CRAZY PLEASURE

Chapter 2551 His Indecent Proposal:>>10

It took me a little while to realize it. It was probably because I was scared of him. After that second time though, I understood if only a little better what turned him on. Tom took pride in me. He took pride in my body. Men, of course, have done crazy things for me and my body, even stupid things. They wanted me, they wanted to do whatever they h

I wiped the moisture from around my nose. It had been a very hot day and both of us were even sweatier than usual. "Seriously," I said. "Who even sells polaroid cameras anymore?" I suddenly realized what he probably wanted and I shook my head. "Wait, no way."

"You get to keep the photos," he said peacefully. He took my hand and started to lead me u

"You think I'm pretty?" I said. I squeezed his balls and jerked his cock.

"Mm," he groaned.

"You think you can just cum all over my pretty face?" I said.

He gave an appreciative smile in the mirror but didn't take his eyes off my pictures.

"You like it when I jerk you off?" I said.

I think, now, that I was trying to get myself excited. I mean, I wa

Chapter 2554 His Indecent Proposal:>>13

As soon as I saw Bobby I ran to him. I practically threw myself at him. He saw me and was ready. He threw his arms wide and I pushed myself into his arms, let him feel every part of me that he might have forgotten about, and I gave my mouth to him and let him kiss me, taste me. His hands reached up into my hair (I'd just gotten it done the day befo

Later that night Bobby got into a very involved conversation about the last university match against his home team. I stayed for as long as I could and then wandered downstairs to the kitchen.

I won't lie. I was looking to see if anyone was outside smoking. I don't smoke, but I do smoke at parties. Just like I don't cheat, except on my boyfriend, s

"Where?"

"Kiss my feet," I whispered. "Kiss the backs of my legs?"

"Yes."

Would Bobby come looking for me if I stayed away too long?

"Are you thinking about it?" he said.

I moaned a little into the phone. I was fingering myself like crazy. "Then you'd put it inside me?" I said.

"Yes."

"Would you let me get used to it first, before I called him?"

Tom slid himself deeper into me and I gulped air. At this point it was fruitless to question why Tom liked me to call people when he fucked me. That got him off, and that's all there was to it. I felt the pain of his prick entering my body, deeper than before, and grit my teeth.

"Hello?"

"Hey, daddy."

Tom surprised me by pushing farther inside me t

Chapter 2558 His Indecent Proposal:>>17

The beginning of the end was in January, a few weeks after Tom and I had done it while Bobby was visiting. I was still working my lousy secretarial job, and Tom was still doing whatever it was he did (I was sure he hated it as much as I hated mine) but now there was the unmistakable understanding between us that we were both getting something out of

I just stared at him. Our faces rose and fell with his languid thrusts. My face rose with each push, my mouth forming a constant, panting circle. He cradled the back of my head with his rough palm.

"I love you," he said. His dick pulsed and gave me my first orgasm.

I bit my lip. Shuddered a little. Tried not to make it obvious. We were silent for a

"Go in there," he said. He tore the condom packet and pulled out the lubricated ring. He handed it to me.

I slipped it over the head of his cock. It bulged as I unrolled the latex, flexing and stiffening as I rolled it down, down, down to the base of his cock. It was so hard. That was what continually surprised me. It wasn't the longest dick I'd to
