Chapter 3511: Comprehending the Dragon Eye Cliff

“Big Brother, I know what to do!” The little dragon revealed a crafty little smile.

Huang Xiaolong felt beads of cold sweat dripping down his forehead.

The little dragon was a glutton indeed. Throughout the journey, Huang Xiaolong witnessed how much the little guy could eat.

A look of fear formed in Chu Huaihua’s eyes, and he roared, “Little b*stard, you’re asking to die!” A whip swept towards the little dragon in an attempt to scare him off.

How could a desperate attempt by Chu Huaihua threaten the little monster? He dodged to attack in an instant as he appeared above Chu Huaihua. With his legs stomping downwards, Chu Huaihua’s head nearly exploded.

Half an hour later...

Chu Huaihao managed to escape, and Chu Huaihua fell captive to Huang Xiaolong.

Huang Xiaolong stared at Chu Huaihua whose face was no longer recognizable after the little dragon’s ‘friendly’ treatment. Shaking his head silently, Huang Xiaolong sighed. Ao Guang and the others were much more sympathetic.

Tossing Chu Huaihua into the Sun Moon Furnace, Huang Xiaolong suppressed him along with Chu Huaixiong. He heaved a sigh of relief as joy filled his heart. In the future, he could refine them both! When that happened, he would also refine the treasures he obtained in the Dragon’s Impasse. His strength was sure to take a huge leap forward!

Even if he couldn’t reach the peak of the small completion stage, surpassing 5 billion units of grand cosmos energy wouldn’t be a problem.

After cleaning up the scene, Huang Xiaolong and the others hurried back to the Submerged Dragon Institution.

Pangu and the others were elated to discover his return.

“Little brat, I knew you would make it!” Pangu roared with laughter.

“I told you I was confident of making it out alive...” Huang Xiaolong chuckled. He quickly introduced Ao Guang and the others to Huang Long.

Pangu knew Ao Guang and Ao Shenghai, but the two had no idea Pangu was Huang Xiaolong’s master. They gasped in shock as they cupped their fists in greeting.

Huang Long’s eyes remained trained on the little dragon.

“Hello, Uncle!” The little dragon called out in his sweet voice. Coupled with his obedient facade, Huang Long was instantly taken to the child.

“Hahaha! What’s your name?” Huang Long chuckled happily.

“Uncle, you can call me Starly!” The little dragon giggled.

“Starly? That’s a good name.”

Pangu laughed at the side, “That is a good name indeed...”

The little dragon jumped around like a little kid and continued, “Yeah! I think my name is pretty good too!”

Ao Shenghai and those who were saved from the Dragon's Impasse looked at each other as bitter smiles formed on their faces.

Along the way, the little dragon had already revealed his name to the rest.

"Xiaolong, about the Star Dragon Scales..." Pangu asked.

Huang Long and the others looked at Huang Xiaolong as completing the task meant that they would be able to gain a chance to look for the Star Dragon Essence.

Huang Xiaolong nodded happily in response, "I found it!"

In the years that he was gone, Pangu tried many ways to help Huang Long out. However, his condition showed signs of worsening, and there was no other way than to look for the Star Dragon Essence.

Huang Long and the others heaved a sigh of relief.

"Not only did I manage to obtain the Star Dragon Scale, but I also managed to grab more than one!" Huang Xiaolong continued.

Everyone stared at him in shock.

According to Huang Xiaolong, he managed to grab several Star Dragon Scales!

"Xiaolong, how many did you get?" Pangu gasped.

Could he have obtained a dozen of them?

Huang Xiaolong looked at Ao Guang as smiles formed on their faces.

“Nope. I managed to get a bit more than that.”

“More?!” Pangu stared at him in shock.

Could he have obtained several dozen of them?

That was Star Dragon Scales they were talking about! Pangu and Huang Long felt their heart pounding in their chests when they thought of the possibility.

That was...

Lu Qianqian stared at Huang Xiaolong in stunned silence.

“Should we go and turn the mission in right now?” Lu Qianqian finally choked out the words.

Nodding slightly, Huang Xiaolong smiled, “Alright.”

Naturally, the faster he gained access to the Dragon Eyes Cliff, the better!

As such, they quickly made their way to the Missions Hall.

The moment he appeared, the hall master was alerted. After all, the Star Dragon Scale he brought out was too precious of a treasure.

However, Huang Xiaolong made a request when he handed it over to the hall master. “Hold it, I wish to meet with the principal!”

Everyone stared at him like he was a madman.

Chen Suan, the Missions Hall Master, frowned. Even though Huang Xiaolong completed the mission, the principal wasn't someone they could meet as they wished.

"I can give you another Star Dragon Scale." Huang Xiaolong was completely indifferent as he continued, "However, I have a condition."

"What?! You managed to find two Star Dragon Scales?!" Chen Suan was shocked.

"That's right. I can hand over two scales, but I wish to allow my master and the others to comprehend the Dragon Eyes Cliff too."

"Me too, me too!" The little dragon pestered at the side.

Huang Xiaolong nodded hastily. After all, the scales belonged to the little guy.

Chen Suan's expression sank. In his eyes, Huang Xiaolong was being unreasonable.

"If you can't make the decision, you can report this to the old freak," Pangu said at the side.

Hearing how Pangu addressed the principal, Chen Suan was angered. However, he didn't dare to do a thing as Pangu was someone he couldn't afford to offend. Eventually, he made the report to Old Dragon Yu Long.

"The principal agreed..." A strange look could be seen on his face when he reappeared. He didn't expect the principal to actually agree to Huang Xiaolong's request. One had to know that Yu Long's temper was notoriously bad. He would never change the rules he set, but he agreed to Huang Xiaolong's request.

Could it be because of the extra scale?

Indeed, two Star Dragon Scales were indeed a tempting offer.

After receiving the old dragon's agreement, everyone headed towards the Dragon Eyes Cliff.

The news of Huang Xiaolong's return, along with his contribution of a second Star Dragon Scale quickly spread through the institution.

"What?! He came back with two Star Dragon Scales?!" Chen Kezhi yelled in fright.

Shan Fei's expression was even uglier. He thought that Huang Xiaolong would meet his end in the Dragon's Impasse.

"Contact your masters. I wish to meet them." Chen Kezhi growled.

As such, Shan Fei quickly tried to contact Chu Huaihao and the others. However, he didn't receive a reply even after a long time.

...

"Dragon Eyes Cliff!" When they arrived, Huang Xiaolong gasped in shock.

Like what Pangu said, the eyes on the cliff face were closed.

"This is the Dragon Eyes Cliff. All of you are allowed to comprehend its mysteries, but you can't touch them." Chen Suan warned, "Let me warn you now... If you touch the cliff face, I won't be responsible for anything that happens after."

Chapter 3512: Because I Am The Star Dragon Universe

However, Chen Suan had barely completed his sentence when the little dragon pressed his face against the cliff. "It's so pretty!"

Huang Long and Pangu nearly jumped in fright.

Huang Xiaolong could only stare at the little guy helplessly.

Chen Suan flew into a fit of rage, and he grabbed at the little dragon. "Impudent!"

Chen Suan was comparable to Chen Kezhi in strength, and he was at the grand completion stage of the God of Creation realm. One could only imagine the strength he possessed.

However, the little dragon shook his body once and Chen Suan was forced back. The blood in his body seemed to flow in reverse, and he failed to stabilize himself

Other than Huang Xiaolong, everyone else stared at the little kid in shock.

Huang Long and Pangu could feel that the little dragon was no ordinary expert, but his strength had surpassed their imaginations.

After he was forced back, Chen Suan stared at the little dragon in shock. He felt a little embarrassed now that he was forced to retreat by a little kid.

"You're asking to die!" A long spike appeared in his hand as it pierced towards the little dragon.

Waving his tail once again, the little dragon sent Chen Suan smashing through god knows how many structures in the Submerged Dragon Institution.

In the instant he was sent flying, five powerful auras filled the skies and five figures stepped out from the void.

They were doyens of the Submerged Dragon Institution, and all of them were Gods of Creation.

They gasped in shock when they saw Chen Suan's fate, and they quickly turned to look at the little dragon.

“This...”

“Whatever. We’ll take him down first,” one of them growled.

However, an ancient voice pierced through the void and his roar resounded in the skies, “Stop right there!”

A figure clad in gold appeared before them suddenly. Golden flames raged around him, and they gave off a feeling of warmth.

Everyone looked at the old man’s long beard, and it hung over his chest. Huang Xiaolong’s first thought when he saw the old man was that the man’s beard was comparable to the leaves on the willow tree.

Chen Suan and the doyens bowed the moment they saw the old man. “Principal!”

The old man was the principal of the Submerged Dragon Institution, Yu Long!

Huang Xiaolong and the others sucked in a cold breath. They didn’t expect Yu Long to make a personal appearance.

Could it be because of Chen Suan?!

Yu Long’s gaze landed on the little dragon and a look of confusion flashed in his eyes. “You are...”

“Old man, why hasn’t your beard grown since we last met? Do you have a problem growing your hair out?” The little dragon’s voice was that of a little kid, but the way he spoke was nothing like a child.

Everyone found it weird, but things got even weirder.

Yu Long’s body trembled, and his eyes widened. “You... You’re His Highness, Little Starly!”

Huang Xiaolong felt a bomb going off in his brain. Did Yu Long recognize the little kid?!

“Yeah! I’m Starly!” The little dragon blinked and continued, “Old man, do you still remember me?! I thought that you would have forgotten about me by now!”

A bitter smile appeared on Yu Long’s face.

How could he forget?! Even if he developed dementia, he wouldn’t forget what happened in the Dragon’s Impasse!

“You obtained the Dragon Eyes Cliff back in the Dragon’s Impasse, right?” the little dragon asked.

“Yes.” Yu Long nodded his head as an awkward expression appeared on his face. In fact, the Dragon Eyes Cliff was related to the little guy!

“Did you set the rule that no one could touch the cliff when comprehending its mysteries?! What kind of lousy rule is that?!” the little dragon snapped.

Forcing a smile, Yu Long could only sigh. There weren’t many people who could treat him with such disrespect, but the little kid was definitely one of them.

“Old man, we wish to comprehend the mysteries behind the cliff while touching it. Is that a problem with you?!” the little dragon turned serious all of a sudden and asked.

Yu Long shook his hands and forced a laugh, “Of course you can. Your Highness can do whatever you wish! Alright. I shall not intrude any longer.” As soon as he spoke, he disappeared. He didn’t greet Pangu at all, and it seemed as though he was too embarrassed to stay behind.

Seeing as the principal had already left, Chen Suan and the others no longer dared to speak a word. They disappeared in succession.

“Big Brother, now that the old man is gone, we can comprehend the mysteries behind the cliff!” with his cute young voice, the little dragon exclaimed.

Huang Xiaolong chuckled slightly before asking, “Did Yu Long enter the Star Dragon Rock in the past?”

“He wanted to sneak in, and my father taught him a lesson!” The little dragon giggled.

Since he didn’t wish to tell Huang Xiaolong what happened, Huang Xiaolong didn’t push the matter. They started to comprehend the mysteries behind the Dragon Eyes Cliff after finding a nice spot.

As Huang Xiaolong and the others sat before the cliff, the little dragon jumped all about. He went around the cliff, touching every part he liked.

Huang Xiaolong released his dao souls, and he observed the dragon eyes on the cliff. When his dao soul reached the eye in the core of the cliff, he felt something changing inside him. The Star Dragon Universe flashed past his eyes, but he soon lost track of it.

With his heart pounding, Huang Xiaolong gathered his soul to peer into the final eye. Instead of seeing something, Huang Xiaolong’s dao souls were transported into a different space! The place he was transported to had absolutely nothing, and it was an endless void.

Where in the world was he?!

“This is the core of the Star Dragon Universe!”

A voice rang in his mind.

“Who?!” Huang Xiaolong jumped in fright.

“That’s my question. How did you come to the core of the Star Dragon Universe?!”

Huang Xiaolong looked all around, but he failed to notice anyone.

“You managed to create three great worlds!” The voice rang in Huang Xiaolong’s mind once again.

Huang Xiaolong tried to lock onto the source of the voice, but he failed to discover anything.

“You can stop looking. No one can pinpoint my location. After all, I have no physical body,” the other party said.

Huang Xiaolong was stunned. Nothing in the universe was formless. Even air could take on a form.

When Huang Xiaolong was stuck in doubt, the voice continued, “That is because I am the Star Dragon Universe.”

Star Dragon Universe!

Huang Xiaolong felt his heart pounding in his chest. The very fact that the universe was speaking to him had already surpassed the scope of his understanding.

How could the other party be the Star Dragon Universe?!

Wouldn’t that mean that the universe was alive?

However, he couldn’t connect the Dragon Eyes Cliff to the Star Dragon Universe.

“You’re right. The Universe is alive. The Dragon Eyes Cliff was made as an entrance to the core of the universe, but you’re the only one in its many years of existence to be transported here.”

Chapter 3513: There Can Only Be One

Huang Xiaolong mocked, “I must be pretty lucky to be brought here...”

Even up until now, Huang Xiaolong had no idea how he managed to appear in the core of the Star Dragon Universe.

“I’ve heard that I can obtain a peerless treasure after comprehending the Dragon Eyes Cliff... Is that true?” Huang Xiaolong asked, “Wasn’t there supposed to be Star Dragon Essence here?”

That was the only problem he was concerned about. After all, he would only be able to treat his father’s injuries with the Star Dragon Essence.

“You’re looking for the Star Dragon Essence?”

“Yes. I heard that the Star Dragon Essence can stabilize my father’s condition,” Huang Xiaolong explained. He spoke about the matter of Huang Sheng stealing his father’s bloodline.

“The Star Dragon Essence might be useful when it comes to treating injuries, but your father is at the grand completion stage of the God of Creation Realm. You won’t be able to stop his condition from deteriorating with the Star Dragon Essence alone.”

Huang Xiaolong’s heart sank when he heard the explanation. “Do I really have to hunt down Huang Sheng in order to retrieve his bloodline?”

“That’s right. That is the only method you can use in order to return your father to his peak state. However, there is a way to stabilize his condition so it doesn’t get worse.”

Huang Xiaolong’s eyes widened as joy flashed through them.

“You have the four universe origin fires, and they’re a universe-level treasure. However, they don’t belong to me. Every universe will possess its own treasure, and the treasure of my Star Dragon Universe is called the Star Dragon Divine Tree. Your father’s condition would be much better if he refines the Star Dragon Origin in the tree.”

“Star Dragon Divine Tree?!” Huang Xiaolong frowned. “Where is it right now?”

“I can tell you the location of the tree, but you have to promise me something,” The universe muttered.

“What’s that?” Huang Xiaolong was stunned. He didn’t expect the universe to ask for a favor.

“You have to kill Yu Long in the future.”

Huang Xiaolong stared at the space around him in stunned silence. He didn’t expect the universe to ask him to kill the principal of the Submerged Dragon Institution, Yu Long!

“Yu Long is at the peak of the grand completion stage...” Huang Xiaolong shook his head. “I am unable to kill him.”

“Of course, you’re not. Not right now. He can suppress you with a single finger, but when you enter the Universe God Realm in the future, killing him would be effortless.”

“Why do you want to kill him?” Huang Xiaolong asked.

He didn’t understand how Yu Long offended the universe. After all, the universe was formless, and it was impossible to offend a formless object.

“You don’t need to know the reason. All you need to do is promise me that you’ll kill him.” The voice in his mind turned a little cold.

It was evident that Huang Xiaolong’s question had already displeased the Star Dragon Universe. After all, who would be happy to relieve some memories best left forgotten?

“How can you be so sure that I’ll break through to the Universe God Realm?” Huang Xiaolong asked.

Falling into silence for a moment, the universe muttered, “That is because you’re the first person who managed to enter this place.”

Huang Xiaolong was shocked. The Star Dragon Universe dared to bet on the fact that he would break through because he entered the core of the Star Dragon universe.

“Do you think it’s easy to enter this space?” the universe chided. “Not even Xu Long and Yu Long managed to come close! Moreover, you have three great worlds, and you’re the only existence in the thirteen universes to reach this level! If you can’t enter the Universe God Realm, no one can.”

“Alright. I promise you!” Huang Xiaolong nodded his head.

If he had to make a choice between healing his father and killing Yu Long, he wouldn’t hesitate.

The voice in Huang Xiaolong’s head became a lot more friendly in an instant. “Good. However, it’s useless to make a verbal promise. You need to swear on my Star Dragon Universe that you will do as you say!”

Without much thought, he swore that he would kill Yu Long when he became strong enough. All of a sudden, Huang Xiaolong felt a wave of information branding itself into his soul. He learned a lot more about the Star Dragon Universe in an instant.

“Alright. I will reveal the whereabouts of the tree now. It’s in the Golden Radiant World!”

“Golden Radiant World?” Huang Xiaolong frowned.

He might not have been in the Star Dragon Universe for long, but he knew about the worlds scattered around. None of them were called the Golden Radiant World.

“It’s not surprising you haven’t heard of it. After all, I’m the only one who knows of the existence of the Golden Radiant World. It’s hidden in one of the rivers of light, and it’s a world formed naturally during the birth of the universe!”

“Naturally formed world?!” Huang Xiaolong gasped in fright.

If it was comparable to the World of Departed Souls back in the Blazing Dragon Universe, that would be great! He would also be able to refine the great world to increase his strength!

That's right. It's a naturally formed great world. Moreover, it's one of the oldest worlds in my universe. It's even older than the Bearded Dragon World and the Submerged Dragon Institution, and the universe origin energy gathered in it has reached a tremendous amount. There are universe origin spiritual veins too."

Huang Xiaolong sucked in a long breath. "Are there other naturally formed great worlds in your universe?!"

"Of course." The universe hesitated for a moment before replying, "Other than the Golden Radiant World, there is another great world called the Oasis Great World. However, the origin essence contained in it cannot be compared to the Golden Radiant World."

Huang Xiaolong thanked the Star Dragon Universe earnestly, "Thank you very much!"

With the two great worlds, Huang Xiaolong's strength would take a great leap forward. When that happened, he would devour Chu Huaixiong and Chu Huaihua. He would experience another considerable increase in power.

As such, Huang Xiaolong was sincerely thankful to the Star Dragon Universe.

"There's no need to thank me. I'm helping myself by doing this. I only hope that you can break through to the Universe God Realm soon. You might not know this, but only a single Universe God can exist in our thirteen universes!"

Huang Xiaolong gasped in shock. "A single Universe God?!"

His newfound knowledge shocked him.

“That’s right. As such, you need to be the only one to break through! There are many experts at the peak of the God of Creation Realm in the thirteen universes, and as long as one of them breaks through, you will never be able to.”

“Why is that?” Huang Xiaolong frowned.

“You can never imagine how terrifying a Universe God is. As long as one enters the Universe God Realm, they will be able to control all thirteen universes! That person will be able to move the sources of the universes as they see fit, and even I will fall prey to them! When that happens, nothing in the thirteen universes can be hidden from them! Do you think one will allow someone else to challenge their prestige in the Universe God Realm?”

“Every single expert who poses a threat would be controlled or even killed!”

Chapter 3514: Yu Long’s Tracking

The Star Dragon Universe caused Huang Xiaolong to snap back to reality instantly. The happiness in his heart dipped to a freezing point.

Huang Xiaolong had never panicked so hard in his life. After all, he felt that it was a matter of time before he became a Universe God. However, things were different now. From what the Star Dragon Universe said, there would only be a single Universe God!

There were many Gods of Creation at the peak of their cultivation realm in the thirteen universes, and all of them had hopes of breaking through!

He hadn’t even reached the large completion stage!

“In fact, there’s no need for you to panic.” The universe continued, “It’s not that easy to surpass the God of Creation Realm. Look at Xu Long and Yu Long. They have been trapped in their current realm for an eternity, unable to break through!”

Even so, Huang Xiaolong didn’t manage to calm himself.

After asking the Star Dragon Universe a ton of questions, Huang Xiaolong finally put his chance to enter the universe origin to good use. The Star Dragon Universe was definitely a lot more experienced than his masters, the Blazing Dragon and Pangu!

Half a day later...

Huang Xiaolong emerged from the universe origin.

“Father, let’s go,” Huang Xiaolong spoke to Huang Long after he got to his feet.

“We’re leaving?”

They had only been there for half a day, but they were leaving immediately!

“I’ve learned the way to stabilize your condition,” Huang Xiaolong replied.

Huang Long and the others were shocked.

“You... You managed to find the Star Dragon Essence?!” Huang Long jumped in joy. However, he found it weird that none of the dragon eyes opened up. How in the world did Huang Xiaolong locate the Star Dragon Essence?

“Nope. I didn’t locate the Star Dragon Essence,” Huang Xiaolong chuckled.

?!

They stared at him as question marks formed in their minds.

“Let’s speak after we return,” Huang Xiaolong muttered. Since he made a promise to the Star Dragon Universe, he wouldn’t be able to leak any information on the Star Dragon Divine Tree. As such, he couldn’t explain himself to others.

“What about the cliff?” Huang Long pointed at the cliff and sighed. Huang Xiaolong traveled to the Dragon’s Impasse for several years in order to get the chance to comprehend the mysteries behind the Dragon Eyes Cliff, but he chose to return after half a day!

He risked his life in order to obtain the Star Dragon Scale in the Dragon’s Impasse for such an opportunity!

“Even if you comprehend the mysteries behind the cliff, we won’t be able to obtain the Star Dragon Essence,” Huang Xiaolong explained. “There’s no need for us to waste our time.”

Huang Long and the others stared at him in shock.

“Alright!” Huang Long eventually nodded when he saw how sure his son was.

Soon after, they left the area.

When Yu Long noticed how Huang Xiaolong and the entire group left after half a day, he was shocked.

“What in the world are Pangu and that brat scheming?” Chen Suan frowned. “How can he be sure that there’s no Star Dragon Essence in the Dragon Eyes Cliff?”

A light flashed in Yu Long’s eyes. “He definitely learned something when comprehending the mysteries behind the cliff. Otherwise, he won’t be so sure.”

Yu Long looked at the other eminent elders quietly.

“Principal, should we...”

“Get someone to track him down. See what he does,” Yu Long growled.

When Huang Xiaolong and the others returned to Lu Qianqian's palace, he brought up the idea of leaving the Submerged Dragon Institution.

"Why are we leaving now?" Pangu raised an eyebrow in surprise, "What about the Star Dragon Essence?"

They went all the way over to the Submerged Dragon Institution in order to look for the Star Dragon Essence. But now, they were leaving before they got their hands on it!

Even though the Star Dragon Essence might not be in the Dragon Eyes Cliff, it might be somewhere else!

Everyone looked at Huang Xiaolong as they were curious about the reason he wanted to leave.

"Even if we manage to find the Star Dragon Essence, it won't be able to help." Huang Xiaolong shook his head and sighed, "That is because the Star Dragon Essence is not strong enough."

Pangu and the rest were taken aback by his revelation.

"How did you learn about this?" Pangu was doubtful of Huang Xiaolong's newfound knowledge.

"I learned about it after discovering the secret behind the Dragon Eyes Cliff." Huang Xiaolong sighed. "A supreme existence in the cliff revealed the fact, and he also told me how to stabilize my father's condition."

Pangu looked at Huang Long and raised an eyebrow in suspicion.

"A supreme existence?" Pangu couldn't help but ask, "Who did you see?"

"I am not able to reveal that." Huang Xiaolong shook his head. "All I can say is that he's an ancient existence, even older than Xu Long and Yu Long."

It went without saying that the Star Dragon Universe was older than the two dragons. After all, they wouldn't be born without the creation of the universe!

They stared at Huang Xiaolong in doubt when they heard what he said.

They didn't expect an expert of that level to reside in the Dragon Eyes Cliff! One had to know that Xu Long and Yu Long were the publicly acknowledged oldest Gods of Creation in the Star Dragon Universe, and they were at the peak of the God of Creation Realm!

"Since that's the case, we shall listen to Xiaolong," Huang Long concluded.

Pangu nodded his head slowly.

Since there was nothing else to take care of, the entire group left after half an hour. With the little dragon following closely behind, they left for the Golden Radiant World.

As soon as Yu Long heard of Huang Xiaolong's departure, a flash of confusion crossed his eyes. His instincts told him that their sudden departure had something to do with the Dragon Eyes Cliff.

"Principal, do we continue to track Huang Xiaolong?" Chen Suan asked.

"No. I'll do it myself. All of you can fall back. With Pangu's strength, he will be able to detect all of you." Yu Long sighed.

...

Four months passed in an instant, and Huang Xiaolong brought everyone towards the south.

"Xiaolong, are we close?" Huang Long asked.

“We’ll arrive soon,” Huang Xiaolong muttered. He could tell that the river of light was close based on the universe’s directions. “We should be there in six days.”

“The old man is still following us...” The little dragon piped up all of a sudden.

Yu Long underestimated the little dragon. He felt that he could avoid detection with his abilities, but he was wrong.

“It’s fine. Let him do what he wants.” Huang Xiaolong chuckled.

After all, one could only enter the river of light with a special method. As such, Huang Xiaolong wasn’t afraid that Yu Long would find out about the secret of the Golden Radiant World.

Six days later, they arrived at the river of light.

The river of light was formed by several special beams that were created by the universe, and it was massive. Huang Xiaolong and the others couldn’t see the end of the river despite their cultivation.

“Follow me closely.” Huang Xiaolong said as he charged into the river of light. Everyone trailed closely behind.

Not too long after they entered, Yu Long appeared from the void. He stared at the river of light with his eyes flashing. He knew that there was a secret hidden in it as Huang Xiaolong wouldn’t have left the institution otherwise.

Chapter 3515: Huang Long’s Injuries Stabilizing

“Huang Xiaolong, let’s see what you’re hiding...” Yu Long’s voice was cold.

Since Huang Xiaolong could leave the Dragon’s Impasse unharmed while saving five Gods of Creation, Yu Long became interested in the secrets he was hiding. Moreover, he even got the little dragon to follow him like an obedient child!

Yu Long tore through the restrictions around the river of light, and he entered a multi-colored world the moment he did. There was nothing but light, and they swirled around without following the laws of the universe. A frown formed on Yu Long's face as he realized that the innate formations around the river of light were changing positions with the different rays.

As a golden flame emerged from Yu Long's body, he blew a massive hole through the river of light. He released his dao soul to look for traces of Huang Xiaolong and Pangu, but he failed to do so with the interference of the light.

"Huang Xiaolong, even if I can't find you now, I'll wait outside the river of light! Humph! Let's see how you escape!" A sneer left Yu Long's lips as he retreated out of the river of light.

When that was happening, Huang Xiaolong brought Pangu and the others towards the Golden Radiant World. They shuttled through space, and they saw the massive world sitting before them after several days of travel.

Pangu and the others were dumbstruck when they saw the entrance to the world.

"Is this... Is this a natural world?!" Huang Long asked.

Huang Xiaolong nodded and chuckled, "Yes. It's called the Golden Radiant World."

"How can there be an undiscovered world in the Star Dragon Universe?!" Pangu gasped. In the past, he had remained in the Star Dragon World for some time, and he never heard of anything like it.

"The existence in the Dragon Eyes Cliff told me about its location," Huang Xiaolong explained. "No one else in the universe other than us knows of its location."

"There's an object here that can stabilize my father's condition," Huang Xiaolong continued.

Pangu and the others were curious. If Huang Xiaolong said that the Star Dragon Essence wasn't enough to stabilize Huang Long's injuries, what else could there be in the Golden Radiant World?

Several moments later, all of them entered the world.

Even though the World of Departed Souls in the Blazing Dragon Universe only allowed existences below the God of Creation Realm to enter, the Golden Radiant World had no such restriction.

As soon as they entered, Huang Xiaolong left for the core of the world.

The moment he refined the formation in the core of the Golden Radiant World, looking for the Star Dragon Divine Tree would be a walk in the park.

Several months later...

Huang Xiaolong arrived at the core of the world, and he summoned the four universe origin fires.

...

Several years passed in the blink of an eye.

When Huang Xiaolong arrived at a specific space within the Golden Radiant World, he was greeted with the sight of a giant tree. The tree was indescribably large, and star dragon qi could be seen surrounding the tree. They transformed into tiny Star Dragons that danced about the trunk of the giant tree.

Huang Xiaolong tried to suppress the excitement in his heart when he looked at the Star Dragon Divine Tree.

That was a universe-level treasure, and it was the only one of its level in the Star Dragon Universe!

According to the universe, the little dragon's parents were born from the star dragon qi surrounding the tree!

One could only imagine how precious the divine tree was based on that fact itself!

As Huang Xiaolong arrived on a branch near the crown of the tree, he realized that the branch alone was as large as a creed in the ordinary universe.

The area covered by a creed was insanely large, but one could fit countless creeds onto the tree if they so wished!

Sucking in a cold breath, Huang Xiaolong circulated the Soaring Dragon Art, Blazing Dragon Grand Art, and Pangu World Creation Art. He started the refinement of the divine tree.

The refinement process went exceedingly well, and Huang Xiaolong didn't know if it was due to the three creation-level art he practiced, or the presence of the Huang Long Bloodline in his body.

In four years, Huang Xiaolong managed to refine the Star Dragon Divine Tree, and he controlled the star dragon qi around it.

Stretching his arms out, the massive tree shrank to the size of his fist.

Holding the sparkling Star Dragon Divine Tree in his hand, a smile appeared on Huang Xiaolong's face. He might only have gained an initial understanding of the tree, but it wouldn't be a problem to use the star dragon qi to help his father.

Half a month later, Huang Xiaolong reunited with the others. He summoned the tree, and Pangu gasped in shock.

"This.. This... This is the Star Dragon Divine Tree!"

As an existence at the peak of the God of Creation Realm, he knew that every universe would possess a unique treasure.

The Star Dragon Divine Tree was the universe-level treasure of the Star Dragon Universe, and peak-grade creation artifacts were like trash before it.

The little dragon was equally as shocked to discover the Star Dragon Divine Tree.

“This is the tree my parents have been talking about...” The little dragon looked at the tiny tree with a sparkle in his eyes.

Even though his parents were born from the tree, they had no idea where it was. They had been looking for the tree since a long time ago as it would greatly increase their chances of breaking through.

As for Ao Shenghai and the others, they looked at the tree in stunned silence.

Huang Long might not know what the Star Dragon Divine Tree was, but he knew that it was an absolute treasure after looking at their reaction.

“Is this what you were looking for to stabilize my condition?” Huang Long asked.

Pangu roared at the side, “Yes, yes it is!”

Huang Xiaolong hadn’t even said anything, and he could only reveal a helpless smile.

As Ao Shenghai and the others nodded at the side, they were in complete agreement with Pangu.

“Let’s look for a place to treat your injuries,” Huang Xiaolong chuckled.

“Alright!” Huang Long could no longer wait. After all, he had suffered for a long time ever since Huang Sheng devoured his bloodline.

It didn’t take long for them to locate a sacred land.

Huang Xiaolong summoned the Star Dragon Divine Tree, and he gathered the star dragon qi into his palm. It slowly grew to the size of a storm as it battered against Huang Long's body.

In just several hundred years, the injuries that plagued Huang Long started to show signs of stabilizing. The color returned to his face, and the sickly appearance was gone!

Slowly getting to his feet, Huang Long waved his fist and the void trembled.

"Nice!" A smile appeared on Huang Long's face.

Even though he wasn't fully recovered, he knew that fighting would no longer pose a problem now that his injuries would not worsen.

Chapter 3516: Accumulation

Huang Xiaolong heaved a sigh of relief when he saw his father's condition.

As long as the injuries didn't get worse, everything would be great. When he entered the large completion stage in the future, he would personally hunt Huang Sheng down. Once that happened, he would be able to heal his father!

Now that Huang Long's condition was stable, Huang Xiaolong knew that he could enter seclusion in peace.

Of course, Huang Xiaolong scoured the Golden Radiant World and found four universe-level spiritual veins before entering seclusion. He also obtained several universe-level herbs.

When he was done, he finally entered seclusion.

He was in no rush to refine Chu Huaixiong and Chu Huaihua, and he wasn't interested in the spiritual veins. Instead, he refined the Star Dragon Divine Tree.

In the past, he didn't fuse completely with the tree. Now, he wanted to thoroughly refine the Star Dragon Divine Tree in order to fully utilize its power.

Once he did, he could draw on the power of the Star Dragon Divine Tree to refine Chu Huaixiong and Chu Huaihua.

Of course, there were many benefits to refining the Star Dragon Divine Tree. It would release star dragon qi to temper Huang Xiaolong's physical body and dao souls constantly!

The star dragon qi was a treasure even to peak-level God of Creation Realm experts. His power level would spike once again after fully refining the tree.

As he sat on the divine tree, he circulated all three creation arts and star dragon qi poured into his body.

It didn't take long for him to be submerged in a sea of star dragon qi.

Several dozen years later, the star dragon qi seemed to turn into an actual dragon that enveloped his body.

One of the branches of the Star Dragon Divine Tree trembled and it pierced directly into his body!

Surprisingly, the branch was like an extension of his body. There wasn't a single wound on his body, and blood didn't pour out from it.

Huang Xiaolong's body started to fuse into the branch, and he slowly merged with the Star Dragon Divine Tree.

He disappeared from the world, and not a single trace of Huang Xiaolong was left in the universe!

No... It was more appropriate to say that he had completely fused with the Star Dragon Divine Tree! The star dragon qi was one and the same as Huang Xiaolong's qi!

Stretching his hand out, the Star Dragon Divine Tree started to tremble slightly. The branches of the Star Dragon Divine Tree were like his arms, and he sent out countless branches into the void above. The space split apart like paper around the branches.

That was the power of the Star Dragon Divine Tree! Even a peak-grade creation artifact couldn't be compared to a single branch of the tree! Not many people could withstand a hit from it.

He sucked in a long breath, and the origin qi of the universe poured down from the void. It entered the leaves, branches, and trunk of the tree.

As Huang Xiaolong had already fused with the Star Dragon Divine Tree, the origin qi nourished his body constantly. He discovered that the speed at which he could absorb the origin qi had increased by tens of thousands of times!

Releasing Chu Huaixiong from the Sun Moon Furnace, Huang Xiaolong turned the roots of the Star Dragon Divine Tree into spikes that drilled into his body.

With a look of fear in his eyes, Chu Huaixiong stared at the giant tree towering above him. He realized that his bloodline was slowly drained away, and desperation filled his heart.

He was like a nutrient source to the tree, and it sucked him dry.

"No! Huang Xiaolong! You cannot kill me! You can't steal my bloodline!"

He knew that he would suffer a fate worse than death if his bloodline was devoured by the man before him.

After all, he would lose his powers completely when that happened. Nothing could be worse for someone who had cultivated every step of the way to the God of Creation Realm.

"You should have said that to your disciple, Shan Fei," Huang Xiaolong muttered as he continued to suck out Chu Huaixiong's bloodline.

The Huang Long Bloodline in Chu Huaixiong's body was quickly sucked out of his body.

During the process, Huang Xiaolong also realized that the roots of the Star Dragon Divine Tree had the power to filter out all impurities. It would be much more beneficial for him to devour Chu Huaixiong's bloodline after taking it in through the roots of the divine tree!

Of course, he managed to devour Chu Huaixiong tens of times faster than he would have before. In the past, he might need a million years, but now, he wouldn't even need a hundred thousand years!

After several tens of thousands of years, Huang Xiaolong refined Chu Huaixiong's bloodline. Instead of immediately following it with Chu Huaihua, Huang Xiaolong decided to consolidate his foundations. He would deal with Chu Huaihua after a hundred years.

As Chu Huaihua saw how his brother was devoured by Huang Xiaolong, he begged for mercy the moment he was released from the Sun Moon Furnace. He was willing to submit to Huang Xiaolong in exchange for his life!

"Are you done?" Huang Xiaolong muttered.

"Lord Huang Xiaolong, I was wrong! Please don't do this!" Chu Huaihua hadn't completed his sentence when the roots of the Star Dragon Divine Tree pierced into his body.

Tens of thousands of years later, Chu Huaihua was devoured.

Huang Xiaolong continued to refine the universe-level spiritual veins soon after.

However, he wasn't done. He also refined the Star Dragon Scales he obtained from the little dragon.

By the time he emerged from seclusion, a million years had already passed.

When Pangu and the others saw him again, they were shocked by his transformation.

“Xiaolong, this...” Huang Long gasped in shock.

“I made some transformations during my seclusion...” Huang Xiaolong chuckled.

Some transformations weren't an accurate description. In fact, he changed into a whole new person after his cultivation session!

In the million years that passed, Huang Xiaolong was cleansed by the star dragon qi day and night. From his physique to his dao souls, everything experienced a huge transformation! As for the strength he had, it reached a whole new level.

“Big brother, did you also gain the Star Dragon Physique?!” The little dragon blinked and asked.

“Probably...”

“How strong have you become?” Pangu asked the most important question of all.

Both he and Huang Long noticed that Huang Xiaolong underwent a huge transformation, but they couldn't see how strong he had actually become.

Chapter 3517: Higher

“Did you reach 5 billion units?” Huang Long probed.

Before entering seclusion, Huang Xiaolong had accumulated 4.6 billion units of grand cosmos energy.

However, he shook his head and smiled when he heard the question. “Higher.”

Everyone stared at him in shock.

How in the world did he pass the 5 billion mark?!

“5.3 billion?” Pangu asked.

“There’s no way.” Huang Long shook his head.

Huang Xiaolong had only been in seclusion for a million years, and it was impossible for him to improve so much! According to Huang Long, that was something no one could do! Even if Huang Xiaolong crossed the 5 billion mark, he would only barely have crossed it.

Everyone turned to look at him, curious about his improvement.

“5.9 billion,” Huang Xiaolong chuckled.

“What?!” Pangu and the others screamed in fright.

The little dragon’s jaw dropped, and he stared at Huang Xiaolong in fright. “Are you serious?!”

He doubted what he just heard.

However, Huang Xiaolong responded with a casual smile. “That’s right.” In fact, he had crossed the 5.9 billion mark. To be exact, he accumulated 5.91 billion units of grand cosmos energy.

It wouldn't take long for him to break through the 6 billion mark!

Everyone’s eyes widened as they looked at Huang Xiaolong like they were staring at a monster.

Even if someone cultivated with the power of a rocketship, they couldn’t achieve what Huang Xiaolong did!

Not even Pangu and Huang Long would be able to improve by so much in ten billion years!

A look of embarrassment appeared on Huang Xiaolong's face when he noticed the looks he was getting. "Actually, I wasn't too fast..." He used a lot of time to comprehend the universal laws contained in the Star Dragon Scales. Moreover, he refined all the artifacts he had twice over.

"What are you talking about?!" Pangu roared in shock, and his non-existent beard even trembled a little.

"You're too damn fast!" Huang Long growled. "Even if I were to take ten billion years, I can't do what you did!"

Huang Xiaolong grinned in response.

With his current cultivation speed, he would be able to enter the large completion stage of the God of Creation Realm in a hundred million years without the use of any treasures.

Of course, that was a conservative estimate. The star dragon qi was tempering his body and dao soul every second, and his cultivation speed would only grow faster.

With a treasure at the level of the Star Dragon Divine Tree, Huang Xiaolong couldn't cultivate slowly even if he wanted to.

He asked everyone about the events that happened in the past million years.

"The old freak is still waiting outside," the little dragon snorted.

"Humph. That old man really doesn't know when to give up," Pangu sneered.

"Is there news on Chu Huaihao?" Huang Xiaolong changed the topic.

If he could capture Chu Huaihao, he would be able to refine the man's bloodline and grand cosmos energy! When that happened, his strength would take a huge leap forward. His strength would be comparable to Wang Meiqi when that happened!

At the peak of the large completion stage, she accumulated nearly 7 billion units of grand cosmos energy.

“Chu Huaihao is hiding in the Bearded Dragon World,” Ao Guang revealed. “He entered the Bearded Dragon Celestial Empire as a protector of the empire.”

Huang Xiaolong frowned.

He actually chose to submit to the Bearded Dragon Celestial Empire in order to receive their protection!

That made things really difficult for Huang Xiaolong. After all, he would be making an enemy of the Bearded Dragon Celestial Empire if he made a move on Chu Huaihao. In the past, he killed countless subordinates of the empire’s second prince, and Xu Long wouldn’t let things slide if he went after a God of Creation level expert on their side.

A light flashed in Huang Xiaolong’s eyes, and he looked at the little dragon, “Starly, are your parents back?”

The only people who could suppress Xu Long would be the little dragon’s parents.

If he could meet with them, he might be able to convince them to assist him! After all, he was the Star Dragon Divine Tree!

“I have no idea.” The little dragon shook his head quickly.

Huang Xiaolong chuckled when he saw the look on the brat’s face. “Do you have a way to contact them?”

A reluctant expression appeared on the little brat’s face when he heard what Huang Xiaolong said.

Knowing what the little kid was afraid of, Huang Xiaolong reassured him, “Relax. I’ll ask them to allow you to follow me around. They won’t force you to return to the Dragon’s Impasse.”

“Really?” The little dragon stared at Huang Xiaolong doubtfully.

“Yes.” Huang Xiaolong made an oath to the little dragon that he would do as he said.

Even though Pangu and the others had no idea what business Huang Xiaolong had with the little dragon’s parents, they couldn’t help but frown when they heard his question. After all, Huang Xiaolong had fused with the Star Dragon Divine Tree. No one knew what would happen if they met the little dragon’s parents.

“Xiaolong...” Huang Long was the first to question.

“Don’t worry, it will be alright.” Huang Xiaolong shook his head and reassured everyone. He knew what they were afraid of.

Soon after, the little dragon contacted his parents and quickly received a reply.

“Big brother, they said that they would like to meet you.”

Nodding slightly, Huang Xiaolong accepted their condition. He told the little dragon to set a time with his parents, and he would meet them back in the Dragon’s Impasse.

“What?! You want to bring the little kid back to the Dragon’s Impasse?” Pangu and Huang Long shook their heads resolutely when they heard Huang Xiaolong’s plan. “No way!”

“Relax. I’ll be fine. Nothing will happen to me,” Huang Xiaolong muttered. “I’m only going for a little negotiation.”

“Xiaolong, this is too dangerous! This isn’t like last time!” Pangu shook his head. “Even I’m not sure I can escape with my life if his parents came at me together!”

The little dragon slapped his little chest and pouted, “Uncle Pangu, you can rest assured! My parents won’t harm big brother! I like him, and they will too!”

A bitter smile formed on everyone’s face.

Less than half an hour later, everyone agreed with Huang Xiaolong’s idea.

The next day, all of them left the Golden Radiant World. Several days later, they left the river of light.

When Yu Long noticed Huang Xiaolong and the others appearing, a light flashed in his eyes. “Huang Xiaolong, you’re finally out!”

Ignoring Yu Long who had been hiding for a million years, they went towards the Dragon’s Impasse.

This time, Pangu and the others followed Huang Xiaolong all the way to the entrance of the Dragon’s Impasse.

“Alright, father, master, all of you should return. Wait for my news.” Huang Xiaolong winked at them before bringing the little dragon into the Dragon's Impasse.

After pausing for a second, Pangu and the others left.

The moment they did, Yu Long appeared from the void. His expression was dark, and he was clearly contemplating whether he should enter the Dragon’s Impasse to capture Huang Xiaolong or not.

Chapter 3518: Meeting Ao Guang Again

Eventually, he decided against it.

When he was completely destroyed by the little brat’s parents in the past, he had carved that memory into his mind. He never wanted to enter the Dragon’s Impasse ever again.

Of course, he didn't leave either. Instead, he entered the void to wait for Huang Xiaolong once again.

He believed that Huang Xiaolong would definitely emerge from the Dragon's Impasse, and it wouldn't take too long.

Several dozen years passed in an instant.

One day, when Yu Long was waiting for Huang Xiaolong to leave the Dragon's Impasse, a figure appeared.

Joy flashed through Yu Long's heart when he realized that Huang Xiaolong was finally out.

Right before Yu Long could do a thing, three other figures appeared behind him.

The happiness he felt disappeared in an instant, and his soul froze. Terror clouded his eyes and he didn't bother staring at them for another second before he turned tail to run.

A couple, along with a little dragon appeared behind Huang Xiaolong.

The couple was clad in robes that emitted pretty starlight, and the universe trembled when they moved.

"That little brat ran really quickly..." The middle-aged man chuckled lightly when he noticed Yu Long's departure.

"Of course he did. Did you forget what you did to him?" His wife suppressed a smile as she chided him.

The two of them laughed happily in response.

"Big Brother, Sister-in-law, I'll have to trouble you with Chu Huaihao." Huang Xiaolong joined in the laughter.

The two of them were the little dragon's parents, and the man was called Ao Xing! As for his mother, she was called Ao Meixia.

The relationship between them was a long story.

"It's nothing. Xiaolong, you don't have to worry about us." Ao Xing smiled. "I believe that Xu Long will choose to show us some respect."

"Also, we have to thank you." Ao Meixia continued, "That's right, Xiaolong, there's no need to worry about Xu Long. After all, we'll need some help when you enter the grand completion stage in the future."

The little dragon interrupted, "Enough, enough! There's no need for all these formalities! Big Brother, do you think there're delicacies in the Bearded Dragon World?"

Ao Xing frowned. "Brat, call him uncle."

"But I like calling him big brother!" The little dragon pouted.

With his eyes widening slightly, Ao Xing stared at his child.

"Alright, alright, let him call Xiaolong whatever he wants." Ao Meixia giggled. "We'll address him how we like, and the kid can do what he wants."

"Sister-in-law is right," Huang Xiaolong chuckled. He turned to the little dragon and continued, "There's a ton of great food in the Bearded Dragon World, and I'll bring you around when we get there!"

"Yay!" The little dragon clapped his hands in celebration.

When they were chatting happily, Yu Long finally stopped after running god knows how far. His chest heaved up and down, and even so, he quickly looked behind him with fear clouding his eyes. He was afraid that Ao Xing would hunt him down.

The fear he had for Ao Xing had already surpassed anything one could imagine.

It affected him straight down to his bones.

He only managed to calm himself after a long time.

When his mind finally settled, many questions appeared in his head. He couldn't understand why Ao Xing and his wife would follow behind Huang Xiaolong to leave the Dragon's Impasse. Could Huang Xiaolong have convinced them?! Or could it be because of the little dragon?!

From what Yu Long knew, the couple never meddled in affairs regarding the Star Dragon Universe.

Now that they were finally emerging from the Dragon's Impasse, the universe would be thrown into a state of chaos!

Half a day later...

Huang Xiaolong and three others appeared above the Bearded Dragon World.

"The Bearded Dragon World is so lively!" The little dragon looked at the countless flying ships and gasped in shock. "Big Brother, are you going to bring me around now?!"

"Alright!"

However, Ao Xing quickly stepped in. "Starly, don't mess about. Your Uncle Xiaolong and I came here to do something important."

Huang Xiaolong shook his hands and laughed, "Brother Ao, there's no need to worry. Whatever the case, Chu Huaihao won't be able to escape. We'll deal with him after getting some food."

"Hehe! I knew that Big Brother was the best!" The little dragon grinned at his father.

"Xiaolong, you'll spoil the little brat... Look at him now. He's getting more mischievous by the day!"

Huang Xiaolong smiled in response. "It's alright. He's just a child."

A smug grin appeared on the little dragon's face when he turned to look at his father.

Faced with the little brat, Ao Xing could only reveal a helpless smile.

"That's the Zhao Long Holy World in front of us. I've heard that the Fire Bugs there are pretty famous in the Bearded Dragon World," Huang Xiaolong introduced.

"Fire Bugs?" Ao Meixia raised an eyebrow in surprise.

"They're bred with a special method by the Hundred Fragrance Pavilion. It's said that a single bug will take several dozen years to mature, and one needs more than a million dao coins to nurture them. As such, they are extremely hard to come by. A single Fire Bug costs two million dao coins. Even so, there're many people dying for a taste of it. There's never enough to go around!" Huang Xiaolong explained.

"The meat of the Fire Bug is extremely tender, and it contains fire spiritual qi. A single bite can soothe one's dao soul."

"Oh?" Ao Xing was intrigued, and he chuckled, "Then let's go have a taste."

Ao Meixia added a question all of a sudden. "Is the Hundred Fragrance Pavilion owned by the Bearded Dragon World?"

“Nope. It’s from the White Dragon Race.”

“Oh? It belongs to that little brat Ao Cheng!” Ao Xing nodded.

The old ancestor of the White Dragon Race once entered the Dragon’s Impasse, and Ao Xing was no stranger to the man.

Soon after, all four of them entered the Hundred Fragrance Pavilion.

When they arrived, the entire pavilion was full, and hundreds of people were waiting outside for a spot in the restaurant.

Ao Xing stared at them in shock. “Are they all here to eat Fire Bugs?”

Huang Xiaolong smiled and nodded his head. “That’s right. The Hundred Fragrance Pavilion has a rule that only customers who wish to order their Fire Bugs will be able to get a spot in the restaurant.”

“Looks like there are many rich people in the Bearded Dragon World...” Ao Meixia laughed.

There was no way they could be poor if they could spend millions on Fire Bugs.

Huang Xiaolong smiled in response.

“What do we do now? Are we going to join the queue?” Ao Xing chuckled. “I don’t think I’ve ever queued for anything.”

Before Huang Xiaolong could reply, a commotion broke out in the crowd.

“It’s the second prince! Second Prince Ao Guang is here!”

“Second Prince Ao Guang graces the Hundred Fragrance Pavilion!”

Huang Xiaolong turned to look at the group of newcomers, and the corners of his lips slowly curled upwards. He saw hundreds of experts following behind Ao Guang as they walked towards the pavilion.

With his head held high, Ao Guang was about to walk into the entrance when he noticed a familiar face. With his eyes widening in shock, his expression sank. “Huang... Huang Xiaolong?!”

He never expected to meet Huang Xiaolong in the Zhao Long World.

Sweeping his gaze all around, he tried to see if there was anyone else present. After all, he knew that Wang Meiqi was an existence nearing the grand completion stage of the God of Creation Realm.

“There’s no need to look. Meiqi isn’t here,” Huang Xiaolong muttered.

Chapter 3519: Huang Xiaolong?!

“Wang Meiqi isn’t here?!” Ao Guang was slightly taken aback by his revelation.

“That’s right. She didn’t come to the Bearded Dragon World with me,” Huang Xiaolong said simply.

Staring at Huang Xiaolong, Ao Guang didn’t know if the man was lying to him.

“Xiaolong, what’s going on?” Ao Xing couldn’t help but ask.

“It’s nothing. I killed several thousand subordinates of his back in the Bearded Dragon Palace. Oh right, he’s the second prince of the celestial empire, Ao Guang,” Huang Xiaolong introduced.

When those standing around heard what he said, they gasped in shock.

“Who the hell is he?! He’s crazy! He dared to kill His Second Highness’ subordinates in the palace?! He has to be lying!” someone yelled.

“Of course it’s bullsh*t! Why would the celestial empire keep such a huge matter hidden? Hahaha!” Someone else laughed.

“What if it’s real?”

Discussions flew all around, and everyone turned to look at Ao Guang for an explanation.

With his expression flickering, Ao Guang glared at Huang Xiaolong and growled, “Huang Xiaolong, since she isn’t here today, you can forget about leaving this place. Let me tell you right now. Our old ancestor is back, and he’s currently residing in the Bearded Dragon World! No one can save you now!”

“Is that so? It’s no wonder you dare to speak to me this way. If you’re so reassured by his presence, why don’t you take revenge for your subordinates?” Huang Xiaolong chuckled.

Rage flashed through Ao Guang’s eyes when he brought it up. “Do you think I’m afraid of you?! I refuse to believe that you’re a God of Creation!”

However, someone stopped him before he could make his move.

“Second Prince, there’s no need for you to personally make a move against little ants like that. We’ll take him down in your stead,” an expert standing behind Ao Guang said.

He was an old ancestor of one of the creeds, and he was someone who had comprehended all thirteen elements to the grand completion stage. His brother was at the same level as him, and the two of them were famous beings in the Bearded Dragon World.

The two of them had only submitted to Ao Guang recently, and they were eager to fight for merits.

However, Ao Guang shook his head silently. “There’s no need for that. I wish to kill them myself to get rid of the rage in my heart!” He started walking towards Huang Xiaolong after speaking.

The aura around him started to tremble as he locked on to Huang Xiaolong. The dragon spike appeared in his hand, and even though it wasn’t a creation artifact, it was close. It possessed extreme might, and he had tempered it with poison for several million years. It was a weapon that possessed an extremely corrosive nature.

Anyone who was struck by it would have to kneel before him in pain.

“Huang Xiaolong, I will let you taste death!”

The little dragon tilted his head to the side, and he looked at Huang Xiaolong, “Big Brother, do you want me to eat him?”

A helpless smile appeared on Huang Xiaolong’s face. The little brat had nothing on his mind other than eating

“Little b*stard, I’ll deal with you after!”

Once he was done speaking, the spike in his hand pierced towards Huang Xiaolong. The power of an expert with several million units of grand cosmos energy was unleashed. Piercing rays of light emerged and many people retreated.

Huang Xiaolong didn’t bother stopping the man when he saw the spike traveling to his chest. Instead, he allowed it to strike him.

Bang!

The sound of metal scraping against each other rang out when the spike came into contact with Huang Xiaolong.

A look of joy appeared on Ao Guang's face, but it was soon replaced by utter shock. He failed to pierce Huang Xiaolong's skin even with his strongest weapon!

The experts standing all around stared at Huang Xiaolong in shock.

As the second prince of the celestial empire, Ao Guang's strength was known to all. No one standing in the crowd would dare to take on a strike from his spike as they knew that they would feel pain worse than death!

"Are you really...?!" A look of terror filled Ao Guang's eyes.

Huang Xiaolong ignored the man as he grabbed the spike in his hand. It was at that moment Ao Guang realized that the spike in his hands was no longer under his control.

"This is pretty good..." Huang Xiaolong noticed that the person who refined the weapon was pretty good. It was definitely a God of Creation who created the spike.

"However, it's not good enough." Huang Xiaolong sighed. "If you're not coming at me with a creation artifact, you might as well be holding corroded copper."

After speaking, Huang Xiaolong casually clenched his fist and shattered the spike into countless pieces. The shards scattered all over the land.

Silence fell upon the land, as no one dared to breathe loudly.

By the time Huang Xiaolong had crushed the weapon, many experts in the pavilion had gathered outside.

They couldn't believe what they were seeing. After all, how strong did one have to be in order to crush an artifact at that level?

"This... This... God of Creation!"

God of Creation!

Everyone sucked in a cold breath as their hearts pounded in their chests.

There were even some who wanted to get to their knees.

Huang Xiaolong looked at Ao Guang who was shaking in his shoes, and he muttered, "I'm sorry to disappoint you, but I really am a God of Creation. You should know the punishment for offending a God of Creation."

Noticing the killing intent in Huang Xiaolong's words, Ao Guang retreated hastily. "Huang Xiaolong, you won't dare to kill me! The old ancestor..."

Before he could complete his sentence, a sea of light emerged from Huang Xiaolong's fingertips. It swallowed Ao Guang, and by the time the light faded, Ao Guang was nowhere to be seen.

The experts who came with Ao Guang retreated in terror, and there were even some who fell to their knees.

The instant Ao Guang was killed, Xu Long, who was seated in the main palace of the Bearded Dragon Celestial Empire, turned to look in the direction of the Zhao Long world. A frosty light flashed in his eyes.

"Lord Xu Long, this..." Celestial Emperor Ao Yu, who was seated below Xu Long, couldn't help but ask.

"Someone killed Guang'er in the Zhao Long World."

The geniuses of the celestial empire had been branded with a restriction in their bodies. As soon as Ao Guang died, Xu Long learned about it.

The Gods of Creation present in the hall gasped in fright when they heard what Xu Long said.

Was there someone stupid enough to make a move on the most treasured grandson Xu Long had in the Bearded Dragon Celestial Empire?! Not to mention the fact that they did it on the Zhao Long World! The Zhao Long World wasn't located too far away from the Bearded Dragon World!

In an instant, Xu Long called for several men to investigate the matter, and he quickly received a report.

"Huang Xiaolong?!" Xu Long was stunned.

Chapter 3520: Let's See How You Embarrass Me

"Huang Xiaolong?!" Chu Huaihao roared in fright when he heard the name.

The others were equally as shocked.

Xu Long nodded. "The world master of the Zhao Long World made the report that Ao Guang ran into Huang Xiaolong outside the Hundred Fragrances Pavilion. He attacked Huang Xiaolong, and was killed as a result."

Ao Yu and the others had told him about the matter with Wang Meiqi in the past, and Chu Huaihao had added several other reports after entering the celestial empire. As such, Xu Long was familiar with Huang Xiaolong.

"Huang Xiaolong is going too far!" One of the God of Creation Realm experts in the hall snorted, "He dares to kill a prince of the empire in broad daylight! Does he really think that we're dead?!"

"He doesn't respect Lord Xu Long at all!" someone else harrumphed.

Chu Huaihao added, "The little dragon following Huang Xiaolong is a terrifying expert. I wonder if he's there now?"

Xu Long continued, "According to the report, there's a young dragon following Huang Xiaolong along with a middle-aged couple."

“Middle-aged couple?” Chu Huaihao frowned. “Where are Ao Shenghai and the others?”

“They’re not there.” Xu Long shook his head.

“Lord Xu Long, no matter what, you cannot allow Huang Xiaolong to get away this time!” Ao Ding stood up and roared, “Otherwise, any other Gods of Creation would dare to kill a prince of our celestial empire in our territory!”

Xu Long nodded. In fact, he planned on making a move even without Ao Guang’s matter. After all, Chu Huaihao’s condition to join the empire was that he suppressed Huang Xiaolong.

Soon after, Xu Long got someone to locate Huang Xiaolong. With Chu Huaihao, Ao Yu, Ao Ding, and the others, they rushed towards Huang Xiaolong’s party.

The news of Xu Long’s rage quickly reached the ears of those in the celestial empire. When that happened, the old ancestors of the various factions were alarmed.

“Who in the world is Huang Xiaolong?!”

“No idea! I heard that he’s a God of Creation, and he has a pretty bodyguard who is also at the grand completion stage of the God of Creation Realm! He should be a God of Creation from another universe, and I heard that he passed the test of the Submerged Dragon Institution a million years ago! He’s a librarian of the institution!”

“No matter who he is, he’s dead now that Lord Xu Long has his eyes on him! Not even Lord Yu Long will choose to offend Lord Xu Long for a mere librarian!”

Huang Xiaolong, who was sitting in the Hundred Fragrances Pavilion, heard the news.

“Wouldn’t that mean that the little brat Xu Long is headed here right now?” Ao Xing asked.

“Probably,” Huang Xiaolong chuckled.

The little dragon shoved an entire Fire Bug into his mouth and praised, "This is delicious!"

A single Fire Bug was as large as an adult's arm, and flames covered its body. The little dragon ate one Fire Bug after another, and in one short hour, he ate more than a thousand of them.

That would cost several billion dao coins!

"Big Brother, this is too damn delicious! Hahaha! This is great!" The little dragon roared with laughter while stuffing his face.

"This little kid..." Ao Meixia revealed a helpless smile. "Can you slow down? If you keep this up, you'll finish their entire supply of Fire Bugs!"

"No, I won't! Didn't the boss say that they cultivated several million bugs?" The little dragon couldn't even speak properly at the speed he was eating.

Huang Xiaolong looked at Ao Xing, and they chuckled in response.

"Xiaolong, do you have enough dao coins?" Ao Xing asked.

The two of them never had a habit of bringing money around.

If the news of Ao Xing and Ao Meixia doing a dine-and-dash were to spread, their reputations would go down the gutters.

Huang Xiaolong roared with laughter, "Of course! I might not have brought a lot with me, but it's more than enough to empty the Hundred Fragrance Pavilions of their Fire Bugs."

That was true. He might not have a ton of cash on him, but he had several tens of trillions.

Not to mention the fact that Chu Huaixiong and Chu Huaihua had trillion dao coins in their spatial artifacts.

Ao Xing and Ao Meixia finally relaxed.

“Since it’s so profitable to rear Fire Bugs, we should open a restaurant ourselves!” Ao Meixia laughed.

Huang Xiaolong nearly burst out laughing when he heard what she said.

However, Ao Xing agreed in all seriousness, “I think we should.”

Huang Xiaolong was struck speechless by the couple’s idea.

No matter what, the group of four continued to enjoy the Fire Bugs while waiting for Xu Long.

With his speed, Xu Long should be able to arrive in two short days.

When Xu Long heard that Huang Xiaolong was casually enjoying his food in the Hundred Fragrances Pavilion, a sneer formed on his lips as he increased his speed.

In less than two days, they arrived above the Zhao Long World.

When Huang Xiaolong noticed Xu Long’s appearance, three of them exited the pavilion. The only one left inside was the little dragon who was devouring the Fire Bugs.

“Huang Xiaolong, this is Lord Xu Long!” Chu Huaihao snorted at Huang Xiaolong as he made the introductions.

However, Xu Long looked at Ao Xing and Ao Meixia with a look of confusion on his face. He didn’t recognize them as they had remained in the Dragon’s Impasse since a long time ago.

Instead of greeting Xu Long, Huang Xiaolong replied to Chu Huaihao, "Chu Huaihao, do you really think that no harm will befall you now that you chose to submit to the Bearded Dragon Celestial Empire?"

Ao Yu and the others felt their jaws dropping in fright. The old ancestors of the various factions who were hiding a fair distance away were even more shocked. They never expected Huang Xiaolong to speak so disrespectfully in the presence of Xu Long. Moreover, he told Chu Huaihao to his face that Xu Long wouldn't be enough to protect him!

Xu Long's expression sank instantly. He snapped his fingernails against each other and growled, "Huang Xiaolong, what do you mean by that? Are you here for Chu Huaihao?"

"That's right." Huang Xiaolong chuckled, "That is exactly why I'm here."

Ao Yu and the other Gods of Creation were stunned. A frown formed on Xu Long's face as he didn't think that Huang Xiaolong would be so direct.

Looking at Ao Xing and Ao Meixia behind Huang Xiaolong again, he glanced at the little dragon who was shoving Fire Bugs into his face in the pavilion.

"Little brat Xu Long, Huang Xiaolong is now my little brother. You shouldn't meddle in the affairs between Chu Huaihao. Hand him over before things get ugly," Ao Xing sighed.

Everyone who was watching the exchange sucked in a cold breath when they heard what he said.

Xu Long roared with rage in the next second. "What the f*ck did you call me?!"

He released his aura completely, and he continued, "Do you really think you're capable of snatching Chu Huaihao from me?! Let's see how you plan on embarrassing me today!"
