#### Chapter 2101 It's A Deal Bro::2

There was a chair in the corner and Jack kicked off his sneakers, then dragged his jeans and boxers off, piling them on the chair. His prick sprang free and he sighed in relief as it bounced up. He dragged his t-shirt off, then his socks and threw them on the chair. Naked now, he watched in awe as Jan reached under Patti to finger her clit. Whether

"The excitement factor of getting a blow-job from my sister gives you a head start, excuse the pun."

Patti grinned. "Let's see how well the rest of this goes." She reached for a pillow and dropped it to the floor beside the bed, and Jack sat up, swinging his legs to the floor beside it. Patti rolled off the far side of the bed and stood, lifting he

Jan grinned. "Very okay, especially that last one, as long as only there are only us who see it."

"That's my condition, too," said Patti."

"And mine, so we're all agreed." Jack stood. "I'll fetch the camera, and we'll need to check how it works. Back in a moment."

As it was a simple, basically 'point-and-shoot' model, it didn't take long before all three of them knew enough to use the camera. Jan brandished it, laughing. "How do we watch it later?"

"There's a TV adaptor, and a power supply so we don't need to rely on the batteries."

"Great! Okay Patti, assume the position and prepare to be eaten by your brother."

"Okay. How do you want me, Jack?"

"What's most comfortable for you?"

"On my back. Pillows for my head, legs spread, and you between them, I think."

"Suits me." Jack grinned. "To be honest, any position where my mouth can reach your pussy would suit me."

Patti made a little pile of pillows, then lay herself back, hitching herself up the bed slightly to give Jack room. She caught his eye, flushing as she moved her legs apart to make room for him. He knelt on the bed, between her feet, gazing at her. His eyes lifted to Patti's. "Beautiful, sis, quite beautiful."

He bent and kissed her nose, beginning to press into her, then back again, then in. She was wet, and once her juices were spread, coating his hardness, he moved easily within her, feeling her close around him, tight, gripping him as he moved.

"Feels good, Jan," he murmured.

She grinned up at him. "Good? Feels fuckin' great to me, Jack."

"Looks fuckin' great, too," said Patti, crouching beside them, the video camera recording the slither of Jack's prick in Jan's pussy.

Three beers brought and opened, they all sat back again. There was silence at first, and then the hiss of indrawn breath as they watched Jack push into Jan's pussy.

"Wow," said Jan. "Look at me spread for you!"

"Yeah!" said Jack on a long sigh of pleasure. He wriggled, easing his stiffening prick a little.

Beside him, Patti giggled. "I'm surprised

Jan's eyes closed for a moment as she gave herself over to the sensations, and when they opened again they were fixed on Jack. She grinned, and held up her hands. With her left she made an 'O' with thumb and forefinger, pushing her right forefinger into the 'O' in a parody of fucking, and nodding towards Patti, who was oblivious of the interchange

Caroline started it. They were sitting after breakfast, after their mom had gone off to work. School was out and Carl and Caroline were home for the summer break. Caroline was reading the local paper, reading out snippets of news to Carl, trying to make him laugh, because Carl was on a low. His girlfriend Rhonda had gone home and it would be a month

There was nothing in it for five laps, then Carl realised that Caroline was drawing ahead. Fit as he was, she was out-swimming him. He reached deep into his reserves but at the end of the tenth lap he was still half a yard behind. Panting, they hung onto the end of the pool until Caroline hauled herself deftly from the water and twisted, to seat he

"Yeah, you lean against the headboard and I'll sit here." Caroline moved onto the bed and sat cross-legged near the foot. Her pussy was exposed and Carl's prick, which had been softening, twitched. He leaned back against the headboard and lightly stroked his returning erection, his eyes on Caroline's pussy. She chuckled softly. "I thought it might h

"Probably, possibly. Who knows?" said Carl. "Time will tell. Caroline?"

"Yeah?"

"Did you mean what you said?"

"About fucking you? Yes, I did. I guess it will have to be when Mom's not around, but yes, bro, your prick felt so good in my pussy I'd kind of like to welcome it back sometime, in a more shared way, I think."

"You mean next time, if there
