Chapter 14: Frustrated - Niko POV

Vivian was carrying on all day like a toddler. I was starting to enjoy her little fits though. There was this fire inside her eyes that I was feigning to see. The past few days she has been avoiding me and I found it amusing. I would purposely walk into a room to grab a random object just to watch her scurry away. I didn't know why she was running, but I liked the game.

Then today she exploded on me. At first, she tried being nice and even called me Sir. I liked her calling me Niko. I wonder how good Nikola would sound screaming out her lips.

After she lost control about having to help Tommy's fiancé she came into the kitchen and fucking wrapped her legs around me. I never had a woman come on so strong to me before and no one ever touched me unless I said to first. Everyone knew I was the one that controlled the people around me.

For some reason I like this woman taking control. She was sexy, so fucking tempting, and I wanted her to be mine. Her hot pussy riding my dick felt amazing even with clothes on. I needed to fuck that woman already.

She was seriously messing with my head. Most of my days were spent chasing her or thinking about her. For fuck's sake I spent the past two days randomly picking things up just to see her reaction. This was not normal for any man let alone a Capo.

Then it was over. She spit out some vile words about me ripping into a virgin and left. I was so filled with lust to own her body it didn't even register that she left. What is happening?

After a few minutes it clicked. Fucking Sophia! She told her I would marry her. I swear that child was going to get her ass whooped. I took long strides to the gardens and saw Mario looking up at the sky. What was he doing? Fucking weirdo! Then I saw why.

"Was I teasing you too much?" Her little sultry voice came out then planted her lips right back to Dominick's. I guess she was a little whore.

"Fuck yes, but so worth it. You're so fucking sexy V." Dominick grabbed her ass and she wrapped around him. She was sexy, but she was not his.

He walked her back right into me. She broke their lips apart and they both stared up to me.

"Boss!" He said dropping her like she was on fire.

"Ow!" Vivian grabbed her arm that I had locked in my hand. She was about to fall and instinctively I reached out to catch her. It pissed me off and now my hand was bruising her skin.

"Is this what you two do out here in the garden?" I asked with a death stare to Dominick.

"No sir. This was the first time we did.... that or what we almost. It was just a kiss." He was stuttering over his words. I made it clear she wasn't mine, but my anger right now was proving otherwise.

"Can I not kiss a boy now too? You get a virgin and whores. Sophia gets to marry the Capo and go to school. I just get nothing. Is that what it is?" Her eyes were so pissed looking at me, but I saw the tears about to fall out too.

"You can't fuck with me then walk out here and kiss Dominick."

"I was just making a point you disgust me. I didn't mean to go that far." Her eyes lowered. I'm sure she realizes now that her teasing the both of us makes me look weak.

"Are you frustrated Kitten?" I smiled at her. She was a dirty little girl, wasn't she? I remembered seeing her at that bachelorette party. How she drooled over Tommy's dancing then spread oil all over his chest. She was hungry and she would not have Dominick.

"Shut up Niko! I feel like I'm going to throw myself off the roof right now. I don't need to be made fun of too." She wiggled her arm as I studied her. "Can you let me go? I won't mess with you anymore. I'm sorry, ok."

"Go to your room. No kissing any boys on your way there." I scolded her.

"I hate you."

I watched her walk away embarrassed with deep sadness in her shoulders. I watched her too much and needed to focus.

"Boss, I'm confused. Is V yours or not? Can I fuck her?" Stupid Dominick spoke and the second he said he wanted to fuck her my calm was gone. I grabbed his neck between my fingers.

"Leave and do not enter this house without my permission again. Understood."

"Yes, I'm sorry Capo. I won't come back" He pleaded to me. His tough guy exterior fell right off as I held his neck.

I left him in the garden and headed back to the kitchen. I was heading to her bedroom when I found Marie. She was a woman and she has spoken with Vivian. Maybe she can tell me what the fuck is happening?

"Why is Vivian upset?" I asked standing in the middle of the kitchen, arms crossed, and an expressionless face on.

"Sir?" Marie slowly lifted her head then looked around.

"I'm speaking to you Marie."

"Oh of course, sorry. Ms. V wanted to take online classes. She is getting a bit stir crazy and unsure what her purpose is. She will calm down though, sir. She is young and not used to this life. She will adjust though."

"Become quiet and obedient?" I asked with venom in my tone. Did I actually want that?

"Yes, of course. As I said, she is young and not raised in our ways. She is learning though."

"Learning?" I questioned.

Did Vivian really care to know the lifestyle of a Capo? She definitely won't like finding that shit out. Before Marie could respond Sophia bounced in.

"Hi Capo. I got everything I needed. Thank you..."

"Shut up. Go to your room, child!" I ordered her.

Why did she speak to me so much? Of course, Tommy always indulged her. He was like a big brother to her and she ate up all the attention.

"Learning?" I asked Marie again.

"Yes! I think she is hoping you might take her to an event or family house. She is practicing how to be the perfect Mistress." My eyebrows raised at that.

"She wants to be my Mistress?"

Marie laughed then wiped it quickly off her face. I didn't see what was funny. "No boss, not really your Mistress. Just in title so maybe she can leave the house with you, that's all. She has a fascinating and curious mind that one. I wouldn't doubt she has a hundred different plans on how to run away too." Marie lightly laughed about how Vivian might be trying to run away. She would be killed the second she stepped off this property. Did Marie want her to die?

"She ever tries to run I'll chain her in her bedroom." I spit out then walked out the kitchen.

I decided to leave Vivian alone for now. I was too angry at her and had work to do. I spent the rest of the day in my office sifting through contracts, negotiating new routes, and preparing for a Grasso prisoner. Anthony sent word that they had two of the family members and were transporting them to my mansion.

It was finally time to teach that family what happens to people who come after mine. I debated about calling a woman and even walked pass my little room downstairs. So many women I released so much stress with. My dick was twitching at the thought of getting a good fuck in.

I stomped my way to my bedroom then stopped at the living room. Vivian was sprawled out on the couch like a child staring at the ceiling. She was so fucking weird.

"V there has to be something more entertaining than staring at the ceiling." Mario was standing behind the couch, obviously trying to cheer her up.

"I have nothing Mario. I am nothing." She pouted then moaned. Her arms were extended out, one leg over the back of the couch and the other bent on the cushions.

"You're a pretty lady. You just need to watch what you say. Dominick likes you."

I was about to speak when she laughed.

"Ha, that boy. I don't want Dominick. I was just bored and.... Frustrated."

"So, you are frustrated? You know there are many ways that can be helped." I smiled from the door way.

Mario stood straight up and looked at the wall. "Boss."

The little child stayed just as she was. "I hate you Niko. I have this burning hatred for you and I think about nothing other than your death so I'm free from your cage."

"You are being a bit dramatic, kitten. Mario you can leave. Make sure that blonde girl stays in her room. I don't want to hear her voice again."

"Of course, sir." He bowed his head and left.

"You don't like your obedient virgin to speak? Typical of a beast."

I moved to the couch lifting her leg and sat down. This was not the best position. With one leg behind me and one on my lap it left her pussy open perfectly to me. I could probably rip a hole right through these black stocking things she always wore.

"I will not marry Sophia. Virgins are great, but I'm not some college kid looking to own a shy little child."

She lifted her head confused to me then noticed my eyes were glued to in between her legs. I looked up to her with a smile. She quickly moved her leg from behind me to my lap and closed her legs. That was no fun.

"Sophia believes you will marry after school. Mafia law says a Capo should be offered the purest of females both in blood and virtue."

I laughed in surprise. She read our code book. Where did she even get one? "Yes, but it is just an offering. One I don't plan on taking. Tommy told Sophia they had to wait until after school. She thinks that is true for me too. Despite me sending her away her father drills it in her head that she is the best choice and I will eventually take her as my wife. As far as mafia code, that was written centuries ago. It is like the Bible. Christians don't run around whipping their disobedient wives, do they? It isn't to be taken literally anymore."

I leaned back with one hand on her legs and the other on the back of couch. Vivian adjusted so she laid her head on the couch pillow and her butt was against my thighs. I liked this closeness and my dick was very happy to have her legs across it.

"Why are you being nice to me?" She looked at me suspiciously.

"I'm always nice to you. Probably nicer to you than anyone else I ever met."

She thought a moment. "You are a beast, but I guess for a brute you are a little less mean to me than others. I wouldn't go as far to say you're nice to me though."

My eyes raked her body then my grip tightened on her legs. "Marie says you plan to run away."

The fucking girl laughed. "Of course, I do. This life sucks."

"Are you stupid?"

"You rather me lie to you, Boss." She lifted her body up and teased me with those lips as her tongue ran over them.

"I meant you are stupid to think you won't be killed the second you step off this property, not because you told me. That makes you a psycho with a double death wish."

"You wouldn't kill me." She rolled her eyes.

"No, but many others would. Put a movie on. I don't like speaking to you!" I ordered with a deep tone. Anyone else would jump but she was becoming immune to me. I shouldn't have liked that, but I did.

She huffed then put on some sappy romance chick flick. She barely paid attention so I knew she only did it to try and scare me away. Enough games for tonight, we were both frustrated and that needed to be fixed.

My hand slid up her thigh and she didn't dare look my way. I watched how she tried ignoring my fingers sweeping up and down her thigh. I didn't play with woman, but the anticipation building in my dick felt good.

"Niko? What are you doing?" She whispered, finally turning her head to me. She was waiting for me to cross that imaginary line at the top of her thighs and between her legs but my fingers retreated back down every time.

"Touching you. Waiting for you to lash out at me."

"Do you like me angry?"

"Yes!" I replied with a smile then swiped my thumb over her folds. Fuck she was hot and so wet.

"Niko!" She whispered as her back arched and God I really liked that.

"Are you frustrated kitten?" I teased

"Yes."

"Good." I chuckled and she shot me a death stare. I swear I just got harder.

"Fuck Vivian! You are driving me crazy." I pulled her up to straddle me then my hand reached inside her pants. "So wet for me." My fingers met her bare pussy and it was perfect.

"Niko, you're teasing me too much." She whined as her hips rode my fingers. I moved her to sit next to me then kneeled in front of her. Her eyes widened as my fingers removed her pants and underwear.

"Are we really doing this?"

"Fuck yes." I pushed her thighs wide apart then lowered my head between her legs. I hadn't eaten a pussy in probably ten years. I couldn't wait to taste this one though. My tongue flicked out and she immediately moaned. She was so worked up she would be coming in my mouth within a few minutes.

"Niko, please." She begged and that was enough for me to lose control.

My mouth took her whole pussy in then my teeth scraped her folds. My tongue shot out working fast inside her then my thumb worked her clit. It was just like riding a bike. Her body lost all control as she screamed out and gave me her sweet silk to suck down.

I slowly worked her while she caught her breath and my hands undid my belt. I grabbed my thick cock tight pumping in rhythm to how I sucked her clit. Her breaths were getting heavy and her moans louder. I was getting close to my own release. God it's been too long.

"Niko, like that. Yes, Niko." Her hand grabbed my hair tight and she rode her pussy hard against my face pushing me even closer to the edge. This woman knew what she wanted and fucking took it. I pumped my dick faster than my other hand inserted two fingers into her wet pussy as my mouth sucked like a starved toddler on her clit.

The moment a second orgasm tore through her I felt mine. I sucked and pumped both hands fast and dirty while grunting out my own pleasure then finally I got that release. My dick kept pumping out so much cum and it felt amazing.

I sucked up her juices then slowly moved my face from her pussy but my eyes stayed glued to it. Now I understand why she has everyone wrapped around her little finger. She was fucking delicious.

I grabbed the back of my shirt lifting it over my head to clean my face then in between her legs. She looked at me silently unsure if that really just happened.

I can assure her it definitely did and it will happen again. Vivian thought she was fucked before, now she was mine.
