Chapter 11 - Still One Move

?Chapter 11: Still One Move

Zhao Feng leaped to the stage. It caused quite an impact upon his landing!, followed by a loud bang.

Something wrapped in black cloth at his back piqued everyone's attention. Then Zhao Feng reached out something from his back and pulled it out, that turns out to be a heavy black spear!

Zhao Feng waved it a few times in the air, and ending it with a slam to the ground, causes a loud noise and even a small hole on the ground!

“Bang!”

This situation rendered the female disciple of Jade Palace speechless. It is no wonder that he leped to the stage confidently. he turned out to be carrying such weapon. Even just a random strike from it could cause a huge damage.

“This spear, weigh at least six or seven hundred pounds...”

“This is an innate power. Even if you have seventh level of Body Refinement ?Realm, can you easily wield such a heavy weapon?”

Everyone around the stage chatter among themselves, Yi Tianyun's technique is certainly dangerous, but that weapon length and reach is not normal. The length is almost equal to two people, how do you even close the gap, let alone attack.

Shi Xueyun panics: “It seems that Elder Zhao has observed Tianyun's movement, and decide that simply compete using cultivation realm is insufficient against Tianyun so he send someone with extraordinary power wielding such heavy weapon!”

As expected of him, sending someone like Zhao Feng to deal with Yi Tianyun, he really is a scum. Nevertheless, it's not against the rules to use weapons. Weapons are necessary. Good weapons can enhance the wielder strengths and levels!

Now that Zhao Feng decided to use a weapon, Yi Tianyun may also choose any weapon he wish. There are many weapons in Jade Palace, Shi Xueyun doesn't know which weapon can Yi Tianyun use.

Zhao Hualong smiled and said: "There is no rule that forbid using weapons, you also may choose your weapons".

Yi Tianyun cultivation level is higher, but what about the weapon? The difference in realm does not mean absolute victory. Especially in this case, he knows Yi Tianyun's movement is not that good, because in the previous battle it's not like he managed to dodge all the attack.

But something bothers him, but he can't understand it. But there is no point to keep thinking about it, he focuses only on winning!

"This spear looks very powerful."

Yi Tianyun looked at the long spear in Zhao Feng hand, now that he thinks about it he has a weapon of his own.

"Tianyun, what weapon do you need?" Shi Xueyun mention all kind of weapons by order from the lower level one to the higher one.

Yi Tianyun smiled and said: "I have my own weapon..." as he said that he took out the Frost Fist and equip it. The blue gauntlet covers his fist and it has a faint blue light. It looks pretty.

But everyone is confused when they saw this gauntlet. How Is this different from bare hand? Meanwhile Zhao Feng has a weapon with such absurd reach, even if it's a powerful gauntlet what can he do facing such weapon?.

"Oh... what is the difference between this and bare hands? And what is this thing? It ?looks like a glove, does it have some kind of effect!?" Zhao Hualong laughed and thought it was funny. How is it a weapon? It's just some kind of glove!

The female disciples of Jade Palace sighed, they're convinced this round will result in a loss!

Shi Xueyun anxiously said: "Tianyun, how do you fight him with this weapon?"

She notices, Yi Tianyun is struggling, and even evading the attack is already a hard task for him. How does he even attack? Not to mention with such weapon.

"I don't know if I wil be able to land a hit." Yi Tianyun smiled and walked toward the platform.

There is actually somebody using this kind of weapon?

Both Jade Palace and Spirit Sect questions Yi Tianyun's sanity for picking such weapon. If the cultivation level's gap between them is really huge it will be easy to defeat Zhao Feng with bare hands. But that's not the case, their level gap is not that big.

Due to weapon advantage, Yi Tianyun chance to win is below 50%!

This is not an exaggeration. Zhao Feng waves such heavy spear like it's nothing it doesn't even reduce his reaction speed. In this condition can Yi Tianyun even close the gap? Unless he is faster than Zhao Feng's swing.

"If you want to die that much, I won't stop you." Zhao Feng pointed the long spear at Yi Tianyun. It's as if the tip of the spear holds an enormous power, and with this he can avenge his fallen comrades.

"After you."

Yi Tianyun indicated that Zhao Feng could attack any time with his casual expression.

"Hyaah!"

Zhao Feng did not hesitate, he shouted, grabbed the spear and rush toward Yi Tianyun, a fierce aura is emitted from his body, and his killing intent is exposed in front of everyone, this kind of strength is not possible for someone on seventh level of Body Refinement Realm.

"Could it be? He took a power pill? Someone saw Zhao Feng took a power pill before attacking.

"Bam!"

A loud sound is heard upon the impact of his spear hitting the ground. He marks Yi Tianyun and won't let him go. Zhao Feng held a long spear in midair and rush toward Yi Tianyun.

"Spear Downstream Dragon!"

He used Spirit Sect martial arts, combined with the effect of power pill his power increased even further! Yi Tianyun can't escape from this strike.

Suddenly Yi Tianyun disappear, and as if his figure was distorted somehow, this familiar scene, is this Floating Cloud Steps that Mo Cheng use earlier? But this time it's Yi Tianyun the one who use it. But the thing is, it's a secret technique used by Spirit Sect, how on earth can Yi Tianyun master it?

"This, this is Floating Cloud Steps, how is it possible?!"

Zhao Hualong was shocked. To begin with, not even all disciples of Spirit Sect is capable to learn this Floating Cloud Steps. Yet now Yi Tianyun use it like it's nothing, and of course everyone is dumbfounded not only disciple of Spirit Sect but also Jade Palace.

In an instant he disappear from Zhao Feng' sight and reappeared behind Zhao Feng! He punched him and Frost Fist immediately shone with blue light, and the cold aura is quickly dissipated, and suddenly it covered Zhao Feng entire body. In an instant, his movements became very slow, ?he wanted to turn around and fight back, but his speed was greatly reduced, and he couldn't keep up with Yi Tianyun's movement.

“Bang!”

Incapable of countering and defending Zhao Feng once again suffered another punch from Yi Tianyun , Zhao Feng was tossed away, and the ultimate cold air continued to cripple his body. And because he took the power pill earlier his body is currently in extreme heat. But due to both extreme heat and cold air raging in his body, slowly his body is destroyed from within.

“Ah!”

He vomits blood then fell to the ground, and he died! It's like his blood vessel is punctured! What a painful death..

“Ding! You killed Zhao Feng, get 700 exp, 30 Crazy Points...”

“Mission Completed.”

“Reward: 10.000 exp, Divine Armor and 100 Gold.”

“Ding! congratulations level up to first level of Spirit Refinement Realm!”

Finally after half a month hunting monster, his cultivation has reached the peak level of Body Refinement Realm. After completing this task, he has completely entered Spirit Refinement Realm!

He dominated this competition from the very beginning. Being at the peak level of Body Refinement Realm, no one can defeat him.

Chapter 12: Repulsed

“This is awesome. I got quite a lot of things from accomplishing this task. I get a divine armor and 200 gold. This is enough for a while.”

Yi Tianyun is very satisfied with these rewards, although he feels kind of dissatisfied as well due to the amount of the rewards, although he is well aware that the one he just fought against is a basic mob level not the boss level.

“Look at my cultivation level. I break through to Spirit Refinement Realm already, this cultivation speed is crazy.” Yi Tianyun once again being reminded of the awesomeness of this Crazy Leveling System, if somebody else finds out about this, surely he will be in a lot of trouble.

The initial practice is really killing him, but with this crazy system, in just half a month he can breakthrough Spirit Refinement Realm, which is truly at genius level if not insane.

Host: Yi Tianyun

Level: 11 (First Level of Spirit Refinement Realm)

EXP: 1573/30000

Crazy Point: 698

Cultivation Technique: Dark North Divine Art (Human Grade, Mastery 378/1000)

Martial Arts: Absorbing Stars Great Technique (Human Grade, Mastery 378/1000), Eagle Claw Art, Falling Feather Sword Technique, Floating Cloud Steps

Weapon: Frost Fist (Common Grade, Mastery 329/1000)

Armor: Snow Wolf Boots

Divine Ability: Crazy Mode Level 1

Eagle Claw Art and Falling Feather Sword Technique cannot be leveled up, human level is its max level. This is a low-level skill to begin with, and there is no room for improvement. To put it bluntly, there's no merit from repeatedly using it because it can't be leveled up anyway.

However, because his martial arts are relatively limited, he had no choice but to utilize it whenever necessary. He is satisfied upon seeing the vast improvement of his martial art's mastery, however the rate is just slow. There are too few monsters in snowy mountain, otherwise he would have leveled up.

If exp card can be used to improve mastery as well, he wouldn't have a hard time. However, exp is different from mastery, so that makes the exp card unusable for this matter.

In addition, now that he reaches level 11, he is eligible for Gift Pack Lv11.

While he was viewing the status, Zhao Hualong, who sits on the audience seat, was completely stupefied.

“This, this is impossible...” Zhao Hualong felt very frustrated and irritated about the outcome.

Tianyun won three out of three duel, leaving all his opponent's corpse too to boot. Only using a gauntlet, and his martial arts is not particularly strong. How can this be?

He lost not only three disciples, entry permit to enter Heavens Immersing Ancient Ruins, and also Spirit Breakthrough Pill! This really pisses him off. If this was not Jade Palace He probably would've behead Yi Tianyun.

“But something's off. He used Floating Cloud Steps just now, how can he master that technique, a secret technique belong to us Spirit Sect? and his speed is faster too”

Everyone's reaction is almost the same. Because this battle is even more shocking than the two previous battles! and How can the disciples of Jade Palace know the martial arts of Spirit Sect?

Yi Tianyun is showing faster speed than that of Mo Cheng. The reason is that he is equipped with snow wolf boots. He himself didn't realize it at first, but when he runs, the speed will be greatly improved, at least twice. The speed is naturally far beyond that of Mo Cheng.

“Elder Zhao, this duel ended with Spirit Sect's lost!” Shi Xueyun looked at them with cold eyes.

The disciple of Spirit Sect came here full of confidence, but they used an underhand tactic and lost. Just imagine how disgraceful it is and how can they bear it..

“He, he is not a disciple of Jade Palace! Jade Palace never accepts male disciples. This win is not counted at all!”

“Yeah! Jade Palace's disciple has always been woman, this man can't be considered a disciples at all, at most can only be considered as an outer disciple!”

The disciples of Spirit Sect believe that this contest is not counted. Jade Palace has always been for woman, But Tianyun is a man and there goes Spirit Sect point of view to not partake on their lost.

These sly disciples, Yi Tianyun could not help but despise them at this point. If his battles doesn't count, why did they let him participate in the first place? These people are so shameless

Yi Tianyun screamed at Zhao Hualong: "Elder Zhao, is your disciple denying your own words?"

"How can you use our Spirit Sect secret art!" Zhao Hualong avoided the topic at hand, and his eyes stared at Yi Tianyun coldly.

"I learned with a few glances. You think I steal that technique from you?" Yi Tianyun said indifferently.

"If it is really stolen, it's also too bad for you Spirit Sect! that means it's not particularly an amazing technique or anything" Shi Xueyun added a cold comment and cold glare: "Elder Zhao, now you lose, that is fact!"

Zhao Hualong face is constrained with fury, and no matter what he said this matter is already decided. It's just a shame that not only three disciples have died but they also lost entry permit to enter Heavens Immersing Ancient Ruins. How can they not feel bad?

Zhao Hualong stared coldly at Yi Tianyun: "No matter how you learn it, you are forbidden use our martial arts in the future!"

This is Spirit Sect's technique. Of course, he can't just let other people use it even if they managed to master it somehow, but it is impossible to make Yi Tianyun forget about the technique he already learned.

"I have learned this myself, and I don't steal it, so you have nothing to say in this." Yi Tianyun said indifferently: "As for this martial arts, I don't care if I don't use it. And I already used it anyway, is it against the rules? Now as promised, hand me my reward and entry permit"

Zhao Hualong stared at Yi Tianyun, his eyes filled with killing intent!

Immediately, he took the pill and a metal token, and throw it. it fell into the hands of Shi Xueyun, his face turned gloomy: "Return to the sect!" He has no more energy to stay, and not wanting more shame directed to his sect

Looking at the figure of Zhao Hualong from far away, Yi Tianyun eyes flashed with realization, and Yi Tianyun successfully made himself as their enemies. However, he looked at Zhao Hualong's name bar is flashing indicating a boss character. He really wanted to punch him and kill him. He wonder what kind of treasure would he get for succeeding such a feat.

After the disciples of Spirit Sect left, the disciples of Jade Palace cheered, and the duel between the two factions has finally ended with their victory! All thanks to Yi Tianyun. They can't deny the fact that they can't win this tournament if its not Tianyun that fights for them, no one at Jade Palace can fight against Mo Cheng and win.

“Continuously defeated the three disciples of Spirit Sect, Tianyun, your cultivation is already at the peak of Body Refinement Realm!” Shi Xueyun estimated from the power of Yi Tianyun.

But that information is a little bit outdated ?as for this moment he is in Spirit Refinement Realm!

“no, this is... a little higher than that.” Yi Tianyun smiled and touched his nose. For Shi Xueyun, he doesn’t want to lie.

“Spirit Refinement Realm?!” Shi Xueyun was shocked. When did he breakthrough?

?Chapter 13: Luck Aura

“How can you breakthrough to Spirit Refinement Realm, no, how can you even cultivate... As far as i know, you can’t cultivate before, you have to tell me what is going on!” Shi Xueyun pulled Yi Tianyun’s hand and walked down the stage.

Since the matter at hand is over, Yi Tianyun is not injured as well, so it is necessary to talk to him.

Yi Tianyun couldn’t think of a better reason and ended up blurting: “A few days ago there is a mysterious expert coming to help me and as you can see now thanks to him I can cultivate and even breakthrough to Spirit Refinement Realm.”

He was well aware that this is a very random reason but then again, of course he couldn’t say that all of a sudden a Crazy Leveling System inside him awaken.

“Mysterious expert?” Shi Xueyun’s eyes lit up and immediately believed most of it. This is not impossible. Anything in this world is possible. “Is he sent by your father?”

Yi Tianyun’s parents ran away, but they weren’t dead. Their whereabouts is unknown even until now, but Shi Xueyun knew that the reason why the previous palace lord left was definitely to go after Yi Tianyun’s father whom was a super genius. If he wasn’t one, Yi Tianyun’s mother won’t be so head over heels for him.

Yi Tianyun smiled and said: “That is very likely. The mysterious expert did not disclose any information. In any case it’s thanks to him I can cultivate this far, otherwise, I won’t have enough strength to win this fight.”

Shi Xueyun thought about it, and then continued: “That mysterious expert didn’t say anything?”

Yi Tianyun shook his head and said: “He didn’t say anything. After the explanation, he left, let me focus on my practice, and I didn’t say anything else.”

“There should be something, something... but I thought you are lacking blood qi, you lie even to me.” Shi Xueyun looks a little angry, but the expression on her face is not as angry.

Yi Tianyun scratched his head and was embarrassed: “This is also to give aunt a surprise...”

He is relieved that his aunt somehow believes his random reason.

“This is really a big surprise!” Shi Xueyun reached out and knocked his head and whispered: “I will give you a lesson later. I am about to go to meeting now, you should go back to rest.”

Yi Tianyun smiled and went back to the house, and Shi Xueyun went to take care of her own business. This matter has just ended, Xiaolian quickly approached Yi Tianyun, excitedly held his hand and said: “Young Master, you have shown that you are actually really strong!”

Yi Tianyun has been underestimated for almost his whole life. She has always looked in his eyes and secretly felt sorry for him. Now that Yi Tianyun is hailed as a hero, he proves himself with his own strength. How can she not be excited proud?

“Do not worry, this is just the beginning.” Yi Tianyun squinted, obviously not intending to just stop here!

After returning to the room, Yi Tianyun had spare time to open Gift Pack Lv11.

“Open Gift Pack Lv11!” Yi Tianyun was very excited, he doesn’t know what will he get.

『Ding! Obtain all professions basic level mastery: basic level alchemist, basic level runemaster, basic level blacksmith! One chance for lucky draw, Gift Pack Lv15.』

Yi Tianyu was surprised. He didn’t expect to get these basic level profession. These will be very useful, and he learned not only one but three at once, which means that he suddenly became quite versatile!

Although it is a basic level, it is already equal to the existence of third level in this world. In this world, no matter what profession, it is divided into first level, second level, third level, fourth level, fifth level, Master, Grandmaster and Creator.

The existence of third level, no matter which profession, it is a good standard, at least ?it is not the lowest level.

For example, third level alchemist is enough to refine many middle level pill., There is no alchemist in Heavenly Jade Palace

That pretty much explains how rare an alchemist is. This is related to their internal attributes as well. Because if one's attribute is ice, they will be having difficulty in alchemy because it uses fire attribute.

Therefore, Heavenly Jade Palace requesting help from outside for alchemy, forging weapons, etc.

Now that he possesses these ability, he can help forge weapon and conduct alchemy here.

Although they are all at the basic level, but as he raise the mastery he can level it up as well just like some of his martial arts.

These abilities will naturally level up, and the mastery will start with "0/1000", which requires more time and material to cultivate. But as long as he keeps practicing he can level it up.

"But now there is more lucky draw opportunities, so let's get into it."

Yi Tianyun is more concerned about this, last time he got the Frost Fist, he doesn't know what he will get this time!

"Open the lottery system!"

A lottery roulette came out immediately, everyone around him couldn't see it, he's the only one who could see it. Immediately, he pulled the handle, and the wheel began to spin quickly, pointing the pointer to various categories.

"Please stop at divine ability, please!"

He screamed wildly, the most precious prize was the divine ability. For example is his crazy mode. Every effect is doubled, he was so excited.

This roulette seemed to hear his shouting and began to slowly stop, and eventually the pointer slowly stopped on the magical skill!

"I really got divine ability!"

Yi Tianyun exclaimed, he himself is so surprised, a gift bag fell, and he quickly picked it up in. After he opened, the description of the magical skill is displayed.

『Luck Aura: Enhance luck by five times and consume a Crazy Point per second.』

"Luck Aura?"

Yi Tianyun certainly knows this, but when it comes to consumption, it really is insane. Consume one every second, this is even more than Crazy Mode! It really is a divine, even the consumption rate is so divine.

“It’s consumption rate is so awful, but it’s not bad. It’s five times more luck. Is it possible to stumble on cash when i randomly walk outside?”

He frowned and immediately went outside the yard, using Luck Aura, and Crazy Point was quickly consumed, every second! This makes Yi Tianyun feel distressed, but he just wants to see how lucky can he be using this skill!

He looked around and saw if there would be any random treasures dropping, even watching the sky, if there would be any treasures falling.

“Young Master, what are you doing?” At this time, Xiaolian came over and looked at Yi Tianyun curiously.

When she came over, she suddenly slipped and fell in Yi Tianyun’s arms. Fortunately, Yi Tianyun react in time and hold her in his arms swiftly, but when he wanted to say something, Xiaolian raised her head not knowing their face was so close.

“Ah... yes, sorry young master, I didn’t mean it...”

Xiaolian shyly trying to stand back up, and her face was flushed. He didn’t expect to encounter such situation. After she managed to stand back up, she quickly ran away. Although it was an accident, it was really embarrassing!

“This is also another kind of luck i guess...” Yi Tianyun reached out and touched his cheek, stopped Luck Aura, and snorted: “But seems like the effect is not bad after all...”

Chapter 14: Main Quest Reward

Following day Yi Tianyun continues to try the lucky aura. The result was disappointing. He found a broken silver in the corner of his room! No improvement to his martial arts, or finding any spirit fruit anywhere, and so on, there is just not enough reward for this pricey skill.

There is no such thing here, unless luck is really heaven defying, he thought that maybe something truly worth it will fall down from the sky.

“If I use it outside, maybe the effect will be much better.”

He wants to try this Lucky Aura on the forest. If he is lucky, he can really find a burried treasures. For the time being, he deactivated the Lucky Aura. It consumes a Crazy Point every second. This consumption rate is very distressing. He only get 5 Crazy

Points for killing a snow wolf, that's it, it can only last for five seconds, and it is very pitiful situation.

When he was going to go out for his experimentation, Xiaolian blushes and walks in, not daring to look him in the eye.

"Young Master, Palace Lord called you to attend elder meeting..."

"Elder meeting?"

Yi Tianyun immediately guessed that it was about his own affairs. His situation here has been very controversial. This time it is no exception.

"Then I am going now, sister Xiaolian, are you going too?" Yi Tianyun asked carefully, not wanting to create an awkward situation again.

"No, the elder meeting is for you to go, I am not qualified to go in." At least she can look at him in the eye now, so it should be fine.

Xiaolian's cultivation level is not high, she just an attendant in Jade Palace, specializing in serving, so her status is not high among other disciples.

Yi Tianyun didn't say anything else. He began walking toward the meeting. Not long after he arrived in Elder Hall, sitting in front of Shi Xueyun and the other side is three elders, the rest of the elite disciples sitting in Jade Palace are Spirit Refinement Realm, these three elders are all Core Condensation Realm, but they are much older than Shi Xueyun.

Yi Tianyun walks in and everyone's eyes were on him, but it's different from the usual disgust and dissatisfaction eyes.

"We have already discussed it earlier. In general, there are two problems. The first one is to let Tianyun become a disciple of Jade Palace; the second is that to give him the permission to enter the Heavens Immersing Ancient ruins." Shi Xueyun solemnly replied: "I don't know what the problems here elders?"

"It is undeniable that his performance is surprising, but ever since the establishment of the Jade Palace, we have never approved a male disciple. The rules cannot be broken, and his realm is not that high. If he enters the Heavens Immersing Ancient Ruins, he will suffer! He is the son of a criminal. Giving him shelter is the greatest tolerance!" The first to speak is the Second Elder Jian Yuping, looking at Yi Tianyun eyes with unfriendly gaze.

Her arguments are sound, the rules cannot be broken, his cultivation realm are not up to standard, naturally it is impossible to get to where he wants with this achievement. Even with his win in the tournament it still not enough, the rules is not what is wrong here!

Yi Tianyun felt uncomfortable. This elder throw sound argument one after another even though he never provoke this Jian Yuping, but since his mother does something that broke the rule, it seems he is the one who must bear the consequences!

“I agree with the opinions of Second Elder. The rules are absolute. The male disciples have never received the permission to become inner disciples. If this time we break the rules, it will definitely cause many men from outside to come here and cause great trouble to Jade Palace.” Third Elder Lu Sibing said.

“She is right, we can’t break the rules. However we can compensate other things for this. For example, martial arts, you can let him train what he wants.” The attitude of Great Elder Mo Yu is much better than the others, at least he only complaints about the fact that they got rules that can’t be broken, so nothing personal, and in exchange she gave him compensation, it’s much better.

Three elders chose to deny him, which is not surprising at all. It’s just that he has worked hard for the sake of Jade Palace, and it’s really cruel to be treated this way.

“Other disciples, do you have any opinions?” Shi Xueyun’s surprisingly calm.

The disciples around him looked at each other and choose to remain silent. The elders already said their opinion. Next step for their plan is to drive Yi Tianyun out of the Jade Palace.

Shi Xueyun solemnly said: “It seems that everyone chooses to deny and kick him out, then I also have my own idea about this. Tianyun will become a formal disciple, and he will get entry permit for Heavens Immersing Ancient Ruins.”

“This is bad” Yi Tianyun thought, his aunt is completely making a decision based on her own bias, that’s not a good perspective from a leader position.

“Palace Lord, that must not happen! This is not in accordance with the rules, it will stain our Jade Palace’s reputation!” Second Elder immediately defend her opinion.

“Yeah, we cannot allow this, even though just this once, it will definitely be a problem later! For so many years, Jade Palace has not admitted any male disciple!” said Third Elder.

Shi Xueyun eyes are cold, solemnly said: “If I remember correctly, the official disciple recruited long ago was a male, but was changed later on. Is it not possible to change it back now? I’m not saying we will recruit male disciples in the future as well. We only need to recruit one male disciple and only for now!”

And it’s true though. In the past, Jade Palace had male disciples, he is one of the Ancestor. But because he ran away from his duties, and abandoned other ancestors

who had created the palace together, it leads to the revolution of only recruiting women disciples.

“To be honest, according to the performance of Spirit Sect tournament before, if it is not for Tianyun’s effort, not only we will lose an entry permit for Heavens Immersing Ancient Ruins, but also lose the honor of Jade Palace! Which one is more important to you our reputation or rules?”

In other words, everyone is just being stubborn about the rules and didn’t think what would happen in case they lost the tournament earlier, and aura of Shi Xueyun emitted is so intense, so much that the three elders can’t even compare to her. This is the aura that Palace Lord should have.

“But...”

Before Jian Yuping finished her sentence, Shi Xueyun interrupted: “Second Elder, i know what’s your intention, you want to give the entry permit Tianyun won for your own disciples. But this is Yi Tianyun’s victory. I don’t give him this entry permit because i treat him specially. If he is still a powerless person, can’t cultivate, and didn’t contribute in any way for this victory then i will back off! But this is what he himself won. He earn that permit himself, by winning the tournament and keeping the reputation of Jade Palace, he deserves this!

Yi Tianyun listened to all his aunt word, as expected of the Palace Lord, she is really convincing is what he thought.

If it wasn’t for him, let alone the entry permit, Jade Palace will lose its reputation as well, if that were the case, that entry permit itself will no longer be in our hands

Jian Yuping was so angry that Shi Xueyun saw right through her. She just wanted to let her own disciples to go to this Heavens Immersing Ancient Ruins. This is a huge opportunities, how can she let this chance go.

“His realm is too low, I disagree! Even if you go in, you can’t harness Heavens Immersing Ancient Ruins full potential, and you might lose your life as well!” Jian Yuping must try to deny Yi Tianyun’s entry no matter what.

“He still has half a year before entering Heavens Immersing Ancient Ruins. I think Tianyun can brokethrough to the minimum standard second level of Spirit Refinement Realm in this time, there should be no problem, is there anymore problems that bothers you?” Shi Xueyun smiled lightly.

“He brokethrough to Spirit Refinement Realm?!”

They're all stunned, they thought that Yi Tianyun cultivation is Body Refinement Realm, they did not expect him to have broken through to Spirit Refinement Realm, it seems that he is even ready to breakthrough to second level of Spirit Refinement Realm!

Yi Tianyun smiled lightly, this is just too easy, not to mention that he broke through into Spirit Refinement Realm in half a year, even reaching fourth level of Spirit Refinement Realm should be no problem. However, staying here is definitely a problem, there is no more monster that suit his need for exp.

"W... Well, even if that is the case, he can't be a formal disciple. This is not in accordance with the rules, and at most he can only become outer disciple." They are still deadset to their ancient rule and stick to that.

"That's right, he will become outer disciple." Shi Xueyun very refreshedly agreed, let them all wonder, they thought that Shi Xueyun won't budge, they didn't expect her to agree immediately. She accepted it just like that. Anyway, outer disciple or official disciple makes no difference for her, it's just a name, a mere formalities in the palace.

"Tianyun, you have to work hard to cultivate, and when you enter Heavens Immersing Ancient Ruins, it will become a big opportunity for you to further accelerate your training!" Shi Xueyun said with a heavy heart.

"I will do my best!"

Yi Tianyun looked at her serious expression and nodded.

『Main Quest: ?Seize Heavens Immersing Ancient Ruins.』

『Reward: Control of Heavens Immersing Ancient Ruins, 100.000 exp, 10.000 Crazy Points, Sword of Endlessness!』

After seeing the reward of this main quest, he was shocked, it's like the reward is just too good to be true!

Chapter 15: Master Kong

"Control of Heavens Immersing Ancient Ruins, can this Heavens Immersing Ancient Ruins be controlled?"

Yi Tianyun eyes lit, presumably they don't know about this situation, but because of Crazy Leveling System, obviously if Yi Tianyun can't complete the quest then he won't get the reward.

The reward says everything, that this quest is not going to be easy. Shi Xueyun just said that second level of Spirit Refinement Realm is actually the minimum qualifications to

enter, which means higher level of cultivation is necessary to actually hold your ground in there.

He was immersed seeing the reward, but the elders' faces clearly showing signs of dissatisfaction, especially Second Elder.

The quota for entering Heavens Immersing Ancient Ruins for his disciples is now gone. Since Shi Xueyun saw through her she can only yield. It's OK to be outer disciple, but this is an exception. Being an outer disciple at Spirit Refinement Realm, that is really rare.

In these ages, someone in such cultivation is definitely a core disciple. Even in the future, he could become a candidate for Palace Lord, but since he is a man, so it is unlikely that he will become Palace Lord.

"Anything else?" Shi Xueyun looked at the three elders and asked again.

"That will be all..." looking so bitter these are the only words coming out of their mouth.

Too many elements are against Yi Tianyun, his gender, his family background and even his cultivation realm, so at best he could only become outer disciples. As unwilling as they are, they could only agree with Palace Lord in this case.

"If that's all then, moving on to the next matter, forging weapons. I don't know who is the blacksmith who supposed to come here today. Has he arrived?" Shi Xueyun asked.

"He is resting in the palace, are we going now?" the elder asked.

"Now that the meeting is over, we shall go at once." Shi Xueyun turned and said to Yi Tianyun: "Let's go, Master Kong will help you forge a new weapon, it's not that your gauntlet is a bad weapon, but having a sword, or a spear, will definitely help you fight."

Most people here believe that the longer the reach your weapon, the better, and close range weapon is just like rushing to your death. If you use close range weapon it will take your all just to block or dodge, so it's better to use weapon like long sword .

"This ah... that's OK, considering what happened." Yi Tianyun certainly does not think that Master Kong can create a good weapon, his Frost Fist, on the other hand although it is common level, but the effect is amazing, the special effect is what makes this weapon amazing.

As for the weapons Master Kong forge, can it use Crazy Point? Obviously not, it's a different story if he's the one who forge it though.

Immediately they came to the palace. This palace is mainly used to receive distinguished guests. Undoubtedly Master Kong is a distinguished guest. He has just

arrived, Yi Tianyun saw the middle-aged man sitting in the hall and drinking tea leisurely. He looks rough and looks very burly. His realm is quite high, reaching fourth or fifth level of Spirit Refinement Realm.

Although he is weaker than elders here, he can be called a master! The reason is very simple. He belongs to third level Blacksmith and is capable of creating a Spirit Tool. In this world, cultivator is everywhere. But possessing such special skills and reach quite high level to boot, they can be called master!

Because even if your cultivation realm is high, doesn't guarantee possessing this special abilities, but with special abilities, it will help in cultivation realm as well in the future. In other words just possessing this profession can heighten your status and fame.

"Master Kong, we need your help to forge three spirit tools this time, you don't need to worry regarding the price." Shi Xueyun walked over with a smile, the attitude is very decent, even if she is a Palace Lord, Master Kong's standing must be respected.

The other three elders are smiling.

Instead, Master Kong, said to them indifferently: "Spirit tool are not so easy to forge, and the cost is not low either. I have several conditions for this, if you don't comply the deal is off."

"What conditions?" Shi Xueyun asked: "As long as it is within our power, no problem."

"Actually, my conditions are very simple. The first condition is to let my disciples join Jade Palace and become outer disciple." Master Kong said.

"Umm... ok, no problem." Shi Xueyun thought quite hard about it, but considering Spirit Sect also have outer disciple here, she agreed in the end. Outer disciple and other disciple will train separately anyway. And different areas usually do not interfere with each other.

"The second condition, the price of the three pieces of the material is expensive, since you agreed to my first condition, we can continue the negotiation. As for the materials for forging the spirit tools, after giving me the money necessary for the materials, i will purchase it myself.

"No problem on that as well, the price of spirit tool is obviously expensive, but I do not know how much you need?" Shi Xueyun asked.

"Not high, 10.000 gold it is enough." Master Kong nonchalantly requesting an astonishing price.

After they heard it, they are stunned, 10.000 gold, this is too expensive! This is really a lot for a small organization like Jade Palace, 10.000 gold, which means even one of them cost more than 3.000 gold!.

Under normal circumstances, People mainly used silver. This means 100,000 silver! And one costs more than 30.000, the price is nothing to laugh at.

“This price... Can you lower it a little?” Shi Xueyun said embarrassedly.

Jade Palace is not a big organization. It’s not that they don’t have that much money, but using that much at once will inhibit the functional operation.

“This is the lowest price i can offer, Palace Lord Shi, I believe you should understand the price of Spirit Tools. Buying outside will at least cost you 50.000 per spirit tool, compared to the price i offer it’s way cheaper.”

They are all well aware of the price, and it’s just as Master Kong said, that’s why all they can’t do is just smile helplessly at each other.

“Well, then, if that is the price you want....” Shi Xueyun can only compromise.

“The last condition is actually related to myself.” Master Kong smiled indifferently.

“What is it?” Shi Xueyun’s eyebrow wrinkled, this guy really gives a lot of conditions.

“it is not difficult. I fell in love with a disciple here. I wonder if she can become my dao companion. If you allow it, I will give all three Spirit Tools to you for free!” Their expression changed drastically upon hearin his last condition, this is obviously a sweet deal.

After hearing his two hard condtions, I did not expect Master Kong to make this request, but Jade Palace does not object to marriage, as long as the two loves each other.

“There is no problem with this, but who is your choice?” Shi Xueyun asked with patience

“A disciple named Xiaolian, as long as she promised to be my dao companion, three spirit tools is yours!” Master Kong said with a smile.

“Little Xiaolian!?” Yi Tianyun stunned, did not expect to be Xiaolian!

He’s surprised to hear this, it would be fine if Xiaolian is okay with it, but if she is forced to do it, she will never be happy!
