"Amie, you're a sweet, beautiful girl, and I'd love to see as much of you as I could, but I'll have to talk things over with the ladies. This is a pretty substantial change."

Her hand, originally rubbing my thigh was now caressing my balls, getting a rise out of me. "Beth's cool with it. Debbie says it's your call," she answered eagerly.

"Your fath

"Yeah. Don't get me wrong. I loved it, as I guess you could tell. But it's a sensitive subject, as you might imagine, and I'd kind of like to keep it between us." He sounded nervous for the first time since I'd know him.

"Say no more. We figured on that, and Beth took it on herself to have a long talk with Robin to make sure we kept the wraps on ev

"Yeah, but Karen knew, and she knew that it hadn't gone anywhere yet, so he was ripe for the picking." Her face was down near Ron's waist now, while her hand stroked his hard length.

"I went over to his place late, and threw myself at him. He was hesitant, with the new situation and the fact that I was a virgin, but he finally gave in part way, and

I put her on her back, tilted her legs way back, and slid my cock inside of her. Gargantuan might have been a bit of an exaggeration, but the excitement of taking her virgin asshole, in front of everybody, had me about as big and hard as I get. And she was taking it all.

A few minutes and I was getting a little tired, so I put her on her hands and knees, and fucked that tight asshole some more. It was so sweet, but I knew that

Amie opens up, and Karen moves out

As usual, I was the last to wake. But this time I wasn't completely alone. Amie was clinging to me, arms and legs thrown across my body, strands of her tousled hair caressing my face. Unlike tiny Beth, or even the smallish Debbie, Amie was nearly 6' of long lovely torso, arms, and seemingly endless

She was so clingy, never pulling her body more than a few inches off of mine during all of this. I tried to get her to sit up a bit, but she resisted, instead raising her hips off of me and letting me fuck up into her, getting the movement and friction I needed to keep going.

"College was a little better. I wasn't eager to jump into the dating scen

"Dad? WHAT THE FUCK! WHAT ARE YOU DOING HERE?" She screamed, and I followed her eyes, finally seeing what had her so riled. The top of her father's head was visible to me, just above the edge of the mattress.

"I can't believe you're SPYING on me! MY OWN FATHER. AND MY BEST FRIEND." Amie continued her tirade, still getting no answer.

Shit. The new r
