Chapter 821 The Need For Satisfaction::Ep10

Karen placed her head beside Debbie's, and pressed the head of my cock first to her own lips then to Debbie's. With a series of teasing licks and kisses, the girls worked together to drive me even further towards the edge of my own release.

I wanted to make this last forever. The pure eroticism in seeing these two sets of lips battling for possession

Chapter 822 The Need For Satisfaction::Ep11

Ok, ask yourself what you would do? You're single, two years out of college, got a good job, a fairly healthy bank account, and are about to embark on purchasing your first home - a fixer-upper.

Two attractive young ladies offer you a deal - live together, share expenses, share beds. They're both single moms, from 3 to 7 years older than you are. O

"Son, you're going to go upstairs and rip off the roof, because that's the farthest we can get you away from them." Bob, Joe's father informed me. "And then, you're going to tell us a little more of what you have going on here, you little devil." He was grinning broadly, and guiding me upstairs with an arm around my shoulders. The laughs and slaps

Debbie surprised me then. A big surprise in a day that was full of surprises. She stood up, and as I tried to stand, she wiggled out of her shorts and bent over the table.

"I'm yours." The words were barely more than a whisper, and so wrought with emotion, I didn't know what to do. I could feel the anticipated rejection, hanging between us, and cou

As I got closer to her she spat out, "You bastard." Her words were venomous.

I didn't know what to say or do. So I went for the old standby. I apologized.

"Sorry? What are you sorry for? Do you even know?" Her tone was scathing.

She had me there. I didn't know. Sorry for hurting her I guess.

"Why are you dating me, if that's what you're coming home

There were too many people there. They were getting in the way of each other. Still, it was amazing how much work was getting done. There were little cliques of people everywhere, speaking among themselves. I know there must have been over 40 adults there, and at least a dozen kids. There was an entire contingent working just on the property, mowin

I was getting so frustrated. I was getting nowhere. She sat there, immobile, staring straight ahead. This didn't make any sense. Why was she even there if she was that pissed at me? She didn't have to show up today. Was I dense?

I reached out to her, grabbing her shoulder, turning her to face me. She tried to force my hands away, and twisted away

She could even sense when I was getting close to cumming. She pulled away, stroking me firmly, giving me a long lick, and eyes locked with mine, she commanded me: "That's right, cum. Cum in my mouth. Fuck my mouth and pump your hot cum down my throat." She took my cock back in her mouth, fixed her lips tightly around my shaft, and placed my hand on

k, I've got a situation most men would kill for, two hot women who will live with me and share my bed, and an open invitation to screw my best friend's wife. I'm still going to have to make sure Joe is ok with that, and see if maybe we can't make a private party out of the whole thing.

But for now, I still have one more problem. Beth. The girl I've

"Now you're being silly. You have zero blame in the current situation. I would understand if you never spoke my name in public again, and refused to be seen within 50 feet of me. I would be saddened, but I would understand." My erection had finally withered down to a mere lump, and I sat up, shifting Beth onto my lap. My arms wrapped around her wai
