. So were the members of the Pier Family.

What in the world is going on?!

Soon after, the bodies of those who fell from the skies started to corrode. They very quickly became a pile of sludge. The golden cores that were in their bodies turned into a pile of black dust.

Laha and the others who didn't move earlier sucked in a cold breath. That was a golden core they were talking about! It was stronger than spiritual treasures! Even so, they crumbled into dust in the blink of an eye.

How terrifying was the poison?!

The Nascent Soul Realm expert felt his expression change as he glanced all around him in fright.
“Who?!”

Huang Xiaolong stepped forward slightly and the gazes of those present landed on him.

“You?!” Mo Xuan looked at Huang Xiaolong in doubt.

Alexis and the others were slightly taken aback.

“Are you someone from the Ghost Valley?” Mo Xuan asked.

Among the six factions on Earth, the Ghost Valley was the most mysterious. Other than the art of controlling ghosts, they were well-skilled in the art of poison.

“Nope,” Huang Xiaolong muttered.

Mo Xuan heaved a sigh of relief. Staring at Huang Xiaolong intently, his expression hardened, “You went too far by killing so many experts of the Nande Family...”

“They’re just a bunch of Golden Core Realm cultivators. Not even the ancient saints can bear the consequences of offending me.”

Everyone stared at Huang Xiaolong in shock.

Laha burst out laughing all of a sudden and a mocking smile formed on his face. “Not even the ancient saints are qualified to offend you?! Who do you think you are?! Do you really think you’re a god or something?!”

Huang Xiaolong glanced at him as a bolt of lightning fell from the skies to turn him into a pile of ash.

Mo Xuan’s expression changed instantly. “Who are you?!”

“Huang Xiaolong.”

“Huang... Huang... Huang Xiaolong?!” Mo Xuan yelped in fright. He fell to his knees instantly and his body trembled in fear. “Your... Your Highness, please spare my life!”

“Since you know who I am, destroy your physical body and I’ll allow your essence soul to live.”

Mo Xuan contemplated his choices for a moment, but he nodded eventually. In front of everyone, he blew his physical body up!

His essence soul flew out from his body, and he bowed respectfully towards Huang Xiaolong before leaving.

The disciples of the Nande Family stared at Huang Xiaolong, and they didn't know what to do now that their only backup was gone.

"Alexis, you can deal with them as you wish," Huang Xiaolong said to her.

"Me?!" Alexis snapped back to reality but there was a look of trepidation on her face when she looked at Huang Xiaolong. Even though she didn't know why Mo Xuan would address Huang Xiaolong as 'His Highness', she knew that Huang Xiaolong had to be extremely important for Mo Xuan to destroy his physical body on command.

Huang Xiaolong nodded.

Alexis hesitated for a moment before retrieving her twin blades. She walked towards the disciples of the Nande Family with a trace of hatred in her eyes.

Even though they tried to escape, they realized that they couldn't move a muscle.

Several dozen minutes later, Alexis looked at the bodies on the floor covered in blood and she sucked in a long breath.

"Let's go. Your brother should still be alive," Huang Xiaolong said.

All of them stared at him in shock.

"My... My... My brother is still alive?!" A look of joy appeared on Alexis's face.

Huang Xiaolong nodded his head as he extended his divine sense to cover the entire region. He discovered a young man battling a bunch of monsters in one of the mountain valleys in the region.

Before any of them could react, the world started to spin around them. The next thing they knew, they were standing in the air above the valley.

“Brother!” Alexis exclaimed as she looked at the figure below.

Chapter 3354: Entering the Devil Hell

When Alexis was about to rush over, Huang Xiaolong raised his hand and pressed down into the air. The monsters that were fighting her brother were pressed straight into the ground.

All of them turned into meat paste in an instant.

Even though they had seen how Huang Xiaolong dealt with the members of the Nande Family a moment ago, they were still shocked by his revelation of power.

In the past two days, everyone had learned how strong the monsters were. They could definitely stop ordinary bullets with their bodies, and not even the Purple Laser Cannons could suppress them! Now, Huang Xiaolong dealt with them with a single gesture!

When Alexis’s brother heard her cry, he raised his head in shock. Despair filled his heart when he thought about the monsters that surrounded him. When he turned his attention back to the monsters, he was flabbergasted to discover that they had already been destroyed!

“Brother!” After snapping back to reality, Alexis rushed over to Loos’s side.

“Alexis!” Loos hugged her tightly as she approached.

“Patriarch!” Ayi and the others gathered around him happily.

“Where are Uncle Mu Cheng and the others?” Alexis asked.

“In order to protect me, they have already...” Loos’s eyes turned red as hatred flashed through his eyes.
“Laha! He was behind this! He tricked us!”

Alexis’s expression became a little complicated, and she explained, “Brother, Laha is already dead...”

“What?! How is that possible?” Loos gasped.

“His Highness... His Highness took revenge on our behalf!” Alexis recalled how Mo Xuan addressed Huang Xiaolong, and she quickly retold the story of their run-in with Laha’s group earlier.

Loos fell to his knees and thanked Huang Xiaolong profusely after hearing her story.

Allowing him to get up, Huang Xiaolong brought them out of the valley they were in.

Emerging from the valley, everyone saw a flood of monsters rushing towards them. Fear filled their hearts for a moment, but they were quickly greeted by a sight they wouldn’t forget as long as they lived. Huang Xiaolong stomped on the ground once, and a layer of ice covered the land.

The icy blue hue was like a flood that turned every creature into an ice statue.

The entire world around them turned blue in color. Not a single monster was left roaming about and the devil qi that filled the lands was converted into cold air.

The plains that were comparable to hell turned into a silent land covered in ice.

Alexis and the others were stunned.

“Alright, you should leave the plains now...” Huang Xiaolong reminded.

Now that she had found her brother, she could return to the territory controlled by humans.

“Your Highness, are you planning to enter the Great Valley?”

Huang Xiaolong nodded his head. “I’ll head over to see if I can seal up the secret region.”

After all, that was the only way to prevent anything similar from happening in the future.

Of course, Huang Xiaolong also wished to look at the source of the disturbance.

Before they left, Huang Xiaolong handed a tablet over to Alexis, and he chuckled, “Since we were fated to meet, I’ll tell you who I am. I am a grand elder of the Huang Family of the Huaxia Alliance, and this is my identity tablet. If you go to Huaxia in the future, you can look for me.”

After he spoke, he disappeared into the distance with a single step.

Everyone felt their brains buzzing in confusion when they looked at Huang Xiaolong’s leaving figure.

“Grand elder of the Huang Family?!” Ife’s face was filled with doubt.

He wasn’t the only one. The others were equally as confused.

“Anyway, we should leave the plains before deciding on anything,” Loos said.

Nodding their heads in agreement, all of them quickly left the plains.

All of them were afraid that they would run into the monsters on the way back. However, they couldn’t believe their eyes when they realized that the entire region was frozen solid.

When they touched the creatures that had turned into ice sculptures, the creatures just crumbled into dust.

“Isn’t he a little too strong?!” Loos gasped.

Alexis thought about what Huang Xiaolong said earlier about ancient immortals and she thought to herself, “Could it actually be true?!”

...

When that was happening, Huang Xiaolong saw the Great Valley that had appeared in the earth.

The Great Valley was hundreds of miles wide, and devil qi poured out endlessly. Ugly monsters that emitted black smog appeared along with the devil qi.

One of them rushed towards Huang Xiaolong after detecting his presence, and it roared angrily.

Huang Xiaolong didn’t do a thing as purple flames emerged from his body. Before the monster could enter a hundred-meter radius around Huang Xiaolong, it was incinerated to bits.

Huang Xiaolong continued to venture deeper into the crack.

The valley was practically bottomless, and Huang Xiaolong sank thousands of meters into the land. When he finally arrived at the bottom, he saw a giant hole that resembled the mouth of a giant monster as weird creatures poured out from it.

Huang Xiaolong turned into a streak of purple flame that went straight into the hole, burning everything around him into ash.

When he entered, Huang Xiaolong was greeted by a world of red. Other than the monsters and the devil qi, everyone was a dark crimson color.

Monsters charged towards his location in an endless tide.

All of them roared happily as excitement filled their eyes.

“Get out there and eat the humans! They taste great!”

“The devil lord has spoken! We’ll kill all the humans!”

Lord? Huang Xiaolong frowned. He looked at the monsters who were charging towards him and he casually sent out a punch. A terrifying wave of energy appeared and crushed every monster in his way.

The energy wave traveled through the world of red and after a long time, it finally arrived at the edge of the world.

A massive explosion ensued, and the entire secret region trembled. Huang Xiaolong’s punch seemed to blow a hole straight through it.

“Who dares to act so arrogantly in my Devil Hell?!” An enraged roar rang through the skies as a frightening aura filled the skies.

“Huh?” Huang Xiaolong was a little surprised. The creature that revealed its aura was at the Ninth Level Soul Condensation Realm!

One had to know that even Chen Haoguang was only a Sixth Level Soul Condensation Realm expert.

However, Huang Xiaolong raised his arm casually to drag the creature over to himself.

The creature stared at Huang Xiaolong in disbelief as fear filled its eyes. “Are you an ancient immortal?! Didn’t the devil lords say that the ancient immortals have already gone to the immortal world?! There shouldn’t be any ancient immortals left in the world!”

Huang Xiaolong didn't say a word as he casually sent a ray of purple light into the creature's body.

Chapter 3355: Void Immortal Realm

Very quickly, Huang Xiaolong scanned through the other party's memories.

He learned something pretty shocking.

"Oh? Offspring of the Ancient Devil Race?"

The monsters in the Devil Hell were all offsprings of the Ancient Devil Race. They were closely related to the Ancient Immortals of Earth, and they had even fought several great wars against each other. After the Ancient Devils were defeated, they were sealed in the Devil Hell Secret Region.

After countless years of hard work, they had finally managed to use the assistance of the origin devil qi they found in the secret region to break through the seal created by the Ancient Immortals!

"Devil Lord?!" Huang Xiaolong's eyes turned to stare at the deepest parts of the secret region.

The devil lord had the purest bloodline out of them all, and he was also a descendant of the Ancient Devils. His strength had reached the peak of the late Ninth Level Void Immortal Realm!

Due to the suppression of the lower worlds, he hadn't been able to break through.

"Peak late-Ninth Level Void Immortal..." Huang Xiaolong muttered to himself.

He didn't expect there to be such an existence on Earth!

Huang Xiaolong shattered the creature he was holding with a slight squeeze. Casually waving his hand, a giant rune appeared in the skies and sealed off the entrance of the secret region.

Even though the seal was created by Huang Xiaolong casually, it wouldn't be easy for the creatures to destroy it. At the very least, it would hold for the next few days.

After sealing the entrance, Huang Xiaolong made his way towards the depths of the secret region.

The space contained within the secret region was greater than the surface of the Earth! The devil lord himself had no idea how many monsters there were in the secret region even though he was the master of the region, but he knew that there were no less than a quadrillion!

There were only ten billion humans alive at the moment, but the monsters outnumbered them by at least a thousand times!

If the creatures went up to the surface, there wouldn't be any space left!

When he looked at the creatures that were rushing towards the already closed entrance, an icy blue light surrounded him.

Every single creature in a ten-mile radius around Huang Xiaolong was turned into an ice sculpture.

Several creatures who were out of their mind charged at Huang Xiaolong, but they couldn't even react before they turned into crumbled ice.

Eventually, they started to avoid him like the plague.

Like the humans, the monsters were equally afraid of death.

When Huang Xiaolong was traveling towards the depths of the secret region, the great general of the devil race reported the situation to the upper echelons of the devil race.

"What?! A human intruded on our lands?!" The great marshal of the devil race, You Dehai, was shocked. Weren't we the ones doing the invading?!

“How many of them are there?!” You Dehai asked.

The general hesitated for a second before stuttering, “There... There’s only one person!”

“What?!” You Hehai roared in disbelief, “All of you can’t stop a single person?!”

The generals revealed awkward looks.

“He... He’s really strong!” One of the generals stammered, “The icy qi around his body stops anyone from entering ten miles of him! Chen Yuan and the other generals have already been turned into ice sculptures! They crumbled the moment we touched them, and we can’t even try to save them!”

You Dehai stared at them in shock. He knew how strong his subordinates were.

“Marshal, do you think we should report this to the devil lord?”

You Dehai nodded solemnly, “Go and report this to Lord Devil right now. He’s in the Blood Sea Divine Palace. The rest of you, follow me to meet the human!”

All of them shot out from the palace instantly.

The Devil Lord was the master of the secret region, and everyone listened to his commands. You Dehai was the third-strongest expert among the devil race, and he was at the mid-level Void Immortal Realm!

According to human standards, he would be considered an Ancient Immortal!

An existence at his level was more than enough to destroy the world! He would be a terrifying existence no matter where he went!

Under his leadership, they soon discovered Huang Xiaolong.

You Dehai felt his scalp going numb when he felt the icy qi coming off Huang Xiaolong.

Very quickly, Huang Xiaolong arrived a hundred meters away, and he stared directly at You Dehai. “Devil Marshal?”

He could tell that the other party was in the mid-level Void Immortal Realm.

With his cultivation suppressed to the peak of the Void Immortal Realm, someone at the level of You Dehai would be able to loosen his muscles a little.

“I am Devil Marshal You Dehai! Who are you? Who would have thought that there would be such a strong Human expert left on Earth...”

“I am Huang Xiaolong. There’s no need to speak any further. Make your move.”

“Alright!” You Dehai didn’t waste any more time as a pair of giant axes appeared in his hands. There were weird devil ghost-like beings that appeared behind him as devil qi filled the air. He appeared before Huang Xiaolong in the blink of an eye as he slashed downwards.

Huang Xiaolong raised his hand to hold the tip of the axe with his thumb and forefinger. A bright flash covered the axe before it turned to ash as Huang Xiaolong landed a solid kick on You Dehai’s belly.

A giant blast was heard as You Dehai was sent flying into the ground. The earth trembled as a giant crater was created.

Dust filled the air as countless creatures were killed by the impact.

The devils present stared at Huang Xiaolong in shock.

“You... What... What was that flame?! How can your physical body be so damn strong?!” struggling to get to his feet, You Dehai stammered. A look of terror flashed across his face as he stared at Huang Xiaolong.

The pair of axes were top-grade immortal artifacts! It could kill the Ancient Immortals and it had no weakness! Now, it turned into a pile of ash!

Moreover, Huang Xiaolong didn't use a single trace of true essence when he kicked earlier. He only used the power of his fleshy body.

Not even the Ancient Immortals would possess such power! Even the Pangu in the legends wasn't as terrifying as the weird human standing before him!

Naturally, the legends of Pangu were written before he ascended. No one knew how strong he really was.

Huang Xiaolong descended before You Dehai and casually sent a grandmist worm tunneling through his body.

“Bring me to the Blood Sea Divine Palace,” Huang Xiaolong ordered.

“Yes, Your Highness!”

Chapter 3356: Devil Dragon Flute

The experts of the devil race stared at each other and none of them knew what to do now that their marshal had been controlled by the human.

Finally, they chose to follow closely behind You Dehai and the human called Huang Xiaolong.

“Do you think that Lord Devil will be able to defeat this human?” one of the generals asked the others. The scene where Huang Xiaolong kicked You Dehai into the ground was still fresh in their minds.

“Lord Devil has already refined the supreme treasure of our devil race, the Devil Dragon Flute! The human’s body might be strong, but he won’t be able to withstand a strike from Lord Devil!” someone else muttered.

“Devil Dragon Flute?! When the Devil Dragon appears, the world will bow at its feet! That’s what the old ancestors said! When the Devil Dragon Flute rings, immortals will fall!”

In several dozen minutes, they arrived. A sea of blood could be seen under their feet.

Waves that were thousands of miles high swept through the blood sea as the stench was overwhelming. Ordinary humans would have long since puked long before they arrived. Moreover, there was a special type of energy that would kill anyone not of the devil race.

However, Huang Xiaolong ignored it completely as he continued walking forward.

A giant palace sat in the middle of the blood sea, and it shone a dazzling gold color. It was extremely eye-catching, and without a doubt, it was the home of the Devil Lord.

The Blood Sea Divine Palace was a top-grade devil artifact! It was passed down since ancient times, and it had been nurtured by an endless amount of blood. It was much stronger than it once was.

When Huang Xiaolong approached the palace, a blood arrow shot towards him.

The blood arrow was tens of thousands of feet long!

There were devilish runes inscribed on the arrow, and when it appeared in the skies, the surface of the sea was lowered by hundreds of feet!

A piercing buzz made everyone present feel as though their minds were bleeding.

The moment the blood arrow appeared, the members of the devil race backed away in fear.

The blood arrow arrived before Huang Xiaolong in an instant and just as it was about to pierce through his chest, Huang Xiaolong swatted it away casually. The blood arrow slammed into one of the distant mountain ranges, and it shattered the structure completely.

As it crumbled to the ground, the blood arrow continued onwards to stab straight through a random continent in the distance.

“Huh?” A shocked cry emerged from the Blood Sea Divine Palace. Soon after, a man clad in blood-red robes emerged.

It was a middle-aged man with a blood rune on his forehead. He was like a bloodied knife standing against the wind.

The members of the devil race fell to their knees when they saw him.

“Lord Devil!”

That was the master of the secret region!

He was at the peak of the late-Ninth Level Void Immortal Realm!

One could argue that he was as strong as the current Huang Xiaolong!

The devil lord saw that You Dehai wasn't on his knees, and he narrowed his eyes slightly. However, his gaze soon turned to Huang Xiaolong. “Peak late-Ninth Level Void Immortal?” He licked his lips in excitement and continued, “I haven't tasted the blood of a Void Immortal in a long time... Who would have thought that there would still be one on Earth?”

“You'll have to be strong enough to make claims like that.”

With Huang Xiaolong's current physical body, practically nothing would be able to injure him. The only item in the Pangu World that could hurt him would be the Pangu Axe. Even if he stood still, the devil lord wouldn't be able to pierce through his skin!

The devil lord, Liu Huang, sneered with contempt. "Hahaha! You're a feisty one! Why don't you work for me?! In the future, you'll be second only to me!"

"Once you follow me, we'll join hands and sweep away every power in the Silver River Star System! Not even the Panwu Immortal Gate will be our match!"

"Oh? You know about the Panwu Immortal Gate?" Huang Xiaolong was slightly surprised.

A light flashed in Liu Huang's eyes as he turned to stare at the void. "In the past, I followed my father to the Panwu Immortal Gate before the Devil Hell was sealed. My father battled the old ancestor of the Panwu Immortal Gate for ten days straight!"

He turned to Huang Xiaolong once again. "If we join hands, we'll become the overlords of this world!"

Huang Xiaolong shook his head and sighed, "Make your move. Give it all you got." He had to admit that Liu Huang was probably the strongest person in the mortal world. However, it was impossible for him to join hands with Huang Xiaolong! Not even Gods of Creation who had 2 billion units of grand cosmos energy were qualified to work with him!

"Since you chose death, I'll respect your wishes." A red light flashed through Liu Huang's eyes. "You seem to possess a terrifying bloodline! After I absorb your blood essence, I'll sweep away the Panwu Immortal Gate all the same! I'll dominate the Silver River Star System alone!"

A devil blade appeared in his hands after he spoke.

It was a blade that had a crescent shape, and he appeared above Huang Xiaolong in the blink of an eye. His blade slashed downwards and it appeared half a meter away from Huang Xiaolong's skull!

However, Huang Xiaolong's punch arrived at the same time it did.

The power behind the fist caused the hearts of those present to tremble slightly.

As his fist came into contact with the blade, a terrifying blast rang through the skies. The devil blade shattered into a million pieces and Liu Huang was sent crashing into the Blood Sea Divine Palace.

“Boom!”

A dull ringing sound rocked the air as countless waves swept through the ocean of blood.

Silence descended on the lands.

When the sea finally regained its calm after a long time, a figure tore through the skies. Liu Huang reappeared in the air, and he roared, “You...!”

“I heard that you have a supreme treasure of your devil race. Why don’t you bring the Devil Dragon Flute out?” Huang Xiaolong chuckled.

Even though their cultivation realm was similar, Liu Huang would never be a match for Huang Xiaolong. Not even a hundred million Liu Huangs would be enough to take on the man.

Liu Huang didn’t say a word as a long flute appeared in his hands. The flute resembled a devil dragon, and it had a sinister appearance.

Liu Huang brought the flute to his lips as he entered a trance.

Buzz!

In an instant, weird sounds filled the space around them, and they formed a special rhythm that echoed in the backs of everyone’s minds.

Chapter 3357: Blow it Up

The rhythm caused everyone to feel as though they entered a world of illusions. Their essence soul fell into a daze, and they started to go crazy. It wasn't long before some people lost control and blew themselves up.

That was how terrifying the Devil Dragon Flute was!

Without any physical attacks, the Devil Dragon Flute could cause the deaths of one's enemies! It could kill a crowd at once!

The experts of the devil race covered their ears, and they sealed off their essence souls. Even so, it was useless. The notes rang in their minds and the true essence in their bodies started to speed up. Luckily for them, Liu Huang didn't direct the brunt of the attack at them! Otherwise, they would have long since exploded.

Liu Huang seemed to fuse with the Devil Dragon Flute as he played with all his heart.

Along with the melody, he seemed to be transported into a magical world where he was the overlord! He was a god!

Only after a long time did he open his eyes. However, he was greeted by a terrifying sight. Huang Xiaolong was standing there without the slightest damage to his body! He didn't explode like Liu Huang thought, and his mind seemed completely unaffected!

"That sounded pretty good," Huang Xiaolong said. "Other experts at the peak of the late-Ninth Level Void Immortal Realm might not be able to defend against that mental attack, but I'm no ordinary expert."

"What?!" Liu Huang yelled.

Huang Xiaolong didn't move a muscle. However, a shocking amount of power emerged, and it filled every corner of the secret region.

Everyone felt as though they were smaller than a speck of dust when they looked at Huang Xiaolong.

“Who are you?!” Liu Huang stared at Huang Xiaolong with fear in his eyes.

“Kneel,” Huang Xiaolong commanded and his order was like the law that governed the world.

Liu Huang and the others felt their souls trembling as they fell to their knees involuntarily.

Huang Xiaolong walked towards him slowly, and he sent a grandmist worm into Liu Huang’s body.

“You can get up now.”

Climbing to their feet, they looked at Huang Xiaolong in trepidation.

However, Huang Xiaolong didn’t stop there. He waved his left hand and a mysterious rune landed on Liu Huang’s body. The devil lord that was hundreds of feet tall started to shrink and he became a tiny little spirit that was the size of a fist. The devil qi he emitted was completely locked in his body.

The experts of the devil race gasped in fright.

Their terrifying devil lord became a little spirit in the blink of an eye! The chance was too damn shocking!

“In the future, you can follow me.”

Liu Huang replied respectfully, “Yes, Your Highness.”

He flew into the air and followed closely behind Huang Xiaolong.

A pair of wings appeared behind Liu Huang, and if anyone were to call him a tiny spirit, no one would ever doubt that claim.

With another flick from Huang Xiaolong, the Blood Sea Divine Palace was dragged out of the ocean.

Runes appeared along the palace as the devil light around it started to dim. Soon, rainbow-colored light emerged from inside the palace.

Huang Xiaolong only stopped after several minutes and the Blood Sea Divine Palace shrank to fit in his palm.

Huang Xiaolong looked at the palace with a satisfied gaze. He had refined it countless times in the past few minutes, and he increased the strength of the artifact by several dozen times! He planned to use the palace as a defensive fort for the members of his family.

He tossed the palace into the Sun Moon Furnace before strolling about the secret region with Liu Huang. When he saw everything he wanted to, they left the Devil Hell Secret Region.

After they left, Liu Huang raised his head to the skies and roared, commanding every monster who invaded Earth to return.

In the blink of an eye, the devils that flooded earth returned to the Great Valley, shocking the great alliances and the great sects.

Through the satellite images, every single expert on Earth saw the monsters retreating into the ground. Not a single one was left!

Initially, everyone lived in fear of the terrifying creatures. They felt endless despair as though the end of the world had arrived. Now, there was no longer anything to be afraid of! The creatures that were so scary ran away without any warnings! No one could believe what they were seeing.

However, it didn't take long for the news of the Great Valley's fate to be revealed to the world that someone had sealed it up completely and the monsters in there wouldn't be able to escape ever again!

Earth broke out into celebration.

Huang Xiaolong left towards the Huaxia Alliance with Liu Huang in tow.

“Since you’re the devil ancestor, you should know something about the Kun Lun Secret Region, right?” Huang Xiaolong was reminded of the Pangu Axe on his way back, and he asked.

“Your Highness, do you mean the Kun Lun Immortal Region?”

Huang Xiaolong nodded his head. Since Liu Huang was the master of the Devil Hell and had been alive for a long time, he might know a thing or two!

“Is there no other way to enter the secret region other than when it opens by itself?” Huang Xiaolong asked. Even though four years wasn’t a long time, it would be great if he could obtain the Pangu Axe earlier than that.

“There is... However, it’s almost impossible to open the immortal region before the day it’s meant to be!”

A light flashed in Huang Xiaolong’s eyes. “How can I do that?” He wasn’t too hopeful when he asked, but it seemed as though there was a way to do it!

“According to the legends, Pangu left the secret region behind along with the Pangu Sword! The Pangu Sword contains his soul brand, and anyone will be able to enter the Kun Lun Immortal Region as long as they possess the sword!” Liu Huang explained.

“Pangu Sword?!” Huang Xiaolong was stunned.

Who would have thought that Pangu had refined a sword in the past? However, it seemed as though his father, Huang Long, and his master, the Blazing Dragon, had no idea about its existence.

Was it a product Pangu made casually?

“That’s right! However, the Pangu Sword isn’t in the mortal world at the moment,” Liu Huang continued.

“Is it in the Immortal World?”

Liu Huang nodded slowly.

“Alright, then I’ll have to make a trip there one of these days,” Huang Xiaolong spoke casually as though he could ascend at any time.

Liu Huang looked at Huang Xiaolong with a face full of contempt. Was the Immortal World a place he could go as he pleased? One had to know that the path to the Immortal World was sealed! Without the permission of the Jade Emperor, no one would be able to ascend!

“Your Highness, the path to the Immortal World has been locked down since the start of time. Only after passing the heavenly tribulation and obtaining the permission of the Jade Emperor would one be able to ascend!” Liu Huang explained as he was afraid that Huang Xiaolong might not know the truth behind ascension.

Huang Xiaolong glanced at Liu Huang from the corner of his eye, and he chuckled, “It’s alright, I’ll just blow up the seal!”

Chapter 3358: Center of the Star River!

“Blow... Blow it up?!” Liu Huang gasped in shock. He had been alive for a long time, and that was the first he had heard of someone wanting to blow up the path towards the Immortal World.

“Your Highness, I heard that the path to the Immortal World has been sealed after many Immortals fused their power!” A strange look appeared on Liu Huang’s face, and he looked at Huang Xiaolong. He felt that he had to explain everything clearly to this crazy man before him. “The great immortals in the Immortal World are existences akin to the gods! They are indestructible and even Golden Immortals are nothing to them!”

Even though he had no idea how strong a Golden Immortal was or their position in the Immortal World, he knew that they were definitely existences hundreds of times stronger than a regular Heavenly Immortal. Before them, everyone was an ant! How terrifying were they exactly?!

Would anyone be able to shatter the restrictions laid down by them?

A smile formed on Huang Xiaolong's face, and he chuckled in amusement. "The great immortals in the Immortal World are nothing but ants before me..."

Liu Huang looked at Huang Xiaolong in a daze.

Is he comparing all the immortals to mere ants?

Ants?!

Liu Huang gulped in fright. He forced a smile and continued, "Your Highness, you really know how to joke around!"

Huang Xiaolong didn't explain himself, and he laughed casually, "Alright, the path to the Immortal World should be in the center of the Star River, right?"

"Yes, Your Highness, that's right!" Liu Huang had no idea what Huang Xiaolong meant, but he continued, "In the past, my father and I saw the path to the Immortal World when we visited the Panwu Immortal Gate!"

The Panwu Immortal Gate, Chaos Immortal Gate, Hundred Buddha Immortal Gate, and Azure Sea Immortal Gate were the strongest powers in the mortal world. Their territories were located precisely around the center of the Star River.

Huang Xiaolong nodded slightly, and he asked, "Do you still remember the way there?"

“Yes.”

Was Huang Xiaolong actually planning to...?!

“Alright. Make your preparations. We’ll leave for the central region in a few days,” Huang Xiaolong commanded.

“Are we really going there?!” Liu Huang failed to suppress the shock in his heart.

“Of course. I’ll bring you around the Immortal World for a quick stroll.” Huang Xiaolong joked.

Liu Huang’s mouth fell open but nothing came out of it.

As the space around them spun around continuously, they arrived in the Blue Dragon Orchard in a little more than an hour.

Seeing as Huang Xiaolong had returned safely, Huang Jiyuan and the others heaved a sigh of relief.

“When your mother heard that you were going to the Great Valley, she became extremely anxious. She couldn’t contact you either,” Huang Jiyuan explained.

“You’re too reckless! What if something had happened to you in the African Continent?! What were your father and I supposed to do?!” Wang Meilan snapped.

The time Huang Xiaolong spent over in the African Continent amounted to several hours at most and everyone thought that he didn’t manage to venture far into the valley.

That was understandable. After all, no one would expect him to be able to seal up the Great Valley before returning in a few short hours.

“Did Yuhan tell you this?” Huang Xiaolong laughed.

The only person he had told before going to the African Continent was Zhang Yuhan!

“You can’t blame her!” Wang Meilan continued, “Whatever the case, we heard that the experts from the other planets came over to seal the Great Valley. The monsters won’t be able to cause trouble on Earth any longer.

“Experts from other planets?!” Huang Xiaolong asked.

Huang Jiyuan nodded his head. “That’s what everyone is saying. You probably heard that the Great Valley was sealed before returning empty-handed, right?”

Huang Xiaolong could only nod in agreement.

“Hey, Xiaolong, is this a new pet you bought on your trip?” Wang Meilan looked at Liu Huang and gasped. “It’s so cute! It’s like the black spirits of the legends... Look at it! It has a pair of cute little wings and it looks like a little furball!”

Even though he had lived for a long time, it was Liu Huang’s first time experiencing the touch of another being. He felt a shock running through his body.

“Haha, it’s trembling all over like a frightened cat!” Wang Meilan giggled.

“Xiaolong, where did you get this pet? Help us get one too!” Huang Wen approached them all of a sudden, and her eyes sparkled when she looked at Liu Huang.

“I want one too!” Huang Jiyuan piped up at the side.

Huang Xiaolong smiled and looked at Liu Huang. “Looks like you’re quite the desirable pet...”

Coughing slightly, Liu Huang nearly choked on his reply, “Your Highness, you... You have to be joking...”

Due to his appearance as a tiny black spirit, no one noticed his red face.

“He can even talk!” Wang Meilan’s eyes lit up in surprise.

Huang Xiaolong chuckled. “Of course. He’s pretty damn strong. I should be the only one who can deal with him. No one else on Earth is his opponent...”

Wang Meilan scoffed lightly, “You’re getting better at lying...”

Huang Xiaolong promised to get them one each before they released Liu Huang.

In the following days, Huang Xiaolong strolled about the various cities with Wang Meilan, Zhang Yuhan, and the others. Two days after he returned, Liu Huang called You Dehai and the other marshals to the Blue Dragon Orchard. With the same technique, he turned them into tiny little spirits. The devil qi they released returned into the bodies and they became cute little house pets. Huang Xiaolong gave Wang Meilan, Huang Jiyuan, Huang Chenfei, Big Headed Huang, Huang Wen, Lin Kai, and Zhang Yuhan one each.

There were four male and three female marshals, and all of them were in the Void Immortal Realm!

In the future when Huang Xiaolong left for the Immortal World, they could take care of the members of the Huang Family before he returned.

As for the seven marshals, they might have turned into tiny little spirits, but their strength wasn't affected at all. Huang Xiaolong also imparted a set of special techniques to them in order to boost their strength.

...

Wang Meilan was playing with her pet when she heard that Huang Xiaolong was planning to leave Earth for a little while. She immediately became extremely worked up as she yelled, “Why do you need to leave?!”

“I need to deal with some matters, and it should take a few months. You can rest assured that I’ll be back before we celebrate the Lunar New Year!”

Huang Xiaolong knew the reason behind their anxiety. After all, he had gone missing for a whole hundred years in the past! Wang Meilan was probably afraid that he would disappear once again.

As it was already October, there were four months left before the Lunar New Year. It was more than enough for Huang Xiaolong to do what he needed to do in the Immortal World.

Wang Meilan finally calmed down after Huang Xiaolong promised them that he would return. She knew deep down in her heart that Huang Xiaolong would have to leave eventually.

“Xiaolong, we’ll await your return...” Zhang Yuhan muttered.

“Relax. When I come back, we’ll celebrate the Lunar New Year as a family! After that, I’ll bring all of you to tour around the various planets in the star system.”

Zhang Yuhan felt her heart pounding when she realized that Huang Xiaolong had already considered her to be part of the Huang Family.

As for the others, they could only send him off reluctantly.

In the blink of an eye, he disappeared into the horizon with Liu Huang.

Chapter 3359: Immortal Reverence Empire

It didn’t take long for the two of them to leave Earth.

When Huang Xiaolong left the planet, Chen Haoguang and the others were facing a group of people clad in scarlet robes.

Even though there were only fifty of them, all of them were Soul Condensation Realm experts. There were several high-level Soul Condensation Realm experts among them.

The person in the lead was a Ninth Level Soul Condensation Realm expert!

“Tao Wei, what do you mean by this?!” Chen Haoguang growled angrily.

The person in the lead, Tao Wei, sneered, “It’s nothing for you to be concerned about. Anyway, we’ll be taking everything in this immortal cave!”

The faces of Chen Haoguang and the others turned extremely ugly.

“Tao Wei, your Bristling Moon Sect might be strong, but you might not be strong enough to take this immortal cave for yourself!” Liang Yun sneered.

“There’s no need for you to worry about that.” Tao Wei sneered. Clapping once, he yelled, “Come out!”

The space around them started to tremble and several figures revealed themselves. There were nearly three hundred of them, and all of them were in the Soul Condensation Realm!

Chen Haoguang and the others felt their hearts pounding in fear.

They might have gathered nearly two hundred Soul Condensation Realm experts on their expedition, but their opponent had twice their number! There were also more than a dozen high-level Soul Condensation Realm experts among them.

However, the Bristling Moon Sect shouldn’t possess so many experts...

“You should be a little confused. My sect doesn’t have so many experts!” A sneer formed on his lips and he continued, “They aren’t experts from my sect. All of them are from the Immortal Reverence Empire!”

“Immortal Reverence Empire?!” Chen Haoguang and the others gasped.

There were countless territories in the Silver River Star System, and there were countless sects that resided in it. Even so, the Silver Star System was only a small part of the Deserted Galaxy!

There were many top-tier families and countless powerful commerce houses. However, there was only a single empire! It was the Immortal Reverence Empire!

They basically controlled half the galaxy, and more than two million cultivation planets had submitted to their rule!

The Bristling Moon Sect might be one of the top ten sects in the Deserted Galaxy, but they ranked at the bottom of the ten! They were far too weak compared to the Immortal Reverence Empire!

There wasn't a need to speak of the Bristling Moon Sect. Even the Lightning Sword Sect, the strongest out of the ten, would be crushed by the Immortal Reverence Empire.

As such, no one dared to go against the order of the Immortal Reverence Empire.

When Tao Wei saw the look of fear and shock on the faces of those present, a satisfied smile appeared on his face. “That’s right. It’s the Immortal Reverence Empire. In fact, it’s the Third Prince of the Immortal Reverence Empire. Recently, His Highness has been looking for experts to carry out his bidding. Chen Haoguang, Liang Yun, and all of you should surrender!”

“This will bring you endless honor! I will only give you one chance to surrender. I hope you cherish your opportunity.”

Chen Haoguang and the others fell into a dilemma when they heard the offer.

There were five princes in the Immortal Reverence Empire, and every single one of them possessed endless resources. All of them might control the Immortal Reverence Empire in the future as the crown

prince hadn't been chosen yet. Working for one of the princes would indeed bring them endless prestige.

However, they had already surrendered to Huang Xiaolong!

If they chose to work for the Third Prince, they would be betraying Huang Xiaolong!

"What's wrong? Are you not willing to submit?" A cold light flashed through Tao Wei's eyes.

"That's not it... Brother Tao Wei, we are more than willing to work for His Third Highness!" one of the old ancestors beside Chen Haoguang replied in haste. "My True Essence Sword Gate is willing to work under His Third Highness!" As soon as he spoke, he fell to his knees.

Huang Xiaolong's strength might have shocked those present, but the actions of the True Essence Sword Gate's old ancestor caused many of their hearts to waver.

Huang Xiaolong might be strong, but none of them felt that he was comparable to the third prince of the Immortal Reverence Empire! One had to know that the Immortal Reverence Empire stood behind the third prince!

The old ancestor of the Immortal Reverence Empire was said to possess heaven-shaking strength. He was an expert half a step into the Void Immortal Realm!

"I am willing to follow His Third Highness!" Several other old ancestors fell to their knees in unison.

Soon after, people started kneeling one after another.

In the end, only Chen Haoguang and the others were left. There were only twenty or so people left standing.

Looking at each other, they sighed before getting to their knees.

More than two hundred factions submitted to the Immortal Reverence Empire!

“Nice!” Tao Wei roared with laughter, “Chen Haoguang, Liang Yun, His Third Highness will definitely treat you well!”

Chen Haoguang hesitated for a moment before telling Tao Wei everything that had happened previously. After all, since he chose to betray Huang Xiaolong, he should deal with the problem at the source!

Tao Wei was a little shocked when he heard what had happened. “Oh? He defeated more than a dozen Soul Condensation Realm experts with a wave of his arm?! Not even Cui Yuan was his match?”

“Yes, Brother Tao Wei, Huang Xiaolong might actually be in the Great Void Realm! In fact, he might be at the high-level Great Void Realm!”

Tao Wei sneered, “Is that it? Even if he surpassed the Great Void Realm to reach the Grand Completion Realm, he would be smaller than a speck of dust to His Third Highness! Do you know how many Grand Completion Realm experts work for His Third Highness?” He raised a single finger after speaking.

“One... One hundred?!” Chen Haoguang gasped in fright.

“A thousand. To be exact, there are more than 1100 experts in the Grand Completion Realm!” Tao Wei chuckled.

“Out of those, there are more than 60 high-level Grand Completion Realm experts!”

“A little more than a dozen of them are Ninth Level Grand Completion Realm experts!”

Chen Haoguang and the others sucked in a cold breath.

They were trying their best to overestimate the third prince's power, but it far exceeded their expectation. Just the number of Grand Completion Realm experts alone outnumbered all of them present! Could there even be Tribulation Realm experts after that?

They didn't regret surrendering at all!

"What about Huang Xiaolong?" Chen Haoguang asked.

"His Third Highness lacks experts at his level. Since he might be someone in the Grand Completion Realm, we can't afford to let him go," Tao Wei sneered.

"What if... What if he refuses to submit?" Chen Haoguang asked.

"Relax. He will." Tao Wei sneered in contempt.

Chapter 3360: Presumptuous!

Chen Haoguang and the others finally relaxed when they saw how confident Tao Wei was. Indeed, that was the Immortal Reverence Empire they were talking about. If Huang Xiaolong wasn't stupid, he would submit for sure!

In the Deserted Galaxy, who would dare to go against the Immortal Reverence Empire?

Anyone who dared to oppose them would find their clans exterminated! In fact, they might be captured and tortured for eternity! Their essence souls would be used to refine pills!

In fact, they might be turned into creatures similar to vengeful ghosts who roamed the world. They would never be reincarnated!

"After a few days, we'll look for His Third Highness." Tao Wei muttered. "All of you can present His Third Highness with the immortal cave. His Highness will definitely reward you."

Chen Haoguang and the others looked at each other silently.

“We have to thank Brother Tao Wei for the help. After all, we’ll all be on the same side in the future.” Chen Haoguang and the others thanked him.

“Well said! In the future, all of us will be part of the same family!” The third prince told Tao Wei that he would be given the entire region once he subdued Chen Haoguang and the others. Now, all of them would be his subordinates!

“Brother Tao Wei, I already got some people to prepare a banquet in my Divine Court Sect. Do you think...” Chen Haoguang turned his gaze to the man and asked.

“Alright. Since we’re pretty close to the Flowing Flame Star, let’s go take a look.”

Chen Haoguang and the others bowed before gesturing for Tao Wei to proceed.

After they retrieved the treasure, the entire group proceeded to the Divine Court Sect.

As they returned, Huang Xiaolong and Liu Huang approached the space around the Flowing Flame Star. Huang Xiaolong hesitated for a moment before deciding to head over.

In the past, he had told Chen Haoguang and the others to look for medicinal herbs. He wondered if they had managed to accomplish their task.

Huang Xiaolong didn’t bother manipulating the space around them as he flew towards the star casually. In a few minutes, he arrived in the Divine Court Sect.

“Call your old ancestor out here,” Huang Xiaolong ordered the disciples guarding the main hall.

Even though Huang Xiaolong took them in as his subordinates, none of the disciples knew of his identity. They were shocked to hear someone summoning their old ancestor, and they quickly made a report.

...

When Chen Haoguang and the others heard the report, they were shocked for a moment as they were in the middle of the banquet.

“Is the person wearing some sort of weird dao robes? Is there also a strange mark on his forehead?” Chen Haoguang asked.

“Yes, old ancestor...” the disciple replied.

“Huang Xiaolong!” Chen Haoguang and the others yelled in unison.

“Oh?” Tao Wei placed his glass down and chuckled, “Did he come? Great. This saves me a trip down to Earth.”

“Brother Tao Wei, should we go out to look for him?” Chen Haoguang and the others asked nervously. They might have submitted to the third prince and possessed the protection of the Immortal Reverence Empire, but Huang Xiaolong’s strength still scared them.

“Why should we?” Tao Wei waved his hand nonchalantly. “Send a disciple out there to call him in to meet me. We’ll continue drinking!”

They weren’t even sure if Huang Xiaolong was an expert at the Grand Completion Realm!

“This...” Chen Haoguang couldn’t help but hesitate. However, he saw the look of annoyance forming on Tao Wei’s face, and he nodded reluctantly. He summoned a disciple and said, “Bring Huang Xiaolong over to meet Lord Tao Wei!”

“Yes, ancestor!” The disciple felt a wave of euphoria washing over him when Chen Haoguang addressed him directly. He quickly left the hall to summon Huang Xiaolong.

He quickly arrived at the entrance.

When Huang Xiaolong noticed a lone disciple coming out of the main hall, he couldn't help but frown. He released his dao souls to look at the situation, and he quickly discovered Tao Wei and the others.

He quickly pieced together everything that was happening. After all, he was a monster who had been alive for far longer than anyone in the hall.

A cold smile appeared on his lips.

"Your Highness, do you want me to bring Chen Haoguang out here?" Liu Huang muttered. As an existence at the peak of the Void Immortal Realm, Liu Huang's divine sense was extremely powerful. It might not be comparable to Huang Xiaolong's dao souls, but it was strong enough to discover what was going on in the hall.

"There is no need. We'll allow them to be merry for a bit." Huang Xiaolong shrugged.

A disciple in the Foundation Building Realm approached Huang Xiaolong, and he sneered, "Follow me into the hall. Lord Tao Wei wishes to see you. Do you know who Lord Tao Wei is? He's a vassal of the third prince of the Immortal Reverence Empire! When you meet him later, you best behave yourself! Otherwise, no one will be able to save you if you anger him."

A frosty light flashed through Liu Huang's eyes when he heard the disciple's dismissive tone. He casually pointed at the disciple and a trace of crimson light pierced through his chest.

The disciple's body rotted in an instant, and he turned into a puddle of black blood.

Liu Huang's devil qi was something that could kill experts at the Ninth Level Void Immortal Realm. That disciple was a mere Foundation Building Realm cultivator, and he wouldn't be able to take on a millionth of Liu Huang's power.

Seeing as the disciple was killed, those standing around charged at Huang Xiaolong in an attempt to take him down. However, all Liu Huang did was snort, and blood leaked from all their orifices. They fell to the ground in an instant.

Huang Xiaolong strolled towards the main hall casually.

Along the way, Liu Huang released his aura to sweep the disciples of the Divine Court Sect away.

Very quickly, a report was made to Chen Haoguang.

All of them couldn't help but think about Huang Xiaolong's warning when he came over the first time. He had said that anyone who betrayed him would die without a complete corpse!

Tao Wei narrowed his eyes, and he growled, "Presumptuous!"

The moment the word left his lips, a figure entered the main hall. A body flew in alongside the man, and the body was turned into a pile of black liquid.

The faces of Chen Haoguang and the others changed instantly.

Under their shocked gazes, Huang Xiaolong stepped into the main hall with a cute little black spirit on his shoulder.

"Looks like I'm interrupting your celebrations..." Huang Xiaolong sighed.
