These actions were new because before last night I never so much as heard my mom masturbate or her and my dad having sex. I suspect that was why they went off a lot during my later youth, leaving me to watch my two sisters a lot. I couldn't blame my dad. My mom still looked like she was in her twenties. She had me when she was fifteen so she still

I tossed my head to the side and looked at mom who was smiling and noticed that I had cum. We all returned our attention to the movie and commented on it from time to time. The sexual tension was still very much in the air. As the movie ended Carmen sat up. We all sat on the couch unmoving in the darkness. Mom yawned and stretched.

Carmen & Mom

I sat up in the bed with my mom. She looked at me in surprise, but not shock. We were both expecting this to a degree. Carmen had to know and we were just in denial until that time.

"I'm going to go for a swim." I told mom, who nodded her head as she laid back in the bed to continue with her sleep.

"Well it is good you are rid of her. What about Tony though? I know you two were close since elementary school." Carmen said.

"Another mistake of mine. I could do better in the friend department as well." I said while collecting \$200 in the game.

"At least you have a loving mom and sister who will support you." Carmen said and flashed her tongue at

"Well, I guess that means we can make Carmen's wish come true." Mom said and stood up.

She opened the basement door and descended the stairs.

"Cumming?" She asked with a wicked grin.

Me and Carmen looked at one another for a moment before following her down the stairs. I made sure to lock the door behind me, just in case if Nadine was lying and pla
