Chapter 231: Mrs. Qiao (7)

"You know him?"

"Of course!"

"You received gifts again?" Wang Ming frowned a little.

...

Forget about the small gifts, he even accepted mysterious energy.

He had already forgotten how he had thought that Li Hao was too petty and that he would either refuse to accept the mysterious energy or accept hundreds of cubes of it.

Li Hao said in a low voice, "it's not for me. It's for sister Liu. Sister Liu needs this, so the other party compensated her. You don't understand. This is money to buy your life!"

"You're making a decision for Liu Yan?"

Wang Ming was surprised. You dare to accept this?

Li Hao grinned. "It's fine. It'll be a waste not to take it!"

Sister Liu, do you want it?

Under normal circumstances, she wouldn't want it, but Li Hao felt that if he said a few more words, sister Liu would want it.

The enemy's gift, to increase his own strength, and then kill the enemy for revenge ... Why not?

Wang Ming cursed in his heart. Good fellow, this relationship ... Was really not ordinary.

Li Hao looked honest, but he was actually a guy with a lot of passion.

Of course, he had to do a good job when he was getting benefits from others.

The group of people quickly drove to the mine outside the city. Li Hao didn't even go in. He just took a look at the entrance, then quickly got into the car and left with a smile. It was as if he couldn't wait to go back immediately, because he had the mysterious energy with him and hadn't let it go on the way.

After Li Hao and the other man left, Qiao Peng suddenly spat!

"Short-sighted mouse!"

He scolded Li Hao for being so righteous.

In the end, he had accepted the reward and promised to check the mine, but this guy was afraid of dirtying his shoes, so he simply took a look outside and ran away without stopping.

"The night patrol made this guy the Deputy Minister ... They must be blind!"

He cursed again, but after thinking about it, he felt that it was a good thing. At least it saved him a lot of effort.

.....

At the same time.

In the car.

Li Hao's smile gradually disappeared. He glanced at Wang Ming for a long time before saying, "Old Wang, is riyao really an expert?"

"Nonsense!"

Wang Ming was speechless, "do you know how many Nightwatchers there are in the entire Silver Moon province?" One sun glory is the master warrior, and he can fight against a thousand people. Who isn't a strong master?"

Li Hao silently nodded.

He cursed in his heart. Really?

++!

In the depths of the mine, I saw three balls of light, three solar flares!

Including Qiao Feilong, it might be one three suns, three sun glory!

Are you kidding me? you're telling me that riyao is a top-tier powerhouse and can't be seen?

'I've only been in contact with them for a few days, and I've already seen a few three suns. Hao lianchuan, Broken Sky, and the possible Qiao Feilong, as well as the ones who were killed last time, riyao and Huang Yun. And now, there are actually three of them in the dark!'

"The Qiao family!"

He was also shocked. The Qiao family was just a tool for the Yama to make money?

Don't mess around!

If the Yama was so powerful, Li Hao felt that Red Moon and night patrolman couldn't compare to him at all. Who would place so many powerhouses in a secular money-making organization?

"It must be something from the eight great families that helped them advance ... It must be, one hundred percent!"

At this moment, Li Hao was certain that the Qiao family was not simple. They must have discovered something and possibly pocketed some benefits.

Otherwise, the Qiao family would not be so powerful.

A small group in a small city on the border of Blizzard Silver City could produce so many experts. Wasn't that looking down on the night patrollers?

If Wang Ming said that riyao was an expert, then he was definitely one.

However, Li Hao's heart ached at the benefits that the Qiao family had obtained. They couldn't have dug up all the remains, right?

Liu Yan's husband had been dead for a few years. The other party had discovered the remains a few years ago. Perhaps, they had managed to obtain a lot of good stuff in the past few years.

"The Qiao family has been holding back, and the Yama hasn't made any moves. I haven't heard of any movements in the Silver City ... Are the Qiao family and the Yama in cahoots? Or is it that the Qiao family did it behind the Yama's back?"

At this moment, he had some doubts in his heart.

Otherwise, Qiao Feilong might not be the only one on Yama's side. There might be other three sons that would come and lay in wait to reap the benefits.

At the very least, there had to be checks and balances!

"Let's go find the teacher!"

Li Hao was both scared and excited.

Perhaps, he could make a fortune this time ... Provided that he didn't die.

On the side, Wang Ming looked at him strangely.

This guy's face kept changing. Was he a chameleon?

Why are you so excited after receiving the mysterious energy?

Did he give a lot?

At this moment, he was a little tempted, but he quickly dismissed the idea. I'm not Li Hao. This guy is so short-sighted that he actually took advantage of me. I'll report him sooner or later!

Of course, if he were to share a little ... Bah, I, Wang Ming, would rather die than share the spoils with him!

All sorts of thoughts popped up in his mind, and Wang Ming sped up a lot.

Chapter 232: The master and disciple set up a new plan (1)

Silver City ancient Academy.

Li Hao had just left, but he did not go to see Yuan Shuo. Instead, he went to the Dean's building.

At this moment, he was heading straight for Yuan Shuo's courtyard.

...

Wang Ming didn't come, and that guy said he didn't want to run anymore, so he waited outside in his car. Li Hao didn't pay him any attention.

.....

In the small courtyard.

Yuan Shuo was sparring with a dog. Recently, Yuan Shuo's interest had been piqued, and he had been happily training the Black Panther every day. Li Hao didn't know what was wrong with his teacher, but he had been fighting with the Black Panther for almost half a month.

"Teacher!"

Li Hao had just called out when the Black Panther howled and rushed out, its front legs immediately grabbing onto Li Hao's thigh.

"Aowu! Woof woof! Meowmeowmeowmeow!"

Li Hao was stunned. What the hell was he shouting about?

"Heibao, why are you meowing like a cat?"

"Awoo, awoo ..."

The Black Panther was extremely anxious. It didn't want to either. That scary old man kept saying that it might not be a dog, but a hybrid. It might be able to climb trees like cats, bite like wolves, or plow the fields like cows ...

All in all, Heibao felt like he was in deep water and suffering recently!

It was too tragic.

Now that it had finally seen Li Hao, it was anxious. It wanted to run away with Li Hao and never stay with that old man again.

"You're here?"

Yuan Shuo looked much younger now. He did not care about Heibao and wiped his hands casually. "Don't run around for no reason. Practice martial arts when you have time. You came here with little Wang, right?"

"Yes, I was busy, so I didn't come to disturb you, teacher."

"I'm fine."

Yuan Shuo didn't care too much, and didn't ask why Wang Ming hadn't come yet. It was very normal; that guy would definitely be too embarrassed to come.

"This dog is not bad!"

Yuan Shuo chuckled and looked at Heibao, who was so scared that it wanted to tremble.

"Teacher, you hit it?" Li Hao asked helplessly.

"Hit it?"

Yuan Shuo laughed, "of course not!" I'm a teacher, and I rarely use physical punishment on people or dogs. Tell me, have I ever punished you?"

"No, I didn't,"

Li Hao replied, but his tone was a little strange. He didn't fight ... What was Black Panther afraid of?

Woof! Woof! Woof!

The Black Panther immediately cried out for a while. Yuan Shuo chuckled, "This dog is complaining? I didn't hit it, really. I only stimulated it with a knife and a few more times with the mysterious energy ... This dog's physical fitness is really good!"

At this moment, Li Hao understood.

He didn't know whether to laugh or cry.

This was worse than a beating!

Li Hao was well aware of the stimulation of the saber energy and the mysterious energy. Without the sword to neutralize it, that feeling ... Was really sour and cool.

If there was a sword to neutralize it, it would be very satisfying. But if there was no sword ... He could imagine how miserable Black Panther would be.

Of course, there was happiness in the pain.

Li Hao patted the Black Panther's head. "I'm giving you something good. Don't forget to cherish it. You should know that these treasures are hard to find outside!" You're da gouzi who's about to become a spirit, you should know how precious these things are. Didn't so many people die for these things last time?"

The Black Panther's eyes were filled with tears.

But ... What you don't know is that this pervert specifically used this energy to stimulate it in turns, saying that he wanted to test its limits. These few days, he was living a life worse than death!

Li Hao didn't pay any more attention to Black Panther. What a good opportunity.

The teachers wouldn't even bother with ordinary people.

This dog didn't know how lucky he was.

He was too lazy to care about the Black Panther's cry for help and kicked it away. The dog's claws were quite sharp, and there was a bit of piercing pain.

"Teacher, I have something to do."

"You wouldn't have wanted to come if there was nothing."

Yuan Shuo knew Li Hao too well, so he didn't bother to say anything. He minded his own business, and Li Hao could only follow him.

Yuan Shuo, however, was unwilling to hear him out first. He spoke first, "We're going to the ruins at the end of August!"

"I'm going too?"

Li Hao asked.

Yuan Shuo considered for a while and said with uncertainty, "I don't know, and I can't decide! The ancient ruins are both a crisis and an opportunity, and the ancient ruins I discovered might have some connection to the eight great families ... Not necessarily!"

It was related to the eight great families again!

Li Hao slightly frowned, "teacher, the eight great families' roots are in Silver City. Does that mean that Silver City has the remains of the eight great families?" Teacher is also an expert in this field. Could it be that you haven't discovered any remains in Silver City all these years?"

"The Silver City ..."

Yuan Shuo poured himself a cup of tea and walked out with the teacup in his hand, "I've seen Silver City. The Feng Shui is average, and it doesn't look like there's a big tomb. Of course, the ruins might not be a tomb. It could be that the ancient city sank and was covered in dust, but ... These things are rarely unearthed in Silver City. I have investigated before, but I have not found any traces of the ruins."

He was everyone!

Li Hao frowned. Even his teacher didn't notice anything?

"Teacher, Silver City might really have it!"

"What?"

Yuan Shuo frowned slightly and thought for a moment before saying, "If there is ... It's actually normal! After all, the legend of the eight great families originated from Silver City. I've been speculating over the past few days, and if there really is one, it should be in the eight trigrams!"

"Moreover, it's not an ordinary ruin. It might also be in a sealed state, and people can die easily!"

"You noticed?" he looked at Li Hao.

"Teacher, wait ..."

As Li Hao spoke, he entered the room and took out a piece of paper and a pen. He picked up the pen and quickly drew the outline of the Silver City on the paper.

It was similar to gossip!

In the past, he didn't pay much attention to it. There were many cities with such a layout, and the eight trigrams wasn't very special, so it was fine to see it as a circle.

Chapter 233: The master and disciple set up a new plan (2)

However, ever since Li Hao saw the Bagua diagram in the sky ... He couldn't see it now. Only when the red shadow entered his body and his blood boiled did Li Hao see it once. Perhaps he would need the blue Rain to see it.

Because the next few times, when he absorbed the power of the red shadow, he did not see that gossip.

But Li Hao remembered all this.

...

At this moment, he quickly drew a pattern.

It was a map of the silver Blizzard city, and it was also a Bagua Map. He quickly pointed a red dot in one of the areas.

Yuan Shuo took a look and raised his eyebrows slightly."North, li position in the eight trigrams. Li is fire, located in the northern suburbs of Silver City. This place ... Should be a mine. It seems to be owned by the Qiao's mining company."

Li position!

Li was fire. At this moment, Li Hao suddenly thought of the mysterious energy that Qiao Feilong had given him. It was of the fire element!

Perhaps it was just a coincidence, but Li Hao still subconsciously thought of this.

"There's a historical site here?"

Yuan Shuo looked at Li Hao in surprise.

He didn't wait for Li Hao to speak, and quickly said,""I've been to this place, but I didn't find anything, nor any clues to the remains. When I went there, it was because this place had collapsed once, so Mrs. Qiao invited me, hoping that I could reopen a mine ..."

He was a professor in the Department of ancient civilization, Feng Shui, and grave robbing ... Ahem, exploration.

It was normal to find him after reopening the mine.

Li Hao said in a deep voice, right here! I don't know the details, but I'm not making a wild guess. Teacher, do you know the background of our Silver city's Qiao's mining company?"

"Mrs. Qiao ... Qiao Feilong ..."

Yuan Shuo thought for a moment and recalled,""Qiao Feilong was originally a native of Silver City. When he was young, he left home to develop in another place. He only returned to Silver City when he was almost 40 years old. By then, he already had a family business."

"After that, the Qiao's mining company was established in Silver City for almost 30 years."

Not 20 years ago, but 30 years ago, he had returned to Silver City to start his business.

Therefore, under normal circumstances, even if the information about the eight great families was leaked, people would be able to associate it with the layout of the Crimson Moon more than ten years ago, but it would be difficult to imagine that the Qiao mining industry, which had existed for thirty years, was also related to the eight great families.

At this moment, Li Hao was also wondering if this guy had only contacted the Yama later, or if the Yama had really started planning thirty years ago.

The superpowers had not even risen!

Yuan Shuo continued, "Qiao Feilong also practiced martial arts, but his achievements weren't high. After he reached the tenth realm, he stopped practicing martial arts. The tenth realm was only for self-protection." Later, when the Qiao's mining industry expanded, he had the money to hire those martial masters as bodyguards, so naturally, he no longer studied these things. "

"But this guy is also a ruthless person behind the scenes. For his business to be able to reach its current state, he has done a lot of other things in private. It is easy to have conflicts in the mining industry. There were a lot of black mines in Silver City back then, but they were all destroyed by him!"

Yuan Shuo pointed at the spot Li Hao had drawn earlier. "This place used to have many black mines. Later, Qiao Feilong's Qiao's mining company took over, and not long after, those black mine owners were either dead or crippled ... Some of them took the initiative to sell their mines at a low price. The silver Blizzard city didn't do anything either, mainly because these black mine bosses aren't good people. They're dogs biting each other, and their mouths are full of fur!"

After a brief introduction, he said, "Of course. On the surface, Qiao Feilong is a big entrepreneur and philanthropist. He has donated a lot to Blizzard Silver City, including the ancient academy. There's also the Feilong laboratory building in the ancient academy, which he donated."

Li Hao thought for a moment and nodded. He had been there before.

He had forgotten that it was Qiao Feilong who had donated it.

Yuan Shuo looked at Li Hao, waiting for his message. The sudden mention of the Qiao's clearly had something to do with the Qiao 's. Could it be that a relic had been found in the Qiao's mine?

Li Hao revealed a smile. "Teacher, you've dealt with Qiao Feilong before. Do you think he's a super?"

"Yes!"

"Supers," Yuan Shuo replied calmly.

Li Hao was stunned.

"You know?"

"I don't know,"

Yuan Shuo was calm and composed. The next moment, he sneered, "You've already said so, and I still said no. Am I stupid or are you stupid?"

When his student asked this, he immediately understood.

Li Hao was speechless.

Yuan Shuo frowned, "he's a superhuman?" To be honest, I met him not long ago. If he is a superhuman ... He is either weak to the point where I can't sense him, or strong to the point where I can't sense him!"

There were only two possibilities!

He then added, "to be able to hide it from me, you even came here to tell me ... Could it be that this guy is an extremely powerful super?" Sunlight? Three yang?"

As for Yue Ming ... How could she be considered an expert?

"It's related to the ancient ruins," Yuan Shuo muttered to himself, "could it be that after obtaining the ancient ruins of the eight great families, there are ancient ruins under the mine?" So, after obtaining some benefits, he silently became an expert and has been hiding. What is he plotting?"

"There really is a relic in the Silver City ... I didn't find it. It's a pity. If I had found it, I would have entered the thousand warrior class A long time ago."

Yuan Shuo sighed with emotion and ignored Li Hao's desire to speak.

"Three yang?"

He mumbled, "if Qiao Feilong is a three-yang existence, he can't lead the ruins' exploration by himself. He must have someone to help him. Could it be that he also has sunlight under him?"

He touched his beardless chin and said, "One person. He's probably worried that the other party will run away with the money. At least two?"

Chapter 234: The master and disciple set up a new plan (3)

Only two could balance each other!

For someone like Qiao Feilong, trust was limited. It was impossible for him to trust a single person indefinitely. Furthermore, the other party was a big entrepreneur who had enough resources and money to train and accumulate a few supers.

"Silver City is a small place, but it's not peaceful!"

...

"Little Hao, if you don't care about the eight great families' ancestral graves or ancestral lands, then I think it's better not to provoke them. They're not easy to provoke!" Yuan Shuo sighed again.

Li Hao was speechless. I didn't even say anything.

Obviously, his teacher had determined that the other party had more than one expert.

The older the ginger, the spicier it was!

"Teacher, one of them might be Qiao Feilong from the three suns. The other three must be in the sunlit realm, and the last one is Yue Ying ..."

“Hiss!”

Yuan Shuo took a deep breath. “He’s really not to be trifled with. Little Hao, your teacher’s old bones won’t be able to withstand this kind of torment!”

“You want to take back the remains?” he asked Li Hao.

“No, I was just thinking ...” Li Hao said in embarrassment.

“That’s normal, after all, you’re the only successor of the eight great families, so the ruins of the eight great families should be yours, and What’s Yours Is Mine. So, Qiao Feilong is taking advantage of us, right?”

Li Hao hurriedly nodded.

Yuan Shuo continued, “also, the eight great families’ ruins may need your weapons or bloodlines to open, even if he can open it, it’ll only be a small opening, it’s impossible to completely open it!” So, he must have his eyes on you, so ... We’ve become enemies?”

Li Hao nodded again. His teacher was right!

Yuan Shuo raised his brows, “the one who strikes first gains the upper hand, and the one who strikes later suffers!” If you don’t want to do it, then do it in one go!”

“The other party might be a chess piece of Yama ...”

Before Li Hao could finish his sentence, Yuan Shuo said disapprovingly, “It’s fine, he’s definitely hiding it from the Yama! I know Qiao Feilong all too well. With such a benefit, if he tells Yama, it’ll be none of his business. It’d be a wonder if he would tell!”

“As long as we eliminate the root of the problem and get rid of Qiao Feilong, all the supers under him, his son, and all the helpers who helped him explore the remains ... Even if Yama has some guesses, he won’t be able to guess that the remains have really been discovered.”

Li Hao opened his mouth.

He was only suspicious, but his teacher was certain.

It was as if he understood Qiao Feilong very well!

Yuan Shuo suddenly laughed, “stop looking, it’s normal!” I, your teacher, am actually such a person as well. I was forced by the situation. Otherwise, do you think I’m willing to be a thug for the night patrollers, a tool, and help them explore the remains? I had no choice, otherwise, I would have taken it all for myself!”

He, Yuan Shuo, was really not a good person.

It was just Li Hao’s opinion.

If he, Yuan Shuo, were in Qiao Feilong’s shoes, he would do the same. This was a result of the older generation martial masters’ personalities. They were arrogant, selfish, and greedy—Yuan Shuo actually had all of them.

However, after many years of self-cultivation and knowing that he was going to die, he was disheartened and accepted Li Hao as a kind teacher.

The truth was that he, Yuan Shuo, was demon Yuan.

They were the same kind of people, so how could he not understand Qiao Feilong?

Furthermore, the moment he opened his mouth, he wanted to kill them all!

Not only that, Yuan Shuo's eyes narrowed. "Not only do we have to silence him, but we can't make too much of a commotion. We can't let too many people know that Qiao Feilong is an expert! It wasn't a problem for Qiao Feilong to be a Dark Moon, but he definitely couldn't be the three dazzling Suns! Otherwise, why would Qiao Feilong stay in the Silver City for so many years?"

"Yueming, that's no problem. Yama is a money-making tool and he has money. What's so great about becoming Yueming? The only thing you can't do is the three suns, understand?"

Li Hao wasn't used to his teacher's fast pace. "Teacher, you mean ... We're going to kill him directly?"

Yes, that was what Yuan Shuo meant.

Without any hesitation!

After Li Hao finished speaking, he began to think about how to silence them.

This efficiency, this decisiveness, this viciousness ... As expected of old demon Yuan!

Yuan Shuo snorted coldly, "indecisiveness leads to chaos!" Since he knew that they were enemies, of course he had to cut the weeds and eliminate the roots! I, your teacher, was too soft-hearted back then and didn't kill Ying Hongyue directly to let him escape. As a result, he's been hiding here and there for 20 years. Don't learn from me!"

If he didn't do it, he would do it, then he would do it to the end!

He looked in one direction, in the direction of the Qiao's mining headquarters.

Yuan Shuo was silent for a moment before he said, "even if I use my killing move again and kill Qiao Feilong, three sunlit powerhouses ... They won't be easy to deal with!" I can't fight all of them by myself, and I have to be fast. Are those three in the mine?"

"Right!"

"Then we have to split up!"

"I'll deal with Qiao Feilong, but I'll need to find someone to deal with the three from riyao. Other than food, we'll also need to deal with the other superpowers and his son!" Yuan Shuo said in a deep voice. This isn't something that one or two people can accomplish. If we don't move, if we move, we have to do it together and end the battle quickly, not letting a single person escape. "

"Silver City seems calm and peaceful, but I don't know how many eyes are watching us in secret."

He then added, "it's best not to reveal anything. Otherwise, once Qiao Feilong dies, some people might suspect the mine ... Or they can find a reason to say that they are related to the Crimson Moon. With

this as an excuse, they can be killed!" Then, use the night patrol to seal up the entire Qiao's mining industry!"

Li Hao scratched his head and said, "Is there any hope for us to deal with one sunlight if we all attack together?"

Chapter 235: The master and disciple set up a new plan (4)

"Almost!"

That was it.

That's right, if Liu Long's team, together with Wang Ming's group, worked together, they might only be able to deal with a single sunlight, which showed just how strong they were.

...

However, there were three sunlit realm cultivators!

Not to mention, there were other superpowers and martial masters in the Qiao's mining industry. Even in the mine, there were mine guards recruited by them. Although most of them were ordinary people, they were all cruel and ruthless people who carried some firearms.

This was also permitted. The Qiao's mining company had a gun license and also had a security company under it.

This time, Li Hao's head ached. "Then let's pretend we don't know. We can't do anything to them in the short term!" On the contrary, it's easy for mistakes to happen. Let them run away, it's good if they make a big deal out of it, or annihilate them all and make a big deal out of it, or even be annihilated by them ... I don't want to see any of those. "

Li Hao was more willing to deal with his opponent quietly and get some benefits, rather than making a scene.

If everyone really knew about it, so what if he had many treasures?

He wasn't interested in being chased all over the world!

In the central region, people above the three suns were fighting over a treasure. Li Hao didn't want to be the next target.

"I can't wait!"

"You can wait, but they won't!" Yuan Shuo said with a straight face. Qiao Feilong isn't stupid. He also knows that with the death of the three suns of the Crimson Moon, the Silver City has become a target of attention. The reason why no experts have come is because the central region is holding them back!"

"However, once the war in the central region has eased up a little, experts will quickly rush over, so Qiao Feilong is also fighting for time. He's definitely waiting for an opportunity to completely open the ruins, or to kill you and seize your sword or bloodline ..."

“He doesn’t know that I still have my sword.”

“Then I need your blood!”

“Do you think he only wants the sword?” Yuan Shuo said disapprovingly. His goal might not be the same as Crimson Moon’s. Crimson moon’s goal might be related to the gossip in the sky, but Qiao Feilong cares more about the present. Therefore, he hopes that your blood can open the ruins. ”

Li Hao nodded.

This was true.

Qiao Feilong didn’t necessarily care about the gossip map. Even if he knew, he might not care. Moreover, he was being targeted by the red moon, so he probably wanted to get a big haul and leave.

“So, even if I’m willing to wait, he won’t?” Li Hao said helplessly.

“I met him today,” she said. “He’s very warm and polite. It seems like ... He’s going to send me off soon?”

“More or less.”

Yuan Shuo laughed as well, “you’re not bad. You didn’t give yourself away, did you?” You’ve already sensed his strength, yet you’re not scared to the point of peeing?”

“How could I!”

Li Hao also laughed, “how can I embarrass my teacher?” Who does Qiao Feilong think he is? my teacher even killed three suns. Even if he’s a three suns, my teacher can kill him!”

It wasn’t to the extent of peeing, but he was really scared.

“Enough, don’t say these polite words. It’s boring.”

Yuan Shuo frowned and said, “we’d better think about how to solve this problem.” It’s really not easy to kill them all while making little movements. ”

“Where’s the night patrolman?” Li Hao asked in a low voice.

“Don’t be ridiculous!”

Yuan Shuo shook his head, “unless the night patrolman’s three suns are here!” Only one or two of them, Hao lianchuan or hou Xiaochen, can do it without a trace. But hou Xiaochen won’t leave white moon City. As for Hao lianchuan ...”

At this point, Yuan Shuo frowned and said, “don’t trust them too much. Who knows if they have other intentions? I don’t know much about Hao lianchuan. Although I know him, it’s easy for us to have disagreements when it comes to confidential matters. He also has a big backer behind him-the night watchman!”

In fact, it was not easy to cooperate with such a powerful backer.

If Hao lianchuan really fell out with them, Yuan Shuo and his disciple could not afford to offend the night patrol.

“A!”

“A!”

The master and disciple sighed at the same time.

Yuan Shuo looked at Li Hao, and Li Hao looked back at Yuan Shuo. The master and disciple both looked worried.

It’s not easy!

“Teacher, you’ve been running amuck in the martial arts world for so many years, don’t you have any good friends?”

Li Hao’s resentful expression made Yuan Shuo’s eyebrows twitch.

“Master, if the 100-plus martial masters in your era were to advance to super at the beginning, they would at least be at the sun glory realm. After so many years, they might even reach the three suns realm. Are your old friends all dead?”

“No, isn’t Ying Hongyue still alive?”

Yuan Shuo’s words made Li Hao feel embarrassed. “Forget I said anything.”

Ying Hongyue!

Perhaps he had surpassed three suns ... There was a high probability that he had surpassed them. They were the leaders of one of the three major organizations. Teacher really could make friends.

“I naturally have a few old friends ...”

Yuan Shuo laughed and quickly shook his head. “It’s precisely because we’re old friends that I don’t want to use things like interests to test and measure. It’s normal for brothers to break up because of an uneven distribution of spoils, let alone friends. To put it bluntly, old friends, it’s still okay to go through thick and thin together, but it’s too rare to see people sharing wealth and prosperity together!”

He had friends, and some of them were not weak.

However, he didn’t want to use this to test the waters.

If it was just an ordinary ruin, there would be no problem.

But this time, the eight great families and Li Hao were involved, and the key was that they might even have to kill Li Hao to open the remains ... It would be difficult to find those people.

What if Li Hao’s blood was required when the remains opened?

If he killed Li Hao, Yuan Shuo could hold back, but what about his old friend?

Chapter 236: The master and disciple set up a new plan (5)

In some people’s eyes, Li Hao’s death was nothing!

He didn't need to tell Li Hao about this.

His old friends might not do that, but he had to be on guard against Yuan Shuo.

...

The master and disciple sighed again!

"If there's really no other way," Yuan Shuo suddenly said, "then we'll look for Hao lianchuan!"

Li Hao was stunned. Didn't she say that she wasn't looking?

"There's no other way. The night patrolmen are still upright officials. Even if they're tempted, they'll at least go through the process and won't kill you directly ... They'll at least discuss with you and see if you can pay the price to take them down ... They're a little pedantic!"

He said that he was pedantic, but in the next moment, he said in a self-deprecating manner, "But it is also because of this pedantic nature that if you really encounter a problem, you can still find the night patrolman at the first moment. The best among the dwarves is the best. At least the night patrolman is more reliable than the others. "

This was the key.

He had no choice!

Yuan Shuo said in a deep voice, "rather than making a big deal out of it and attracting the attention of the Yama and the other large organizations, why don't we pay the price and get the night patrols to make a move?!" Even if the remains are taken away by them, the night patrolmen won't say that they'll kill you to open the remains, but they'll at least think of something ..."

Li Hao scratched his head again. "You want to kill me?"

"It's hard to say,"

"It's best if I don't have to kill you," Yuan Shuo said with a smile. "Even if the night patrollers get the remains, they probably won't do anything to you. Kid, think about it. Do you want to ask the night patrolmen for help, or do you want to take the risk?"

His gaze was a little dangerous. "I can try. I'll ambush Qiao Feilong first. If I can successfully kill him, I'll still have the strength to fight. Then, I'll go to the mine and kill those few glorious sun Warriors and silence the others ..."

It was extremely risky!

Li Hao immediately shook his head without thinking. "Why don't we ask the night patrolman for help...Right, teacher, I...Can I provide Captain Liu with some swordsmanship? Maybe he can step into the thousand warrior class?"

What if Liu Long had also stepped into the warrior tide?

Douqian was not inferior to some of the sunlit, and was even stronger.

It was actually very difficult for a Martial Master to win against a superhuman below the warrior dimension. However, once a warrior reached the warrior dimension and had the divine decree, sunlight was often no match for a warrior Dimension Master.

“He didn’t grasp force!”

“If he has grasped force, you can still give him the sword. There’s still a chance for him to advance before you exhaust it. But the problem is that this fellow doesn’t have enough control over force!” Yuan Shuo frowned.

Liu Long was more reliable than Hao lianchuan.

Unfortunately, he was a little weak.

Li Hao also frowned. “Force ... I don’t know if the captain has any insights after I talked to him last time. If he can understand force, coupled with sword energy, he can advance to the Qian warrior realm. Then, it will be much easier!”

At this point, Li Hao exhaled. “Teacher, I’ll go to the captain first to test his words. If the captain can advance to the thousand warrior class ... It might not be safe!” If it doesn’t work, we can call that Minister Qin...In short, if we can get rid of the Qiao ‘s, it’s fine even if some things are exposed. At worst, we can just give up on this remains!”

He was still very open-minded.

It wasn’t his style to value money over his life.

Mrs. Qiao is likely to have her eyes on him.

After the rainy night, his identity as the descendant of Li Hao’s eight great families had been exposed. Before that, perhaps only red Moon had used some methods to lock onto him, but Mrs. Qiao probably didn’t know about this.

Yuan Shuo nodded, and finally said, “little Hao, an outsider is an outsider. You can’t delay your own cultivation!” I’m currently changing the five elements “mysterious energy. When I get it, you can cultivate it quickly and advance quickly!”

Li Hao’s progress wasn’t slow, and he soon broke through 100.

However, during this period, Li Hao’s development was slower than others. The supers in his early years had already trained for 20 years.

It would be very difficult to catch up.

He had to do everything he could to advance as soon as possible in order to gain a firm foothold in this increasingly chaotic world.

Li Hao laughed. “Don’t worry, teacher. I’ve been absorbing the power of the red shadow these days. I’ve made some progress. I don’t need the second-layered force anymore. I can already release my internal force!” He can release inner strength from his four limbs. Now, he can also release inner strength from both his hands. He’s still improving rapidly. ”

He did not slack off, nor did he delay his cultivation.

The early stage of breaking through 100 meant that the inner strength could be released from all four limbs. He had already achieved the ability to release the inner strength from both arms. Of course, the red shadow technique was indispensable.

But now, the red shadow's power was almost exhausted.

Next, if Li Hao wanted to improve quickly, he had to obtain more benefits as soon as possible. He didn't know how long it would take for his teacher to exchange mysterious energy.

"Both arms are fine?"

Yuan Shuo was also speechless. That was fast.

Although he still looked like he was in the early 100th stage, or even not at the peak of the early stage, he could at least extend his limbs.

More importantly, how many days had it been?

At this rate, with the red shadow's full strength, this kid might be able to reach the level of limb extension in half a month.

"It's good that you didn't relax!"

Yuan Shuo nodded and continued. "You can practice the 'nine forms force' more before you make any major progress. You're only at the third-fold force now, right?"

"Yes."

"Trash!"

Yuan Shuo scolded, "this dog of yours, from what I saw earlier, he could already use triple layered force!"
Breaking through 100 usually starts with four-fold force!"

Li Hao was speechless.

Teacher, you seem to be scolding me.

'You dog' sounds like he's scolding me.

On the side, seeing that Yuan Shuo was talking about him, as if to show off or show off his usefulness, the Black Panther suddenly clawed at Li Hao, producing three afterimages of its paw!

Chapter 237: The master and disciple set up a new plan (6)

Not only that, even the fourth time could be faintly seen.

Li Hao was stunned.

This was almost the fourth-fold force?

...

“Teacher, Black Panther slashed the peak of the tenth realm?”

‘Ten decapitation realm can only last three times at most, and one can only last more than three times after breaking through 100. This dog ... Has become more powerful again?’

Yuan Shuo laughed and nodded, “This dog, I think it’s fast for him to break through 100, but once he breaks through 100, he should slow down. You idiot, it drank the soup from the head. Since the sword has been sealed for so many years, the soup from the head must be more effective, and it might even have some special abilities. But you were taken advantage of by a dog!”

He couldn’t help but curse.

The Jade sword’s energy was diluted for the first time, so the effect must have been excellent. Unfortunately, it was all drunk by the Black Panther. Li Hao only drank the sword-soaking water for the second time.

Li Hao, however, was in a good mood and was very optimistic. “Teacher, it’s different! If it wasn’t for Black Panther, I wouldn’t have discovered this. Perhaps I wouldn’t have been able to discover the special use of the Jade sword. At that time, my teacher was still over a hundred while I was just an ordinary person. Perhaps we would have died last time.”

Without the Black Panther’s discovery, Li Hao wouldn’t have known about the Jade sword energy.

If he didn’t know, Yuan Shuo wouldn’t teach him the breathing technique of five birds, because he hadn’t even entered the tenth realm, so it would be a waste to teach him!

If that was the case, Yuan Shuo would not be able to enter the warrior tide ...

One drink, one Peck, whoever said the right thing would take advantage of who?

At the side, the Black Panther hurriedly raised its head as if showing off that it was the one who had discovered the Jade sword’s uniqueness. Hurry up and praise this dog!

Li Hao smiled and kicked it. “It’s better to break through 100 realms early. Slashing Ten Realms isn’t enough! I was counting on you to help me, but it turned out to be of no use.”

“Aowu!”

The Black Panther was a little dejected. It was already very powerful, but the people Li Hao met were getting more and more powerful. There was nothing it could do.

After chatting with Yuan Shuo for a while and confirming that he would make the first move, Li Hao left in a hurry.

Go find the captain!

He wanted to take advantage of this opportunity and use the name of the other party colluding with the Yama to quietly get rid of the Qiao family without alerting anyone.

As for whether the Qiao family wanted to make a move on him ... Who cared!

Li Hao didn't think too much about it. Qiao Feilong had a hidden superpower that wasn't reported. Even if he was a good person, he could just kill him ... But in reality, he couldn't be a good person.

.....

After Li Hao left, Yuan Shuo's smile disappeared.

He sighed.

Damn it!

I've already entered the thousand warrior stage, and I can even fight with the three suns. However, the trouble that this bastard has attracted is getting bigger and bigger. It's already very difficult for me to improve in the Silver City. It seems that I have to go to the central region.

If a Martial Master didn't improve in battle, he would eventually become ordinary.

He was able to advance to the thousand warrior tier because he had broken through the hundred stage. He had swept the world and fought countless battles.

But now, his Foundation had been exhausted.

"Silver City is not a place to stay for long ... Even if there is another battle, there is a high probability that it will only be at the three yang level ..."

Above the three yang!

Yuan Shuo was even more eager to see this level. Not only that, but he also wanted to go to the central region and see the other martial masters.

He was the number one Martial Master in Silvermoon province, but that didn't mean there were no other powerful martial masters in the world.

When he broke 100, he was only able to run wild in Silver Moon province.

After leaving the Silver Moon province, there were already warrior Qian Masters outside. After all these years, he didn't know if these people were still alive or if they were still running amuck.

The chances of survival were very high!

After all, the warrior of thousand Warriors was comparable to the sun glory in the past. At that time, the power had just risen, and it was a big threat to those who broke through 100. However, it was not much of a threat to the warrior of thousand Warriors. On the contrary, they could absorb mysterious energy, and some of them might have even walked a stronger path.

"I'll be leaving now that I've successfully settled the matters here!"

Yuan Shuo sighed. He was a little worried about Li Hao, but if he didn't leave, he would only become weaker and weaker if he stayed here. The development of superpowers was too fast.

In the next moment, Yuan Shuo's fighting spirit was lifted!

Then let's use the Qiao family as a test!

“Qiao Feilong ... I’ve underestimated you!”

Qiao Feilong’s Smiling Tiger face appeared in his mind. He had never seen it before.

Chapter 238: The common point of martial masters (1)

At the law enforcement building.

When Li Hao and Wang Ming returned to the night patrolman’s station, they quickly went to Liu Long’s office.

Report the progress of today’s work.

...

.....

In the office.

Liu Long frowned as he leaned back in his chair, deep in thought.

“Come in!” He shouted when he heard the commotion.

The two of them pushed the door open and entered.

Liu Long was a little absent-minded. He glanced at the two of them and said in a depressed tone, “Are you done running?”

Wang Ming quickly said, “I’ve gone to half of the martial arts schools. I’ve gone to the Silver City ancient Academy, the Galaxy group, and Qiao’s mining company. There are still a few that I haven’t gone to, so I’m going to go tomorrow. It’s too late today.”

Liu Long slightly nodded.

“Are there superpowers outside of the staff?”

It wasn’t as if all the supers and martial masters had not been registered. Liu Long actually had a list of names provided by the inspection Office.

This time, the main purpose was to register the transcendents who were not listed.

“There are!”

Li Hao said, “a few more martial masters and supers were registered today. However, their strength is average. They are only ten-slash realm and Starlight master.”

As for the one from the Galaxy group who broke 100, there was a record.

This was not considered a supernumerary transcendence.

As for Qiao’s mining company, only three Starlight Masters were registered, and no more people were registered. It was not worth mentioning if there were less than a hundred people and Yue Ming. Liu Long would naturally check the records later.

“Hmph!”

“I don’t believe that with the development of superpowers and the increase in the number of dark moons, each clan doesn’t even have a single Dark Moon!” Liu Long scoffed.

This wasn’t ten years ago!

Or rather, even three years ago, Dark Moon was a rare sight. However, in the recent three years, after the war broke out, superpowers developed rapidly.

It was not rare to see a Dark Moon super.

Although Silver City was small, the major corporations were not short of money. In this era, even transcendents would sometimes have to work for others for money.

The major corporations didn’t even recruit a moon Hades master?

Who are you trying to fool?

“You still think that this is the same as before?”

Liu Long’s face was cold. He was an arrogant person. Otherwise, he wouldn’t have been dissatisfied with Li Hao the first time he saw him. Li Hao didn’t go through the law-enforcement team, but directly contacted Yuan Shuo to inform the law-enforcement team.

In Liu Long’s eyes, the dignity of the Inspector General had to be maintained.

In the end, these people obviously didn’t give him any face.

They didn’t even register the establishment of the branch, what a bunch of lies!

Wang Ming was a little more tolerant than him, or perhaps it could be said that he had seen this a lot in white moon City. At this moment, he consoled, “Minister, it’s normal! Even in white moon City, this kind of deception often happens. As long as you don’t cause trouble ... I don’t think it’s unacceptable.”

Liu Long said coldly, “therefore, the night patrolmen of white moon City have no authority in the entire Silvermoon province!” Otherwise, who would dare to be so presumptuous?”

Wang Ming was embarrassed.

There were some things that he could not say.

Besides, the night patrolman had his own difficulties. However, as a young man, he also felt aggrieved. After hearing Liu Long’s words, he could only remain silent.

“Boss!”

Li Hao interjected, “it can’t be helped. It’s said that there are very few night patrols in the central region. We have to keep a low profile in the border provinces. Otherwise, no one will support us if something happens ... I think the higher-ups have the same consideration.”

“Li Hao!”

Even Liu Long was shocked!

You, this fellow, now that you're an official, why do you have the same tone as your superiors?

It wasn't like this before!

Previously, when they talked about the night patrols, everyone was very dissatisfied. They felt that the night patrols didn't give much help to the Silver city's problems.

Good fellow, I gave you a promotion and you betrayed me?

On the side, even Wang Ming was a little contemptuous.

This guy was really an expert at changing sides with the wind.

Shameless!

"Boss, have you forgotten that We Are The Night patrollers?" Li Hao said with a smile.

If he scolded the night patrolman again, he would be scolding himself.

"Boss, if you really become a Night Watcher, protecting the dignity of the night watchers is equivalent to protecting our own dignity. If we scold them every day, it's equivalent to denying ourselves. In that case, why set up a branch of the night watchers?"

Liu Long was stunned and didn't quite understand.

He was used to his previous life.

I'm really not used to the changes. Li Hao is right, we're already night patrols.

He kept saying that the night patrollers were useless, but he was actually talking about himself.

If he did not have a sense of honor and could not integrate into the night patrolman system, how could he make the night patrolman stand up and gain the respect and fear of others?

"Yeah ... We're the night patrollers now!"

Liu Long sighed and waved his hand, ready to send them away.

Wang Ming didn't stand on ceremony and turned to leave.

Seeing that Li Hao didn't move, he was a little surprised. He turned to look at Li Hao, who smiled and said in a low voice, "I still have something else to report."

After saying that, he winked.

Wang Ming understood!

The tenth person!

It seemed that Li Hao was going to report the matter of the tenth person alone. He couldn't get involved in this matter. Forget it, he wouldn't ask too much, in case he betrayed Li Hao.

He left quickly without asking anything and was very cooperative.

.....

Wang Ming left.

“Is there anything else?” Liu Long frowned.

“Boss, we’ve discovered some hidden experts.”

“You discovered it?” Liu Long was a little surprised.

“No, Wang Ming and I discovered it together. He has some special abilities ...”

Liu Long looked at him suspiciously. Really?

They didn’t know how to say it themselves, so why did they let you report it?

“Wang Ming doesn’t want to say it, but that guy is very tsundere and thinks he’s from white moon City, so he doesn’t want to deal with a bumpkin like boss!”

“.....”

Liu Long became suspicious again and said in a low voice, “You didn’t make it up, did you?”

Chapter 239: Common ground of martial masters (2)

Sometimes, he felt that Li Hao was full of bad ideas and wasn’t a good person. Sometimes, he felt that Li Hao was simple and reliable, complicated, and perverted.

Li Hao grinned and didn’t say much.

Liu Long cursed in his heart!

...

It was definitely made up by the kid.

“Speak,” he said.

“Boss, I’ll ask you something first. If the Yama and Crimson Moon have strongholds, will we eliminate them?”

“Of course!”

Liu Long said coldly, “not all of the three great organizations are bad people ... However, those who are still in Silver City are definitely bad people!” Punish the evil, have you forgotten the purpose of our demon hunting mission?”

Li Hao actually doubted this!

“Protect justice!”

Li Hao nodded with a serious expression. “Uphold justice! Maintain peace! Slay demons! Our demon-hunting spirit will never be extinguished!”

“Tell me, did you discover the whereabouts of the three major organizations?” Liu Long asked, relieved.

“Yes.”

“Yama’s branch!” Li Hao nodded.

“It’s not the Crimson Moon?”

“No, it’s the Yama branch. Sister Liu said it’s the Qiao ‘s!”

Liu Long’s eyes moved slightly, but he didn’t say anything.

When Li Hao mentioned Mrs. Qiao, he had guessed that it must be related to Liu Yan, because he knew her situation. He slightly frowned. “Are you sure? Liu Yan had such a guess before, and even I had such a guess, but there was no evidence to prove it. You have to know that we are just, but ... That doesn’t mean that we can be punished without punishment!”

He still had a righteous heart.

Killing required some basic evidence and logic. Without any evidence, one could not kill indiscriminately. If that was the case, what difference would there be between them and those supers who killed the innocent?

Therefore, even though Liu Yan had said that there might be a problem with the Qiao ‘s, he had secretly investigated but didn’t find anything. In the end, he gave up.

He even sneaked into the Qiao family’s residence at night and stood beside old master Qiao, silently observing and keeping an eye on him. This situation continued for several days until he was sure that there were no problems, then he gave up on investigating the Qiao family.

The death of Liu Yan’s husband could only be attributed to an accident. Of course, the murderer had always been on the wanted list.

Li Hao laughed. “I don’t need any evidence. Just one point: Qiao Feilong is an expert, and he has a few hidden experts. Is this enough?”

“You’re joking!”

Liu Long chuckled. “Ten decapitation ... No, if someone in the ten decapitation realm who hasn’t practiced martial arts for more than ten years can be considered a strong practitioner, then I can’t refute your words. Qiao Feilong, I understand you too well!”

“Boss, you understand?”

“Of course!”

“Let’s put it this way, I’ve seen every part of his body!” Liu Long laughed.

“.....”

Li Hao was shocked!

This ... You guys actually ...

He was a little shocked. Then, could he not say it?

"I once stared at him for a few days in the dark, right by his bed ..."

"Boss!"

At this moment, Li Hao finally understood. He was shocked. "It's great that you're still alive!"

'Oh my God.'

You've followed a Third Sun and even watched from his bed for a few days, yet you're still alive ... It can only be said that in order to hide, Qiao Feilong had also braced himself to be seen by you.

Otherwise, I would have slapped you to death long ago.

You're over a hundred, but you're staring at a three yang every day. You even look at him peeing ... You're really perverted.

"What do you mean?"

Liu Long frowned, "you're saying that he's hiding his strength?" It's impossible!"

He wasn't stupid and understood what she meant."He doesn't have any superpower fluctuations. As for the Martial Master realm, although it's hard to see, I can see something from the toughness and luster of his skin. Although it's not too specific, I can still make a guess."

He believed that he would not be mistaken.

"Three suns!" Li Hao said in a deep voice.

"....."

Liu Long was stunned. He looked at Li Hao in a daze and said in a daze after a long while,""What?"

"Three suns!"

"Oh ..."

Liu Long was in a daze for a moment, and only came back to his senses after a while.

He stood up in a daze. After a long time, he looked at Li Hao, hesitating to say something.

"My teacher has confirmed it!"

Li Hao knew what answer he wanted and quickly gave it to him.

With Yuan Shuo's support, Liu Long instantly understood that this was true.

He could suspect Li Hao, but he didn't need to suspect Yuan Shuo. If Yuan Shuo said so, then it must be.

Three suns!

He was a little dazed. The Silver City had three suns, and they were the Silver City's own three suns.

Yes, if Qiao Feilong was a three Sun Expert, then he would be the number one expert in Silver City.

He, Liu Long, had always been worried that the Silver City would migrate. He had always thought that the Silver City wouldn't be able to gain a firm foothold without an expert. But now, he finally knew that the Silver City actually had an expert.

It was a pity that the other party had not stood up when the Silver City was in danger.

They were not there when the Crimson Moon came.

He wasn't around when the other superpowers committed crimes.

Qiao Feilong!

As for him, a three yang, he had always hidden his identity. Even when he had monitored him, he had not revealed a single thing.

The death of Liu Yan's husband must be related to Mrs. Qiao.

After a long time, Liu Long took a deep breath and said in a self-deprecating manner, "And here I was, thinking that I was the number one expert of the Silver City. In the end, first it was Yuan Shuo, and then it was him ... What a joke."

"My teacher is different!"

"I promise," Li Hao said in a deep voice. "My teacher will advance a few days ago. It's also the day I enter the tenth slash realm. He's not deliberately hiding it!"

Liu Long's expression changed.

Is that true?

He had always thought that Yuan Shuo had long advanced in rank, but he had been hiding it.

Chapter 240: Common ground of martial masters (3)

"Before this, I'm afraid teacher wasn't even as strong as you, boss!"

Li Hao knew that Liu Long had a knot in his heart. He even suspected that his teacher knew about Xiao Yuan's death but didn't interfere until something happened to him.

It wasn't like this!

...

Li Hao said solemnly, "I won't hide it!" "If my teacher was a Qian warrior when Xiao Yuan died and didn't care about it ... I wouldn't have maintained this relationship with my teacher. I would hate him, not admire him!" As for me, I admire my teacher because if my teacher was a warrior of the thousand worlds, I'm afraid he would have killed him long ago. Do you believe what I said, boss?"

"I do!"

Liu Long nodded.

He took a deep breath and regained his composure. "Three suns ... Interesting, it's related to the Yama."

He thought for a moment and said, "I'll report this to the higher-ups and see if we can get Minister Ke to come. I'm afraid that Hou Bu can't leave White Moon City. Since he's hiding his identity, whether it's public or private, we have to kill him!"

That's right, this person actually gave the same answer.

Whether it was Liu Long or Yuan Shuo.

These martial masters were sometimes really dark and vicious.

They didn't need any other evidence or words. When Li Hao said that the other party was three suns and had been hiding, they only had one thought—to strike first and kill him first. They wouldn't kill the wrong person!

If he really killed the wrong person ... That would be the other party's responsibility. Who asked him to hide his strength?

An expert who couldn't help the Silver City in any way, an expert who didn't care about the Silver City's troubles, if he died, then so be it. Liu Long and the others wouldn't regret it at all.

Li Hao was silent for a while. Then he said, "If you can kill them yourself, I'll give you three suns and over a thousand Fang Shen secret abilities to the team, boss, and the others, including the three sunlit experts, if you don't want them!"

Liu Long's eyes widened!

At this moment, he understood Li Hao's meaning. First, the other side still had three sunlit cultivators.

Second, he had communicated with Yuan Shuo and wanted to assassinate him!

Hogging all the benefits!

Of course, it was definitely not that simple. There were some things that were involved, and he quickly thought about it ...

Before he could figure it out, Li Hao said in a low voice, "He's in control of a relic ... It might be a relic! It's very likely to be my Li family's, so my teacher and I want this. We can't let too many people know."

"You're telling me?"

Liu Long's teeth ached.

When Li Hao said that he would kill him alone, he knew that there was a problem.

He didn't expect Li Hao to be so straightforward.

A relic!

A relic that belonged to the eight great families ... He now understood Li Hao's meaning.

Li Hao nodded, "Boss is trustworthy!" I trust my teacher the most in Silver City, and the second is boss."

“Hehe!”

Liu Long sneered, “forget it, I don’t need it. You can play by yourself. Don’t kill me. I still want to live for a few more years. What kind of strength do I have?” Over a hundred! One three suns is fine, but you said there are three sunlit ... Li Hao, are you being too arrogant?”

He was really floating!

Solo kill?

Do you expect me to join hands with your teacher?

Bah!

If I go up, I’ll be beaten to death.

Li Hao thought for a moment and said, “fire!” The mine outside the city is bombarding, but this won’t have a big impact, so I’ve considered the problem of the three sunlit people. If they dare, we can directly use weapons of mass destruction!”

Li Hao chuckled. “The name is simple. Colluding with the Crimson Moon ... Don’t even mention the Yama!” Don’t even mention it. Since we’ve already offended Red Moon, there’s no need to be afraid of offending more. Yama won’t admit it on his own. They’ve planted people in the Silver City, so they can only suffer in silence. ”

“Boss, can firearms kill sunlight?”

Liu Long fell into deep thought and said after a long while, “There’s a slight possibility that we’ll be caught off guard, but there’s actually some aura in the sun glory realm. It’s hard to explain aura clearly, but crisis perception is one of them.”

“Their speed is too fast. If they are good at other superpowers such as earth escape, they would have escaped in an instant. The effect of the cannon is limited.”

“Of course, if he’s hit by a Cannonball, he might not necessarily die, but he’ll definitely be seriously injured ...”

The sensing ability of sunlight was quite powerful.

The Cannonball was fast, but not to the point that sunlight couldn’t Dodge it.

This was also one of the limitations of firearms.

Of course, if it was a weapon of mass destruction with an extremely large area of effect, it could directly cover dozens of miles. Even if it was sunlight, it would be difficult to escape in an instant.

A weapon of this scale would only appear on a battlefield where both sides suffered heavy losses and died.

Otherwise, no one would have an advantage.

For example, in the central region, a battle like this had broken out. The night patrolmen had directly activated a city-destroying weapon and razed a tall mountain to the ground. The premise was that the

location was suitable. Otherwise, if the battle was fought within the city, countless people would be buried with it.

“Boss,” Li Hao said after a moment of silence, “if you advance to the warrior Qian level, are you confident in dealing with three sunlit Warriors?”

“Look at their cultivation, they’re at the intermediate stage or something ... If all martial masters are as strong as your teacher, then there’s no doubt that they’ll be able to do it. The point is, not everyone is like your teacher.”

Even though he had advanced to the combat thousands stage, he did not feel that he was stronger than Yuan Shuo.

Moreover, he was unable to advance.

“Boss, have you comprehended Shi?”

Liu Long furrowed his brows slightly, “No... But I have some clues!” “However, I had a powerful outburst the last time and my arms are quite badly injured. I haven’t had the chance to try it out, and my qi and blood are also a little damaged ... I’m afraid I’ll need some time to recuperate.”

Previously, in order to deal with the red shadow, his qi and blood had been boiling and evaporating. He only delayed it because he had a strength of over 100. Otherwise, he would have been crippled long ago.
