Chapter 2151 The Birthday

Unknown to me, her husband's birthday was coming up. How could I know that it was going to save me again?

It was in the middle of the summer. I was on my way over to the neighbor's place just to visit at the end of the day. Billy hadn't had a steady job for years, but Mary Jo was smart, pretty, and gainfully employed as the real breadwinner of that

A different narrative. Give it a chance if you can.

Knock, knock. The soft knocks fell on the door at the room at the end of the hall.

"Come in," she answered.

She opened the door just enough to enter, closed it behind her, and leaned back against the door.

She was sitting on the sofa with her legs drawn up under her.

"What took you so long?" she a

"Nice cap!" she said as she finished the checkout of my groceries.

"Thanks. It was a gift from a friend."

"Is it real leather?"

"Yeah. I think it's hand made. Would you like to try it on?" I offered, then paused and added, "...Naked."

She had let go of the arms of the chair, had finally removed her apron, and was playing with the top button of her dress with one hand and rubbing her leg with the other. She looked over at me and swallowed hard. I could tell she was breathing harder.

I noticed it at my very first appointment. The Dr. had a figure that wouldn't quit. I filled out the new patient form, but couldn't keep my mind off her chest. When she called me back to a patient room for my initial interview, I struggled to keep my mind on her questions. Then she read me the "all manipulations and procedures in this practice are

Chapter 2156 The Eye Exam: 1

My vision was the only thing on my mind when I walked into the optometrist's office for my annual checkup. I was more than overdue for my eye exam, but what I saw as soon as I opened the office door made me take a hard second look. And it wasn't because my eyes were bad; on the contrary, my vision is near perfect. No, what caused me to stare was th

I felt her legs spread apart as she moved the stool closer to the big chair. My knees were now pushing against the upper part of the inside of her legs. I could almost see her legs spread wide and her skirt bunched up just above her pussy.

"Mike, I can't seem... Oh, god..."

I was pinching her nipples through her blouse and bra. With one hand I bega

Chapter 2158 The Fast Food Worker: 1

It was just another summer day. And it was lunch time. And I had to get out of the office away from my boring job. But, let's face it - my lunch hours were usually just as boring as my work. Little did I know that today everything would change.

I put my files and working papers away in the file drawer, as I had been instructed to keep them away fro

She unbuttoned her shirt and pulled it off her shoulders, exposing her light-blue, half-bra which was, indeed, straining under its load. She put her fingers under each of the bra cups and pulled it up and over her tits. She turned toward me and thrust out her chest.

"My god!" I thought. Was there anything more perfect? They must have been C-cup and

"What the hell is this, soldier?"

"SIR, I don't know, SIR!"

I was braced up at full attention beside my bunk during our weekly unannounced inspection. We were in our third week of basic training in the U.S. Army. They were trying to teach us green civilians how to be soldiers. It had been a rough three weeks.

The rest of my squad was also standing
