### Chapter 3601: I Wish to Meet Them

Ying Wuyou was the grandson of Ying Ze, a God of Creation! He was also an expert who had comprehended all thirteen elements to the grand perfection level.

God of Creation Ying Ze was a half step Universe God in the Limitless Land. He might not be an ancient existence like Lin Qiankun, but his strength was comparable to the old expert. As Ying Ze's grandson, Ying Wuyou had an ample amount of resources. With his talent and strength, his reputation in the surrounding celestial empires was large!

Ying Wuyou followed his father, Ying Wan to the Yin Yang City in order to request for Princess Lin Yi's hand in marriage.

Even though Princess Yi was an expert who had only comprehended twelve elements to the perfection level, her talent was no joke. Her great looks attracted a lot of suitors, and the Sons of Creation of the various celestial empires wished to obtain her hand in marriage.

Ying Wuyou smiled when he arrived before her. "Little Sister Yi, you're here!"

Lin Yi got to her feet and she nodded slightly, "Big Brother Wuyou..."

The experts behind her called out respectfully, "We greet Prince Ying Wuyou!"

He nodded and sat down beside Lin Yi. He got the experts of the Bathing Phoenix Pavilion to send up three bathing phoenixes before speaking to Lin Yi. "My father tried the dishes here in the past, and he has been craving them ever since. I'll bring two of them back for him, and I hope Little Sister Yi won't find it weird."

Lin Yi smiled, "Of course not. Big Brother Wuyou is such a filial son..."

They started chatting with each other casually after Ying Wuyou placed his order.

In fact, Lin Yi knew the reason behind Ying Wuyou's appearance in the Yin Yang Celestial Empire. She didn't hate the man, but she didn't like him either.

Of course, their families would benefit if they were connected by marriage, and she was merely a pawn in the grand scheme of things.

Despite that, Lin Yi's eyes would unconsciously drift over to Huang Xiaolong's table as they spoke, and Ying Wuyou's attention was quickly drawn over.

When he noticed that Tao Hang was a Primal Ancestor and Tao Han'ER was a True Saint, he was shocked.

"Do you know them?" He asked.

Lin Yi shook her head and muttered, "Nope. But he looks pretty interesting. He brought a Primal Ancestor and True Saint over to the Bathing Phoenix Pavilion for a meal."

One of the old ladies behind her continued, "The youngster came up here using the plaque of the Golden Manor."

"Oh." Ying Wuyou heaved a sigh of relief in his heart. "So he's from the Golden Manor..."

He knew that Jin Hai was a God of Creation at the large completion stage, but that was nothing in his eyes. His grandfather, Ying Ze, was a half step Universe God, and his father was a God of Creation at the grand completion stage. No matter who it was, they were people who could crush Jin Hai with a single finger.

When he learned that Huang Xiaolong came from the Golden Manor, he chuckled, "He's definitely trying to draw attention to himself. What a joke."

One of the old experts behind Lin Yi laughed, "Prince Ying, you're right!"

“He’s pretty interesting...” Lin Yi giggled. “He doesn’t care about what others think, and that’s pretty hard to come by!”

A frown formed on Ying Wuyou’s face when he heard her tone. Jealousy filled his heart.

He looked at Huang Xiaolong once again, and the gaze in his eyes became even more unfriendly when he saw his casual appearance.

As thoughts flashed through his mind, the experts of the pavilion brought him his food.

“Go there and call that man over.” Ying Wuyou pointed at Huang Xiaolong and commanded. “Tell him to bring his slaves over, and say that I wish to meet them.”

His words were harsh, and it was as though he gave them an imperial decree.

The expert of the pavilion hesitated for a second, but he chose to follow whatever Ying Wuyou said. He strode over to Huang Xiaolong’s table with his hands trembling slightly. The Bathing Phoenix Pavilion might be backed by a God of Creation, but he was only at the large completion stage! He was far from comparable to Ying Ze!

Lin Yi frowned when she heard the way Ying Wuyou spoke. “Brother Wuyou, why do you wish to meet the young man? This is the Bathing Phoenix Pavilion, and if anything happens, your father might be displeased with your actions.”

“From what I’ve heard, he’s not easy to deal with.”

Flames of jealousy burned in Ying Wuyou’s heart when he heard what she said. However, he maintained the smile on his face. “There’s no need to worry. I only wish to talk to him. I won’t do anything else.”

Lin Yi opened her mouth slightly, but she chose to swallow her words.

The expert from the pavilion eventually arrived at Huang Xiaolong's table and he bowed slightly. "Young master, Prince Ying Wuyou wishes to meet you. He hopes you can bring your subordinates over too." His tone was polite as he knew that he couldn't offend someone from the Golden Manor.

The experts sitting on the fourth floor turned to look at Huang Xiaolong.

Ignoring the man completely, Huang Xiaolong took a swig of wine. "Who the hell is that. Does he know me? Go and tell him that I'm trying to enjoy my meal here. If he dares to affect my appetite, he'll die a sorry death."

Huang Xiaolong might be soft, but his words rang in the minds of those sitting around. Of course, Ying Wuyou was no exception.

They stared at him in a daze. Lin Yi felt her head spinning, and so did the two experts standing behind her.

A weird light flashed in her eyes when she looked at Huang Xiaolong. Didn't he know who Ying Wuyou was? Not even Jin Hai would dare to say what Huang Xiaolong just said!

"Brat, are you crazy?"

"Not even Jin Hai would be able to save him this time... Heh, he might even drag the Golden Sea Celestial Empire into the depths of hell!"

Everyone broke out into discussion.

When Huang Xiaolong used the plaque of the Golden Manor to enter the fourth floor, many people learned of his connection to Jin Hai.

With a chilly light flashing through his eyes, Ying Wuyou roared, "Brat, you better crawl over here right now to apologize! I'll spare your life on behalf of Jin Hai, but if you refuse, you won't be leaving this place today!"

Killing intent raged in his heart when Huang Xiaolong disrespected him in front of Lin Yi and the various experts sitting in the hall.

Everyone looked at Huang Xiaolong, curious about his choice.

A frown formed on Lin Yi's face. She felt that the youngster was too rash.

Slowly placing his cup down, Huang Xiaolong muttered, "Didn't I tell you not to affect my meal? Too bad you're retarded." Huang Xiaolong casually shook his arm and the wine in his cup turned into ten streaks of silver light that shot towards Ying Wuyou.

The light entered his body in an instant.

With his body freezing up, a look of disbelief could be seen on Ying Wuyou's face. When the silver light faded, he could feel his life force disappearing along with them.

Chapter 3602: Who Killed My Son?!

Lin Yi, who was seated beside him, looked at the silver streaks that emerged from his body and noticed his life force draining.

Sons of Creation from the other celestial empires were equally shocked at the sudden change in situation. No one expected Ying Wuyou to die just like that!

A moment later, someone stuttered, "Prince... Prince Wuyou is dead... What's going on?!"

By the time he spoke, Ying Wuyou's body had crumbled into specks of dust.

"Prince Wuyou is dead! Someone killed Prince Ying Wuyou!" Someone screamed and their voice rocked the entire pavilion. It was as though the world was crashing down on them.

Indeed, Ying Wuyou's death was a disaster that could affect most people in the Limitless Land. Unfortunately, Huang Xiaolong wasn't one of them.

As the Son of Creation of the Ying Ze Celestial Empire, he was also the most treasured grandson of the man himself! Many God of Creation Realm experts estimated that he would enter the God of Creation Realm before long, and he might even be able to do it in the upcoming million years!

However, he was killed in the Yin Yang Celestial Empire! No, he was killed in a restaurant in the Yin Yang Celestial Empire!

The news was sure to rock the Limitless Land.

If the Yin Yang Celestial Empire didn't handle this well, a war between the two great empires might begin!

When Ying Wuyou was killed, Celestial Emperor Ying Wan was chatting happily with Celestial Emperor Lin Feng in the Yin Yang Palace.

They were speaking about the marriage between their children, and Lin Xian chuckled, "Wuyou is a dragon amongst men! It's Lin Yi's honor to be betrothed to him!"

After all, the marriage would benefit both parties. Lin Xian was extremely happy with Ying Wuyou talent.

That wasn't all. No matter how talented one was, they wouldn't be able to compare to Ying Wuyou in terms of background! However, Lin Xian looked at it, Ying Wuyou was the best son-in-law he could get!

Ying Wan roared with laughter, "Brother Lin Xian, I know that Lin Yi is the apple of your eye. It's Wuyou's honor to gain her favor."

The two of them chuckled happily.

“Alright. I’ll agree to the marriage! However, let’s wait for the two little brats to return before asking for Lin Yi’s opinion.” Lin Xian smiled.

“Of course.” Ying Wan laughed.

Whatever the case, the marriage was basically set in stone now that Lin Xian had agreed to it.

When Ying Wan thought about it, happiness bloomed in his heart.

All of a sudden, a young expert ran into the hall in a fluster. He started yelling long before he arrived.  
“Father, something happened! Something big happened!”

The person who came running into the hall was Lin Xian’s second son, Lin Shaowei. He was also Lin Yi’s second brother.

Seeing the weird look on Lin Shaowei’s face, Lin Xian frowned, “What are you so panicky?! Hurry up and greet your Uncle Ying Wan!”

Kneeling before his father, Lin Shaowei stuttered, “Father, something... Something bad happened to Big Brother Wuyou!”

“What?!” Lin Xian and Ying Wan yelled in unison.

“What happened to Wuyou?!” Ying Wan asked as a bad premonition filled his heart.

Gulping in terror, Lin Shaowei started to hesitate.

“What are you waiting for?!” Lin Xian roared.

“Big Brother Wuyou was... He was killed in the Bathing Phoenix Pavilion!” Lin Shaowei knew how serious things were and he forced the words out of his mouth.

Ying Wan felt the entire world spinning around him.

Equally as shocked, Lin Xian stared at his second son in silence.

However, Ying Wan's eyes turned completely red in the next instant as killing intent filled his heart. "I'll f\*cking exterminate your bloodline for killing my son!"

As soon as he spoke, he soared into the skies and turned into a streak of light that charged straight towards the Bathing Phoenix Pavilion.

He released his aura completely, and the city trembled under the might of a God of Creation at the grand completion stage. In an instant, every single expert in the city, including the Sons of Creation, felt the fury of a supreme expert. The rage of someone at his level wasn't something everyone could take on.

Lin Xian hastily followed behind Ying Wan.

On the fourth floor of the Bathing Phoenix Pavilion, everyone felt Ying Wan's aura long before he arrived.

"That's Celestial Emperor Ying Wan! He definitely learned what happened here and he's rushing here as we speak! We have to leave now! We can't get caught up in this!"

"His Majesty is a God of Creation at the grand completion stage with 7.5 billion units of grand cosmos energy! God of Creation Realm experts at the large completion stage would be crushed if he comes after them!"

Everyone in the pavilion started to make their escape.

However, Ying Wan was too damn fast. He arrived long before everyone could leave, and the ground sank several inches the moment he arrived. The weight of a mountain seemed to crush everything in the vicinity.

Those who failed to escape in time fell to their knees.

“We greet Your Majesty, Celestial Emperor Ying Wan!”

Regardless of who it was, everyone kneeled respectfully. Even Lin Yi and the two old experts behind her got to their knees.

“Who was the one who killed my son?!” Ying Wan’s bloodshot eyes scanned the crowd and he roared with rage.

Huang Xiaolong didn’t bother looking at the man as he continued to enjoy his wine and food. He said casually. “I killed your son. Are you here to take revenge for him?”

Ying Wan locked on to Huang Xiaolong when he heard the voice, and killing intent filled his heart. “I’ll kill everyone related to you and exterminate your bloodline!” A giant palm appeared in the air as terrifying flames surrounded it. It swept towards the pavilion as endless power came crashing down on the lands.

Everyone looked at the giant palm as their legs went soft.

Huang Xiaolong casually waved his cup as streaks of silver starlight formed in the space before him. They shot towards the giant palm and pierced through the powerful attack before landing on Ying Wan’s chest.

The God of Creation who was at the grand completion stage, the mighty Celestial Emperor of the Ying Ze Celestial Empire, was sent flying the moment he was struck.

When Lin Xian saw a figure shooting towards him, he dodged in fright. The shock in his heart peaked when he recognized Ying Wan’s face. Ying Wan was like a meteor that tore through countless structures before finally landing on the ground.

### Chapter 3603: Meeting The Blue Dragon Young Master

The structures Ying Wan tore through were carefully constructed by several Gods of Creation in the Yin Yang City, and it existed for an endless amount of time! Now, it was shattered by Ying Wan's sorry figure.

Everyone in the city heard the resounding blast that rang through the skies.

As rubble rained down on the lands, Everyone ran about frantically, trying to dodge the pieces. The debris wasn't made from any ordinary material, and many of those who were struck by it vomited mouthfuls of blood.

Lin Xian stood high in the air as he looked at Ying Wan who was buried under several feet of rubble, and shock filled his heart. He quickly turned to look at Huang Xiaolong who was still enjoying a cup of wine in the Bathing Phoenix Pavilion.

The Sons of Creation who hadn't left the pavilion looked at Huang Xiaolong in utter fear.

Lin Yi and the two experts standing behind her couldn't believe their eyes. Wasn't the young man someone who used the identity of the Golden Manor? Wasn't he Jin Hai's son or someone related to him?! How in the world could someone at his level defeat Ying Wan with a wave of his hand?!

Silence fell upon the land.

When everyone was still stuck in a state of shock, Ying Wan got up from the pile of destruction. The armor on his body was close to shattering, and there were multiple dents on it. It was clear Huang Xiaolong's previous strike caused them.

"You?!" Ying Wan stared at Huang Xiaolong in equal parts terror and anger. The killing intent in his heart had long since diminished, and he snapped back to reality. Anger clouded his judgment earlier, but Huang Xiaolong's revelation of strength forced him back to reality.

"I'll spare your life seeing as you were clouded by your anger. If you try this again, I'll kill you for real!" Huang Xiaolong muttered.

His voice rang loud and clear in the ears of those present.

Hatred and rage crossed Ying Wan's heart, but reason took over. He managed to force himself to calm down as he asked, "Who are you?!"

"You can call me the Blue Dragon Young Master." Huang Xiaolong smiled.

"Alright, I'll remember that!" Ying Wan snorted. He branded Huang Xiaolong's title into the deepest part of his soul.

After he spoke, Ying Wan didn't bother speaking to anyone else as he disappeared into the horizon.

Lin Xian wanted to ask him to stay, but Ying Wan moved too quickly. Lin Xian could only stare at Ying Wan's leaving figure with complicated emotions. When Ying Wan left, he didn't bother looking at Lin Xian at all. In his heart, the Yin Yang City was equally as responsible for his son's death.

Sighing silently, Lin Xian didn't know what to say. Whatever the case, Ying Wuyou died in his city. He definitely had to be responsible for the matter.

"Are you the Yin Yang Celestial Emperor?" Huang Xiaolong's voice rang in his ear.

Jumping in fright, Lin Xian quickly snapped back to attention. He bowed respectfully, "That's right, Lord Blue Dragon." Even though Huang Xiaolong called Ying Wan to address him as the Blue Dragon Young Master, Lin Xian didn't have the guts to do that.

One could see that he was extremely fearful of Huang Xiaolong.

"I've heard that your father wishes to trade a batch of universe-level spiritual veins for a top-grade creation artifact. Is that true?" Huang Xiaolong asked.

Lin Xian stared at Huang Xiaolong with his mouth agape.

Weird emotions filled his heart. Could the man before him be there to carry out the trade?!

Was it possible that the man who dealt with Ying Wan came all the way over to the city in order to make the trade with the Yin Yang God of Creation?!

“Yes... That is indeed my father’s intention.” Lin Xian hesitated for a moment before explaining, “He is currently in the Limitless Celestial Empire due to the trouble caused by the members of the Ocean Race and the Ocean Beasts. The Limitless Master gathered all the experts he could find in order to think of a countermeasure.”

Lin Qiankun’s absence didn’t shock Huang Xiaolong at all. After all, he discovered it the moment he entered the city.

“He might not be here, but the universe-level spiritual veins should be here.” Huang Xiaolong muttered, “Don’t try to bullsh\*t me and tell me that your spiritual veins are not kept in your treasury.”

Lin Xian’s expression froze. That was indeed an excuse he was about to use.

“My father has to be the one to make the decision, and we should wait until he returns from the Limitless Celestial Empire.”

Ying Wuyou died in Huang Xiaolong’s hands, and Ying Wan had barely left. If he chose to make the trade with Huang Xiaolong, he might start a war with the Ying Ze Celestial Empire!

No matter what happened, he had to wait for Lin Qiankun to return before making a decision!

“Send a report to your father right now. Tell him that I’m willing to make the trade. When you receive his reply, you’ll be able to make the trade in his stead.” Huang Xiaolong muttered.

“This...” A hesitant look appeared on Lin Xian’s face. “Before he left, he mentioned that no one would be allowed to disturb him! He will decide on anything after he returns.”

“When will he be back?”

“I... I have no idea... He didn't mention anything about it.” Lin Xian stuttered.

It was clear he wasn't planning to give Huang Xiaolong a proper answer at all!

Appearing before Lin Xian all of a sudden, Huang Xiaolong released his aura. By the time Lin Xian noticed that someone was standing before him, he discovered that he wasn't able to move a single muscle!

Staring at Lin Xian coldly, Huang Xiaolong growled, “I see what you're doing. Do you really think that you can ease your relationship with the Ying Ze Celestial Empire by wasting my time? What makes you think that you can afford to offend me?”

A chill ran down Lin Xian's spine and he hastily explained, “Lord... Lord Blue Dragon, I...”

“Send a message to Lin Xiankun right now. I'll wait for him here.” Huang Xiaolong muttered.

“Yes, yes... I'll contact my father right away!” Lin Xian no longer dared to pull any stunts. He retrieved his transmission symbol and sent a report on everything that happened to Lin Qiankun.

In the Limitless City, Lin Qiankun was chatting happily with other half step Universe Gods when he received the message. After reading the report, he was shocked.

“Blue Dragon Young Master?! He killed Ying Wuyou and injured Ying Wan with a wave of his hand... He wishes to trade a top-grade creation artifact with me?”

Those sitting around became curious when they saw the strange look on his face and one of them couldn't help but ask, “Brother Qiankun, this...”

Lin Qiankun hesitated for a moment before showing them the report.

They were astounded when they read it.

“No one has ever heard of a God of Creation in the grand completion stage or above called the Blue Dragon Young Master...” Someone in the hall muttered. “Could he be from another region?”

He turned to Lin Qiankun and sighed, “Since we have nothing else to do, let’s follow fellow cultivator Lin back to the Yin Yang City. Let’s meet this Blue Dragon Young Master!”

Lin Qiankun revealed a smile and he chuckled happily, “If Lord Chen Huanzhi is willing to accompany me, things would be great!”

Chen Huanzhi was a half step Universe God who accumulated more than 10 billion units of grand cosmos energy. Even though he hadn’t reached the 11 billion mark, his combat abilities were far stronger than his cultivation level. Lin Qiankun had nothing to worry about now that an expert of Chen Huanzhi’s level was willing to follow him back to the city.

#### Chapter 3604: Universe Treasure

Soon after, Chen Huanzhi and Lin Qiankun left the hall as they returned to the Yin Yang City.

Even though they were both half step Universe Gods, the distance between the Limitless City and the Yin Yang City was great! They needed half a year in order to return.

Huang Xiaolong was in no rush to make the trade. After he finished his meal in the Bathing Phoenix Pavilion, he returned to the Golden Manor.

As for Lin Xian, Huang Xiaolong didn’t bother troubling the man. He released Lin Xian after he left.

After entering the Golden Manor, Huang Xiaolong entered seclusion. He walked towards the eye of the grand formation in the Universe Boat before throwing in all the creation pills and herbs he obtained from Jin Hai and Wei Zhi. Universe source qi started to emerge from the formation, and he quickly absorbed them into his body.

When Huang Xiaolong was cultivating in peace, Ying Wan stood before his father in the Ying Zi Celestial Empire and wept, "Father, you have to take revenge for Wuyou!"

Ying Ze allowed Ying Wan to get to his feet before muttering, "He's definitely backed by some other half step Universe God if he dares to kill Wuyou. Even if I personally appear, I might not be able to do anything."

"We can't kill him, but we can kill those related to him!" Ying Wan seemed to have thought of something and he cried out, "He brought two slaves out with him to the Bathing Phoenix Pavilion, and they are in the Primal Ancestor Realm and True Saint Realm! They seem pretty important to him and he'll definitely feel the pain when we kill them!"

Killing a Primal Ancestor and True Saint was nothing to God of Creation Realm experts like themselves.

Ying Ze nodded his head slowly, "Alright, pass down the order. As long as his slaves leave his side, kill them!"

Ying Ze's transmission symbol trembled all of a sudden.

After scanning through the report, Ying Ze's face lit up.

"Father, this..." Ying Wan couldn't help but ask.

"Lin Qiankun sent me a message earlier..."

"Isn't he part of the problem?! How dare he contact you?" Ying Wan's expression sank when he heard that it was someone from the Yin Yang Celestial Empire.

As Ying Wuyou was killing in the city, he lumped all of them together with Huang Xiaolong.

Ying Ze waved his hand slightly and sighed, "You can't blame Wuyou's death on them. Moreover, Lin Qiankun told me that he's rushing back to the city right now with Lord Chen Huanzhi!"

"Lord Chen Huanzhi?!" Ying Wan jumped in joy when he heard the name. "As long as Lord Chen Huanzhi makes a move, that little b\*stard is dead!"

"That's right, at best, the man who calls himself the Blue Dragon Young Master is an ordinary half step Universe God. If I join hands with Lin Qiankun, he might be able to escape. However, with Lord Chen Huanzhi, he wouldn't be able to resist! We'll head over to the Yin Yang City in a few days. The moment Lord Chen Huanzhi arrives, we'll make our move!"

"Yes, father!" Ying Wan bowed respectfully.

...

Half a year passed in the blink of an eye.

When Huang Xiaolong emerged from the Universe Boat, it was about time for them to arrive. His estimations were pretty accurate.

He summoned Tao Hang and Tao Han'er after appearing.

"Lord!" They bowed respectfully when they saw him.

After the incident in the Bathing Phoenix Pavilion, the fear and respect they had for him increased several folds.

"Did anything new happen recently?" Huang Xiaoming asked Tao Hang.

"Nothing much happened. The Yin Yang Celestial Empire probably sealed off the news. Nothing special happened in the past half a year, and the only noteworthy thing that happened was due to the Sleepless

Sea. The Ocean Beasts have been attacking several regions around the sea, and many people were affected.”

“There were even Dao Venerables who comprehended the elements who were killed in the skirmishes!”

Huang Xiaolong continued, “Do you know the reason behind their rampage?”

The Ocean Race and the humans have always lived in peace. They hadn’t caused trouble in a long time.

Now, even Dao Venerables were falling in the battle between them! There was no way their conflict was small.

“The patriarch of the Hydra Fish Race seemed to have personally passed down the order for the ocean beasts to attack. We have no idea why he gave the order...” Tao Han’er interrupted them all of a sudden. “There seems to be many rumors going around, and there are some who said that a Son of Creation in the Limitless Celestial Empire stole a priceless treasure from the Ocean Race! There are others who said that the grandson of an important figure in the Ocean Race was killed!”

Tao Hang continued, “There are others who say that the treasure stolen was a map that indicated countless universe-level spiritual veins. The treasure map is also said to contain the location of a universe artifact!”

“Oh? Universe artifact?” Huang Xiaolong raised his brows when he heard what they said.

There were thirteen universe artifacts born in the thirteen universes, and he obtained the Universe Boat, Star Dragon Divine Tree, and the four Universe Origin Fires. There were ten of them left!

Before he entered the Unknown Space, he took a trip around the other universes in order to look for resources, but he failed to locate a universe artifact.

“Yes...” Tao Hang nodded. “However, we have no idea if that’s true.”

“Do you know which treasure it is?” Huang Xiaolong asked.

“No.”

Falling deep into thought, Huang Xiaolong thought that it was really possible for the map to record the location of a universe artifact. However, he had no idea which it was, and Huang Xiaolong finally made up his mind to capture several God of Creation Realm experts to serve as his subordinates. His information network was really lacking after he came to the Unknown Lands.

The most important thing he had to do was to obtain universe-level spiritual veins. The universe artifact could wait as he already had the Universe Boat and the Star Dragon Divine Tree.

Two figures tore through the skies all of a sudden as they approached the city. They were Lin Qiankun and Chen Huanzhi!

Ying Ze and Ying Wan appeared from the void the moment they appeared.

“Lord Chen Huanzhi!” They cupped their fists in greeting.

Chen Huanzhi wasn't a mere half step Universe God. He was also a marshal of the Limitless Celestial Empire. The Gods of Creation in the Limitless Land wouldn't dare to slight him no matter where they were.

Of course, his strength played a huge part in that.

Chen Huanzhi nodded slightly at the two of them.

Ying Ze and Ying Wan greeted Lin Qiankun next.

Looking at them, Lin Qiankun sighed, “I'm extremely sorry for what happened...”

Ying Ze shook his head and growled, "This has nothing to do with the Yin Yang Celestial Empire! Everything happened because of the Blue Dragon Young Master!" Killing intent flashed in his eyes when he mentioned Huang Xiaolong.

"Let's go meet the Blue Dragon Young Master..." Chen Huanzhi interrupted them all of a sudden.

Chapter 3605: Why Should I Respect You?

The four of them charged into the city at once.

When the four of them entered the city, Lin Xian led the experts of the celestial empire over to welcome them.

"We greet the Lord Ancestor, Lord Chen Huanzhi, Lord Ying Ze, and Lord Ying Wan!"

Lin Xian bowed respectfully as the others fell to their knees.

Lin Qiankun allowed them to get to their feet, and he asked, "Is the Blue Dragon Young Master still in the Golden Manor?"

"Yes." Lin Xian replied instantly. "He hasn't left since the incident happened."

"That's great." Ying Ze sneered. "Blue Dragon Young master... You better not disappoint me."

They left for his manor and the experts of the celestial empire followed closely behind.

It didn't take long for them to arrive.

When Chen Huanzhi opened his dao eye, he noticed the grand formations around the manor and he gasped softly, "Did he lay down the formations himself?!"

Even though the formations were casually laid down by Huang Xiaolong, ordinary God of Creation Realm experts would never be able to do anything like that! Even half step Universe Gods like himself might not be able to create such powerful formations!

Lin Qiankun nodded his head and sighed, "The formations around the manor are really intricate. If I join hands with Ying Ze, we might need half a day to shatter them..."

Of course, if Chen Huanzhi were to help, they wouldn't take that long.

Ying Ze's voice rang through the skies. "Blue Dragon, Lord Marshal Chen Huanzhi has arrived! Why aren't you out here to welcome him?! Do you really want us to shatter the formations around your manor before you emerge?!"

His words rang through the city and he was clearly smearing Huang Xiaolong's reputation.

A flash of light appeared from inside the Golden Manor before Ying Ze could continue speaking.

"That's him! Lord Chen Huanzhi, that's the Blue Dragon Young Master!" Lin Xian exclaimed when he saw the figure.

When they laid their eyes on him, a look of confusion formed on their faces.

"Who might you be?" Chen Huanzhi broke the silence.

Sweeping his gaze across those present, Huang Xiaolong noticed Ying Wan immediately. He saw the look in his eyes, and Huang Xiaolong couldn't help but sneer, "Are you going to come at me together? Or are you going to take turns to get beaten up?"

He was naturally referring to Chen Huanzhi, Lin Qiankun, and Ying Ze. Everyone else there were like flies compared to the three.

Even though Lin Qiankun and Ying Ze had decided to work together before they confronted Huang Xiaolong, they were stunned when he called them out.

Chen Huanzhi was equally as stunned.

No matter what, all three of them were half step Universe Gods. Every single one of them was a peak level expert in the Limitless Land and if the news of them ganging up on someone were to spread through the lands, they would turn into laughing stocks!

“You’re not worthy of Lord Chen’s attention.” Ying Ze snorted, “Brother Qiankun and I will be more than enough to take you down. Let’s see how strong you really are!”

As soon as he spoke, he leaped at Huang Xiaolong.

Lin Qiankun didn’t hesitate as he followed closely behind.

Chen Huanzhi didn’t move a muscle as he wanted to see if the two of them could actually hold Huang Xiaolong back.

Even though Lin Qiankun hadn’t broken through the 10 billion units mark, he was the oldest half step Universe God in the Limitless Land. His combat abilities far surpassed any half step Universe God.

Ying Ze summoned a curved blade in his hand and Lin Qiankun used a long whip. The curved blade in Ying Ze’s hand was a top-grade creation artifact, but Lin Qiankun’s whip was not. Even so, it neared the top-grade creation artifact level. His lack of top-grade creation artifacts was the reason he wanted to make a trade with his universe-level spiritual veins.

“Bring out your weapon!” They stood before him and snorted.

“My hands are more than enough to deal with you.” Huang Xiaolong ignored them as he slowly raised his fists.

Chen Huanzhi was slightly shocked when he heard what Huang Xiaolong said. The two of them were equally as stunned. When experts whose strength were comparable sparred, the difference between using a creation artifact was huge!

The only way he would be able to take them on would be if he was much stronger than them!

Ying Ze and Lin Qiankun started to hesitate when they looked at Huang Xiaolong.

Slowly looking at each other, they came to a decision.

Ying Ze soared through the skies and his blade sliced at Huang Xiaolong's neck.

Lin Qiankun didn't remain idle as his whip tore through the space at it shot towards Huang Xiaolong's chest.

The two of them were half step Universe Gods, and the strength they possessed was out of this world. Their attacks were extremely quick and they contained a terrifying amount of power.

Huang Xiaolong casually stopped the blade when it was a single inch away from his throat and he grabbed the whip with his other hand. Slightly shaking his arms, the two of them were sent flying in an instant.

Two explosions rang through the skies as they smashed into the earth.

Cracks started to spread through the city and the tremors rocked the entire region.

Ying Wan and the others stared at Huang Xiaolong in fright.

Chen Huanzhi felt a bad premonition creeping up his heart.

With a single gesture, Huang Xiaolong dragged Ying Wan towards himself. He stared at the man with a cold gaze.

Ying Wan's body trembled subconsciously when he faced Huang Xiaolong.

"I spared your life once when you came looking for me in the Bathing Phoenix Pavilion. I told you that I'll kill you if you try this again." Huang Xiaolong sneered. "It seems as though my advice has fallen on deaf ears."

With fear in his heart, Ying Wan screamed, "Lord... Lord Chen Huanzhi, please save me!"

"Blue Dragon Young Master, please spare him on my behalf..." Chen Huanzhi opened his mouth to plead for mercy on Ying Wan's behalf, but he was cut short.

Huang Xiaolong shattered Ying Wan's body with a single punch.

The death of a God of Creation at the grand completion stage was no small matter. The skies trembled and rays of gold rained down on the land. A shockwave that contained the power to shatter the earth rocked the city.

The experts of the Yin Yang Celestial Empire stared at Huang Xiaolong with their jaws agape.

After killing Ying Wan, Huang Xiaolong turned to Chen Huanzhi. "Why should I spare him because you're here? Do you really think you're someone worthy of my attention?"

"Wan'er!" Ying Ze's scream came from the pile of dentist on the ground, and he rushed towards Huang Xiaolong with his eyes completely red.

Chapter 3606: Think About It

Huang Xiaolong looked at Ying Ze who was no longer thinking straight and he decided to end it in a single punch. The moment his fist landed on Ying Ze's chest, the world seemed to lose its color and everyone watching the battle felt the space freezing around them.

Boom!

Piercing straight through Ying Ze's chest, Huang Xiaolong's fist emerged from his back. Chen Huanzhi and Lin Qiankun saw Ying Ze's dao heart shooting through the skies. It emitted rays of light before exploding in mid air.

Bang!

When Ying Wan was killed previously, his golden blood rained down on the land as a shockwave powerful enough to shake the city swept through the lands. Ying Ze was a half step Universe God, and he was in a completely different league compared to Ying Wan! When his dao heart exploded, it was as though a giant meteor had crashed into the city.

The city shook violently and Lin Qiankun had no choice but to use his power to forcefully counteract the tremors. Chen Huanzhi assisted him and they managed to stop the quaking city. Even so, the Yin Yang City had nearly split into two.

Huang Xiaolong's arm was still in Ying Ze's chest, and everyone stared at him like he was some sort of monster. The scene was far too shocking, and even Lin Xian, the celestial emperor of a super faction nearly wet his pants. The marshals and generals who came with him felt the world slowly spinning around them.

Chen Huanzhi wanted to fly into a rage when he heard what Huang Xiaolong said earlier, but when he saw Ying Ze's dao heart exploding in mid air, the anger he felt dissipated instantly. He was utterly stunned.

As a half step Universe God, Ying Ze's body was terrifyingly strong. Even so, it was shattered with a single punch!

Turning to look at Huang Xiaolong with terror in his eyes, Ying Ze tried to circulate his grand cosmos energy but he was unable to. The great world he created felt completely frozen, and he was like a helpless baby before Huang Xiaolong.

“In my eyes, you’re no different from your son and grandson.” Huang Xiaolong snorted.

Indeed. Killing a half step Universe God and a Dao Venerable posed the same level of difficulty to Huang Xiaolong. He could end their lives effortlessly.

After he spoke, Huang Xiaolong sliced Ying Ze’s head off. It rolled towards a patriarch of a great family in the Yin Yang City.

When the patriarch looked at Ying Ze’s severed head, the world went dark around him. A puddle of liquid formed under his legs.

Releasing a ray of universe origin fire, it appeared above Ying Ze’s severed head. Miserable cries shook the skies as Ying Ze’s hair was burnt off.

“This?!” Chen Huanzhi and the others frowned.

There wasn’t any type of flame that could harm a God of Creation when they reached such a high level.

However, the flame Huang Xiaolong summoned had the ability to slowly eat away at Ying Ze’s physical body! One could only imagine how strong it was!

It was no wonder Chen Huanzhi and the others would be frightened!

If the flames could devour Ying Ze’s body, it could also harm those present!

Under their terrified gaze, Ying Ze’s skull turned into a pile of dust.

The flame Huang Xiaolong summoned was the Vermillion Bird Fire and it was more than enough to deal with Ying Ze.

The four Origin Divine Fires were the strongest flames in the universe. They were the source of all flames that existed in the universes, and not even half step Universe Gods would be able to resist it.

Ying Ze's dao soul emerged and it tried to escape.

With a swipe, Huang Xiaolong grabbed Ying Ze's dao soul. He tossed it into the Sun Moon Furnace before incinerating his entire body.

The curved blade he summoned earlier along with his spatial artifacts appeared in Huang Xiaolong's hand.

He didn't bother scanning through every item in Ying Ze's spatial artifact, but he turned to look at Lin Qiankun.

Fear bloomed in his heart when he noticed Huang Xiaolong's gaze.

"Your son should have informed you that I came all this way to make the trade with you. From the looks of it, you don't intend to trade for a top-grade creation artifact. You planned to join hands with Ying Ze to kill me here..." Huang Xiaolong muttered.

Lin Qiankun's expression changed and he waved his hands hastily, "Lord Blue Dragon, there's a misunderstanding! I am more than willing to make the trade, and Ying Ze's attempt on your life was a huge mistake! I had nothing to do with it! In fact, Lord Chen Huanzhi and I didn't plan to attack you at all!"

Chen Huanzhi nodded, "Fellow Cultivator Lin is right. We bear no ill intent."

Huang Xiaolong sneered as he glanced at Lin Qiankun from the corner of his eye, "Do you think I'm delusional? Was it an illusion when you attacked me earlier with Ying Ze?"

Lin Qiankun's face flushed red and he didn't know how to respond.

With a wave of his hand, Huang Xiaolong dragged Lin Qiankun over to himself.

"You should have seen Ying Ze's end. Your eyes don't deceive you. That's one of the four Universe Origin Fires, and the one I used was the Vermillion Bird Origin Fire."

"It is widely accepted that God of Creation Realm experts are unkillable. Their dao souls were eternal, and their physical bodies were indestructible. However, that isn't absolute. Would you like to have a taste of my flame?" Huang Xiaolong snorted. "If your physical body is exterminated by the flame, you will never be able to form another body!"

"I'll give you two options."

"One, you'll drop all your defenses and I'll brand your dao soul! In the future, you'll be my subordinate."

"The only other option is to end up like Ying Ze!"

Huang Xiaolong continued, "You better think this through."

Chen Huanzhi and Lin Qiankun stared at him in shock.

"We have already submitted to the Limitless Master! Our dao souls are branded by his restrictions!" Lin Qiankun hesitated.

Ordinarily, one wouldn't be able to submit to two masters unless their soul brands were removed.

"That's not your problem. All you have to do is to make a choice." Huang Xiaolong muttered.

When they heard what he said, they started to hesitate. If they chose to resist, they would end up like Ying Ze. If they chose to submit, they would betray the Limitless Master. Could Huang Xiaolong be strong enough to survive the wrath of the Limitless Master?"

"Relax. If you choose to submit, the Limitless Master won't be able to detect the soul brand I lay down." Huang Xiaolong explained. "I'm far stronger than you can ever imagine."

?!

Chen Huanzhi and Lin Qiankun gasped in fright. Could the Blue Dragon Young Master be stronger than the Limitless Master?!

Chapter 3607: Treasure Map

When they thought of the possibility, their breaths started to quicken.

That was the level of a supreme overlord!

He would be a peak-level existence in the Unknown Space!

Even though half step Universe Gods were known as the strongest existences in the God of Creation Realm, they knew that they were merely ants in the face of such terrifying experts. At best, they were slightly bigger ants.

No matter how big an ant was, it was just an ant.

Chen Huanzhi and Lin Qiankun thought about what Huang Xiaolong said to Ying Ze earlier, and they realized that Ying Ze, Ying Wan, and Ying Wuyou basically possessed the same level of threat to him. They were nothing more than specks of dust he could get rid of whenever he wanted!

To supreme overlords, that was indeed the case.

Chen Huanzhi and Lin Qiankun who were hesitating started to feel their hearts calming down when they thought of the possibility of Huang Xiaolong being a supreme overlord.

Eventually choosing to live, they chose to submit to Huang Xiaolong. They released their defenses around their dao souls and allowed him to lay down a soul brand.

Huang Xiaolong didn't shatter the Limitless Master's restrictions when he did his thing. Instead, he laid down another restriction that hid his control over the two.

With that being the case, he would be able to control the two of them without the Limitless Master discovering anything off.

With his current strength he didn't wish to clash head on with the Limitless Master. After all, he only had 18 billion units of grand cosmos energy.

He didn't stop there. He laid down restrictions in the dao souls of those from the Yin Yang Celestial Empire. He used the same method to hide his actions from the Limitless Master.

The ancestors and patriarchs of the great families in the celestial empire were completely ignored by Huang Xiaolong. He wasn't worried that they would spread the news of what happened as Lin Qiankun and the others would take care of it.

After Lin Qiankun submitted, he quickly retrieved the universe-level spiritual veins from the treasury.

Huang Xiaolong wasn't a stingy person, and he allowed Lin Qiankun to pick a top-grade creation artifact.

When Lin Qiankun saw Huang Xiaolong bringing out more than ten top-grade creation artifacts, he was shocked. Chen Huanzhi and the other God of Creation Realm experts were equally as stunned.

Eventually, Lin Qiankun chose Kai Dong's weapon.

Chen Huanzhi and the others quickly retrieved their universe-level spiritual veins when they learned that Huang Xiaolong was no miser.

As someone who had broken through the 10 billion units mark, Chen Huanzhi was also a marshal of the Limitless Celestial Empire. His net worth was definitely comparable to Lin Qiankun, and Huang Xiaolong was slightly taken aback when he saw more than thirty spiritual veins sitting before him.

As for the others, they took out whatever they had.

Huang Xiaolong counted sixty-three universe-level spiritual veins in total.

It was an unexpected surprise, and Huang Xiaolong wasn't complaining.

Initially, he thought that he would only be able to obtain the spiritual veins Lin Qiankun put up for trade. Now, he managed to obtain more than three times the amount!

Huang Xiaolong gave Chen Huanzhi ten leaves from the Star Dragon Divine Tree. They were much more precious compared to the Star Dragon Scales and they were useful to experts at his level.

Chen Huanzhi bowed profusely when he received the treasures.

Huang Xiaolong soon asked Chen Huanzhi and Lin Qiankun about the matter of the ocean beasts' attack.

Lin Qiankun looked at Chen Huanzhi as the latter was a marshal of the Limitless Celestial Empire. Chen Huanzhi knew much more than him.

Chen Huanzhi replied respectfully, "The Limitless Prince stole the Yin Yang Treasure Map from the Hydra Fish Race. It's said that one will be able to locate the Yin Yang Flame Wheel if they manage to decipher the location!"

"Oh?!" Huang Xiaolong was stunned.

Lin Qiankun and the others were equally as shocked.

Even though the map was stolen, no one knew what treasure it led to. They didn't know that it was the Yin Yang Flame Wheel and it was the first time they were hearing about it.

"That's right." Chen Huanzhi nodded. "The Limitless Prince and the Limitless Master have been trying to figure out the location of the treasure, but to no avail."

Huang Xiaolong nodded slowly.

The Limitless Master had more than a hundred sons, and the Limitless Prince was the youngest son in the family. He was the son the Limitless Master doted on the most.

"How strong is the Limitless Prince?" Huang Xiaolong asked.

"His strength crossed the 10 billion mark a long time ago, and he has two great worlds. I'm no match for him." Chen Huanzhi's expression turned serious. "There are many people who speculate that he crossed the 12 billion mark."

Huang Xiaolong wasn't surprised. After all, Zhu Qiming had already crossed the 14 billion units mark. It was normal for the Limitless Prince to reach the 12 billion units mark

Soon after, Huang Xiaolong asked about the strength of the Limitless Celestial Emperor.

The Limitless Celestial Emperor was the oldest son of the Limitless Master, and he was equally as competent.

"His Majesty is a little stronger than the Limitless Prince. After all, he cultivated for a much longer time!" Chen Huanzhi replied, "His Majesty's talent is second only to the prince.."

Out of all the sons the Limitless Master had, the Limitless Prince boasted the highest talent. The Limitless Celestial Emperor was slightly worse.

Half a day later...

Chen Huanzhi and the others left before Huang Xiaolong entered seclusion. With the spiritual veins he obtained this time, he would be able to sustain his cultivation for more than several hundred thousand years!

Universe source qi gushed out from the eye of the formation, and Huang Xiaolong sat in the middle of the space quietly.

Circulating the Soaring Dragon Art, Blazing Dragon Grand Art, and Pangu World Creation Art, the universe source qi poured into his body.

When Huang Xiaolong entered seclusion, the battle between the Ocean Race and the humans became more intense. They were at the cusp of breaking out into a full blown war with the Limitless Celestial Empire. Experts from the other regions charged into the Limitless Lands when they received news that the Yin Yang Treasure Map was stolen by the Limitless Prince. Naturally, they didn't come to assist the Limitless Celestial Empire. All of them had their eyes on the treasure map.

As more and more people poured into the Limitless Land, a storm started to brew.

Chapter 3608: Stolen!

Huang Xiaolong had no idea what happened in the Limitless Celestial Empire.

As he continued to refine the universe source qi, his understanding of the mysteries of the universe started to deepen. The impurities in his bloodline were slowly purified.

A hundred thousand years passed in the blink of an eye.

On the day when the final strand of universe source qi was refined, Huang Xiaolong slowly opened his eyes.

After the years that passed, Huang Xiaolong improved quite a lot. He felt much lighter when he got to his feet and he discovered that the impurities in his body were one tenth of what it was!

He also discovered that he managed to reach the 18.4 billion mark now that he completed his cultivation session. The golden grand cosmos energy that populated the three great worlds were much more powerful than before.

Huang Xiaolong rejoiced inwardly.

Moreover, he could tell that his connection with the Universe Boat had deepened significantly after so many years of cultivation. According to his estimations, he would be able to enter the second layer of restrictions after throwing in a hundred more high-grade universe-level spiritual veins.

After opening the second layer, he was sure that he could rid his body of all impurities.

Huang Xiaolong noticed that he was far too weak. Even though he managed to increase his strength in the past by devouring other people's bloodlines, it was an elementary level way of improving his strength. Even with the help of the Universe Boat to purify the hidden threats in his body left behind, he would never be able to break through to the grand completion stage if that kept up.

He would forever be stuck at the large completion stage, never to enter the grand completion stage of the God of Creation Realm if nothing changed!

Whatever the case, entering the second layer of restrictions was sure to show better effects. He might be able to enter the grand completion stage of the God of Creation Realm when that happens.

A moment later, he left the grand formation of the Universe Boat.

After a hundred thousand years, Tao Hang and Tao Han'er experienced a significant increase in strength. After all, they had the assistance of the five beast kings.

Tao Hang ran over in a fluster the moment Huang Xiaolong appeared. "Lord, Lin Xian wishes to meet you the moment you leave seclusion! He has something to report!"

"Alright, send him over." Huang Xiaolong nodded.

Bowing, Tao Hang ran out of the manor.

Huang Xiaolong sank deep into thought. Could they have deciphered the location on the Yin Yang Treasure Map?

"Lord, I..." Tao Han'er whispered from the side.

"Han'er, what's wrong?" Huang Xiaolong chuckled.

"I... I wish to travel to the Hengshan Mountain Range to train myself."

She had been following Huang Xiaolong all these years and she hadn't left the manor in a long time. Even if she did, she would only travel around the city. She wanted to travel the world for a long time.

"Alright." Huang Xiaolong nodded slowly when he heard her request, "You should travel around to gain some experience."

Even though Tao Hang and Tao Han'er followed him to the Yin Yang City, Huang Xiaolong hadn't been able to take care of them throughout the way. All of them were cooped up in the manor and there weren't many chances for them to experience the world.

Tao Han'er's face lit up when she heard Huang Xiaolong's instructions. "Many thanks to the lord!"

"Alright, I'll get the Azure Eagle King to follow you around." Huang Xiaolong continued.

A sweet smile formed on Tao Han'er's lips as she giggled slightly, "I knew that you'll say that! Hehehe, you really do like me!"

A trace of mischief flashed through her eyes.

Of course, Huang Xiaolong wouldn't want her to travel into the depths of the mountain range. The Hengshan Mountain Range was the largest mountain range in the Yin Yang Celestial Empire, and it was much more dangerous compared to the Sentient Mountain Range back in the Golden Sea Celestial Empire.

Tao Han'er nodded obediently when Huang Xiaolong explained what she could do.

A moment later, Celestial Emperor Lin Xian appeared and greeted Huang Xiaolong respectfully.

"I heard from Tao Hang that you're looking for me..." Huang Xiaolong said.

Lin Xian glanced at Tao Han'er, but Huang Xiaolong interrupted him before he could say anything. "It's alright, you can speak your mind."

"My report has something to do with the Yin Yang Treasure Map. The treasure map was stolen by the Dragon Overlord!"

"The chicken man stole it?!" Huang Xiaolong blurted out before he could stop himself.

Even though he had long since estimated that the Limitless Master would never be able to keep the treasure map with his strength, he didn't expect that the Dragon Overlord would be the one to snatch it away. Huang Xiaolong frowned. If that chicken b\*star went over to grab the Yin Yang Flame Wheel, his strength would increase by a whole level! That wasn't good news for Huang Xiaolong.

Lin Xian couldn't be bothered with what Huang Xiaolong was thinking. He felt the world collapsing around him when he heard how Huang Xiaolong addressed the Dragon Overlord.

That was one of the five strongest experts in the Unknown Space they were talking about! Huang Xiaolong called him a chicken man!

Tao Han'er's lips curled upwards as she burst out laughing.

A bitter smile slowly formed on Lin Xian's lips. If the Dragon Overlord heard what Huang Xiaolong called him, he would probably fly into a rage... No. He would probably fly into a rage even without Huang Xiaolong's provocation.

"When did the chicken freak snatch the map?" Huang Xiaolong asked. Since his mouth slipped, there was no point in upholding formalities.

"Not too long after you entered seclusion, Lord Dragon Overlord personally arrived. Even with the grand formation around the empire, the Limitless Master couldn't hold him back! During the battle, the Limitless Master was seriously injured. It's said that he's still recovering from the battle back then." Lin Xian explained.

Huang Xiaolong wasn't surprised at all. As one of the five strongest experts in the Unknown Space, the Dragon Overlord definitely crossed the 20 billion mark. The Limitless Master only had 18 billion units of grand cosmos energy, and there was no way he could win.

That was also the reason Huang Xiaolong chose to lie low. He was still lacking when compared to the five experts. If he caught their attention, he would have to fight with everything on the line! When that happened, the existence of the Universe Boat, Star Dragon Divine Tree, and four Universe Origin Fires would be revealed. He might be able to fight off a single one of them, but things would definitely go south the moment they ganged up on him.

The only way he would be able to hold them all off would be to enter the grand completion stage. If he managed to accumulate 21 billion units of grand cosmos energy, he would be able to fight one on five with his treasures.

"Also, Ying Ze and Ying Wan's disappearance has already attracted the attention of the Limitless Celestial Empire." Lin Xian continued, "They are currently investigating their disappearance."

If the Limitless Celestial Empire continued their investigations, they would eventually reach Huang Xiaolong.

That was what Lin Xian was afraid of.

“They can check all they want. There’s no need to obstruct them.” Huang Xiaolong wasn’t affected at all.

Bowing respectfully, Lin Xian continued to make his other reports. He spoke about the matter where the Ocean Race called their forces back, but they didn’t concern Huang Xiaolong in the slightest.

“Check if Zhou Chi is currently residing in the Ice Mountain.” Huang Xiaolong said all of a sudden.

Since everything was over, he wanted to take a trip down to the Ice Mountain.

Chapter 3609: Rolling Off The Mountain?!

“Lord Zhou Chi?! Ice Mountain?!” Lin Xian jumped in fright.

Huang Xiaolong nodded slowly. “That’s right. I’ll be heading there soon to pay him a visit.”

Lin Xian had a bad premonition rising in his heart. Looking at the way Huang Xiaolong did things, wouldn’t he be going to the Ice Mountain to rob the man clean?! When his thoughts ventured this far, Lin Xian couldn’t help but observe a moment of silence for Zhou Chi.

He didn’t dare to dally since Huang Xiaolong gave the order to investigate. He personally passed down the order to look into the Ice Mountain.

After Huang Xiaolong learned that Zhou Chi hadn’t left the mountain, he heaved a sigh of relief in his heart. If Zhou Chi was like Lin Qiankun, he would be forced to wait for the man to return.

Several days later, Huang Xiaolong left the city as he traveled towards the Ice Mountain.

The Ice Mountain was a mythical mountain in the Limitless Land. The ice qi that surrounded the mountain was extremely powerful, and not even Dao Venerables would be able to venture into the depths of the mountain.

In fact, it was more appropriate to describe it as the Ice Mountain Range as it was made up of multiple peaks.

As one of the ten strongest cultivators in the Limitless Land, Zhou Chi's presence on the Ice Mountain Range made it a sacred land for cultivators who trained in ice techniques. There were countless experts going over to pay their respects to Zhou Chi, and many of them were Sons of Creation and old ancestors of their races. There were even several celestial emperors who would make a trip over, and there had been instances of half step Universe Gods going over too.

Zhou Chi's prestige in the Limitless Land was incomparable!

Even a prince of the Limitless Celestial Empire would have to show him some respect.

By the time Huang Xiaolong arrived at the Ice Mountain Range, he saw hoards of experts from the various celestial empires going over to pay their respects to Zhou Chi.

"Brother, are you also here to pay your respects to Lord Zhou?" An expert from the great families asked Huang Xiaolong when he saw the man traveling alone.

Huang Xiaolong looked at the person who approached him, and he realized that it was a Dao Venerable who had comprehended eleven elements to the perfection level. With his strength, his status wouldn't be low in the Limitless Land.

"That's right." Huang Xiaolong muttered.

The expert became even more enthusiastic when he heard Huang Xiaolong's reply. "I wonder what present you brought Lord Zhou Chi?"

“Present?”

“Brother, did you really not prepare anything?” The man asked when he noticed the confusion in Huang Xiaolong’s voice. “Everyone who wishes to meet Lord Zhou Chu would have to prepare presents! Moreover, they would need four sets of presents in order to gain an audience with him!”

Huang Xiaolong was surprised. “Four sets?”

“One would be for Lord Zhou Chi, and the three other sets are for his disciples! Everyone who wishes to meet Lord Zhou Chi would have to register with his grand disciples. If you bring along a single set of present, you won’t even be able to step through the entrance of the mountain range!” The man explained.

“There was a Son of Creation who prepared four ordinary sets of presents and he was thrown out by Lord Zhou Chi’s grand disciples!”

There were some experts nearby who sighed, “There are too many people who wish to meet Lord Zhou Chi. Even Gods of Creation at the small competition and large completion stage might not be able to meet him!”

“That sounds right. Lord Zhou Chi is someone who broke through the 10 billion units mark! Why would he meet with ordinary Gods of Creation?”

Huang Xiaolong frowned, “Since you know that you won’t be able to meet Lord Zhou Chi, why would you come all the way here?”

“Many of us who came had a request for Lord Zhou Chi. Even if we can’t see him, getting close to his grand disciples is good enough. As long as they make a move, all your problems will go away.”

“I wonder what you wish to ask of Lord Zhou Chi...” Huang Xiaolong asked.

Hesitating for a moment, the man eventually explained, “I am the old ancestor of the Wang Family in the Standing Darkness Celestial Empire. My family offended a prince of the royal family of the empire,

and I wish to ask Lord Zhou Chi to plead on my behalf. Even if his grand disciples do it, the prince wouldn't dare to do anything to my Wang Family!"

There was an awkward expression when he spoke of his problem.

"Standing Darkness Celestial Empire?" Huang Xiaolong asked. "Isn't that the celestial empire beside the Yin Yang Celestial Empire?"

"Yes." The expert nodded slightly. He had no idea why Huang Xiaolong would bring up the Yin Yang Celestial Empire.

"Alright, I know Lin Xian of the Yin Yang Celestial Empire. I'll get him to speak to the members of the Standing Darkness Celestial Empire." Huang Xiaolong chuckled.

"Lin Xian?! The Yin Yang Celestial Emperor?!" Wang Xin, the man who was speaking to Huang Xiaolong all this time, gasped. "Are you serious?!"

The Yin Yang Celestial Emperor was a God of Creation at the grand completion stage. If he spoke on behalf of the Wang Family, there was no way anyone would dare to touch his family. After all, the old ancestor of the Standing Darkness Celestial Empire was only at the large completion stage of the God of Creation Realm.

However...

The Yin Yang Celestial Emperor was like a god! Wang Xin didn't believe that Huang Xiaolong could actually do as he said. After all, everyone knew that above the Yin Yang Celestial Emperor was Lin Qiankun himself, a half step Universe God! That was the most ancient half step Universe God in the Limitless Land they were talking about!

Laughter came from the side before Wang Xin could say anything, and it was directed at Huang Xiaolong. "Brat, do you really expect us to believe you?!" It was a prince from one of the celestial empires. "I know Lord Zhou Chi, but he doesn't know me!"

Laughter filled the skies.

Huang Xiaolong looked at the person who spoke and sighed, "Are you from the Black Flame Celestial Empire?"

"That's right. I'm Hei Yu of the Black Flame Celestial Empire."

The Black Flame Celestial Empire was comparable in strength to the Standing Darkness Celestial Empire, and their founders were at the same level of strength.

Huang Xiaolong sighed, "Alright. I'll remember that."

After he spoke, he walked towards the peak of the Ice Mountain Range.

Wang Xin stared at Huang Xiaolong in shock. "Brother, you didn't prepare any gifts! Don't tell me you brought a message from the Yin Yang Celestial Emperor..."

"Nope."

"Just go home... Without anything, you won't be able to step through the gates of the Ice Mountain Range." Wang Xin sighed. He was warning Huang Xiaolong out of goodwill. After all, there were many people who were sent rolling off the mountain when they turned up without any gifts.

When that happened, their reputations would be dragged through the mud! They would turn into laughing stocks!

When the prince of the Black Flame Celestial Empire noticed what was going on, he laughed loudly, "Things are going to get interesting now... There hasn't been anyone who dared to enter the Ice Mountain Range without gifts in a long time. What do you think Wei Qi would do to him?"

Wei Qi was Zhou Chi's oldest disciple. He was in charge of guarding the entrance.

“He’s definitely going to be kicked off the mountain. Hahaha! Lord Wei Qi will kick him so hard he rolls down the mountain!” Someone mocked as laughter filled the air.

Chapter 3610: Everywhere!

When Wang Xin noticed that Huang Xiaolong wasn’t taking his advice into account, he couldn’t help but shake his head. Perhaps, the man really knew Celestial Emperor Lin Xian, but even so, Wei Qi wasn’t going to care about that!

In the past, there were many people who knew God of Creation Realm experts at the grand completion stage who tried to ascend the mountain. They didn’t bring gifts with them, and neither did they bring a message from the expert in question. They were exactly like Huang Xiaolong and they were taught a lesson the moment they saw Wei Qi.

When that happened, they tried to get the God of Creation Realm experts they knew to seek justice on their behalf, but how in the world would a God of Creation at the grand completion stage mess with Zhou Chi?!

No one would offend a God of Creation Realm expert with 13 billion units of grand cosmos energy for a nobody!

As such, everyone who was sent rolling down the mountain could only suppress their anger.

Huang Xiaolong ignored the gazes around him and he continued to stroll towards the entrance.

He was stopped by the experts of the Ice Mountain the moment he approached.

There weren’t too many experts stationed at the entrance, and there were probably sixty of them in total. All of them were experts who had comprehended at least eleven elements, and there were even some who had comprehended all thirteen elements!

All of them were obviously experts who chose to serve the Ice Mountain.

The person who stopped Huang Xiaolong wasn't Wei Qi. Instead, it was some random expert who had comprehended twelve elements. Wei Qi was sitting comfortably on his throne in the middle of the plaza.

A beauty brought a spiritual fruit to his lips as he sat there staring at the experts who wanted to enter the Ice Mountain. He was like an emperor who was staring down at his subjects!

As soon as the man stopped Huang Xiaolong, he didn't bother with the formalities. He stretched out his hand and snapped, "Where's your present? Hand it over for me to take a look."

One wouldn't be able to enter the mountain if they brought sub par gifts. Only presents that could rouse Wei Qi would allow one to enter the plaza.

"I didn't bring any." Huang Xiaolong muttered. "Get Zhou Chi to come out here. I wish to meet him."

Huang Xiaolong didn't speak loudly, but everyone managed to hear what he said.

The expert who stopped him was stunned for a second and so was Wei Qi and the others.

"You didn't bring anything?! You want Lord Zhou Chi to come out here to meet you?!" The man stared at Huang Xiaolong in shock.

He felt that Huang Xiaolong was going overboard, but he didn't dare to offend the man. Instead, he turned to look at Wei Qi.

Wei Qi glanced at Huang Xiaolong from the corner of his eye and he growled, "Who do you think you are?"

"You can call me the Blue Dragon Young Master. I know Lin Xian of the Yin Yang Celestial Empire." Huang Xiaolong sighed.

“Blue Dragon Young Master? Lin Xian?!” Wei Qi roared with laughter the moment the words left Huang Xiaolong’s lips. He pointed at Huang Xiaolong and sneered, “I have never heard of you in my life! Lin Xian? Hahaha! Did all of you hear this?! Some random b\*stard who claims to know Celestial Emperor Lin Xian dares to call my master out!”

The beauty standing beside him giggled and everyone else burst into laughter.

The lady placed a spiritual fruit into Wei Qi’s mouth delicately and sneered, “I thought he’s the Son of Creation from the Limitless Celestial Empire from the way he spoke... Who would have thought that he’s just some random lowlife.”

Glancing at Huang Xiaolong from the corner of her eye, she continued, “There hasn’t been anyone who dared to approach the entrance with no gifts... Lord Wei Qi, you’ll have to punish this man. Otherwise, our reputation will go down the drain!”

Wei Qi chuckled with glee, “Jiao’er, you’re amazing. You actually read my mind.” Turning to the man who stopped Huang Xiaolong, Wei Qi snorted, “Did we throw the last person who came here without gifts off the mountain? Alright, we’ll punish this little b\*stard a little more. Break all his limbs and cripple his cultivation before throwing him off the mountain.”

Bowing respectfully, the expert revealed a sinister smile when he looked at Huang Xiaolong. “I believe you heard what Lord Wei Qi said.”

“You can’t blame me for what’s about to come...”

“You can only blame yourself for being stupid!”

However, he discovered that he couldn’t even raise his hand after speaking. The space around him seemed to turn completely solid, and his body was like a solid block of wood.

This...

A look of confusion appeared on his face.

Huang Xiaolong sighed as he looked at the expert standing before him. "You're right. You can only blame yourself for what's about to come."

Raising his hand slightly, the expert who comprehended twelve elements slowly turned into dust. From his head to his toe, he turned into specks of powder that drifted through the wind.

Wei Qi wanted to say something when he noticed that the man wasn't moving, but his eyes widened in shock when he saw the figure of the man crumbling.

The experts of the Ice Mountain, along with those who came all this way to pay Zhou Chi a visit, were shocked!

Leaping to his feet, Wei Qi roared, "You... How dare you kill a subordinate of my Ice Mountain?!"

That was the first time anything of the kind happened.

No one dared to kill experts who served the Ice Mountain.

"I'll give you one last chance. Call Zhou Chi out. Otherwise, you'll suffer the same fate as him." Huang Xiaolong muttered indifferently.

Roaring in rage, Wei Qi released his aura completely.

"Half step God of Creation!" Those standing around gasped in fright.

It was true that Wei Qi had reached the doors of the God of Creation Realm. He was even stronger than Ying Wuyou!

"Do you really think you can kill me?!" Wei Qi screamed, "Not even Lin Xian would dare to say something like this in front of my face! Even if a God of Creation at the grand completion stage arrives, he wouldn't dare to touch a single hair on my head! You can try it if you have the guts to!"

“If you dare to lay a finger on me, you won’t be leaving this place alive!”

A mocking sneer could be seen in Wei Qi’s eyes when he looked at Huang Xiaolong.

As soon as the words left his lips, Huang Xiaolong casually pressed downwards with his palm. Wei Qi felt as though the entire universe was crashing down on him.

It was something he had never felt in his life!

Before he could react, he was sent straight into the depths of the mountain range!

Wei Qi, who had unleashed all his strength just a moment ago, was flattened like a pancake!

“I don’t have a habit of touching a single hair on your head. What are you going to do now that I touched every single hair on your body?” Huang Xiaolong chuckled.
