Chapter 17: Good - Niko POV

Vivian walked into the kitchen just as I shoved a large slice of cake in my mouth. It was so fucking good I came back down for seconds. She was wearing a long black night gown. Tight on her chest with lace around her large breast and it flowed down her legs with a slit on the side. To say she look fucking sexy was an understatement.

"What are you wearing?" Was all that could roll out my mouth. My mind went straight to last night when I ate her sweet pussy and I wanted it again. My dick was already getting hard and throbbing to feel her.

She ran away from me last night. I had every intention of fucking her, but I saw the fear wash over her then she just left me. I had never been rejected before and didn't know how to act.

After breakfast I asked Marie if she was ok. She told me she was the same as usual. I didn't really know what that meant. Then I told Marie that I offered to take her to Chicago but she instantly refused. Marie laughed at me so I just walked away from that woman. She was obviously no help to me figuring out Vivian.

"My pajamas. Does this seriously turn you on? I pegged you for leather and chains type dude." She said looking at my noticeable hard on and I smiled. I did like that, but honestly, I just like the woman bare and bent over to fuck. I grabbed her a glass then set it down next to me.

"I like a sexy woman. Come here." I set the cake down and she walked over to me like a child about to whine for something. "Were you crying?" I could see her swollen eyes now. She gave me a little smile then leaned her head on my chest.

"I don't do hugs." I blurted out adjusting my body uncomfortably. She ignored my statement wrapping her arms around my waist and huffed.

"How do you fuck a woman and never hug her?"

"Why would I hug a woman while fucking her? That doesn't make any sense."

"What about when she is on top and you're sitting? Your arms don't wrap around her?"

"No! I do more of the riding anyways."

She laughed at me and it felt kind of good how her body jiggled into mine. My dick definitely like the friction as she rubbed against it.

"Have you ever been in a relationship, Niko?" She asked, still buried in my chest.

"No! I call a woman and fuck her, then I leave."

"Seriously! Please tell me that is a joke?" She pulled back some but kept her arms around my waist.

"Why would that be a joke?"

"It's just weird." She shuddered then rested her head back to me. My arms just naturally wrapped around her this time. This wasn't so bad.

"It's not weird. I don't like having a woman nagging on me so I take what I need from them and nothing more."

"Oh my god the poor woman you marry will be mortified of you."

"She will be the richest and second most respected person in the families. I'm sure she'll be fine. Why are we talking about this? I wanted to throw your ass on that counter and eat you out again."

"Seriously?"

"Yes! Don't you feel him?" I rubbed my dick against her stomach and grunted. "He very much likes you and it's fucking frustrating."

She laughed again then caught my eye. Was that a yes? Why is she staring at me like she is trying to figure me out?

"Fine!"

"Fine what?"

"Kiss me and I'm yours." she said with a wiggle of her eyebrows.

"Are you drunk?"

"A little, but I already let you touch me last night. We both know I want you too." She pulled back and reached for my hand sliding it over her ass then down to her front through her slit.

"Fuck Vivian, no underwear." And she was soaking wet.

My lips took hers fast and aggressive. She moaned out as one finger sunk inside her and my tongue went straight through those lips.

"Fuck me Niko." She whispered and she didn't need to tell me twice. I propped her up on the island then pulled my hard dick out.

"You sure? I won't be gentle."

"I know, but I still want you."

Fuck that was exactly what I wanted to hear.

Without warning I thrust hard inside her making her cry out. I didn't slow down once, just rammed into her like a fucking jack hammer and her sweet pussy swallow me up every time. She was fucking tight too so I knew my dick was burning the inside of her walls with each hard thrust.

"Fuck Niko, you're fucking big." She whined mixed with a moan and her nails dug right into my shoulders. Our bodies were covered in sweat and she looked perfect getting fucked hard. My hands squeezed her hips tight and I kept pounding in and out so fucking perfectly. I've been inside a lot of women and this one was so warm as it wrapped around my thick cock.

Her back arched and hands slammed on the island as her head flew back. "Don't stop, fuck that's it, Niko, Niko." Then her pussy clamped down on me as her fluids flooded around me.

"Fuck Baby. Fuck!" I grunted so close to finishing myself. I never finished this fast. The second she was coming down I pulled out of her then yanked her off the island. I needed to fill her up with every drop of me and I wanted to do it while I took her from behind.

"Bend over!" I ordered as I spun her around. She could barely breathe, but lowered her chest onto the cold marble countertop. "Good girl. I'm going to take this pussy as mine now."

"Yes! Ahhhh, fuck Niko!" She screamed again as I thrust hard into her. I pulled her hips flush against my pelvis so I was deep inside her and just waited a moment to calm down. God I was ready to explode and this felt so fucking amazing.

"Niko fuck me!" She whined. I felt her pussy contract and it made me grunt.

"Now you want me to fuck you?"

"Yes, please."

"Just remember you asked for it." Then I pulled out slowly and rammed hard back inside her. My large body barreled into her over and fucking over until she was pouring out again. "That's it baby. Take my cock like good girl."

My hand wrapped in her hair pulling on it tight while my other hand held her waist with a bruising grip and I continued to fuck her fast and hard. This felt so fucking good. Her pussy was going to be so sore tomorrow it was making me throb thinking about.

"Fuck Vivian." I grunted then slapped her ass. My large hand wrapped around her thigh lifting it higher to the counter top. "Fuck yes." I was pounding into her even deeper now and she was close to her third orgasm. "You're going to come for me again!" I ordered.

"Yes, oh my god yes, Niko." She screamed loving this new position. And she thought she didn't want to be fucked rough and hard from behind. The second her stomach clenched her pussy tightened around me and she screamed again. My favorite part.

"That it's baby. Come all over my dick and I'll fill you up too. Fuck Viv just... like... that." Then I grunted hard as I started pumping out fast and deep into her. Shit! It felt like my dick was literally exploding in pleasure.

I held her body still for a few moments. She was bent over with one leg up and my dick buried in her. That felt fucking good.

I slowly released her hair then pulled out as she whined and I grunted. "Turn around." I huffed still taking long deep breaths. She literally just took every ounce of my energy.

She slowly turned, licking her lips and eyes half open. Fuck she look good freshly fucked like this. My hand wrapped back in her hair then my mouth took hers. My teeth nibbled on her lower lips and my tongue forced its way through them. "That is a fucking good pussy, Vivian."

"Thanks. That is a good fucking dick, Niko."

I laughed. "And you were afraid of it. Didn't want me to fuck you hard from behind."

"I have never been taken so possessively like that before. It felt... amazing." She dropped her head to my chest and I scooped her up to carry her upstairs. She was about to pass out and so was I. I knew she would be a good fuck and one I desperately needed.
