Chapter 331 My Son Inlaw: EP1

Introduction: Mother wants to ease her daughter's sex burden.

She is 24 years old. I see her all the time. Though she is my daughter I fucked her husband. I expected to feel guilty but I don't. I feel absolutely nothing at all except desire to do it again. I thought I'd feel shame but I don't. I'd do it again and I hope I can someday. In many ways, she started it so she is at least partially responsible. Then again, I could also just be in denial!

My name is Del. My daughter and I have always been very close. She shares her secrets with me and I share my secrets with her. When we go shopping together we sometimes even change in the same dressing room just so we don't interrupt our conversation. I am terribly lucky to have her but I have risked everything with her because of her man. I know this and yet I felt compelled when I looked at him.

It was a Tuesday and a bit more than a week after she had married Mike. "Mom! Can we talk??" she asked anxiously on the phone.

It was a Tuesday and a bit more than a week after she had married Mike. "Mom! Can we talk??" she asked anxiously on the phone.

"Go ahead and talk!" I replied.

"This has to be face to face ... I'll be right over!"

She flew in like she always did since she was 5 years old and first allowed to go "out" (into the back yard!) on her own. The door opened and then slammed behind her, but this time she was walking funny.

"What's wrong with you?" I asked.

"What's wrong with you?" I asked.

"Nothin'!"

"Well, yes there is ... I can see it!"

"I'm sore, Mom, that's what's wrong with me. I really don't know what to do!"

"Sore?"

"Yes, that's what I came to tell you. Mike is chasing me all over the house. I skipped work today just to rest!"

"You what? You skipped work!"

"Let me start at the beginning."

Chapter 332 My Son Inlaw: EP2

"Each time he fucks me Mom, it feels like I'm exploding down there. Bomb after bomb just keeps going off!"

"Sounds fantastic, sweetie."

"Well, yeaah, it is when it is once a day!"

And then I came. I didn't hear her for about 30 seconds as I gripped my pussy and bit my lip and grunted. I couldn't hold back. Her description sounded so wonderful. A few deep gasps of air had my ears hearing again but I had dropped the phone.

"Mom? Mom? Are you there?"

"OH yes honey. I'm here, just coughing is all," I held the phone away from my face as I gasped again and forced my fingers out of my pussy.

"OH yes honey. I'm here, just coughing is all," I held the phone away from my face as I gasped again and forced my fingers out of my pussy.

"Oh, ok Mom but it sounded like something else. So, I came at least 3 times with him on top of me and then he takes me dogie style. I was looking out our bedroom window watching the sun rise as he pounded me from behind. He was so deep and he just kept on pounding!"

My fingers found their way back to my pussy, "ohhhhhh?" my cunt was sopping wet and I came again with 3 fingers plunging in and out of my pussy.

"Yes."

"That's so erotic, honey," I commented as quietly as possible but my voice cracked slightly.

"Yes."

"That's so erotic, honey," I commented as quietly as possible but my voice cracked slightly.

"Yes, Mom, it is. He took it out and shot cum up onto my back. I mean, there was tons of cum on my back. He got it into my hair and all over my ass."

"Wow, sounds potent, sweetie."

Chapter 333 My Son Inlaw: EP3

With 4 tops in my arms, I searched out the changing rooms and found them in the area between the mens' section and the womans' section. As I was about to enter a changing room, I heard my name called. It was my son-in-law, Mike. Tall and handsome, he stood there with a nice and calm smile. My heart skipped and accelerated to overdrive. My pussy surged.

"Hi Mike," I tried to sound calm.

"Hi Mom, what are you up to?"

"Oh, just looking at a few outfits to try on."

"Yeah, I guess that's obvious. Sorry to be so dumb!" He laughed at himself and I smiled broadly.

"Care to be my judge and help me figure out which one to buy?"

"Care to be my judge and help me figure out which one to buy?"

He smiled, shook his head no but said "yes" as his eyes drifted down to my breasts but quickly returned to my face.

I rushed to the dressing room and stripped off my top and took off my bra. I was going to give him a show! I pinched my nipples making them thick, long and hard. I put on a sleeveless top with a low cut front. It was a little tight. I walked out.

"That looks great!" he smiled. "Red looks good on you."

I pressed my arms together to enhance my cleavage and I thought his eyes would pop out of his head.

"I'm going to try on just one more. The others just don't cut it. Now, make sure you remember this one!"

"I'm going to try on just one more. The others just don't cut it. Now, make sure you remember this one!"

"How could I forget that?" he said as I walked back to the dressing room.

I put on the backless top. It tied around the back of the neck and the lines actually pulled my breasts together. It was too small too and my tits could be seen from the side. Shit. It exposed too much. Fuck it, I thought, I might not buy it but I'd at least get a rise out of Mike.

His face was screwing up. He was almost ready. His breathing was ragged and mine was gasping as I drove his spike into my sopping and stretched pussy. "Give it to me!"

He smiled as he tried to hold back.

He smiled as he tried to hold back.

"Am I as good as she is?" It just blurted out of my mouth after a particularly hard slam and bending his cock.

"Ohhh Mom ... you're fantastic!"

Chapter 335 My Son Inlaw: EP5

Summary from previous episodes: Summary from Chapter 1: My daughter married a tall and handsome hunk of a man. Though they had pre-marital sex, she never expected him to take her 2 to 3 times a day and due to the size of his cock, she was getting sore but loving it. She and I have a very close relationship and talk almost constantly. She told me all about their sexual adventures which just got me very horny as I don't get the kind of attention I'd like from my husband. I teased my son-in-law until finally he fucked me long and hard. Similar to my daughter, I was sore, too!

A trip to Aruba

I didn't hear from my daughter for the rest of the week. It was quite unusual and I was really concerned. I left her 3 messages on her phone and several emails. I began to think that maybe her husband Mike had told her what he and I had done in that hotel room. I was beginning to panic and assumed the worst. I sat on my couch in my living room and began weeping with worry. The last thing I want to do is ruin the relationship with my daughter and I certainly didn't want to ruin her relationship with her husband.

What had I been thinking? I began to regret being an idiot and going to bed with him. I thought the worst and sobbed. How did I get so engulfed in desire for him and his cock? True, it was her descriptions that drove me crazy with desire but I doubted that she would see it that way. I was getting scared. I wondered how this could be happening to me!

My husband Jim came in the room and kissed my forehead. "Why are you upset?" he asked.

I laughed into the phone and she laughed with me.

"Mom, there's more to tell you but I'm not sure I how to tell you."

"Honey, you can tell me anything. Just come out and say it," I could feel that my pussy was surging and soaked. I had to do something to satisfy my urges. When I asked Jim to take out the cucumber, I had thoughts of sneaking it into the bathroom but my thoughts were whirling and suddenly I had other ideas.

She was silent for a moment, "Well, I have an errand to run anyway. We'll talk later, ok?"

She was silent for a moment, "Well, I have an errand to run anyway. We'll talk later, ok?"

I could sense that she was hesitant to tell me something and considering how open she was about sex with my son-in-law, it had to be bad. Was it drugs? Did she do something she regretted in Aruba? What could it be?

Gripping the cucumber, I looked at Jim. "Come with me, Jim. I've got to show you something."

He looked up and adjusted his glasses, "Are we going to finish our conversation? You were telling me something when Jen called."

I thought back. Yes, I was telling him something. I was about to confess that I fucked my son-in-law but now no confession was going to come forth. "What were we talking about?"

Chapter 337 My Son Inlaw: EP7

The next few days, I noticed a spring in his step that I hadn't seen before. He told me that work was going better for him and that he was taking a few more calculated risks and they were working out. He also seemed more interested in me. A few weeks later, my stomach was upset. It didn't take long to realize that I was pregnant and I knew that it wasn't Jim's baby. His sperm count was so low that we would have to fuck a million times just to reach a normal man's count. Even so, Jim would be happy and feel manly yet again.

For many women, the early months of pregnancy bring mixed feelings. There is the euphoria of having a wonderful living being growing inside you, but on the downside there is also the morning sickness. Then there are the boobs. A friend of mine who got pregnant was so happy to go from a small B cup to a large C cup. For those 3 months before she began to show, ALL guys eyes were on her! For me, this is actually

awkward as my tits are already too big and I was worried that they'd hang down to my knees!

Chapter 339 Virgins No More-My Son Inlaw: EP9

I smiled at my daughter on the deck and she smiled back at me. Her husband and the object of my fantasies and desire was in the hot tub with my twin daughters. I know that at least one of them had had her hand wrapped around his big dick while my daughter was driving me insane in my bedroom. Calm now or as calm as I could be, I felt ready to announce my pregnancy. It was not my husband's baby but he didn't know, He also didn't know that none of the girls were his from a biological sense. I didn't feel bad about it. He wanted children as bad as I did but he just didn't have the sperm count. Regardless, he was a good man and a good role model for the girls. What kind of slut was I that I would have 2 pregnancies and 3 children from a man other than my husband? I wouldn't have called myself a slut before I met my son-in-law Mike and his cock. The girls were conceived on purpose with a man I knew well.

No sooner had I gotten people's attention when my husband, Jim announced that the steaks were done. I chuckled to myself as I rushed into the kitchen to get all the fixin's for dinner. They were already done! I was in shock. Jim walked in and patted my ass.

Chapter 340 His Cock Rose-My Son Inlaw: EP10

They were in remarkably good shape and I grabbed two tops and climbed up to my room returning huffing and puffing as I came back down. "What do you think?" I asked.

He looked at me for a minute enjoying my heaving chest. "They look better on you than they did on your mother," he sighed.

I grabbed another shirt and headed up the stairs but he stopped me.

"Honey, we're family. Lighten up and try them on down here so you don't have to kill yourself going up to the loft."

I nodded without much thought. I slowly pulled my top off and stood before him in tight jeans and my old white bra. I turned my back to him but after trying on a few sweaters, I stopped being shy.

He handed me a lace black bra. I looked at the size and at 36dd, it seemed a bit small. I turned away from him and took off my old and stretched bra and quickly replaced it with the black one. Turning back, he whistled long and slow. "You are such a beautiful woman," he exclaimed softly.

I saw the bulge in his pants and got nervous. We shouldn't be doing this. He shouldn't see me like this. It just isn't right. I covered up with my hands as I realized that the bra was mostly see-through! My aureoles and my nipples showed clearly through! Gently, he pulled my hands down.
