Chapter 1291 A Sisters Lust::5

Forcing his attention back on the road while enjoying the slow and lazy blowjob, Sean's about to forget Ivy was even born. However, he catches movement from the corner of his eye. Cutting his gaze back to Ivy's reflection, he finds his sister slowly licking her lips at him.

...Is this freaky little bitch serious?

Shocked, Sean immediately flicks ey

Incensed by his words, Ella's mouth takes him deeper. Lips wrapped tightly around his cock, she pushes them down to meet his balls. And its there, at the base, that she suckles hard before stopping and then starting to suckle him hard again. Like her mouth is a vacuum with a glitched on and off switch, she does this while humping her fingers into t

"So fucking tight," Sean whispers with a tremble as he decides to just stay pressed tightly against her. And it's there that his hips begin to work large circles inside her.

"Because you're my first," Ivy whimpers out, enjoying the pained but pleasurable feel of her brother avidly trying to loosen her tight little fuck-hole.

His cock was harder than a rock and felt thick through the fabric of his pants. Moving slowly, as though worried that any sudden movements might break the spell we were under, I grabbed the waistband of his pants and slowly pulled them down. Freed from constraints, his cock came into view.

It was big. Really big. Much bigger than any cock I'd ever

Chapter 1296 Comforted By Daddy>3

The next morning I wondered if I'd made a terrible mistake. I'd had sex with my own dad, and whilst it had felt phenomenal, it was still incredibly wrong. And incredibly illegal. I stumbled through the front door, a bit drunk but still trying to be as quiet as possible. I didn't want to wake up my Step-Dad. I took the items straight to the till and dumped them on the counter, eager to pay and get back in the car. The sales clerk, a skinny man in his fifties, looked up at me, his eyes bulging at the sight of my outfit.

"We have a no-returns policy so I hope you tried them on," he said. He lifted the first dress without even looking at it. His eyes were

Chapter 1300 I'm His Fucktoy>>1

My parents weren't home when I got home from college. I let the door slam behind me as I dropped my bag at the base of the stairs and went straight through to the kitchen. I grabbed a can of coke and then jogged up the stairs, my short skirt flapping around my ass as I went.

I pushed open my bedroom door only to see that I was not home alone after
