#### **Chapter 2001 It Started With A Hand Job :1**

All characters in this story are eighteen-years-old or older.

I was never the prettiest or most popular girl in school but I had a small circle of friends including my best friend, Diane. Diane was far more popular in school than me, especially with the boys. She was pretty, outgoing, and always seemed to have a boyfriend. Me, on the other hand, ha

Diane came over to my house late Saturday afternoon to help me get dressed. She picked out a low-cut yellow tank top that showed off a lot of cleavage and a very short blue mini-skirt.

I told her, "If I wear this won't it send him the wrong message? You know, that I want to turn him on."

"Oh my god, Carly. You're my best friend but sometimes you're

We were both breathing hard and French kissing. Part of me still wanted to stop Dan from going further but I was finally making out with a cute guy at a secluded lover's lane and it felt wonderful. I heard all of my friends talking about making out by the lake and now I was finally experiencing it myself. Besides, I was afraid he wouldn't ask me out again if I didn't let him at least touch me.

When Dan pressed his finger into my pussy through my panties, it made me excited too. When I didn't stop him, Dan took my hand and placed it on the outside of his shorts. It was the first time I felt a guy's penis which meant it was the first time I felt an erection. I knew things were progressing faster than I expected and didn't know what to do. Dan worked his hand inside my panties and was now fingering my bare pussy. Things were getting hotter by the second.

In a few short minutes, Dan asked, "Do you want to, you know, do it?"

"No Dan, I'm not ready."

"Aw, come on Carly. I know you're as hot as I am. Your pussy is soaking wet."

Dan had a nice smile and was on the baseball and basketball teams so he had a nice athletic body with broad shoulders. He was super cute and I couldn't believe he would even go out with me but I was excited that he asked me out again. I was feeling better about myself and felt attractive for the first time in my life.

When we were done with dinner,

"Damn Carly, I can't believe that was your first time. That was a darn good blow job. You're a natural."

I smiled with pride and said, "I'm glad you liked it. I tried my best."

"Do you want me to do you now?"

"Huh?"

"You know, go down on you. You did me so I should repay the favor."

"Uh, yeah sure, Dan. I guess so."

We began to kiss on the sofa and Dan quickly had my shirt and bra off while I stroked his dick through his pants. After a couple of minutes, he pulled away and lowered his shorts and underwear indicating that he was ready for me to blow him. There was no hesitancy on my part as I lowered my head to lick his balls and shaft. I played with the head o

When Dan answered the door, he said, "Wow, you look great and sexy too."

"Thank you. I hoped you'd like my outfit."

"Like it? I love it."

Dan gave me a big hug and kiss and invited me in while he got his car keys and wallet. He planned on

taking me to an inexpensive Italian restaurant and then coming back to his house to watch a movie. I knew darn well we weren't going to watch a movie or, at least, I hoped not. We were both horny eighteen-year-olds so the likelihood of us having an evening without some sort of sex was zero. When Dan said his parents were going to be gone for the night, we both knew what was going to happen if I went to his house. This was the perfect opportunity for both of us.

It's amazing how much of a gentleman a guy is when you're wearing a short skirt. When Dan opened the car door for me, I knew he was trying to look up my skirt. I made sure to part my legs a bit more than usual as I got into the front seat. I'm sure he got a look at my black thong but that's what I was trying to do.

I felt him pressing against me but it wouldn't go in at first. He gave a more forceful thrust and I felt his dick enter me. The first few thrusts were a little uncomfortable, but after that, it felt good and natural. I was scared but excited. I was super horny and I remember a hot quick sharp pain as he penetrated me and then some pressure as he sl

Dan and I fucked again that night before we fell asleep in each other's arms. In the morning, Dan woke up first. I could feel the movement in the bed and around the room so I woke up too. He said he was going to fix breakfast and I said I'd join him after my shower. While the hot water cascaded over my naked body, images of seeing Dan's face while

### Chapter 2010 The Nudist Cabin:: 1

A weekend outing goes awry for three couples.

The six of us had been planning on this trip for nearly a month. Three couples, three motorcycles, and a secluded cabin on Lake Texoma.

Dan and Robin had inherited Robin's family cottage on the lake and had invited the rest of us
