

## THE CONTRACT MARRIAGE

### Chapter 39 Are We Going to Live Together?

Benjamin and Ethan were already waiting for them on the sofa. When they saw Sarah and Christian walking over, they quickly greeted Sarah.

“Sarah, come and sit!” Ethan stood up and warmly greeted Sarah.

“Grandpa, Uncle!” Sarah first greeted the two elders politely.

Ethan immediately looked at her reproachfully.

“Sarah, you and Christian are already husband and wife. Although you haven’t had your wedding yet, you are now the daughter-in-law of Cooper family. From today onwards, you can’t call me uncle anymore. You have to call me Dad!”

Everyone listened to Ethan and looked at Sarah.

Sarah's face instantly turned red. She knew that she could not escape. She shouted with red face, "Dad!"

"Sigh..." Ethan was very excited when he was called dad. He also had mixed feelings in his heart. He hurriedly called Sarah to sit down. "Sarah, quickly sit down!"

When Sarah wanted to sit, her eyes glanced at Christian who was beside her. She felt that Christian should sit next to her. She could not leave him alone at the side, so she went around Daphne to sit next to him. She sit on the sofa beside Christian.

Daphne saw this small detail and could not help but sigh, "Tsk Tsk tsk, look at them. They really love each other. It has only been few days, but they are already sitting together!"

She originally wanted to smooth things over. But after saying that, she realized that these words were somewhat inappropriate, so she could only awkwardly cough a few times.

Julian also silently sat down, but his gaze had always been fixed on Sarah. One had to say, today's Sarah made his eyes lit up. He never thought that this girl could also wear clothes that were so beautiful. In an instant, she turned from an ugly duckling to a white swan!

Looking at her big eyes and her perky nose bridge, and her little sexy lips, he suddenly realized that he had never looked at her properly in these nine years!

Benjamin looked at Sarah and said, "Sarah, the family has been busy with dealing with your wedding these few days. No one called you for a meal. Today, we finally have time to gather together. But it is different

from the past. You are here today as the eldest daughter-in-law of Cooper Family. This will be your home from now on, do you understand?”

Sarah immediately nodded her head. “I understand, Grandpa!”

Ethan took the words, “Sarah, in the future, no matter what happens at home, you can say it loud. Don’t hold it in your heart.”

“Yes, I will remember it!”

Daphne immediately smiled and put on the appearance of an elder, “In the future, there will be one more person in the family, and this house will be more lively. If we have another grandson, that would be great!”

Ethan heard her words and frowned at her.

Benjamin looked at Sarah and smiled kindly and asked, “Sarah, Christian, haven’t you guys been together for the past few days? How’s the discussion about the wedding going?”

“It’s basically ready!” Christian answered him slowly.

“Well, that’s good. Because the date of the wedding changed, the time had been longer, especially for Sarah and her mother. There are some details that you must discuss with them clearly. Don’t let them be unhappy with anything, okay?” After the dramatic change a few days ago, Benjamin also had high hopes for this wedding.

“Grandpa, don’t worry!” Christian nodded slightly.

Daphne had a fierce argument with Christian before, and today she knew that the two of them were coming

back. Therefore, she was thinking about how to ease the awkward atmosphere. She saw that the expression on Christian's face was slightly better. She smiled and said. "These two days, I asked someone to rearrange your wedding room. Everything was changed again. You two go and take a look in a while. If there's anything you don't like, just say it. I'll change it immediately."

Benjamin nodded in agreement when he heard Daphne's words. He looked his eldest grandson and said. "Christian, you and Sarah can go and take a look together. If there is anything you don't like, just tell Aunt Daphne. Anyway, there is still some time before the wedding."

Christian nodded and looked at Sarah who was beside him. "Push me to take a look."

"Okay!" Sarah immediately stood up and pushed

Christian towards the bedroom on the first floor.

Ethan looked at the two of them disappear into the corridor. He turned around and sighed heavily. “Sigh, I hope they will be happy...”

Julian heard his father’s words and lowered his head in shame.

Daphne saw her son’s expression and immediately tried to smooth things over. “Aiya, they will be definitely happy. And our Julian will also be happy! Actually, this is also quite good. Once Christian married Sarah, Julian will hold another wedding with Vivian. Next year, our family will have another grandson. What a good thing!”

Ethan immediately stared at his wife who did not know how to speak. “Who told you that I will allow the two of them to get married?”

Julian immediately looked at his father nervously. “Dad, Vivian and I have registered our marriage this morning. She is pregnant with my child. I cannot let the child have no father for the rest of his life!”

Ethan looked at his good son and said coldly, “You are really competent! Let me tell you, I will not acknowledge Vivian as my daughter-in-law. She wants to enter the Cooper family. She was clearly Christian’s fiancée, but she entangled with his younger brother. If she is a good girl, can she do such a thing?” Because what happened this time, Ethan had no good impression of Vivian at all.

“Dad! Vivian and I truly love each other. Besides, even if you don’t admit it, she is now my wife. She is carrying my child and the grandson of Cooper Family!” Julian was a little excited when he heard what his father said.

“Humph! Let me tell you, as long as I don’t admit it, she isn’t the daughter-in-law of Cooper Family!” Ethan glared at his son and roared.

“Dad!” Julian heard his father’s words and stood from the sofa.

Ethan did not compromise and stared at him. “Why are you yelling at me for? Let me tell you, it is not up to you to decide on this family!”

Benjamin heard the conversation between his son and grandson and frowned. He waved at the two of them. “Today is the day Christian and Sarah come back for dinner. We will talk about Julian after they leave.”

Daphne also immediately ran out to smooth things over. “Yes, yes! Today is the day Sarah finally came

to the house, why are you guys arguing?”

After saying that she dragged her son and sat on the sofa. She leaned close to his ear and comforted him a low voice. “Son, leave your matters to Mom. Don’t worry!”

Julian heard his mother’s words and gradually calmed down. However, when he thought about his father’s words just now, he still let out a heavy sigh.

Because of Christian’s leg injury, their wedding room was also arranged on first floor. Sarah was not unfamiliar with this villa. But this was her first time coming to this room. When she opened the door, she saw that the room was filled with red. There was a festive atmosphere everywhere.

Sarah let go of the wheelchair and walked over. Actually, what if the layouts of the room like this? She

was not interested. But after all, she had to live here after marriage, so she had to get familiar with it.

The bedroom was very big. It was twenty to thirty square meters in size and had an independent bathroom. There was even a luxurious cloakroom inside. There was no need to talk about the decoration of the room. Sarah looked around and looked at Christian who was in the wheelchair. She was a little hesitant.

“Is there a problem?” Christian looked up and asked her slowly.

“In the three months of marriage... Are we going to live together?” Although he was sitting in a wheelchair, he was man after all.

“Then where do you want me to live? When I get married, I sleep in separate rooms with my wife?”

Christian actually did not get angry when he heard her words. He looked at her and asked slowly.

“No, no, no! I mean... Don’t you have to return to the army for the next three months?” Even though Sarah felt that it was a little too much, she still couldn’t help but ask him.

Christian heard her and blinked slightly. He looked at her and asked her back, “You want me to stay as far away from you as possible, right?”

“No... I did not mean that...” Sarah immediately shook her head.

“Then what do you mean?”

“I’m just casually asking... It’s nothing much...”

Thinking about what he said before about not being able to satisfy his physical needs, then living with him

shouldn't be too dangerous. At most, she would just treat him as a woman.

Christian looked at her expression and did not say anything else. He looked around and then looked at her and asked, "Tell me if there is anything you are not satisfied with!"

Sarah immediately shook her head, "No! They are all good!"

"Then let's go out!"

"Okay!"

This dinner was pretty good. Benjamin and Ethan kept chatting with Sarah during the dinner. Christian, who was about to become the groom, rarely talked. He just ate quietly. Although Julian did not dare to speak, his eyes seemed to be fixed on Sarah.

He did not know if it was because she was wearing beautiful clothes or something else, he kept feeling that the current Sarah seemed to have changed into a different person.

Not long after, Sarah told the elders that she wanted to leave. Christian wanted to return to the apartment, so he took Sarah with him and left.

Once the two of them left Julian did not want to stay in the villa and drive back to his apartment.

Ever since he was with Vivian half a year ago, he had taken Vivian to his apartment. When he walked into the living room, Vivian was eating happily with a large plate of fruits in her hands.

When she saw Julian walked over with a gloomy face and sit down, she put down the plate and leaned into

his arms. “Didn’t you go home to eat? Why are you here? How is it? Didn’t you tell your dad about our marriage registration?”

“I said!” Julian looked at the ceiling and let out a breath.

“Then why do you have such an expression? Could it be that your father didn’t agree?”

Julian shook his head. “No, he said that you wouldn’t even have the chance to marry into the Cooper family! It seems that it will be a little difficult for us...”
