Chapter 3661: Search!

“Where is that Huang Xiaolong now?” Ancestor Chen Bi asked.

Chen Bi could tell that his ancestor was finally going to take action and he sniggered in his heart. “That brat came with a few of his subordinates to climb the Heavenly Peak. They should have arrived.”

“Arrived?” Ancestor Chen Bi turned to look at the crowd around him.

The Heavenly Peak was massive and it spanned hundreds of million of miles. It was indeed quite impossible to look for several people in the crowd.

As the clouds were still dissipating, the restrictions around the Heavenly Peak hadn't loosened yet. There were some experts who tried to use their dao souls to probe around and they were attacked by the restrictions! Their dao souls were seriously injured, and they lost their minds.

Not even half-step Universe Gods dared to use their dao souls before the restrictions disappeared.

“The Heavenly Peak will close in a month. We'll look for them after this is over.” Du Chengjiang said.

Ancestor Chen Bi nodded in agreement.

“Lord Ancestor, why don't we go look around for him now?” Chen Bi said all of a sudden.

“Alright.” Ancestor Chen Bi muttered. “If you find him, report back to me immediately.”

The disciples of the Chen Family started their search. They went to look for traces of Huang Xiaolong and all those they saw around him.

Despite their best efforts, they failed to catch a glimpse of them.

Seeing as the clouds were about to disappear, Chen Bi started to panic.

The disciples of the Zhu Family were doing the same thing as them! Despite the number of Zhu Family disciples in the crowd, they failed to find Huang Xiaolong all the same.

Soon, the shadow of the mountain peak appeared in the air.

Massive platforms started to appear around the Heavenly Peak.

“Ascend!” One of the experts yelled excitedly.

Countless experts made their move as they rushed towards the platforms in the air.

“Young Master, it’s time to climb the mountain!” One of the disciples around Chen Bi yelled. “We’ll look for them after the Heavenly Peak closes! Once it does, that brat won’t be able to escape!”

“He can count himself lucky... I’ll let him live for one more month!” Chen Bi snorted before turning towards the mountain.

At that moment, Gui Chi was staring at the peak of the mountain with a heated gaze.

He wanted to use the chance to transform the two great worlds in his body! When that happened, his combat strength would also break through the 20 billion units mark!

As for Jian Wushuang, he felt the sword qi in his body heating up slightly.

“Climb the mountain at your own pace. There’s no need to worry about me.” Huang Xiaolong noticed the looks in their eyes and he said.

Jian Wushuang, Gui Chi, Wu Xin, and Ye Ye glanced at each other before bowing respectfully towards Huang Xiaolong.

“Lord, we’ll start our ascension now.” Jian Wushuang said.

“Go ahead.” Huang Xiaolong chuckled.

The four of them moved at once as they arrived on the first platform. They didn’t stop as the pressure on the first platform failed to obstruct them. They immediately moved on to the second platform.

“Let’s head up too...” Huang Xiaolong laughed as he looked at Yu Xiaohong and Tao Han’er.

Tao Han’er giggled, “I want to follow you up there!”

“Me too!” Yu Xiaohong revealed an enchanting smile.

With a helpless shake of his head, Huang Xiaolong explained, “I’m going to try to reach the peak of the mountain! You won’t be able to follow me up there.”

The stronger they were, the higher they could climb. That was a fact. There was no way the two of them could follow him, considering the difference in their strength.

“Regardless, we wish to start the climb with you!” Tao Han’er pouted.

“Alright, alright.” Huang Xiaolong smiled before soaring up to the first platform.

The platforms were filled with intricate runes and Huang Xiaolong found them to be slightly similar to the runes in the Universe Boat.

As he stepped onto the first platform, he felt a mysterious energy entering his body. It was like a warm current that extended to every corner of his being. His three great dao souls felt a sense of enlightenment.

Refining the energy from the first platform in the blink of an eye, Huang Xiaolong took another step and arrived on the second platform.

Yu Xiaohong appeared beside him the moment he did, but Tao Han'er wasn't so capable. She remained motionless on the first platform.

As a Second Resurrection Dao Venerable, she needed one day's time to digest the energy from the first platform!

One could only advance after refining the energy on the platform they were on. If they tried to force their way up, they would receive a backlash from the Heavenly Peak.

Tao Han'er could only watch as Huang Xiaolong and Yu Xiaohong got further and further away!

Huang Xiaolong continued up the platforms at a leisurely pace.

Initially, Yu Xiaohong was able to keep up with him. However, she started falling behind soon enough.

It didn't take long for Huang Xiaolong to catch up to Wu Xin and Ye Ye.

Next came Gui Chi and finally, he overtook Jian Wushuang.

All of them looked at Huang Xiaolong with admiration in their eyes. Wu Xin turned to Ye Ye and asked, "Do you think His Highness will be able to reach the peak?"

"It's hard to say. Lord Ferocious Devil and Lord Green Ghost tried to do so, but neither one of them managed to do it. Lord Ferocious Devil once said that only Universe Gods would be able to arrive at the peak.

The five overlords tried to ascend the Heavenly Peak more than once in the past. However, not even the strongest of them all, the Ferocious Devil, could reach the top.

Half a month passed in the blink of an eye.

As Huang Xiaolong stood at the halfway point, his speed started to slow down. He looked down towards the foot of the mountain and tried to look at all the experts below him. Every single platform contained its own world and one couldn't see too far away. Even Huang Xiaolong couldn't see further than ten platforms down.

"Is it really true that only Universe Gods can reach the top?" Huang Xiaolong muttered to himself.

He knew what the Ferocious Devil said. However, he wanted to challenge the fact and arrive at the peak of the mountain without reaching the Universe God Realm!

After taking several breaths, Huang Xiaolong continued to ascend.

Chapter 3662: Conclusion

The deadline of a month quickly arrived. There was only a single hour left till the Heavenly Peak closed, and a disturbance occurred on the one-hundredth step!

"Someone is breaking through to the God of Creation Realm!" Everyone looked at the platform in disbelief!

"It's Young Master Chen Bi from the Feihong Celestial Empire! This is his third time ascending the mountain and he finally broke through!" Someone yelled.

The voice quickly traveled across the lands and Ancestor Chen Bi caught wind of the news.

Joy filled Ancestor Chen Bi's heart and he roared with laughter, "Nice! My Chen Family will finally have its second God of Creation!"

There was a legend in the Unknown Lands. When a second God of Creation appears in the family, they will definitely be able to give birth to the third and fourth! Their family would only grow stronger and stronger!

The old ancestors around Ancestor Chen Bi congratulated him.

“Brother Chen, congratulations! Your Chen Family needs to hold a celebration after you return!”

“Of course!”

The smile on Ancestor Chen Bi’s face grew wider and wider.

At that moment, Chen Bi felt the grand cosmos energy in his body rolling about and excitement bubbled in his heart. He finally broke through!

He could finally be ranked among the strongest cultivators in the Unknown Lands!

The difference between a Dao Venerable at the peak level and a God of Creation might be small, but the difference in status was huge! One would only be revered after breaking through to the God of Creation Realm!

Another hour passed in the blink of an eye and the Heavenly Peak ascension ended.

A mysterious power that seemed to come from the universe origin sent them back to the foot of the mountain. Jian Wushuang, Gui Chi, and even Huang Xiaolong were sent back to the bottom.

Jian Wushuang and the others quickly gathered around Huang Xiaolong.

A somber expression hung on Gui Chi’s face. It seemed as though his attempt to breakthrough had failed.

In contrast, the subtle smile that hung on Jian Wushuang's face showed that he gained quite a lot during his trip.

"Your Highness, how is it?" Yu Xiaohong hesitated for a moment before asking.

Jian Wushuang and the rest were equally as curious.

Huang Xiaolong shook his head and sighed, "Reaching the peak is harder than I thought!"

Before he tried, Huang Xiaolong was confident that he could do what the Ferocious Devil couldn't! However, one month proved to be too short! He couldn't even see the peak, much less reach it! He needed to ascend at least ten more steps before arriving at the top!

There was a rumor going around the Unknown Lands that even though the Ferocious Devil failed to reach the top, he caught a glance of the peak!

That alone told Huang Xiaolong that he was still a distance away from the Ferocious Devil.

It didn't seem too bad if they thought about it logically. The Ferocious Devil was a supreme overlord who existed since eons ago! It made sense for him to be much stronger than Huang Xiaolong who hadn't been cultivating for a fraction of the time he had!

Regardless of what happened, Huang Xiaolong had absolute confidence that he would be able to climb to the peak the next time the Heavenly Peak opened!

He wanted to use the chance to break through to the Universe God Realm!

"Where's Han'er?" Huang Xiaolong asked Jian Wushuang all of a sudden.

All of them finally realized that Tao Han'er wasn't with them, and they looked at each other in confusion.

Their expressions sank when they noticed a group of disciples of the Zhu Family harassing her in the distance.

They weren't anyone else, but Zhu Ding and Zhu Yuan!

Tao Han'er glared at them and she growled, "What do you want?!"

Zhu Ding laughed sinisterly, "What do we want? Young Lady Han'er, you will soon find out. Hehe..."

Coincidentally, Zhu Yuan caught sight of Huang Xiaolong and the others from the corner of his eye and he nudged Zhu Ding, "That brat and his slaves are here. I'll call for Lord Zhu Chenlong right now!"

Zhu Ding turned around and a sneer formed on his face. Zhu Yuan crushed the talisman in his hand to notify their doyen.

When Huang Xiaolong and gang were walking towards Zhu Yuan and Zhu Ding, the disciples of the Chen Family noticed them as well. They quickly reported the discovery to Chen Bi and Ancestor Chen Bi.

At that moment, Ancestor Chen Bi was with Ancestor Du Chengjiang and Xu Fei.

They were in high spirits as Chen Bi had broken through to the God of Creation Realm!

"Oh? You discovered the kid?" Chen Bi smiled when he heard the news.

"Yes! They're right there! Lords Zhu Ding and Zhu Yuan are there too!" The disciples of the Chen Family who made the report explained.

A light flashed in Chen Bi's eyes. "Lords Zhu Yuan and Zhu Ding are there too? Great!"

“Yes.”

“Zhu Ding? Zhu Yuan?” Ancestor Chen Bi raised an eyebrow in surprise.

Chen Bi explained, ‘The two of them are inner disciples of the Zhu Family. I met them previously and we’re pretty well acquainted. Lord Ancestor, Lord Du, Lord Xu, let’s go! I’ll introduce them to you!’

The three of them nodded eventually.

As such, the Chen Family’s group started to make their way over.

It didn’t take long for Ancestor Chen Bi, Du Chengjiang, and Xu Fei to notice the group. As Huang Xiaolong’s party was walking in their direction, they recognized Jian Wushuang, Gui Chi, Wu Xin, Ye Ye, and Yu Xiaohong instantly.

The faces of the three ancestors changed drastically.

Even though Ancestor Chen Bi was a God of Creation at the small completion stage and was the old ancestor of a small family, he could recognize the heavy weights of the Unknown Lands!

His eyes seemed to pop out of their sockets.

“Yu... Yu... Yu...” Du Chengjiang and Xu Fei felt their souls leaving their bodies.

Chen Bi noticed the flustered expressions of the trio and he couldn’t help but ask, “Lord Ancestors, this...”

He heard a miserable cry in the distance and he couldn’t help but turn to look. He saw the inner disciples of the Zhu Family turn to meat paste with a single slap from Gui Chi! Not even their dao souls managed to escape!

Chapter 3663: Freak

Chen Bi stood rooted to the spot and he stared in disbelief.

He wasn't surprised by Gui Chi's strength! Instead, he couldn't believe that Gui Chi would kill inner disciples of the Zhu Family! That was the first time he had seen anyone ballsy enough to kill a Zhu Family disciple in the Zhu Lan Lands!

Moreover, they were in the Zhu Lan City!

The three ancestors jumped in fright when they saw what Gui Chi did. They were paralyzed with fear as they had heard of Gui Chi's reputation before!

Before Jian Wushuang broke through the 20 billion barrier, Gui Chi's fame could be said to be even bigger than his! One reason was because Gui Chi was Lord Green Ghost's strongest general. The second was because of his bloodthirst! The number of experts who died in his hands were uncountable! There were even sayings that if Gui Chi claimed to be the second greatest mass-murderer in the Unknown Lands, no one would dare to claim to be first!

"That ghost-like b*stard slave of the brat is crazy! How dare he kill an inner disciple of the Zhu Family here?!" One of the Chen Family disciples beside Chen Bi gasped in shock.

His words caused the three ancestors' legs to go completely numb. If they were nearly paralyzed with shock previously, they were truly frozen in fear now.

Did the disciple of the Chen Family just call Gui Chi a 'ghost-like b*stard'?!

Everyone in the Unknown Lands knew that Gui Chi hated people discussing his looks!

Their brains turned quickly. Wait a second. Wasn't Gui Chi Lord Green ghost's aide? Why was he following someone else now?

They turned to look at Huang Xiaolong as extreme fear bloomed in their hearts.

Was that the person Chen Bi was talking about?!

They might not have seen Huang Xiaolong before, but their intuition told them they were looking right at him. Not just Gui Chi... Jian Wushuang, Yu Xiaohong, the Limitless Master, and the King of the Ocean Races were following by his side!

Zhu Yuan stared at Zhu Ding's corpse in utter disbelief. Rage filled his heart and his face twisted in anger, "You... you're dead!"

Before Gui Chi could kill the brat, Huang Xiaolong raised his hand to stop him.

"We're dead?" Huang Xiaolong laughed.

Zhu Yuan could hear the mockery in Huang Xiaolong's voice and his expression sank. Killing intent flashed in his eyes.

All of a sudden, the disciple beside Zhu Yuan whispered into his ear. "Brother Zhu Yuan, Lord Zhu Chenlong is here."

Turning to the side, he saw a group of experts of the Zhu Family flying towards them. The person leading them was precisely Zhu Chenlong!

Zhu Yuan and the disciples of the Zhu Family hastily welcomed them.

"We greet Lord Zhu Chenlong!"

"Where's Zhu Ding?" Zhu Chenlong said while nodding his head.

"Lord Zhu Chenlong, Zhu Ding was killed by those *ssholes! Lord Zhu Chenlong, please seek justice on his behalf!" Zhu Yuan cried in anger.

“What?! Zhu Ding was killed?!”

Killing intent shot up into the skies as the disciples of the Zhu Family heard what he said.

“That’s them! That freak who doesn’t look like a human nor a ghost killed Brother Zhu Ding!” Zhu Yuan growled.

Zhu Chenlong turned around to glare at Zhu Ding’s murderer, but when he saw Lord Gui Chi’s face, the rage in his heart turned into smoke. His expression changed drastically.

Before he could say a word, Gui Chi waved his hand again. Devils filled the air and the Zhu Lan City turned into hell on earth. The devils pounced at the disciples of the Zhu Family.

Zhu Yuan cried out in fright, and the experts who were behind Zhu Chenlong were about to make their move when they were stopped by him.

“Hold it right there!” Zhu Chenlong cried.

The experts of the Zhu Family were shocked and looked at Zhu Chenlong in surprise.

Zhu Chenlong ignored them as he walked over to Huang Xiaolong and Gui Chi. He bowed respectfully to Gui Chi. “Zhu Chenlong of the Zhu Family greets Lord Gui Chi!”

He then turned to Jian Wushuang. “I greet Lord Jian Wushuang!”

Then, he turned to Wu Xin and the rest.

“I greet the Limitless Master!”

“I greet Your Majesty, the King of the Ocean Race!”

“I greet Your Majesty, Yu Xiaohong!”

The experts of the Zhu Family felt their jaws dropping in fright.

Chen Bi and the disciples of the Chen Family couldn't believe their eyes.

Zhu Chenlong, a venerated eminent elder of the Zhu Family, bowed to each and every one of the slaves who followed that kid around!

Wait! What did he just call them?!

“Lord... Lord Gui Chi?!” Chen Bi gasped. “Lord... Lord Jian Wushuang!”

There was the Limitless Master and the King of the Ocean Race too!

Moreover, the young lady he tried to flirt with was Yu Xiaohong, the old ancestor of the Xiaohong Celestial Empire!

Cold sweat drenched his back.

As for the disciples around him, their souls had left their body in fright.

Huang Xiaolong casually turned his head to stare at Chen Bi all of a sudden. Falling to his knees, Chen Bi's excitement from breaking through to the God of Creation Realm was nowhere to be seen.

Ancestors Chen Bi, Du Chengjiang, and Xu Fei fell to their knees in fear too. Even though they didn't know who Huang Xiaolong was, they knew he was an existence scarier than their worst nightmare!

Even existences at the level of Gui Chi and Jian Wushuang had to follow behind him respectfully! How in the world was that man from a third rate power?!

The experts standing around fell to their knees too.

Huang Xiaolong looked at Zhu Chenlong while Zhu Yuan's screams rang through the air.

Zhu Chenlong felt his body freezing up when Huang Xiaolong's gaze landed on him.

A horrifying pressure surged out from Huang Xiaolong's body all of a sudden, and the city trembled in its wake. It was as though the city came under attack as every single protection formation activated. Beams of light shot into the air.

The weight of the universe seemed to descend on Zhu Chenlong and he was forced flat onto the ground. The blood drained from his face and he turned deathly pale.

Just one second ago, he was silently trying to estimate Huang Xiaolong's strength. No matter how much he tried to overestimate the strength of the man before him, he didn't expect himself to be wrong!

Even if Zhu Chen used his full strength, he might not be as terrifying as the young man before him!

Wouldn't that mean that the youngster was even stronger than the old ancestor of the Zhu Family?!

"I didn't know which Lord came to my Zhu Lan City. I, Zhu Ji, apologize for not coming out to welcome you." A voice emerged from the depths of the Zhu Lan Palace.

Zhu Ji!

The Zhu Lan Celestial Emperor and the patriarch of the Zhu Family, Zhu Ji!

Chapter 3664: Breaking the Formation

On the surface, Zhu Qiming of the Zhu Family was the most talented disciple of the Zhu Family's second generation. He was also said to be the strongest! However, many experts knew that that was false. The one who was the strongest in the second generation of the Zhu Family was Zhu Ji!

The only reason he didn't stand out was because he hated being in the limelight.

Zhu Ji might not be as strong as Mei Jie, but he wasn't too far off.

Huang Xiaolong muttered, "Come out here if you wish to speak to me!"

He might not be loud, but his words seemed to contain a formless pressure that made everyone submit.

The marshals in the Zhu Lan Palace raged when they heard what he said.

One of them roared with anger, "How dare you speak down to His Majesty? Who do you think you are? If you have the guts, come into our palace!"

The Zhu Lan Palace was created by Zhu Chen and the various experts of the Zhu Family after expanding a huge amount of resources. The marshal who spoke was sure that Huang Xiaolong wouldn't be able to barge his way in! That was the basis of his confidence.

Huang Xiaolong didn't react too much. He simply reached his hand into the void and stretched into the Zhu Lan Palace.

As soon as he did, the grand formations in the palace reacted. A myriad of lights burst through the void and extended through countless layers of space.

A horrifying pressure shot straight towards Huang Xiaolong and his group.

One had to say that the power contained in the formations caused Jian Wushuang and the rest to be slightly taken aback.

It was indeed strong.

Huang Xiaolong snorted lightly and the Star Dragon Divine Tree appeared. Rays of starlight fell and blocked off the shockwaves from the formations.

Next, he clenched his fists tightly after it reached into the palace. The resistance put up by the barrier was crushed by him.

Zhu Ji panicked instantly. "Star Dragon Divine Tree?! Experts of the Zhu Family and subjects of the Zhu Lan Celestial Empire, listen to my commands! Assist the formation immediately and resist the enemy attack!"

Everyone in the palace poured their grand cosmos energy into the formation and pillars of light emerged to stop Huang Xiaolong's palm.

Raising an eyebrow in surprise, Huang Xiaolong finally focused.

The experts in the palace heaved a sigh of relief when they saw that they successfully stopped the enemy.

The marshal who had taunted Huang Xiaolong earlier relaxed instantly.

He continued arrogantly, "Hah! What did I tell you! The grand formation was laid down by Lord Zhu Chen personally! It combines the power of the Zhu Lan Celestial Empire and the surrounding heaven and earth qi! Not even the Dragon Overlord can force his way in here! You're overestimating yourself!"

"F*ck off back to your mother's womb and drink your milk!"

"When Lord Zhu Chen returns, you're dead!"

The marshal who was yelling wasn't anyone special. Instead, it was Zhu Chen's second son, Zhu Yao! He was the fifth strongest expert in the Zhu Lan Celestial Empire!

Zhu Yao's words caused a round of laughter to ring through the palace.

A frown formed on Jian Wushuang's face and he was just about to join in the assault when he was stopped by Huang Xiaolong. "Stay back."

Huang Xiaolong turned serious as he looked at the palace and Jian Wushuang and the others quickly retreated behind him.

Rising into the air, Huang Xiaolong hovered above the palace as the Three Gods Halberd appeared in his hand. His 23 billion units of grand cosmos energy poured out of his body in a massive tide as a golden glow surrounded his weapon. The world turned completely golden and everyone squinted their eyes to adapt to the sudden dazzle.

"Three... Three Gods Halberd!" Zhu Ji cried.

The young man who appeared out of nowhere actually had the Star Dragon Divine Tree and Three Gods Halberd!

Not a single one of the five overlords had more than one universe treasure!

Huang Xiaolong didn't care about Zhu Ji's surprise. When the rays around the halberd reached its peak intensity, he threw it at the palace.

It turned into a streak of light and it shot towards the Zhu Lan Palace with a terrifying force.

It looked like a massive sun that soared through the air. The space around the halberd crumbled into pieces instantly.

The city shook violently under the might of Huang Xiaolong's attack.

Zhu Ji's expression changed once again. He no longer held back and pushed the grand cosmos energy in his body to the limit. He waved the Zhu Lan Blade and roared, "Full power! We have to hold on!"

The blade in his hand swept out and created countless blade lights that shot towards the Three Gods Halberd.

Jian Wushuang was taken aback by Zhu Ji's blade intent. From the looks of it, Zhu Ji's blade intent was comparable to his own! In the future, Zhu Ji might just surpass him!

Buzz!

The blade intent crashed into the Three Gods Halberd but it was completely useless! It shattered into pieces and the Three Gods Halberd continued straight for the palace.

Before the halberd could arrive, everyone within felt the horrifying pressure coming from it.

Under their frightened gaze, the halberd smashed into the grand formation.

Boom!

The blast reverberated through the city and cracks started to form on the ground below.

Along with the loud blast, the experts in the Zhu Lan Celestial Empire felt their dao souls leap out of their bodies. They spat out a mouthful of blood and those who were weaker had blood leaking from all their orifices.

Zhu Ji and Zhu Yao were naturally unable to avoid their terrible fate. They vomited blood non-stop.

The Three Gods Halberd stabbed deep into the formation and turned everything around it to dust.

In the blink of an eye, the powerful grand formation dimmed and the faces of everyone in the palace were filled with shock. The grand formation was torn apart!

Chen Bi had long since fainted, but no one knew if it was from fright or from the pressure coming from the halberd.

Waving his hand, Huang Xiaolong summoned the Star Dragon Divine Tree. Roots and branches extended all over the city and locked down the entire area. Huang Xiaolong took a single step and entered the palace.

Chapter 3665: Zhu Chen's Location

Huang Xiaolong sauntered into the main hall of the palace and arrived before Zhu Ji and Zhu Yao. The various experts of the Zhu Lan Celestial Empire were also present.

Huang Xiaolong looked at Zhu Yao who was stained red with blood and he dragged the man over to himself.

"Who the hell are you?! What do you want?!" Zhu Ji roared in fright and anger. "You dare to harm my second brother... Once Lord Father returns, he won't let you off!"

"Zhu Chen won't let me off?" Huang Xiaolong raised an eyebrow. "Do you think your father is my opponent?"

Zhu Ji stared at him in silence.

Turning to Zhu Yao, Huang Xiaolong snorted. "Go back to my mother? Weren't you jumping around just a moment ago claiming that I won't be able to break your grand formation?"

The blood drained from Zhu Yao's face. He truly didn't think that Huang Xiaolong would be able to break through the grand formation. He had seen the power of the formation. His father, Zhu Chen, said that even the Dragon Overlord wouldn't be able to break through forcefully!

Who would have thought that an unknown expert would be able to do so?!

He suppressed his shock and growled, “You only relied on your weapon to destroy the formation. Hmph, you wouldn’t be able to do a thing to us otherwise! You’re nobody without your weapon!”

Huang Xiaolong chuckled softly. “If I’m nobody without my weapon, who are you without Zhu Chen’s formation?”

Zhu Yao was dumbfounded.

“What else do you have to say?” Huang Xiaolong asked.

Zhu Yao stuttered, but no words came out of his mouth.

Huang Xiaolong tightened his grip on Zhu Yao and the latter’s body was crushed. Despite his creation level armor and physical body that was stronger than many half-step Universe Gods, he was still turned into a mist of blood.

Huang Xiaolong held the other party’s dao soul and tossed it into the Sun Moon Furnace.

The members of the Zhu Family flew into rage when they saw what happened to Zhu Yao.

“You!” Zhu Ji jumped into the air and roared with anger.

Huang Xiaolong pressed down on the air in front of him and crushed the Zhu Lan Celestial Emperor into the ground.

...

Several days later, Huang Xiaolong looked down at the Zhu Lan City as he stood in the skies above.

In the days that passed, he managed to gain control over the Zhu Lan Celestial Empire.

Several moments later, Zhu Ji appeared behind Huang Xiaolong and he bowed respectfully, “Lord...”

“Is there news on your father?” Huang Xiaolong asked.

Zhu Ji shook his head and bowed slightly, “No, there isn’t.”

Huang Xiaolong frowned. He had been getting Zhu Ji to contact Zhu Chen in the days that passed, but he failed to receive a reply. He didn’t even know what Zhu Chen went to the Green Ghost Lands for! He only knew that his father went to search for something.

Alas. Zhu Chen didn’t say anything about the item he was searching for. Huang Xiaolong expected him to reply to Zhu Ji’s reports, but he was wrong.

Huang Xiaolong asked Zhu Ji about other matters before dismissing him.

After Zhu Ji left, Gui Chi, Jian Wushuang, and the others appeared beside him.

“Lord, is there still no news about Zhu Chen?” Jian Wushuang asked.

Huang Xiaolong shook his head slowly.

“Why don’t we go over to Fengdu City to search for him?” Jian Wushuang probed.

Gui Chi cackled happily, “Alright! I’m extremely familiar with the city!”

Huang Xiaolong hesitated for a moment before sighing, “We won’t be heading there for now...”

The actions he took in the Unknown Lands were growing larger and larger. The chances of him exposing himself were huge! He needed to raise his strength before the Ferocious Devil and the others started to put up their guards against him.

He could only put aside the Zhu Chen matter for the time being.

Of course, he could cultivate in the Zhu Lan Palace while waiting for Zhu Chen to reappear.

Naturally, he got Jian Wushuang and the others to continue monitoring for news on Zhu Chen.

Huang Xiaolong sent Wu Xin and Ye Ye back to their respective territories. Even Gui Chi was sent back to the Green Ghost Lands! He didn't want to arouse the Green Ghost's suspicion, especially before he dealt with the other overlords!

Huang Xiaolong looked at Yu Xiaohong and chuckled softly, "You should go back too..."

She lowered her head and whispered softly, "I wish to stay by your side..."

"The situation in the Xiaohong Celestial Empire isn't stable yet. You should go back and handle matters. You can come back when it's all been dealt with. After all, my seclusion this time will take a couple million years." Huang Xiaolong explained.

He had more than eight hundred universe-level spiritual veins after the battle in the Jian Family. With those in the Zhu Family's treasury, he gathered more than a thousand.

According to his estimations, he would need at least a million years in seclusion to digest all of them!

Yu Xiaohong only nodded after learning that he would enter seclusion for a long time.

As night fell, Huang Xiaolong remained in the depths of the Zhu Lan Palace.

Naturally, he remained in the second layer of the universe boat. He chose ten strands of top-grade universe-level spiritual veins and tossed it into the eye of the formation. He started to circulate his Soaring Dragon Art, Blazing Dragon Grand Art, and Pangu World Creation Art and devoured the universe qi in the air around him.

When Huang Xiaolong was cultivating in seclusion, Zhu Chen looked at a blood-red bridge before him and he hesitated slightly. He was currently in one of the spaces contained in the Green Ghost Lands.

He saw weird movement on the bridge, and it seemed as though bloodworms were tunneling around the place. If he looked closely at it, they seemed to resemble blood runes.

The bridge led into a deep abyss that no one could see the end of. Occasionally, creepy laughter would come from the depths.

“Naihe Bridge...” Zhu Chen muttered to himself.

If anyone were to hear the words that left his lips, the blood would drain out of their face immediately. The Naihe Bridge was the most terrifying forbidden ground in the Unknown Lands! No one knows what lied at the end of the bridge, but they were sure that leaving after reaching the end was something impossible! The Green Ghost attempted it once in the past and when he finally emerged, he said that he would never enter ever again! From the fear he held for the bridge, anyone could tell the terrors it held!

“There’s no reward without risk...” Zhu Chen seemed to have made up his mind. He took a bold step onto the Naihe Bridge and the moment he did, a blood wave that was countless miles high rushed towards him. Zhu Chen felt as though he had stepped into an endless hell as the squirming runes on the bridge converged at his location.

A light surrounded his body as he forced the squirming creatures back.

The bloodworms that were on the ground ate through the grand cosmos energy around him and he continued on his way forward. The deeper he went, the stronger the corrosive ability.

Chapter 3666: Ferocious Devil’s Strength!

Zhu Chen’s figure slowly entered the depths of the Naihe Bridge.

In the blink of an eye, two million years passed.

Huang Xiaolong had long since refined all the universe-level spiritual veins he had. In fact, he completed the refinement several hundred thousand years ago. His grand cosmos energy was stuck at the 26.99999 billion mark.

A frown formed on his face all of a sudden as he stopped his cultivation.

He failed to break through no matter how hard he tried. Even after hundreds of thousands of years of comprehension, there were no signs of breaking through!

Huang Xiaolong sighed and he knew that his shallow foundation was the reason behind it.

All these years, he had been using the universe qi in the Universe Boat to cultivate and he experienced tremendous success. His speed was shockingly fast, but the amount of experience he had was too little! He didn't truly understand the laws of the universe.

He had been comprehending the laws of the universe whenever he cultivated, but that was far from enough! The laws of the universe would bash against his dao heart from time to time and if he wasn't careful, his dao heart would shatter!

The principle behind it was like a skyscraper without proper foundations!

Luckily for him, he had ridded himself of the hidden dangers when he devoured the bloodlines of Huang Sheng and the others. Otherwise, he would be in much more danger!

Several moments later, he left the Universe Boat.

The next thing he had to do was to continue to comprehend the laws of the universe. He also had to consolidate his foundations before he could break through to the peak of the grand completion stage!

The more he understood the universe laws, the more he realized that the Soaring Dragon Art, Blazing Dragon Grand Art, and the Pangu World Creation Art couldn't keep up with his cultivation. Any one of them lagged far behind Jian Wushuang's Unparalleled Manual!

They were even slightly worse than the cultivation methods used by Yu Xiaohong and cultivators who had broken through the 10 billion units mark.

As such, Huang Xiaolong decided to gather the techniques of the stronger cultivators under him to try to comprehend three more suitable techniques for himself!

Whatever the case, it wouldn't be easy for him to do so. Even with his shocking talent, he couldn't do it in a short period of time!

Despite that, he was in no rush. With his current strength, he was more than enough to hold off the entire Unknown Lands himself.

No matter if it was the Green Ghost, Dragon Overlord, or the God of Death, none of them would be able to put up a fight against him!

The Green Ghost's combat strength was at 25 billion units! With Huang Xiaolong's numerous universe treasures, his combat strength far surpassed the 27 billion units mark!

The only person who Huang Xiaolong feared was the Ferocious Devil!

From Jian Wushuang, Huang Xiaolong learned that the Ferocious Devil was the reason behind the Unknown Lands surviving the tribulation that destroyed the thirteen universes.

It was said that the Ferocious Devil blocked off more than ninety percent of the power that was used to destroy the universes!

His strength should have far surpassed the 27 billion units mark!

One had to know that the power that nearly destroyed everything in the past was close to an attack from a Universe God. Huang Xiaolong knew how strong someone with 27 billion units of combat strength was. It was far from enough to do what the Ferocious Devil did.

Of course, Huang Xiaolong feared the Ferocious Devil, but he was still confident of holding him off.

No matter how strong the old devil was, he wouldn't be able to destroy the Universe Boat!

Huang Xiaolong summoned Jian Wushuang Zhu Ji to ask them about the recent happenings and to ask about news on Zhu Chen.

The two of them shook their heads slowly.

"Is there still no news on him?" Huang Xiaolong was surprised.

Two million years had passed and Zhu Chen was nowhere to be seen! He didn't even send a single message!

"No..." Zhu Ji sighed. "Ever since my father entered the Fengdu City, he seemed to have disappeared."

Huang Xiaolong muttered, "Is it possible for him to leave the city?"

"It's hard to say..." Jian Wushuang added. "Lord, why don't I go over to the Fengdu City to take a look?"

"There's no need." Huang Xiaolong rejected his suggestion. "Let me go alone."

"Alone?" Jian Wushuang and Zhu Ji were slightly stunned.

Huang Xiaolong chuckled. "There's nothing wrong with it. The Fengdu City isn't the Worldless Linluo Hell. Even if it is, I'll be able to return safely."

The two of them nodded slowly.

“Where’s Han’er?” Huang Xiaolong turned to Jian Wushuang and asked.

Jian Wushuang laughed, “In the years you were in seclusion, Han’er entered seclusion too. She refused to leave her cultivation chamber and wanted to close the gap between your strength. If you wish to see her, I’ll summon her. She will be elated to learn that you have left seclusion.”

“Alright. Please let her know.” Huang Xiaolong smiled.

This time, he would head over to the Fengdu City. All would be well if he found Zhu Chen. If he didn’t, Huang Xiaolong would change his target to the Dragon Overlord. He wouldn’t be able to return for some time. If Tao Han’er knew that he didn’t look for her after he left seclusion, she would feel neglected.

“Alright. I’ll tell her now.” Jian Wushuang turned to leave.

It didn’t take long for Tao Han’er to arrive. She was clad in a pure white dress and she exuded an air of calmness and elegance around her.

“Lord!” Tao Han’er grinned and ran over. “You finally left seclusion!”

“Yep. I heard from your grandpa that you had been in seclusion all these years. I didn’t bother you, did I?” Huang Xiaolong laughed.

A cute giggle left Tao Han’er’s lips. “I’ll like it if you bother me more...”

She looked at Huang Xiaolong with puppy-like eyes after speaking.

Coughing twice, Huang Xiaolong turned, only to see Jian Wushuang and Zhu Ji looking up at the sky.

“Alright, the two of you can leave. I’ll call for you if something comes up.” Huang Xiaolong said.

Acknowledging with a slight bow, they left. No one knew if Huang Xiaolong was mistaking things, but he thought he saw Jian Wushuang winking at his granddaughter as he left.

“Lord Huang, I heard from my grandfather that you plan to head to the Fengdu City.” Tao Han’er continued, “Can I follow you?”

An eager expression hung on her face as she continued, “I’m not weak any more! I should be able to remain in the city for some time!”

Huang Xiaolong widened his eyes slightly. It seemed as though she had been cultivating hard the past two million years to gain enough power to resist the corrosive energy in the Fengdu City.

After so many years, her strength did experience an earth shaking transformation! She started to comprehend the elements, and he could tell that she had already started her comprehension on time and space!

Among the thirteen elements, time and space proved to be the most difficult elements to comprehend. Even so, she understood how they worked!

Chapter 3667: Green Ghost Continent

Huang Xiaolong could also tell that she had probably reached the small completion in both elements!

In a short two million years, Tao Han’er was able to improve so quickly! Hard work had a part to play, but her talent was a much greater factor! Also, the reason she could comprehend the power of time and space so quickly was because Jian Wushuang’s Unparalleled Sword Manual contained both elements.

“I’m going to look for Zhu Chen and I’m also planning to go to the Dragon Lands after. It won’t be convenient for you to follow me this time.” Huang Xiaolong shook his head.

Tao Han’er’s gaze dimmed slightly.

“Next time.” Huang Xiaolong added. “When I return, I’ll bring you to the Fengdu City if you wish to experience life there.”

“Really?!” Tao Han’er’s eyes lit up again.

“Of course.” Huang Xiaolong smiled.

“Alright! We’ll pinky promise!” Tao Han’er jumped in excitement and she stretched out her slender finger.

Huang Xiaolong chuckled slightly and he hooked pinkies with her.

It had been a long time since he had heard of a pinky promise.

“Lord, if you have nothing else left to do, let’s go out for a walk!” Tao Han’er asked.

Looking at her smile, he couldn’t refuse. He nodded slowly. “Alright. I’ve been in the Zhu Lan City for so long but I haven’t got the chance to explore it!”

“Me too, me too! I won’t be able to find my way around if I went alone...” Tao Han’er bounced up and down like a little excited child.

“Then... I’ll get Zhu Ji to bring us around? He should be familiar with his city.” Huang Xiaolong muttered.

“No!” Tao Han’er refused immediately. “The two of us are more than enough! We won’t get lost anyway...”

Huang Xiaolong snickered silently in response, “Sure. Let’s go then!”

The two of them left the palace and went strolling around the streets of the city.

Huang Xiaolong stayed for a few more days, and he would bring Tao Han'er around the city when the sun was up. At night, he would look for Jian Wushuang, Zhu Ji, and the experts who had broken through the 10 billion units mark to exchange pointers. Even though it had only been a few days, Huang Xiaolong gained some understanding of their special techniques.

Several days later...

Huang Xiaolong left the city under the respectful gazes of Zhu Ji and the rest. As for Tao Han'er, she hid in a corner of the palace and she looked at Huang Xiaolong's leaving figure.

He eventually disappeared into the horizon.

After leaving the city, Huang Xiaolong summoned the Universe Boat. The distance between the Zhu Lan Lands and the Green Ghost Lands was enormous! He needed countless years in order to arrive.

Sitting in the formation in the Universe Boat, Huang Xiaolong started to comprehend the secret arts of the various experts.

Through the exchange he had with them in the past few days, he managed to comprehend quite a bit!

Unknowingly, countless years passed.

The Universe Boat crossed several large continents and he arrived at the Green Ghost Lands!

Standing on top of the Universe Boat, he looked at the vast land mass below.

After entering the Green Ghost Lands, Huang Xiaolong realized that everything around him had turned a dull shade of gray. The sunlight that illuminated the other continents was nowhere to be seen.

There were also occasional roars coming from the distance.

The Green Ghost Lands and the Land of Death were the two most messy continents in the Unknown Lands. One could witness battles going on everywhere, and there was no such thing as law. Cultivators who were traveling around would run into ghosts ever so often.

The ghosts they ran into were called Yin Ghosts, and they were ghost-like creatures with human features. They used something called ghost energy, and they were extremely afraid of sunlight.

Of course, yin ghosts weren't the only creatures that populated the Green Ghost Lands. There were human races who lived there too. Seventy percent of the population of the Green Ghost Lands was made up of yin ghosts, twenty percent was made up of humans, and the last ten percent was made up of some weird creatures called ghost beasts.

The beasts born in the Green Ghost Lands wielded ghost energy and they greatly resembled ghosts, hence the name.

It didn't take long for Huang Xiaolong to see a massive city. After thinking about it, he kept his Universe Boat and descended.

"Nanfeng City..." Huang Xiaolong looked at the plaque on the city gates before walking in.

The city wasn't as deserted as Huang Xiaolong had thought. It was comparable to the large cities in the Limitless Lands and the Zhu Lan Lands. The city was bustling, and there were many people strolling about! The buildings in the city weren't weird at all! Inns, shops, entertainment pavilions, they had it all!

The only difference from the other regions was that the city was shrouded in a gray mist. There wasn't a trace of sunlight, resulting in a type of oppressive atmosphere.

"I heard that the Yin Ghost River is starting to flood!"

"What?! The Yin Ghost River that had remained dry for billions of years finally started to fill up!"

“Yeah! The city master of our Nanfeng City and the city masters all around are heading there as we speak! I heard that many Ghost Kings and even Lord Nether Yang King have started to make their way there!”

“Even Lord Nether Yang King has been alerted!”

The master of the Green Ghost Lands was the Green Ghost, and Gui Chi was the sole expert under him. There were ten great kings under Gui Chi, and the Nether Yang King was one of them!

“The flooding of the Yin Ghost River is an amazing opportunity! We have to go there!”

“Heh... It’s not that easy to enter the river. I’m just a Dao Venerable who comprehended two elements to the grand completion stage. If something goes wrong, I’ll turn into a yin spirit that roams the river forever!”

The discussion from the cultivators around him entered Huang Xiaolong’s ears.

Huang Xiaolong raised an eyebrow in surprise. Yin Ghost River?

He knew about it. It was one of the secret regions of the Unknown Lands. It would only fill up every few billion years, and the water that filled it would be yin spirit waster!

When that happened, anyone who could cross the river to reach the other side would be able to obtain a rare treasure! There were legends of people who comprehended supreme techniques after reaching the other side, and there were some who obtained rare treasures!

Huang Xiaolong stopped the cultivators of several great families and tossed over several grand dao pills to ask about the matters regarding the river.

After receiving the pills, they revealed everything they knew!

“Lord, are you headed to the Yin Ghost River too?” One person in the crowd laughed. “If you don’t mind, I can bring you there!”

Huang Xiaolong glanced at the man from the corner of his eye and agreed. “Sure.”

As such, the two of them left the city for the Yin Ghost River.

Chapter 3668: Ghost Yin Race

“What is your name?” Huang Xiaolong asked as they left the city.

“Lord, my name is Jiang Dacheng. I am an eminent elder of the Jiang Family.” The man who volunteered to bring Huang Xiaolong to the Yin Ghost River replied hastily.

Huang Xiaolong nodded. Jiang Dacheng had comprehended three elements to the grand perfection level, and he should be from some tiny family in some celestial empire in the Green Ghost Lands.

“I wonder which family Lord comes from?” Jiang Dacheng asked cautiously. “I don’t mean any disrespect! I was just curious!”

Huang Xiaolong chuckled. “I’m not from the Green Ghost Lands.”

Jiang Dacheng gasped in fright. “Not from the Green Ghost Lands? Do you mean... You came from other continents?”

He didn’t think that Huang Xiaolong would actually be able to cross the continents to arrive at their Green Ghost Lands.

Huang Xiaolong chuckled, “Are you surprised?”

Jiang Dacheng scratched his head in embarrassment and chuckled, “Yeah. Not many people will come to our Green Ghost Lands. Lord, did you come for the Yin Ghost River?”

“Nope.” Huang Xiaolong replied casually. “I wanted to look for someone in the Fengdu City. I ran into news of the Yin Ghost River on the way and decided to check it out.”

Jiang Dacheng laughed along with Huang Xiaolong, “So that’s the case... Lord, you came at the right time! The Yin Ghost River only fills up every billions of years! If you reach the other side, you might be able to obtain some supreme treasures or opportunities!”

“Haha, alright! If I manage to get anything good, I’ll reward you heavily!”

“I’ll thank you in advance then!” Jiang Dacheng said casually. He didn’t think that it was possible for Huang Xiaolong to obtain anything good, but he accepted the other party’s good intentions.

“Lord, when we arrive at the Yin Ghost River, you must remember not to clash with the experts of other clans.” Jiang Dacheng reminded Huang Xiaolong earnestly. “There are countless experts who arrived this time. Even the Ghost Kings and old ancestors of the ancient races have come. Lord Nether Yang King and his son came this time too!”

In the Green Ghost Lands, Ghost Kings referred to experts at the God of Creation Realm.

“Is the Nether Yang King strong?” Huang Xiaolong smiled.

A solemn expression appeared on Jiang Dacheng’s face when he heard the Ghost King’s title. A heated gaze appeared in his eyes. “Of course he is! Lord Nether Yang King is super strong. He’s the strongest person in the Green Ghost Lands!”

“Strongest person in the Green Ghost Lands?” Huang Xiaolong raised an eyebrow casually. “Isn’t the Green Ghost the strongest expert here?”

An awkward chuckle left Jiang Dacheng’s lips. “Of course Lord Green Ghost is an exception! He hasn’t appeared in a long time! There are even some who say that Lord Green Ghost left the Green Ghost Lands some time ago. Other than Lord Green Ghost and Lord Gui Chi, Nether Yang King and the other ten kings are the strongest experts here!”

Huang Xiaolong said half jokingly, "Since he's so strong, I have to get a taste of his power later..."

The blood drained from Jiang Dacheng's face instantly. He jumped in fright, "Lord, you most definitely cannot! Lord Nether Yang King's strength is something we cannot imagine! You must not infuriate him! Otherwise, no one will be able to save you! Lord Nether Yang King can kill half-step Universe Gods with a wave of his arms!"

"Those are half-step Universe Gods we're talking about! Do you know how strong they are?!"

Huang Xiaolong laughed when he saw the terrified expression on Jiang Dacheng's face. "Relax. I was joking! Why would I piss him off for no reason?"

Jiang Dacheng heaved a sigh of relief.

Several days later, the two of them arrived.

Looking at one of the riverbanks, countless experts of the Green Ghost Lands piled high on top of each other.

There were yin ghosts, humans, and ghost beasts ready to start their attempt to cross the river!

The humans gathered around each other, and the yin ghosts found an area of their own. The ghost beasts huddled around each other, away from the other two.

Huang Xiaolong swept his gaze across the river and noticed a giant empty spot. There was only a young man and a group of experts standing behind him. No one dared to approach the group.

When Jiang Dacheng saw that Huang Xiaolong was planning to head over, his heart nearly leaped out of his chest. "Lord, you can't go there!"

Huang Xiaolong laughed, "Why not?"

“Those are members of the Yin Ghost Race. I know one of them! He’s the son of the Heavenly Blood Ghost King! The Heavenly Blood Ghost King is the overlord of the area and he’s a God of Creation at the peak of the grand completion stage!”

“Oh.” Huang Xiaolong grunted once and continued to make his way over.

Jiang Dacheng was shocked and he wanted to pull Huang Xiaolong back, but he missed.

“Hold it right there!” The experts of the Yin Ghost Race yelled when they saw Huang Xiaolong heading towards them. “Brat, this place belongs to Young Master Yue Qing! If you come one step closer, you better not blame us for throwing you into the river to feed the spirits!”

As the Yin Ghost River continued to rise, terrifying yin spirits would appear from time to time. They wouldn’t come up to the shore, but if anyone fell in, they would be devoured down to the last bone. Experts who fell in wouldn’t be able to return back to shore easily and in the end, they would also become yin spirits that roamed the river.

No one wouldn’t be terrified of the yin spirits.

Huang Xiaolong ignored them all as he continued to make his way over.

The experts standing around gasped in shock.

“Which family is he from? Is he crazy or deaf?”

“He might actually be deaf!”

Many people joked.

As the group of experts from the Yin Ghost Race saw Huang Xiaolong ignore their warnings, one of them reached over to throw him into the river.

Before he could touch Huang Xiaolong, he flew backwards and landed into the river himself.

As soon as he did, countless yin spirits swarmed him. They devoured him whole as his miserable screams rang through the air.

Widening their eyes in shock, the young man who was looking at the other side of the river turned to look at Huang Xiaolong. The person who flew into the water just a second ago was his subordinate, and it was one of his most loyal subordinates!

Yue Qing's expression sank.

Chapter 3669: Yin Soul Ghost Ship

Jiang Dacheng's face turned as pale as a sheet when he saw what happened to the expert of the Yin Ghost Race. Even though he didn't see Huang Xiaolong doing it, he knew that Huang Xiaolong was behind it.

Yue Qing glared at Huang Xiaolong and he growled, "You're asking for death!"

As soon as he spoke, he started to walk towards the man.

One of the youngsters beside Yue Qing stopped him suddenly. "Wait!"

Yue Qing was slightly taken aback.

"Get someone to check his background." The youngster who stopped him whispered.

With his expression fluctuating slightly, Yue Qing eventually nodded and signaled to his subordinates.

The experts who were about to leap at Huang Xiaolong backed down.

“I wonder which family you come from?” The youngster who stopped Yue Qing asked Huang Xiaolong.

Ignoring the youngster, Huang Xiaolong kept his gaze fixed on the other side of the river.

The youngster frowned when he noticed that Huang Xiaolong wasn't paying attention to him.

“Brother Qi Wei, that human is too arrogant!” Yue Qing gnashed his teeth. “There's no need to investigate his identity any more! I'll kill him right now! He's just a mere human! There's no need to be afraid of him!”

The youngster called Qi Wei shook his head in response. “There's no rush. Wait for our fathers to come before dealing with him.”

Yue Qing could only agree reluctantly.

Standing at the riverbank, Huang Xiaolong saw that the Yin Ghost River was almost filled.

In the legends, ghost ships would appear when the river was filled. One could only cross the river if they got on board those ships.

Those who failed to board a ghost ship would never be able to cross the river.

Green Ghost tried it in the past, and he failed to reach the other side.

Those who arrived were waiting quietly for the river to fill up and the ghost ships to arrive.

Huang Xiaolong turned around and saw Jiang Dacheng standing over there in a daze. A chuckle left his lips, “Why don't you come over here too?”

Jiang Dacheng gashed his teeth after looking at Yue Qing and the rest. He eventually chose to head over to Huang Xiaolong's side.

The experts in the surroundings glared at Jiang Dacheng as though they wanted to eat him alive. Despite their hostility, Yue Qing remained silent and none of them moved against Jiang Dacheng.

When Jiang Dacheng arrived behind Huang Xiaolong, he bowed respectfully, "Lord..."

"Follow me up the ship later." Huang Xiaolong muttered.

A joyful expression formed on Jiang Dacheng's face and he thanked Huang Xiaolong profusely.

There were limited spaces on board a ghost ship. Not anyone could board one! For cultivators like Jiang Dacheng who only comprehended three elements to the grand perfection level, he would never get a chance to board a ghost ship.

Huang Xiaolong was giving him a massive chance!

Jiang Dacheng celebrated in his heart and thought that he should cherish the opportunity given to him.

In the distance, Yue Qing glared at Jiang Dacheng and asked his subordinates, "Which family is that guy from?"

They quickly came back with a reply.

"Oh? Jiang Family of the Nanfeng City?" Yue Qing thought about it for a moment before muttering, "His ancestor should be someone called Jiang Shuping."

Jiang Shuping paid his respects to Yue Qing during one of the many banquets in the past.

With Jiang Shuping's cultivation at the peak of the Dao Venerable Realm, he wasn't qualified to hold Yue Qing's shoes!

"That's the one..." His subordinate replied.

A chilly light flashed in Yue Qing's eyes and he growled, "His ancestor doesn't even have the ability to pour my tea. How dare a little eminent elder of his family stand against me?"

"Young Master, should we call Jiang Shuping over?"

Yue Qing harrumphed coldly, "Yes. Tell him to get his *ss over here right now. Tell him I wish to meet him. I want him to skin that eminent elder alive."

The subordinate bowed respectfully before sending the order to Jiang Shuping.

The moment Jiang Shuping received the order, he handed over all his responsibilities and rushed over from the Nanfeng City.

Half an hour later...

The river was almost completely filled.

"Lord, the Yin Ghost River should be completely filled in another half an hour." Jiang Dacheng whispered into Huang Xiaolong's ear. He couldn't help but start to panic when he saw the ever rising surface of water.

Huang Xiaolong smiled. "There's no need to be anxious. As long as you're with me, you'll definitely be able to reach the other side."

Jiang Dacheng rubbed his head in embarrassment, "I haven't been there before. I heard that there's a Sword Grave on the other side."

“Are you looking for a good sword?” Huang Xiaolong raised an eyebrow in surprise.

Jiang Dacheng nodded solemnly. “I’m someone who loves the dao of the sword and a good sword is all I ask for!”

“Since that’s the case, I’ll bring you there later.” Huang Xiaolong laughed.

Jiang Dacheng celebrated in his heart. It was extremely difficult to obtain a sword from the Sword Grave on the other side of the Yin Ghost River. With Huang Xiaolong around, things might become much easier! However, he hesitated slightly after thinking about it. “Will I hold the lord back with my request?”

Huang Xiaolong shook his head and laughed, “Of course not. Even if it will, you won’t take up too much time.”

“Lord, you said that you were planning to go to the Fengdu City to look for someone. I wonder who it is?” Jiang Dacheng asked all of a sudden. “Fengdu City is extremely dangerous! Moreover, the journey there is long. Lord, it’s dangerous to travel alone.”

A mischievous glint flashed in Huang Xiaolong’s eyes. “Oh. You should know the person I’m looking for.”

“I do?” Jiang Dacheng was taken aback.

“He’s called Zhu Chen.”

Jiang Dacheng’s eyes widened in fright. “Lord Zhu Chen? Are you talking about Lord Zhu Chen, the master of the Zhu Lan Lands?”

“That’s right.” Huang Xiaolong nodded.

“Why do you need to look for Lord Zhu Chen?” Jiang Dacheng asked. “Lord, do you wish to beg him for something?”

Huang Xiaolong nearly burst out laughing in response. “Beg him for something? Of course not. I’m going to beat him up until he agrees to be my subordinate.”

Jiang Dacheng stared at Huang Xiaolong in disbelief. He didn’t recover for a long time.

“Lord... You must be kidding...” Jiang Dacheng returned to reality after a long time and he forced a smile.

Huang Xiaolong smiled while remaining silent.

Half an hour later, the Yin Ghost River was completely filled up!

“Look! It’s a Ghost Ship! It appeared!” Many yells came from the crowd.

Everyone turned to look at the river and black ships started to appear. Some of them were large, and some of them were small. Those that were smaller in size could contain three people at most, and the larger ones could contain up to a hundred! The largest ship on the river could contain tens of thousands of experts!

The experts on the riverbank soared into the skies as they flew towards the largest ship.

The larger the ship, the faster it traveled. It allowed the cultivators to reach the other side earlier than the others and gave them more time to look for treasures.

Huang Xiaolong was in no rush to board the ships. He knew that every time the Yin Ghost River started to flood, there would be several Supreme Ghost King Ships. The speed of those ships was much faster than the ordinary ones!

Yue Qing, Qi Wei, and the other young masters were similarly waiting for the Supreme Ghost King Ships to arrive.

Chapter 3670: Nether Yang King

When Huang Xiaolong and the others were waiting, other experts started to arrive along the riverbank.

“That’s the Heavenly Blood Ghost King! The Heavenly Blood Ghost King has arrived!”

“Green Winged Ghost King! Evil Dragon Ghost King!”

Commotion broke out in the crowd as peerless experts started to arrive one by one.

Wang Yue Hong, the Heavenly Blood Ghost King Wei Guang, the Green Winged Ghost King, and Ao Fangwu, the Evil Dragon Ghost King arrived together!

The three of them were Gods of Creation at the peak of the grand completion stage. The three of them controlled countless large cities in the area.

“Lord Heavenly Blood Ghost King!”

The experts who hadn’t boarded the ships greeted them when the three of them arrived. Several ancestors who were about to board the ships froze on their spots.

Yue Hong, Wei Guang, and Ao Fangwu nodded at the crowd.

Yue Qing and the other young masters around them went over to greet their fathers.

“Father! You’re finally here!” Yue Qing grinned at Yue Hong.

“We ran into some matters along the way. Looks like we came at the right time!” Yue Hong laughed.

“Father, now that all of you are here, we can board the Supreme Ghost King Ship together!”

Yue Hong, Wei Guang, and Ao Fangwu looked at each other and Wei Guang shook his head eventually. "No. Lord Nether Yang King won't be the only one arriving later. There are several more terrifying figures. I'm afraid that we won't be able to board the Supreme Ghost King Ship this time!"

Yue Qing gasped. "Several more terrifying figures?!"

"Yes. I heard that Wu Zun will be coming too." Wei Guang said in a solemn tone.

"Lord Wu Zun?!" Yue Qing and the others exclaimed in fright.

Wu Zun's fame in the Green Ghost Lands was legendary! He was an existence who was barely weaker than Lord Nether Yang King!

"That's right. Lord Wu Zun is coming! He's not the only one. Senior Bing Yu will be coming too! Lord Jiu Yu is also part of the group." Ao Fangwu explained.

"Senior Bing Yu!"

"Lord Jiu Yu!"

The expressions on the faces of Yue Qing and the others changed.

Even though Senior Bing Yu wasn't as strong as Wu Zun, his status was exalted! It was said that he was the master of the Yin Reversal Ghost King! Even though it was just a rumor, that proved his seniority!

As for Lord Jiu Yu, he was Lord Gui Chi's direct disciple!

That was Lord Gui Chi they were talking about!

Without the Green Ghost personally controlling the matters that took place in the Green Ghost Lands, Gui Chi was king! As Gui Chi's personal disciple, Jiu Yu was considered the son of god!

Even the ten great ghost kings would dare to slight him!

“We have to wait for a little while more. We’ll choose a random ghost king ship later.” Yue Hong explained.

Ordinarily, there would be four Ghost King Ships when the Yin Ghost River was filled! One of them would be the Supreme Ghost King Ship!

Now that the Nether Yang King and other supreme beings were coming, the Nether Yang King would take one himself! Wu Zun would take another. Bing Yu and Jiu Yu would take the third, and the last one would belong to Yue Hong and the rest.

Anyone who dared to try to fight to board one of the four ships would be asking for death!

Yue Qing swept his gaze through the crowd and he saw Huang Xiaolong’s figure staring at the other side of the river. He turned to his father and complained, “Father, there’s one more thing I need to report.”

Yue Qing spoke about the event that transpired.

The three ghost kings stared at Huang Xiaolong in shock.

Since he had his back to them, they couldn’t see his face.

“What is that kid’s background? Have you found it yet?” Yue Hong asked.

“No. However, the kid behind him is an eminent elder of a tiny Jiang Family in the Nanfeng City. The old ancestor of their family is a Dao Venerable!” Yue Qing explained.

“The ship is here!” Ao Fangwu cried all of a sudden.

Everyone turned to look at the river and they saw a massive ship floating towards them. It was large enough to contain millions of people, and the body of the ship looked much sturdier than the other ships!

It emitted a majestic air.

Yue Hong muttered, "Since the ship is here, let's deal with the kid another time. The most important thing is to reach the other side!"

Yue Qing understood the seriousness of the matter and he nodded his head. Of course, he didn't forget to shoot a glare towards Huang Xiaolong's back. "He can thank his lucky stars!"

The three of them flew through the air and landed on the Ghost King Ship that arrived. Those who wanted to board could only return to the riverbank dejectedly.

With the three ghost kings working together, even ordinary half-step Universe Gods would have to back down.

Yue Qing and the young masters flew over to the same ship.

The Ghost King Ship was extremely fast, and it overtook the rest of the ships instantly. On the ship, Yue Qing didn't forget to glare at Huang Xiaolong one more time.

Jiang Dacheng who was hiding behind Huang Xiaolong covered in fear when he noticed Yue Qing's gaze. He muttered softly behind Huang Xiaolong, "Lord, that... That's the Heavenly Blood Ghost King! The Green Winged Ghost King and Evil Dragon Ghost King are beside him! I didn't think that they would appear together!"

Huang Xiaolong snorted nonchalantly. "They look alright. There's nothing to be afraid of."

Jiang Dacheng nearly cried from fright. "Lord, they might not look scary, but the experts who died in their hands number in the billions! Especially the Heavenly Blood Ghost King! No one knows how many supreme bloodlines he devoured!"

Huang Xiaolong nodded casually.

“Lord, why don’t... Why don’t we board a ship?” Jiang Dacheng asked cautiously. He saw that there were many ships already filled to the brim. Experts were starting to fight over the spots on the ships and miserable cries could be heard echoing through the air.

There were several experts who would fall into the river from time to time and become a yin spirit!

Jiang Dacheng’s face turned pale when he saw the fate of those who fell into the water.

“We’ll wait for a little while more.” Huang Xiaolong said.

“Lord, are you waiting for the next Ghost King Ship?”

“No. we’re waiting for the Supreme Ghost King Ship.”

The Supreme Ghost King Ship would usually appear at the end, and Huang Xiaolong wouldn’t bother boarding any other ships.

“Supreme... Supreme Ghost King Ship?!” Jiang Dacheng exclaimed in shock. “Lord, the Heavenly Blood Ghost King and the other said that there were several other supreme beings coming other than the Nether Yang King!”

“I know.”

A commotion broke through in the crowd again.

“Lord... Lord Nether Yang King is here!”
