Chapter 2081 My Kisses Are Stolen::11

Unfortunately, his respite was brief because on one of Jessica's downward rockings his slickened shaft slid up between her asscheeks and skidded up along the crack of her ass. Instead of objecting, Jess, still cumming wildly, rocked herself up and down further, trapping his cock between her firm buns. She continued touching herself, riding out her orgasm.

Winston couldn't help himself. His resolve was already in shambles from holding out inside her. No harm could be done like this and it felt too damn good. He began to push forward to meet her.

"I used to have trouble filling out an A cup. It was annoying having gappy underwear. I had to be careful matching some sweaters with the right shaped bra. Ugh, I hated it," she grumbled. "But now, I am seriously filling out this bra. I've got extra cleavage in a C-cup!"

She spun to face him, holding the top of the robe open. "Check it out."

"Whoa.

Towards the end, he noticed his crotch was getting warmer. He tried to ignore it. With her hair sexily wet and smelling of fresh rosemary-mint, Jess's attractiveness was getting to him again.

He wondered what it would be like if he'd had an ugly sister. Would he feel the same way? No point in wishing for the impossible. Without meaning to, he glanc

Winston's attentions were split between fighting off a vicious case of room-spins and trying not to get a complete hard-on while watching a scantily clad Britt Ekland work her on-screen magic and having his sister's bare ass pressed against him. "Generally or specifically?" he replied absently.

"Specifically. Like right now. I don't suppose you got

She resumed her backwards press and together they drove his entire length into her until his groin was pressed into her buns. They both realized that they'd been holding their breath.

"You okay, Jess?" he asked, just now worrying about hurting her with his slightly over-sized tool.

"Uh huh. You're so deep. So very, very deep. Gimme a sec," she panted. "Okay, now do me."

"Like, gently or..."

"However you want. I've already come and I can tell I'm going to come again pretty soon no matter what you do. This feels fantastic."

He began sawing a few inches in and out of her tight rectum gingerly.

She urged him on, reaching back to pull his hip into her. "It's all right Tunny, I won't break. Take me. Take my ass. Your little sister's ass. It's yours. I know you like it. You've been admiring it for years. I've been saving it for you."

"I don't want to hurt you, sis. I have no idea what I'm doing. Wait, you haven't done this kind of thing before have you?"

"No, but it's okay. I... err.... I prepared. The coconut you smell, I put some of my lotion up inside me... where you are. Thank god I did. You're really big. And it feels really good like this - all nice and slippery."

"Why you little..."

"Yell at me later, Tunny. Right now, fuck me."

She brushed past him and left him to his thoughts. He did struggle. It took nearly five minutes before he followed her.

True to her promise, she was there waiting for him on his bed. She was wearing a matching red satin bra and panty set. She looked like the world's best Christmas present.

"When did you know? That I'd cave, I mean." He asked her me

It took a moment for him to understand what she meant. Then he hastily twisted the vibrator's base and it hummed to life in her. She jerked at the suddenly intense throbbing deep inside her. "Tunny, I'm going to come now... really big... you're still going to fuck me after this right?"

"Mmmhmmm," he confirmed from between her legs, still teasing he

He fell forward next to her on the bed where they both lay gasping for several minutes.

"You got your stuff in my hair," she finally laughed, giddy in the aftermath of the lovemaking she'd wanted for so long.

"Complain too much and I'll aim for your face next time," he threatened, reaching an arm around her and pulling her in to his chest.

"Cara, honey?" said Jack Creden.

"Yes, Dad?"

"Remember the holiday surprise I mentioned? Well, it's time I told you where we're going. We have Crab Island Lodge - and Crab Island, of course - to ourselves for a week, from tomorrow."

"Great!" Cara said, eyes shining.

"There'll be me, your Mom, you and John, of course, but your aunt Jill and the twins

"Why not? If she wants it. Your daughter, your sister and your niece. A nice triple whammy to look forward to, eh?"

"And what are my son and my nephew going to be doing? John gets at least one crack at you, o sexy one, but what about Greg?"

"He can have me, too, if he wants." Molly grinned. "It would be nice to take them both on at once."
