Chapter 97: Chapter 27-taking the initiative to probe (2)

“A trap?”

This thought appeared in the ghost Face’s mind. He knew that the so-called demon-hunting team had been following Li Hao, but he didn’t care.

Demon hunting squad?

Transcendent and non-transcendent were already two different worlds.

Liu Long of the demon hunting squad was quite famous, as he was a Martial Master with a cultivation of over 100.

However, martial arts had long declined.

Yuan Shuo, who used to run amuck all his life, was now just a worker, working for the night patrolmen in exchange for their protection.

The era of martial arts had long passed!

“Let’s follow and see!”

The ghost Face disappeared into the darkness, but the red shadow didn’t. It floated in the air and chased after Li Hao.

The ghost Face did not seem to be worried that the red shadow would be discovered.

Even if the red shadow faced a Martial Master who was over 100, the ghost Face was not too worried, because these ordinary people did not understand that transcendents ... Were no longer ordinary people!

.....

Under the night sky.

Li Hao walked in the direction of the ancient academy with a dog. It wasn’t too far, only a few kilometers. It would only take him half an hour to walk.

At this moment, he still had three treasures on him.

Li Hao was bold when he needed to be.

He was sure that the red shadow would not kill him now, so he hoped that the other party would appear. If he did, he would be able to understand the red shadow more, and also take the opportunity to judge whether the demon hunting squad would be able to see the red shadow.

He knew that there was definitely someone from the demon hunting squad following him.

Could these martial masters see it?

Li Hao wasn't sure!

There didn't seem to be any mysterious energy on the red shadow. Liu Long had said that martial masters discovered transcendents through faint fluctuations of mysterious energy. If there was no mysterious energy, could Liu Long see it?

Being unable to see ... That was the greatest danger.

If Liu Long couldn't see it, what about the teacher?

If their teacher couldn't see it, it would be troublesome. Li Hao could see it, but it was useless. Their teacher couldn't even attack the red shadow, which was the greatest danger.

"I hope you will appear!"

Li Hao thought to himself, hoping to meet the red shadow again this time.

He had even made some preparations to be audacious ... This time, he might be able to make a move and try. He was getting bolder and bolder because the red shadow would not kill him now!

Five minutes passed, and no one followed.

After ten minutes, there was still no one.

After 15 minutes, the Black Panther beside him suddenly became restless and bit Li Hao's trousers.

Li Hao made up his mind.

It's here!

He was really bold. The red shadow had really appeared. This meant that something terrible had happened. The existence behind the scenes was either certain that Liu Long and the others couldn't see it, or certain that they would be fine even if they saw it. Liu Long and the others were not even worth mentioning.

According to his teacher, Liu Long was someone who could take care of those who had just reached the level of Dark Moon.

Li Hao was expressionless as he continued walking.

However, in the eyes of the Black Panther, it was not the case. Instead, there was a terrifying scene.

A red shadow suddenly appeared in front of Li Hao!

Blood red!

He stood in front of Li Hao.

However, Li Hao didn't seem to see it at all. He passed through the red shadow, which swayed slightly.

At this moment, Li Hao suddenly took out a sword.

The small sword!

The sword seemed to have some mysterious energy. Li Hao frowned slightly and looked around with a vigilant expression.

.....

In the darkness.

Liu Long slightly frowned and said in a low voice, "What's going on? he sensed danger ... What about you guys?"

None of the people present felt anything special.

Even Liu Long didn't feel it.

He only felt that something was wrong!

It was only when Li Hao took out the small sword and a faint mysterious energy flickered that Liu Long felt something was amiss. Did Li Hao discover something, or did the sword in his hand sense something?

That sword ... Was the sword of the Li family?

He couldn't feel anything from far away, but it must be an extraordinary item!

.....

At the same time.

The ghostly face's shadow also appeared in the darkness. Its blue eyes looked in Li Hao's direction in surprise.

An extraordinary item!

This was the treasure that the higher-ups wanted?

"The sword ... Has appeared!"

"He found out?"

The ghost Face was surprised and confused. He knew that Li Hao couldn't see the red shadow.

He didn't see it last time, and it was the same this time. Otherwise, he wouldn't have sensed the abnormality only after passing through the red shadow. What made Li Hao react was probably the sword. It was indeed a treasure!

"What can you do ... If you notice the difference?"

The ghost Face thought to himself, but he was not too nervous.

Even if you did, what could you do?

The red shadow is right in front of you, what can you do?

There were fewer and fewer people who could see the red shadow now, and he had killed many of them.

As for those who were still alive, they were probably hiding in the Nightwalker's headquarters. They might not even be seen in Silvermoon province.

.....

On the roadside.

Holding the sword, Li Hao frowned and looked around. He suddenly said coldly, "Stop hiding, I found you!"

Silence.

Li Hao suddenly brandished his short sword and slashed in all directions. With a bit of ruthlessness, he gritted his teeth and said, "If you want to kill me, you'll have to pay the price! Don't think that no one will know of your existence just because you're hiding. I already knew where you were!"

Fearsome on the outside but cowardly on the inside!

"My teacher is a top-notch Martial Master with a cultivation base of over 100 martial masters. He's on the verge of a Qian warrior. You've touched me and offended a Qian warrior. Is it worth it?"

"There are some things that we can sit down and talk about! It doesn't have to be a life and death battle!"

Chapter 98: Chapter 27-taking the initiative to probe (3)

"....."

Li Hao's words echoed in the darkness.

As for himself, he held the sword and kept waving it.

He passed through the Red Shadows several times!

As for Li Hao, the more he waved it, the colder he felt.

Why?

What was this red shadow?!

He had unintentionally slashed a few times, but he had successfully pierced through the red shadow without causing any damage. Why was this happening?

Even transcendents were not immortal!

What was this thing?

The next moment, Li Hao exhaled, put away his sword, and said, "Boss, come out! No one's following me, are you there?"

After a while.

In the dark, Liu Long, who was wearing a windbreaker, stepped out with a slight frown.

He looked in Li Hao's direction, his eyes cold.

Not because of Li Hao!

It was because ... He had a vague feeling that something was wrong. Something was really wrong. There seemed to be something near Li Hao.

He tried his best to look, but he still did not discover anything.

"There must be something here!"

He thought to himself as he strode forward.

A moment later, he walked up to Li Hao, and Li Hao saw the red shadow quickly disappear.

Li Hao's heart skipped a beat. She didn't want to have direct contact with Liu Long?

Was he afraid, or did he think it was unnecessary?

As if sensing something, Liu Long suddenly looked in a certain direction, his eyes filled with killing intent. After a long time, when the red shadow had completely disappeared, Liu Long's voice was somewhat cold as he said in a low voice, "Interesting ... But what a pity!"

"A pity?"

Li Hao was puzzled.

Liu Long furrowed his brows and said coldly, "unfortunately, I'm not a Qian warrior!" It seemed to be a kind of spiritual energy ... It had the power to break a hundred, and the spirit to fight a thousand! No wonder he's so bold. Even with my power, I can't detect him ... This means that perhaps only by breaking through a thousand can I lock onto him with my divine intent!"

"How arrogant!" He snorted.

He also had the strength and reason to be arrogant.

He could feel it, but he couldn't lock onto it. To Liu Long, encountering such an existence was a great test. It was very difficult to deal with, and he might even fall.

But Li Hao's expression changed.

Force, God!

This teacher had also said this before.

There was a God in the universe!

Gods could see red Shadows?

Or could it be that he couldn't see it, but he could lock onto the other party's position?

This trip was worth it!

The red shadow didn't take Liu Long seriously, thinking that Liu Long couldn't see it, so it didn't pay much attention to him. However, Li Hao obtained an important piece of information here.

It was spiritual-ranked energy!

The fighting thousand divine intent might be able to lock onto him!

At this moment, Liu Long looked at Li Hao again. After a moment of silence, he said, "You deliberately came out to lure out the guy hiding in the dark for me to observe?"

"Yes!"

Li Hao nodded.

Of course, this was not his main goal. He just wanted to see if Liu Long could see if he had a way to come into contact with the red shadow. Now, it seemed that if he was not good at martial arts, he might not be able to use superpowers.

But Li Hao knew that swords could!

That's right. The jade pendant and stone saber in his arms had been emitting energy, but Li Hao suppressed it. He resisted the urge to take them out and didn't use them.

Liu Long didn't say anything. Looking at the short sword in Li Hao's hand, his eyes flickered, and he muttered, "Know yourself and know your enemy. Although you've taken some risks this time, you've also allowed me to understand more about the dangers ..."

He thought for a while and said, "it involves the spiritual level ... Perhaps there's really some trouble this time! It could even be at the thousand-warrior level ..."

Douqian, in fact, was not necessarily unrivaled.

The key was that he could not see it.

Liu Long changed the topic and said, "Go back early and don't run around!"

With that, he disappeared from the spot.

He might have to change his plan.

Li Hao's trip this time was a good thing for him. He had a better understanding of his opponent. He had already made preparations to fight with Qian warrior and sunlight-level powerhouses. Although he only had a cultivation of over 100, this was his home ground.

He had even buried a large number of mines near the warehouse.

However, it would be troublesome if he were to encounter an invisible expert of the thousand fighter level. He would need to make better preparations and plans to find a way to solve this problem.

.....

Under the moonlight.

Li Hao tightened his clothes. Liu Long didn't give up, which meant that he was still thinking of a way.

It was a good thing, so Liu Long didn't cower in fear.

"Thousand warrior ... Spiritual level!"

After taking note of this, Li Hao continued moving forward. This time, the red shadow did not appear again.

Soon, they arrived at the ancient academy.

He didn't enter from the main entrance. Instead, he nimbly climbed over the wall and entered the ancient courtyard.

The ancient academy's security was decent, but it was only for ordinary people. Li Hao was a Martial Master of the tenth execution realm, after all, so it wasn't a problem for him to avoid the general security.

.....

Outside the small courtyard.

Hu Hao, who was secretly guarding the place, frowned and looked in a direction.

Beside him, Li Meng, who had been seriously injured, was also waiting with a pale face. Suddenly, he turned to look at Li Hao and said in a low voice, somewhat confused and angry, "Why is he here again?"

They really came frequently!

"Don't bother!"

Hu Hao said. He had just suffered a loss in the afternoon, so he didn't have to say anything now.

While the two were talking, Li Hao entered the small courtyard.

This time, no one stopped him.

.....

The yuan family.

The small courtyard was very quiet. Yuan Shuo was not in the courtyard. It was late at night, so he would not be here to bask in the moonlight.

The door of the main house opened automatically without any wind.

In the living room, Yuan Shuo might have just finished his cultivation. He had just advanced to the thousand warrior tier, so he was still stabilizing his realm.

Chapter 99: Chapter 27-taking the initiative to probe (4)

His hair had been dyed white, and the wrinkles on his face had reappeared. He was no different from before, unlike the 40-year-old middle-aged man Li Hao had seen before.

"Teacher!"

Yuan Shuo nodded and glanced at him. Suddenly, he frowned and said in a low voice, "Are you being watched?"

"Yes."

Yuan Shuo looked at him, frowning. Then, he said with a heavy tone, "There are some traces of divine intent ... You've been locked on!"

“What?”

Li Hao didn't quite understand.

Yuan Shuo explained, “Qian Dou, wake up!” If it was before, I wouldn't have been able to notice it, but now ... I can feel that someone seems to have left some traces of divine intent on your body ... And it hasn't been long. Perhaps you just met the murderer?”

Li Hao nodded and said, “yes!” Chief Liu followed them but didn't find anything. He also said that it might involve the spiritual level!”

“He's indeed difficult to deal with!”

“Sigh!” Yuan Shuo sighed. “Even though I've already guessed it, it's still a headache to confirm it!”

Li Hao thought for a moment. “There's one more thing. The other party disappeared without a trace. Captain Liu can't find him or lock onto him. Teacher ...”

“I'm fine!”

Yuan Shuo shook his head, “at our level, if we don't look at what's in front of us, what we see might not be real!” With the Divine Will, even invisibility can't hide from me, unless the person is much stronger than me. ”

Li Hao nodded. His teacher was not bragging.

Li Hao didn't come here for this.

He took out the stone knife and placed it on the table.

Yuan Shuo looked at him and seemed to understand what it was.

Li Hao said softly, “there's a special mysterious energy inside. It's more aggressive than ordinary mysterious energy. It's different from the gentleness of Starlight energy. It's extremely powerful!”

“Are the use of the sword different?”

Yuan Shuo pondered, “the Li family's sword and the Zhang family's saber, one is gentle and nourishing, while the other is sharp and good at attacking.” Among the eight great families, there's the Zhao family's fists, the Liu family's legs, the Wang family's turtle, the Hong family's hammer, the Zhou family's spear, the Zheng family's young master dragging us down ...”

“If we follow the literal meaning, the fists, legs, Wang family, and Zheng family might not have any weapons, but it’s hard to say. The fists and legs don’t mean that they don’t have weapons. That turtle might represent a defensive shield or something.”

Yuan Shuo was not in a hurry to talk about the saber. Instead, he analyzed the situation.”If the weapons of the other six families have been taken away, the other party must have also absorbed the energy from them. Spears and hammers are good at attacking, tortoiseshell is good at defense, and his fists and legs are sharp ...”

He felt a little heavy.”Then it’s really not easy to deal with. The main thing is that I’m not sure how much energy the other party has absorbed. Is it all of it or a part of it? or maybe other weapons don’t have the energy contained in swords at all. The other party didn’t dare to Rob you directly or even capture you to keep as a pet. It might be because they are afraid of the night patrolmen, which means it shouldn’t be too much beyond imagination. ”

“I’ll keep the saber for now, but I’m not sure if I can break through!” The main thing is that I’m not sure if the time and energy are enough, but don’t worry, even if it’s stronger than sunlight, it’s not impossible to deal with!”

Li Hao nodded.”It’s good that you’re thoughtful. If there’s a problem ... Just run!” If I can’t win, then I’ll just run. Teacher can always take me and run, right? If worse comes to worst, we can just run to the night patrolmen’s headquarters. They won’t just leave us in the lurch, right?”

Yuan Shuo laughed. ‘That’s my style.’

However, it was hard to say, and it was not easy to run, as it was too far.

The Silver City was too small!

It was too far away from white moon City.

As for running away now, Li Hao and Yuan Shuo were unwilling to accept it. Besides, running away now would only hasten the enemy’s plan. In a few more days, Yuan Shuo might have a chance to advance.

This time, the master and disciple did not say anything more.

Yuan Shuo didn’t even refuse and directly accepted the stone knife.

At this juncture, there was no need to be polite.

Li Hao didn’t stay for long and quickly left the small courtyard.

.....

After Li Hao left, Yuan Shuo tried to absorb the energy.

Before he left, Li Hao reminded him that it was very painful.

Yuan Shuo didn't take it seriously.

However, Yuan Shuo's mouth twitched when he really absorbed some saber energy.
Tsk, it really hurt!

This energy ... Was too violent!

In the next moment, Yuan Shuo's eyes lit up. Good stuff.

The inheritance weapons of the eight great families were indeed top-notch treasures.
This sealed stone saber was actually filled with so much powerful offensive energy.

"The more you know about the eight great families of Silver City, the more mysterious they are!"

Thinking of this, he thought of the archaeological ruin exploration that he had to participate in at the end of the month.

Yuan Shuo fell into deep thought.

"That ancient ruin ... Is it related to the eight great families?"

Originally, these two things had nothing to do with each other. One was in Silver City, while the other was almost out of Silver Moon province. Moreover, one was a small place, while the other was an ancient civilization site.

But at this moment, he suddenly felt that there might really be a connection.

"I remember that in the ruins, there was a turtle engraved on the main gate ... I didn't think much about it before, could it be ... That it has something to do with the Wang family of the eight great families?"

At this moment, Yuan Shuo fell into deep thought.

That ruin was the largest and most well-preserved one he had discovered over the years. At the same time, it was also the most dangerous ruin.

He had been injured three years ago at that place.

Many people had died that time, so the night patrolmen had given up on exploring and had sealed off the area.

It was about to be reopened recently, and it was said that it was not only the night patrolman but a few other supernatural organizations that were working together to explore it. Clearly, the night patrolmen were worried about heavy casualties again.

Although they needed to share the loot, they could only do so. There was strength in numbers. If the losses were big, it was better to bear it together.

“The eight great families ... The ruins ... The murderer of the self-immolation case ...”

If the murderer of the self-immolation case knew something about the eight great families, or even guessed or simply knew that the ruins were related to the eight great families, would he also participate?

In that case, if the other party was an organization, would more of their forces be concentrated there?

In this way, the Silver City would be a bit safer.

“Let’s not think about this first!”

Yuan Shuo took a deep breath. The most important thing now was to deal with Li Hao’s problem.

As for the ruins, he would think about it later.

Chapter 100: Chapter 28 first test of the blade (fighting for the top ten)

After giving away the stone saber, Li Hao’s mood calmed down.

He had done everything he could.

This was all he could do for now. As for the night patrolmen, it would depend on Liu Long’s arrangements. Li Hao had told Liu Long about Wang Ming’s existence, but Li Hao didn’t know the specific situation. Liu Long would probably know better than him what to do.

“Teacher and Liu Long are now aware of the red shadow’s invisibility!”

Is there anything else you haven’t said?

Li Hao thought for a moment. Oh, there’s one more thing I didn’t say. I can see ... But that’s not important.

He didn't have to reveal all his secrets. He could see it, but no one knew. Perhaps it would be of some use. Even if he said it, it might not be of any help to everyone.

"The next few days will be the time for me to work hard to improve myself!"

Right now, it was too late for him to improve himself. Otherwise, Li Hao would rather continue training in silence and then kill the red shadow himself.

But time wasn't on his side.

However, now that he had reached this step, what he needed to do next was very simple. He needed to strengthen himself.

Having entered the ten slashing realm, he had never fought with any expert.

He had never fought a real battle.

According to his teacher, this kind of Martial Master was just for show. In fact, he wasn't really that capable. He just ran faster than others, so his punches hurt more.

.....

It was another peaceful night.

15th of July.

Inspection Office, basement, Demon Hunter squad base.

Li Hao had come very early today, and had no interest in beating around the bush with Wang Ming, so he had simply come here.

Early in the morning, Li Hao began to practice the five birds technique.

Here, he didn't have to worry about disturbing the Auntie downstairs.

Fist technique, grabbing technique, bear hug, Tiger pounce ...

This time, Li Hao tried to use all five birds.

Tiger, bear, deer, ape, bird.

When he practiced, his posture was a little ugly. He even used both his hands and feet. Sometimes, he would lie on the ground and jump up like a wild beast.

Among the five birds technique, the bird technique was actually the most difficult to practice.

The flying bird technique focused on making one's body light. The main point of flying was to borrow force to fly. This was not very friendly to newbies like Li Hao. After a few leaps, Li Hao directly fell to the ground and crashed heavily. It was not as useful as the ape technique.

After a few times, Li Hao simply gave up on the flying bird technique and focused on the ape technique, which he was most familiar with.

Li Hao was engrossed in his training when someone entered.

Chen Jian, who had an incomparably strong body, looked like he had not fully woken up. He pushed the door open and entered. When he saw Li Hao, he was slightly stunned and surprised.

"Li Hao, you're here so early?"

He didn't sleep well last night, but he was the first to arrive. He didn't expect Li Hao to arrive before him.

As for the task of protecting Li Hao, he didn't have to worry too much with boss around.

"Brother Jian!"

Li Hao panted slightly. He smiled and suddenly said, "Brother Jian, are you interested in sparring with me again?"

"What?"

Chen Jian was a little surprised. He had thought that Li Hao wouldn't want to fight him again after his last loss. He didn't expect that this kid would take the initiative to mention it.

"You want to practice with me?" Chen Jian laughed naively. I'm actually not good at attacking, and I'm mainly good at defense...How about this, I'll just defend and not attack, and be your sparring partner!"

Li Hao's face was filled with joy. A shield-defense sparring partner like Chen Jian was probably the favorite of newcomers like him.

After all, a living person and a target were different.

Moreover, the other party was an extremely powerful Martial Master in Shield Defense. With Chen Jian as a sparring partner, he would definitely be much better than himself.

"Brother Jian, I absorbed the mysterious energy yesterday ..."

“I’m fine!”

Chen Jian had a silly smile on his face, but he was powerless to ridicule in his heart.

I know!

“Yesterday, you absorbed two of them. Of course, I know about it. The key is ... You also know that you only absorbed it yesterday. The effect of the mysterious energy is not something that can be absorbed and digested in a day. It is a long-term digestion process.

In addition, although Li Hao had some Foundation before, he wasn’t much. He was stronger than ordinary people, but in front of a real Martial Master ... He couldn’t even withstand a single blow!

Chen Jian was still defending with his shield, so why would he be worried that Li Hao would hurt him?

Li Hao stopped his cultivation and said with joy, “Then ... Then I won’t be pretentious anymore. Brother Jian, please enlighten me!”

“You can attack as you wish. Although I won’t fight back, I’ll Dodge. This is also a Basic Instinct of Shield Defense ...”

“Understood!”

Li Hao was overjoyed. This was even better.

Otherwise, he might as well go and forge.

The two of them didn’t say anything else. Li Hao pounced like a tiger and used Tiger fighting technique.

His hands were like claws, and he went straight for Chen Jian’s arms, trying to grab them.

Although Chen Jian was fat, his movements were extremely agile. He did not make too big of a move. With a slight movement of his feet, he avoided the attack by three inches.

Li Hao’s grasp missed, and the air seemed to be whizzing.

Chen Jian, who had just avoided it, was slightly stunned.

So much?

At this moment, Li Hao didn't hesitate. His grab didn't work, and he fell to the ground. His four limbs stuck to the ground, and his legs pushed off the ground like a deer's burst. A deer's steps were light and agile, and it was in a comfortable state. However, when it was in danger, the burst of power from a deer was extremely powerful!

"Eh ..."

Chen Jian moved again to avoid it, but he wasn't as fast as Li Hao's kick.

Chen Jian no longer avoided it.

As a Shield Defense, if he couldn't avoid it, he would defend!

BOOM!

An explosion rang out!

Li Hao's body was still in the air. He used the force from his legs to push off and concentrated all his strength into his arms. At this moment, like a fierce tiger coming down a mountain, he clenched his fists and punched out!

Bang! Bang!

Chen Jian took a step back, and Li Hao was also forced back by the huge force of the counterattack. However, the moment he retreated, he was like an ape, making an incredible ripple in the air.
