Chapter 31: Wing Sect Make a Move

When Yi Tianyun returned to his room, he found that Zi Yuwei and the others were in the room. They saw him jump in from the window, they are surprised by the situation in the moment.

“Young Master Yi, what happened here?” Zi Yuwei looked at the blood on the ground, and pieces of clothes worn by assassin, she was shocked.

Yi Tianyun frost attack reach up to Rain Pavilion. Even though blocked by a wall, the freeze effect still find its ways to others in the proximity, when they has thawed from the effect, they just look confused, not understand what happened to them.

“I just gave him a taste of his own medicine.” Yi Tianyun did not conceal anything, there is nothing to hide, and the remnant of the corpse is still here in his room.

“Is he sent by Wind Pavilion?” Zi Yuwei’s expression changed. She’s so enraged. How dare they send an assassin to assassinate her guest. Although she kind of had a feeling this is going to happen, she didn’t expect it to be this soon.

“I don’t know who send him.” Yi Tianyun said faintly.

He deliberately concealed about the rest, so there won’t be too much trouble.

“Pavilion Lord Zi, your security here is too lax, how could you allow an assassin sneak up on your guest’s room! If something happened to my junior brother, how are you gonna take responsibility for this incident!” An Ling burst out from her shock. Seeing the horror in front of her, she can’t help but imagining the worst case scenario.

If Yi Tianyun is dead here, how can she explain it to Shi Xueyun? Shi Xueyun let them out to be Yi Tianyun’s guard. Sending both of them to guard Yi Tianyun simply shows how much love Shi Xueyun have for him. Their cultivation is stronger than Yi Tianyun, so it’s only natural for them to be Yi Tianyun guards out here.

There are only a few guards here and they both know it, she just didn’t expect this to happen, fortunately their junior brother wasn’t injured, the thought of his brother being assassinated brought them out into a cold sweat.

Zi Yuwei’s face is gloomy, she realized this is a life or death situation.

“I am very sorry about this. All I can say is that the guards here are not strong enough. I will immediately dispatch more people to strengthen the security!” Zi Yuwei sincerely apologized: “As compensation, I am willing to give up 10% of my share, you get 60%, we will settle with 40%!”

This is the easiest and most polite way to apologize. If she gave them a pill or a weapon surely that compensation is rather meek because as long as you have enough money, you can buy it here, so it is more reasonable if she just compensated by giving up her share.

“No, even if you sent a few more guards, it won’t make a difference, still won’t stop him”.

That is the truth. This assassin’s cultivation is not that high, but he is really skilled in stealth move. Considering the strength of Rain Pavilion right now, there is no stopping it, unless they have at least Ninth Level Spirit Refinement, or a person who has a very good revealing skill.

This is obviously impossible. Because usually Ninth Level Spirit Refinement belongs to the deacon level. It is simply impossible to place them as a guard here.

Zi Yuwei felt really guilty. If she doesn’t give a compensation to Yi Tianyun, it would leave a bad impression and the opportunity provided by Tianyun in the future will be gone.

Yi Tianyun glanced at her and smiled lightly: “You don’t have to blame yourself. This is not your fault. If he really was sent by Wind Pavilion, it’s all because of me. This has nothing to do with you.”

Well, he did forge that many spirit tools and sell them at a very low price, so he realized that he brought this on himself.

“You are right, but as our guest, failing to protect you is our fault! The profit already being calculated according to agreement, by changing it to 60 – 40 is the biggest compensation that I could give to you right now!”

Although they only raise it by 10%, that was already quite a sum, because all material is provided by Rain Pavilion, so if they reduce their share, considering the material cost, they won’t have that much profit for themselves.

This shows just how sincere she was.

Yi Tianyun didn’t understand why she is doing this, it’s to leave a good impression to Tianyun and hopefully will make him stay here longer. Profit is the only way to do so, but more importantly, it can help her grow the Rain Pavilion to rival other, so the profit should have been a vital point to her.

“Pavilion Lord Zi, I appreciate your kindness, but it is not necessary. I intend to leave tomorrow, and it has nothing to do with this assassination affair. The main purpose we come here is to procure materials for forging in Jade Palace, so we have to return to complete our objective.”

Whether the assassination affair happens or not, he already decided to go back. The time he spent here is already long enough, there is no more benefit for him to stay much longer.

Zi Yuwei face colours changed, Yi Tianyun plan to leave tomorrow doesn't sit well with her, however she didn't say anything to this plan, she could only sigh deeply: “Since Young Master Yi already made up his mind, then I will not say anything else. If Young Master Yi needs a hand in the future, I'll gladly help!”

Yi Tianyun nodded. He had a good impression on Zi Yuwei. If he ever need to buy anything in the future, he would definitely come to Rain Pavilion.

The night of troubles is over. Although Yi Tianyun said no, Zi Yuwei still strengthened the pavilion security, she must do this to provide some sort of comfort.

The next day, Yi Tianyun had already purchased all kinds of materials he need to forge in Jade Palace. This time he earned around 1 million silver, which is quite satisfying. Way more than what he earned from completing missions, money from completing mission is not that much.

If his objective is only money this is the fastest way, buy material, forge and sell, it's incomparable to quest reward or killing monsters.

“Pavilion Lord Zi, then I will take my leave.” Yi Tianyun said to Zi Yuwei.

“You are welcome to come back anytime, we will definitely give Young Master Yi a very favorable price.” Zi Yuwei smiled lightly, this time they can stabilize Rain Pavilion, it has been a long time that this happened to her, so she felt very content about the outcome.

When they were about to leave, a guard rushed in from the outside and hurriedly give a report. “Pavilion Lord, Wind Pavilion held an auction for upper level spirit tools! There are quite a few, the most valuable ones are made by the Wing Sect. There are quite a crowd gathering there already, and they also making a statement that the spirit tools that made by other than Wing Sect is a rubbish! This also includes the ones we sell the other day, they called them all a trash!”

“Wing Sect's spirit tools?” Zi Yuwei's face changed, “I know Wind Pavilion will eventually make a move, but allying with Wing Sect? i didn't see that coming at all”

Wing Sect in this Wind City is equal to a symbol of authority. Even the blacksmith's assessment is carried out here, and the level of the spirit tools is assessed by them. Yi

Tianyun can't bring himself to like their method, it's okay to compete with price, but to make slander by telling people his forged weapons is a garbage?

Yi Tianyun's eyes are cold: "Wing Sect disciple, Ma Liangpeng?" This reminded him of the mission when he entered the city. He did not expect to encounter it so soon!

Chapter 32: Fighting

"Ma Liangpeng..."

Yi Tianyun is so disgusted at him for misusing his sect's name, what makes him can deny someone else's creation? This is basically saying that Yi Tianyun's upper level spirit tool is fake, all of them is just a middle level spirit tool!

"Young Master Yi, do you know this Ma Liangpeng?" Zi Yuwei heard Yi Tianyun say a name, curiously asked.

"I don't know him, but i've heard his name somewhere." Yi Tianyun said indifferently.

"Junior Brother Yi, that guy is one of the disciples who will participate in Heavens Immersing Ancient Ruin. I didn't expect him to be so cocky, he even went as far as spreading lies about you spirit tools are fake!" An Ling was so angry that she wants to raid Wind Pavilion right now.

Although their statement did not specify the name of the Blacksmith, but by saying other than the one Wind Pavilion sell is fake is just way too obvious.

When they wanted to go to Wind Pavilion, a group of people rushed in from outside, holding upper level spirit tool in their hands, they're all customers who purchased upper level spirit tools here earlier. "Give back our money! A Wing Sect disciple said that this is a fake upper level spirit tool!"

"Yes! no wonder they sell it so cheaply. It turned out to be a fake. Give our money back we don't need this fake spirit tool!"

"No wonder it's hard to use. It turned out to be a middle level spirit tool, what a fraud!"

They all complained and boomed. They all want their money back.

"We can guarantee that we are not selling any fake spirit tool, it's all genuine upper level spirit tool, and there is no flaw in the strength as well!" Zi Yuwei said solemnly, they have double checked all the upper spirit tools they sell, and they are without a doubt upper level spirit tools, a very good one too actually.

"You're saying this is the real deal? A Wing Sect disciple said this is fake, why should i believe you instead of him?"

“You’re a fraud, give back our money!”

Wing Sect is considered the one in charge here, no matter what you say whether it’s a truth or not, if Wing Sect said you’re wrong then you can’t do anything.

“Just give their money back!” Yi Tianyun’s face is gloomy, this is nothing more than Wind Pavilion borrowing Wing Sect influence, they really are testing his patience.

This is no longer a normal competition, they’re doing any means necessary to get their revenge on Tianyun, even goes as far as spreading such lies, he can’t forgive this.

“OK! Here you go!” Zi Yuwei listened to Yi Tianyun’s words and return their money.

Immediately afterwards, Yi Tianyun said: “It seems that we can’t return just yet, come with me to Wind Pavilion!” and he brought one of the upper level spirit tools with him

Both An Ling and Qin Xue nodded. They can’t just let this go.

Zi Yuwei also nodded she and her guards follow Tianyun’s lead and march toward Wind Pavilion. The guards inside hurriedly block their way.

Liang Tiancheng who had expected their reaction comes out along with a burly youth with sharp eyes, he has immense presence surrounding him, definitely not your average cultivator.

He is Ma Liangpeng, one of the best disciples of Wing Sect. He is at fourth level of Spirit Refinement Realm.

“Oh ho, what makes you guys come here, even Pavilion Lord Zi is here as well, is there a problem?” Liang Tiancheng sarcastically ask them.

“Pavilion Lord Liang, stop pretending, care to explain about your statement that said upper spirit tools other than the one you sell is fake.

“I think you should’ve known the one we sell is a real upper level spirit tool right?” Zi Yuwei’s eyes are cold, no one here can’t underestimate her just because she’s a woman. Being a Pavilion Lord at this age shows her capability.

“Yes, I have seen it. It can’t be considered upper level spirit tool, it’s only middle level at most!” Ma Liangpeng even interrupt him: “The real upper level spirit tools’s power is nothing like yours!”

His presence easily rivaed Pavilion Lord Zi, .

“Okay, then would you care to show me the one you called “real”?” Someone talks back to him, and it’s none other than Yi Tianyun, he looks at Ma Liangpeng coldly, he wants to see the so called “real” upper level spirit tool.

“Who are you?” Ma Liangpeng stare at him intensely.

“What you consider fake, is the one i forged.” Yi Tianyun said solemnly.

“Oh so you forged this?” Ma Liangpeng looked at him from head to toe, he’s a little surprised to see someone so young can forge a spirit tool, and immediately spotted An Ling and Qin Xue behind him. Then he suddenly burst out into laugh : “You are the rumored trash of the Jade Palace? A trash thought he can forge? I bet you just ask for somebody else’s help but turns out he can’t make an upper level spirit tool.”

In the Jade Palace, full of female disciples, there is one male who doesn’t possess blood qi. This news is so widely spread that even Ma Liangpeng know it.

“Only fools will believe such unclear information!” Yi Tianyun said coldly: “If you insist this is fake then let’s see which spirit tool is better, mine or yours!”

“You dare talk to me with such tone?” Ma Liangpeng is so angry and said: “I want to see who is a fool. Then let’s duel with our respective spirit tools and settle this!”

“You declare my spirit tools as a fake. Of course, I personally verified it and i think it’s real. So whether your spirit tools is the fake one or mine let’s prove it!” Yi Tianyun said.

“At least you’ve got courage!” Ma Liangpeng sneered: “Well, let’s do it outside then, where everyone can witness which one is fake!”

“No problem!”

Yi Tianyun accept the challenge without hesitating. Even though his opponent’s cultivation is a bit higher than him, with his items and Crazy Mode he’s convinced he can win!

Chapter 33: Real Trash

Yi Tianyun accept the challenge which caught An Ling and Qin Xue off guard. Because as far as they know Yi Tianyun is only first level of Spirit Refinement Realm, while Ma Liangpeng is at fourth level of Spirit Refinement Realm.

“Junior brother, won’t you reconsider? His cultivation is much higher than you. If you are injured, how can we face Palace Lord Shi?” An Ling hurriedly persuaded.

“Sisters, i’ll be alright, don’t worry about me, I will make him pay!” Yi Tianyun says no more and head outside with his spirit tools, an epee at his hand.

They looked at each other and realize they can't persuade Yi Tianyun. It's not that they don't understand how he felt after someone insult spirit weapons he forged.

When they went out, Ma Liangpeng who had waited outside. Seeing Yi Tianyun who follow after him, couldn't help but smile and with insult as always: "I thought all you could do is hide behind women, turns out you got some nerve!"

Yi Tianyun has been staying in Jade Palace, which is a place specially for woman, and is looked down on by many men. In fact, so it's kind of awkward for a man being sheltered there.

"even if i do, it's still better than some liar who spread lies using his sect's influence!" Yi Tianyun sneered.

"Everyone here will judge whether i am a liar or not!" Killing intent colored Ma Liangpeng's eyes, and he drew his own spirit tool. Silver light is emanated from his sword.

Seeing these two, crowd has gathered around them to see what happened.

"Of course i have no qualm with that." Yi Tianyun smiled lightly while holding firm the epee on his hand and said: "I will use this epee to confirm whether that spirit tools of yours is good enough or not!"

When everyone saw the contrast between the two, they shook their heads. Yi Tianyun used the epee. Ma Liangpeng used the sword. It is undoubted that Ma Liangpeng will be more relaxed. With a flexible body, you can play Yi Tianyun in the applause!

Even from the weapon of choice Yi Tianyun is already at a disadvantage.

"I sure hope we can reach an understanding before somebody dead." Zi Yuwei looked at Liang Tiancheng coldly and said: "That is our guest you are talking about. If you kill him, you'll see your pavilion raining blood!"

"Well of course, we're here for confirmation not murder." Ma Liangpeng answers.

Ma Liangpeng's eyes were disdainful. He felt insulted, how can Yi Tianyun compare that epee to his sword, and he could play the dead Yi Tianyun by relying on his body.

They stare each other, and the audience is very enthusiastic.

"The guest of Rain Pavilion is definitely an idiot. Challenging a sword with epee. He's given up or what?"

"How can the disciples of Forging God Sect lose? Even in terms of weapon the result is already obvious. I think this is it for Rain Pavilion's guest."

“It is estimated that it is fainted, and it will be played indiscriminately. Forging god sect’s spirit tools isn’t just talk. And even without considering the weapons they use, it’s already clear that Forging God Sect will win!”

Nobody is rooting for Yi Tianyun . The weapon advantage in weapon is pretty clear. And considering the overall strength of Forging God Sect, everyone is on Ma Liangpeng side!

“Hope you don’t regret anything, just blame yourself for messing with the wrong guy!” He stared Yi Tianyun with cold eyes, and he knew that Yi Tianyun is a candidate to enter Heavens Immersing Ancient Ruins from Jade Palace. There’s nothing but trouble for him to be alive!

In an instant, Ma Liangpeng raised the fine sword in his hand and used Sky Cloud Step like a flying cloud, he quickly rush toward Yi Tianyun. Gust was blown because of how fast Ma Liangpeng is.

He thrust his sword to Yi Tianyun.

He did not use any martial arts, but he’s so fast and he aim at Yi Tianyun’s vital point.

Yi Tianyun’s eyes are cold, raising his hand to lift the epee, like a shield in front of himself.

“Wheng!”

But because the epee was too thin, even though the sword made contact with epee it only grazes the side, and bend it a due to its flexibility.

Ma Liangpeng with his quick decision making, pull back his sword, rushed toward the back of Yi Tianyun, and swiftly thrust his sword. But again, Yi Tianyun softly deflected it with his epee.

“Dangdang...”

Ma Liangpeng quickly switched direction, but no matter how many times he attack, Yi Tianyun always deflect it the same way, and none of his attack landed. And Ma Liangpeng is already exhausted because he kept attacking meanwhile Yi Tianyun still had it easy.

“This is all you got? Please don’t disappoint me too much.” Yi Tianyun glanced at him faintly, he did not even move a step from his initial position, he just stand still and deflect every attack with his epee .

The next moment, he picked up the epee in his hand and the backhand was smashed up. The violent force was swung up by him, and a wave of anger was blown up was like the whole sky. The sword is slammed down.

“With this power, I will win, and defeat the likes of you!”

Ma Liangpeng screamed, and thrust his magnificent sword into Yi Tianyun’s epee with all his might!

“Wheng!”

And both weapon clashes head on, causing enormous shockwave upon impact.

“Activate Crazy Mode!”

Yi Tianyun used double damage effect from Crazy Mode!

“Boom!”

The explosive power bend Ma Liangpeng’s sword and leave him stunned. This is all thanks to Crazy Mode

Ma Liangpeng was bounced off, and after a dozen steps back, he finally stopped. He suffers internal bleeding due to this clash, blood spills from his mouth.

This startled An Ling and Xin Que, this is definitely not first level of Spirit Refinement Realm? This is fourth or fifth level of Spirit Refinement Realm!

Yi Tianyun looked at him coldly, and the epee in his hand is not even scratched. No matter how many times he deflect or receive the attack with it, there’s not even one scratch. On the other hand, Ma Liangpeng’s sword was bent.

“Is this the extent of your “real” upper level spirit tools? My spirit tools is supposed to be middle level at most right? Then by your logic my weapon is supposed to be destroyed right?” Yi Tianyun sneered: “I think your spirit tool is the real trash!”

?Chapter 34: Kill

Yi Tianyun looked at him coldly and proved that his weapon is the real deal. If it really is a middle level spirit tool, it would’ve been shattered by Ma Liangpeng’s sword or at the very least there would be a crack.

This collision effect is normal among different level spirit tools, the level is higher surely will prevail, the lower grade weapon would not stand a chance. But Yi Tianyun weapon didn’t even have a single scratch on it.

On the contrary, Ma Liangpeng's weapon vibrated upon impact and fell to the ground, Because it's a different type of weapon, Ma Liangpeng should have the advantage.

Everyone is confused, could it be that Yi Tianyun's epee really is an upper level Spirit Tool. Then why Wing Sect said that it is fake?.

"You actually hurt me..." Ma Liangpeng wiped the blood on his mouth. Brimming with killing intent on his eyes, he clenched his sword and threw a tantrum on the ground.

The aura of Fourth Level Spirit Refinement was completely released, and Ma Liangpeng speed rose several time faster than before. In a blink, he flashed to Yi Tianyun's side and aim his sword to Yi Tianyun.

" Wind Chasing Sword Secret Art!"

A strong gush of wind appeared and swept through Yi Tianyun's shoulders, the power and speed is much higher than before. A layer of wind circling the sword, he channeled even more spiritual power to the sword and the wind gets stronger.

"Scram!"

Yi Tianyun completely ignored this attack, picking up his epee and clash it once again with Ma Liangpeng's sword, with crazy mode activated, Yi Tianyun's power is doubled, and all of a sudden Ma Liangpeng is forced to be on defensive, enduring Yi Tianyun's pressure!

"Hyahh!"

Ma Liangpeng was once again knocked down, but this was not over just yet. Yi Tianyun pull back his sword and strike heavily once again. The epee with much less weigh than a sword showed a great speed.

Ma Liangpeng's face changed and he quickly swung his sword to counter and parry the attack, but the result was already clear, almost the same situation as before. The difference is that this time Ma Liangpeng was heavily shackled on the ground, and the terror of death weighing him down.

Ma Liangpeng was heavily pressed on the ground, his bones broke one by one from the force of attack than Yi Tianyun released. He almost fainted due to the excruciating pain. This situation already confirmed the Yi Tianyun's superiority.

Liang Tiangchen that watched the fight from afar was turned sour, he didn't expect Ma Liangpeng to lose, he originally thought that Yi Tianyun would be the one who would be lying in the ground, awaiting his death. Now it seems his though from before is just a mere child fantasy.

Everyone that watched the fight think the same as Liang Tiangchen is, that Ma Liangpeng is so easily defeated and Yi Tianyun didn't even move that much. Zi Yuwei that saw Yi Tianyun movement was certain that Yi Tianyun is holding back considerably, she was sure she felt that he still have many moves in his sleeve.

Everyone cant help but accept the fact that with Yi Tianyun age, cultivation level and forging level, that he really is a genius. And now, Yi Tianyun point his epee to Ma Liangpeng and said "You lost! Now, it proves that my weapon is better than yours, or you wanna said that your weapon is worst than trash?"

Ma Liangpeng's eyes shone from determination, shouting: "I didn't lose!" and he endured the pain and did not hesitate to swing his sword to counterattack. The power that he put in his struggling move was stronger than before, but the epee was a little faster and completed its job. Slashing Ma Liangpeng along with his sword into two.

Ma Liangpeng was stunned immediately, including his attacking arm, frozen from the amount of shock that he received.

"You..."

Ma Liangpeng's eyes widened, his body went down, his blood gushed down the floor, his body was covered with it. Some people who didn't have the courage to watch this event has turned their head sideways, and some even vomited, but Yi Tianyun doesn't show any emotion at all.

"You lost, and you can't admit it. Trying to attack me as well and even fail to do so."

Yi Tianyun's eyes were cold. Yi Tianyun himself already planned to kill him though, how is this a challenge? This is basically life or death battle.

From the beginning, Ma Liangpeng also planned to kill him. In this case, Yi Tianyun can not show mercy, he has to kill him, he can't be soft now, the naive one definitely will die.

"Killing Ma Liangpeng, gaining 10,000 points of experience, 1,000 gold, Wind Chasing Sword Secret Art, Sky Cloud Step, 400 Crazy Point!"

"Congratulations on completing the task, gaining 5,000 points of experience, 500 blacksmith mastery, 500 gold!"

He even used his lucky aura, but there is not as much reward as previous assassin. Either Ma Liangpeng is too weak, or he's not considered an important character.

But, everyone was shocked, including Zi Yuwei, they were shocked by this scene. He killed without hesitation scene completely bugged them, even if it is the disciple of Wing Sect, to just kill him without hesitation is just madness!

Yi Tianyun has always been like this. He is always arrogant, but the other party is ignorant. What else can he say?

“God, the person from Wing Sect was killed, is the guest from Rain Pavilion has no shame?”

“didn’t you see the disciple of Wing Sect? he is about to be killed, so the counterattack is normal!”

“Well, he killed the disciple of Wing Sect, he must have dying wish. He has provoked Wing Sect, they will come after him”

All the people shook their heads, Most people thought when Wing Sect have their eyes on you, it’s better to hide or run, not kill them. After all, killing Ma Liangpeng is the same as marking your back for revenge from the whole Wing Sect!

This brings a whole lot of different meaning from challenging individuals to a fight, this is the same as challenging a whole faction.

Liang Tiancheng was shocked here, and immediately angered: “You, you actually killed Ma Liangpeng, capture him, and bring him to Wing Sect!”

Ma Liangpeng is Wind Pavilion’s honorable guest, now that Ma Liangpeng is dead Wind Pavilion has to take responsibility. If they don’t hand Yi Tianyun over, they will be in trouble!

“Capture me? I dare you to try!” Yi Tianyun firmly grip his epee and intimidate everyone!

Chapter 35: Killing Spree

Facing numerous guards of Wind Pavilion, Yi Tianyun doesn’t show the slightest sign of fear. He grab the sword in the ground which belonged to Ma Liangpeng and glare everyone, intimidating those who approach him!

“Give up! You are aware that you just killed a Wing Sect disciple right? If you insist on making this difficult don’t blame me if you drag Jade Palace in this matter as well” Liang Tiancheng threaten Yi Tianyun.

Jade Palace is weaker than Wing Sect, if Wing Sect decided to attack Jade Palace, obviously Jade Palace will lose. He exploited the fact that Yi Tianyun is from Jade Palace to threaten him.

“Don’t you think that’s kinda unfair? So it’s fine if he kill me, but it’s a problem if i kill him?” Yi Tianyun sneered: “What is this shit, just because is a disciple of Wing Sect he thinks he can get away with anything?”

“So How about it? If you have no intention to surrender, your Jade Palace will be exterminated, waiting for Wing Sect’s judgement!” Liang Tiancheng is really pissed, how dare a kid like Yi Tianyun talk to him a Pavilion Lord just like that.

“Pavilion Lord Liang, you are not even member of third level faction you think you can speak for them?” Qin Xue said with menacing tone. She noticed there are too many weird things going on with Wing Sect. Now they even threaten Jade Palace, she’s starting to lose her patience.

Jade Palace’s strength is relatively low, but they have many disciples whom marry the disciple of third level faction. In case something happens, there will be reinforcement. But of course it’s not for some trivial matter.

After all, just because they marry to disciple of other faction obviously they can’t lend their help everytime something happened.

Therefore, although other factions are a bit arrogant, they can’t just attack Jade Palace at a whim because they have a lot of backing.

Liang Tiancheng can’t represent Wing Sect, he’s not even a member of third faction.

However, he immediately angered: “But in any case, you must go back with me to Forging Sect, otherwise don’t blame me!”

If he really go with Liang Tiancheng to Wing Sect, Yi Tianyun will definitely die. That’s what happened if you kill one of Wing Sect Disciple.

But Zi Yuwei couldn’t say anything. She couldn’t say that Rain Pavilion will side with Yi Tianyun. It’s like stepping into a minefield. She can’t just side with Yi Tianyun that easily, Rain Pavilion isn’t that strong to begin with, especially if the opponent is Wing Sect.

She has been skeptical for quite a while, Yi Tianyun has helped her so much, and if she doesn’t stand up and support Yi Tianyun now, she can’t allow herself to do that. Zi Yuwei is lost in her thought and finally decided she will support Yi Tianyun, just when she was about to say it, the elders stop her.

“Pavilion Lord Zi, don’t be hasty! We can’t help him, Wing Sect is not an opponent we can handle!”

Zi Yuwei can’t easily just help him, Yi Tianyun killed Ma Liangpeng, this is a very serious matter, it is not something that can be easily solved.

Therefore, all she can do is watch from afar. if she intervenes, it means she will be Yi Tianyun’s accomplice and bring trouble to Rain Pavilion. She can’t bear this

responsibility she is forced to leave everything in Yi Tianyun's hands. This is how reality works, as cruel as it is she has no choice, unless Yi Tianyun really deserves to bet on.

Zi Yuwei bites her lips and can only give up. As an individual she really wanted to help, but she can't help him because of his position as Pavilion Lord. Despite that, she steeled her heart and try to set aside her position as Pavilion Lord. However, Yi Tianyun did not care. He looked at Liang Tiancheng with gaze and all of a sudden said: "This is all my doing. From now on, I am no longer a disciple of the Jade Palace! If you want me then no need to involve others!" He knows that Shi Xueyun will definitely protect him, but he does not want to drag Jade Palace to this matter, so he chose to leave Jade Palace, he's no longer Jade Palace outer disciple as of now.

An Ling and Qin Xue's expression changed. They don't know what Yi Tianyun is doing. If he abandons his status as Jade Palace disciple now, Liang Tiancheng will be so glad that no one else will get in his way to capture Yi Tianyun.

"Well, what are you guys waiting for? Capture him at once!"

Immediately, the three deacons jumped out from the side and rushed to Yi Tianyun without hesitation. Each of them are fourth or fifth level of Spirit Refinement Realm, which can deal with most enemies in any situation.

"Come!"

The snow wolf boots he equipped emitted a blue light, and his speed suddenly increased several times. It turned blue and Yi Tianyun rushed forward. Activating Crazy Mode for double damage!

In the blink of an eye, he held the sword and rushed toward the deacons like a blue comet thrust his sword and knocked out the first deacon.

Crazy Exp Mode, activate!

Crazy Damage Mode, activate!

Lucky Aura, activate!

"Hyaah!"

The deacon can't move, he's lying on the ground, screaming, his bones are broken! His cultivation is not higher than Tianyun, at most is the same level. But with Crazy Mode, his power doubled. They're no match for him!

"Die!"

After falling on the ground, he quickly stabbed his waist. Not long after he died.

『Ding, successfully killing the deacon of Wind Pavilion, gaining 8.000 exp, third level Recovery Pill, 400 Crazy Point!』

Another deacon rushed toward Tianyun and their weapons clashed head on, but their attack is too weak, Tianyun used Ma Liangpeng's sword easily despite the weight.

At the moment of the collision, he clenched his arm and used Wind Chasing Sword Secret Art that Ma Liangpeng used earlier, using the exact same sword but the power is doubled this time!

“Sheeeet!” layer of wind around 2 feet is formed around the sword and cut the second deacon, causing him to lose his life as well!

『Ding, successful killing the deacon of Wind Pavilion, gaining 10.000 exp, third level Recovery Pill, Violent Pill, 500 Crazy Point!』

After killing the deacon, he did not stop he increased his speed and in the blink of an eye he's already in front of the third deacon, and stab him!

The huge wind circling the sword cause the sword to pierce his stomach easily like a tofu.

『Ding, successful killing the deacon of Wind Pavilion, gaining 10.000 exp, double exp pill (10 minutes), 500 Crazy Point!』

『Ding, congratulations to successfully breakthrough to fifth level of Spirit Refinement Realm.』

Continuously killed three deacons, gained a lot of items, and reached 5th level of Spirit Refinement Realm, this speed is beyond imagination!
