Normally you'd think that would shock the parents or that they would try and argue she was too young to know for sure what she wanted. Our parents didn't even blink. They'd given up trying to control or predict Jane, and were just happy for he

"Who's getting the present here?" asked Laurie huskily.

"It's my birthday but I didn't get any cake," Heather whispered, taking a long lick up Laurie's slit. "You wouldn't begrudge me a slice of pie, would you?" She licked again, then planted a kiss on those swollen lips. Her hands reached between Laurie's legs and grabbed the now available breasts

After a few more minutes, Laurie began bucking up and down on the toy like a madwoman. Heather's hands found their way to the girl's breasts yet again, and the dark-haired girl used her girlfriend's nipples to control the tempo. If the tempo got too rugged, she pulled on the nipples, causing Laurie to gasp and slow down. Then she would let up again,

"Don't say her name girl," said Michelle with some grit in her teeth. "Otherwise, I might not be able to stay in a good mood."
