

## Constellation 130

### Chapter 130: It's raining (2)

Therefore, at this moment, whether it was the explosion case or the arson case, they were all a warning, not a complete fall out with the Silver City's law enforcement agencies.

The Secretary's voice was very loud.

Li Hao also heard it.

...

This time, Li Hao also understood how terrifying and cunning the enemy was.

They didn't care about the participation of the demon-hunting squads, because they already had a plan ... To make the Silver City fall into chaos!

As long as it became chaotic, the demon hunting squad would be under enormous pressure.

Didn't you claim to be righteous?

So now, are you going to solve other cases and maintain peace in the silver Blizzard city, or are you going to stay and protect Li Hao?

"I know!"

Liu Long's voice remained calm, "I will handle it!" Secretary, I'm hanging up!"

He hung up the communication.

Liu Long glanced at Li Hao and was silent for a moment. Then he said, "You guys wait here and don't move. I'll go up and deal with it!"

"Boss!"

"This is what they want to see!" Liu Yan's expression changed slightly.

He let the demon hunting squad leave, too busy to take care of themselves.

From the beginning to the end, those people's target had been Li Hao. This was very clear.

"I know!" Liu Long nodded.

However, he had to go out.

If he didn't go out and didn't show himself, those people would continue to create all kinds of disasters and protect the Silver City. Sometimes, it wasn't just empty talk.

Liu Long still left.

At this moment, Li Hao's expression turned ugly. It wasn't because of Liu Long's departure, but because he was angry. He was angry at those people who wanted to kill him. They were really unscrupulous and unscrupulous in their actions!

They were using the lives of the entire city to force the demon hunting squad to not interfere.

Even if they felt that the demon hunting squad wasn't scary and could be dealt with, they still chose to use the Silver City as a threat just in case.

"He should be killed!"

Li Hao roared in his heart, but he was helpless. He was too weak.

.....

That night, Silver City was a little chaotic.

It was still raining.

However, Silver City was on fire in many places.

It was only when Liu Long appeared and led a team to patrol the surroundings that the chaos in the Silver City gradually subsided.

.....

Silver City ancient Academy.

The yuan family.

At this moment, Yuan Shuo was not the only one present. Two other night patrollers, Hu Hao and Li Meng, were also present. Li Meng's injuries seemed to have recovered a lot, but his face was still a little pale.

Hu Hao looked outside and felt the chaos outside. He said softly, "Elder Yuan, we've reported this to the Nightwalker headquarters, and reinforcements will arrive soon ... But for now, it's best if you don't go out. It's safer for you to wait here!"

Hu Hao vaguely understood that the other party didn't want to make an enemy out of the night patrolman. It wasn't to deal with Yuan Shuo either, but to deal with Yuan Shuo's students.

From the perspective of the night patrolmen, these people were extremely audacious ... They should be killed!

However, their mission was to protect Yuan Shuo. Therefore, Yuan Shuo was more important than Li Hao. They couldn't put Yuan Shuo in danger for Li Hao.

Yuan Shuo didn't say anything and just looked outside.

Outside, it gradually became quiet.

"You're so bold!"

Yuan Shuo suddenly opened his mouth and coldly said, "Superpowers are superpowers, mortals are mortals, but there are still laws in this world! This organization is too Savage. Do you know which organization it is?"

He was too Savage!

The Silver City was small and remote, but it was still an official city. Now, it was being used as a tool to threaten the night patrollers and the inspection Office.

"I'm not in charge of this, so I don't know much." However, to act so unscrupulously and hard to track ... They must be from the three major superpower organizations, Red Moon, flying heavens, and Yama!"

Yuan Shuo frowned when he heard the names of the three great organizations.

Is it one of the three organizations?

If that was the case ... His student's trouble would be greater than he had imagined.

These three organizations appeared even earlier than the night patrollers.

The night patrollers were established 20 years ago, but the three major organizations might have been established even earlier, just that they had never appeared. It was only until the night patrollers were established that the officials obtained some clues and knew of the existence of the three major organizations.

Compared to the other superpower organizations, Red Moon, flying heavens, and Yama were further in the field of superpower and had more powerhouses. With a quick glance, they could also discover many frightening secrets.

His strength was beyond imagination.

Yuan Shuo did not say anything else.

If it was one of the three great organizations ... They would be in big trouble this time. However, the other party had come to the Silver City only to deal with Li Hao. Even if they sent a powerhouse, it wouldn't be too big of a deal.

Otherwise, if they were really set up by the night patrolmen and lost some of their top powerhouses, that was not an outcome the three major organizations wanted to see.

Yuan Shuo did not move.

He was waiting.

Now was not the time for him to make a move. If he were to make a move ... Since it was his first time making a move, he naturally had to achieve something. Otherwise, if he did not kill the snake, it would be even more difficult to deal with in the future.

In the room.

The two night patrollers also had unsightly expressions.

The night patrollers were a legitimate superpower organization. However, at this moment, they felt a little sullen. They were not strong and this mission was not something they could take on. They could only watch as the night patrollers lost their dignity!

Although Silver City was small, it was still a city with a population of a million.

Today, however, he was enveloped in the deterrence of others.

“We’ll annihilate them sooner or later!”

Li Meng snorted coldly!

A newborn calf is not afraid of a Tiger. Her tone is very big, and her courage does not seem small.

Yuan Shuo didn’t say anything. Hu Hao sighed in his heart. His thinking was simple. If it could be destroyed, the night patrolmen would have made their move long ago, but they couldn’t do it. Moreover, the other party’s whereabouts were secretive, which led to today’s result.
