Chapter 271: Departure (5)

9 o' clock. Although it was a little late, for transcendents, day and night were almost the same.

Even if mu Sen didn't come, he would still go find him. It was best not to go out tonight.

Mu Sen nodded his head.

...

Li Hao said goodbye to them and left to find his teacher.

.....

The yuan family.

Yuan Shuo had a knuckle-like weapon in his hand, but it was mainly the sharp horn-like thing in the middle, which was the real Lethal Weapon.

The Zhang family's saber!

At this moment, Yuan Shuo pointed at the map on the desk, "Your party starts at 9 p.m. As the finale, I'll leave at 8:30 p.m. You drive. We'll pass by Qiao's mining company and arrive at Qiao's at about 8:45 p.m."

Blizzard Silver City was only a small city. At that time, there was almost no one on the road.

Moreover, there was a curfew tonight, so there would be even fewer people.

The Qiao's mining headquarters was located in the business district. There was no one there at night, and everyone had gone home after work.

Li Hao said, "teacher, Qiao Feilong is on the top floor. If we go up, we can't fly. We can only use the elevator or climb the stairs. Won't we give him too much time to react?"

Yuan Shuo laughed. "It doesn't matter. The flying bird technique is not to be trifled with. Even if you can't reach the top once, two times will be enough!" He won't be given too much time to react. He's used to hiding, so he won't be able to react so quickly!"

Li Hao nodded. He could only believe what his teacher said.

The master and disciple pair didn't say anything more.

Time also passed by slowly.

Soon, it was Seven o' clock. The sky outside had not completely darkened. The summer night came later.

.....

At the same time.

At the law enforcement building.

The inspection Office tonight was quite lively because the opening ceremony of the night patrollers 'division was held here. They didn't go to a hotel, but directly at the inspection Office.

At Seven o' clock, people had already started to arrive.

At the entrance, some law enforcement members of the inspection Division were in charge of welcoming guests.

The person in charge of welcoming them was mu Sen.

This chief of the inspection Office also made many people feel flattered. However, some people were a little confused, why aren't Liu Long and the others here?

A Dojo Master couldn't help but ask, "Secretary mu, is chief Liu not around?"

Mu Sen laughed and said, "yes, he is. However, he still has some matters to attend to. Tonight, Hao bu will be the host. With Hao bu here, it doesn't matter whether that guy is here or not!"

As soon as he said this, some people laughed, while others didn't dare to smile so as not to cause trouble.

As for Hao bu ... These people more or less knew a little about him.

The second-in-command of the Silver Moon province's night patrolman was a top-notch expert. It was an honor to meet him in Silver City. These martial masters who had only killed 10 or more than 100 people, or the superpowers of the star light and moon dark, did not dare to act presumptuously in front of this legendary three suns.

Inside.

The biggest Hall in the inspection Office was also cleaned up tonight for the inauguration ceremony.

Hao lianchuan frowned.

There were quite a few people in the huge Inspection Office and Hall, but he, Third Sun ... Seemed to be ignored.

He felt somewhat aggrieved!

Of course, he could understand why Liu Long and the others said that they were going to pay tribute to their comrades. However, that old fellow Yuan Shuo had actually not moved at all. Did he have to wait until the end to come?

His status was too high, and ordinary people didn't dare to talk to him, so he seemed to have nothing to do.

He could only blame himself for coming too early.

Who told the ceremony to be held at the inspection Office? since he had come to Silver City, he had nowhere else to go, so he could only stay at the inspection Office. He had originally thought that he could have a chat with Yuan Shuo when he came.

He looked at the busy Hall and then at the night patrolman who had not appeared at all ...

Hao lianchuan shook his head slightly. This is the most special founding ceremony I have ever seen.

Not a single master was around!

Shouldn't they at least leave a Deputy Minister to entertain everyone?

Fortunately, not long after, mu Sen ran in.

Mu Sen entered the hall and found Hao lianchuan. At this time, he was also a little impatient. "Hao bu, do you want to urge Liu Long and the others? The ceremony is about to begin. It's not appropriate for them to not be here. "

"It's not appropriate. "

Hao lianchuan shook his head. "They're going to pay respects to their comrades. It's not good to rush them. It's fine. It's fine if they're a little late. Just take it as giving these guys a warning!" Yuan Shuo, hurry him up!"

Mu Sen's face was filled with embarrassment. He could still urge Liu Long, but if he urged Yuan Shuo ... He was afraid of being scolded.

"Are you stupid? you don't dare to rush Yuan Shuo, but can't you contact Li Hao?"

Hao lianchuan was a little speechless. She didn't know how to be flexible.

Didn't Li Hao go to invite his teacher?

He was definitely with his teacher and most likely didn't go to the memorial.

Alright, mu Sen could only follow his orders.

He dialed Li Hao's number.

After a while, he hung up and said helplessly, "Li Hao said that his teacher said that he will leave at 8:30 and arrive at 9:00 sharp!"

"....."

Hao lianchuan cursed under his breath. How ostentatious.

He waved his hand impatiently. He didn't stay in the hall for long. He found a place to rest. These guys were unreliable. These guys from the Silver City were even more unreliable than what he had seen in the previous reports.

.....

As the various parties arrived one after another, a while passed.

A small silver car drove out of the yuan family's courtyard.

This was Yuan Shuo's car. Although he didn't drive it, he had it, and it wasn't something that a pauper like Li Hao could compare to.

Not only that, but it was also very trendy.

People of Yuan Shuo's age all liked black, but he didn't. He bought a flashy silver car.

At this moment, Li Hao was very nervous.

He felt that after this incident, his teacher's car might be scrapped. Of course, he didn't dare to say it at this moment. In any case, he would not pay for it even if he was beaten to death.

The small car gradually drove into the distance. On its way to the inspection Office, it would pass by Mrs. Qiao.

Chapter 272: great battle (1)

The silver carriage moved forward slowly.

In the car, there were two people and a dog.

After driving for a while, Li Hao's mood became restless. He took a deep breath and said while driving, "Teacher, if Qiao Peng and his driver are here, what if I can't beat them?"

...

In Li Hao's eyes, Qiao Peng, the driver, was an existence on the same level as the moon.

A hundred percent completion!

Of course, he had been invited to the banquet at the inspection Office today. However, he might have been late or might not have been there at all ... Who knew?

In any case, Li Hao didn't ask if the other party was going. If they were unlucky, they might meet him.

Yuan Shuo, who had been resting with his eyes closed, suddenly opened his eyes. "You've also broken through 100. You've cultivated the five birds technique and the nine forties technique. Even if you can't defeat him, you won't be killed instantly! If he really couldn't win, then he would slowly grind! Heibao also has some strength. If we cooperated well, we wouldn't have died so quickly."

His words were a little ruthless.

He wouldn't have died so quickly.

It was obvious that Yuan Shuo had considered the possibility of him encountering the other party, but he still brought Li Hao along.

Li Hao was silent.

Yuan Shuo calmly replied, "there will always be a time when a Young Eagle will spread its wings and fly high. You have that sword in your hand. I'm not afraid that you'll be seriously injured. You can recover anyway." What I'm afraid of is that you don't even have the courage. As a Martial Master, this is not good."

“As my closed-door disciple, I won’t force you to go against me. “However, you can at least hold on for a while and not die. You’re both over a hundred levels, so it’s nothing more than a difference in physical fitness. The other party doesn’t have Shi, but you still have the embryonic form of Shi. Why are you afraid of him?”

He believed that Li Hao didn’t need to be afraid.

There was no need!

“Remember, force is a Martial master’s trump card! A powerful douqian warrior will never be afraid of the sunlight. You have to understand that you’re not an ordinary warrior who has broken through the early 100th stage. As long as you don’t panic, no problem is a problem. I even look forward to you meeting him!”

There was only anticipation and no worry.

Li Hao smiled.”Teacher, I’m a newbie. Aren’t you afraid that I’ll die?”

“If he really died ... That’s also fate!”

Yuan Shuo said in a deep voice,”I can protect you for now, but I can’t protect you forever. Although your opponent is Yueying, in my eyes, she’s not much stronger than you. I hope you can meet such an opponent.”

“Understood!”

Bang! Just as Li Hao finished speaking, Yuan Shuo’s body trembled, and the corner of his mouth twitched.

Li Hao took a deep breath.”I’m a little nervous, teacher. It’s fine. I probably just hit the curb. It’s not a big problem.”

Then, Li Hao started the car again.

It wasn’t difficult to drive a car. It was just that it was his first time driving his teacher’s car, so he was a little uncomfortable.

He continued to drive on the empty road.

Tonight, it was very quiet.

The Silver City’s curfew was at eighto’ clock. Except for some people with special identities, no one was allowed to go out. The people of the Silver City were still very law-abiding. Not to mention that it was a small place, and there was no place for entertainment at night. In addition, the incident had just happened a few days ago, so there was really no one on the streets.

At this moment, a tall building was already in front of them.

Qiao’s mining industry!

The neon lights flickered and illuminated the surroundings.

Yuan Shuo clenched his fists and exhaled lightly. Was there any pressure?

A little bit.

Thousands of Warriors fighting three suns ...

The first time he fought the three suns, it was a complete sneak attack, showing weakness to the enemy, and only then did he have the initiative.

This was the second time. Everyone knew that he, Yuan Shuo, had killed three suns. At this moment, he might be able to launch a sneak attack, but he definitely could not show weakness to the enemy. No one would believe that he, Yuan Shuo, did not have the strength.

When Qiao Feilong discovered that it was Yuan Shuo who had made the move, he definitely wouldn't be careless, and he definitely wouldn't try to hide.

But ... Do I fear it?

No!

He had never been afraid!

There was only some vigilance and some solemnity, but there was absolutely no fear in his heart.

Having been a Martial Master for decades, Yuan Shuo had experienced at least a hundred battles of all sizes.

What qualifications did that Qiao Feilong have to compete with him?

He slowly unclenched his fist.

In front, Li Hao was still suggesting, "teacher, when we're there, why don't I pretend to have crashed into their building? maybe Qiao Feilong will come down. When he comes down, we can sneak attack him ..."

Yuan Shuo ignored him.

Did Li Hao's suggestion make sense?

A little.

But ... Too many coincidences made it seem a little deliberate.

If it was someone under the age of 30, he, Yuan Shuo, was willing to try it.

However, Qiao Feilong wasn't any younger than him. He had been in the business world for decades and was a sly old fox.

What a coincidence, Li Hao's car just happened to hit his building tonight?

What a coincidence, Li Hao went to the mine yesterday, and Liu Long followed him?

For Qiao Feilong, it was fine if it was a coincidence once or twice, but a third time ... It was no longer a coincidence!

"Teacher, what do you think?"

Li Hao was still jabbering on. He really felt that it was not bad.

He had accidentally crashed into the other party's building, and the owner of the building happened to be there. The ones who had crashed into him were Li Hao and Yuan Shuo. Should he, Qiao Feilong, come down to take a look?

Say hello or something?

At that time, he could smile when he saw her and then quickly stab her. Could he take advantage of her?

Li Hao was dreaming.

Yuan Shuo's voice was calm, "you're driving your car. It's not the right way to do things!" Besides ... Don't look down on your teacher too much. He's had the stone saber in his hand for many days, and he's been at the peak of the 100th level for several decades. Do you think that your teacher hasn't made any progress since he was ten days ago?"

Chapter 273: great battle (2)

Li Hao's face was serious, and he said no more.

In the passenger's seat, the Black Panther was lying motionless, as if it had felt the killing intent in the air.

.....

...

On the top floor of the Qiao's mining company.

Qiao Feilong stood by the window and looked down. He seemed to be able to vaguely see a small silver car slowly driving over from the ground, though it was not very clear.

At this moment, Qiao Feilong's mind was a little restless.

What did he forget?

Or was something about to happen?

The car below ... Seemed familiar.

There was a curfew tonight, and anyone who could drive on the road at this moment should be a transcendent who was participating in the meeting.

At this time ... The banquet was about to start.

Who was it?

Yuan Shuo!

He remembered now, it should be Yuan Shuo.

"Martial Master ..."

He mumbled to himself. Martial masters sometimes had many disadvantages, and sometimes they were also blessed by the heavens. For example, right now, he could only rely on his guesses and judgment, but he could not sense the other party's existence.

This was because the other party had no mysterious energy, only inner strength.

Inner strength was stored in the body and was extremely difficult to detect.

In the past, he didn't pay much attention to Yuan Shuo. A Martial Master who had broken through the hundred perfection realm was indeed formidable, but ... That was all there was to it.

However, when Yuan Shuo killed the three suns super, he had firmly remembered him.

Perhaps, he would have more contact with the other party in the future, or even fight with him.

He had also thought about how he should deal with Yuan Shuo, his imaginary enemy.

If he wanted to deal with Li Hao, or even kill Li Hao, Yuan Shuo might be a hurdle he could overcome.

Just as he was thinking, he was slightly distracted. Suddenly, he seemed to have seen something and felt that something was not right.

.....

At the same time.

Below.

Li Hao looked at his watch."It's 8:45 ..."

Li Hao said.

At 8:45, he would make the first move. One minute later, the people outside the city would make their move.

This was because the commotion caused by the battle here would be slightly smaller. Even if two top-tier existences were to fight, the news would not spread so quickly. However, it was different outside the city. Liu Long and the others had brought a large number of firearms.

Once the people outside the city made the first move, it would easily cause a huge commotion and attract Qiao Feilong's attention.

As soon as he finished speaking, Yuan Shuo, like an ape, jumped out of the car window at an incredible speed.

Yuan Shuo squeezed out of the small car window, but there was no movement at all.

Li Hao didn't stop the car. He just turned around and took a look.

At this moment, in the darkness, under the neon lights, a shadow shot up into the sky.

Yuan Shuo was like a big Bird. He took a step and leaped into the air. With this leap, he flew at least a hundred meters high. The height of this building was only that high. A thirty-story building was only a hundred meters high.

Li Hao was shocked.

The last time his teacher stepped into the air, he only managed to jump a dozen meters. Perhaps he didn't use his full strength, but this time, he was able to jump a hundred meters. It was clear that he was much stronger.

With incredible speed, Yuan Shuo soared into the sky. At this moment, it was as if he had seen a pair of eyes.

And the owner of those eyes had also seen him.

Through the window, Qiao Feilong's eyes were cold, somewhat shocked, but also somewhat relieved.

He's looking for me!

Yuan Shuo was here!

At this moment, a ball of flames rose from his body, carrying a sense of solemnity and heaviness. He didn't know how he had been exposed, but when Yuan Shuo stepped on the air and arrived, he knew that this battle was inevitable.

In fact, it could only be a matter of life and death.

He didn't know how much Yuan Shuo knew, nor did he know why Yuan Shuo was so sure that he had hidden his strength. However, after so many years of ups and downs in the business world, Qiao Feilong was shocked but not flustered.

A long blade made of flames appeared instantly.

At this moment, a man slashed out of the window with a saber, and the flames lit up the sky.

Each of them threw a punch from outside the window.

There was no small talk ... It was all a joke.

Both sides had the same goal, to kill each other.

The window didn't even make a sound as it was melted by the flames in an instant. The flaming long saber lit up the night.

On Yuan Shuo's fist, the stone blade emitted a faint light. When he punched out, it didn't look like a fist, but more like a blade.

The collision of two blades!

Without a sound, all the glass on the first floor of the building instantly shattered. The floor under Qiao Feilong's feet instantly shattered, cracked, and burned.

The fist and blade collided!

It wasn't until Qiao Feilong had taken a step back that Yuan Shuo had spun in the air.

At this moment, the sound was heard.

BOOM!

BOOM!

BOOM!

With a series of loud bangs, countless pieces of glass shattered. The entire top floor was full of potholes, as if it had been bombarded by countless artillery shells.

All the office tables and chairs were shattered.

Qiao Feilong took a step back and didn't lower his head to look. He only coughed lightly, and with a dripping sound, his hand was actually dripping with blood.

In his eyes, there was only shock, doubt, and a trace of shock.

Could Dou Qian really break through the defense of the three suns?

In fact, he felt that he did not have any defensive power at all, and his fire energy defense system was broken by the other party's punch. The inner strength of the punch shook his body, and the bones in his hand were broken.

This was a thousand-man battle?

No, this was only Yuan Shuo. Douqian ... Shouldn't be that strong.

Thinking only lasted for a moment.

Outside the window, Yuan Shuo was like a big Bird as he turned around and returned.

The next moment, the tiger's roar shook the world.

"Roar!"

This was a real Tiger. At this moment, everyone who saw him and heard his voice felt as if they were seeing a gorgeous Tiger coming down the mountain.

This was the true tiger fighting technique!

The ferocious tiger's roar shook the heavens, and with a deafening boom, the floor caved in. Yuan Shuo swung his fist once more, and with another loud bang, Qiao Feilong was punched into the ground, causing the ground to crack and him to fall from the top floor.

Chapter 274: The great battle (3)

As for Yuan Shuo, he stepped into the building.

At this moment, he was like the reincarnation of a God.

"Old Qiao, is this the case for three suns?"

...

Yuan Shuo stomped his foot, and the floor shattered. Countless gravel turned into sharp weapons that shot out in all directions.

In the next moment, a flaming long saber slashed at him silently!

Pfft!

With a soft sound, the entire floor was cut in half. As the flames burned, even the cement and steel bars were melted.

Yuan Shuo's movements were incomparably agile, and he disappeared in an instant.

When he reappeared, he was like a black bear pressing down on his head. With a boom, he directly stepped out of the top level and appeared on the next level.

In the smoke, the fiery-red long blade came again.

Qiao Feilong didn't reply, didn't say anything, and didn't ask anything.

No need!

After Yuan Shuo was killed, everything would naturally end.

He was more worried about where Hao lianchuan was.

That's right, was Hao lianchuan one of the people who had been killed by Yuan Shuo?

Or did Hao lianchuan go out of the city?

He was a little worried, but no matter what, he had to resolve Yuan Shuo's issue.

The flames no longer condensed into a long blade, but a sea of fire.

Blade mountain flame sea Guild!

At this moment, the entire building was lit up and burned.

Fire energy!

"Flashy without substance!"

Yuan Shuo's expression was cold. Only at this moment was he old demon Yuan.

I only have these two fists!

The fist that had killed countless martial artists in the early days of the rise of superpowers had killed countless superpowers. It was only when his fist was no longer strong enough that he became a grandson and hid in Silver City to retire.

But now, this pair of fists had become hard again!

"Kill!"

Like a demon, like a beast.

With a punch, the sea of fire shook.

With the eruption of his divine intent and his aura, he was like an invincible God on earth.

At this moment, he relied on this punch to extinguish the sea of flames. With a loud bang, he sent Qiao Feilong flying.

Qiao Feilong's face was filled with shock!

His mind was shaken!

This was Yuan Shuo?

He was actually no match for Yuan Shuo. He was really no match for Yuan Shuo.

In terms of technique, killing intent, and divine intent, he was not as good as his opponent. The only thing that was stronger than his opponent was his powerful super power, which prevented him from being defeated.

"Cough, cough, cough ..."

Fiery red blood seeped out from the corner of his mouth.

A fire Dragon appeared beneath Qiao Feilong's feet, and he instantly rose into the air. He gritted his teeth, and countless flames flew out again. This time, these flames were even stronger. With a boom, the floor of this floor was burned through again.

The two of them fought in the air, and a great battle instantly broke out.

Qiao Feilong found it inconceivable. He was one of the three suns, but he thought that Yuan Shuo had only killed Duan Tian because he had hidden his strength too deeply. Duan Tian had been too careless and was killed by Yuan Shuo's sneak attack.

However, this time, even though Yuan Shuo had launched a sneak attack, he had still been prepared for it ... He was still at a disadvantage.

Why?

It was incomprehensible!

Also, was the inner strength of a warrior of the universe that powerful?

It actually broke through his three yang defense.

Escape?

This thought flashed through his mind.

I can't escape!

The battle had only just begun. If he chose to run now, it meant that he would no longer have a chance to successfully counterattack. Once he ran, he would give Yuan Shuo an opportunity.

Boom! Boom! Boom!

Fist!

Countless punches!

Yuan Shuo didn't use any moves, only his Iron Fists, smashing down again and again.

Gradually, Qiao Feilong felt it and exhaled, coldly looking at Yuan Shuo.

I've found it!

Right fist!

His right fist was extremely powerful and had a special energy. It wasn't inner strength, but some kind of treasure. The brass knuckles were so big that they didn't look like brass knuckles.

Although Yuan Shuo's left fist was also extremely sharp, each punch only caused him some slight damage.

A treasure!

"Your brass knuckles ... Are extraordinary items?"

Cough, cough, cough.

After another bout of coughing, Qiao Feilong dodged the sharp edge and rapidly retreated, burning the floor floor layer by layer. He withstood the pressure of Yuan Shuo's powerful attack and frantically fell down.

Brass knuckles, extraordinary item.

Yuan Shuo remained silent and continued to attack.

He had a good eye, but he didn't have the mood to reply.

Just as he had taught Li Hao, as long as the enemy was still standing, he should not waste time talking to him. Unless he was far from being a match for the enemy and needed to stall for time ... The only way was to attack!

Continuous attacks!

With a loud boom, he swung his fist out again, smashing through the floor. In the next moment, Yuan Shuo was like an ape, floating in the air and kicking out. He was instantly suspended in the air and surrounded Qiao Feilong, kicking out dozens of times.

Bang Bang Bang!

Qiao Feilong was also retaliating. Flames burst forth, forming numerous fire dragons in an attempt to trap Yuan Shuo and burn him to death.

Qiao Feilong resisted and coughed, but his eyes remained clear.

He might not have had enough combat experience, but he would not die so easily. He had been in the business world for many years, so he still had the calmness he should have. He was even more difficult to deal with than Yuan Shuo had expected.

Not only that, at this moment, he opened his mouth again, wanting to attract Yuan Shuo's attention.

"Yuan Shuo, you're here for the ruins, right?"

Qiao Feilong's voice was filled with vicissitudes of life. "That's not something you and I can covet ... Don't force me to make the whole city know about it. Perhaps ... You and I can work together to explore it. You have the strength and experience, and I have decades of research results. Working together is the best way."

Yuan Shuo remained silent.

At this moment, a slightly dark shadow on the wall, like the shadow of the night, slowly approached them.

There was no sound, no smell, and no power.

He was even more mysterious than the red shadow.

The moment Qiao Feilong pointed out that the threat came from the Tiger on his right hand, the shadow in the darkness had a target.

Chapter 275: great battle (4)

It would be difficult to kill Yuan Shuo!

They knew clearly that the warrior power had the power and the Divine Will. Whether it was the red shadow or other things, they could deal with those above 100, but it would be difficult for the warrior power to invade their bodies.

However, it was difficult for the other party to discover them, especially at this moment.

...

In a battle between experts, one could not be distracted.

As long as he seized the brass knuckles, Qiao Feilong would have the opportunity to counterattack. Once he broke Yuan Shuo's offensive, Yuan Shuo would definitely be defeated.

.....

At the same time.

Underground.

Li Hao directly drove into the building, looked up, and left the broken silver car behind.

He saw a huge ball of light!

That was Qiao Feilong, needless to say.

But at this moment, Li Hao frowned.

The huge ball of light reflected a black shadow. What was that?

Before this, he hadn't seen anything near Qiao Feilong the last time he was here, but now ... What was that black shadow?

What he was looking at was not a wall or a material, but an energy source.

Qiao Feilong's fire energy and Yuan Shuo's inner strength couldn't be seen through. The black shadow that appeared in front of him was clearly a special energy source.

However, he had never seen her before.

The black shadow was wandering toward the light ball.

Li Hao wasn't stupid. He had clearly guessed that this might be Qiao Feilong's hidden move. The other party might want to ambush his teacher.

However, should he shout now?

Putting aside the question of whether Yuan Shuo could hear him, even if he could, it would surely trigger the black shadow to pounce on his teacher.

"The strength of the black shadow feels like the sun, not like the three suns ..."

What to do?

Cheer?

These thoughts instantly appeared in his mind.

"Night patrolman, you're on duty. Qiao Feilong, surrender!"

At this moment, Li Hao shouted.

They didn't know if the two of them could hear him, but Li Hao had used the tiger's roar in the forest, which was like the roar of a young tiger.

In the next moment, he uttered some strange words, "The three spirits protect the flag, the heavenly Mountain and the southern mountain are in my heart ..."

A secret message!

There was a secret code between Yuan Shuo and his students, which was used to exchange the contents of some special ancient books and secret skills such as the breathing technique of five birds. At this time, Yuan Shuo would communicate with his students in the secret code.

When Li Hao and Yuan Shuo taught the breathing technique of five birds through the communication device, they had communicated with each other in secret.

At this moment, Yuan Shuo kicked out from the sky and shattered a floor.

He and the other party were getting deeper and deeper.

In such an environment, Li Hao's voice, the tender roar of a Tiger, could still be heard.

"Teacher, be careful. There's a black shadow behind you ..." He warned.

This was the message that Li Hao had sent.

A black shadow?

Yuan Shuo's hair stood on end.

He did not sense it. As a warrior of the thousand fighting style, he had strong senses and the will of the God. Even if the red shadow was close, he could feel it.

However, at this moment, he felt nothing.

Where was the black shadow?

Behind him?

His strong mental fortitude allowed him to ignore it. He didn't turn around and instead shouted angrily, "Dodge!"

It was both a reminder to Li Hao and a diversion of Qiao Feilong's attention.

He reminded Li Hao to leave quickly.

The black Shadow's appearance disrupted some of their plans.

Because he didn't discover it!

The unknown represented danger.

As for why Li Hao was able to notice it, Yuan Shuo didn't know. It might have something to do with Li Hao's eyes. Those eyes that could see red Shadows were unusual in itself.

Yuan Shuo had already secretly made inquiries, because according to Li Hao, the night patrolmen might have captured a group of such people.

However, there was still no news from him.

Below, Li Hao didn't say anything. He quickly looked in a direction and saw some people frantically running down the building. The battle had broken out suddenly, but there were still people in the building.

Li Hao was overjoyed to see Qiao Peng.

It's really here!

"Qiao Feilong, surrender without a fight, or I'll kill your son!"

Li Hao shouted. In an instant, he stomped on the ground and charged at Qiao Peng, who had just run down in a panic.

In the sky, Qiao Feilong didn't even blink.

However, at that moment, the black shadow that was approaching Yuan Shuo suddenly stopped.

Qiao Peng, the only bloodline of Qiao Feilong.

The only descendant!

At that moment, the black shadow neared Yuan Shuo, but ... The situation below was urgent.

Because Yuan Shuo and the others came too suddenly, the full moon elite who protected Qiao Peng went to the inspection Office for a meeting today. Mrs. Qiao didn't plan to fall out with the night patrol, so she naturally had to go.

It was also because there was no one to protect him tonight that Qiao Feilong had sent His Son to the building to prevent any problems from happening today due to the absence of the driver.

Who would have thought that Yuan Shuo would come tonight?

At this moment, Qiao Peng's disadvantage of not being able to advance to become a super was evident. He was no match for Li Hao at all. His mediocre martial arts could only be used against ordinary people.

The black shadow hesitated ...

Should he deal with Yuan Shuo first, or should he go down and save the others?

The black shadow might not be able to invade Yuan Shuo, but it was confident that it could seize his brass knuckles. However, if it seized the brass knuckles, Yuan Shuo would discover it. If Yuan Shuo did not die quickly, the black shadow might be entangled.

All of this happened in the time it took for lightning to strike.

Li Hao didn't care about that.

The first to strike gained the advantage!

"Go! Kill him!" Qiao Peng shouted from afar.

There were some people following him, and they were not ordinary employees. They were not ordinary employees since they did not go home in the middle of the night. Other than the security guards who had long run away, the people following him at the moment were his usual bodyguards.

The transcendents had gone to a meeting that night, and these people were just ordinary bodyguards.

However, these people had guns.

Chapter 276: great battle (5)

The Qiao group had their own security company.

At this moment, the bodyguards, including Qiao Peng, all took out their guns and aimed at Li Hao. They wanted to shoot him to death.

As for Li Hao's death, what would happen to the remains ... At this moment, Qiao Peng couldn't care about that.

...

The battle in the sky continued.

Li Hao suddenly landed on the ground and stomped his feet. The ground shook, and a few broken stones shot out. With a plop, the heads of the armed bodyguards were pierced by the stones.

Li Hao didn't show any mercy.

At this moment, Li Hao was more worried about his teacher. Perhaps taking down Qiao Peng would make the other party more afraid.

The moment he stomped his feet, the sound of gunfire rang out.

The bodyguards and Qiao Peng who were still alive fired.

Qiao Peng fled as he fired.

Guns might not be able to kill Li Hao. Li Hao was at the tenth realm, after all, although it didn't seem very good ...

Just as this thought flashed through his mind, his vision blurred. Li Hao's fingers were like sharp blades, slicing through the necks of several bodyguards. He instantly appeared in front of Qiao Peng, one hand gripping his throat, and the other hand chopping down with a bang.

Crack!

The arm holding the spear was directly cut off, and the hand knife was still a knife.

At the same time, a loud noise was heard. The roof collapsed and two figures appeared.

Qiao Feilong and the others had actually managed to shoot it down!

With the fastest speed, he broke through an entire building. This was the power of the three suns.

As for Li Hao, he broke Qiao Peng's leg with a kick, forcing him to half-kneel on the ground. He grabbed Qiao Peng's hair with one hand, and his other hand was still gripping his throat. Qiao Peng's face was red, and he was unable to breathe.

"Hehe ..."

Qiao Feilong gasped for breath and laughed as well. He looked at Yuan Shuo, ""Your disciple seems to be a little stupid ... Now, will I surrender?"

A threat?

It was impossible!

At this point, surrendering would mean death.

Li Hao actually used his son to threaten him!

Li Hao naturally knew that using Qiao Peng to threaten Qiao Feilong was useless. However, when he saw the black shadow approaching him under the illumination of the flames, he suddenly felt that it might not be completely useless.

The shadow was approaching him.

It meant that the other party wanted to save him!

In order to save someone, he had even given up the opportunity to deal with a teacher. It was clear that an ordinary person like Qiao Peng did not have no status in the black shadow.

Li Hao wasn't that afraid of the shadow.

He had killed the huge red shadow last time, let alone the black one.

However, Li Hao wasn't sure if these two were the same.

Qiao Feilong, who was at the three sun realm, wasn't too far away from him. Li Hao was still somewhat afraid. He was afraid of such an expert, but he wasn't afraid of unknown things like the black shadow. Who asked him to eat so many Red Shadows?

At the same time, Yuan Shuo did not stop either.

He didn't hold back just because he had captured Qiao Peng with his students present. He was as fierce as ever, and his momentum was like a hot knife through butter. He used the five birds technique to the extreme, punching out one punch after another. He actually managed to suppress Qiao Feilong and beat him so hard that his fire energy couldn't spread too far.

As for the aftermath ... There was nothing Yuan Shuo could do about it.

Perhaps one side was still worried about his son, and the other was worried about his students. The two sides tacitly fought into the distance, shattering countless tiles as they fought their way to the streets.

At the same time, Li Hao saw a black shadow lunging at him.

The others couldn't see it, but he could.

The moment his opponent pounced on him, Li Hao had already grabbed the small sword.

This was his life-saving trump card.

But at this moment, who cared if they were exposed or not?

Perhaps only the small sword could deal with this kind of thing. He suspected that he would not be able to hit it.

The small sword emitted a faint radiance. Li Hao held it in his hand and stabbed it forward!

Puchi!

As if it had pierced something, a muffled groan came from the void.

"What?"

The black shadow actually spoke, which was different from the red shadow.

At this moment, the black shadow was also very shocked.

What was this?

“The Li family’s sword?”

At this moment, the black shadow seemed to have thought of something and was a little shocked. Didn’t he say that he gave it to the night patrolman?

How could it still be in Li Hao’s hands?

The sword of the Li family ... Could hurt him?

This made sense. The weapons of the eight great families were definitely not ordinary. Qiao Feilong had once speculated that the weapons of the eight great families were all origin divine weapons.

At this moment, after the black shadow was pierced, the void trembled slightly. In the next moment, a human-shaped shadow appeared.

Qiao Peng, whose leg had been broken by Li Hao’s kick, had a red face. He was being dragged by Li Hao like a dead dog, retreating quickly. At this moment, he also saw a black shadow appear.

In the next moment, a sentence came out of his throat with great difficulty, “Mom ...”

Li Hao was shocked!

Mom?

How was that possible?

Qiao Feilong’s wife had been dead for many years.

How could it be this black shadow!

As for the black shadow, its appearance could not be seen. At this moment, it seemed to be slightly shaken and said, “You ... You can see me?”

That one sentence revealed a lot of information.

In the past, Qiao Peng couldn’t see her, and he didn’t even know of her existence. It was very likely that she couldn’t even show herself. Otherwise, if she was Qiao Peng’s mother, there was no need for her to keep hiding.

Unless she was neither a human nor a ghost, and couldn’t even control whether she would show herself or not. In that case, there was no need to tell Qiao Peng, lest Qiao Peng find it more difficult to accept.

Li Hao was also shocked, but his shock quickly turned into joy.

Chapter 277: great battle (6)

Qiao Peng’s mother?

That was even better!

Although Qiao Peng's mother had passed away, Li Hao actually had some understanding of her. According to the information, Qiao Peng's mother was Qiao Feilong's Secretary and also someone that Qiao Feilong trusted the most. Later, she took over and became the matriarch of the Qiao family.

...

Mother Qiao was Qiao Feilong's right-hand man when she was still alive. She had a lot to do with the development of the Qiao's group. However, she gradually left the company later because she had a son and was mainly responsible for taking care of Qiao Peng.

From this, it could be seen that Madam Qiao loved Qiao Peng very much.

He didn't expect the other party to still be alive.

However, what was going on in this state?

At this moment, in the distance, Qiao Feilong, who was being suppressed, suddenly turned his head to look over. When he saw the black figure, his eyes also trembled!

It appeared!

The black shadow had actually appeared ...

Or rather, he couldn't see the shadow, only hear the voice. In his mind, it was his lover, and she had actually appeared!

How was this possible?

Over the years, he had thought of many ways, but he couldn't do it. He could only hear the other party's voice. Because they had been together for many years, he could feel the other party's existence, but he didn't have a physical body.

Why did it appear now?

Although Qiao Feilong didn't understand, in the next moment, he thought of something and looked at Li Hao and the small sword in his hand.

At this moment, he also realized that this might be the Li family's sword.

And this sword ... Might be able to help his wife recover her physical body.

Back then, the energy impact of the ruins had caused his wife to become like this. Now ... It seemed that he had a chance.

The Li family's sword and the ruins ... These two should be related.

"Kill him! Seize the sword!"

Qiao Feilong shouted in a low voice, "I lost my son, but I can have another one! If you come back to life, we'll have many children!"

He was afraid that his wife would be soft-hearted.

BOOM!

Yuan Shuo punched out, sending him flying backward and crashing into the street. At that moment, he had shattered countless buildings.

Qiao Feilong vomited blood, but he still shouted, "kill him!" Did you hear that?"

Li Hao might have used Qiao Peng to threaten him, but he didn't want his son to die. However, at this moment ... His attitude changed.

Qiao Peng could die, but Li Hao had to die too. He had to get that sword.

The black shadow trembled slightly and pounced at Li Hao in the next moment.

Li Hao stomped his foot, and a weak force burst out, shaking the ground.

However, it was instantly suppressed.

The black shadow was very strong, perhaps far inferior to Qiao Feilong, but the feeling that the black shadow gave Li Hao was that it probably had the strength of sunlight. He was no match for such strength. He could still put up a fight if it was above 100, but there was really nothing he could do against sunlight.

At this moment, he couldn't even sneak attack.

The moment the black shadow suppressed the weak force, Li Hao suddenly raised Qiao Peng and used him as a weapon, slashing at the black shadow!

Qiao Feilong doesn't care, but what about you?

In the distance, Yuan Shuo's expression was ice-cold as he punched out madly!

Like a giant bear, he punched out again and again, causing the ground to crack.

He had to beat Qiao Feilong to death before he had the time to save Li Hao.

Li Hao could handle it.

'Sunlight, definitely not.'

When the shadow took shape, he could sense its existence and its special power. It was an existence at the solar brilliance realm, which was not something Li Hao could rival.

This time, there was a mistake.

Otherwise, he was confident that he could suppress Qiao Feilong and not affect Li Hao at all.

Bang! Bang!

With a loud bang, Li Hao smashed Qiao Peng into the black shadow, but the black shadow quickly dodged him. He was too restrained to use too much force, and as a result, Li Hao and Qiao Peng were both killed.

Meanwhile, Li Hao pulled Qiao Peng's leg back.

He saw that his teacher was getting crazier and crazier, and the noise was continuous. There were even rare angry shouts, so he knew that his teacher was anxious.

The black Shadow's appearance was something that neither of them had expected.

The small sword in his hand wasn't as powerful as before. He used the original form of a black shadow, but he couldn't stab the red shadow to death like he did.

What was this thing?

Li Hao didn't know, but he knew that he wasn't his match. He was doomed.

At this moment, Li Hao stomped his foot again. His weak force exploded again, shaking the ground.

The black shadow that was about to pounce on him was barely shaken away.

Although Li Hao was anxious, he did not panic.

There was nothing to be confused about.

The opponent was worried about Qiao Peng's life and death, so this was the best result.

Of course, such a situation would not last long.

Soon, he would be killed by the shadow. Fortunately, the shadow was still a little afraid of the small sword. Li Hao waved the small sword and the shadow dodged.

.....

Not far away.

Yuan Shuo grew anxious when he saw Li Hao resisting with great difficulty.

He said that he didn't care about his life, but that also meant that his disciple, the next thousand seed warrior, couldn't die Here.

Yuan Shuo, who had not intended to use the blood saber art, could no longer hold it in.

The sword energy might not be enough.

This time, he might suffer a great loss, or even be seriously injured ... But this was the only choice he could make.

He was also extremely decisive. In an instant, a surge of blood Qi appeared on his face.

In an instant, blood Qi gathered, and the divine intent exploded to the extreme.

The stone knife in his hand seemed to have grown a bit longer.

After sending Qiao Feilong flying with a single punch, Yuan Shuo let out a furious roar. His essence, Qi, and spirit converged, and the long Dragon of vital energy and blood fused with his divine intent.

I wonder if I can recover this time ...

He thought to himself, but he didn't turn back. It was just like how Li Hao chose to stay and capture Qiao Peng as a threat when he saw the shadow and knew the danger. This was how a master and disciple should be.

He didn't need to care too much.

"Blood saber slash!"

With a furious roar, the stone knife in his hand actually turned into the size of a normal sword at this moment, except that it was blood-red.

Qiao Feilong instantly felt his life threatened!

He had originally planned to wait for his wife to finish off Li Hao. It wouldn't take too long. His wife had delayed it because she was worried about her son's life. If she was given some time to kill Li Hao, she might be able to hide in the dark again. At that time, Yuan Shuo would be wary of her even if he was prepared, and it would be time for him to counterattack.

However, at this moment, he felt danger.

In an instant, a monstrous fire energy erupted!

He was also going all out. As one of the three suns, he was being suppressed by Yuan Shuo to the point that his life was in danger. This made him furious.

The flames rose, and in an instant, the entire Silver City was illuminated.

A powerful aura was completely revealed at this moment.

In the sky above the Silver City, flames and blood-red blades illuminated the void.

The two powerful forces spread out in all directions.

BOOM!

A loud noise shook half of the Silver City.

The blood Blade cut through the flames and the sea of fire was extinguished.

In an instant, the blood saber streaked across the sky.

A head was directly chopped off and exploded.

.....

At this moment, in the distance.

At the inspection Office.

Hao lianchuan quickly raised his head. It was only at this moment that he could clearly feel everything. The two sides were more than 10000 meters apart, about 10 kilometers away. He had heard some movements and felt some auras, but because there were too many transcendents present, he could only let mu Sen go and check.

However, at this moment, his expression changed.

This was no ordinary battle between superpowers!

“++!”

Where did the three yang come from?

Also, was that Yuan Shuo?

Which Third Sun did Yuan Shuo fight with again?

He looked at the transcendents in the hall and shouted, “All of you, be quiet!”

Everyone had also heard the noise. In the midst of the commotion, a monstrous aura erupted. Hao lianchuan’s expression was cold. “Everyone, be quiet. Whoever dares to create a disturbance will be killed on the spot!”

His eyes were filled with uneasiness. What the hell?

The Crimson Moon?

Or some other organization?

Damn it, Yuan Shuo, that bastard, what is he doing now? once he advanced to the Qian dynasty, he kept fighting with the three suns.

He wanted to take a look, but when he looked at the hall full of transcendents ... He was in a difficult position.

If he left, would these people riot?

And ... That damned Liu Long! Are they together? they’ve deliberately allowed me to stay here to suppress the transcendents here so that they can’t participate in the battle.

It definitely was!

Liu Long, you bastard, how dare you ask me to guard your door.”

Hao lianchuan cursed in his heart, but he was also a little worried. “Yuan Shuo, you idiot. It was luck that you killed three suns the first time, and you’re doing it a second time ... Do you really think you’re above the thousand-man fighting machine?”

Chapter 278: killing the three suns, destroying the sun (1)

Qiao’s building.

Outside the building, on the long Street, a flash of Saber Light reflected the void and illuminated all directions.

A head flew up and exploded.

...

Heaven and earth fell silent.

Blood dripped from the corner of Yuan Shuo's mouth. With indifference and ruthlessness, he brandished his blood-colored stone saber and slashed at the black shadow without any pause!

"Boss ..."

The black shadow was also stunned at this moment. He couldn't believe it.

Out of habit, she called him "boss."

It had been so many years. In the eyes of the black shadow, Qiao Feilong was a genius, an outstanding person, and was undefeatable. He was able to climb up step by step from the Silver City, accumulating his strength bit by bit. He schemed against Yama and quietly developed to the three sun realm. He was even prepared to open his own superpower organization and compete with the three major organizations and the night watchers ...

However, today, everything was gone.

Qiao Feilong was dead!

Although Yuan Shuo had suppressed a three Sun Expert earlier, he had not been completely defeated. However, in an instant, Yuan Shuo had directly broken through all of Qiao Feilong's defenses and cut off his head with a single strike while Qiao Feilong was using all his combat strength!

"No... Impossible ..."

The black shadow could not believe it!

At this moment, Qiao Peng, who had been used as a weapon by Li Hao, was still alive, but his eyes were filled with despair.

When Qiao Feilong said that he had given up on him, he really didn't hate him.

There was no need for that.

At that time, perhaps this was the only way he could hope to survive and let everyone else survive.

On the other hand, the black shadow ... His mother, was too hesitant and too concerned about him, so she was entangled with Li Hao.

He had missed the best opportunity!

Who was to blame?

His mother had wanted to save him, but she had appeared indecisive and missed a good opportunity. This defeat and his father's death were all his mother's responsibility.

However, she was trying to save him ...

Qiao Peng's eyes were filled with helplessness, sadness, and pity.

Of course, there were also some regrets.

At the very last moment, he did not even manage to become a super and did not get the chance his father had mentioned.

“Let’s die together ...”

At this moment, Qiao Peng suddenly began to struggle in Li Hao’s hands. He struggled madly, but Li Hao unconsciously broke his throat. Blood spurted out, but Qiao Peng didn’t care.

At this point, you still want to live?

He didn’t want to!

Only when he died would his mother go completely crazy, give up all her fantasies, and kill Li Hao ... Or at the very least, drag Li Hao down with her.

Yuan Shuo was undefeatable!

At this moment, this Playboy brother revealed his ruthless character.

He didn’t want to die when there was hope of survival.

When his hope was broken, he hoped that someone would be buried with him.

“Peng ‘er!”

A furious and frenzied shout rang out. The black figure was still feeling despair over Qiao Feilong’s death when he saw Qiao Peng’s throat being crushed and blood spurting out.

At this moment, the black shadow woke up.

She knew that it was her own hesitation and indecisiveness that had led to the defeat of this battle.

Qiao Feilong didn’t blame her and only died with regret.

Her son didn’t blame her and chose to die, but she ... She was going to kill Li Hao!

Yuan Shuo was here!

A shocking killing intent burst out from the black shadow. She also wanted to kill a student of Yuan Shuo. No, this was her last disciple.

To a Martial Master, his last disciple was even closer to him than his son.

Even if Yuan Shuo was resurrected and entered the Qian warrior class, he could still live for a long time. However, he would still feel heartache if his disciple died.

“Go to hell!”

The black shadow shot out like a sharp blade. She had become like this by accident. Back then, when they were exploring the ruins, she had been defeated by a special force, but she had not died.

Because she had combined with the special energy in the ruins, there was a healing type of energy that helped her preserve her soul, or rather, her spiritual body.

Yuan Shuo was unable to discover her because of this energy.

It was very special and difficult to discover.

Just like how Yuan Shuo had been unable to discover the sword energy at the beginning, he only realized that the energy of the eight great families seemed to have some special concealment properties after Li Hao extracted it.

At this moment, the black shadow could not care about anything else.

Her husband, who she had regarded as a celestial being, had died. He had doted on her, but because he had become a spiritual entity, he didn't dare to show his face in front of his son. He had been hiding himself for fear that his son would be sad. It was clear how much the black shadow loved Qiao Peng. However, his son couldn't live any longer.

She didn't know how all of this had happened so quickly ... But she only had one thought-kill Li Hao!

Like a sharp sword, it went straight for Li Hao's head.

Although she had been forced out of her physical form by Li Hao's attack, she was still a special form of mental power. At this moment, she was extremely fast, and she was going to smash Li Hao's head.

At this moment, Li Hao's expression changed.

He didn't know if the other party would be like the red shadow and whether or not he could hurt him, but ... If it was possible, he wouldn't choose to gamble.

At this moment, Li Hao growled and stomped his foot!

He raised his hand and blocked Qiao Peng in front of him. The earth trembled slightly as a special force exploded out. Not only that, but in that instant, a wave of qi and blood inner strength gushed out and fused with the special force.

Blood Blade technique!

Yuan Shuo had been teaching Li Hao these days, but he had only asked Li Hao to memorize the bloody blade art, not learn it.

This was a technique to perish together.

In addition, without Shi, Li Hao couldn't use it.

However, Yuan Shuo didn't expect his student to comprehend the elementary form of Shi so quickly. At this moment, Li Hao couldn't care less about anything else.

Chapter 279: Killing the three suns, destroying the sun (2)

The art of the bloody blade burst out instantly!

His blood Qi, inner strength, and force quickly merged into one. Such decisiveness wasn't any weaker than Yuan Shuo's.

In the face of life and death, he was frighteningly calm.

...

Qiao Peng, who was spurting blood, was sent flying.

The black shadow paused for a moment. Even at this moment, the black shadow still couldn't bear to destroy Qiao Peng's body ... It had to be said that this was the great love of a mother, but it was obviously not appropriate in a life and death situation.

The black shadow slowed down and stopped for a moment. The next moment, a special bloody aura rose around Li Hao.

Blood Blade technique!

He didn't use it to kill, but to block the opponent for a moment, because his teacher was about to arrive. Very soon, very soon!

Buzzzzzz!

The sound of something breaking through the air had already resounded in all directions. Yuan Shuo was like a flying sword, breaking through the earth as he charged over, raising his saber and slashing down!

The black shadow roared and dodged Qiao Peng's attack before charging at him.

BOOM!

The blood-red barrier shattered instantly.

Li Hao was still too weak, and his force had not been fully formed. Thus, his Blood Blade technique could not kill enemies above his level like Yuan Shuo.

However, when the bloodblade Art's barrier was broken, Li Hao spurted out a mouthful of blood, which happened to land on his small sword. The small sword seemed to boil for a moment, and Li Hao felt that it seemed to have grown a little bigger.

He didn't care too much and stabbed out with his sword!

"Squeak"

The sound of glass rubbing against each other was sharp. The black shadow was pierced by the sword and black smoke rose.

The black smoke was instantly devoured by the small sword.

It was as if it had encountered something delicious or energy from the same source. After cutting through the black shadow, the small sword actually took the initiative to devour this special energy.

At this moment, Yuan Shuo finally arrived.

Without any nonsense, he slashed out!

A loud bang resounded. Different from the sharp sound of Li Hao's stab, this slash directly cut the black shadow into two. At the same time, the stone knife in Yuan Shuo's hand seemed to have smelled something.

The blood-red stone saber instantly burst out with a devouring power.

It devoured half of the black shadow.

Yuan Shuo was also slightly shocked. He did not have time to think as he swung his blade to slash at the other half of the black shadow.

“The ruins ...”

At this moment, the black Shadow’s sharp voice was filled with despair and unwillingness. She wanted to reveal the secret of the ruins so that others could find trouble with Yuan Shuo and his disciples and avenge her family.

“Roar!”

The tiger’s roar in the forest!

Li Hao and Yuan Shuo roared at the same time, their movements exactly the same.

The roar shook the surroundings!

It covered everything!

Divulging a secret before death was something that many people would do. Yuan Shuo had once said that in order to prevent the enemy from drawing the trouble to himself before his death, the best way was to kill the other party so that the other party would not have the chance to speak.

The only other way was to create a bigger commotion to cover the other party’s movements.

Of course, if he was fearless, he would just let the other party say whatever they wanted and kill whoever came ...

The master and disciple obviously couldn’t do the third thing at the moment, so at this moment, the two Tiger roars instantly suppressed the black Shadow’s roar.

As for Li Hao, the combination of momentum and force instantly merged into the small sword. The small sword seemed to expand a little, and Li Hao once again stabbed at the half of the shadow.

Without any hesitation, Yuan Shuo slashed out with his saber!

The moment the sword and saber slashed out, the black shadow seemed to be pulled back. In the blink of an eye, it was torn apart by the sword and saber. At this moment, the sword and saber seemed to have turned into a Taotie and were devouring it.

“Boss ... Peng-er ...”

Vaguely, a miserable voice was heard.

That was the Shadow’s last voice.

Qiao Feilong and Qiao Peng were dead, but the black figure didn’t care if he died or not. He was neither a human nor a ghost, so if he died, he died. He only hated himself for not dying before them, and even more so for being indecisive at the critical moment, causing the death of his husband and son.

Bang! Bang!

A wisp of black smoke completely exploded. Most of it was devoured by the sword, and the remaining part gradually dispersed.

Just as the master and disciple finished off the Qiao family of three, a dog's bark suddenly came from the side of the street.

The next moment, Li Hao and Yuan Shuo saw something.

In the darkness, the Black Panther's Claw struck out and tore apart a human head that could be vaguely seen on the ground!

Yuan Shuo frowned slightly.

It was not because the Black Panther had killed someone, but because of the powerful shockwaves from the battle. There was actually an earth-type super who was not afraid of death and had snuck over.

The ignorant are fearless!

To be killed by a Black Panther's Claw, one must either be a Starlight master or a newcomer to Dark Moon.

He and Li Hao were both busy killing the Qiao family members and didn't really care about the other ... Of course, after killing them, the other party wouldn't be able to escape. As long as the master and disciple dealt with the strong enemy, this guy wouldn't be able to escape.

Woof! Woof! Woof!

In the distance, the Black Panther seemed to be showing off. It barked, and the next moment, its nose twitched, and it continued to sneak into the darkness.

This dog was actually cleaning the periphery just now.

This was not something that Li Hao had taught her.

Li Hao glanced at his teacher. Was this what his teacher taught him?

The corner of Yuan Shuo's mouth was still bleeding, but he suddenly sneered, "I didn't teach it. This dog is afraid of death and probably wants to hide. When it finds out that we've killed its opponent, it's afraid that we'll find fault with it, so it barked a few times to let us know that it's also working!"

"....."

Li Hao was stunned for a moment, then laughed.

As they laughed, the master and disciple both coughed up blood.

This time, both of them used the art of bloody blade.

Li Hao's momentum wasn't strong, so his explosive power was also weak, but the backlash was also weak. However, Yuan Shuo's injuries weren't light.

Chapter 280: Killing the three suns and destroying the sun (3)

Li Hao hurriedly handed over the small sword.

Yuan Shuo didn't waste any time. He immediately activated the breathing technique of five birds and absorbed a little of the sword energy to ease his injuries. He stopped absorbing the energy so that he wouldn't collapse instantly.

He didn't say anything and quickly returned to his previous battle position. He cut the headless body on the ground into dozens of pieces.

...

Then, he gathered all the corpses together.

He quickly ran to the silver car and took out a box, an energy storage box.

He directly opened the box and put all the things inside.

After Yuan Shuo had taken care of everything, he carried the box and said in a low voice, "You deal with the bloodstains, I'll go outside the city to take a look!"

As soon as he finished speaking, he stepped into the air and shouted, "Don't even think about escaping, you bloody red Moon Dog!"

After saying that, he tore through the air and left, as if he was chasing after a strong enemy.

Li Hao also shouted, "The Qiao's colluded with the Crimson Moon! He should be killed! People from the inspection Office, arrest all the related personnel of the Qiao 's!"

A loud shout was heard, and soon, the sound of orderly footsteps could be heard from afar.

After a while, mu Sen came.

He brought a group of patrol officers from the Patrol Division, all of them were fully armed and had a serious expression.

Seeing mu Sen from a distance, Li Hao knew that they would arrive soon and a battle would break out. The inspection Office would not ignore this. He hurriedly shouted, "A three Sun Expert attacked my teacher, and my teacher has already chased after him! Secretary mu, seal the scene!"

Mu Sen did not speak. He waved his hand and the patrol officers quickly sealed off the surroundings.

Mu Sen ran over quickly. He looked around and was shocked.

It was the battle of the three suns again!

Were the three suns of the Crimson Moon so worthless?

One of them was dead, yet he still dared to come.

He also saw Qiao Peng's body and some of the bodyguards' bodies. The black shadows disappeared, but he didn't see Qiao Feilong's body. He only saw some blood on the ground.

What about Qiao Feilong?

This thought flashed through his mind. At this moment, mu Sen did not ask. He only said anxiously, "Three suns ran away? Or is professor Yuan being hunted down?"

The three yang auras just now flashed and disappeared very quickly.

He had arrived rather quickly, but all he saw was a sea of fire and a bloody blade.

He knew nothing about the specific situation.

The blood saber was probably Yuan Shuo 's.

As for the sea of fire, it should belong to a fire-elemental three-Sun Expert.

And now?

Did Li Hao's safety mean that Yuan Shuo had the upper hand?

If that was the case ... Yuan Shuo was simply too fearsome!

A warrior master of douqian clan killed the first three suns by accident and luck. To fight the second three suns, that was hard power. No one would say that it was luck and coincidence anymore. It was impossible for there to be a second chance.

Li Hao didn't waste any time. He quickly said, "Yue Ying from the Qiao's group has gone to the inspection Office for a meeting. There are also a few star light Masters and martial masters there. Quickly deal with them!"

Then, Li Hao said, "Secretary mu, Hao bu might not know the specific situation yet ... That Yue Ying might not know either. The Qiao's colluded with the red moon. Let's go there first. Later, don't say anything. Kill that guy when you see him!"

"What?"

Mu Sen slightly frowned and glanced at Li Hao.

Li Hao's eyes were clear. "If one Yueying suddenly goes out of control, even if Hao bu can solve it, I'm worried that the others will be hurt. My teacher's meaning is that those who collude with the three major organizations ... Should be killed without mercy!"

That Yue Ying, at this point, might know something.

However, it didn't matter. After a month, no matter how much he knew, he didn't dare to speak carelessly at this moment.

Kill the other party immediately when you see them!

At this moment, mu Sen's mood was very complicated. Kill ... Kill him to silence him?

Were Yuan Shuo and his disciple hiding any secrets?

But at this moment, he knew that he couldn't ask. He couldn't ask. He shouldn't even ask.

“Understood!”

Mu Sen nodded and shouted in a low voice, “seal the surroundings. No one is allowed to enter. Any trespassers will be killed on the spot!”

Then, he and Li Hao quickly walked toward the vehicle of the inspection Office not far away.

It would be faster to drive back.

“Why don’t I contact Hao bu now?” mu Sen said as they walked. “With Hao bu’s strength, he can quickly suppress the other party without any mistakes ...”

Li Hao said calmly, “I’ve heard that white moon City is still cooperating with the three major organizations. Now that Hao bu is taking action, it’ll be easy for the three major organizations to find trouble with him!” This matter has nothing to do with Hao bu. It’s a personal grudge between us, the Silver City’s night watchers! It didn’t involve any other disputes, only silver City. Now that Hao bu has made his move, they’ll easily find a reason to attack ... And ruin the night patrolmen’s plan!”

When these words came out, mu Sen was speechless.

You’ve even found a reason!

Li Hao continued, “so, I might as well kill them. After killing them, I’ll say that they’re from the Crimson Moon. The Crimson Moon tried to kill me earlier, and my teacher killed Duan Tian. So what if I kill a few more of the Crimson Moon’s men today?”

Li Hao said calmly, “martial masters always take revenge!” If you’re not convinced, then let’s continue the battle!”

Mu Sen seemed to have met Li Hao for the first time. He got into the car and drove quickly without saying a word.

“Who did Liu Long and the others go to deal with?” he suddenly asked.

“The Crimson Moon’s people!”

“.....”

Mu Sen cursed in his heart. He paused for a moment and said, “We’re all from the silver Blizzard city. I won’t beat around the bush. What else do you need me to do besides killing this Yue Ying?”

He knew that there must be a secret.

Yuan Shuo’s killing this time had caused too much of a commotion and could not be concealed.

In addition to the commotion outside the city, all parties would definitely find out the truth after this. What should he do now?

Li Hao looked at mu Sen’s back and said after a moment, “Disclose the fact that Mrs. Qiao colluded with Red Moon! The Qiao’s are Crimson moon’s stronghold in Silver City, and the Qiao’s father and son are both outer members of Crimson Moon. In this war, it was the Qiao’s and Crimson Moon who colluded to ambush and kill my teacher, which led to a Great War ...”
