#### Chapter 1 - Pale Teenager

*?Chapter 1: Pale Teenager*

Jade Palace, located in a remote area of Dragon Empire, is built on a snowy mountain. With hundreds of years of inheritance, among entire Dragon Empire, it can only belong to the middle and lower faction. There are nearly a thousand disciples in Jade Palace, most of them are female disciples, each is beautiful like the flower.

Many female disciples, even if there is heavy snow here, there are no plants, they are like beautiful flowers, blooming in this heavy snow, forming a beautiful landscape.

Although the Jade Palace is nothing out of ordinary, there are many women here, and it is a good place for many cultivator to choose a dao companion.

At this time, in this heavy snow, many female disciples are training martial arts, holding a long sword to training, their practice sounded through entire Jade Palace, like a music to the ear. Under this rhythmic and powerful sound, it seems that this winter is not so cold.

At the same time, in a courtyard of Jade Palace, a pale teenager, thrusting a wooden spear in his hand, continually screamed forward. Each thrust is like taking time out of his strength and releasing all the power. When snow fell into his spear, a snowflake turned into countless white spots, and scattered down.

After thrusting a few times, he stopped breathing and looked up at the sky.

In the meantime, his thoughts shifted to the memory of his previous life.

His name is Yi Tianyun. He is a game fan. On a night of thunderstorms, suddenly a lightning flashes down and he lost consciousness. At the last moment, he felt that he was going to die. He was hit by such a terrible thunder, and it was a strange thing that he survived.

When he regained consciousness, he was already in this place and there was a strange memory in his head. The owner of the body died because the body was too weak yet he

still train excessively and eventually died. And despite that fact, the current owner of the body still does this.

Even though he knew that he couldn't train for too long, and his body was really weak, he nevertheless needs to strengthen himself

“Do i have no any other way?”

His face was pale and his body was thin. He didn't look as burly as the cultivator. Instead, he was as fragile as a girl.

“Hyaaahhh!”

He shouted and strove forward with a spur, a cyclone running through the tip of the spear, and a pile of snow in front of him was washed away, re-splitting into countless snowflakes, falling slowly from the air, it looked so beautiful. However, the pale skin color of his body is not much worse than this snowflake.

His skin is pale and horrible, and he doesn't possess blood qi. This is a taboo for the cultivator.

Those who doesn't possess blood qi will be facing difficulties in life, and also it is impossible to cultivate. This is like blood is gone, how can we live? This is the case for this boy, his face is pale, there is no blood qi, and he will die young.

To train martial arts in this state is to let yourself step into the coffin in advance. Therefore, he can only exercise at most, and can't train martial arts.

“Cough and cough...”

His face suddenly reddened, and it was rare to have a bit of blood qi, and a severe cough made him half-squatted. This is no longer a cultivator, it is a sick person. Cultivating was just too much, and his body was somewhat unbearable.

“Aaaahh Young Master, how come you out here practicing, you are hurting yourself!” At this time a maid ran out of the palace, watching the coughing teenager, she blames him for what he's doing, but more than that he is worrying about his well-being.

She hurriedly took a piece of clothing and put it on the boy. Due to practicing martial arts, he did not wear any clothes on his body. In such cold weather, wearing such thin clothes is insane.

“Sister Xiaolian, I am fine, I am just exercising...” Yi Tianyun held back the cough, and from the pale face, squeezed a smile and expressed that he was fine.

His other identity is Young Master of Jade Palace. The Lord of Jade Palace is his aunt, she feels responsible for Yi Tianyun, moreover his parent's whereabouts are still unknown.

When he said that, he stood up on his own, without borrowing Xiaolian's help, which proved that he was fine.

Xiaolian looked at him from the top of his head to the bottom of his toe, and confirmed that Yi Tianyun is finished with his training, felt a little relieved. Immediately said: "Palace Lord asked me to take you to main hall. I've been looking for you for quite a while and didn't find you, and here you are training martial arts... Young Master, I know that you want to train martial arts, but continuing to cultivate in your current situation, then..." she said reluctantly.

Xiaolian couldn't finish what she said.

"If i continue to cultivate, I'll die?" Yi Tianyun smiled indifferently, then he said: "I always know that this body doesn't possess blood qi, and i am not worth of cultivating, But I don't want to end it like this. I don't believe in fate, it's so pathetic!"

His talent is not bad, but he doesn't possess blood qi, that's where the problem lies. Even though he is talented, without blood qi, what is the point of being talented?

"Young Master..." Xiaolian's eye become teary. Her age is a few years older than Yi Tianyun. When she looks at Yi Tianyun, she is filled with sadness.

"Don't say anything else, let's just go to main hall, I wanna know why my aunt is looking for me." Yi Tianyun throws the spear to the side and falls accurately on the weapon frame on the side, then they step into the main hall.

When he steps into main hall, he feels warmer. He notice gazes toward him, a female gazes, all of whom were female disciples here. It can be described as a man's paradise. Many outsider want to join in as a disciple, but not everyone is recruited. Only a small number of male outer disciples are recruited, the majority are female disciples.

The female disciples outside main hall, watching him with eyes full of disgust, and dissatisfaction.

They are disgusted and annoyed with Yi Tianyun. Apart from being a trash that could die at any time if he keeps training martial arts, the other point is that he is the son of former Palace Lord. There is a certain rule in the Jade Palace which states that Palace Lord is absolutely forbidden to marry and have children. Yi Tianyun's mother violated the regulations. After giving birth to him, she ran with a man!

If it wasn't for his aunt's influence, Yi Tianyun had already been thrown out instead of staying here.

Xiaolian address him a young master, but other people won't respect him, let alone address him as Young Master, and they call Yi Tianyun as trash or rotten eggs.

Facing this situation, Yi Tianyun is showing indifferent expression, he's used to this, and he has already acknowledged this fact. Every time he felt their contemptuous eyes, he clenched his fists and felt extremely angry inside, but he was powerless to change this fact.

He thought of leaving here countless times already, but when he thought of his aunt, he could not bear to leave.

"Tianyun, you finally came over, did you secretly train martial arts?" With a burst of complaints, a petite and beautiful girl walked over, about twenty years old, Not much older than him.

When she came over, the surrounding female disciples bowed their heads and said respectfully: "Palace Lord!"

The girl who came in is Yi Tianyun's aunt, Shi Xueyun. Very young at age, but already became the Lord of Jade Palace. The reason why she can become Palace Lord is that her talent is amazing. At the age of twenty, her cultivation has reached Core Condensation Realm! Generally, at this age people only reach Spirit Refinement Realm.

"Aunt." Yi Tianyun looked at Shi Xueyun that look frustrated and rushed over to her, and he smiled heartily. His aunt is the most concerned person about him in the entire Jade Palace.

Seeing her, Yi Tianyun feels warm inside. A few years ago, when he came to this world, he felt very confused. In these years, Shi Xueyun has been accompanying him, taking care of him and letting him accept this fact. After all, accepting the previous memory does not mean that there is a sense of belonging. The sense of belonging is developed slowly. It is not something you earned in just a few days.

Although he addressed her as aunt, they did not have a blood relationship. Since his mother entrusted Shi Xueyun, who is like her own sister to raise Yi Tianyun, it should be reasonable for her to call him Xiao Yi. But they do not have a substantial blood relationship, why should they call each other sister?

Moreover, the aunt mentioned here is not only mean to address blood relatives, but also to address an older female! Not only applies to Shi Xueyun, but other older women as well, as long as they let you address them that way.

No one cares more about him than she does, she is affectionate, kind and warm, and those feelings are genuine. Looking at her beautiful face, he remembered things from his childhood. Just like his mother, Shi Xueyun has been supporting him as he grow up.

When she go to trains, she will bring him along with her so he won't be bullied by anyone. She will even go against the elders if it is for his sake.

If it wasn't for Shi Xueyun's talent, those elders would have casted him away. Even if he want to stay in the palace, he can't cultivate. Then if he try to cultivate, he doesn't possess blood qi, and if he continues to cultivate, he will die. What is the difference between this and a trash?

Shi Xueyun reached out and patted his head gently, and said, "I don't blame you for trying to cultivate, but you can't overdo it!"

Then she took out a box from underneath her sleeve and opened it gently. A strong blood qi came from this jade box. After seeing it the disciples around them couldn't help but exclaim, they couldn't help but envied him.

Who told this trash to be the loved by Palace Lord? Shi Xueyun herself specifically went outside to obtain it.

"This, this is Dragon Blood Divine Pill..." Yi Tianyun was shocked when he saw this Dragon Blood Divine pill. This thing is quite precious. It can add a lot of blood qi, since Shi Xueyun herself brought this. This definitely costs a lot.

"Yes, this is Dragon Blood Divine Pill, take it! it should be able to greatly improve your body's blood qi." Shi Xueyun smiled softly, did not care about the value of this Dragon Blood Divine pill, just want to improve Yi Tianyun's condition.

"But..." Yi Tianyun is touched and his eyes were teary. Over the years, his aunt has always found a lot of medicinal herbs to increase his blood qi, but the effect is not potent enough to increase his lifespan. For several years, Shi Xueying keep giving him medicinal pill with similar effect and now even giving him such valuable Dragon Blood Divine pill.

"There is no better joy for me, other than improving your body's condition, understand? Don't think too much of it." Shi Xueyun stretched his hand and pinched his pale face, slightly pulled down, like a naughty girl.

"Yeah!" Yi Tianyun nodded. He knows what he need to do now. Regaining his body is the best reward!

At this time a disciple hurriedly enter the palace and said "Palace Lord, a person from Spirit Sect is coming!"

"Someone from Spirit Sect?" Shi Xueyun frowned, and suddenly her attitude change drastically from just a moment ago when she was talking with Yi Tianyun. But then immediately, she smiled at Yi Tianyun: "I will go deal with some things first, and you should take some rest."

Sister Xiaolian also nodded at him, and she also had to go along with her to deal with these things.

“Well, I understand.” Yi Tianyun nodded and looked at Shi Xueyun’s back as she faded from his sight. He clenched his fist and became frustrated because he can’t help her.

When Spirit Sect came over, they want their quota to enter ancient ruin. He knew all these things, but couldn’t do anything to help.

“I have to take this Dragon Blood Divine Pill and I hope I can recover some blood qi...” Yi Tianyun put away this Dragon Blood Divine Pill, then turned around and went to his room.

When he walked out to the courtyard, three figures stopped and blocking his way.

“Young Master, can you give the Dragon Blood Divine Pill to us? We only need a little bit more push in our cultivation to reach the next level, give us the pill, it doesn’t even have any effect on you anyway, it would be better to give it to us.”

“That’s right, it’s better to give it to us. If it works we will take you to see the world afterward!”

“Yes, it won’t have any effect on you, nothing will happen even if you take it. It would be better for you to give it to us!”

The three in front of him are recruited male disciples. Originally, they are not Heaven Jade Palace’s disciple, they are from outside sect. Judging from their tone, they are just treating Yi Tianyun as a trash, even though it hasn’t been that long they become disciple in Heaven Jade Palace, but they know that Yi Tianyun is a trash, a trash standing behind a great woman!

“Oh, if I say no?” Yi Tianyun’s eyes are cold, this is what his aunt gave him, how can he give it to other people!

### *Chapter 2: System!*

“If I say no?” Yi Tianyun looked at them coldly. These people are beginning to get nosy. Jade Palace is suppressed by the outside forces to accept more male disciples and therefore can only accept male disciples who have been forced into it.

To put it bluntly, these three have bad intention, they are here just to find woman. According to the regulations, they are regarded as outer disciple since they originated from other sect to begin with, but can participate in training here. And the moment Shi Xueyun gave Yi Tianyun the Dragon Blood Divine Pill, their greedy nature emerged from within.

Dragon Blood Divine Pill is among one of the best pill out there, it really is costly. If they take it, they will be able to make further breakthroughs and reach a higher level of cultivation.

Fang Chen stepping forward: "You don't wanna give us that?" looking at him and smiled contemptuously: "Someone like you who have to rely on palace lord's protection to survive still think you are safe now that your aunt is not here? We are member of Spirit Sect, our elders is just located outside of this sect, even if I do something to you right now, your aunt will not dare to do anything to us!"

Spirit Sect is relatively strong. In this continent, factions are divided into five levels.

First Level is Palace, Second Level is Sect, Third Level is Mansion, Fourth Level is Empire, Fifth Level is Divine Nation! Jade Palace is naturally inferior to Spirit Sect. It is mainly for female disciples, so in terms of number of disciple will naturally be a fewer, but the overall strength is not weak.

However, the overall strength is still weaker compared to Spirit Sect, so they are suppressed. In the case of being suppressed, they think that even if they are up against Palace Lord, she must give a few faces in front of disciple! Since their hierarchial position is superior

As the saying goes, if you want to beat a dog you must know who the owner. Defying them is equal to defying the Spirit Sect. They are naturally very arrogant, They think that Shi Xueyun does not dare to confront Fang Chen, so taking the Dragon Blood Divine Pill from Yi Tianyun comes naturally.

"Yeah, I just save you some dignity here. You are a trash, a cockroach, and you dare to defy us?" Zhao Hao, standing next to Yi Tianyun, chastizing and laughed at Yi Tianyun. Zhao Hao really felt like standing next to garbage disposal.

"Are you courting death?" Yi Tianyun said with dark voice, and killing cold eyes.

Whenever someone calls him a trash, there is a sting in his chest, but hearing it from another trash from outer sect truly make him furious. His killing intent welled up from inside his chest provoking him to become angrier than he supposed to be.

"Oh, so persistant are you? You think your aunt can save you every time? You thought that I am afraid of her? I am not some pushover, trash!" Fang Chen laughed, taunting Yi Tianyun.

This problem of Yi Tianyun was rumored outside Jade Palace, Palace Lord of Jade Palace, raising a trash!

"Either get out of my face, or die!" Yi Tianyun flashed a cold eyes, his fists clenched, and his hands pale skin was pinched by his nails.

He can ignore his own reputation, but his aunt's reputation, he must take good care of it!

"Haah, I see you already tired, you dare to talk shit to me, give me a slap in the face!" Fang Chen screamed, quickly rushed over and connecting his punch to Yi Tianyun.

The fierce boxing style is coming like the wind, very fast and accurate and Fang Chen is not even in upper tier in cultivation, he is at fourth level of Body Refinement Realm. Jade Palace is a low disciple, and it is generally at the third level. This fourth level is still in the middle and lower, and the fists that come from Fang Chen is not weak.

This fist was quite slow in the eyes of Yi Tianyun. When he looked up, a cold glow burst out. The fist that Fang Chen waved seems to have become slower. There are countless kinds of evasive methods in his head, and even the method of counterattacking. The attack in front of his eyes is completely flawed! Although he can't train much, he has studied combat skills.

"Hyaah!"

The light flashed in his eyes, he is gently moving to the side to dodge Fang Chen's strike. Because of the trains earlier, he is exhausted, and only barely evaded the attack but he lost his footing, and he fell down.

When he fell, everyone squatted and immediately laughed.

"Trash is trash, only moved a little, it will fall! Dragon Blood Divine Pill is in your hands, give it to us!" Fang Chen laughed, and reached out and grabbed him in his arms.

Yi Tianyun's eyes were cold. He knew that he couldn't escape. He quickly took Dragon Blood Divine Pill in his body, stuffed it into his mouth, chewed it, and swallowed it! This scene made them stunned, a Dragon Blood Divine Pill, were eaten by dogs?

"You actually ate my Dragon Blood Divine Pill, courting death! I will kill you!" Fang Chen was angry, he thought he could get this Dragon Blood Divine Pill, he did not expect to it to be eaten by Yi Tianyun.

For a time, the three men rushed over and prepared to punch and kick him.

In this moment, the flashing notification sound blinked in his mind!

『Ding! Congratulations successfully activated the Crazy Leveling System!』

『Ding! Gained a thousand EXP. 』

『Ding! Congratulations level up to first level of Body Refinement Realm! 』

『Ding! Congratulations level up to second level of Body Refinement Realm! 』

『Ding! Congratulations level up to third level of Body Refinement Realm! 』

『Ding! Congratulations level up to four level of Body Refinement Realm! 』

『Ding! Congratulations level up to fifth level of Body Refinement Realm! 』

In five breaths, from first level of Body Refinement Realm, to fifth level of Body Refinement Realm! Dragon Blood Divine Pill, can let him rise five levels!

“Crazy Leveling System? This is the game system... This is simply a game!” Yi Tianyun was shocked. As a player, how can he not know what this concept is!

At the same time, their fists have already meet with Yi Tianyun, but at this moment, Yi Tianyun feels that he is so full of strength, no longer a state of powerlessness, but a state of extreme strength!

“Get lost!”

Yi Tianyun’s eyes glowing, his hands patted the ground, and began to spin up quickly. His leg sweeping the floor, it containing the strength of fifth level of Body Refining Stage, and a burst of power broke out!

He quickly kicked the three man in front of him strike to their chest.

The three men flew out directly by his leg, and they were posted on the wall. Their cultivation is weaker than him, and they vomited blood directly to the ground!

“This, what is going on here? This is basically fifth level of Body Refinement Realm. Isn’t he a trash?” Fang Chen was dumbfounded. He climbed up hard and his eyes were full of shock. Tianyun’s cultivation is higher than them, he is at middle level of Body Refining Stage right now.

In this world, the level is quite clear and is divided into nine levels.

They are Body Refinement Realm – Spirit Refinement Realm – Core Condensation Realm – Core Spirit Realm – Core Transformation Realm – Void Spirit Realm – Spirit King Realm – Saint King Realm – God King Realm!

Each stage is divided into ten levels. The young Shi Xueyun is already in Core Condensation Realm.

Yi Tianyun looked at Fang Chen, and the strong murderousness made Fang Chen’s body weak. He hurriedly kneel on the ground and cried: “Please let me go, I am wrong, I will never dare to ask for your pill again!” So far, if he still can’t understand anything, then he is really a fool.

He didn't think that Yi Tianyun was trash like rumored, but he was so powerful, especially the murderousness that came out, and he didn't know how to cultivate it. Moreover, Yi Tianyun has also reached fifth level of Body Refinement Realm. Although it is not heaven defying, Yi Tianyun at least stronger than them.

He can only scream in his heart, and the rumors outside are fake! Who said that Yi Tianyun is a trash, Yi Tianyun stage is not very high, but at least higher than them!

Yi Tianyun slowly came over to him and his eyes were cold.

"I said, either get out of my face or die, I have already given you a chance." Yi Tianyun looked cold, and in Fang Chen's horrified eyes, he picked up the long spear on the side and pointed at Fang Chen's head.

Fang Chen panicked.

He just wanted to make other party fainted, and did not mean to kill him, otherwise Spirit Sect would definitely find him for trouble.

At this moment, Fang Chen screamed, "You will kill me!" The other hand quickly took out a dagger from his arms, he aimed the dagger at Yi Tianyun's heart so that Yi Tianyun will die before he could kill Fang Chen.

Yi Tianyun saw through Fang Chen move and quickly countered Fang Chen by taking his armed hand and slammed the dagger by Fang Chen hand strike into his chest consecutively slammed Fang Chen in to the ground. Fang Chen was heavily slammed on the ground, and slightly stunned by Yi Tianyun move. Yi Tianyun grabbed Fang Chen's hand and pressed it down to his own chest.

The sound of blood clogging in Fang Chen throat fill the space around them

"You still dare to attack me!"

Yi Tianyun's eyes were cold, and he lifted his foot and slammed it up. Fang Chen was kicked out by his foot and slipped to the ground.

"Ah..."

Fang Chen vomited blood in a big mouth, and immediately widened his eyes, his face became dark and inconspicuous, and it seemed obvious that it was a sign of poisoning. In this dagger, it is obvious that there are intense toxins, and the insertion into the heart accelerates the flow of venom.

The next moment, Fang Chen's eyes become dimmer and he died.

『Ding! Congratulations successfully killed Spirit Sect's disciple, Fang Chen, and gained 300 EXP, 5 Crazy Points! 』

『Ding! Congratulations get a human lower level martial arts 'Eagle Claw Art', 'Falling Feather Sword Technique', and a Recovery Pill! 』

Yi Tianyun stunned, did not expect to kill Fang Chen, not only will increase the EXP, but also a Crazy Point, the most important he got martial arts, this is exactly the same as the explosion of treasure! These martial arts are things that Fang Chen learned by himself. Now they all burst out and landed in his inventory!

"It's a Crazy Leveling System, killing human can also burst treasures, it's equal to killing monsters!" Yi Tianyun was ecstatic, he thought that he could only level up by eating, and now it seems that by killing, he can also be level up!

『Ding! Congratulations successfully activating character and get a newbie package, open it? 』

Yi Tianyun's eyes widened, and immediately his thoughts moved, and a Status Window appeared in front of his own eyes!

Host: Yi Tianyun

Level: 5

EXP: 300/1000

Crazy Point: 5

Cultivation Technique: None

Martial Arts: 'Eagle Grab' and 'Flying Feather Sword'

Divine Ability: Crazy Mode (Level 1)

Item: Recovery Pill

In addition, there are equipment bars, inventory bars and the like, which makes him stunned, this is the property of the game! It seems that there are still a lot of things that have not been opened, and it seems to be related to level.

Then he meditated in his heart and opened the newbie package.

The contents of the package that appeared in front of you are: 10 Times EXP Card (a hour), two Recovery Pill, Level 5 Novice Gift Pack.

“What did I get?”

Yi Tianyun smile widened. He knew that he had passed through, but he did not know what ability he had. He did not expect to get Crazy Leveling System! As long as he keep level up, then his attributes will become crazy and strong: “This is broken!” He thought to himself, this is not something suitable for martial arts and it have nothing to do with him!

He did not expect that swallowing Dragon Blood Divine Pill would activated this system, it is estimated that this Dragon Blood Divine Pill’s energy is stronger, reached qualification to completely activate this system! He used to take a lot of pills before, but it’s useless. It was obviously not have enough energy in them.

### *Chapter 3: Overbearing Aunt*

In addition, Yi Tianyun also noticed Crazy Mode. After checking the information, he quickly ask the system “Hey system, what is Crazy Mode?” Yi Tianyun is curious about this Crazy Mode, and the attribute effect was quickly presented.

『Crazy Mode: Can enhance any effect two times! including any refining, consuming any item, attack power, cultivating, gaining exp.』

“At level one it can strengthen two times? If I level up Crazy Mode, how strong will it be?” Yi Tianyun is drooling over this Crazy Mode. This is simply a godly skill!

The effect of cultivating and consuming any items can be doubled, which means that consuming one is equivalent to consuming two! But after seeing the consumption rate below, he frowned, Crazy Mode consumes a Crazy Point every minute!

He is only has 5 Crazy Points at this moment, it will be consumed in the blink of an eye! This point is obtained by killing Fang Chen, and however you see it 5 Crazy Points is just too little.

“Fang Chen is... dead? You, you killed Fang Chen!” after checking Fang Chen’s pulse, Zhao Hao found out that Fang Chen is dead, and startled on the ground.

Yi Tianyun was not surprised by this. He was stabbed to death by his own poison dagger. It’s his fault for raising his hands against Yi Tiangyun first, if at that moment Yi Tiangyun didn’t level up, he probably already died at their hands.

He is so furious, he will never let these three walk away after insultinghis aunt!

Yi Tianyun looked at them, his eyes coldly said “I killed him? He’s the one using poisonous dagger against me, he reap what he sow!”.

“What happened?”

Followed by a scream, disciples from outside rushed in. The first one who rushed in was the disciple of Jade Palace. With Fang Chen lying on the ground with a dagger embedded on his chest, she is startled upon seeing this situation. It looked quite grave.

Meanwhile, Yi Tianyun stood on the side with a long spear nonchalantly, as if the things he has nothing to do with all this.

After a while Shi Xueyun rushing in, because judging from where the screams from she's aware that it was from the courtyard where Yi Tianyun often practiced, so she rush over as fast as she can. She is shocked after seeing this situation, she knew these three lying on the ground, they are outer disciple who do whatever they please in Jade Palace.

When she saw Yi Tianyun gripping his spear, she immediately knew what happened here and knew that Fang Chen and others were defeated by Yi Tianyun.

"Palace Lord Shi, what happened... Fang Chen!" Then a group of people followed, one of them is Second Elder of Spirit Sect, when they saw Fang Chen on the ground, his expression suddenly changed.

"Little brother!" Someone rushed in quickly, picked up Fang Chen, and checked it a little, and found that Fang Chen was dead!

"He is dead..." Fang Yun filled with anger looking at Yi Tianyun "He is killing my brother!"

The boy in front of him is Fang Chen's big brother Fang Yun. His cultivation is in higher level than Fang Chen. Now he has reached seventh level of Body Refinement Realm, in the Spirit Sect, he is one of the talented disciple.

"They tried to snatch my Dragon Blood Divine Pill, of course I'm not giving it to them, they attack me, I simply return the favor." Yi Tianyun looked at them with a long shot and coldly.

"I uh..., we didn't rob him, that's a slander... We are just walking around, suddenly he approaches and harrases us..." Zhao Hao on the side began to alter the truth to his convenience, despite of suffering a light injury. He keeps glaring at Yi Tianyun.

"Yes, he suddenly said that this is his territory, then attacked us. We didn't retaliate!" Lin Yuan, who was lying next to him, painfully try to get back on his feet, knowing that their elder is here now, they are not afraid of anything.

Fang Yun actually know the truth, Dragon Blood Divine Pill is definitely precious it can enhance blood qi by quite an amount, it's effect is in fact much more effective on someone with lower level of cultivation, it doesn't affect you that much when you are

already in quite a high level, knowing Fang Chen's true nature, he definitely want to snatch this Dragon Blood Divine Pill.

When your cultivation is Body Refinement Realm, all you need to do is increase the intensity of energy in your body, and you can breakthrough this realm! The key of Body Refinement Realm just as the name states is by refining the body, to be able to breakthrough this realm.

But of course they won't admit that their disciples tried to snatch Yi Tiangyun's Dragon Blood Divine Pill! Especially Fang Chen is already dead, they definitely want their revenge.

"It's impossible! Our disciple won't do such thing!" Zhao Hualong, Second Elder of Spirit Sect, stood up and said: "Palace Lord Shi, you need to give us an explanation! We let our excellent disciples join Jade Palace to train, originally we would like to improve the relationship between our factions. I can't believe this is what we get for trying to get along with your faction. Are you trying to destroy the relationship between our factions?"

Yi Tianyun and Shi Xueyun try their best to hold their anger. Jade Palace's disciple are definitely blaming Yi Tianyun, not noticable by naked eye but judging from their expression, they definitely are. Everyone knows that the influence of Spirit Sect is not to be underestimated. If we make enemies out of them, they won't let us get away with it.

Shi Xueyun looked at them coldly, she knows everything about Yi Tianyun, he'll never lay a hand on them unless they provoke him. It's just as Yi Tianyun said, they want to snatch this Dragon Blood Divine Pill!

It's just everyone else can't believe in Yi Tianyun the way she did, including other disciples of Jade Palace. Yi Tianyun never intended to destroy these two factions relationship. Because he know what it means to make enemies out of them.

"What do you want?" Second Elder of Spirit Sect, Zhao Hualong, simply want to take their revenge. He actually doesn't care about the means.

"I want to have a duel with him!" Fang Yun stood up and looked at Yi Tianyun and said coldly: "You killed my little brother, I want to fight with you for life and death!"

Zhao Hualong said in the side: "Yes, we have cooperated for quite a while. And as we said earlier. Since we didn't lay hand on him first, we should not be punished! Now you have injured our disciples and killed Fang Chen. It is impossible to let this go. We will choose a fair duel, and of course Yi Tiangyun will be your representative for the duel. Fight in the duel fair and square, regardless of the outcome!"

They said fair but, they all know the predicament Yi Tianyun is in, even if his level of cultivation is not bad, due to blood qi shortage he'll end up losing, representing Jade Palace to participate in a duel to death, isn't it the same as suicide?

Shi Xueyun wrinkled Liu Mei and said: "He is not a proper opponent, please choose other disciples."

Obviously, she can't let Yi Tianyun duel. His blood qi is really bad, especially just a while ago he trains martial arts for quite a while additionally he fight those three troublemaker, he will definitely collapse. How can she send Yi Tianyun to a duel just to die?

Zhao Hualong sneered: "Palace Lord Shi, he is indeed not a proper opponent, but he has challenged the authority of our Spirit Sect! Are you want to make this matter even worse?" he threatened

"No! Anyone other than him will do!" Shi Xueyun sternly said.

The people of Spirit Sect saw Yi Tianyun standing near them, their eyes showing a bit of disdain, ridiculing him deep down in their heart. No matter how Shu Xueyun covers it up, such information still spreaded outside Jade Palace. That Yi Tianyun is a waste. If he fights, he will definitely die, and thus Jade Palace's defeat as well.

It's like everyone here other than Shi Xueyun is Yi Tianyun's enemy, even the disciple of Jade Palace.

"I kind of know what is going on. If I remember correctly, he should be the son of the former Palace Lord. Rumor said that he has low blood qi and could die at any time. No wonder that Palace Lord Shi does not want him to participate. I also don't think that winning against a blood-deficient trash like him will prove anything, but now that he is defying the authority of our Spirit Sect. Even if he is trash, We must make an example out of him. Otherwise, everyone else will disrespect us in the future!"

He doesn't lend an ear to any of Shi Xueyun's reasoning, Yi Tianyun must participate in the duel no matter what, Snow outside rivaling their level of shamelessness.

Suddenly, a strong aura enveloped Shi Xueyun's whole body. The surrounding snow was hurled up, and then fell to the ground. Everyone feel an immense pressure coming from her.

The strength of Core Condensation Realm cultivator is nothing to sneer at!

At the next moment, Shi Xueyun quickly flashed in front of Zhao Hualong. Before the latter reacted, she waved and flashed. The sound of slap sounded crisp and mellow, and it was so loud in this courtyard.

After that slap in the face, Shi Xueyun returned to her original position and immediately stand in front of Yi Tianyun. The white dress she wear was slightly afloat, and there was nothing that make her apparel look dirty. The faint fragrance broke into the nose of Yi

Tianyun, and it felt very peaceful. And Zhao Hualong has a five-finger print on his face, which is also shaping on his heart.

No one thought that Shi Xueyun would do this and gave Zhao Hualong a slap. A slap not only on his face, but also in his heart, shattering his dignity.

“Palace Lord Shi, what do you mean by this, are you trying to start a conflict?” Zhao Hualong’s short neck reddened, he’s furious, but his strength can’t even be compared to Shi Xueyun, all he can do is threatening her.

“I already said my condition, didn’t you hear it? And if Yi Tianyun is trash, then what are those three lying on the ground?” The sound of Shi Xueyun is cold, if Zhao Hualong is not the elder of Spirit Sect. Instead of finger mark he will get palm mark on his face.

Yi Tianyun is her reverse scale, who hurts him, will pay with their life!

Yi Tianyun was shocked by this scene. This is his aunt, who has been standing next to him, who protects him.

#### *Chapter 4: Accept Duel*

Shi Xueyun standing with proud on her face, allowing everyone to know, how high is Yi Tianyun’s position in her heart, and Shi Xueyun is not afraid to be enemies with Spirit Sect!

In fact, Shi Xueyun is aware, that Spirit Sect absolutely doesn’t dare to disturb peace, even if Zhao Hualong is slapped, Zhao Hualong will not let that matter become war. Although the comprehensive strength of Jade Palace is weaker than Spirit Sect, with connection from others, Jade Palace can be much stronger than Spirit Sect.

There are a lot of disciples in Jade Palace who are married with outsiders, while Jade Palace status is not particularly high outside, but they have no problem to bring some support from outside.

Zhao Hualong knew that his words were a bit mean, but he was slapped. How can he bow down like this, and immediately sneered: “Lord Palace Shi gave me a slap, this is undoubtedly a physical confrontation, this is not a simple matter. If he really didn’t make a mistake, why didn’t you let him go? Not because I want to embarrass him, but because he injured our disciples, not only that, he even accused us to snatch Dragon Blood Divine Pill, he thinks that we can’t afford Dragon Blood Divine Pill by ourselves!”

He is furious that Shi Xueyun slapped him in front of so many people. This humiliation is unimaginable.

“Is it? I repeat it again, I believe that Tianyun will not beat people without reason. They want to snatch the Dragon Blood Divine Pill. Sure you can afford this pill, but you won’t

use it for these trash! If you really insist blame this to Tianyun, then don't expect me to go down without a fight!" The strong aura around Shi Xueyun has not dissipated, rising with every tick of time, and anger is bubbling in her eyes.

She thinks Yi Tianyun will definitely lose. That is not the only reason, the main reason is that his body is too weak, which make the consequences of losing worse. If he is smashed out, even if he is not dead, he will be disabled for life.

In any case, Shi Xueyun will not give in, this is her bottom line!

Although her aura is strong enough, but Yi Tianyun standing on one side is suffering from the judgemental eyes watching around them. A man standing behind a woman, is considered to be a weakling, that equal to a chicken. In this world of martial arts, it is a very shameful action.

Yi Tianyun is not weak, nor is he a chicken. He always wants to stand up and prove himself, prove that he is not a trash, and prove that his aunt is not supporting a wrong person!

"I will fight, I will represent Jade Palace." Yi Tianyun stood up and looked indifferent.

He did not retreat, he isn't coward. He stood boldly at this moment. Even if he died on the duel, he would stand up for himself. With firm eye, not afraid of dead, fearless, standing above his peers.

Once he stop speaking, the sound of the system sounded in his mind.

『Quest: Defeat the disciples of the Spirit Sect challenge and lead Jade Palace to victory!』

『Reward: 10,000 exp, 100 gold, Divine Armor (Common)!』

"Quest ? This reward is quite plenty!" Yi Tianyun was very happy with this information. He did not expect to have such quest. As long as he can complete it, the reward he received will be worth his trouble, especially the exp.

Just the treasures that are obtained, looks like the level is too low?

Whether it is a weapon or a treasure, it is divided into several levels: Common, Spirit, Holy, Relic, and Artifact!

Yi Tianyun's words attracted all the attention around him. Among them, Zhao Hualong squatted and sneered at the corner of his mouth. This was a sly smile and finally he got what he wanted. If Shi Xueyun did not agree, he really couldn't help it, but Yi Tianyun himself agreed, and that's really fits his convenience.

Well for Spirit Sect itself, Fang Chen is just a low level disciple, they didn't really care about Fang Chen's life. However, Fang Yun is really angry. If his little brother who is getting along with him within day and night is dead, how can he not be angry?

As everyone knows, his little brother has become a victim and was immediately used by Zhao Hualong.

The female disciple of Jade Palace, watching the eyes of Yi Tianyun have changed a bit, at least he did not choose to remain silent and let his aunt keep protecting him, but chose to stand up, this is how a man should be!

Shi Xueyun hurriedly said to him: "Don't talk nonsense, this is not a joke!" Her expression was very serious, or at least that's how Yi Tianyun saw it.

"If I don't participate in this competition, then I can't call myself a man. Not worthy of aunt's protection." Yi Tianyun smiled at her, and his eyes were extremely firm.

Shi Xueyun was surprised by Yi Tianyun's gaze. She had never seen such fire in Yi Tianyun's eyes, he's so determined to win! Immediately, she took a deep breath and said to Zhao Hualong: "Okay, I agree!"

"That's good, after half a month, I'll see you on arena!" Zhao Hualong sneered: "This is a life and death duel, dead is justified!"

At this time, Yi Tianyun stood up and said coldly: "No problem, no matter what happens to me in this duel, stop giving problem to our palace!"

"This is interesting, this will be your grave, of course!" Zhao Hualong sneered, and they yelled at Fang Yun: "Let's go!"

Fang Yun were taken aback. When Fang Yun left, he looked at Yi Tianyun with a troubled look. Although he know he wants to fight with Yi Tianyun until dead but it is impossible to kill Yi Tianyun with Shi Xueyun standing next to him.

When they left, the entire Jade Palace was blown up into chatter, and no one was optimistic about Yi Tianyun. In this competition, his cultivation is too weak it's like already losing before even depart to a war, especially Yi Tianyun lack of blood qi, if the battle is a little dragged, then he will lose.

In the face of confusion and dissatisfaction of the entire Jade Palace, Yi Tianyun's expression is still so indifferent. He already withstand this kind of treatment before, and today is not different than any other day.

"Disperse." Shi Xueyun said with a wave.

"Yes, Palace Lord."

After many female disciples looked at Yi Tianyun with disappointment, they left. This time, the winners and losers will decide the direction of things in Jade Palace. They naturally did not want to see what the changes would be.

When everyone left, Shi Xueyun said softly: "Don't force yourself, even if you lose just keep your life. As long as you live, everything will be okay."

"Aunt, do you believe me?" Yi Tianyun asked in a firm tone.

"I believe you!" Shi Xueyun nodded without hesitation, but immediately sighed: "But one must know what one can do, if your body..." She said that behind her, her eyes becomes watery, which caused by her feeling saddened. If there is no pill to supply Yi Tianyun's blood qi, it is estimated that Yi Tianyun has already died.

"I will win!" Yi Tianyun grabbed the small hand of Shi Xueyun and smiled brightly: "Even if I stand on death door, I don't want to kneel, let me be willful. I don't want my aunt to be criticized again, and I don't want my aunt to be wronged again..."

"Stupid child, what are you talking about?" Shi Xueyun's eyes were red, with tears framing her beautiful face.

"Stupid child, even though you are not that much older than me, and you even can call me little brother." Yi Tianyun reached for her tears, but she still hold firmness on her eyes.

Yi Tianyun returned to his room. After calming down himself and calming down his aunt completely, he returned his gaze to Crazy Leveling System. Because of the chaos earlier, many things have not been clarified.

#### *Chapter 5: Ten Times Exp Card*

"Come to think of it, I got Gift Pack Lv5 earlier. I haven't opened it yet, hopefully there are other good things."

Yi Tianyun was quite excited. One of the item from Gift Pack Lv5 is very appealing. It is Ten times exp cards that he needs very much now.

Immediately, he opened the Gift Pack Lv5, and immediately the notification: Lottery function opened, three Recovery Pills, Absorbing Star Great Technique, Dark North Divine Art, Gift Pack Lv11!

"Absorbing Star Great Technique and Dark North Divine Art?" Yi Tianyun was startled by these two martial arts he obtained. These are famous goods. Yet he managed to obtain it at level 5. What other martial arts can I get in future?

Immediately he investigated lottery function. After he opened it, there was a huge turntable picture in front of it. There are several types, respectively is: Weapons Category, Defensive Equipment Category, Consumables Category, Martial Arts Category, Cultivation Techniques Category and Divine Ability Category!

Among them, Consumables has the most pool, almost half of all the item are consumables, and Abilities and Cultivation Techniques are much fewer. Divine Ability is the fewest. If you look at it in proportion, it can be regarded as a ratio of one in ten thousand.

『Because you have successfully opened the lottery function, you will be given a free lottery. Will you start the lottery now?』

The system sound asked.

“Pull out!” Yi Tianyun without hesitating. Immediately after the “beep” the lottery roulette spun wildly. After a while, the turntable gradually slowed down, and he saw that the contents of the pointer were constantly changing. He’s waiting excitedly, what treasure will he get?

Finally, the lottery wheel stopped, and the pointer pointed to weapon, which made Yi Tianyun relieved, because it was not stopped at consumables.

Then, afterward a gauntlet popped up in the inventory. After checking, he couldn’t help but exclaimed: “Frost Fist!”

Weapon: Frost Fist

Level: Common (can level up)

Effect: Ice attribute attack, slow down movement speed, consume Crazy Point, ability to completely freeze the area within 100 meters, causing super deceleration!

Looking at the Frost Fist, Yi Tianyun was quite surprised. This weapon is originally from the game League of Legends, it can be obtained from lottery.

It is a common level weapon, which is the lowest level.

In this world, treasures are generally divided into: Common, Spirit, Holy, Relic, Artifact!

But it can be leveled up, in fact it’s safe to say that everything can be leveled up!

He opened the status window, and all kind of information pop up in front of him.

Host: Yi Tianyun

Level: 5 (Fifth Level of Body Refinement Realm)

Experience: 300/1000

Crazy Point: 5

Cultivation Technique: Dark North Divine Art (Human Level, Mastery 0/1000)

Martial Arts: Absorbing Stars Great Technique (Human Level, Mastery 0/1000), Eagle Claw Art and Falling Feather Sword Technique

Weapon: Frost Fist (Common Level, Mastery 0/1000)

Divine Ability: Crazy Mode Level 1 (Level up needs 100,000 Crazy Points) This is the value required for all level up. It starts with a thousand mastery. This is pretty normal. It'll eventually leveled up after several use. But what the heck is this Crazy Mode, it takes 100,000 Crazy Points to level it up, it really is crazy!

100,000 Crazy Points, now he is only 5 Crazy Points, from what he knows the way to obtain Crazy Point is by killing other.

He shook his head and thought this is too much seems like an impossible feat to earn that much Crazy Point just for leveling up once.

"Can I draw another lottery?" which he will regret asking later. Yi Tianyun checked the lottery system, turns out it takes a thousand Crazy Points just for one draw. He originally planned to give it a try, but after knowing it takes one thousand CP per draw he don't think so.

"Forget it, For the time being, it doesn't matter." Yi Tianyun's eyes flashed. "The most important thing to do now is to level up. If I level up, I can win this duel!"

Fang Yun's cultivation is seventh level of Body Refinement Realm, which is higher than him. However, reaching the same level as him is not his ultimate goal, his ultimate goal is total victory.

If he win not only that it'll be helping Jade Palace, but also completing the quest from system and get reward.

Dragon Blood Divine Pill definitely helps Yi Tianyun a lot, it wouldn't be an exaggeration to call it a miracle for him, because prior to it Shi Xueyun has already given him quite a lot of medicinal pill which turns out to be lower quality recovery pill, no wonder it doesn't awaken Crazy Leveling System, because it barely contains any energy to activate it.

At night, Yi Tianyun, who meditated on the ground, sense there is a pair of green eye gazing at him from afar, he immediately opened his eyes.

He gently pushed open the door, the outside was dark, and it was a quite night.

After watching surrounding situation and confirmed that there was no one around, he quietly left the Dragon Palace from the back door and head to the snowy mountain behind him. In the middle of the night, the cold wind blow fiercely.

This is not first time he came here, when he come here previously he couldn't help but shiver due to the cold. But now despite wearing thin clothes, he just brushed it off and keep moving. He rushed into the depths of the snow-capped mountains, it's such a dense forest there, trying to approach that pair of green eyes from the forest.

Then the second pair of eyes popped out, followed by the third pair, it just keeps coming. Turns out it was the eyes of snow wolves. Yi Tianyun is well aware of this.

Because this is not the first time he has come, he has been there several times before, to train himself! More importantly, now that he has blood qi. He can kill these snow wolves and cut them to get demon beast cores, then absorb blood qi inside!

He doesn't want to keep relying solely on his aunt, He want te be stronger by his own effort!

"It's been a long time since I saw my old friend. Are you ready today? I won't run away like before." Yi Tianyun equipped the Frost Fist!

"Awoo!"

A group of snow wolves howl like crazy, and rushed to Yi Tianyun from all directions. In the blink of an eye, four snow wolves rushed and opened their sharp giant jaws to tear off Yi Tianyun head.

"Come!"

"Eagle Claw Art!"

Yi Tianyun's fighting spirit arise, his arms swelled, and the Frost Fist in his hand emitted a cold aura, which suddenly slowed down the speed of the snow wolf.

The next moment, his palm was turned into an eagle, and he grabbed the snow wolf on his neck. There was still a distance. Suddenly, a strong gushed surge from his palm and sucked the snow wolf...

The spiritual power of the snow wolf was extracted by system in the blink of an eye and absorbed into his body!

『Got 1 exp, 2 exp, 3 exp...』

while fiercely devouring, Yi Tianyun found that this can increase exp as well! It's Crazy Leveling System, not only consuming the spiritual power of others, you can also increase your exp!

Other snow wolves attacking, he quickly twisted the neck.

“Kreek!”

The neck is easily broken, instantly killed!

『Ding! Congratulations killed snow wolf, got 50 exp, 3 Crazy Points!』

“Hyaah!”

Without stopping, his backhand continuing to attack the other three snow wolves that had been thrown up, and “bam” they fell into the snow, dead.

『Ding! Congratulations killed snow wolf, got 50 exp, 3 Crazy Points!』

『Ding! Congratulations killed snow wolf, got 50 exp, 3 Crazy Points!』

『Ding! Congratulations killed snow wolf, got 50 exp, 3 Crazy Points!』

He earned some exp, but not much.

These Snow Wolves cultivation, was equal to merely third level of Body Refinement Realm if compared to human, they definitely don't stand a chance against a fifth level of Body Refinement Realm Yi Tianyun.

“So many snow wolves, this chance cannot be wasted... use ten times exp card!” his eyes lit up!

Then there was a group of snow wolves rushing up, upon unleashing his fist technique, several snow wolves were killed again! then the snow within five meters around him is blown away!

『Ding! Congratulations killed snow wolf, got 500 exp, 3 Crazy Points!』

『Ding! Congratulations killed snow wolf, got 500 exp, 3 Crazy Points!』

『Ding! Congratulations level up to sixth level of Body Refinement Realm!』

After using ten times exp card, the experience skyrocket and progression rushed crazily!

Under this bloody smell, more and more snow wolves have come up here.

After a few madness sweeps, the snow wolf that had been thrown up died in a blink of an eye, and they keep coming. These snow wolves are not afraid death, rushing to the side.

This is exactly what Yi Tianyun wants, brandishing attack crazily, snow wolves attack forth, this is a good chance for Yi Tianyun to increase his technique's mastery. Especially Absorbing Stars Great Technique, the mastery skyrockets like crazy.

Thanks to the ten times experience card, the experience value is multiplied and his cultivation realm increased.

『Ding! Congratulations level up to seventh level of Body Refinement Realm!』

『Ding! Congratulations level up to eighth level of Body Refinement Realm!』

After killing these snow wolves in a row, he was leveled up to eighth level of Body Refinement Realm. This pace is unbelievable!

“This is awesome, i leveled up super fast, Fang Yun is nothing before me!” Yi Tianyun's eyes exposed a domineering gaze, he won't expect what's coming for him!
