Chapter 271 Every Man's Dream: EP8 Final

Mary looked at Julie with a prompting gesture. Julie stated Terry's address and Mary repeated it into the phone.

"Thanks Bobby, I really appreciate it....No, you can't come for a visit ...Dammit, Bobby, my husband is standing right next to me...No, absolutely not...You would renege on your word?...Whatever happened to your honor?...Well, okay, but

Chapter 272 Best Night Of My Life

I remember this story very well. I was around 16 at the time. Me and my best friend were having a sleepover, at his house and towards the middle of the night started talking about girls in our school and stuff as we were becoming slightly horny.

We both admitted to each other than none of us had masterbated with someone else before and that we were curious to what it was like. So then we decided that we would try it to see what it felt like there and then.

and sat me down on the couch, and took my shorts off and began stroking my cock all while looking at me, and after a few minutes, put my cock into her mouth and she began sucking like there was no tomorrow.

It was the summer after my second year of college - summer of 2013 - I was going to a school nearby and living at home a

Chapter 274 Confessions Of A Lonely Roommate

Grinding your horny body against the palm of your hands, sinking your fingers even deeper inside. Your heavy breathing, turns to deep panting.

Walking past your bedroom, I hear faint whispers of deep breathing. The sounds grew louder, as I approach the door. I put my ear close to door, and hear you panting. Finally, I push it open to find you, across the room lying naked on the bed. Hands between your legs, playing with yourself.

"dropped to her knees and took my black knob in her mouth. My knees buckled, as I watched her jaws working as she sucked it in and out. Compared to her small hands, my hard cock looked enormous."

It was a late night. My cell was on the nightstand, buzzing like crazy. After a flurry of text alerts rang out, I started searching for my phone.

Considering how late it was, I was surprised that anyone was texting me. I stopped, grabbed the phone, grinning as I realized who it was - Sarah. When I saw her name flash across the screen, my heart started beating like a drum set. And it was good, news. She was in the area, and wanted to know if she could stop by, for the rest of the night.

After I read the text, I quickly replied, telling her to head over.

Since I had just gotten back from the gym, I jumped in the shower - then threw some sweats on. I sprayed my cologne, then fixed myself in the mirror before getting my phone and heading downstairs, to unlock the door for my sexy guest.

It's been a while, so I was really looking forward to seeing her. I missed her, and I hadn't seen her voluptuous ass walking around the office, in her insanely tight jeans, in weeks. Plus, we hadn't hung out in months, so it feels like forever since we last had sex.

She was gorgeous, and wore things that made it even more apparent, and it drove men and women crazy. Guys joked about putting her in their spank bank, as much as women did. Her smooth cocoa skin, small waist, and flawlessly sultry ass made her a heartbreaker. The contrast of her dark caramel complexion, mixed with her hazel-brown eyes, and luscious cherry red lips made her look like a goddess, wrapped in human flesh.

I met her when she was interning. We had an in depth interview, I handled her hiring afterwards. I was incredibly impressed by her skillsets - to say the least. She was very eager to demonstrate, and it was very pleasing. Needless to say, she got the job.

Her light skin tone was perfect, so smooth and flawless...she was young, smart and experienced, she went on to teach me things that night that we will never forget.

After fifteen minutes of flirting and intense eye contact, I finally decided to approach her. I was never

Chapter 277 Sex with my Ex's Best Friend

Closing my hand in a duck-bill shape I slid all of my fingers and thumb into her cunt up to my knuckles. She positioned herself waiting for the onslaught of my fist sliding into her hole. "Yes, yes do it! Please fist me – please! I want it shove it in there!" she pleaded. "Can you take it? Are you a good enough slut?" I asked.

Still feeling down about my divorce I decided to go out with the boys to one of our local clubs to watch a band and have a drink.

Beers were plentiful and I was feeling the effects.

Alan decided it was pizza time and this Italian club made the best wood fired pizza around. I offered to buy the food. I got to the counter, ordered our 4 pizzas and took the buzzer that let's you know they are ready.

I heard a familiar voice behind me say

"Hey you, nice buzzer. Want me to hold it for you? I will keep it safe between my legs."

I turned to see Lina my ex's best friend standing behind me with one of her mates. Lina was single after her relationship failed a few years ago. She had stayed in at our place while she sorted out her finances, so we got to know each other really well.

"How's single life treating you? You getting any?" she asked.

I paid for the food and asked Lina and her friend to join us, which they promptly did. She grabbed the buzzer out of my hand and said

"I'll keep this warm for you."

The guys were happy to see Lina and her friend Terri. Terri was a bright-eyed 28-year-old blonde girl from Bondi with a surfer girl look about her and a nice body. She had small breasts but more than enough to suck on. She was wearing an open-backed red dress and a pair of black high heels. The pearls around her neck added a touch of class.

Lian was 40 with long brown hair that went down to her butt. She was wearing a shortish tartan skirt and a white cashmere sweater that struggled to contain her D-sized breasts.

"So single life?' Lina asked me. "How is it?"

“It’s not too bad. I am getting used to it.”

Chapter 278 A Visit To A Sex Club EP1

It was her picture that I saw first. It was a normal portrait photo of head and shoulders, taken while at ease in a restaurant. There was no studio lighting, no special arrangement in it, just a normal snapshot taken when she was at ease. It was beautiful and she looked simply stunning. She had shoulder length dark hair that cascaded round her shoulders and framed her beautiful face.

I then met her at a swinging party I had arranged and the picture was on the profile of a "couple" I had invited, and against all the rules I became smitten and here I was a year or so later taking her to a swinging club in Brighton. Well, that is not strictly true as it is an unusual club. It is licensed as a "health spa" and as such everyone is nude. However under this guise no intimate or inappropriate contact is allowed in the facilities downstairs, even though everyone who is there is desperately hoping for such contact. There are rooms upstairs however where anyone is allowed to play.

We had arrived at the club quite early and after paying our entrance fee we were given a couple of towels and shown into the changing room. Here everyone strips naked and then uses the club dressed only in a towel. I had not been with Dee for a few months and god I was looking forward to seeing her naked again. Trying to remain blasé about disrobing I got undressed and helped her with her clothes.

When we got there, there were lots of men waiting! Standing around either naked or with a towel and most were stroking themselves. They started showing their ejections in a hope of an invite but it was only our friend we wanted to play with I wondered how long they had to wait for some fun! There are a variety of small rooms there. One is quite large and has mirrors on the walls and ceiling...and no door. It is ideal for a group playing but this was not what we wanted today.

Another room was quite large and had a lock on the door and Dee and I decided to use that one. I asked one man who was in there if he would leave so we could have the room to ourselves. Then our friend followed us into the room we locked the door.

Dee laid her towel onto the bed and then laid out on her back stretching luxuriantly. She looked perfect and just so sexy.

We each lay on each side of her and started to caress her. She threw her arms over her head and her body was exposed before us. Her nakedness was such a turn on and we started to caress her breasts as

she lay prone and compliant before us. We both started to lick her nipples and she responded by holding both of us behind our heads and pressing us into her breasts.

Dee shuffled down across my body again. She rubbed her sex across my chest and down my abdomen. I could feel her moisture on me. As she approached my rampant erection she teased me again. Skilfully she shifted her body so that my probing member didn't enter her but again she moved so my erection parted her lips and massaged her clit.
