Chapter 3651: Arrival

Huang Xiaolong slowly made his way over, and smiled when he saw Tao Han'er jumping up and down at the entrance of the Jian Family. "You don't need to come all the way out here... We won't get lost in such a small place!"

Tao Han'er ran over to Huang Xiaolong and grinned, "I was afraid that you guys would be stopped at the entrance! After all, you might not have gotten an invitation!"

Huang Xiaolong looked at Tao Hang and laughed, "If they do, we'll use your great name to enter the palace!"

Tao Hang grinned, "Lord Huang is right!"

Pouting slightly, Tao Han'er complained, "All of you are bullying me! Hmph!" She then turned to Huang Xiaolong and muttered, "Lord Huang, let's go! The ceremony should be starting soon!"

Huang Xiaolong nodded and entered the Jian Family Palace with Zhu Fei, Cao Dehong, and the rest.

With Tao Han'er present, none of the disciples dared to stop Huang Xiaolong's group. Of course, not stopping them was one thing. Making a report to the higher ups was another. They quickly sent out reports to Jian Bifei the moment Huang Xiaolong entered.

Kong Fanxing asked his grandfather after looking at Tao Han'er's reaction. "Ancestor, how did they get to know each other?"

"I heard that Princess Tao Han'er and her foster father were saved by the Blue Dragon Young Master back in the Limitless Land. From then on, they started to follow him. That is why she calls the Blue Dragon Young Master her lord..." Kong Shao explained.

"So that's the case..." Kong Fanxing muttered, "The Blue Dragon Young Master is pretty lucky..."

Chuckling slightly, Kong Shao brought the members of the Kong Family into the palace.

“Ancestor, you stopped at the part where Jian Shengdong brought the members of the Jian Family into the tea house. What happened after that?” Kong Fanxing pestered. “Did the Blue Dragon Young Master bring out their connection to Princess Tao Han’er for Jian Shengdong to let them off?”

“No.” Kong Shao muttered softly.

No?!

Kong Fanxing was taken aback slightly.

“When Lord Jian Shengdong, Jian Chao, and the others arrived at the tea house, the Blue Dragon Young Master enraged them and they moved against him. Lord Jian Chao summoned his sword qi and managed to stab the Blue Dragon Young Master.” Kong Shao explained.

“No way... The Blue Dragon Young Master doesn’t look injured at all!” Kong Fanxing gasped.

“That’s because he isn’t. It’s said that after taking the strike, he didn’t suffer the slightest injury. He even said that Jiao Chao’s sword qi is as weak as a breeze... He summoned his own sword qi and sent Lord Jiao Chao flying. It’s said that he only allowed them to live because of Tao Han’er.”

Kong Fanxing’s jaws dropped.

Eminent Elder Jian Chao of the Jian Family, a half-step Universe God, was defeated in one move! How strong did his opponent have to be?!

“What happened next?” Kong Fanxing pressed.

“Lord Jian Shengdong obediently paid up after collecting all the money they had. They brought Lord Jian Chao back to the Jian Family.” Kong Shao said in a strange tone.

By this time, massive waves were battering against Kong Fanxing's tiny little heart.

Lord Jian Shengdong, an expert who broke through the 10 billion units mark, was an existence akin to a god in their eyes! Even so, he couldn't compare to the Blue Dragon Young Master!

"But... I also heard that he has some sort of dubious relationship with Yu Xiaohong." Kong Shao whispered.

"What?! Are you talking about Lord Yu Xiaohong of the Xiaohong Celestial Empire?!"

"Yep..." Kong Shao nodded. "Everyone in the Zhu Lan Land knows that Lord Jian Weifeng has something for her! Now that rumors are spreading about the Blue Dragon Young Master's relationship with Yu Xiaohong, he won't be able to leave the palace in one piece!"

All of a sudden, another voice rang through the air. "The Limitless Master has arrived!"

"The King of the Ocean Race in the Nightless Sea has arrived!"

Kong Shao was shocked and he muttered to himself, "Their relationship with the Jian Family isn't anything special... Why are they here?!"

Kong Fanxing analyzed the situation and replied, "They're probably here to kiss up to Lord Jian Wushuang after hearing that he broke through."

Kong Shao nodded. It was definitely possible.

A huge group of experts came in the distance, and the two of them who led the way were Wu Xin and Ye Ye.

Behind them, more than ten thousand experts of the Limitless Lands and the Ocean Race could be seen. All of them were God of Creation Realm experts!

Shock filled everyone who arrived. What type of formation was this?! If Jian Wushuang hadn't broken through and was recognized as the sixth strongest individual of the Unknown Lands, they would have thought that Wu Xin and Ye Ye were there to declare war on the Jian Family!

Who the hell brought over ten thousand experts over to offer some congratulations?!

Kong Fanxing felt his scalp going numb when he saw the newcomers. The expression of those who had already entered changed as well.

"Looks like something big is about to go down..." Kong Shao frowned.

"Ancestor, do you think that they're here to mess with the Jian Family? That is not possible, right? Lord Jian Wushuang broke through the 20 billion mark! Who will dare to mess with them?" Kong Fanxing gasped.

Indeed... No matter how strong the Limitless Lands and the Ocean Race were, they would be kicking a steel board if they came to look for trouble!

After all, most of the people who attended the ceremony were friends with the Jian Family! The experts present were comparable to the amount brought by Wu Xin and Ye Ye!

Kong Shao shook his head and tried to clear his mind. "No... There's something off here."

No matter how hard he tried, he couldn't put his finger on the weird feeling in his chest.

Very quickly, Wu Xin and Ye Ye arrived.

"Lord Limitless, Your Majesty, according to our rules, everyone can only bring ten people with them." The disciple guarding the entrance gathered his courage before speaking to the two of them. Of course, he didn't forget his manners.

Wu Xin and Ye Ye nodded casually before randomly picking ten people to follow them in. The rest remained outside.

Just as they had entered the palace, another announcement rang through the air. “Her Majesty, Yu Xiaohong of the Xiaohong Celestial Empire has arrived!”

Chapter 3652: Not Worthy?

As everyone turned to look in the distance, a shockingly beautiful woman approached the palace. Behind her were more than a hundred experts at the God of Creation Realm!

She was none other than Yu Xiaohong, the old ancestor of the Xiaohong Celestial Empire!

Even though she had been trapped on the Bewilderment Island for countless years and her reputation was no longer as resounding, everyone knew that she was a supreme expert who had more than 14 billion units of combat strength! One had to know that there were hardly any female cultivators in the Unknown Lands who could break through the 10 billion units mark.

Her appearance caused a commotion to ripple through the crowd. It was no less than when Wu Xin and Ye Ye brought over so many God of Creation Realm experts... After all, everyone present knew that Patriarch Jian Weifeng had been rejected twice by her.

Kong Shao looked at Yu Xiaohong and the uneasy feeling in his heart grew stronger. “She shouldn’t be here...”

“Ancestor, what’s wrong?” Kong Fanxing asked.

“Yu Xiaohong’s relationship with Jian Weifeng has never been good. According to logic, she wouldn’t bother coming over to attend their ceremony. Also, she injured Jian Xiyuan, Jian Chengfeng, and robbed the Unparalleled Sword Manual from them not too long ago. Isn’t she asking for trouble by showing up?”

“She injured Jian Xiyuan?!” Kong Fanxing gasped. “She even robbed the Unparalleled Sword Manual of the Jian Family!”

“I heard that Lord Jian Wushuang flew into rage when he learned of it. He planned to deal with the Xiaohong Celestial Empire after the ceremony. Who would have thought that she would send herself over?” Kong Shao sighed.

Kong Fanxing guessed, “Is it possible she came to apologize to Lord Jian Wushuang? She might have regretted her actions after obtaining Lord Jian Wushuang’s sword manual and plan to use the chance where he’s in a good mood to admit her mistakes. He might just let her off the hook.”

Kong Shao couldn’t think of any way to refute that and he sighed, “Perhaps...”

However, was that really the case?

Jian Weifeng was also taken aback when he heard her arrival.

“Patriarch, do you think she came over to apologize to the old ancestor?” Jian Chao laughed.

A weird light flashed in Jian Weifeng’s eyes but a flash of joy soon appeared in them. “Let’s hope so...”

However, Huang Xiaolong frowned when he heard the two announcements. “What are they here for? Do they want to join in the fun or something?”

He naturally referred to Wu Xin, Ye Ye, and Yu Xiaohong.

Cao Dehong chuckled at the side, “Lord Wu Xin and Lord Ye Ye probably can’t rest easy when they learned that you were coming to the Jian Family...”

“Me? What do they have to worry about?!” Huang Xiaolong chuckled in amusement.

“Who is Lord Wu Xin and Lord Ye Ye?” Tao Han’er asked all of a sudden. Not many people knew their true names, and it wasn’t a surprise that Tao Han’er was confused.

“Lord Huang, shall I bring you to look for my old ancestor now?” Tao Han’er asked.

“Jian Wushuang? Why would you need to bring me to meet him?” Huang Xiaolong raised his eyebrow slightly and nearly burst out laughing.

“You... You killed two grand elders of the family yesterday! The old ancestor flew into a rage when he heard about it. Lord Huang, if you apologize to him, he should forgive you...” Tao Han’er lowered her head and whispered.

Huang Xiaolong couldn’t control his laughter anymore. “Are you afraid that I won’t be able to beat him?”

Tao Han’er thought for a second before nodding her head seriously. “Yeah... He broke through the 20 billion units mark and his sword dao reached the universe level. Other than the five overlords of the Unknown Lands, no one is his opponent! Even though Lord Huang is strong, you... You might not be able to defeat him... Lord Huang, you don’t know this, but Ancestor Wushuang showed me the power of his universe level sword dao! He slashed through the void with a single slash! Not even Uncle Weifeng could see the limit of his strike!”

“Universe-level sword dao?” Huang Xiaolong raised an eyebrow slightly.

It had to be pretty strong if Jian Weifeng failed to see its limits.

“Yeah!” Tao Han’er nodded solemnly. “If I manage to become half as strong as Ancestor Wushuang, that would be great!”

Huang Xiaolong smiled and said half-jokingly, “Alright! I’ll have a taste of his sword dao later to experience it for myself!”

Falling silent for a moment, Tao Han’er muttered to herself, “Alright... I’ll tell Ancestor Wushuang to control himself...”

Laughter left Huang Xiaolong’s lips and he didn’t continue talking about it.

As the few of them arrived outside the main hall, Jian Bifei arrived. He stopped Huang Xiaolong and the rest.

“Big Brother Bifei, what are you doing?” Tao Han’er snapped.

“Little Sister Han’er, you might not know, but only those who received our invitation will be able to enter the inner hall. All of them were invited by Ancestor Wushuang himself. Moreover, Lord Gui Chi, Elder Baixuan Tian, the Limitless Master, the King of the Ocean Race, and several other supreme experts are in there right now. If you offend them by bringing in so many people, Ancestor Wushuang might get angry! I’m not letting you in in case you offend the old ancestor!” Jian Bifei added.

Tao Han’er started to hesitate. She turned to Huang Xiaolong and said, “Lord Huang, Father, why don’t you wait for me out here for some time? I’ll go in and talk to our old ancestor to tell him about your arrival!”

Huang Xiaolong nodded as he didn’t wish to put Tao Han’er on the spot. He found a random seat with the others.

Those who could enter the inner hall were experts who had broken through the 10 billion units mark. Those sitting in the outer hall were experts who were half-step Universe Gods or Gods of Creation at the peak of the grand completion stage. There were also several individuals of the younger generation.

When the experts around saw Huang Xiaolong sitting down, they retreated to the side in case they were associated with him.

“Is he the Blue Dragon Young Master who killed two grand elders of the Jian Family?”

“Heh, he dares to show his face here. I heard that Jian Weifeng has already sworn to kill him the moment the ceremony ends!”

“He’s familiar with Princess Han’er and she should plead on his behalf...”

“If Jian Weifeng is hell bent on killing him, even Princess Han’er won’t be able to save him...”

Their discussion entered Huang Xiaolong’s ears, but he couldn’t be bothered with them. Naturally, all of them thought that he wouldn’t be able to do anything to them since they were in the Jian Family.

“That brat... He’s just a toad lusting over swan’s meat. Princess Han’er is definitely going to inherit Lord Jian Wushuang’s sword dao in the future. He’s overestimating himself!”

“That’s right! Weren’t there rumors of him getting close to Lord Yu Xiaohong? What a shameless man! How can someone like that be associated with Princess Han’er?”

The more they spoke, the angrier Cao Dehong and the rest became. In a fit of rage, Cao Dehong and the others got to their feet.

Chapter 3653: How Dare You!

As soon as they did, the experts who were cursing at Huang Xiaolong earlier seemed to have fallen under some sort of curse. They yelped once before rolling about on the floor. Every time they opened their mouths from then on, they would insult the members of the Jian Family.

They roared that the Jian Family was despicable and Jian Weifeng was a hypocrite. The words that came out of their mouths were nasty.

The experts in the outer hall stared at each other in shock.

After scolding Huang Xiaolong, the two of them lost their minds. No one would believe it if Huang Xiaolong said that he had nothing to do with them.

Everyone recognized the two experts who were rolling around the ground. One of them was the old ancestor of the Xu Family of the Zhu Lan Lands, and the other was the old ancestor of the Hao Family. Both of them were Gods of Creation at the peak of the grand completion stage.

The Xu Family and Wu Family were vassals of the Jian Family. They were extremely loyal to Jian Weifeng, but now, they were reduced to a crazed mess. Everyone felt goosebumps growing all over their arms.

Jian Weifeng heard the report about the two of them going crazy and his expression sank. "Take the two of them down and throw them out of the outer hall."

Jian Shengdong acknowledged before leaving to carry out the order.

"Patriarch, the Blue Dragon Young Master definitely has something to do with them going crazy..." Jian Xiyuan growled. "Why don't I head out and deal with that kid?"

Jian Weifeng shook his head slowly. "The ceremony is about to start. Let's not mess things up. We'll wait for the ceremony to end before dealing with the kid. He can thank his lucky stars that I'm allowing him to live for a few more hours."

Jian Xuyuan sighed and nodded.

All of a sudden, Tao Han'er entered the hall. She bowed towards Jian Weifeng and said, "Uncle, I need to speak to Ancestor Wushuang."

The inner hall was large, and Jian Wushuang sat in the middle of the hall with Gui Chi, Elder Baixuan Tian, Wu Xin, Ye Ye, and Mei Jie.

The other experts could only sit at the side of the hall.

Seeing that the person who had spoken was Tao Han'er, Jian Weifeng forced a smile, "Han'er, the ancestor is discussing the dao with the other lords. Don't interrupt them. You can tell me everything you wish to say."

Tao Han'er hesitated slightly before speaking, "I wish to bring the Blue Dragon Young Master into the hall to apologize to Ancestor Wushuang."

Jian Weifeng's expression sank instantly. "Enough. Stop interfering with the matters regarding the Blue Dragon Young Master."

Looking at her reluctant expression, he added quickly, "We'll deal with the matter after the ceremony ends. Go to your seat quietly."

Tao Han'er lowered her head and walked slowly towards a seat in the hall. It was coincidentally located right beside Zhu Jian.

When she sat down, Zhu Jian got up and walked over to her. "Younger Sister Han'er!"

His voice was sickly sweet, but it sounded extremely harsh on her ears. With her mood already dampened from what Jian Weifeng said, she ignored him and sat down sullenly.

Zhu Jian's body stiffened, but he quickly reacted. He walked towards the center of the hall and kneeled before Jian Wushuang. "Lord Jian Wushuang, I have fallen in love with Younger Sister Han'er the moment I met her. I can't think of anything but her. Today, I hope Lord Jian Wushuang will agree to my proposal and allow me to marry her!"

He kowtowed once, and a sincere expression stuck to his face.

Due to the sudden interruption, Jian Wushuang was slightly taken aback.

Mei Jie got to his feet all of a sudden. He laughed, "Brother Wushuang, you might not know, but this kid has been talking about her. He's been pestering me to raise the proposal on his behalf, but who would have thought that he would do it himself? I hope brother Wushuang can agree to the marriage!"

Tao Han'er started to panic. She couldn't understand the sudden change in the situation!

Jian Wushuang chuckled lightly in response, "Brother Mei Jie, there's no need to act so awkwardly around me. This is great! Zhu Jian possesses unquestionable talent! His personality is pretty good too! The two kids are a couple made in heaven! However, the two of them are still weak. It's too early to talk about marriage..."

Tao Han'er heaved a sigh of relief when she heard what he said.

However, Mei Jie didn't let up. "Their cultivation won't hamper things. Why don't we set the engagement now? As soon as they break through to the God of Creation Realm, they can have their wedding ceremony!"

Jian Wushuang stroked his beard and laughed, "That seems alright! Since that's the case, we'll set it at that!"

Elder Baixuan Tian laughed at the side, "Today, you're holding a ceremony to celebrate your breakthrough. Now that the marriage is set, it's another thing we get to congratulate you on! I give my best wishes to Brother Mei Jie and Brother Wushuang!"

Laughter filled the air.

However, their joy was broken when Tao Han'er got to her feet and yelled, "I don't agree to this!"

Jian Wushuang raised his eyebrow and his laughter continued, "Han'er, Young Master Zhu Jian is extremely talented! His status in the Zhu Lan Lands isn't low either. There's nothing wrong with marrying him!"

Tears filled her eyes as she continued to argue, "I'm not going to get married!"

"This brat... You can't remain single your whole life. Enough. This shall be done." Jian Wushuang chuckled.

Even though she felt extremely wronged, she couldn't go against Jian Wushuang. She could only cry silently.

All of a sudden, a calm voice boomed in the hall, "Old man Wushuang, you don't get to make decisions for Han'er."

The experts in the hall raised their heads with their mouths agape.

Old Man Wushuang?!

They turned to look at the entrance of the inner hall to see the maniac who dared to address Jian Wushuang that way.

They saw a young man strolling into the hall with his hands clasped behind his back.

It was none other than Huang Xiaolong!

When Gui Chi saw who it was, his eyebrows jumped.

“What audacity!” Jian Xiyuan roared. “How dare you show disrespect to our old ancestor?! You deserve death!”

As soon as he spoke, his sword qi surrounded him as rays of light filled the hall.

“Good technique!” Mei Jie praised all of a sudden.

Before Jian Xiyuan’s sword qi could strike Huang Xiaolong, he released his aura. A heaven-shaking pressure filled the hall and the ground shook violently.

Jian Xiyuan’s sword qi exploded. Eminent Elder Jian Xiyuan had 13 billion units of combat strength, but he failed to do a thing to the intruder! Huang Xiaolong didn’t even move to stop Jian Xiyuan’s sword qi!

Jian Weifeng wasn’t the only one who was shocked. Jian Wushuang was also taken aback.

All of a sudden, Wu Xin and Ye Ye started to approach him.

Chapter 3654: Greetings, Master!

Those in the hall stared in stunned silence when they saw Wu Xin and Ye Ye approaching Huang Xiaolong.

“Patriarch, looks like the kid is too arrogant! Even the Limitless Master and the King of the Ocean Races can’t take it anymore! They’re going to get rid of him!” Jian Shengdong laughed.

Jian Weifeng joined him. “Lord Wu Xin and Ye Ye look like they plan to please our old ancestor. They will definitely be ruthless in their actions!”

Tao Han’er yelled anxiously when she saw the two of them approach. “Lord Huang, run away! Don’t worry about me!”

When everyone was ready to watch them beat the sh*t out of Huang Xiaolong, the two of them bowed respectfully. “Subordinate greets Lord Huang!”

Loud blasts rang in the heads of those sitting around.

Subordinates?!

Lord?!!

Even with their status, Wu Xin and Ye Ye were mere subordinates?!

There were countless experts in the inner hall who fell to their buttocks.

Jian Wushuang, Gui Chi, Elder Baixuan Tian, and Mei Jie got to their feets.

Jian Weifeng who was ready to watch Huang Xiaolong get beaten up by the two of them felt his body freezing up.

Tao Han’er was equally as shocked.

What in the world was going on?!

How did the Limitless Master and the King of the Ocean Race turn into his subordinates?!

When everyone was stuck in a state of shock, Yu Xiaohong appeared from the outer hall and bowed towards Huang Xiaolong, "This subordinates greet Lord Huang!"

Another one!

This time, it was the old ancestor of the Xiaohong Celestial Empire!

Huang Xiaolong looked at the three of them and frowned. "Who told you to come?!"

The three of them jumped in fright when they noticed the displeasure in his voice.

"We... We were worried about you!" Wu Xin whispered softly as though he was a kid who had done something wrong.

"So... The three of you thought that you could come over and protect me?" Huang Xiaolong grunted, "Do you think I need you to protect me?!"

The three of them fell to their knees in fright.

"We didn't think so far! Your Highness, please forgive us!" They knelt quickly.

The old ancestors in the hall gasped in fright at the scene.

The Limitless Master, the King of the Ocean Race, and the old ancestor of the Xiaohong Celestial Empire were acting so subserviently to him!

All of them were supreme experts who controlled a massive power!

The hall fell into silence instantly.

All they could hear were the breaths and heartbeat coming from those around them. Jian Weifeng had it the worst as he felt his legs cramping up.

Huang Xiaolong's expression softened eventually and he sighed, "Get up."

The three of them thanked him before getting to their feet.

After they did, they stood behind him quietly.

No one in the inner hall dared to speak a word. No one knew if they were dumbfounded by the scene where the three experts kneeled before Huang Xiaolong.

A soft cough broke the silence in the hall. Gui Chi cupped his fist towards Huang Xiaolong, "Lord, we meet again." The smile on his face was as bright as the sun. The members in the hall swore that they had never seen such an expression on Gui Chi's face for as long as they had known him. Even when he met Jian Wushuang, he didn't smile so brightly.

Those who didn't know would think that Gui Chi and Huang Xiaolong were close friends.

Meeting again? When Huang Xiaolong chased him away back then, it couldn't be considered a meeting, right? But whatever the case was, Huang Xiaolong replied casually, "I guess we meet again. You should have left the Zhu Lan Lands after you ran away from my sword qi. You shouldn't have come to the Jian Family's ceremony."

Storms raged in the hearts of those who heard it.

What in the world did he just say?! Lord Gui Chi was chased away by the Blue Dragon Young Master's sword qi!

Jian Weifeng felt his legs giving way.

As for Jian Xiyuan who was sent flying by Huang Xiaolong earlier, he retreated to a corner of the hall. That was the only way he would feel safer.

The expressions of Jian Wushuang, Elder Baixuan Tian, and Mei Jie changed.

Gui Chi's strength placed him firmly into the ten strongest individuals of the Unknown Lands! He was close to the 20 billion units mark, but he was chased away by the other party's sword qi! Wouldn't that mean that Huang Xiaolong was comparable to Jian Wushuang?!

Zhu Jian tugged slightly on his father's sleeves and he muttered, "Father..."

"There's no need to be afraid. I'm here." An awkward expression formed on his face after the words left his lips. If the Blue Dragon Young Master could chase Gui Chi away, his strength would seem a little lacking to say the least.

"Nevermind, grandpa's reputation should be enough..."

When Zhu Chen was brought up, Zhu Jian finally calmed himself down.

Gui Chi grinned, "Lord, you're right! I shouldn't have come to the Jian Family. I'll leave right now!"

The moment Huang Xiaolong appeared, he felt that something was wrong.

His figure started to fade when Huang Xiaolong flipped his wrist. Gui Chi was forced back into his original position.

"Lord... What... What is the meaning of this?" Gui Chi's expression changed.

“Nothing much. Today, no one is allowed to leave without my explicit permission!” Huang Xiaolong snorted.

Looks of disgust formed on the faces of those in the hall.

“Hmph! What arrogance!” Elder Baixuan Tian’s expression sank. “Do you really think that you can keep all of us here?! Do you dare to declare war on the entire Unknown Lands?!”

Even though not ever power in the Unknown Lands had shown up, most would have sent their respective envoys. It wasn’t an exaggeration to say that Huang Xiaolong’s actions would offend the entire Unknown Lands.

Huang Xiaolong glanced at her from the corner of his eye and spoke casually, “You’ll know if I have the ability to do it soon. So what if I declare war on the Unknown Lands? What do you think you can do to me?”

Inhaling deeply, Jian Wushuang stepped forward and spoke, “I am Jian Wushuang and I hope to exchange pointers with fellow cultivator.”

Chapter 3655: Jian Wushuang’s Sword Dao

Seeing as Jian Wushuang had stepped up, everyone heaved a sigh of relief.

Tao Han’er was the only one in the audience who started to panic. Stepping between Jian Wushang and Huang Xiaolong, she cried, “Lord Huang, Grandpa, don’t do this! There’s no need to resort to violence!”

“Han’er, it’s alright. I’ll experience your grandpa’s sword dao and exchange some pointers with him.” Huang Xiaolong chuckled.

Jian Wushuang smiled too. “Fellow Cultivator Blue Dragon is right. Han’er, step back. We know when to stop.”

Tao Han’er could only return to her seat quietly.

Everyone else in the hall retreated to the side too. Those who were weaker ran all the way out. For experts like Jian Wushuang to take action, every single shockwave due to the exchange had the ability to wipe them out of existence.

Wu Xin, Ye Ye, and Yu Xiaohong also went to a corner of the hall.

Gui Chi, Mie Jie, and Elder Baixuan Tian retreated to the other side of the hall and stood beside each other.

“Lord Gui Chi, who do you think will win?” Mei Jie asked.

Gui Chi didn’t say a word and a somber expression hung on his face.

Elder Baixuan Tian replied in his place, “Brother Wushuang’s sword dao had reached an unfathomable level. We can’t begin to comprehend the abilities he possesses. He will definitely come out victorious!”

Gui Chi continued to remain silent as he cursed in his heart. So what if his sword dao is strong?! So what if he understands the way of the sword?! Nothing matters if the other party is much stronger! He can just bulldoze his way to victory!

Gui Chi looked at Huang Xiaolong and Jian Wushuang and sighed. Obviously, he hoped that Jian Wushuang would win! But from the looks of it...

Jian Wushuang made his move all of a sudden! No one saw how he did it. Not even Gui Chi, Elder Baixuan Tian, or Mei Jie!

Jian Wushuang’s sword couldn’t be described. It seemed like the sword he was using had encompassed the entire universe.

The dao souls of everyone in the city felt a terrifying sword qi hovering around them, but they couldn’t pinpoint its location!

Even so, they were sure that it was present!

Huang Xiaolong could tell that Jian Wushuang's sword qi was expanding endlessly. It was as though it had turned into the universe itself. He was like a tiny little creature hovering in space, ready to be killed by the sword qi.

Of course, that was before he showed his strength.

All of a sudden, a terrifying pressure descended on the lands as Huang Xiaolong's three great worlds started to spin.

When Jian Wushuang's sword qi arrived, a massive explosion ensued.

It was as though the world was ending as the river of time threatened to split apart.

Even though the exchange happened in the blink of an eye, everyone felt that they had taken a trip through time and space.

Was that what it meant to possess a sword dao at the universe level?

Indeed. That was Jian Wushuang's sword dao. It had exceeded the confines of the universe laws.

Jian Wushuang's sword seemed to come from the universe origin and it went on forever.

The light around Huang Xiaolong's body was broken and his body trembled slightly. After some time, the sword qi started to fade.

The space around the hall returned to normal and everyone came back to reality.

When they looked at Huang Xiaolong, they saw him stepping back slightly.

Gui Chi and the others sucked in a cold breath. They could tell how terrifying the strike was. If they were in his place, they would have died a million times over! Not even their dao souls would have survived!

However, the man they call the Blue Dragon Young Master only retreated slightly!

What shocked them the most wasn't that. Instead...

"Three great worlds!"

They discovered that Huang Xiaolong was an existence with three great worlds!

With his grand cosmos energy, he blocked Jian Wushuang's strongest attack with brute force!

Jian Wushuang stared at Huang Xiaolong with a horrified expression. He was also frightened by the discovery that Huang Xiaolong had three great worlds!

"Your universe level sword dao is strong indeed... Too bad you can't break through my defense." Huang Xiaolong addressed Jian Wushuang directly without caring about the reaction of those in the hall.

Huang Xiaolong had to admit that Jian Wushuang was strong. However, technique was nothing in the face of pure strength!

The difference in their strength was too large!

Jian Wushuang's expression fell and he seemed to age a lot. "Indeed... I have lost."

"No. You didn't lose." Huang Xiaolong shook his head.

In terms of sword dao, Jian Wushuang was the undeniable winner of the battle! After all, Huang Xiaolong's sword dao was nothing compared to the man!

With a complicated expression on his face, Jian Wushuang continued, "It doesn't matter how you put it. I have lost."

He naturally knew the meaning behind Huang Xiaolong's words. However, the exchange between experts depended on strength! The winner was king!

Indeed... Jian Wushuang had lost!

Even though Huang Xiaolong didn't make a move, Jian Wushuang couldn't break through the other party's defenses with his strongest attack! There was no point in fighting any more!

When everyone was still flabbergasted by the outcome, Huang Xiaolong walked towards Mei Jie and Zhu Jian.

Their hearts skipped a beat when Huang Xiaolong approached.

"Father..." Zhu Jian held his father's sleeves tightly as his legs threatened to give way.

"Lord Blue Dragon, I am Mei Jie of the Zhu Family. My son offended you in the past but I hope that you can put it behind you on behalf of Lord Zhu Chen." Mei Jie cupped his fists and bowed towards Huang Xiaolong.

Huang Xiaolong snorted in response, "Mei Jie, do you really not know who I am?"

From the looks of things, Mei Jie didn't seem to know who he was!

Mei Jie was equally as stunned.

Huang Xiaolong waved his arm and Kun Feng, Kai Dong, and Xuan Hong appeared in the hall.

“Kun Feng?! Kai Dong?! Xuan Hong?!” Mei Jie’s expression changed when he saw them.

“Fourth brother!” The three of them rejoiced.

“Fourth Brother, that’s Huang Xiaolong! He was the one who destroyed our Creation Palace!” The three of them yelled in unison.

Evidently, they had no clue what was going on.

They thought that Huang Xiaolong would release them because of Mei Jie’s interference.

Mei Jie drew in a sharp breath and he looked at Huang Xiaolong before turning to the three of them.

Chapter 3656: Severe Injuries

When Kun Feng and the rest thought that Mei Jie was there to seek justice on their behalf, Mei Jie bowed respectfully to Huang Xiaolong. “Lord Huang, I have long since left the Creation Palace. They have nothing to do with me. Right now, I am of the Zhu Family. Lord Huang, please understand that their fate has nothing to do with me.”

Entered the Zhu Family!

Their fates had nothing to do with him!

Kun Feng and the others stared at him in shock and those in the hall stared at each other in stunned silence.

However, his pleas seemed to have fallen of deaf ears as Huang Xiaolong shook his head and sighed, “I made a promise to Wang Meiqi to take revenge on her behalf. No matter what you say, I won’t let you off today.”

Mei Jie's expression changed instantly. However, he looked a little confused. "Wang Meiqi?"

It was clear he didn't know who Huang Xiaolong referred to.

"Wang Meiqi of the Fantasy Butterfly Race, First Universe." Huang Xiaolong muttered.

"Fantasy Butterfly Race?!" Mei Jie gasped. One of the memories he had tried to bury resurfaced.

Wang Meiqi!

Unwilling to give up his life like that, Mei Jie continued, "I wonder what relationship Lord Huang has with Wang Meiqi? Are you willing to offend my Zhu Family because of a mere woman? Are you planning to infuriate the master of our Zhu Lan Lands?"

Huang Xiaolong flung his sleeve once and he chuckled, "Do you think I'll be afraid of your Zhu Family? Zhu Chen isn't powerful enough to make me think twice about my actions."

Mei Jie didn't think that it was possible. Even though Huang Xiaolong blocked Jian Wushuang's sword qi earlier, he still felt that Huang Xiaolong was some distance away from the other five overlords of the Unknown Lands.

In his eyes, there was no way Huang Xiaolong could challenge Zhu Chen! The brat should be afraid of the old ancestor of the Zhu Family!

From the words that came out of his mouth, it seemed as though...

The faces of Jian Wushuang and the rest changed when they realized the meaning behind his words.

Jian Weifeng felt the energy draining from his body. Why on earth did he offend an expert at Huang Xiaolong's level?!

Zhu Jian had it the worst. He wasn't even half as strong as Jian Weifeng, but he caused trouble for Huang Xiaolong time and time again! He was even plotting to kill the man! Despite no one doing anything, Zhu Jian felt as though he would suffocate at any time!

When everyone was still stuck in a state of shock, Mei Jie leaped into the air and he disappeared. Just as he was about to leave the city, a thick branch appeared in the air above to stop him.

Mei Jie didn't hesitate and the axe in his hand chopped at the branch that appeared.

A loud blast reverberated through the air and a burst of light filled the space above the city.

To everyone's surprise, the third strongest expert in the Zhu Lan Lands, Mei Jie, who had 18 billion units of grand cosmos energy, failed to destroy the obstruction that stood in his way! He was sent flying backwards from the impact.

Panic filled the hearts of those present.

Mei Jie's axe was a pseudo Universe Treasure! Even so, it failed to destroy the branch!

Their gazes turned to the massive branch hovering in the air.

Jian Wushuang, Gui Chi, Elder Baixuan Tian, and the others seemed to have thought of something and their eyes widened in shock.

"Star Dragon Divine Tree!"

Gasps of shock filled the air.

Countless roots and branches tore through the void at that instant and starlight fell upon the city. In an instant, day turned to night.

“Quick! Everyone, work together and destroy the Star Dragon Grand Formation!” Elder Baixuan Tian yelled. “We cannot allow the roots to link up! Otherwise, none of us will be able to escape!”

Elder Baixuan Tian moved the moment she spoke. The white staff in her hand emitted a bone-chilling glow and it smashed into a corner of the void around her.

Jian Wushuang and Gui Chi moved in unison.

An uncountable number of sword qi filled the skies and the river of time twisted under the power.

At the same time, countless devils filled the skies. The world seemed to turn into hell on earth as the devils charged into the void.

The experts in the hall circulated their grand cosmos energy and followed the actions of the trio. The combined might of more than a hundred experts who had broken through the 10 billion units barrier was a sight to behold! The world trembled around them as a terrifying amount of power smashed at the Star Dragon Grand Formation.

Boom!

Elder Baixuan Tian’s staff struck first, and Jian Wushuang’s attack came next. Gui Chi’s sea of devils came after and the Star Dragon Grand Formation trembled violently. Cracks started to form around the roots of the tree.

Almost everyone in the hall had attacked!

As everyone focused their attack on a single corner of the formation, it looked really possible that they would be able to destroy the point they were attacking!

When they sent another round of attack at the corner, a massive ship appeared. It was millions of miles long, and it emitted a dense universe energy. It stopped all the attacks dead in their tracks.

A slight tremble was all it suffered and considering the sheer size of the ship, it was as though nothing happened at all!

“Universe... Universe Boat!” Jian Wushuang’s eyes nearly popped out of their sockets and his beard trembled.

The number one treasure in the thirteen universes! It actually appeared today!

It was in the hands of the Blue Dragon Young Master, and not only did he possess the Universe Boat, he also had the second ranked treasure in the thirteen universes, the Star Dragon Divine Tree!

The reactions of Elder Baixuan Tian, Gui Chi, and the rest were the same.

As despair filled their hearts, Huang Xiaolong’s figure emerged from the Universe Boat. He held the Three Gods Halberd in his hand and the four Universe Origin Fires surrounded his body. Those standing against him felt a searing pain shooting through the dao souls as they looked at him.

“Three... Three Gods Halberd!”

“Universe Origin Fires!”

It seemed as though there was no hope of winning any more.

As Huang Xiaolong’s figure flashed, he appeared before Mei Jie. Panicking, Mei Jie didn’t know how to react! It was at that moment, Huang Xiaolong’s halberd stabbed towards his chest. Even though he raised his axe to block the strike, the Three Gods Halberd tore through the axe like it was paper! Blowing a hole through Mei Jie’s chest, the tip of the halberd exited from his back!

Mei Jie’s body froze in mid air as he stared at his wound in shock.

The experts who were thinking of bombarding the Universe Boat with everything they had stopped.

“Father!” Zhu Jian cried.

Huang Xiaolong pulled out the halberd mercilessly. His dao heart was in tatters and the Universe Origin Fires entered Mei Jie’s body the moment the halberd was retrieved. It burned his dao soul and Mei Jie fell to the ground in pain. His body was charred black and from afar, he looked like a piece of charcoal.

Sharp intakes of breath could be heard all around.

Chapter 3657: Opening of the Heavenly Peak

Mei Jie, who had 18 billion units of grand cosmos energy, failed to take a single strike from Huang Xiaolong! If that was the case, how many people in the hall could dream of standing against him?!

With a wave of his hand, Huang Xiaolong dragged Mei Jie’s sorry figure over to himself.

A smile appeared on Mei Jie’s face all of a sudden. “If my son and I fail to return after the ceremony, Lord Zhu Chen will personally appear to deal with you. When Lord Green Ghost discovers the disappearance of Lord Gui Chi, he will also come over to the Jian Family to investigate the matter. Huang Xiaolong, no matter how strong you are, you won’t be able to stop them both!”

“That’s right! Huang Xiaolong, even with the Universe Boat, Star Dragon Divine Tree, and the four Universe Origin Fires, you won’t be able to stand against the entire Unknown Lands!”

Huang Xiaolong waved his hand casually and his 23 billion units of grand cosmos energy poured out of his body. A terrifying pressure descended on the lands and he sent Elder Baixuan Tian flying across the hall.

“Going against the Unknown Lands?” Huang Xiaolong muttered. “So what if I do?”

The inner hall fell into silence.

“Everyone, don’t panic!” Mei Jie roared. “We have more than ten thousand experts on our side! As long as we work together, he won’t be able to stop us all! Don’t tell me we’re afraid of a single man!”

Mei Jie's words sparked the fighting spirit of the various experts in the hall.

Huang Xiaolong snorted lightly before rushing into the crowd.

With the Universe Boat, Star Dragon Divine Tree, Universe Origin Fires, and the Three Gods Halberd, Huang Xiaolong was unstoppable!

No one could break his defense, and his offensive was invincible!

Not a single person could take a single hit from him!

It was impossible for anyone to tear through his defenses either!

As Huang Xiaolong sent his grand cosmos energy into the Universe Boat, intricate universe laws descended all of a sudden and restricted the strength of his opponents!

Even Jian Wushuang could only use eighty percent of his strength!

There wasn't a need to mention Gui Chi and the others.

As one expert after another was sent flying, countless Gods of Creation fell to the ground.

Wu Xin and Ye Ye revealed bitter smiles. They thought that Huang Xiaolong would be unable to challenge so many experts on his own, and that was why they brought so much backup over. From the looks of it, they were sorely mistaken...

What the f*ck were they supposed to do when Huang Xiaolong could solo an entire army of God of Creation Realm cultivators alone?!

The experts on the Jian Family's side were beaten black and blue by the one man army.

Jian Wushuang's sword dao slashed at Huang Xiaolong again, but this time, he didn't bother taking it head on. The Three Gods Halberd swept out, tearing his sword dao into pieces. Jian Wushuang was also sent tumbling through the air.

That was the difference between someone who had barely broken through the 20 billion units mark in combat strength, and someone who had 23 billion units of grand cosmos energy! Huang Xiaolong's actual combat strength far surpassed the amount of grand cosmos energy he had too, and no one stood a fighting chance!

More than an hour later...

Countless experts were lying defeated on the ground in the inner hall of the Jian Family Palace. Other than Wu Xin, Ye Ye, Yu Xiaohong, Tao Han'er, and the others, not a single person who stood against Huang Xiaolong remained standing.

Zhu Jian was curled up in a ball in the corner of the hall and his body trembled violently.

Glancing at Zhu Jian once, Huang Xiaolong was too lazy to deal with him.

One day later...

Everyone there submitted to Huang Xiaolong. Like how he controlled Wu Xin and Ye Ye, Huang Xiaolong branded their souls and wiped away the mark they originally had.

Huang Xiaolong revealed a look of joy when he saw the number of universe-level spiritual veins hovering in the air before him.

Those were the universe-level spiritual veins he obtained from Jian Wushuang and the rest!

Just those from Jian Wushuang, Gui Chi, Baixuan Tian, and Mei Jie amounted to two hundred!

Adding those from the other experts in the hall, he obtained a total of over six hundred strands of universe-level spiritual veins!

In the past, Huang Xiaolong cleaned out the experts of the Limitless Land and obtained more than a thousand universe-level spiritual veins. He had the feeling of limitless wealth then. Now, the feeling came back!

Adding on those he obtained in the auction, he had more than eight hundred strands of universe-level spiritual veins!

Huang Xiaolong sucked in a long breath.

After turning them all into universe qi, how much would he be able to improve?!

Could he reach the 26 billion units mark?

It was even possible for him to accumulate 27 billion units of grand cosmos energy!

Huang Xiaolong tossed all of them into his Sun Moon Furnace.

After capturing Mei Jie, Huang Xiaolong knew that Zhu Chen would definitely realize that something was wrong. He knew he had to head over to catch Zhu Chen off guard before he became suspicious.

“Lord, are you going to the Zhu Lan City? I can follow you there.” Gui Chi said. “The Heavenly Peak in the Zhu Lan City is about to open and I wish to attempt it.”

“Oh?” Huang Xiaolong’s heart trembled slightly.

The Heavenly Peak was one of the mysteries of the Unknown Lands. The Heavenly Peak was born from the universe and it was said that it had the ability to temper one’s dao heart and assist one in comprehending the mysteries of the universe.

“Yes. In a month, the Heavenly Peak will open!” Gui Chi replied respectfully.

“In that case, we’ll head over to the Zhu Lan City tomorrow.” Huang Xiaolong declared.

They needed a month to arrive at the Zhu Lan City if they set out from the Unparalleled City.

Gui Chi bowed, and Jian Wushuang cut in. “Lord, why don’t I go as well? I wish to take the chance to improve my sword dao on the Heavenly Peak.”

“Do all of you want to go as well?” Huang Xiaolong looked at Wu Xin, Ye Ye, and Yu Xiaohong.

They nodded awkwardly.

Naturally, they didn’t wish to miss that opportunity!

“Alright. We shall all head over together.” Huang Xiaolong smiled.

The very next day, Huang Xiaolong’s party set off for the Zhu Lan City.

As Tao Han’er pestered him to bring her along, he laughed helplessly before agreeing.

As for the other Gods of Creation who didn’t wish to ascend the Heavenly Peak, Huang Xiaolong allowed them to do whatever they wished.

“Get someone to investigate Zhu Chen’s whereabouts.” Huang Xiaolong turned to Jian Wushuang and said.

They quickly received a report.

“Zhu Chen isn’t in the city?” Huang Xiaolong frowned.

“Yes. Zhu Chen went to the Fengdu City in the Green Ghost Lands and will only be back after some time.” Jian Wushuang replied.

“Green Ghost Lands?” Gui Chi was slightly taken aback. The Green Ghost Lands was controlled by Lord Green Ghost, and the Fengdu City was their capital city!”

Chapter 3658: Should We Go Together?

“What did Zhu Chen go there for?” Huang Xiaolong asked Jian Wushuang.

“This... I’m not too sure. Why don’t I get them to make a detailed investigation?” Jian Wushuang replied.

Grunting slightly, Huang Xiaolong thought of the various possibilities. There was no way Zhu Chen would go over to the Fengdu City for fun.

“Lord, why don’t we head over to the Fengdu City after ascending the Heavenly Peak?” Tao Han’er asked.

“Fengdu City? Why do you want to go to Fengdu City?” Huang Xiaolong chuckled.

“Hehe, the city is the number one city in the Green Ghost Lands. It’s also one of the five greatest cities in our Unknown Lands! I heard that everyone there is a ghost spirit... I wish to take a look!” Tao Han’er giggled.

Huang Xiaolong laughed, “Those who remain in the Fengdu City for a long time are indeed ghost spirits. The yin qi in the city is extremely strong. Those who are weaker wouldn’t dare to stay there for long. You’re just a Second Resurrection Dao Venerable... You can’t stay for more than two seconds in the city...”

Jian Wushuang and the others burst out laughing.

Tao Han'er pouted, "Hmph! You're bullying me again! In the future, I'll continue to cultivate and enter the Universe God Realm! You can't laugh at me anymore when that happens!"

Huang Xiaolong tried to contain his laughter and he replied, "Wow, that's quite a goal..."

Another round of laughter ensued.

Tao Han'er glared at him and snapped, "Why can't I have a target when you have one of your own?"

Jian Wushuang whispered at the side, "Han'er, do not speak to the Lord so disrespectfully!"

Waving his hand, Huang Xiaolong dismissed Jian Wushuang's worries. "Don't worry about it."

He then turned to Tao Han'er and smiled, "Alright, we'll see who enters the Universe God Realm first!"

"That's unfair! You already have more than 20 billion units of grand cosmos energy! I haven't even formed my first strand! You'll definitely be faster than me!" Tao Han'er complained softly.

Wu Xin and the others roared with laughter when they heard what she said.

She was the little happy pill that entertained everyone along the way. Because of her, their journey became much more enjoyable.

Almost a month later, they arrived.

Huang Xiaolong kept the Universe Boat and looked at the majestic city standing before him. The Zhu Lan City seemed boundless, and the mountain ranges contained within were like pillars that propped up the heavens! Huang Xiaolong couldn't even see the peak of it!"

Even with three dao souls operating at full power, Huang Xiaolong couldn't see the tallest peak!

That was what the Heavenly Peak was...

It was one of the greatest wonders of the Unknown Lands.

Ordinarily, the Heavenly Peak would be shrouded in clouds and the restrictions around it would be frighteningly strong. The clouds would scatter once every few eras. Anyone could take the chance to ascend the Heavenly Peak.

When the clouds returned and the restrictions came back, not even experts at the level of the five overlords had the ability to force their way up. The Heavenly Peak seemed to contain the power of the universe origin. It was the power that stopped anyone from trying to force their way up, and it was the power that scattered together with the clouds.

“Lord, the clouds around the peak have scattered.” Tao Han’er pointed in the distance and cheered.

Indeed. The clouds seemed to have been torn apart by some unnatural power as the peak was revealed to the world.

“Lord Huang, the Heavenly Peak is about to be fully open...” Yu Xiaohong reminded him from the side.

Nodding, Huang Xiaolong said, “We’ll head over right now.”

Just as Huang Xiaolong and his group of experts were about to head over to the city, a group of cultivators appeared behind them.

“Are you also here to climb the Heavenly Peak?” One of the middle aged men in the group called out to them.

Huang Xiaolong swept his gaze across the newcomers and discovered that they were Dao Venerables who had comprehended twelve to thirteen elements to the grand perfection level. The person who spoke to them was a Dao Venerable who had comprehended thirteen elements to the grand perfection level.

“Yeah!” Huang Xiaolong replied casually.

“I am Chen Bi of the Feihong Celestial Empire. I am the young master of the Chen Family, and I wonder where fellow cultivator came from!” The middle aged man smiled.

“Feihong Celestial Empire?” Huang Xiaolong raised an eyebrow in surprise.

Jian Wushuang smiled, “The old ancestor of their celestial empire is a God of Creation at the small completion stage.”

Huang Xiaolong understood the hidden meaning behind Jian Wushuang’s words immediately.

In that case, the Chen Family was nothing more than a tiny blip in the Zhu Lan Lands.

If the old ancestor of their celestial empire was a God of Creation at the small completion stage, the old ancestor of the Chen Family couldn’t be much stronger.

When Chen Bi overheard Jian Wushuang’s introduction of their celestial empire, a proud smile appeared on his face. “The old ancestor of my Chen Family is also a God of Creation at the small completion stage, comparable to the old ancestor of the celestial empire!” A confident smile appeared on his face and he glanced at Yu Xiaohong and Tao Han’er from the corner of his eye.

His actions didn’t escape Huang Xiaolong’s observations and a chuckle rang in his ear. “Oh! Excuse us! Your old ancestor is actually a God of Creation at the small completion stage!”

Tao Han’er and the rest nearly burst out laughing.

Did the man who soloed nearly ten thousand Gods of Creation back at the Jian Family, including the terrifying Jian Wushuang whose combat strength broke through the 20 billion units mark say ‘excuse me’ to the grandson of a God of Creation at the small completion stage?!

Chen Bi didn't understand the meaning behind Huang Xiaolong's words and he continued haughtily, "I wonder which powerful expert stands behind your family?"

Ordinarily, those who had the ability to come to the Heavenly Peak were disciples of great powers. Those powers naturally had God of Creation Realm experts at the helm.

Huang Xiaolong laughed, "My father is called Huang Long and you can call me Huang Xiaolong."

"Huang Long?" A look of confusion appeared on Chen Bi's face. He tried to rack his brains and he couldn't think of anyone with that name in the God of Creation Realm.

"Young Master, he might not even be a God of Creation. From the looks of it, his Huang Family might be some third-rate family from some random continent..." One of the young men beside Chen Bi whispered into his ear.

There were always exceptions to those who came to climb the Heavenly Peak.

Chen Bi chuckled after hearing what his clansman said. "As it turns out, Brother Huang is from the great Huang Family! Why don't we ascend the peak together?"

Wu Xin, Ye Ye, Yu Xiaohong, Jian Wushuang, and the others were trying their best to hold in their laughter when they caught a stare from Huang Xiaolong. They swallowed their response to Chen Bi and Huang Xiaolong turned to reply, "Sure!"

Chen Bi's group ended up joining Huang Xiaolong's squad of Gods of Creation as they headed towards the Zhu Lan City.

"How can I address the two beauties?" Chen Bi asked Yu Xiaohong and Tao Han'er all of a sudden.

A frown formed on Yu Xiaohong's face. After all, she had the ability to wipe out his entire family with a flick of her fingers. She was too lazy to respond to a junior at his level.

Tao Han'er, on the other hand, was only at the Dao Venerable Realm. She replied softly, "I am Tao Han'er..."

"Oh! Young Lady Tao Han'er. I didn't think that you would try to ascend the Heavenly Peak at the Second Resurrection Dao Venerable Realm. Please follow behind me later. I'll protect you." Chen Bi laughed.

"My granddaughter doesn't need your protection..." Jian Wushuang growled at the side.

Stunned, Chen Bi replied to Jian Wushuang politely. "Sorry, I didn't think that you were her grandfather! My apologies!"

Jian Wushuang didn't bother looking his way and neither did he give a response.

Stuck in an awkward situation, Chen Bi turned to Huang Xiaolong who seemed the friendliest of the bunch and asked, "Brother Huang, how many times have you tried to ascend the Heavenly Peak?"

"This is my first time."

Nodding slightly, Chen Bi explained, "This is my third time ascending the Heavenly Peak! The process places emphasis on your dao heart and your comprehension of the grand dao laws. When I came for the first time, I only managed to reach the 30th platform. On my second try, I managed to reach the 80th platform!"

One of the disciples of the Chen Family interrupted, "Our young master will reach the 100th platform this time and break through to the God of Creation Realm!"

Chapter 3659: What's the Problem?

The disciples spoke pretty loudly and confidently, attracting the attention of disciples nearby.

"Chen Bi! What is the young master of the Chen Family doing here! Aren't you the most talented one? You're one of the four geniuses of our Feihong Celestial Empire! Many people said that he will definitely

be able to break through to the God of Creation Realm this time!” One of the groups in the distance recognized Chen Bi and he cried.

Chen Bi smiled humbly at Huang Xiaolong, “That’s just something they made up themselves. I’m not as talented as they say!”

However, the grin on his face revealed his true feelings.

Wu Xin and Ye Ye exchanged a glance and smiled. If not for Huang Xiaolong stopping them, they would have sent the arrogant brat to the afterlife.

Huang Xiaolong chuckled in response, “Then I shall congratulate you in advance on your breakthrough then!”

Chen Bi didn’t reject it. “Many thanks, Brother Huang!”

As they continued on their way, Huang Xiaolong asked casually, “Didn’t your ancestor come to ascend the mountain?”

“We ran into the old ancestor of the Du Family of the Xiaohong Celestial Empire. He decided to travel with ancestor Du Chengjiang and he should be coming soon.” Chen Bi explained.

“Old ancestor of the Du Family?” Huang Xiaolong turned to Yu Xiaohong. Who better to answer his question than the old ancestor of the Xiaohong Celestial Empire?

“Du Chengjiang is a God of Creation at the large completion stage. He has around 4 billion units of grand cosmos energy.” She replied.

Chen Bi looked at Yu Xiaohong and he gasped lightly. “I didn’t expect young lady to know about Lord Du Chengjiang! That’s right. Lord Du is a God of Creation at the large completion stage. Even in the Xiaohong Celestial Empire, he’s an amazing figure.”

“We have a great relationship with Lord Du!” Chen Bi continued to exaggerate, afraid that Yu Xiaohong and Tao Han’er weren’t paying attention. “Lord Du often visits my Chen Family and he even gave me pointers when cultivating!”

It was a glorious thing to be able to receive pointers from a God of Creation at the large completion stage!

Not everyone could get a chance to do so.

Huang Xiaolong chuckled, “When the time comes, please do the introductions. I would like to meet this Lord Du Chengjiang you’re talking about.”

“Naturally.” Chen Bi smiled. “I can make several introductions when the time comes, including the two ladies!” He looked at Tao Han’er and Yu Xiaohong.

Very quickly, they arrived in the city.

They saw many people heading towards the Heavenly Peak, and one of the disciples beside Chen Bi said all of a sudden, “Young Master, that’s Lord Zhu Ding!”

Chen Bi looked over only to see the inner disciple of the Zhu Family walking towards them. A grin formed on his face and he rushed over. He greeted them respectfully, “Chen Bi greets Lord Zhu Ding and Lord Zhu Yuan!”

The two of them were the inner disciples of the Zhu Family, but even though they were mere inner disciples, their status was much higher than Chen Bi!

He only managed to get acquainted with them during one of the banquets held by some superpower in the region.

“Oh? Are you the young master of the Chen Family from the Feihong Celestial Empire?” Zhu Ding crossed his hands across his chest and sneered.

Zhu Yuan remained expressionless as he ignored Chen Bi entirely.

“Yes, yes! That’s me! I didn’t expect Lord Zhu Ding to remember me!” He felt extremely honored as excitement bubbled in his heart.

Zhu Ding and Zhu Yuan casually swept their gaze across Huang Xiaolong’s group. Their eyes lit up when they saw Yu Xiaohong and Tao Han’er.

“Are these two young ladies disciples of your Chen Family too?” Zhu Ding smiled suddenly.

Chen Bi hesitated slightly, but he quickly replied, “No. They are my friends. This young lady is called Tao Han’er!”

The disciples of the Zhu Family didn’t connect her name to the princess of the Jian Family, and Zhu Ding nodded. “Young Lady Tao Han’er.”

Tao Han’er ignored the disciples of the Zhu Family completely. “Lord Huang, shall we go?”

Huang Xiaolong nodded and he turned to leave. Yu Xiaohong, Jian Wushuang, and the others followed closely behind.

The expressions on Zhu Ding and Zhu Yuan sank instantly.

The moment they did, Chen Bi jumped in fright. He quickly explained, “They come from a third-rate family and they don’t know who Lords Zhu Ding and Zhu Yuan are! Please forgive them! I will lecture them the moment I get back!”

Their expression finally started to let up after hearing what Chen Bi said.

“Third-rate family?” Zhu Yuan looked at their leaving figures and a sinister expression formed on his face.

If Huang Xiaolong came from some super power, he might be afraid to do anything to them. However, things were different when they had no backing.

“I’ll give you a chance. Host a banquet for the two of us in the Maple Moon Pavilion tonight. Bring the two ladies with you.”

Chen Bi was stunned. However, happiness soon filled his heart. Even so, he seemed to have recalled something and he stuttered, “The Heavenly Peak is about to open soon. Lords, why don’t I host the two of you after it ends?”

Ascending the peak the moment it opened was the ideal choice. After all, the clouds would only scatter for a month. One month later, everything would come to an end. No one wished to miss the chance to improve themselves!

The clouds in the air were about to scatter and Chen Bi didn’t want to miss the chance to ascend!

“What’s the problem? Are you unwilling to do so?” Zhu Ding growled.

Chen Bi explained hurriedly, “No! Of course not! However, that young man isn’t from my Chen Family! Han’er seems to be following him. He might not agree...”

“Hmph. Tell him that he won’t get the chance to attempt the climb if he refuses! I’ll kick him off the mountain myself! Do you know what to do now?!” Zhu Ding snorted.

Chen Bi nodded his head hastily, “Yes, yes... I understand.”

“Go! Remember, Maple Moon Pavilion! Bring both the ladies with you!” Zhu Yuan growled at the side.

The Maple Moon Pavilion was the largest establishment in the Zhu Lan City. Chen Bi bowed towards them before bringing the disciples of his Chen Family to chase after Huang Xiaolong.

When he finally caught up, he hesitated slightly before speaking to Huang Xiaolong, "Brother Huang, just a moment ago, Lords Zhu Ding and Zhu Yuan told me to arrange a banquet for them at the Maple Moon Pavilion. He said that he wants Brother Huang to bring the two ladies with you..."

Chapter 3660: Never Heard of You

Huang Xiaolong's entire party stopped walking all of a sudden and they turned to stare at Chen Bi.

The look in their eyes caused his hair to stand on end.

"Banquet in the Maple Moon Pavilion? Bring the two ladies with me?" Huang Xiaolong raised an eyebrow casually.

"That's right! It's an order from Lord Zhu Ding and Lord Zhu Yuan!" Chen Bi muttered.

One of the disciples beside Chen Bi sneered all of a sudden, "You better know what's good for you! If you offend the two lords, they'll kick you off the mountain when you try to ascend tomorrow!"

"Oh? Is that so?" Huang Xiaolong's tone turned a lot frostier.

Gui Chi cackled eerily and he opened his mouth slightly. The body of the disciple who just spoke dried up as his blood essence, dao soul, and all the energy contained within was sucked out. He turned into a dry corpse that scattered into dust.

Chen Bi and the rest of the disciples were shocked by the sudden change in situation. They stared at Gui Chi in fright! The disciple might not have comprehended thirteen elements to the grand perfection level, but he was still a respectable Dao Venerable who had comprehended twelve elements! Even so, he was killed in the blink of an eye!

None of them had seen anything like that happen before!

"You!" Chen Bi roared.

“Go tell the two clowns to scram. If they annoy me, I wouldn’t mind going to the Zhu Family myself to tear off their heads before using it as a football.” Huang Xiaolong whispered into Chen Bi’s ear.

Staring at him with his jaws agape, Chen Bi didn’t know how to react.

Huang Xiaolong brought everyone towards the foot of the mountain.

“Lord, just kill the two brats from the Zhu Family. After that, we’ll go behead that brat, Zhu Ji! We’ll use all their heads as footballs!” Gui Chi revealed a sinister smile and said.

Zhu Ji was the patriarch of the Zhu Family, and he was the celestial emperor of the Zhu Lan Celestial Empire.

“The Heavenly Peak is about to open. We’ll talk about it later.” Huang Xiaolong muttered.

When their exchange went down, the disciples of the Chen Family were still stuck in their place. They didn’t dare to move until Huang Xiaolong’s entire group disappeared into the distance.

“Young Master, that brat is too arrogant! We’ll report this to Lords Zhu Ding and Zhu Yuan!” Another disciple beside Chen Bi growled. “We’ll see how the two lords take care of them!”

“That’s right! How dare they kill the disciples of our Chen Family?”

The other disciples of the Chen Family yelled in unison.

Chen Bi looked at the disciple beside him and he said, “The two lords are still in the area. Go make the report to them right now. Tell them that the brat refused to listen to them and killed the disciples of our Chen Family!”

The disciple nodded and ran off.

“Oh right, tell Lord Zhu Ding and Zhu Yuan everything the kid said! Tell them word for word!” Chen Bi added as the disciple was running away.

Word for word?

The disciple paused for a second and he recalled how Huang Xiaolong said that he would head over to the Zhu Family personally.

“Yes, young master! Please rest assured that I’ll make the report exactly how he said it!”

“Let’s go look for the old ancestor and Lord Du Chengjiang!” Chen Bi said to the rest after the disciple had left.

Very quickly, they managed to contact their old ancestor, Chen Bi*

“Lord Ancestor and Lord Du Chengjiang have already arrived at the foot of the mountain.” Chen Bi smiled. “Ancestor Chen Bi said that they are currently together with Lord Xu Fei.”

“Lord Xu Fei of the Xu Family?” The disciples of the Chen Family revealed excited looks too.

Lord Xu Fei was a God of Creation at the peak of the large completion stage. He was also from the Xiaohong Celestial Empire, and he had close to 7 billion units of grand cosmos energy. He was pretty famous in the territory.

“It’s great that Lord Xu Fei is there!” The disciples of the Chen Family jumped in joy.

Chen Bi chuckled, “Let’s hurry up then...”

“Yes, young master!”

When they headed to meet their ancestor, the disciple he sent out earlier found Zhu Ding and Zhu Yuan. He told them exactly what Huang Xiaolong said.

“Did that kid actually say that?!” Zhu Ding growled.

“You better not be lying to us...” Zhu Yuan glared at the disciple and his expression darkened.

Falling to his knees, the disciple swore to the heavens. “On my life, I swear that I didn’t change a word he said! If I’m lying to Lords Zhu Yuan and Zhu Ding, my dao soul will scatter and I’ll die a horrible death! When you find the kid, you’ll know if that was what he said!”

“Hmm... Yeah, you wouldn’t dare to lie to us.” Zhu Ding looked at Zhu Yuan. “He dares to ignore the two of us! Let’s go to the foot of the mountain now and look for him!”

Zhu Yuan nodded. “Hey, he might have some sort of backing if he dares to speak to us like this. Let’s look for Lord Zhu Chenlong before doing anything else.”

Zhu Chenlong was a doyen of the Zhu Family and he was a God of Creation at the grand completion stage. The two of them had been giving him lots of gifts and they could be considered acquainted with him.

“Alright! Let’s look for Lord Zhu Chenlong!”

...

Before long, Chen Bi and the other disciples of the Chen Family arrived at the foot of the mountain.

The clouds around the top were mostly scattered, but it should take a little more time for them to completely disappear.

They located their old ancestor and the ancestors of the Du and Xu family not too far away.

Hurrying over, the disciples greeted the old ancestors respectfully.

Ancestor Chen Bi allowed them to get up and he asked, "Didn't you say that you had something to report to me? What's so urgent?"

"Lord Ancestor, Chen Hongxin was killed by someone!" Chen Bi revealed a sorrowful expression and continued, "He was killed just a moment ago!"

"Oh?" Ancestor Chen Bi frowned. He knew who Chen Hongxin was. He was a core disciple of the Chen Family and his talent was extremely good! After all, those who were chosen to climb the Heavenly Peak were true geniuses of their factions.

Du Chengjiang and Xu Fei frowned.

"Do you know who the other party was?" Ancestor Chen Bi asked.

"He said that his father is called Huang Long and his name is Huang Xiaolong!" Chen Bi replied.

"Huang Long? Huang Xiaolong?" A confused expression appeared on Ancestor Chen Bi's face. He turned to look at the other two Gods of Creation and he asked, "Fellow cultivators, have you heard of them?"

Du Chenjiang and Xu Fei didn't attend the Jian Family's ceremony and didn't know anything. They shook their heads slowly.

"I never heard of any Huang Family in our Zhu Lan Lands." Xu Fei sighed. "All the other regions I've been to didn't contain a Huang Family..."

"I never heard of anyone by the name of Huang Long or Huang Xiaolong either."

Note: Chen Bi and Lord Ancestor Chen Bi, the two 'Bi' have different intonation and meaning.
