Chapter 3361: Kill Order

Chen Haoguang and the others looked at Huang Xiaolong as fear sprouted in their heart once again.

“Are you Huang Xiaolong?!” Tao Wei stared at Huang Xiaolong with an annoyed expression.

“Are you the slave of whatever prince he is in the Immortal Reverence Empire?” Huang Xiaolong replied with a question of his own.

“Huang Xiaolong, how dare you!” An expert of the empire roared when he heard how disrespectful Huang Xiaolong was. “You’re just a peasant in the Deserted Galaxy! Do you know the consequences of disrespecting Lord Tao Wei?!”

“Oh? Pray, tell...” Huang Xiaolong muttered.

“You will be flogged a hundred times as a light punishment! If Lord Tao Wei is angry, we’ll throw you into the great prison!”

Huang Xiaolong didn’t say a word as formless pressure dragged Tao Wei down from his seat.

Tao Wei couldn’t control his body as he slammed directly into the ground.

“You!” Tao Wei cried out in fright.

“I hate it when people act all arrogant before me,” Huang Xiaolong muttered. He swept his gaze across Chen Haoguang and the others and he saw that everyone was present. “I recall telling you that none of you will die with a complete corpse if you betrayed me...”

Chen Haoguang and the others panicked as they turned to stare at Tao Wei for help.

Crawling to his feet in embarrassment, Tao Wei sneered, "Huang Xiaolong, all of them have already submitted to the great Immortal Reverence Empire! They are currently serving the third prince, and even if you're an expert in the Grand Completion Realm, you'll be sentenced to death if you dare to touch them!"

"Right now, you better..." Before he could complete his sentence, Huang Xiaolong swiped at the air and dragged Tao Wei over to himself.

"What were you saying again?"

"Release Lord Tao Wei at once!" The experts of the empire leaped towards Huang Xiaolong as they took out their treasures.

It was too bad Liu Huang casually pointed at the air to summon a crimson sea. Waves of energy devoured those present.

When they were struck by the energy wave, all of them fell to the ground as miserable cries filled the skies.

Chen Haoguang and the others stared at Liu Huang in terror.

He dealt with more than four hundred Soul Condensation Realm experts with a single gesture!

The shock they got from Liu Huang far surpassed the fear they had felt from Huang Xiaolong when he revealed his strength in the past.

Everyone had ignored Liu Huang as he was too damn small! All of them thought that he was a pet raised by Huang Xiaolong, but he dealt with more than four hundred experts in the blink of an eye!

"Your Highness, please spare our lives!" Liang Yun pleaded. "Please, give me another chance!"

The old ancestor of the True Essence Sword Gate sneered, "Liang Yun, there's no need to beg him. Now that he offended His Third Highness, his fate will be worse than death!"

"Is that so?" Huang Xiaolong chuckled. "Since that's the case, I'll exterminate the Immortal Reverence Empire before killing you."

He tossed the old ancestor of the Sword Essence Gate into the Sun Moon Furnace.

As for the rest, Huang Xiaolong ordered Liu Huang, "Kill them all. There's no need to show mercy."

Since they swore never to betray him, Huang Xiaolong wouldn't spare their lives.

The blood drained from their faces when they heard what he said.

"All of you, attack! Kill Huang Xiaolong right now!" A roar entered their ears as one of the old ancestors risked everything to charge at Huang Xiaolong. He self-destructed, hoping that he could bring Huang Xiaolong down with him.

An expert at the Soul Condensation Realm chose to self-destruct!

Who would have thought that he would choose such a way to die?

Since there was no way out, everyone realized that there was nothing else they could do. They stared at the cloud of smoke from the old ancestor's self-destruction and they hoped that it would be enough to take Huang Xiaolong down. It was too bad they were greeted with the sight of a completely intact Huang Xiaolong.

Chen Haoguang and the others felt as though their souls were dunked into a pool of freezing water.

How is this possible?!

The explosion of a Soul Condensation Realm expert couldn't harm Huang Xiaolong!

Liu Huang moved and his palm came crashing down from the skies. It sent Chen Haoguang and the others into the ground.

None of them were left with a complete corpse.

Huang Xiaolong looked at Tao Wei and the latter peed his pants.

"Let's go." Huang Xiaolong didn't plan to kill Tao Wei. Instead, he disappeared from the main hall of the Divine Court Sect in the blink of an eye.

Tao Wei looked at the piles of meat on the ground, and he retrieved a transmission symbol with his trembling hands.

In one of the giant manors on a certain planet in the Deserted Galaxy, a young man felt his veins popping when he read the report in his hand.

The youngster was clad in dragon robes, and he was the third prince of the Immortal Reverence Empire, Chen Zhong.

"Nearly crippled hundreds of my subordinates?!" He suppressed the anger in his heart, and he continued, "He even threatened to exterminate my empire!"

That was the first time his subordinates saw him so angry.

"Your Highness, this..." a white-haired old man asked.

The man was one of the ten strongest experts under Chen Zhong. He was called Lin Baiyu. He was at the peak of the Ninth Level Grand Completion Realm.

Chen Zhong handed the report over to the others, and he said, "Look at this. Tao Wei just sent this report over."

Everyone was shocked to read its contents.

"Suspected to be an expert at the Grand Completion Realm? He even brought a palm-sized pet that isn't any weaker than him!" Lin Baiyu frowned when he read the report.

"Pet at the Grand Completion Realm? Could it be a divine beast from ancient times?" someone else asked.

"It's possible." Lin Baiyu's eyes sparkled. "Legends have it that the ancient beasts can change their body structure as they please."

Chen Zhong harrumphed, "I don't care if it's a divine beast! Regardless of his identity, take him down!"

"Pass down my order. Seal the Deserted Galaxy and search for his whereabouts!"

"Send people over to earth to exterminate his clan!"

"Yes, Your Highness!"

Not long after he gave his order, Liu Huang said to Huang Xiaolong, "Your Highness, Chen Zhong has already given the killing order."

Huang Xiaolong nodded his head and continued on his way. He didn't use the power of space at all. After half a day, he finally arrived at a massive planet. It was several thousand times the size of Earth.

That was the Immortal Reverence Star that housed the core of the Immortal Reverence Empire, and it was somewhere they had to cross in order to arrive at the center of the star river.

Chapter 3362: Chaos Immortal Gate

When Huang Xiaolong and Liu Huang made their way towards the Immortal Reverence Star, a giant competition was held in the imperial palace of the empire.

The competition was a tradition that was created when the founding ancestor created the empire! According to the rules, all disciples of the royal family would have to take part in it.

No one could come to a consensus on why the founding ancestor held the competition.

Some of them said that the founding ancestor planned to look for an inheritor through the competition, and there were others who said that he planned to train his descendants up using this method. Whatever the case, the empire would grow stronger.

The competition venue was arranged on a giant plaza in the imperial palace. It was large enough to house hundreds of thousands of people, and any official could spectate the competition. Other than them, the old ancestors, patriarchs, and experts of the great clans were invited. There were even several old ancestors of nearby empires!

It was the last of the ten days of competition, and the battles were reaching their climax.

“Looks like His Third Highness, Chen Zhong, will be able to take first place in the competition!” A silver-haired old man announced as he stood on the hosting platform in the middle of the plaza.

Just one round ago, Chen Zhong defeated the fourth prince with five moves! Everyone was shocked at the sudden development.

“The third prince has been hiding his strength all this while. Who would have thought that he would not only be the most talented, he would also be the strongest among them?! If not for the competition, no one would know that he had already reached the peak of the late-First Level Tribulation Realm!” An expert, whose eyes resembled that of a tiger, praised him.

The two experts were doyens of the Immortal Reverence Empire, and they were high-level Tribulation Realm experts. The silver-haired old man was called Bo Yifeng, and the other was called Ceng Long.

Bi Yifeng looked at the two members sitting in the central area of the platform. One of them was the founding ancestor of the empire, Chen Tianzeng!

As for the person beside him, it was a supreme expert from the Chaos Immortal Gate, Wang Haiyang!

In fact, the two of them knew the real purpose of the competition. It was because of Wang Haiyang!

Wang Haiyang was an expert who roamed the world, and he wanted to pick a talented disciple to inherit his mantle. He basically went to all the empires before getting the old ancestor to do the same thing.

“Senior Immortal Wang seems to look highly upon His Third Highness,” Ceng Long suppressed his voice and whispered.

In the mortal world, only Void Saints would be hailed as an ‘Immortal’!

Wang Haiyang wasn’t merely an expert in the Void Immortal Realm. He was at the high-level Void Immortal Realm! To be exact, he was at the late-Seventh Level Void Immortal Realm. Even the old ancestor of the Immortal Reverence Empire would have to worship an existence at his level! One could only imagine how honored anyone would be to be chosen to be Wang Haiyang’s disciple!

Bo Yifeng nodded slightly. He looked at Chen Zhong with an envious gaze as he said, “If His Third Highness is really chosen by Wang Haiyang, the old ancestor will definitely leave the throne to him! He will take control of the empire in the future!”

“With His Third Highness’ talent, he will definitely be chosen! After all, he has three immortal talents.”

Before the start of the competition, no one knew that Chen Zhong had an immortal bloodline, immortal fate, and three immortal talents! His revelation shocked the empire! Everyone felt that he was the only one capable of taking the title of the crown prince. After all, no one could hold a candle to him!

Wang Haiyang nodded with satisfaction when he looked at Chen Zhong. “Indeed, Even in the Central Star River, his talent is exceptional! His foundations have been well built with the ancient immortal arts, and he doesn’t show off his strength unnecessarily.”

“Great. He’s pretty good!”

Chen Tianzeng felt a wave of joy filling his heart, and he cupped his fists towards Wang Haiyang. “It’s Chen Zhong’s honor to receive Senior Immortal’s praise.”

If his grandson, Chen Zhong, could become a direct disciple of Wang Haiyang, they would be able to latch on to the power that was the Chaos Immortal Gate! That was definitely worth celebrating.

The Chaos Immortal Gate was the second-ranked power in the Silver Star System!

Before the behemoth that was the Chaos Immortal Gate, the Immortal Reverence Empire was a ragtag gang!

Wang Haiyang chuckled happily, “There are two more battles lined up, but let’s call it here. Chen Zhong will take first place! Bring him to me later. I wish to meet the kid.”

Chen Tianzeng was ecstatic. From what Wang Haiyang said, he was definitely going to take Chen Zhong in as his disciple!

“Yes! I shall announce your decision immediately!”

Getting to his feet, Chen Tianzeng rose into the air, and he swept his gaze across those present. “There is no need for the competition to continue. Third Prince Chen Zhong’s strength and talent speak for themselves. He shall take the first place in the competition!”

“Is everyone agreeable?”

His voice rang through the skies.

Naturally, no one dared to say otherwise.

Chen Zhong was elated when he heard the announcement.

“Chen Zhong, come over and meet Immortal Wang Haiyang!” a voice rang in his head all of a sudden.

“Yes, old ancestor!” Chen Zhong bowed respectfully. Right before he could fly over to the platform where Wang Haiyang was, a figure descended from the skies. He stood right before Chen Zhong.

Everyone stared at the newcomer in shock.

That included Chen Tianzeng and Wang Haiyang. None of them detected his presence!

Noticing the reaction of those around him, Chen Zhong spun around instantly.

“Are you the third prince of the Immortal Reverence Empire?” Huang Xiaolong asked casually.

A frown formed on Chen Zhong’s face as he ordered the troops around the platform, “Why haven’t you thrown him out?”

Liu Huang casually tapped at the air before any of them could move. A burst of light emerged and all of them were sent flying.

“Huh?” Chen Tianzeng gasped when he looked at the little black spirit behind Huang Xiaolong. Wang Haiyang was equally shocked when he noticed Liu Huang’s presence.

The troops might not be strong, but the two of them noticed Liu Huang’s special arts.

“Who are you?” Chen Zhong asked as a look of shock crossed his eyes.

Invincible

Chapter 3363: Immortal Reverence Blade Style

Chen Zhong found the duo somewhat familiar, but he had no idea where he had seen them before.

According to logic, he hadn't seen the two in his life! Why were they looking for him?!

"Huang Xiaolong."

"What?! You... You're Huang Xiaolong?!" Chen Zhong yelled in shock. Just half a day ago, he had passed down a killing order for the man. Wasn't he supposed to be on the Flowing Flame Star?! Why was he in the core of their territory?!

The experts of the empire fell into a discussion.

"I heard that the third prince gave an order several hours ago! The target was called 'Huang Xiaolong' or something... Could that be him?!"

"I'm afraid so.. He's too damn daring. Not only did he stay behind, but he also dared to barge straight into the heart of the empire!" Ceng Long sneered.

Chen Tianzeng turned to look at Chen Zhong when he heard the discussion in the air. "Chen Zhong, what's going on?"

"Ancestor... This man heavily injured hundreds of Soul Condensation Realm experts of the empire. He even killed thousands of my subordinates! According to him, he'll exterminate our empire. That was the reason behind the killing order."

"Who would have thought that he would run all the way here?"

Chen Zhong's words caused many of those present to suck in a cold breath of air.

Killed more than a thousand subordinates?

Threatened to exterminate the empire?

Chen Tianzeng furrowed his brows, and he turned to glare at Huang Xiaolong. “Did you say that you would destroy my empire?”

“Why would I need to do something like that myself?” Huang Xiaolong waved his hand casually in the air before pointing at Liu Huang. “He will be more than enough.”

Chen Tianzeng roared with laughter as rage filled the hearts of the empire’s experts.

Wang Haiyang looked at Huang Xiaolong with a mocking smile on his face. He had adventures across countless galaxies, but that was the first time he had seen someone as crazy as Huang Xiaolong.

“Old Ancestor, please allow me to punish this man on behalf of our Immortal Reverence Empire!”

Chen Tianzeng nodded as his eyes turned cold. “Take him down, but keep him alive.”

“Old Ancestor, please rest assured.” Chen Zhong promised before turning to face Huang Xiaolong. As he walked towards the devil and man duo, a halo of light surrounded his body.

The light seemed to originate from the Immortal World as everyone felt their hearts trembling in their chests.

“This... This... This is the immortal light recorded in the legends!” someone in the crowd exclaimed.

“I heard that only someone who has an immortal bloodline, immortal physique, and immortal fate will be able to produce such a powerful aura! Even though he hasn’t reached the Void Immortal Realm, his strength has already reached an incredible level!”

“That’s not all! Anyone who can produce the immortal light can receive the protection of the immortals in the Immortal World! With the immortal light supplementing his strength, he is definitely much stronger than he was during the competition!”

Everyone broke out into heated discussion.

It was the first time any of them in the audience had seen such a strange phenomenon.

Wang Haiyang looked at the immortal light around Chen Zhong, and he sighed, “I haven’t seen the immortal light in such a long time!”

He had lived for hundreds of thousands of years, but he hadn’t seen more than ten experts who possessed the power of the immortal light.

Moreover, all those who possessed such a powerful ability were patriarchs or ancestors of the great immortal gates in the central star system.

One wouldn’t be able to possess the immortal light with just three traits alone. They had to be of certain strength!

One needed a high-level immortal bloodline, immortal physique, and immortal fate to be able to produce the immortal light. It was difficult to obtain even one of the three criteria, much less all three.

As such, the notion of taking Chen Zhong in as his disciple solidified in his heart.

As the light around him grew stronger and stronger, it enveloped the entire plaza. Everyone felt as though a god was descending from the heavens.

“Make your move. I’ll give you one chance,” Chen Zhong said as he approached Huang Xiaolong and Liu Huang.

The moment the words left his lips, Liu Huang casually pointed in the air. The stench of blood filled the plaza in an instant as the skies turned dark. It was as though purgatory descended on the lands as the immortal light around Chen Zhong lost its power.

“Be careful!” Chen Tianzeng and Wang Haiyang yelled in unison, but they were far too slow... Indeed, how could they compare to the strongest devil in the mortal world? Liu Huang was merely half a step away from ascending, and he possessed unbelievable strength! The immortal light around Chen Zhong’s body shattered in an instant as he was struck by a ray of energy. He fell off the platform to the cold, hard ground below.

When everyone turned to stare at whatever was left of his body, they realized that his heart was nowhere to be seen. All that was left was a gaping hole in his chest.

A terrifying cloud of black smoke filled the air.

Shock ran through the crowd.

“What terrifying devil qi?!” Wang Haiyang got to his feet, and he appeared beside Chen Zhong. A ball of light appeared in his hand as he sent it towards Chen Zhong. It was evident that he was planning to save the kid.

Chen Tianzeng no longer held back as he released his aura completely. A storm was swept up as the empire trembled slightly. Everyone felt a majestic aura descending on them, and they yelled in shock, “Immortal!”

“The old ancestor entered the Void Immortal Realm!”

Indeed, the two eminent elders who were at the peak of the late-Ninth Level Tribulation Realm stared at Chen Tianzeng in fright.

Void Immortal! He was basically an immortal in the mortal world!

When everyone was stuck in a state of disbelief, Chen Tianzeng leaped into the air as a giant blade slashed at Huang Xiaolong. Millions of blade light filled the air, and it surrounded Huang Xiaolong and Liu Huang completely.

“Immortal Reverence Blade Style! It has been three hundred years since the old ancestor last used the move!” Bo Yifeng felt excitement coursing through his veins.

“The sword style was created by the ancient immortals! Three hundred years ago, Chen Tianzeng used the move to defeat a First Level Void Immortal!” Ceng Long yelled.

However, Chen Tianzeng was a mere Tribulation Realm expert three hundred years ago! Now, he was a Void Immortal!

A moment before the blade light could land, Liu Huang raised his head and tapped the air to stop them dead in their tracks.

Staring at Chen Tianzeng, millions of rays of blade light flew towards him!

Invincible

Chapter 3364: New King of Devil Hell

Chen Tianzeng panicked when he saw the rays of light shooting towards him. Retreating hastily, he slashed out multiple times with the sword in his hand. He tried his best to deflect the attacks, but the blade light was too damn fast!

Cuts filled his body from head to toe, and not a single part of his body was injury free.

In an instant, millions of cuts were made on his body!

Grunting, he was sent flying through the air as blood filled the skies.

Slamming into the middle of the main platform, the blade in his hand fell to the ground below. His blood stained the platform red as terrifying wounds filled his body.

Everyone who thought that Chen Tianzeng would defeat his opponent easily after entering the Void Immortal Realm fell silent when they saw his sorry figure lying on the platform.

He was no longer recognizable, and his clothes were in complete tatters.

Wang Haiyang, who was trying to save Chen Zhong, stared at Liu Huang as a trace of shock flashed across his face.

He formed a weird hand seal as mysterious runes appeared all around Chen Zhong's chest. The devil qi that was constantly being produced was suppressed for the time being.

Liu Huang raised an eyebrow in surprise. He nodded to himself quietly. The Chaos Immortal Gate wasn't one of the most ancient powers for nothing. They deserved their reputation indeed.

Wang Haiyang quickly took out a pill and fed it to Chen Tianzeng who was on the verge of death. At the same time, another ball of light appeared in his hand as he pushed it towards Chen Tianzeng. The terrifying blade wounds on his body started to close up.

Huang Xiaolong and Liu Huang didn't stop the man.

When Wang Haiyang was done, he finally turned to look at the two of them. His gaze lingered on Liu Huang for a long time. Since the little black spirit could defeat Chen Tianzeng with a single move, he wouldn't be much weaker than Wang Haiyang himself.

"I am Wang Haiyang of the Chaos Immortal Gate. I wonder which devil sect did fellow cultivators come from?"

There were immortal cultivators in the Silver River Star System, and it went without saying that there was never light without darkness. There were equally as many devil sects!

The strongest of them were comparable to the Panwu Immortal Gate! Of course, immortal factions like the Panwu Immortal Gate and the Chaos Immortal Gate thrived in the light. Experts of the devil sects hid in the darkness.

“Devil Hell. You can call me Liu Huang.”

Devil Hell? A look of confusion filled Wang Haiyang’s face. There didn’t seem to be a devil sect called the Devil Hell...

However, a terrifying thought flashed through his mind all of a sudden as he thought of an ancient legend.

His expression changed drastically. Could it be?!

“Devil... Devil Hell?!”

Devil Hell!

It wasn’t a devil sect. Instead, it was a location!

It was a location where the most terrifying of devils lived!

Since ancient times, the Devil Hell had always been recorded in the legends. There was a time when the Devil Hell nearly conquered half of the Silver River Star System. In fact, not even the strongest expert of the immortal factions could do a thing to the Devil Lord! Eventually, the experts of every single righteous faction banded together and sealed off the Devil Hell!

Now, the experts of the Devil Hell are reappearing in the world!

“That’s right...” Liu Huang knew that Wang Haiyang finally recalled the epic conquest of ancient times.

Wang Haiyang felt his heart pounding in his chest and the look in his eyes changed.

He looked at Huang Xiaolong and made a gander at his identity. "Are you the Devil Lord of this generation?"

Huang Xiaolong chuckled in amusement. "Sure, you can think of it however you like."

Indeed. After subduing Liu Huang and the great marshals, one could say that Huang Xiaolong practically owned Devil Hell. It wasn't a stretch to call him the new Devil Lord.

Wang Haiyang felt fear coursing through his veins, and he took several steps back in retreat!

In the past, the Devil Lord was far too strong.

"You can leave," Huang Xiaolong muttered.

Staring at Huang Xiaolong in shock, Wang Haiyang felt his expression dropping. He looked at Chen Zhong on the ground and hesitation filled his heart. The kid was someone who could produce the immortal light! If he were to miss a disciple like that, no one would know how long he would have to wait before finding another one!

"You have ten seconds to disappear," Huang Xiaolong sighed.

Clenching his fists, Wang Haiyang thought about saving Chen Zhong from the evil clutches of Huang Xiaolong.

He was extremely confident in his strength, and the secret art of the Chaos Immortal Gate. He thought of testing out Huang Xiaolong's strength to see how he fared against the Devil Lords of the past. According to him, there was no way Huang Xiaolong would possess the strength of the old Devil Lords! After all, he was just a young brat!

"Seven," Liu Huang's voice boomed through the air.

“Eight.”

“Nine...”

Just as Liu Huang was about to make Wang Haiyang stay permanently, he soared through the air in retreat.

He chose the safest option at the very last second possible.

In his mind, all he had to do was to return to the Central Star River to inform the various great factions about the reappearance of Devil Hell.

Chen Tianzeng and Chen Zhong felt despair clouding their hearts when Wang Haiyang left.

“Senior Wang!” Chen Tianzeng screamed with everything he had, but Wang Haiyang left without looking back.

Huang Xiaolong and Liu Huang approached Chen Tianzeng and Chen Zhong.

“Protect His Majesty!” one of the eminent elders yelled and everyone leaped at Huang Xiaolong and Liu Huang in unison.

A cold harrumph left Liu Huang’s lips and his pair of tiny wings flapped once. A terrifying wave of devil qi swept through the land and swallowed everyone in his path. Everyone who came into contact with the devil qi cried out in pain. After the dust settled, the only person left standing in the plaza was Huang Xiaolong. Everyone was rolling about on the ground in pain.

Chen Tianzeng and Chen Zhong felt another wave of hopelessness washing over them. The fear they had towards Liu Huang increased by many times.

One had to know that there were more than tens of thousands of Grand Completion Realm experts and hundreds of Tribulation Realm experts present. However, they were defeated in the blink of an eye!

The two of them might not know what the name 'Devil Hell' represented, but they finally realized why Wang Haiyang ran away with his tail tucked between his legs.

Chen Zhong's face was filled with bitter resentment and endless fear as Liu Huang opened his mouth to devour him. He turned into a streak of light that disappeared into Liu Huang's belly.

After all, he was extremely nutritious to a devil like Liu Huang.

As for Chen Tianzeng, Huang Xiaolong didn't plan to kill him. He sent a grandmist worm into his body to control the old ancestor of the Immortal Reverence Empire. If Chen Tianzeng were to die, the entire region would be thrown into chaos. It wasn't a good thing for Earth. As such, Huang Xiaolong wished to preserve the stability of the galaxy.

Waving his hand, rays of light fell from the void. When they landed on the bodies of Chen Tianzeng and those rolling about on the ground, they were healed completely.

Huang Xiaolong remained for a single day in the imperial palace of the Immortal Reverence Empire. After ordering Chen Tianzeng to complete some simple tasks, he left the galaxy with Liu Huang.

Invincible

Chapter 3365: By the Roots

When they left, the news of the Devil Hell's reappearance started to spread through the Silver River Star System. Countless powers were affected.

"I heard that there's a new Devil Lord! A tiny little black spirit follows him around, and the little spirit is no weaker than Eminent Elder Wang Haiyang of the Chaos Immortal Gate!"

"Senior Wang Haiyang is an expert at the Seventh Level Void Immortal Realm! He cultivated the highest of arts in the Chaos Immortal Gate, and his strength is comparable to an early-Eighth Level Void Immortal! How can a tiny black spirit be his match?! It has to be an exaggeration!"

“Yeah, I think so too. Even if Chen Tianzeng of the Immortal Reverence Empire isn’t a match for the little spirit, that doesn’t mean that Senior Wang Haiyang can’t defeat him! Chen Tianzeng barely entered the Void Immortal Realm...”

There were countless empires in the star system, and there were multiple great clans. There were many different views on the matter.

In the Chaos Immortal Palace that drifted about space in the Central Star System, countless experts were gathered together.

There were a hundred immortal gates in the Central Star Region, and the strength of the Chaos Immortal Gate is second only to the Panwu Immortal Gate. They were extremely powerful, and they had more than twenty high-level Void Immortals.

As for the number of Tribulation Realm experts, there were more than six hundred of them seated in the hall.

“What do you think about the reappearance of the Devil Hell?” Yuan Hong, the patriarch of the Chaos Immortal Gate, echoed through the hall.

“The Devil Lord seriously injured our ancestor in the past. As he was unable to recover completely, he failed to overcome the tribulation. He failed to ascend due to his injuries, and our ancestor died just like that!” Eminent Elder Lin Shengan snorted, “Since the new Devil Lord has appeared in the world, we’ll avenge our ancestor personally!”

“Doyen Lin is right! We have to take revenge!” another doyen, Yang Shaotian, added.

“From the disciples of the Immortal Reverence Empire, their ancestor submitted to the new Devil Lord, Huang Xiaolong. He has already left the empire, and he should be currently heading to our Central Star System,” Zhang Jianxin, another doyen, mentioned.

Lin Shengan’s eyes narrowed, and he sneered, “In that case, let’s lay down an ambush. We’ll kill Huang Xiaolong and exterminate the Immortal Reverence Empire!”

Various eminent elders spoke up in the hall, and all of their thoughts aligned. They were to kill Huang Xiaolong. After that, they would exterminate the evil empire that submitted to him.

Yuan Hong didn't interrupt them as they laid down their thoughts. Seeing as everyone had come to a consensus, he finally spoke, "I'm sure everyone remembers how strong the Devil Lord of the past was. Even though Huang Xiaolong might not be as strong as him, he shouldn't be that far off. Since he succeeded in leaving the Devil Hell, the other experts of the Devil Hell should be roaming the world."

Everyone fell silent after they realized the severity of the problem.

"As such, we need to form an alliance with the other immortal gates in order to exterminate this danger from the roots!" Yuan Hong added.

"The patriarch is right! In the past, there were countless experts who died at the hands of the devils. We need to do our part to destroy them completely! Not only do we have to seal up the Devil Hell, but we also need to kill every single devil within!" Lin Shengan growled.

"We'll solve the root of the problem!"

To explain Lin Shengan's hatred for the devils, one had to know that he was the grandson of the old ancestor of the Chaos Immortal Gate.

"However, Lord Ye Zhaolong of the Panwu Immortal Gate said that he would only be back next month. Should we wait for him before discussing our strategy?" Yang Shaotian hesitated.

"There is no need to involve the Panwu Immortal Gate. With so many of us, we will be more than enough to destroy any remnants of the Devil Hell," Yuan Hong growled.

Ye Zhaolong was the strongest expert in the Silver River Star System, and Yuan Hong was ranked second. He would feel a sense of irritation rising in his heart whenever someone brought up Ye Zhaolong.

“Pass down my order. Contact the patriarchs of the other immortal gates. They are to gather here in order to discuss the extermination of the devils!”

Getting to their feet, everyone acknowledged his order.

....

Several days later...

Huang Xiaolong and Liu Huang stood in space millions of miles away from the Central Star System, and they looked at the dazzling sight before them.

If Huang Xiaolong were to manipulate the power of space, he would have long since arrived. In fact, it would take him less than a day to travel from the Deserted Galaxy to the Central Star System. However, he decided to stroll about the surrounding regions before heading over.

The Central Star System was hundreds of times larger than the Deserted Galaxy. It was created when countless stars gathered together, and cosmic dust filled the space before them. The cosmic dust formed a pretty sight as they sparkled in the space around the stars.

With their massive size, there were countless factions located in the Central Star System!

Even the great families there were comparable to the empires on the outskirts of the star system. As for the empires present in the Central Star System, it went without saying that every single one of them was stronger than the Immortal Reverence Empire.

Liu Huang looked at the pretty sight before him as he sighed in his heart. There was a trace of longing, but there was also a feeling of deep-seated hatred in his heart.

“Are you thinking about ancient times?” Huang Xiaolong asked.

Liu Huang nodded and sighed, "My father once told me to bring the disciples of the Devil Hell away from that miserable place. He said that his dream was to find a piece of land in the Central Star System for all of us to settle down. However, we were hated by the members of the immortal factions the moment we set foot here."

"They formed a great army to kill us all!"

"In their eyes, devils are creatures that represent the darkness. We should never be allowed to coexist with them..."

"It's especially so for the old baldy in the Hundred Buddha Gate. He brought everyone together in order to exterminate us!"

A flash of hatred crossed Liu Huang's eyes.

The Hundred Buddha Gate was ranked third in the Central Star System.

When the two of them were chatting casually, a flying ship sailed past them, and they overheard the conversation within.

"Did you hear? The Chaos Immortal Gate and the Hundred Buddha Gate formed a giant alliance to exterminate devils! I heard that countless patriarchs and experts are rushing over as we speak."

"Wouldn't this be the second time in history that the great immortal factions are banding together?"

"Hehe, our Dazzling Gold Empire can't miss this meeting!"

As the flying ship sailed towards the Central Star System, Huang Xiaolong looked at Liu Huang and muttered, "We should head over too..."

As they slowly drifted over, countless immortal gates sealed off the Central Star System as they performed stringent checks on anyone who wished to enter.

Invincible

Chapter 3366: shattered

When they left, the news of the Devil Hell's reappearance started to spread through the Silver River Star System. Countless powers were affected.

"I heard that there's a new Devil Lord! A tiny little black spirit follows him around, and the little spirit is no weaker than Eminent Elder Wang Haiyang of the Chaos Immortal Gate!"

"Senior Wang Haiyang is an expert at the Seventh Level Void Immortal Realm! He cultivated the highest of arts in the Chaos Immortal Gate, and his strength is comparable to an early-Eighth Level Void Immortal! How can a tiny black spirit be his match?! It has to be an exaggeration!"

"Yeah, I think so too. Even if Chen Tianzeng of the Immortal Reverence Empire isn't a match for the little spirit, that doesn't mean that Senior Wang Haiyang can't defeat him! Chen Tianzeng barely entered the Void Immortal Realm..."

There were countless empires in the star system, and there were multiple great clans. There were many different views on the matter.

In the Chaos Immortal Palace that drifted about space in the Central Star System, countless experts were gathered together.

There were a hundred immortal gates in the Central Star Region, and the strength of the Chaos Immortal Gate is second only to the Panwu Immortal Gate. They were extremely powerful, and they had more than twenty high-level Void Immortals.

As for the number of Tribulation Realm experts, there were more than six hundred of them seated in the hall.

"What do you think about the reappearance of the Devil Hell?" Yuan Hong, the patriarch of the Chaos Immortal Gate, echoed through the hall.

“The Devil Lord seriously injured our ancestor in the past. As he was unable to recover completely, he failed to overcome the tribulation. He failed to ascend due to his injuries, and our ancestor died just like that!” Eminent Elder Lin Shengan snorted, “Since the new Devil Lord has appeared in the world, we’ll avenge our ancestor personally!”

“Doyen Lin is right! We have to take revenge!” another doyen, Yang Shaotian, added.

“From the disciples of the Immortal Reverence Empire, their ancestor submitted to the new Devil Lord, Huang Xiaolong. He has already left the empire, and he should be currently heading to our Central Star System,” Zhang Jianxin, another doyen, mentioned.

Lin Shengan’s eyes narrowed, and he sneered, “In that case, let’s lay down an ambush. We’ll kill Huang Xiaolong and exterminate the Immortal Reverence Empire!”

Various eminent elders spoke up in the hall, and all of their thoughts aligned. They were to kill Huang Xiaolong. After that, they would exterminate the evil empire that submitted to him.

Yuan Hong didn’t interrupt them as they laid down their thoughts. Seeing as everyone had come to a consensus, he finally spoke, “I’m sure everyone remembers how strong the Devil Lord of the past was. Even though Huang Xiaolong might not be as strong as him, he shouldn’t be that far off. Since he succeeded in leaving the Devil Hell, the other experts of the Devil Hell should be roaming the world.”

Everyone fell silent after they realized the severity of the problem.

“As such, we need to form an alliance with the other immortal gates in order to exterminate this danger from the roots!” Yuan Hong added.

“The patriarch is right! In the past, there were countless experts who died at the hands of the devils. We need to do our part to destroy them completely! Not only do we have to seal up the Devil Hell, but we also need to kill every single devil within!” Lin Shengan growled.

“We’ll solve the root of the problem!”

To explain Lin Shengan's hatred for the devils, one had to know that he was the grandson of the old ancestor of the Chaos Immortal Gate.

"However, Lord Ye Zhaolong of the Panwu Immortal Gate said that he would only be back next month. Should we wait for him before discussing our strategy?" Yang Shaotian hesitated.

"There is no need to involve the Panwu Immortal Gate. With so many of us, we will be more than enough to destroy any remnants of the Devil Hell," Yuan Hong growled.

Ye Zhaolong was the strongest expert in the Silver River Star System, and Yuan Hong was ranked second. He would feel a sense of irritation rising in his heart whenever someone brought up Ye Zhaolong.

"Pass down my order. Contact the patriarchs of the other immortal gates. They are to gather here in order to discuss the extermination of the devils!"

Getting to their feet, everyone acknowledged his order.

....

Several days later...

Huang Xiaolong and Liu Huang stood in space millions of miles away from the Central Star System, and they looked at the dazzling sight before them.

If Huang Xiaolong were to manipulate the power of space, he would have long since arrived. In fact, it would take him less than a day to travel from the Deserted Galaxy to the Central Star System. However, he decided to stroll about the surrounding regions before heading over.

The Central Star System was hundreds of times larger than the Deserted Galaxy. It was created when countless stars gathered together, and cosmic dust filled the space before them. The cosmic dust formed a pretty sight as they sparkled in the space around the stars.

With their massive size, there were countless factions located in the Central Star System!

Even the great families there were comparable to the empires on the outskirts of the star system. As for the empires present in the Central Star System, it went without saying that every single one of them was stronger than the Immortal Reverence Empire.

Liu Huang looked at the pretty sight before him as he sighed in his heart. There was a trace of longing, but there was also a feeling of deep-seated hatred in his heart.

“Are you thinking about ancient times?” Huang Xiaolong asked.

Liu Huang nodded and sighed, “My father once told me to bring the disciples of the Devil Hell away from that miserable place. He said that his dream was to find a piece of land in the Central Star System for all of us to settle down. However, we were hated by the members of the immortal factions the moment we set foot here.”

“They formed a great army to kill us all!”

“In their eyes, devils are creatures that represent the darkness. We should never be allowed to coexist with them...”

“It’s especially so for the old baldy in the Hundred Buddha Gate. He brought everyone together in order to exterminate us!”

A flash of hatred crossed Liu Huang’s eyes.

The Hundred Buddha Gate was ranked third in the Central Star System.

When the two of them were chatting casually, a flying ship sailed past them, and they overheard the conversation within.

“Did you hear? The Chaos Immortal Gate and the Hundred Buddha Gate formed a giant alliance to exterminate devils! I heard that countless patriarchs and experts are rushing over as we speak.”

“Wouldn’t this be the second time in history that the great immortal factions are banding together?”

“Hehe, our Dazzling Gold Empire can’t miss this meeting!”

As the flying ship sailed towards the Central Star System, Huang Xiaolong looked at Liu Huang and muttered, “We should head over too...”

As they slowly drifted over, countless immortal gates sealed off the Central Star System as they performed stringent checks on anyone who wished to enter.

Chapter 3367: Path to the Immortal World

Not too long after Huang Xiaolong entered the Central Star System, the patriarchs received news of him breaking through the formation.

“What?! How in the world did the Nine Rainbow Immortal Gate shatter?!” Han Li gasped.

That was basically the reaction of those present.

How could something as absurd as that happen?!

It was absolutely absurd!

“Could the Nine Rainbow Immortal Gate be worn out after the years of existence?” Ning Qiyu muttered.

Everyone looked at each other awkwardly.

“Perhaps...” Yuan Hong frowned. Other than that, he couldn’t think of another reason.

“From the reports from the various disciples, Huang Xiaolong and the little black spirit seem to be heading towards the path to the Immortal World!” Jiang Lin said.

“Path to the Immortal World? Is he planning on crossing the tribulation to ascend to the Immortal World?” Ning Qiyu guessed.

“No! We cannot allow him to ascend! Tell everyone that they have to delay the two of them no matter the cost!”

As such, everyone started passing down orders to their subordinates hastily.

One hour later...

Huang Xiaolong and Liu Huang stood in the middle of space as they looked at a weirdly shaped tunnel before them.

“Is this the path to the Immortal World?” Huang Xiaolong asked.

“Yes. When you arrive at the end of the tunnel, you’ll enter the Immortal World. However, it has been sealed off by the great immortals, and they left behind countless restrictions along the way. The further down the tunnel you go, the stronger the restrictions!” Liu Huang explained, “Not even peak late-Ninth Level Void Immortal Realm experts would be able to cross a tenth of the tunnel!”

“Moreover, the immortal palace is right in front of us. We need to obtain permission from the Immortal Palace if we wish to enter the tunnel. Otherwise, they’ll kill anyone who dares to try!”

Huang Xiaolong nodded his head slowly.

The Immortal Palace is a tiny faction established by the Heavenly Court. They convey the will of the Heavenly Court and anyone who refuses to listen to them will be going against the Immortal World!

When Huang Xiaolong and Liu Huang were observing the tunnel, a whole new group arrived.

It was the patriarchs of the immortal factions.

There weren't too many of them, and there were ninety-nine experts in total.

Moreover, all of them were experts in the Ninth Level Void Immortal Realm.

A flash of cold light crossed Huang Xiaolong's eyes. Throughout their journey, they were intercepted more than thirty times!

Liu Huang became annoyed, and he started killing those from the immortal faction. Even though he eliminated more than ten thousand of them, they didn't give up!

"That's them!" Han Li pointed at Huang Xiaolong and yelled.

Seeing as they hadn't entered the path to the Immortal World, Yang Hong and the others heaved a sigh of relief. If Huang Xiaolong were to enter the Immortal World, things would be troublesome. After all, not even people like them would be able to enter the tunnel without permission from the Immortal Palace.

They surrounded Huang Xiaolong and Liu Huang with many others guarding the tunnel.

"Are you the new devil lord of Devil Hell?!" Jiang Lin glared at Huang Xiaolong as killing intent emerged from his body.

During the war against Devil Hell countless years ago, almost half of the experts who died at the hands of devils came from the Hundred Buddha Immortal Gate!

Huang Xiaolong ignored Jiang Lin as he swept his gaze across the others.

"I can give you one final chance if you kneel and submit to me."

They stared at Huang Xiaolong like he was a mad man.

However, Jiang Lin soon roared with laughter, “Huang Xiaolong, no matter how strong you are, you won’t be a match for all of us! Stop embarrassing yourself right before you die!”

It was too bad Huang Xiaolong dragged him over by the neck the moment the words left his lips.

Yuan Hong and the others felt their jaws dropping in fright.

Jiang Lin was an expert at the peak of the Ninth Level Void Immortal Realm! He had the Ancient Golden Buddha Physique, and his combat strength was terrifying! He was only slightly weaker than Yuan Hong, but he was easily captured by Huang Xiaolong!

Losing all strength in his body, Jiang Lin stuttered, “You... You... You’re not a Void Immortal!”

How else could the other party deal with him so easily?

Could Huang Xiaolong actually be a Heavenly Immortal?

There was no way! A Heavenly Immortal couldn’t exist in the Mortal World! They had to ascend the moment they crossed the tribulation!

Yuan Hong and the others were flabbergasted by his revelation!

All of a sudden, a group of experts flew over from the path to the Immortal World.

“Senior?!” someone yelled in surprise.

When Yuan Hong and the others turned to look at the newcomer, they discovered that it was Ye Zhaolong of the Panwu Immortal Gate! There were experts from the Immortal Palace with him.

The person who spoke was Ye Zhaolong, the expert Huang Xiaolong found after he entered the Mortal World.

Their hearts thumped when they heard how Ye Zhaolong addressed Huang Xiaolong.

Did he know who the new devil lord was?!

When Yuan Hong and the others were still confused, Ye Zhaolong ran over to Huang Xiaolong and knelt on the ground. "Ye Zhaolong greets the great senior. I didn't think that I would be able to meet you again after our fateful encounter in the past."

Huang Xiaolong had located him after entering the Silver Star System of the Pangu World, and he even had imparted a set of techniques to the man.

"Patriarch Ye, do you know what you're doing right now?!" Yuan Hong snorted in anger. "Senior?! He's the new devil lord of the generation! As the leader of the immortal factions, you dare kneel before a devil?!"

"What?! He's the new devil lord?!" Ye Zhaolong gasped in shock. He didn't think that it was possible.

"Oh? Patriarch Yuan, is he really the new devil lord?" Liu Bing, the Palace Master of the Immortal Palace frowned.

The reason behind their emergence was to look for a certain treasure. They didn't think that they would run into something like that.

As the palace master, he definitely knew about the Devil Hell.

“Yes, Lord Liu Bing,” Yuan Hong replied respectfully. “He’s called Huang Xiaolong and he’s the new devil lord! It has barely been an hour since he entered the Central Star System, but he killed more than ten thousand experts of our immortal factions! He’s even more violent than the old devil lord! Moreover, his strength surpasses anything we understand! Lord Liu Bing, please take action and kill this murderer!”

Killed more than ten thousand experts of the immortal factions.

The experts of the Immortal Palace were surprised as they looked at Huang Xiaolong who was holding Jiang Lin in his hand.

A snort left Liu Bing’s lips. “Release Patriarch Jiang Lin immediately!”

Chapter 3368: Huge *ss Hole!

Huang Xiaolong stared at all of them placidly as a ball of flame emerged to swallow Jiang Lin.

Right in front of them, Jiang Lin was turned into a pile of ashes before he could scream!

Even his essence soul was turned to nothingness!

Rage and fear filled the hearts of those present as Jiang Lin’s ashes scattered in the wind. That was the first time anyone dared to go against an order from the Immortal Palace! Moreover, it was an order passed down personally by the Palace Master himself!

“Do you know that no one in the world dares to go against the order of the Immortal Palace?! No one,” Liu Bing’s expression sank as he roared. “Not even the first-generation devil lord dares to disobey us!”

He was right. Liu Huang’s father was like an obedient child before the Immortal Palace.

Firstly, the Immortal Palace represented the power of the Heavenly Court! Secondly, they were too damn terrifying. It was said that every single expert in the Immortal Palace was Void Immortal. No one knew how many of them there were, but they only knew that everyone sent out by the Immortal Palace was basically high-level Void Immortals!

As the palace master of the Immortal Palace, Liu Bing was a half-step Heavenly Immortal! His strength had already surpassed the peak of the late-Ninth Level Void Immortal Realm, and he could receive the assistance of the immortal energy from the Immortal World! He had the protection of a higher world, and he could reveal the strength of a Heavenly Immortal if he so chose to!

In the Mortal World, a Heavenly Immortal was invincible!

Who would dare to go against the order given by the Immortal Palace?!

Huang Xiaolong muttered casually, "No one dared to defy your order in the past, but that doesn't mean that your word is a law forever." As Liu Bing's expression sank further, he continued, "You're in the way. I'll give you three seconds to scram."

Liu Bing roared with laughter as he tried his hardest to suppress his killing intent.

Yuan Hong and the others looked at Huang Xiaolong like he was a monster. No one thought that Huang Xiaolong would dare to disrespect Liu Bing after refusing to heed an order from the Immortal Palace!

Their expressions became weird.

However, Ye Zhaolong quickly interjected, "Lord Liu Bing, there has to be some sort of misunderstanding! Senior Huang shouldn't be the devil lord!"

Yuan Hong and the others had no idea how terrifying Huang Xiaolong was, but he had seen the man in action! About a month ago, Huang Xiaolong crossed a galaxy with a single step! Not even Heavenly Immortals had the ability to do that!

Even though he didn't know how Huang Xiaolong managed to appear in the Mortal World, he knew that Huang Xiaolong was an existence who had surpassed a Heavenly Immortal.

If they were to anger Huang Xiaolong, the consequences would be far too scary.

As Liu Bing's killing intent turned stronger and stronger, he exploded with rage when he heard Ye Zhaolong defending him. "Ye Zhaolong, I'll take care of you after dealing with him!"

After he spoke, rays of golden light fell from the void to surround him. A power that surpassed the Heavenly Immortal Realm emerged from his body.

When facing a Heavenly Immortal, everyone had to submit!

Not even Ye Zhaolong and Liu Huang could stand against his strength! Fear filled their hearts.

Liu Bing sneered at Huang Xiaolong, "Three seconds ago, you said that I was in your way. What are you going to do about it now that I'm still here?"

Even though Huang Xiaolong killed Jiang Lin a moment ago and revealed his strength, Liu Bing was confident in his ability to kill Huang Xiaolong. After all, he had the assistance of the Immortal World!

"What am I going to do about it?" Huang Xiaolong looked at Liu Bing in amusement, and he sent a punch flying towards him.

Boom!

As a giant fist formed in the air, everyone felt as though the world was trembling.

Yuan Hong and the others thought that the world had changed color as soon as the fist appeared. Liu Bing, who was standing smugly before Huang Xiaolong, was blown away by the terrifying energy.

No, it was more accurate to say that he was blown into cosmic dust!

Even with the protection of the Immortal World, nothing could stop Huang Xiaolong's fist!

In front of the giant fist that tore through the Mortal World, he was nothing more than a fly!

Ye Zhaolong and the others could see that after eliminating Liu Bing, the giant fist continued on its way into the spatial tunnel leading to the Immortal World. Countless restrictions lit up in the tunnel as immortal energy tried to stop the giant fist from flying onwards.

It was too bad the immortal energy was nothing more than mere decoration that glowed a pretty color. It was shattered in an instant.

Ten thousand miles... Twenty thousand... A million miles...

The giant fist continued onwards and went straight towards the end of the tunnel.

The restrictions nearing the end were the strongest, and even a Heavenly Immortal would find it impossible to fight his way through. Even so, the restrictions were like bubbles that failed to stop Huang Xiaolong's fist for even a microsecond.

Those standing around felt their jaws dropping to the ground. There was no way they could describe their feelings.

Everyone forgot what happened to Liu Bing instantly. Their minds were filled with the impossible feat of Huang Xiaolong breaking a hole through the tunnel.

The depths of the path to the Immortal World were bleak and dark. No one could see its end, but under the illumination of Huang Xiaolong's punch, they saw every inch of the tunnel.

Boom!

After going in god knows how many miles, it finally slammed into the entrance to the Immortal World.

The collision resulted in an explosion akin to the explosion of a billion suns. The seal that stopped anyone from ascending was blasted into oblivion.

The heavens trembled and the earth shook.

Even though there were countless miles separating them from the end of the path, they could feel the world-shattering strength contained in the collision.

After they blinked, the seal that stopped them from ascending was no longer present. Rays of golden light fell from the end of the tunnel into the Mortal World.

The path to the Immortal World was blasted wide open!

Ye Zhaolong felt the blood draining from his face as his legs went soft. He might have guessed that Huang Xiaolong had surpassed a Heavenly Immortal, but he didn't think that Huang Xiaolong would be able to blow the path towards the Immortal World right open! He once imagined Huang Xiaolong opening a tiny little crack in the seal after struggling for a long time. They would enter the Immortal World through the tiny crack when that happened and that would be the end of it!

Now, he wasn't staring at a crack in the seal...

He was staring at a massive f*cking hole!

Invincible

Chapter 3369: Immortal Origin Village

Looking at the giant hole he blew in the seal, Huang Xiaolong folded his hands behind him and returned to his original appearance. He looked like an ordinary mortal who couldn't cultivate!

Turning to look at Yuan Hong and the others, their legs were jelly as they were prostrated on the ground. Some of them even wet their pants.

All of them were existences in the Ninth Level Void Immortal Realm, and they stood at the peak of the Silver River Star System! Now, they couldn't even stand straight!

The experts of the Immortal Palace were the same.

Not even Ye Zhaolong could remain on his feet.

There was no way about it. The punch Huang Xiaolong executed just a moment ago was too damn terrifying! Not even a Golden Immortal would be able to resist the aura coming from the punch alone, much less these Void Immortals.

Huang Xiaolong waved his hand and countless strands of grandmist qi entered the bodies of those present.

“Let’s go.” Huang Xiaolong ignored all of them after that before flying into the tunnel with Liu Huang.

As they traveled along the tunnel, they quickly arrived at the entrance to the Immortal World. Huang Xiaolong raised his hand to grab at the rays of light falling from the upper world and he muttered, “Feels pretty warm...”

Liu Huang stared at him in shock.

Pretty warm?!

It was probably the first time someone described it that way!

The immortal light that descended from the Immortal World contained the endless laws of the world and it also contained a power they never felt before. Everyone would be afraid of the immortal light when they first saw it, but Huang Xiaolong seemed completely unaffected!

Of course, it was also the first time Liu Huang had seen anyone grabbing a ball of light like Huang Xiaolong.

Light was an object that wasn’t supposed to be tangible! Yet Huang Xiaolong was playing with it like it was a ball of dough!

“Let’s go.” Huang Xiaolong’s figure started to blur as he entered the Immortal World. Liu Huang followed closely behind.

The moment he entered the Immortal World, Liu Huang could feel that the space around him was countless times bigger than in the Mortal World.

Standing in the air, Huang Xiaolong looked all around him before turning to move in a certain direction.

Liu Huang looked around as he followed behind Huang Xiaolong, and he looked like a villager entering the city for the first time.

The Immortal World was a new experience for him, and he was dumbstruck by the sheer difference to the Mortal World.

After feeling the immortal qi in the air, Liu Huang finally understood why so many people would give it their all in order to ascend. Even if a pig were to breathe in the immortal qi, they would be able to cultivate to the level of the devil beast!

As for Huang Xiaolong, he knew that the Pangu Sword was in the Immortal World. However, he had no idea where to start looking, and they could only wander around blindly.

Just like that, the two of them strolled about for half an hour.

“Let’s go there to take a look.” Huang Xiaolong said as he pointed at one of the distant mountains.

When they arrived at the foot of the mountain, they saw a tiny little village.

The village was pretty small scale, and there were only three to four hundred people residing within.

When the two of them arrived, the sun was starting to set. Plumes of smoke rose into the air and an air of serenity covered the area.

Kids were playing about at the entrance to the village, and they didn't run away when they saw a stranger like Huang Xiaolong. Instead, they looked at him curiously.

"Big brother, why did you come to our Immortal Origin Village? Do you need anything from us?" One of the older kids in the group asked.

Huang Xiaolong could see that the boy was around twelve years old, and he chuckled, "We just entered the Immortal World and we have no place to go. We chanced upon your village and decided to look around."

"Just entered the immortal world?!" The boy seemed to have thought of something and he cried out in amazement, "Did you fly up here from the Mortal World?"

"Yup." Huang Xiaolong laughed.

The kid's eye sparkled and he gasped, "Big brother, wouldn't that mean that you're an immortal?"

Everyone in the crowd looked at Huang Xiaolong in amazement.

Even in the Immortal World, immortals were extremely prestigious beings.

It was especially so for a tiny village like theirs! They had always been striving to enter the Heavenly Immortal Realm!

The Immortal World might be filled with immortal qi, they needed to know powerful cultivation techniques and talent in order to reach the Heavenly Immortal Realm!

"You can say so..." Huang Xiaolong raised an eyebrow in amusement.

"Big brother, please wait for us here! I'll get my father and the others out to welcome you!" The boy ran back into the village without a second thought. It didn't take long before a group of experts emerged.

"I am Yan Shiming, the village chief." The middle aged man in the lead cupped his fist towards Huang Xiaolong.

"Big brother, this is my father!" The boy grinned.

Huang Xiaolong greeted the man and they started chatting with one another. Soon after, Yan Shiming invited them into the village.

It was an endless honor for the village to play host to a Heavenly Immortal.

After they entered the village, Yan Shiming arranged for a banquet. He used the best spiritual fruits and wine they had to entertain Huang Xiaolong.

"Immortal Huang, I heard from my son that you ascended from the Mortal World..." Yan Shiming said enviously. "You're definitely a powerful talent if you manage to ascend... I've been training for tens of thousands of years and I'm barely at the Grand Completion Realm. I don't think I'll be able to enter the Heavenly Immortal Realm in my entire life.."

From what Huang Xiaolong could see, Yan Shiming barely entered the Seventh Level Grand Completion Realm.

Huang Xiaolong chuckled. "You're pretty talented yourself. If you manage to learn a stronger secret art, you might be able to enter the Heavenly Immortal Realm."

Tan Shiming shook his head. "It's not easy to find a better cultivation technique. One needs to enter an immortal gate to gain access to their secret arts. However, every single disciple of the immortal gates needs to go through stringent tests! Less than ten people will be chosen out of tens of thousands of applicants!" Turning to look at Huang Xiaolong, he sighed with resignation, "However, that isn't the case for experts who ascended from the Mortal World. Any one of them will be able to join the immortal gates as their core disciples!"

The envious look on his face couldn't be hidden.

A core disciple of an immortal gate wasn't something he could imagine! They would receive the best resources from the faction!

"Oh? Whose territory are we in right now?" Huang Xiaolong asked.

"We're currently at the foot of the Storm Mountain, and we're under the Wind and Lightning Immortal Gate. They control the area in a thirty billion mile radius!" Yan Shiming turned serious and he continued, "I heard that the patriarch of the Wind and Lightning Immortal Gate is a Golden Immortal!"

"Golden Immortal? What are the cultivation levels in the Immortal World?" Huang Xiaolong asked.

"One would arrive at the Divine Immortal Realm, Mysterious Immortal Realm, and finally, the Golden Immortal Realm!" Yan Shiming explained. "I have no idea what realm exists above that."

Huang Xiaolong nodded slightly.

He decided to remain in the village for several days before taking a trip over to the Wind and Lightning Immortal Gate.

That very night, Huang Xiaolong assisted Liu Huang in breaking through to the Heavenly Immortal Realm. With his current level, it went without saying that Liu Huang broke through without the slightest problem. Huang Xiaolong also passed down a secret art that was hundreds of times better than that of ordinary techniques taught by the immortal gates.

Invincible

Chapter 3370: Great Figure in the Immortal World

When Huang Xiaolong was helping Liu Huang break through, an army made up of heavenly troops stood at the entrance of the Immortal World. There were many Mysterious Immortals, Golden Immortals, and there was an existence who surpassed the Golden Immortal Realm.

The expert who surpassed the Golden Immortal Realm stared at the massive hole in the seal and a serious expression formed on his face. He couldn't believe that anyone could blow a hole so large in their restrictions!

The formation that was laid down by countless supreme experts was shattered beyond repair!

How terrifying was the person who did it?!

“Who... Who in the world destroyed the seal?” One of the Golden Immortal Realm heavenly generals asked.

“Did another Combined Dao Ancestor appear?!”

Combined Dao Ancestor!

The hearts of everyone present trembled violently.

An existence of that level was someone they couldn't even imagine. Even the heavenly emperor would have to bow down to an expert of that level!

“However, why would someone like that blow up the entrance? Why would he go to the Mortal World?” Another general asked.

It seemed as though they thought that the expert went back down to the Mortal World after destroying the seal.

“That's not something we can get involved with.” The expert who surpassed the Golden Immortal Realm sighed. “The only thing we can do now is to report this matter to His Majesty! His Majesty will lead the experts of the Heavenly Court over to replace the seal.”

“Do you think it's possible for someone to shatter the seal from the Mortal World?” Someone guessed.

Deathly silence followed.

“This... This doesn’t seem possible.” Swallowing a mouthful of saliva, the expert who surpassed the Golden Immortal Realm continued, “How can there be an expert like that in the Mortal World?! It’s not possible.”

“That’s right. Anyone who can shatter the seal definitely has to be at the level of a Combined Dao Ancestor! It’s impossible for anyone to enter the Combined Dao Ancestor Realm in the Mortal World.”

Discussion broke out among the troops.

...

Two days later, Huang Xiaolong stood on one of the massive stones around the village and he looked into the distance.

The weather was great, and rays of sunlight covered Huang Xiaolong’s body in a soft aureate glow.

A deep gaze could be seen in Huang Xiaolong’s eyes, and it seemed as his sight could pierce through the myriad of worlds.

“Your Highness...” Liu Huang spoke.

After two days of cultivation, he managed to stabilize his foundations in the Heavenly Immortal Realm. He could tell that his speed had increased by a whole lot.

Yan Shiming and his son, Yan Bao’er, came over to look for Huang Xiaolong.

“Immortal Huang, we heard from Lord Liu Huang that you’re planning to leave for the Wind and Lightning Immortal Gate today.”

Huang Xiaolong chuckled when he realized Yan Shiming’s objective. “Are you planning to ask me to bring Bao’er along?”

“Yes. Bao’er has excellent talent and it’s a waste for him to live in the village all his life. When Immortal Huang enters the immortal gate as a core disciple, please allow Bao’er to stay by your side. He can deal with all the chores that you might need.”

Yan Shiming felt his heart pounding in his chest after he spoke.

Huang Xiaolong rubbed Yan Bao’er head slightly and laughed, “Alright.”

Yan Bao’er was indeed a super talent. Even in the Blazing Dragon World, his talent might not be any lesser than the young masters of some creeds. Not to mention the fact that they ran into Huang Xiaolong after he entered the Immortal World. Huang Xiaolong had long since formed a good impression on the kid.

Naturally, he wouldn’t make the kid do his chores after he went to the immortal gate.

Hearing Huang Xiaolong’s agreement, Yan Shiming thanked him profusely. “Bao’er, hurry up and thank Immortal Huang!”

Yan Bao’er fell to his knees and he kowtowed several times.

Huang Xiaolong didn’t stop him. After all, even the great immortals of the Immortal World would have to kowtow when they met him.

Half an hour later, Huang Xiaolong brought Liu Huang and Yan Bao’er along towards the Wind and Lightning Immortal Gate.

As Yan Bao’er was only a high-level Nascent Soul Realm expert, he couldn’t fly by himself. Huang Xiaolong got Liu Huang to carry the kid as they made their way towards the immortal gate.

“Immortal Huang, my father said that there are tons of immortal beasts in the Wind and Lightning Immortal Gate.” Yan Bao’er said.

Laughing slightly, Huang Xiaolong asked, "Do you want one?"

Yan Bao'er nodded his head seriously. "When I cultivate to the level of a Heavenly Immortal in the future, I will definitely find a mount for myself! There was an immortal who came to our village in the past riding on an immortal qilin, and it's so big! It looked really impressive!"

After gesturing to show how large the beast was, Yan Bao'er didn't know how to continue describing its looks.

Huang Xiaolong and Liu Huang roared with laughter.

"When we arrive at the Wind and Lightning Immortal Gate, I'll catch any beast you like." Huang Xiaolong smiled.

"Really?!" Yan Bao'er's eyes sparkled.

"Of course. Is that really your dream? Do you wish to obtain an immortal beast when you enter the Heavenly Immortal Realm?"

Scratching his head in embarrassment, Yan Bao'er sighed, "Is that a little too unrealistic?"

"Of course not. Do you think the patriarch of the Wind and Lightning Immortal Gate is an impressive figure?" Huang Xiaolong asked.

A look of reverence appeared on Yan Bao'er's face. "Of course he is! He's the strongest expert in the surrounding region! My father once said that the patriarch of the Wind and Lightning Immortal Gate can be considered an important figure even in the Immortal World!"

"In the future, you will definitely surpass the patriarch." A grin slowly formed on Huang Xiaolong's face.

Staring at Huang Xiaolong in shock, Yan Bao'er rubbed his nose. "I..."

He didn't even dare to think of the possibility.

Huang Xiaolong continued, "The patriarch of the Wind and Lightning Immortal Gate isn't anyone important in the Immortal World. He's just a fly. In the future, you'll definitely become someone important..."

With Yan Bao'er's talent and the techniques passed down by Huang Xiaolong, a God of Creation, he might even be able to enter the Combined Dao Ancestor Realm!

"Someone important in the Immortal World?" A sneer came from the distance. "Young Lady, did you hear that? That man said that the little kid over there will become someone important in the Immortal World!"

"Who does he think he is? He thinks he's an Immortal Emperor or something..."

Huang Xiaolong and the others looked over only to see two female disciples clad in purple flying towards them.

Their looks weren't bad, and one of them was exceptionally stunning.

"Humph, they're just frogs in a well." The young lady sneered as she flew past them. A look of contempt flashed through her eyes.
