Chapter 3681: Supreme Expert

Huang Xiaolong steered the Universe Boat towards the end of the Netherworld and when he closed in on the Eighteen Hell Grand Formation, he disembarked and hid the Universe Boat.

He traveled on foot towards the formation, and it didn't take him long to arrive.

The Eighteen Hell Grand Formation was made up of eighteen massive pillars that formed a massive circle. The area they covered was millions of miles large, and there was an altar-like structure in the middle. There were all sorts of runes inscribed onto the altar.

If the Eighteen Hell Dragon Formation were to activate, all eighteen pillars would emit rays of blinding light. They would form a giant light sphere that would fill every part of the Netherworld.

Now, the altar was dim and Huang Xiaolong couldn't see them reacting even a little. Even the Ghost Staff that was personally refined by the Green Ghost was missing!

The Ghost Staff might not be a universe treasure, but it was close to one. It was created near the start of the universe, and it was nearly as powerful as ordinary universe treasures. The staff was the reason behind the Eighteen Hell Grand Formation's power to suppress the evil ghosts residing in the depths of the Netherworld.

Now, it was gone!

Evidently, someone came to take it away.

However, the staff was personally refined by the Green Ghost. There were countless restrictions on the staff and not even Gui Shi or Jian Wushuang would be able to approach it!

Who in the world had the ability to steal the staff?!

Since the staff was removed, the Eighteen Hell Grand Formation ceased its operation and evil ghosts poured out from the Netherworld.

No one knew how many trillion evil ghosts there were, and they charged towards Huang Xiaolong in an endless tide.

Standing where he was, Huang Xiaolong circulated his grand cosmos energy. When he was ready, he approached the altar. When he passed through the pillars, he felt smaller than an ant! Every single pillar was tens of thousands of miles thick!

He quickly arrived in front of the altar.

The moment he did, a ray of sword light appeared from the void and slashed down towards him with a speed faster than the eye could see.

The ray of sword light had the ability to shatter the earth, and it was much stronger than the One Sword Universe Dao Jian Wushuang comprehended!

When Jian Wushuang displayed his abilities during the ceremony held by the Jian Family, Gui Shi and the White Xuan Old Woman were shocked. Now, the ray of sword light was several times more terrifying than that! One could only imagine how strong it was!

The moment it appeared, Huang Xiaolong reacted. He twisted his body to dodge the strike.

The sword light slammed into the altar, causing a deep cut to form on its side.

In the Eighteen Hell Grand Formation, everything was made with universe black steel essence. The entire area was lined with runes made by the Green Ghost himself, and not even Zhu Chen could cause a scratch to the surroundings. Now, the sword light managed to slice a huge chunk out of the land!

“Huh?”

The person who unleashed the sword light gasped in shock when he saw how easily Huang Xiaolong dodged.

Turning to look into the void, Huang Xiaolong muttered, "Are you planning on hiding like a wimp?"

The moment the words left his lips, a figure stepped out from the void. He was a youngster clad in golden robes. Weird light flickered around him and he gave off the aura of a ruler.

Huang Xiaolong's pupils constricted.

Before entering the Eighteen Hell Grand Formation, Huang Xiaolong had already guessed that the person who stole the staff was hiding nearby. However, he didn't expect to be unable to detect the man!

He felt a faint sense of danger coming from the golden-robed young man and it had been a long time since Huang Xiaolong felt something like that.

The golden-robed young man was the strongest person Huang Xiaolong had met till date!

Even though Huang Xiaolong hadn't met the Green Ghost, he was absolutely certain that the young man before him was stronger than the Green Ghost!

In fact, the golden-robed young man was stronger than himself!

His combat strength had to cross the 27 billion units mark!

Otherwise, Huang Xiaolong would never feel any sense of danger.

A name crossed his mind, and it was someone he didn't wish to meet.

Ferocious Devil!

The Ferocious Devil was the strongest person in the Unknown Space, and he was the only one whose combat abilities crossed the 27 billion units mark!

Even so, Huang Xiaolong denied the possibility. From what Jian Wushuang said, the Ferocious Devil was a middle-aged man who was as buff as could be. The devil qi around his body could be hidden at all. The young man before him didn't emit a single trace of devil qi!

"Who might you be?" Huang Xiaolong asked.

Chuckling slightly, the young man replied, "Hey, there's no need to get nervous. Why don't you tell me who you are?"

Staring down at Huang Xiaolong, he was like a hunter who was looking down on his prey.

Nervous?

It was true that his combat abilities had crossed the 27 billion mark. However, Huang Xiaolong wasn't nervous at all!

"Huang Xiaolong."

Huang Xiaolong?! A look of confusion flashed through his eyes. He felt that anyone who could dodge his sword light would be a well known figure in the Unknown Space. However, that was the first time he was hearing that name.

From the looks of it, Huang Xiaolong wasn't lying!

"I'm not going to waste time messing about with you. You're pretty strong so I'll give you two choices. One, you'll have to submit to me. Two, I'll refine you into a Yin God! I'll give you five minutes to think about it. Before you give me an answer, you better think it through. There's only one correct choice in this..."

Huang Xiaolong couldn't help but laugh when he heard the choices.

Didn't he say something along the same lines when he subdued the Limitless Master and the others?!

"Do you really think that you'll be able to suppress me?" Huang Xiaolong spoke casually.

A frown formed on the young man's face when he saw Huang Xiaolong's attitude to the situation. "Do you think you can escape now that you're here?! Let me tell you the truth. I am currently in control of the Eighteen Hell Grand Formation. The moment you entered, you sealed your fate. I was planning to lure the Green Ghost over by stealing his staff, but who would have thought that you would take his place?"

The Ghost Staff appeared in his hand all of a sudden and he waved it once. The grand formation activated once again as torrents of light trapped Huang Xiaolong.

It seemed as though the power of the formation became even stronger now that the Eighteen Hell Grand Formation was controlled by him!

Looking around him, Huang Xiaolong didn't panic in the slightest. The formation might trap the Green Ghost, but Huang Xiaolong was no Green Ghost.

"You have four minutes left."

Chapter 3682: Not From the Unknown Space

Huang Xiaolong didn't bother replying. Instead, he started to circulate his grand cosmos energy.

After five minutes, Huang Xiaolong knew that the young man would attack him instantly.

“Three minutes.” A frosty look slowly formed on the young man’s face when he saw Huang Xiaolong’s lack of reaction.

“Two...”

...

“One minute!” His voice rang in the air and his face turned unfriendly.

Seconds ticked by and five minutes were nearly up.

A short moment before the time was up, Huang Xiaolong sprung into action. A terrifying storm filled the space around him as starlight descended on the lands. 26.9 billion units of grand cosmos energy poured out from his body as the Star Dragon Divine Tree appeared. A branch several thousand miles long shot past at the young man clad in gold and sealed off all routes of retreat.

A sneer formed on the young man’s lips when Huang Xiaolong moved. He had long since expected Huang Xiaolong to try something when he didn’t surrender immediately. The Ghost Staff in his hand flew out to deflect the branch, but his eyes widened when he noticed what it really was.

He could feel the terrifying power of the Star Dragon Divine Tree and the universe source qi around it. Could it be?!

Without any time to think about it, he pushed himself to his limit in a desperate attempt to stop the strike.

The power of the staff emerged and countless fierce devils charged at the star dragon that had formed around the branch.

It was too bad the devils couldn’t even get close to the dragon. With a wave of its body, the star dragon phantom destroyed the devils before flying towards the golden robed young man.

Grunting, the man revealed the true form of the Ghost Staff that was countless miles tall. Several shadows of the staff appeared behind him to smash at the star dragons that were slowly forming around the branch.

The Reversal Sword that appeared in Huang Xiaolong's hand a while ago turned into a streak of light that appeared before the young man's chest. As the sword was too quick, it arrived before the man could react.

Using his grand cosmos energy to protect himself, he tried to stop the Reversal Sword.

It was too bad it was completely useless.

His defenses were comparable to a soap bubble that popped the moment the sword arrived.

Slashing into his chest, it didn't matter that he was wearing a pseudo universe treasure-level armor.

The sword emerged from the young man's back before returning to Huang Xiaolong's hand.

Roaring in rage, the man flew backwards to create some distance between them before snorting, "You... That's the Reversal Sword!"

He slowly raised his head to look at the giant tree above Huang Xiaolong.

"Star Dragon Divine Tree!"

"Yeah. I bet you didn't expect to see the Star Dragon Divine Tree and the Reversal Sword." Huang Xiaolong muttered softly.

It was true. There was no way he would be caught off guard if he knew, but it was too late for regrets.

One had to know that his combat strength had reached the 28 billion mark! He was a force to be reckoned with!

He sneered after seeing the treasures. "I didn't expect to see so many universe treasures. As it turns out, you're the one who exterminated the bodies of the Yin Reversal King and the Yang Nether King!"

Huang Xiaolong obtained the Reversal Sword in the Yin Soul River where he exterminated the physical bodies of the Yin Reversal King and the Yang Nether King. The news had already spread through the Unknown Space and many people knew about it.

"Hehe..." A burning gaze appeared in the young man's eyes. "Who would have thought that you would be lucky enough to obtain two universe treasures?! Aren't you aware of the crime of harboring a jade ring?"

A question came out of Huang Xiaolong's mouth, changing the atmosphere immediately. "Are you even from the Unknown Space?"

There was only a single existence in the Unknown Space whose combat abilities had crossed the 27 billion mark. Since the young man wasn't the Fierce Devil, he definitely came from somewhere else.

Staring at Huang Xiaolong in stunned silence for a moment, the young man eventually cackled, "You're right, I'm not from the Unknown Space."

Indeed...

A light flashed in Huang Xiaolong's eyes. If he wasn't from the Unknown Space, where did he come from?

He shouldn't be someone from the Thirteen Universes either. Huang Xiaolong traveled all around the thirteen universes before coming to the Unknown Space. There was no way he wouldn't know if an expert of the young man's level was present.

"You don't seem to be from the Unknown Space either." The young man chuckled.

“That’s right. I come from the Thirteen Universes.” Huang Xiaolong didn’t plan on hiding it.

“Thirteen Universes?!” The young man was stunned for a solid second.

He knew exactly how strong the members of the thirteen universes were. All of them were garbage! They didn’t have a supreme expert among them! It was hard to find a single person who crossed the 10 billion grand cosmos energy level, much less someone with 20 billion!

A sneer soon followed, “Even with the Star Dragon Divine Tree and the Reversal Sword, you’re trapped in my Eighteen Hell Grand Formation. If you hand them over, I’ll allow you to leave.”

Huang Xiaolong looked at the young man with a mocking smile, “You’ll allow me to leave if I hand them over? Do I look like I was born yesterday? Am I stupid or are you not thinking straight?”

With his expression sinking slightly, he narrowed his eyes and growled, “I was only injured because you caught me off guard. Do you really think that you can do it again?”

“I’ll give you one last chance. Hand over both treasures and I’ll swear in the name of the universe that I’ll allow you to leave.”

The words barely left his lips when Huang Xiaolong slashed at him once again. A billion light rays appeared and the Star Dragon Divine Tree swept at the young man.

Jumping back in fright, the young man left the grand formation. He pushed the formation to the limit as weird runes filled the space around Huang Xiaolong.

When the branch of the Star Dragon Divine Tree slammed into the light barrier, it didn’t manage to break through!

The young man heaved a sigh of relief and he chuckled, “If you really crossed the 27 billion units mark, you might really be able to break through the barrier. It’s too bad you’re not a match for me right now!”

“Is that so?” Huang Xiaolong muttered. With his aura soaring once again, waves of star dragon qi filled the grand formation. At the same time, the Three Gods Halberd appeared in his hand.

“Three Gods Halberd!” The golden robed young man was completely dumbfounded.

With the Reversal Sword in his left hand and the Three Gods Halberd in his right hand, he slashed at the barrier. At the same time, he fused with the Star Dragon Divine Tree and sent countless branches into the barrier.

A massive blast resounded through the skies.

The formation stopped operating all of a sudden.

Chapter 3683: Who Won?

The golden-robed young man jumped in fright.

He didn't expect Huang Xiaolong to possess the third ranked universe treasure, the Three Gods Halberd!

The Star Dragon Divine Tree and the Reversal Sword might not be able to destroy the formation, but the addition of the Three Gods Halberd was more than enough to overpower it!

He was planning to reactivate the formation once again when countless branches gathered together before shooting outwards. The light barrier created by the formation was shattered in an instant.

The young man couldn't reform the barrier in time.

Huang Xiaolong turned into a streak of light and charged out of the formation. The Reversal Sword and Three Gods Halberd in his hand didn't remain idle as they turned into streaks of light that tore through the void towards the young man.

Waving his hands desperately, two giant golden hoops appeared to smash into the two weapons.

The Reversal Sword and Three Gods Halberd returned to Huang Xiaolong's hand, and the hoops returned to the young man. It might look like a draw, but there were visible marks on the young man's golden hoops.

Huang Xiaolong's form in the Star Dragon Divine Tree continued his assault on the golden robed man.

He retreated once again and a giant golden cloth appeared in his hand without warning. Tossing it out, it expanded to cover the entire sky above them! A rain of golden light emerged and fell on the lands.

That was right! It was raining golden light!

Countless rays beamed down on Huang Xiaolong.

Staring at the incoming attack, Huang Xiaolong turned serious. He could see that the golden light contained extraordinary power and it was countless times stronger than the power of gold!

It contained a shocking corrosive power and it was of an extremely poisonous nature.

It was at a level Huang Xiaolong hadn't seen before!

Hastily using the power of the Star Dragon Divine Tree, star dragon qi filled the skies. Giant branches appeared to shield the main body, blocking off the golden rain.

Black smoke rose from the surface of the Star Dragon Divine Tree.

The sturdy universe treasure became riddled with holes!

One could only imagine how terrifying the golden rain was.

After so many years of battle, Huang Xiaolong hadn't met anyone who could scratch the Star Dragon Divine Tree, much less cause holes in them.

The golden rain wasn't slowing down as they continued to pelt down on Huang Xiaolong.

Tiny black holes continued to form on the tree.

Of course, the tiny holes would quickly close up with Huang Xiaolong's constant injection of grand cosmos energy. It was impossible for the young man to injure Huang Xiaolong with his golden rain.

Not stopping there, Huang Xiaolong's body flickered and the weapons in his hand shot towards the golden robed young man.

Destructive energy swept through the Netherworld.

The trillions upon trillions of evil devils that resided in the area failed to escape from the world-ending shockwave coming from the battle between the two supreme experts and they were vaporized completely.

As the battle raged on, the seventeenth level of the Netherworld was affected. The battle soon spread to the sixteenth and seventeenth level...

Yin Qi and Yin Guan who were waiting outside the first level felt the trembling coming from the Netherworld as they were discussing how they should deal with the matter of the evil ghosts.

They stared at each other in shock.

“What’s going on?!”

“It seems to be coming from the eighteenth level!”

“There’s a battle going on! I wonder who are the ones fighting... How can the battle spread up all eighteen levels?!”

Yin Qi and Yin Guan gasped in fright, along with the experts of the various families.

“City Lord, do you think Lord Huang...” Yin Guan spoke all of a sudden. Huang Xiaolong’s figure flashed through his mind the moment he felt the trembling.

Yin Qi raised an eyebrow in fright. However, he quickly shook his head. “I don’t think so. He might be stronger than me, but he isn’t that much stronger!”

The two energies that came from the eighteenth level of the Netherworld was far too terrifying!

In Yin Qi’s mind, there was no way Huang Xiaolong could possess such power!

While they were guessing the identities of the fighters, the ground shook once.

A frightening amount of power burst out from under the ground as it covered the city. Even with seventeen levels of the Netherworld between them, Yin Qi and the others felt suffocated.

The experts standing around felt their legs going soft.

The shocking thing was that the energy coming from the ground was growing stronger as time passed!

Finally, they were unable to bear the shockwaves coming from the ground and everyone started to escape from the city. When they finally left, the suffocating feeling receded.

“It’s too terrifying! The battle has to be between experts who crossed the 20 billion mark!”

“Who in the world are they?! Did Lord Zhu Chen start a battle with someone? Didn’t Lord Zhu Chen enter the eighteenth level two million yeras ago? He hasn’t returned since then...”

“Who is the other guy?! Is Lord Green Ghost down there too? Or could it be the God of Death or the Dragon Overlord?”

Everyone started to guess.

Whatever the case, the shockwaves of the battle expanded once again and they were forced to retreat even further.

Finally, they retreated hundreds of millions of miles away from the city.

Half a day later...

The energy that came from the ground disappeared.

Everyone turned to look at each other with confusion in their eyes.

“Did it stop?!”

“I wonder who won...”

Another half a day passed without any changes in the situation and the experts eventually returned to the city.

...

On the eighteenth level, Huang Xiaolong held a piece of golden cloth in his hands. It was sliced off by his Reversal Sword.

Initially, Huang Xiaolong managed to fight the man to a draw with the three universe treasures. However, as time went by, the limitless recovery power of the Star Dragon Divine Tree allowed Huang Xiaolong to gain the upper hand. In the end, the golden-robed young man decided to escape.

When he was running away, Huang Xiaolong managed to make a clean strike with the Reversal Sword.

Of course, he didn't choose to chase the man. With his current strength, he wouldn't be able to restrain the young man even with the Universe Boat. There was no need to reveal the strongest universe treasure when it would be of no help to himself.

The Universe Boat was Huang Xiaolong's trump card. He would use it in the future when he was sure of taking the golden-robed young man down!

Looking at the golden cloth in his hand, Huang Xiaolong eventually kept it away. When he meet Zhu Chen, the Green Ghost, or some other supreme overlords, he might be able to gain some information on it.

A weird burst of energy filled the eighteenth level of the Netherworld all of a sudden, and Huang Xiaolong turned to look in its direction.

It seemed to come from the Naihe Bridge...

Chapter 3684: Arrival of the Dragon Overlord and the God of Death

Huang Xiaolong quickly rushed over only to discover that the fluctuations had disappeared.

A frown formed on his face as he released his dao souls to look for any traces of the disturbance.

Could he be mistaken? However, several minutes later, the disturbance came again. This time, it was much stronger than before!

A light flashed in Huang Xiaolong's eyes as he stared at the Naihe Bridge filled with Blood Maggots.

Shrill cries came from every part of the bridge, and it was extremely unnerving. There were cries of ghosts accompanied by creepy laughter of children.

Slowly approaching the bridge, Huang Xiaolong thought about the stories he heard from Jian Wushuang and Gui Chi. He knew that one wouldn't be able to leave the bridge the moment they stepped foot on it.

Sucking in a long breath, Huang Xiaolong took the first step onto the Naihe Bridge.

Even though it was a forbidden zone for many, Huang Xiaolong had a multitude of universe treasures. With the Universe Boat as his trump card, he was confident that he could emerge unscathed.

When his foot landed on the bridge, a massive wave of blood qi charged towards him.

Huang Xiaolong might not be afraid, but he didn't dare to be careless either. He summoned the Star Dragon Divine Tree to create the star dragon world. As they formed a protective region one hundred meters around him, nothing could harm him. The blood maggots might possess terrifying corrosive power, but they couldn't compare to the golden rain summoned by the young man previously.

No matter how strong the blood maggots were, they couldn't do a thing to the star dragon world!

Huang Xiaolong released his dao souls and he discovered that they were suppressed by a special type of power coming from the bridge. Despite his powerful dao souls, he could only notice the situation ten thousand miles around himself.

Moreover, his dao souls used an insane amount of energy whenever he tried to scan his surroundings.

As he continued forward, Huang Xiaolong looked at his surroundings carefully.

The Blood Maggots weren't the only creatures he needed to be aware of. There were countless other monsters residing on the bridge, and one of the scariest beasts in the Unknown Space was said to live on the bridge itself!

Not too long after Huang Xiaolong ventured onto the bridge, a ray of green light shot towards him. The green light was shockingly fast and it seemed to ignore the defensive star dragon world around Huang Xiaolong! It arrived beside Huang Xiaolong's neck as the creature within chomped down!

It was too bad Huang Xiaolong had been prepared for any unexpected strikes.

The Reversal Sword in his hand swept outwards to slice the creature in two.

When it landed on the floor, Huang Xiaolong discovered that it was a weird monster with two massive fangs and creepy red eyes. It was the size of a fist, and there wasn't much face to speak of.

The freak was called the Poison Teeth Blood Monster.

It possessed much stronger abilities than the Blood Maggots and if it managed to bite someone, they would suck out their victim's blood essence!

The creature was covered in a ball of green light that made them extremely hard to kill.

Huang Xiaolong was lucky to possess the Reversal Sword. Otherwise, he might have to waste a little effort if he wished to kill the Poison Teeth Blood Monster.

After killing it, Huang Xiaolong continued onwards.

Not too long later, another weird creature attacked Huang Xiaolong.

The creature was silent and it was similar in color to the Blood Maggots. Even if one used their dao souls, they wouldn't be able to discover it easily. When it arrived behind Huang Xiaolong, it expanded by many times before coiling around the man. However, Huang Xiaolong chopped it up into a thousand pieces with a swing of his Reversal Sword.

The creature was something similar to a squid. Due to its color, it was called the Blood Tentacle Monster. It could control one's body and dao soul after latching onto its victim!

When it controlled its victim completely, it would become the new owner of the body!

The expert who was controlled would no longer be themselves.

As such, no one would dare to mess with the Blood Tentacle Monster.

Half a year passed in an instant.

In the time that passed, Huang Xiaolong killed an uncountable number of weird creatures.

Huang Xiaolong approached the source of the disturbance.

By then, the Dragon Overlord, the God of Death, and several other masters of their regions arrived in the Green Ghost Land as they rushed towards the Fengdu City.

There was an army of dragons following behind the Dragon Overlord, but there were only several dozen thousands of them.

The Death God Army followed behind the God of Death and they were similar in numbers.

The masters of the other regions brought along their strongest subordinates as they made their way over to the city.

More than half the Gods of Creation in the Unknown Space gathered in the Fengdu City and they had one goal and one goal only. They wanted the Reversal Sword!

The God of Death looked at the Dragon Overlord and he snorted, "Old dragon, you obtained the Yin Yang Fire Wheel. You should be more than content with what you have. Why are you here?! Go away!"

When the Dragon Overlord stole the map of the universe treasure from the Limitless Master, he managed to locate the treasure and refine it before anyone else got to him.

The Dragon Overlord roared with laughter and he continued, "You have the Blade of Death too. Since you're here for the Reversal Sword, why can't I look for it too?!"

Blade of Death!

That was also one of the thirteen universe treasures.

Actually, all five supreme overlords had a universe treasure each.

The God of Death snorted slightly and he didn't continue to bicker with the Dragon Overlord.

"According to Yin Qi, Huang Xiaolong is currently in the eighteenth level of the Netherworld. Zhu Chen is down there too." The Dragon Overlord changed the topic and continued, "Don't tell me the kid has the same goal as Zhu Chen..."

The God of Death shook his head and sighed, "Huang Xiaolong's goal might be Zhu Chen himself..."

"Huh?!" The Dragon Overlord stared at the God of Death in shock.

However, the God of Death's attention was no longer on the dragon. He looked at the entrance of the Netherworld that was covered with several layers of restrictions. "From the looks of it, Huang Xiaolong is probably as strong as me."

The Dragon Overlord snorted in contempt. "It's just several restrictions. They can't stop me!" After he spoke, he sent a punch flying towards the entrance. Like what happened previously when Huang Xiaolong came, the evil devils near the entrance were exterminated with a single hit. The punch only stopped when it went deep into the first level of the Netherworld.

"Kill your way in. Even if you have to flip the Netherworld over, find him!" The Dragon Overlord waved his hand and ordered the army behind him to advance.

He stepped into the entrance and the army followed close behind.

The God of Death waved his hand and gave the same order.

When the two of them entered, the masters of their various regions entered with their subordinates.

The experts of the Unknown Space flooded the Netherworld. No matter how many evil devils there were, they couldn't stop the supreme overlords advancement.

Chapter 3685: Finding Zhu Chen

There might be an endless number of evil devils, but they were up against the strongest power in the Unknown Space! The experts who arrived basically represented the apex of strength in the Unknown Space. No matter how many evil devils arrived, they were wiped out in the blink of an eye!

Naturally, there was no way they could advance faster than Huang Xiaolong when he came in previously. Huang Xiaolong charged in with the Universe Boat previously and his speed alone outclassed any one of them there! With their speed, the Dragon Overlord and the God of Death would need a year or two in order to arrive on the second level.

Half a year passed...

Huang Xiaolong arrived at the source of the disturbance on the Naihe Bridge.

When he saw what was there, he sucked in a cold breath.

There were countless Blood Tentacle Monsters and Poison Teeth Blood Monsters gathered together, and there were many other weird freaky creatures. There was an endless amount of them and they were comparable to the tide of evil devils outside.

These creatures were much stronger than evil devils and they were many times harder to kill!

Huang Xiaolong even noticed several giant creatures among them!

There was a Blood Tentacle Monster that was the size of a super mountain range standing in the middle of the cluster!

The Blood Tentacle Monsters that Huang Xiaolong met in the past were barely half a human tall. The one before him was millions of feet tall!

It was definitely a terrifying existence to say the least.

Of course, since there was a massive Blood Tentacle Monster, there had to be a similarly massive Poison Teeth Blood Monster.

Even if Huang Xiaolong used his butt to think, he would know that the two of them were the kings of the two creatures!

Every single creature on the Naihe Bridge had their own kings. The kings were the first creatures born when the Netherworld was created, and they were the most ancient of existences.

When the Green Ghost entered the Naihe Bridge in the past, even he was forced to retreat when he met them!

The creatures were far too strong. Their defensive and offensive capabilities far exceeded the Green Ghost's expectations. If the eighteenth level of the Netherworld existed, they would never die!

Other than the two, there were the Black Locust King, Yin Yan King, and Golden Centipede King.

The five of them surrounded a youngster that Huang Xiaolong had never seen before.

Even though that was the case, Huang Xiaolong quickly recognized the man as the old ancestor of the Zhu Family, Zhu Chen!

Zhu Chen tried to break free from the encirclement, but no matter how hard he tried, he would be forced back into the circle.

The disturbance came from the battle between Zhu Chen and the five monsters!

Huang Xiaolong could see that it was the end of the line for Zhu Chen. With the strength of the five kings, Zhu Chen would never be able to escape. If he didn't help the man, it was a matter of time before Zhu Chen turned into monster food.

"Golden Sun Circlet!"

Huang Xiaolong recognized the item at once. It was one of the thirteen universe treasures!

When they noticed Huang Xiaolong's arrival, they were shocked.

Zhu Chen noticed the Star Dragon Divine Tree that Huang Xiaolong transformed into and a burning gaze appeared on his face. "Star Dragon Divine Tree!"

The five kings revealed similar expressions.

However, the greed in Zhu Chen's face soon disappeared and he called out to Huang Xiaolong in excitement, "Fellow cultivator, please assist me! When we get out of here, I, Zhu Chen, will express my sincere gratitude!"

He knew that Huang Xiaolong had to be a powerful cultivator now that he made it all the way over to the end of the Naihe Bridge. With the Star Dragon Divine Tree, he felt that it was very possible for him to finally escape from the five monster kings!

“I can save you. But I want the Golden Sun Circlet!” Huang Xiaolong muttered.

Zhu Chen was shocked, but he soon roared in anger, “Are you crazy?!”

“If I refuse to do anything, do you think you will get the chance to emerge from the Netherworld? You’ll be turning into their food. When that happens, your treasure will end up with me.”

Huang Xiaolong wasn’t trying to scare Zhu Chen. It was true that he would die without Huang Xiaolong’s help. Next, he would deal with the five monster kings to retrieve the treasure.

With his expression sinking, Zhu Chen sneered, “Even if I die in their hands, do you think you can live?! Are you capable of escaping from all five of them?! You’ll be following me in death!”

Huang Xiaolong shrugged his shoulders and laughed, “Why would I need to escape?”

Zhu Chen was dumbfounded.

It was true. Huang Xiaolong never planned on escaping from the five of them. They would make excellent subordinates, and if Huang Xiaolong had to make a choice between the monster kings and Zhu Chen, he would choose them in a heartbeat.

Zhu Chen couldn’t help but frown in confusion when he heard what Huang Xiaolong said.

Could the brat be planning to...

A terrifying thought flashed through his mind.

When he was still stuck in a state of confusion, Huang Xiaolong moved. His figure flashed and he appeared before the five monster kings. The Three Gods Halberd in his hand flew out along with the Reversal Sword. Terrifying waves of energy filled the space the weapons crossed.

Even though there wasn't a proper sea in the Netherworld, there was an ocean of blood. The Three Gods Halberd had the ability to control any liquid, and it was easy to gain control of the blood ocean.

The Reversal Sword behaved the same. Countless monsters were sliced in half. The sword didn't stop there as it flew towards the five kings.

Ignoring Zhu Chen completely, they started their assault on Huang Xiaolong. However, Huang Xiaolong was close to the 27 billion units mark and he was leagues ahead of Zhu Chen. With the Three Gods Halberd in hand, he sent all five of them flying at once.

Zhu Chen stared at him in shock.

Even if the Green Ghost came, he wouldn't be able to do what Huang Xiaolong did!

Zhu Chen didn't expect the youngster before him to be so damn strong!

He sneakily moved to the side as the battle raged on.

It was too bad Huang Xiaolong had his sights on Zhu Chen long before he engaged the five monster kings. A ray of sword light emerged and flew towards Zhu Chen without any warning. In a state of desperation, Zhu Chen raised the Golden Sun Circlets in his hand to block the strike.

A blast ensued as rays of light filled the space around them.

Zhu Chen felt a sharp pain shooting up his arms and he retreated in haste.

"You!" He glared at Huang Xiaolong with rage as he didn't expect the man to move against him.

“Hand it over.” Huang Xiaolong didn’t plan to waste his time with Zhu Chen. After all, he knew what Zhu Chen was planning. He definitely wanted to escape when Huang Xiaolong was busy dealing with the five kings.

Chapter 3686: Subduing the Five Kings

Zhu Chen snorted coldly, “Dream on!”

Huang Xiaolong’s figure flashed once again and Zhu Chen became the target of the Three Gods Halberd. The Three Gods Halberd was no Reversal Sword! When it slammed into the Golden Sun Circlet, Zhu Chen lost feeling in his arms. The universe treasure was sent flying into the air as Zhu Chen spat out mouthfuls of blood.

A terrifying wave of energy appeared behind Huang Xiaolong all of a sudden. The five monster kings were back, and they weren’t planning on giving Huang Xiaolong a good time. They attacked him in unison and Huang Xiaolong no longer held back. The Reversal Sword and Three Gods Halberd turned to sweep towards the five monster kings and Huang Xiaolong summoned the four Universe Origin Fires to protect himself.

As soon as the origin fires appeared, the four fires’ spirits charged out as flames covered god knew how many miles around him. The entire space was turned into a sea of flames.

The five monster kings were able to defend themselves, but the tiny monsters weren’t so lucky. They were charred beyond belief by the sea of flames.

The four Universe Origin Fires were the source of all fire in the universe. It was the best counter to anything related to the Netherworld.

As such, Huang Xiaolong managed to burn off all the poison around him.

Even though the five monster kings were existences who lived since the creation of the Netherworld, they had to retreat in the face of the four Universe Origin Fires.

If they were only facing one of the fires, the five monster kings might not be afraid at all. However, all four of them appeared at once and even if the five monster kings were two times as strong as they were, they wouldn't be able to suppress the combination of the fires.

"Universe Origin Fires!" Zhu Chen yelled.

First there was the Star Dragon Divine Tree.

Then, the kid summoned the Reversal Sword and the Three Gods Halberd!

Now, he revealed the existence of the four Universe Origin Fires!

How in the world did someone gather four universe treasures?!

What kind of dog-sh*t luck did one have to have in order to obtain so many universe treasures?!

The five monster kings stared at each other in an attempt to communicate among themselves.

Soon after, they turned around to flee without any hesitation.

Since the Netherworld came into existence along with the universe, the five monster kings were more than experienced. They could see that Huang Xiaolong was no Zhu Chen! They had no chance of winning against him! As such, they decided to back off.

It was too bad Huang Xiaolong wouldn't allow any of them to get away. He made his preparations the moment he summoned the flames.

Starlight fell from the void and it transformed the space around them. An endless amount of star dragon qi filled the area.

The Star Dragon Divine Tree branches extended out at a speed faster than anything the monster kings could imagine and they quickly caught up.

The four origin fires also managed to catch up with the fleeing monster kings before long.

With the combination of the Universe Origin Fires and the Star Dragon Divine Tree, they were forced back towards Huang Xiaolong.

The branches of the Star Dragon Divine Tree started to extend in all directions, cutting off the space from the outside world.

Zhu Chen jumped in fright as he discovered that the seal trapped him in place too!

Huang Xiaolong couldn't be bothered with Zhu Chen at the moment and he made his way over to the five monster kings.

Zhu Chen was barely able to threaten him.

As such, he decided to deal with the five monster kings before anything else.

With the Star Dragon Divine Tree separating them from the outside world, Zhu Chen couldn't escape even if he wanted to!

Soon, the battle between one man and five monster kings began.

Heaven shattering blasts rang through the space.

In the star dragon world that was created, not a single creature was left other than the five monster kings and the two humans.

As the battle raged on, even Zhu Chen didn't dare to approach. He hid in one of the furthest corners of the star dragon world.

Despair filled his heart when he saw how Huang Xiaolong was suppressing all five monster kings.

The fear in his eyes grew stronger and stronger as time passed.

He tried his hardest to shatter the barrier created by the Star Dragon Divine Tree, but with his strength, he wasn't even close to causing a scratch in the barrier!

Even with his Golden Sun Circlet, he couldn't do a thing!

The Golden Sun Circlet might possess strong defensive abilities, but there was no way they were as strong as the Reversal Sword and the Three Gods Halberd!

The battle had the ability to shatter the heavens and split the earth. The space within the star dragon world was a mess and as the battle raged on, Zhu Chen could only use his Golden Sun Circlets to prevent himself from getting injured by the shockwaves.

No matter how strong it was, it failed to stop the impact completely.

Every time a blast rang through the skies, his heart would jump as he got ready to receive the incoming strike.

The battle raged on for one entire day.

After the day had passed, Huang Xiaolong finally subdued all five monster kings.

As they prostrated before him, they became five cute creatures that no longer possessed any threat to Huang Xiaolong.

When he saw the look in their eyes, he felt a weird feeling running through his body.

It was truly a weird feeling for five ferocious beasts to look at him that way.

After subduing them, Huang Xiaolong started to walk towards Zhu Chen.

When he arrived, Zhu Chen had sealed himself in the defensive barrier created by his universe treasure.

“What... What do you want from me?!”

Even when he faced the Green Ghost, he wasn't as afraid as he was now!

“You know what I want.” Huang Xiaolong muttered, “You saw what happened to the five of them. I'll give you three minutes to consider your fate.”

Zhu Chen's expression flickered uncontrollably.

Eventually, he fell to his knees as he submitted to Huang Xiaolong. He handed over his Golden Sun Circlet.

With Huang Xiaolong's strength, there was no way he could escape!

Huang Xiaolong retrieved the treasure and sighed.

Chapter 3687: Universe First Race

The circlet emitted warmth in his hands as it soothed his soul.

Sucking in a cold breath, Huang Xiaolong thought about all the universe treasures he gathered. There was the Universe Boat, Star Dragon Divine Tree, Three Gods Halberd, Reversal Sword, the four Universe Origin Fires, and the Golden Sun Circlet! He had six of them in total!

Legends had it that one would possess unimaginable power if they managed to gather all thirteen universe treasures!

Of course, that was nothing more than a rumor.

Still, Huang Xiaolong felt that he should at least try to gather all thirteen of them!

Even though no one had been able to gather all thirteen universe treasures since the ancient times, someone might be able to eventually!

Huang Xiaolong made Zhu Chen release his defenses before branding his soul.

Soon after, he asked Zhu Chen about the reason behind his entry to the Naihe Bridge.

“I received news that the Blood Axe might be located at the end of the Naihe Bridge. As such, I ventured onto the bridge. However, before I reached the end...” He paused after speaking up to that point.

Well, he was stopped by the five monster kings and his fate was clear for all to see.

“Oh? The blood axe is located at the end of the Naihe Bridge?!” Huang Xiaolong yelled in shock.

If he managed to obtain the axe, he would have seven universe treasures!

He would hold a majority of the treasures alone!

“Yes. I am more than eighty percent sure that the Blood Axe is here.” Zhu Chen nodded. “However, no one has been able to reach the end of the bridge!”

Huang Xiaolong looked at the five monster kings.

The face of the Blood Tentacle Monster King turned serious and he muttered, "Not even we managed to reach the end of the bridge. That's because the region at the end belongs to the Ghost Devil King!"

"Ghost Devil King?" Huang Xiaolong and Zhu Chen were taken aback.

That was the first time Zhu Chen was hearing the name,

The Golden Centipede King muttered, "The Ghost Devil King was born during the creation of the universe, just like us. No... He's slightly older than us if we need to be specific. Moreover, he's extremely mysterious and he never shows his face! He never leaves the Naihe Bridge and he's stronger than all five of us!"

"All the evil ghosts in the Netherworld can be said to be his descendants!"

The Yin Ant King continued, "Even the Green Ghost doesn't know about his existence. We're the only five who know about the Ghost Devil King."

Huang Xiaolong frowned. "How strong is he exactly?"

The five monster kings looked at each other as a look of confusion appeared on their faces.

"We have no idea..." The Black Locust King shook his head and sighed, "We only exchanged blows with him once, and all five of us were defeated by him easily. I'm afraid that the power he has is much stronger than what you displayed earlier."

Huang Xiaolong sucked in a cold breath.

How could he be so strong?!

Initially, Huang Xiaolong felt that the Ghost Devil King couldn't be much stronger than himself. Who would have thought that he could defeat the five of them easily?

He only managed to suppress them with the help of the Star Dragon Divine Tree, Three Gods Halberd, the Reversal Sword, and the four Universe Origin Fires.

Even though he was still hiding some trump cards by holding back his strength and the Universe Boat, that was close to all he had! With the Universe Boat, defeating the five would be easier, but it wouldn't be effortless!

A light flashed in his eyes as he looked towards the end of the bridge.

"How far are we from the end?" Huang Xiaolong asked.

"If you fly over with your fastest speed, you'll need half a year to get there." The Yin Ant King replied after thinking about it for a moment.

"What?!" Huang Xiaolong was appalled.

Zhu Chen was similarly stunned.

He thought that he was close to the end after running into the five monster kings, but he was wrong!

Half a year!

With Zhu Chen's speed, he would be able to cross the entire region owned by the Green Ghost if he flew for half a year, much less Huang Xiaolong.

How could the Naihe Bridge be so damn long?!

“Lord, since we know that the Blood Axe is located at the end of the bridge, we can look for it next time.” The Blood Tentacle Monster King said.

He might not have said it, but his meaning was clear. Huang Xiaolong was no match for the Ghost Devil King.

Huang Xiaolong glanced at the Blood Tentacle King from the corner of his eye and he eventually sighed, “Alright.”

He made several calculations before accepting the suggestion. Even if he used the Universe Boat and got the assistance of everyone present, he might be able to fight the Ghost Devil King to a draw. He might as well return to cultivate before coming back to suppress the Ghost Devil King after breaking through to the peak of the grand completion stage.

The moment he broke through, his strength would take a huge leap forward!

Of course, he didn’t leave the Naihe Bridge immediately. He planned to refine the Golden Sun Circlet before leaving.

The bridge might have been dangerous before he subdued the five kings, but now that things were different, there no longer existed anything that could threaten him!

Sitting down on the ground, he started to refine the treasure.

Zhu Chen and the five kings stood around him to defend the area.

With all of them around, not a single monster dared to approach.

Silence filed the land as he started to refine the treasure.

Countless years passed in a flash and Huang Xiaolong completed the refinement process.

However, he thought of something before leaving. He retrieved the golden cloth he obtained in the battle with the golden robed young man and he asked Zhu Chen, "I ran into a young man wearing golden robes earlier and we fought a little. This came from his clothes. Do you recognize it?"

"Golden robes?" Zhu Chen frowned. He started to examine the cloth in Huang Xiaolong's hand and his expression changed drastically. "Could it be?!"

Huang Xiaolong felt that Zhu Chen had already guessed the man's identity from his reaction.

"Who is that guy?"

"Lord, he... Did he use a giant golden cloth and huge golden cymbals?" Zhu Chen asked.

"Yes he did." Huang Xiaolong nodded.

"Then it has to be him! He's the Golden Cymbals King from the Universe First Race!"

"Universe First Race?!" Huang Xiaolong raised an eyebrow in confusion.

Like Huang Xiaolong, the five monster kings were equally as shocked.

"Yes. He's the Golden Cymbals King from the Universe First Race!" Zhu Chen explained. "Since the start of time, the thirteen universes gave birth to a supreme race that existed before the creation of everything else! They are known as the Universe First Race. When the universe was destroyed previously, they were behind it all!"

Huang Xiaolong gasped in shock. "What?!"

"Yes, they did it!" Zhu Chen continued, "There are thirteen kings in the Universe First Race. The Golden Cymbals King is ranked somewhere in the middle among them!"

Chapter 3688: Strongest in the Universe

“Ranked in the middle?” Huang Xiaolong frowned.

The Golden Cymbals King had crossed the 27 billion units mark in terms of combat abilities. Wouldn't that mean that there were at least six people stronger than that?!

“That's right!” Zhu Chen's expression was sullen when he spoke about the Universe First Race. “As the race that was born before the creation of everything else, they are the strongest people in existence. I heard that the Black Nether King who's the strongest among them is comparable to a true Universe God!”

Huang Xiaolong's heart sank when he heard the news.

Black Nether God!

He wasn't a Universe God, but he was comparable to one!

As he continued to cultivate, the terror of a Universe God shook Huang Xiaolong to the bone.

Even though the Black Nether King might not be one and he didn't possess the ability to rule over all of existence, his strength was shocking enough!

“Have you seen the Black Nether King before?” Huang Xiaolong asked Zhu Chen.

“No.” Zhu Chen shook his head.

“Huh?”

Zhu Chen continued, "In the past, the Universe First Race shattered the Thirteen Universes without the involvement of the Black Nether King. Because of the Ferocious Devil, we managed to survive as we moved to the Unknown Space. If the Black Nether King had moved against the universes in the past, nothing would be left."

When he thought about how the universes were destroyed, he felt his heart palpitating with fear.

The destruction of the universe caused a powerful shockwave to spread through every inch of existence. No one could escape their fate. Ancient races were destroyed and even half step Universe Gods were turned into dust.

Massive continent, holy world, and even great worlds were destroyed!

Zhu Chen clenched his fist as the blood drained from his face.

Huang Xiaolong's expression was equally as ugly.

The Black Nether King didn't even do anything in the past. Yet, the Thirteen Universes were destroyed! If he personally appeared, who in the world would be able to hold him back?

Even if Huang Xiaolong joined hands with the Ferocious Devil, they might not be able to do a thing!

In fact, he might not be a match for the Black Nether King even if he managed to gather all thirteen universe treasures!

One might be able to gain an unimaginable amount of strength after they gathered all thirteen universe treasures. However, one's cultivation base was all that mattered. Nothing mattered if one's cultivation realm was low! Compared to experts like the Black Nether King, Huang Xiaolong's cultivation was too damn low!

"When we sought refuge in the Unknown Space, we laid down countless restrictions to hide our presence. We should be able to detect the presence of any members of the Universe First Race as soon as they enter our region!" Zhu Chen realized how serious the problem was all of a sudden and he

gasp. “How in the world did the Golden Cymbals King enter the Netherworld without us detecting anything?”

“Did the restrictions lose their effect?”

Zhu Chen’s voice turned cold.

The appearance of the Golden Cymbals King caused fear to sprout in his heart.

An uneasy feeling filled his mind.

They had been at peace with the Universe First Race ever since they relocated to the Unknown Space. Even though the members of the Universe First Race knew of their presence, they didn’t launch any attack against them. The thirteen kings of the Universe First Race didn’t choose to hunt them down to the last man standing!

That was because they were afraid of the Ferocious Devil!

Now, the Golden Cymbals King came over sneakily and destroyed the Eighteen Hell Grand Formation in order to cause chaos in the Unknown Space!

Wouldn’t that mean that the Universe First Race was starting to move against them?!

Huang Xiaolong naturally thought of everything Zhu Chen could think of.

With his expression sinking slightly, Huang Xiaolong realized that if the Universe First Race moved against the Unknown Space, they would definitely do something to the Thirteen Universes!

When that happened, the Blazing Dragon World, Pangu World, and the other great worlds would be destroyed for sure!

With his strength, he might be able to escape into some pocket of space, but his family and friends would definitely die!

Huang Xiaolong clenched his fists tightly together.

“Are you able to contact the Ferocious Devil?” Huang Xiaolong asked Zhu Chen all of a sudden.

Zhu Chen shook his head and sighed, “Lord Devil hasn’t appeared in a long time. No one knows where he went. Not even the Dragon Overlord or the God of Death knows where he is!”

Huang Xiaolong frowned.

“The only person who might know where Lord Devil is is the Green Ghost.” Zhu Chen muttered.

“Green Ghost?!”

“That’s right. Lord Green Ghost might know where Lord Devil is. However, Lord Green Ghost hasn’t appeared for quite some time. There are some who say that Lord Green Ghost is currently hiding in some secret space with Lord Devil in order to comprehend the grand dao. Lord Devil has been hiding in seclusion all this time in order to raise his strength to fight against the members of the Universe First Race.”

Zhu Chen hesitated for a moment and he continued, “According to Lord Devil, the Universe First Race will definitely destroy the Thirteen Universes a second time since they already did it in the past.”

Huang Xiaolong nodded. He was afraid of that.

In fact, Huang Xiaolong had a feeling that the Universe First Race would move against the Thirteen Universes soon.

“Why do they wish to destroy the universe?” Huang Xiaolong asked.

“I have no idea. However, Lord Devil guessed that it has something to do with the Black Nether King breaking through to the Universe God Realm.”

“?!” A light flashed in Huang Xiaolong’s eyes. “Doesn’t that mean that the Black Nether King wishes to use the lives of the Thirteen Universes to break through?”

“That’s possible.” Zhu Chen nodded and continued, “He failed previously, and he might try again this time.”

As such, there might be a second and even third time!

He would do it again and again until he entered the Universe God Realm!

In order to save the Thirteen Universes, there was only one option! He had to get rid of the Black Nether King!

Soon after, Huang Xiaolong asked about matters regarding the Ferocious Devil.

Gui Chi might be the Green Ghost’s close aide, but he had no idea what went on with the Ferocious Devil.

Huang Xiaolong learned how strong the Ferocious Devil was from Zhu Chen. His combat strength has already crossed the 29 billion mark. However, Zhu Chen wasn’t exactly sure how strong he was!

Next, Huang Xiaolong asked if Zhu Chen and the others were really trapped in the Unknown Space. After all, he heard that they would draw over a terrifying tribulation if they left.

Zhu Chen nodded his head and explained, “That is true. We might have escaped from the Thirteen Universes in the past when it was getting destroyed, but we were struck by the curse that came along with the destruction. We only managed to suppress the curse using the power of the Unknown Space. If we leave, we’ll definitely draw over the destruction tribulation.”

Huang Xiaolong's heart sank. If Zhu Chen and the others were unable to leave the Unknown Space, he wouldn't be able to count on them when he fought with the Universe First Race in the future!

Chapter 3689: Battling the Dragon Overlord and the God of Death

He wouldn't be able to get the assistance of the Ferocious Devil when the day of reckoning came!

The Ferocious Devil had a combat power of more than 29 billion marks of grand cosmos energy! The battle would be much more manageable with his help!

Next, Huang Xiaolong asked about matters regarding the Universe First Race.

Of course, Zhu Chen only had limited knowledge on the Universe First Race. He knew that there were thirteen kings among them and he had a general understanding of their strength. That was about it.

He had no idea what any of the kings cultivated.

An hour later, Huang Xiaolong left the Naihe Bridge with Zhu Chen.

The five monster kings followed closely behind.

With their presence, no creatures dared to attack the group on their way out.

Right before they left, Huang Xiaolong turned around to stare in the direction of the end of the bridge. He decided to return after breaking through to the peak of the grand completion stage!

He would meet the Ghost Devil King in the future!

Zhu Chen and the others might not be able to leave the Unknown Space, but Huang Xiaolong learned that the monster kings of the Naihe Bridge weren't restricted by the curse!

If he subdued the Ghost Devil King in the future, he would definitely gain another powerful ally!

After traveling for a year, Huang Xiaolong and the others arrived at the entrance of the Naihe Bridge.

When Zhu Chen saw the entrance of the bridge, his heart thumped in excitement. If Huang Xiaolong hadn't arrived when he did, he might never have been able to leave the Naihe Bridge!

After they left, they appeared before the Eighteen Hell Grand Formation.

Huang Xiaolong sealed off the altar before entering the bridge, stopping any evil ghosts from running out into the Unknown Space.

"Let's go." Huang Xiaolong muttered.

They would talk about other matters when they left the Netherworld.

With Zhu Chen and the five monster kings behind him, Huang Xiaolong went towards the seventeenth level.

However, Huang Xiaolong took out the Universe Boat as he felt that they were traveling too slowly.

When Zhu Chen saw the giant boat appearing above his head, his jaws dropped.

The five monster kings gave similar reactions.

"Universe Boat!" Zhu Chen yelled.

“Yep.” Huang Xiaolong muttered. “If we travel alone, we’ll be too slow.”

After he spoke, he got on the ship.

Everyone followed closely behind.

Looking at the giant ship they boarded, Zhu Chen and the others felt a sense of disbelief rising in their minds.

Was that really the Universe Boat?! A trace of doubt formed in Zhu Chen’s mind.

However, that doubt was soon cleared.

The moment Huang Xiaolong activated the grand formation on the ship to propel them forward, he realized that the Universe Boat was the real deal! It was too f*cking fast!

With their shocking speed, they tore through the Netherworld.

Because of Huang Xiaolong’s seclusion in the Yin Soul River, his understanding of the grand dao increased by a huge amount!

Zhu Chen’s understanding of the grand dao wasn’t something Gui Chi or the others could compare to! Even Jian Wushuang was far from him!

As for the five monster kings, they were probably a little better than Zhu Chen.

When Huang Xiaolong discussed the dao with them, he felt a whole new door opening before his eyes!

Several dozen years passed in the blink of an eye.

Even though it had only been a short amount of time, Huang Xiaolong gained a whole new understanding in the intricacies of the universe and the grand dao.

Feeling that something was off, Huang Xiaolong released his dao souls to scan the situation around the Universe Boat.

He quickly discovered the experts who entered the Netherworld.

Even though he hadn't met the Dragon Overlord or the God of Death, he recognized them immediately.

He wasn't surprised to see that they were present. After all, he didn't hide his tracks after leaving the Yin Soul River. He knew that they would follow him into the Netherworld.

It seemed as though the Reversal Sword was an extremely alluring treasure. The experts of the various regions didn't care about the evil ghosts at all as they killed their way into the Netherworld in search of him.

Zhu Chen and the others felt that it was odd that Huang Xiaolong slowed down all of a sudden.

"Lord, this..." Zhu Chen asked.

Huang Xiaolong glanced at him from the corner of his eye and chuckled, "The Dragon Overlord and the God of Death came."

"?!" Zhu Chen was struck dumb by his revelation.

"I obtained the Reversal Sword in the Yin Soul River and the news probably reached them. The masters of several great regions, along with the Dragon Overlord and the God of Death brought their armies along to the Netherworld." Huang Xiaolong laughed.

"Several region masters?!" Zhu Chen gasped.

Huang Xiaolong quickly kept the Universe Boat as he stood in the middle of the air to wait for their arrival.

Several moments later, Zhu Chen and the five monster kings detected their presence.

Even though Zhu Chen was one of the supreme overlords in the Unknown Space, his expression changed when he saw the powerful army charging towards them.

The Dragon Overlord and God of Death quickly noticed the group.

The two supreme overlords stared at each other silently as they were surprised that Huang Xiaolong would wait for them to come.

They couldn't understand why Zhu Chen was part of Huang Xiaolong's group. Did the two know each other?!

Moreover, they were shocked to discover the presence of the five giant monster kings.

Every single one of them possessed an aura no weaker than Zhu Chen!

"The monster kings of the Naihe Bridge?!" The Dragon Overlord gasped.

Why would they be together with Huang Xiaolong and Zhu Chen?! Moreover, they seemed to be extremely respectful when they looked at Huang Xiaolong.

Even though they were confused, they led their armies towards the group. It didn't take long for them to run into each other.

The two groups stood opposite each other and the armies of the various factions stared at Huang Xiaolong's party in confusion.

Stepping up slightly, the Dragon Overlord growled, “Zhu Chen, we’re here for the kid. This has nothing to do with you.”

Before Zhu Chen could say anything, Huang Xiaolong raised his hand to stop the man. He stepped forward and flew towards the Dragon Overlord and the God of Death.

Chapter 3690: Solo Battle

The two were shocked to discover Huang Xiaolong’s approach.

The experts of the various regions stared at each other in confusion.

“Is Huang Xiaolong planning to fight against the two alone?!” The Nefarious Golden Master mocked.

“Hahaha! It’s possible!” A youngster who covered half his face sneered. “He even dares to kill the Yin Reversal King and Yang Nether King! Of course he’s confident enough to take on the two of them at the same time!”

Everyone broke into laughter.

The person who spoke was called Wei Zheng. He was comparable in strength to Gui Chi and his combat abilities closed in on the 20 billion mark. He was an existence who was only second to the supreme overlords!

Huang Xiaolong quickly arrived before the two.

“You can come at me together.” Huang Xiaolong stated in a flat tone.

The moment the words left his lips, everyone broke out into laughter.

“Hahaha! We’re right!”

The Nefarious Golden Master sneered, “He’s tired of living. Does he think that the Dragon Overlord and the God of Death are as weak as the Yin Reversal King and the Yang Nether King?!”

Both the Dragon Overlord and the God of Death frowned when they heard what Huang Xiaolong said.

“Brat, are you planning to fight us alone?!” The Dragon Overlord roared. His voice was thunderous and everyone felt their ears ringing. “Do you really think you have the capabilities to battle the two of us at once?”

The God of Death slowly approached Huang Xiaolong. “I’m more than enough if we wish to kill you. I’ll give you a chance to show off your Reversal Sword.”

Huang Xiaolong’s strength couldn’t be underestimated after he killed the two kings. His strength might have crossed the 20 billion mark, but the God of Death was confident that he could take Huang Xiaolong on no matter how strong he was.

With his combat strength at the 23 billion mark, he still had the Blade of Death to assist him. Not even the Dragon Overlord was confident of defeating him!

That was because he had the ability to control death! He was indestructible!

No matter how strong one’s attack was, it couldn’t affect his fleshy body.

“Why would I need the Reversal Sword to deal with you?” Huang Xiaolong shook his head and sighed.

The God of Death scoffed when he heard what Huang Xiaolong said.

“Since that’s what you think...” The Blade of Death appeared in his hand and he stabbed at Huang Xiaolong without any warning.

The Blade of Death was extremely quick. The God of Death didn't use any superfluous movement and his blade arrived beside Huang Xiaolong's neck in the blink of an eye.

However, Huang Xiaolong casually grabbed the blade with his fingers.

In front of everyone present, the Blade of Death was stuck between Huang Xiaolong's fingers!

The God of Death, the Dragon Overlord, and the various region masters stared at Huang Xiaolong with disbelief in their eyes.

Casually flicking the body of the blade, Huang Xiaolong wanted to see how strong the weapon actually was.

Clang!

A clear ringing sound filled the skies.

A terrifying shockwave swept through the lands, forcing the God of Death to retreat several dozen thousand miles.

When he landed on the ground, the rumbling didn't stop for a long time.

The sudden change caused everyone to stand rooted to their spots as their world view crumbled before them.

Not even the Dragon Overlord believed what he saw.

No one expected Huang Xiaolong to send the God of Death flying with a single tap!

Ignoring everyone, Huang Xiaolong walked towards the Dragon Overlord and sighed, "It's your turn."

Next, he looked at the region masters and continued, "You're free to attack me in a group."

The Dragon Overlord's expression sank.

A weird light flashed in Wei Zheng's and others' eyes. It was evident that they were thinking of working together to deal with Huang Xiaolong.

Even though they had no idea how Huang Xiaolong really was, they knew that he was stronger than the Dragon Overlord since he sent the God of Death flying easily.

They knew that they were no match for him individually.

When they were still hesitating, Huang Xiaolong moved. He appeared in front of Wei Zheng and the Nefarious Golden Master before sending a punch their way.

Their expressions changed drastically as they tried to retreat. It was too bad they failed to dodge the punch.

Huang Xiaolong's fist slammed heavily into their chests

The sound of bones shattering filled the air.

Everyone saw their innards being beaten out of their bodies.

The Nefarious Golden Master's strength ranked in the middle of the group, but he was comparable to Wei Zheng and Gui Chi! With his strength, he was nowhere comparable to Huang Xiaolong!

Wei Zheng's physical body was like paper in front of Huang Xiaolong.

Everyone who wanted to attack Huang Xiaolong second guessed themselves. They realized that they might not be able to defeat him even if they worked together.

Under their terrified gaze, Huang Xiaolong sent a punch towards the Dragon Overlord.

Reacting instantly, a pair of flame wheels appeared in his hand.

One of them was dark and the other was burning bright.

They were the Yin Yang Flame Wheels.

When the Dragon Overlord waved the wheels together, a terrifying tornado was formed.

The tornado attempted to block Huang Xiaolong.

It was too bad Huang Xiaolong's fist didn't slow down as it tore through the tornado. It smashed straight into the Dragon Overlord's chest.

Like the God of Death, the Dragon Overlord was sent flying. He landed beside the God of Death.

Everyone sucked in a cold breath.

They might have tried to overestimate Huang Xiaolong's strength, but they were far from it!

Huang Xiaolong didn't continue his assault as he looked at the two casually.

The God of Death and the Dragon Overlord crawled to their feet and fear filled their hearts.

"Who the hell are you?!" The Dragon Overlord yelled.

“Do you remember Huang Sheng?” Huang Xiaolong replied with a question of his own.

The Dragon Overlord stared at him in silence. “Are you talking about Huang Sheng from the Thirteen Universes?”

“Yes.” Huang Xiaolong summoned the Sun Moon Furnace and he released Huang Sheng along with Meng Tian.

The moment they appeared, they stared at the group of experts surrounding them in fright.

“Lord... Lord Dragon Overlord!” They exclaimed with disbelief and they felt as though their savior had appeared.
