Chapter 1001 Two Laps, Two Moms::Ep1

Don't you love it when a family comes together?

I didn't let Penny out of my bed the rest of the morning. Not that she was eager to leave. We lost both mom's almost immediately after her display, and were told we'd be summoned when breakfast was ready.

Surprise! Breakfast was delivered to

I don't know how long we kept that up. It seemed like forever, although it couldn't have been more than 10 or 15 minutes. My legs were outside hers, knees bent, ankles ove

Dad reached over and squeezed his wrist. "I'd suggest you put up with it, and pay attention. Think for a minute where you were a week or two ago, and compare that to your little girlfriend's gift last night. That's the sisters' influence."

Aunt Marie returned with Penny in tow. My shirt was a shambles. What was left of it. No collar, no sleeves, it

"You and Kelly doing Ok?" I asked.

He grinned. "Better than Ok. I only wish we'd gotten together sooner. She's leaving in a week and a half."

The girls laughed, and I got another nice kiss, a promise of more to come. Soon, if I had my way. "Mom, Dad, I'm feeling a little bushed. Think I'll head to bed. Thanks for a great day."

Aunt Marie gave Mom and Dad a hug and kiss, and waited for me to do the same. With Mom that is. Kind of old to be hugging and kissing Dad. I took my aunt by the ha

Her hand was caressing my chest, her leg moving slowly brushing the inside of her thigh against mine. "I loved it. Loved you. To be that special to someone is, I don't know, fulfilling? Ego-gratifying. Whenever my life was in any kind of crisis, I could always count on my Jeremy to lift my mood. Your calls to me, telling me what was going on in you

"Irresistible, remember?" I leaned down and kissed her.

She chuckled. "We're really going to have to do something about your morning breath, Dear. No kissing until after cleanup."

I shushed her, and starting screwing her harder. Long, firm strokes, which she had no problem taking all of. Like Mom. I closed my eyes, and fucked my aunt. Fucked her ha

By the time we had cleared everything, put away the leftovers and washed the dishes, Dad had his laptop out, checking his email I suppose. Mom and Aunt Marie took their coffees out to the porch, to join him. Colin and I checked in before tackling our new chores.

"There's a pile of collapsed boxes behind your father's stand-up tool chest," Mom said.

Mom shook her head. "Not yet. We'd both be wasting our time. I told you, attitude is 90% of the job. We gotta work on that first. Then we'll add the bells and whistles. Remember Penny?"

Marie nodded. "Pretty impressive."

"You saw how he reacted?"

Aunt Marie nodded.

"She was right. I love my boy. Love him with all my heart. I'll do anything to make

"Time?" Mom asked.

"Eight and a half minutes," Aunt Marie answered softly.

Mom's mouth opened, and she took me in, quickly all the way to the root, making me gasp loudly. She gave me a few seconds of the Tunnel-of-Love, then took her time backing off, sucking and swallowing, her tongue active. When she finally broke free, my cock was clean as a whi
