Chapter 21: Have My Cake - Niko POV

I didn't see Vivian until she met us downstairs for the little party of the families. The second my eyes saw her body in that tight dress I wanted to rip it off her. I didn't even care if everyone watched as I tore deep into that pussy.

I know she wants me too and I know she liked how I fucked her. I just didn't understand why she kept avoiding me or yelling at me. I approached her at the bar, but she immediately had that attitude. As badly as I wanted to spank that behavior out of her the last thing, I needed was for the families to think she was allowed to disrespect me. If some plaything could speak to me that way then everyone would expect they could do the same.

I just needed to figure out how to get her naked again. I never had to work this hard for a woman. It was both amusing and frustrating. After the party wined down I headed back down for my second dessert. I would prefer Vivian bent over, but I guess cake would have to do for tonight.

"Are you sneaking food to bed? Were there no small children to eat?" Her voice instantly had my lips tugging to a smile. This was a familiar scene, maybe I'll get my cake and eat her pussy too.

"Want to join me?" I teased her. I wish it was that easy.

"Nope! The sex was great, the aftermath not so much." She quickly responded. She walked back to her room and I immediately began stalking her. I could watch that ass for days. Preferably jiggling from my dick fucking her. I nodded to Mario to leave and he shook his head with a smile then walked away.

"Niko stop staring at me ass!"

"But it looks even more delicious than this cake." I wanted to reach out and smack it. Grab a handful tight between my fingers. Fuck, this woman makes me so hard.

"Seriously! What do you want from me Niko?"

"You know what I want kitten."

"You kidnapped me, took my life away, and then tortured me every day. Why would I let you have my body too?"

I don't know why I keep getting blamed when Tommy is the one that fucked her life up, but the answer to her question was easy "Because it feels good to give me your body."

"God, you're impossible. Don't you have whores you can call on. Go stalk them and leave me be." She entered her room removing all the pins in her hair and I set my cake on her night stand. I'll be back for you in a little bit.

"I don't want them." I simply answered watching her sit at the vanity in the bathroom. I walked behind her chair slowly undoing her braid. Her hair was gorgeous. Thick and strong to wrap around my fist and yank on.

"How do you know how to take out a braid, Niko? Do you play daddy and daughter with your whores?"

"Nope, I told you. I just fuck them, then leave. I had a sister though. She made me play with dolls with her, a lot." I chuckled softly remembering Amber's little voice calling me to play with her.

"Had a sister? I'm sorry I didn't know." All her attitude washed away. That was easy.

"Hmm, no one talks about my family. They were killed by the Grasso and Marcusio families a long time ago. Now that you see I'm not a beast can you stop denying me what I want." I looked down to my pants and she laughed.

"Niko? Could Dominick and Sophia ever marry?"

My eyebrows shot up to her. Is she seriously talking about them when I just asked for sex? "You're frustrating me kitten." I grabbed her waist tight, pulling her body to mine.

"I'm only asking a question. You talk to me the most right before I'm about to put out." She giggled.

"Are you using sex as a means to get information?"

"Yes, beast. Now tell me could they marry or would it be denied because whatever weird shit rules you have?"

"They could. Sophia is a female of a strong family so it would be ideal to keep bloodlines strong and Dominick is not from one. It's not against any rules though. Dominick can marry anyone he wants as long as they are vetted properly."

"Why isn't Dominick part of a strong bloodline? He is your cousin."

"His mother married an outsider. He joined our ranks and serves my men but he is not a made man."

"Really but Dominick is?"

"Yes, low rank though. If he married Sophia their kids would be higher ranks than he is. Can we stop talking about them now? My dick is throbbing so fucking painfully."

"You are so strange Niko. You really just ask for sex, then have it. No teasing, foreplay, emotions."

"Yes" I dipped down to her breast sucking the top hard in need to feel something. My hand slid to the back of her dress and slowly unzipped it. She didn't say word, thank god. I think the talking is finally done.

"Niko?"

"What?" I growled. I thought we were done talking and now we fuck.

"I don't want to be looked at as your woman. If you take my body, it's only when I agree and I'm not at your beck and call." Her face was all seriousness, but my eyes were glued to her large breast that fell out as her gown pooled around her feet. Fuck this body is so fucking perfect.

My lips dipped right to her hard nipple sucking it like a starved beast. Her hands worked my shirt as little moans left her lips. Fucking finally. I was beginning to think this woman was broken down there. If she didn't feel so good, I wouldn't bother with all this bullshit.

"Niko!" She moaned out as my fingers grazed her pussy. Her underwear was soaked and my dick was about to bust out my pants. I grabbed my buckle quickly undoing it as my lips attacked her breast again. I wanted to lick every inch of this body.

She pulled my hair. "Niko?"

"What Viv?"

"You didn't answer me."

"I wasn't listening." My hand wrapped in her hair pulling it tight to make her yelp. The second my lips hit hers my tongue shoved its way through swallowing her cries. I lapped my large tongue over hers tasting every inch of her mouth.

My pants hit the floor and I kicked them out from my feet. Fuck! I was about to fucking explode just from sucking her tits and kissing these soft plump lips. This woman needed to stop making me wait so long.

My hands grabbed her ass tight and she wrapped those long legs around me. I started walking us out of the bathroom when she started talking again.

"Niko, stop." She let out in a breathy moan.

"What now woman?" I asked annoyed standing in front of her bed. We were so close.

"I don't want to be your Mistress."

"Ok. Can we fuck now?"

She giggled and brought her lips down to mine. She hugged around my neck tight pressing those large breast and hard nipples into my chest. Fuck I want my dick between those mounds.

I slowly pushed her back on the bed and kneeled between her legs. My hand gripped her panties and ripped them off. All I wanted to do was fuck the shit out of this pussy, but now that she is naked and laid before me, I want to play.

I moved my legs to stand and pulled her waist so her butt was at the edge. "I'm going to eat my cake and pussy too." My finger scooped up a chunk of the cake then lightly massaged her folds with it. Fuck that looked like the best dessert I would ever eat.

I kneeled licking my lips as I stared at her wet pussy covered in vanilla icing. My hand wrapped around my dick tight pumping a few times to release some pressure. "Your pussy is gorgeous and it's mine." My voice was deep with a hint of warning in it.

"Niko, please." She begged with so much lust in her eyes as she stared at me watching her pussy. She was impatient. Good, she made me wait days.

My tongue darted out licking slow but hard up her slit. Then again and again. My lips sucked her folds as my tongue swirled taking in all her silk wrapped in icing.

"Fuck Viv this tastes amazing. I want your pussy with all my desserts."

"Niko, I need you please." She begged again. Oh, now she doesn't like the teasing.

My hands spread out on her thighs forcing them all the way open and then I went to work. Licking, sucking, and slurping every piece of cake and juices she offered. Her body was wiggling and her mouth was begging me for more. I latched my lips onto her clit knowing how much she like me to roughly suck her off. She screamed my name as two fingers jammed inside her pumping her deep and throwing her body into a mess of pleasure.

"Niko! Fuck, fuck, pleaaaase." She whined out then just screamed as her pussy sucked in my fingers and released all down them.

"Fuck Viv, you squirted all over your bed." I chuckled; she is so fucking hot. Listening to her completely lose control like that was making me desperate to be inside her. I could eat this woman out every night and still want more.

"Oh my god Niko. I never felt like that before. Mmmm." She closed her legs and bit her lips still swimming in her post orgasm.

"You ready for the beast now." I stood over her pumping my dick just watching how perfectly she looked squirming in pleasure.

"Fuck yes." She slowly opened her legs wide showing me her glistening pussy lips.

"Fuck baby. You're so fucking dirty and it makes me so hard for you." I moved my knees to the bed and positioned my tip at her entrance. I was going to rip right through her.

"Wait! You should wear a condom, Niko." She sat up on her elbows panting. Her hips slightly moving, begging for me to push into her.

"Why the fuck would I wear a condom?" That came out with all my rage. I didn't want to wear one with her. She felt so fucking good.

"Niko, I'm not stupid. I know you have other women plus I not on the pill."

"I don't have other women and why the fuck aren't you on the pill?" Really right before I'm about to stick my dick in her she brings this shit up.

"You literally call a woman and fuck her Niko and how can I be on the pill when I'm trapped in this house?"

"Fuck! Fine, a doctor can come here and give you that shit and I can call a woman, but I don't." I circled my tip at her entrance then slapped her pussy with my long hard dick.

"Fuck Viv, I need to be inside you."

"Niko... what do mean... mmm... forget it just fuck me." She fell back to the bed and moaned out as I slapped her clit with my dick again. Finally!

My hand reached up to her neck and I wrapped my hand tight around it. I dreamt about fucking her like this so many times. Now you're mine.

I slammed into her with one hard, brutal thrust making her scream out. Fuck this is perfect. She laid sprawled out at my mercy, my hand wrapped tight around her neck, and my dick buried deep inside her.

Her eyes caught mine begging me to move. She was so fucking impatient for her release. I pulled out then rammed right back into her fucking her fast. So... fucking long... I waited.

"Niko." She tried screaming but my hand restricted her throat from yelling out. I watched her breast bounce up and down as my body slammed into her. The sound of our flesh smacking together and her strangled cries were driving me over.

Then she started coming. Her fucking pussy felt so good locking my dick inside her. "That it's baby girl. Come all over my big dick. Fuck, just like that."

As she was coming down from her orgasm, I moved my knee up behind her so I fucked her on an angle and drove in deeper. My hands left her neck and went to her knees, forcing them wide open. So much fucking anger whirled inside my head then fucking pounded out into this tight pussy.

She was getting close again and I slowed down. Hard but slow thrusts pushing her a little higher up the bed. "Niko! Fuck, don't stop." She pleaded and I chuckled. "You want more?" I teased. She looked good getting fuck like a whore. She nodded her head yes licking her lips. She looked like a feign begging for one more hit. I'll give you everything you need, and take everything I want.

I slowly pulled out watching my dick soaked in her juices come free. I quickly flipped her over and she went right on all fours then wiggled that ass.

"You want me to spank you, don't you?" My hand came down hard on her and she fucking moaned fisting the sheets. I gave her another hard smack and then another. My hand rubbed her sore cheek watching every inch of her naked body bent over for me.

"Niko fuck me." She cried out.

"So impatient. You denied me for days and now beg me for a release." I smacked her ass again.

"This pussy is mine." I said in low growl then sank all the way inside, pulling out fast and ramming hard back in. My hands squeezed her waist so tight that I knew there would be bruises there tomorrow.

"Fuck Viv, your pussy is so tight." I grunted smacking her lightly a few times then grabbed her breast. My hand squeezed and kneaded those large soft tits and she started coming undone again.

"Niko! Yes, Niko." I pinched her nipple hard pushing her over. She liked it rough with a little pain.

"Come for me baby." I demanded and she screamed out as she came again. "Good girl. Fuck you listen so good for my dick." I rammed inside her three more times with sloppy thrust then burst. "Fuck... that's it." I grunted as my dick pumped hard and deep into her pussy walls that milk up every drop. I love releasing just as she came. Her pussy was so sensitive and her body limp as I overwhelmed her again pumping out.

I pulled out and laid on my back. I needed to shower, then sleep, but right now I needed to just not think while the endorphins swirled around my body. That fucking woman knew how to satisfy me.
