Chapter 1921 A Perilous Inheritance: 15

"Oh, Zach!" Krista said, dropping to her knees in front of him and carefully pulling his jeans down, gasping when she saw the long cut high up on his inner thigh, still seeping blood.

"Better call Rui, ask him if he knows of a doctor that we can trust," Zach said, flushing when he saw the woman's eyes on his cock.

"If you have any first-aid supplie

"Jesus!" Krista gasped.

"What's cupuaco?" Zach asked.

"It's like a blend of banana, pear, passion fruit, pineapple, and chocolate. It's known as the 'the pharmacy in a fruit' because of its many healing properties," Susan explained.

"Is your husband not calling the only reason you were worried about him?" Zach asked.

"N-no," Susan replied. "David w

"Zach's not my man," Krista said, explaining their relationship. "Sharing a bed with him is just a big plus to the job. Unlike a lot of the fighters I've covered, Zach's a stud in and out of the ring. So many of them are pretty useless outside the ring, a bunch of macho, misogynistic bullies with small cocks that they have no control over. Zach's a

"I'd have to be dead not to be ready for you," Zach said, trying not to tense his leg, worried about Krista losing control and smashing down onto him, but more than anything, feeling the hot wetness of her

"Ah, yes," Krista hissed when she felt his cock explode in her pussy 5 minutes later, squeezing and

"Oh, my god!" Susan gasped, her face going white. "David!"

"They haven't got any IDs yet," Rui said. "They're going to have to go by dental records and DNA. They have to find out who worked there and then contact their families. They're foreigners, so it's not going to happen quickly. Maybe your husband wasn't there."

"When David comes to Manaus,

"I better put these back in the freezer," Krista said, collecting the bags of frozen peas from Susan.

"And I want to walk around again," Susan said, painfully getting out of the bed.

"You learn anything?" Krista asked when she returned from putting the bags of frozen peas back in the freezer.

"Yes," Zach replied. "We can charter a Cessna Citation X which seats 8 for about \$3,000 an hour. A normal flight to George Town's Owen Roberts International Airport in the Cayman Islands -- it's a bit over 2,000 miles -- is 3½ hours in the Cessna."

"Wow, \$10,000," Krista commented.

"Lay flat on your back," Rui said, "and just relax your legs as much as possible," he said, holding her toes in his hands and gently shaking her legs, trying to get her to relax, her left foot flopping almost 45° to the left, while her right foot remained almost perpendicular to the mattress.

Impossible to miss, right in front of his eyes Susan's f

"I don't do shame when it comes to sex," Krista said, "and I'm going to choose to take that as a compliment, Rui."

"Oh, oh, yes," Susan sighed as Rui got between her legs and sank his big black cock into her once again.

"I'm sort of surprised, though I shouldn't be," Krista said as she knelt above Susan's head and watched Rui's cock plunging in and

"I'm going to cum," Rui finally announced, pulling his cock from Krista's pussy and filling her mouth with it when she sat up, groaning as he let loose and began spraying her tonsils as she sucked him off, gulping down his cum.

"You know, laying about and doing nothing but fucking is pretty nice," Krista said, "but I think I'm starting to go a bit

While Susan did as he asked, Krista was quick to move so that she could lean over and suck on Rui's cock, then turn her head and stick her tongue into Susan's pussy as she stretched her knees apart, opening herself, gasping when she felt Krista's mouth on her pussy.

"I wish I healed that fast," Zach grumbled as Rui slid his cock back into Susan's p
