I rolled off of her, and she settled back down on my cock, getting comfy. I pulled the sheets up over us, and held her while we developed a gentle rhythm, our hips doing all the work. "Better?"

She grinned. "For talking. What do you want to know?"

I lifted her lips and kissed them. "I want to get to know the both of you better. Living in the moment is great, but I've been thinking about our future. About a lot of things."

She shivered, and I pulled her close. "This is for good, right? This thing between us. I never want it to end. I only want it to get better."

She gave me a hug. "That's you

Beth slid off of me, and pulled at Debbie who took her place. "If that's what you want, I could never say no to you," Debbie said softly. "I'd love it."

"Get off the pill." I told her firmly.

She smiled. "I have, as of now. I only had one pill left in this pack anyway."

Beth was giggling. "This is going to be so cool!" She leaned over and kissed my

She surprised me, returning from the bathroom as quickly as she did, her hair still moist after towel drying. "I'm sorry, but unless I'm clean I feel uncomfortable, unable to surrender myself completely. Now I'm 100% yours." She dropped her head into my lap, taking my soft cock between her lips, ensuring it wouldn't be soft much longer.
