Chapter 971 The Need For Satisfaction::Ep159

"Of course I love you. I've never felt anything close to what I feel for you. And to know that I hurt you, seeing you hesitate to be with me, knowing I'd lost a part of you through my insanity, it's destroying me. How can I do what I do to you? To you!" I leaned my head back and screamed "FUCK!"

Her hand struck my cheek hard enough to make me see s

"Don't. I thought we were past that. Don't ever say that to me again." She pulled my hips against her, stilling me. "Please, don't. "Let me get this right. You had to fuck a gorgeous teenager senseless to figure that out?"

"I'm a slow learner. What can I say?"

She was teasing me, and it was working. I found myself getting closer and closer to coming. She closed her eyes, speaking softly. "I was scared you were going to strip me and fuck my brains out right in the open, in front of all those people, and all I'd be able to do would be to come for you."

Debbie's bigger than Beth, and even as small as she was, she was tiring me. "Pillows," I gasped. "Coffee table." I nodded to Jim.

He got up, and I saw his cock was out. Nice to see someone was getting attention, not just me. He put a couple of seat cushions on the coffee table, and I placed Debbie on them. With the weight off my arms, I smiled down

Jim had gotten braver, and was sharing Debbie's tit with Karen. While I watched she ceded that perfect melon to him, and squirmed between his legs so she could get to his hard-on.

I wondered if I shouldn't feel jealous, but there was something worshipful about their attention, that I understood. It was only fitting.

Beth came around the table to me

My legs were burning, and I could feel the sweat starting to drip down my chest. I changed up, giving her long hard thrusts. I pounded harder and harder, pausing and grunting with each stroke. I felt the couch slide in spite of having three people seated on it watching. I was worried for her thighs, remembering Cathy's ordeal. At least this couch w

I held her, enjoying what was going on below. "I'm sorry about last night. I didn't mean to scare you."

"I know. Water under the bridge. After watching tonight, you can fuck me senseless anytime." Her eyes were closed, and she was speaking softly, half asleep.

"I love you, Beth."

"Mmmm," she purred.

Amie sucked me for an eternity. I almost fell asl
