Chapter 41: Illusory Beast Mountain

Meanwhile in a secret room somewhere in Wing Sect, the atmosphere is a bit heavy.

“Bang!”

An expensive table slammed heavily and instantly broken into several pieces, scared the guard who come to inform the situation, he did not dare to look up at several big shot in front of him.

“I can’t believe i let Ma Liangpeng go to Wind Pavilion and you let this happen! Not only Ma Liangpeng died, even Deacon Fu is dead!” Sect Master Qing Yuncheng from Wing Sect, in the eye has filled murderous aura.

“A few of our deacons, and even our Pavilion Lord is also dead, you think you’re the only victim?” Sitting on the side despite his calm demeanor, but the eyes are full of anger and he is Chief Pavilion Lord Xiang Tianya from Wind Pavilion.

“This kid from Jade Palace, something’s about him is not right, from the information i acquired he doesn’t posses blood qi, yet how is he so strong, even Deacon Fu who go after him have been killed! Although there is no detailed information on how he was killed, but it must have been killed by someone siding with him, or it was killed by him! Who knows maybe Jade Palace secretly help him!” Qing Yuncheng can’t contain his anger anymore.

“That is possible! Deacon Fu’s cultivation is not weak, there’s no way he can kill someone at the peak of Spirit Refinement Realm! It is very likely that he was killed by the elders of the Jade Palace. Or maybe Shi Xueyun herself! Shi Xueyun is very fond of him and will do anything for his sake!”

“Seems like we need to teach them their place! But the kid said that he is not Jade Palace’s disciple anymore. That his action, has nothing to do with Jade Palace!” Qing Yuncheng frowned: “wel he is only ?an outer disciple to begin with, and now that he is no longer Jade Palace’s disciple we can’t pursue this matter any further.”

“We can’t pursue it...” Xiang Tianya is angry but Qing Yuncheng has a point: “at this rate our reputation will be tarnished, issued order to arrest the kid, bring him to me! This time our Wind Pavilion’s reputation hit rock bottom, not to mention the fact that we lose to Rain Pavilion!”

“Rest assured, we will capture this kid then kill him in front Jade Palace!” Qing Yuncheng’s eyes showed a deep hatred, “we’ll attack Jade Palace afterwards anyway, and get our hands on the treasures inside!”

“Yes, Jade Palace thought that they would be safe, hehe...”

They are looking at each other as if Jade Palace already belonged to them.

It is rumored that there is a treasure in the Jade Palace that everyone wants. The foundation of the Jade Palace is not low, so no one dares to start. But now, it seems that the time is almost ripe...

Yi Tianyun isn’t aware about the fact that Wing Sect and Wind Pavilion now join hand to capture him and raid Jade Palace, he is currently on his way to a more remote area – Illusory Beast Mountain.

His purpose to come here is simple, to level up! He knows that his cultivation is too low now. For others, it may be relatively high, but in the face of the big force like Wing Sect, his cultivation is still too low. Therefore, he must breakthrough to at least Core Condensation Realm!

Thanks to Crazy Leveling System things are much easier for Yi Tianyun because there’s no bottleneck, so as long as there are monsters, he can breakthrough to the next realm without problem.

“Here i am in Illusory Beast Mountain. It seems to be really a bit sinister...”

Yi Tianyun, standing at the peak, looked down from here and saw an endless forest all the way his eyes can see. sense the danger of an unknown, deeper into the forest, the stronger the monster there.

“Let’s go!”

Yi Tianyun turned over and sat on snow wolf. He climbed down the mountain on his snow wolf’s back. Most of the weaker monster run away from him. All the way, he went straight to the deep parts of the forest. The monsters around here doesn’t even worth killing.

Not long after reaching the deeper parts of the forest, suddenly a “beep”, a giant bear rushed toward him, it went straight for Yi Tianyun’s head, not holding back toward someone who trespassed its territory.

“Perfect opportunity, snow wolf, go!”

Yi Tianyun quickly dismount snow wolf, and the snow wolf rushed toward the bear and clawed it with its razor sharp claw. The next moment, the giant bear fell to the ground, dead.

『Successfully kill the giant bear, get 900 exp, Bear Skin, 90 Crazy Point!』

“Not bad, with Crazy Mode active, I get 1.800 exp.” Yi Tianyun feels exp here is still quite impressive. Monsters in this area’s cultivation are at Spirit Refinement Realm. Their level is not particularly high or low, killing them are more efficient.

Although the experience is pretty good, in exchange the monsters are not that easy to kill. The beast is different from cultivator, their skin is too thick, it is not that easy to kill them, and he must take care of this snow wolf!

He didn’t have a helping hand and nothing better to be one rather than have this snow wolf level up several level and help him. Then they began killing one monster after another around here.

The experience rose wildly, and the level of the snow wolf naturally increased.

『Congratulations host, snow wolf successfully brokethrough to Ninth Level Body Refinement...』

『Congratulations host, snow wolf successfully brokethrough to Tenth Level Body Refinement...』

『Congratulations host...』

The slaughtering continued, with Crazy Mode cativated, snow wolf received twice the experience as well. He continuously obtains Crazy Point now, did not worry about the consumption rate anymore.

However, he does not want to draw lottery for the time being. He wants to accumulate up to 100.000 Crazy Point to level up this Crazy Mode, how significant will it be?

After a few days of continuous hunting, Yi Tianyun was basically tired, he sat down to rest. He turned his head and glanced at the snow wolf, and the Appraisal Eye activated.

Snow Wolf: Fifth Level Spirit Refinement, claws grade equal to top grade of the iron, the fur equal to the top common level, HP is 4.500, combat power is 5.700!

He leveled up snow wolf’s cultivation. The result was quite satisfactory. When he was ready to go deeper into the forest and hunt stronger monsters, suddenly he heard someone fighting and it’s getting closer.

When he wanted to take the snow wolf to hide, suddenly a notification.

『Random Quest: Rescue Miss Yan.』

『Reward: 5.000 exp, 100 Yan Lingxue's favorability, 10 Prestige.』

『Accept?』

“What, 10 Prestige!?” Yi Tianyun hold his foot, it's a different story if he got a prestige.

Most missions do not reward Prestige. Only a few quests that help others can increase Prestige.

“Obviously i accept” Yi Tianyun turned his eyes and immediately nodded. Calmly said: “I will do it!” For Prestige, he will be a hero to save a beauty without hesitation.

Chapter 42: Random Quest

『Ding! accepting random quest.』

The sound of the system announcement filled his head.

There are a lot of random quest, depending the situation, he can accept them or not, it's optional. The reward is really normal, and the difficulty is also moderate, so he can't really abandon them. Yi Tianyun at the time is not anxious about accepting this quest, in addition the Prestige that he can obtain, he definitely got to accept this.

Killing monsters doesn't give Prestige, only completing a quest does.

Immediately, he quickly unsummon the snow wolf to avoid being seen. Because Beast Master is also a profession, but it is extremely rare.

In order not to reduce suspicion or hostility, he doesn't want to show it.

Sure enough, there were several footsteps heard. Several people rushed from the outside of the forest. When they saw Yi Tianyun, they became wary, and quickly draw their sword, ready to defend themselves.

“Who's there?”

A brave man approached Yi Tianyun vigilantly, his cultivation is not high. It was only Second Level Spirit Refinement, but in this group of guards, it was a relatively high standard. There are a total of four guards, and a beautiful girl, Yan Lingxue.

The four guards' cultivation is lower than Spirit Refinement, about Seventh or Eighth Level Body Refinement, which is still an acceptable level of escort. Yi Tianyun observe all of them orderly using Appraisal Eye, confirming their combat power.

What surprised him was the old man who sticks close to Yan Lingxue was not the highest, but he was at a First Level Spirit Refinement. He seems to be the closest one to Yan Lingxue and seemed to be a butler of some sort.

It seems that she hired those guards to collect some spirit herbs to ensure her safety.

"No need to be alarmed, I'm just here to hunt." Yi Tianyun smiled.

The crooked old man, immediately straightened up when he saw Yi Tianyun, and obviously prepared for a skirmish. In this deserted forest, anyone will be cautious when they come across someone.

"Wrrrrrrrr!" Suddenly, there was a loud noise coming from behind, and a group of giant bears stampede through the woods and interrupted their conversation. It seems that they are quite close to a bear's den. In here if he isn't careful of his surrounding it won't be surprising if he's surrounded by the beasts around here all of a sudden.

In a blink of an eye, the bear already surrounded them, completely blocked their escape route.

"All guards, draw your sword!" The guard's leader screamed and pulled out his own sword, which is a low level spirit tool. Not everyone can make upper level Spirit Tool like Yi Tianyun obviously.

"Young Master, I am sorry, I involve you in this trouble." Yan Lingxue apologized, but the others did not say a word, completely disregarding him.

Yi Tianyun observe her thoroughly, and it seems that Yan Lingxue is quite well-mannered, at least not like these guards who does not even bother to spoke a word with him.

"Don't worry, this is bound to happen anyway, I will help you break through!" Yi Tianyun laughed, and advanced to take a stand, but did not stick too close for comfort.

"Kid, go away!" the leader yelled at him, he was afraid that Yi Tianyun would rob them.

"Big Brother Tan, don't be too anxious, I think this Young Master really wants to help us." Yan Lingxue said: "Moreover at this time, it's better to have more manpower right?"

Tan Yongsheng tried to regain composure. Nodding, at that moment one bear is charging at them. Tan Yongsheng rushes over and slashing down the bear with his sword. He slashed the giant bear into two pieces and easily kills it.

Tan Yongsheng was originally better than these giant bears, so this outcome is not surprising.

The other guards are also currently fighting to defeat the giant bears next to them. Only the old man did not move from his spot, he stayed at Yan Lingxue side. As long as it is not threatening Yan Lingxue, he will not do anything. Otherwise, why would they hire these guards for?

“Roar!” At the moment, a giant bear suddenly rushed up from the forest and charging at Yan Lingxue. The bloody smell from its mouth was extremely pungent.

When the old man was ready to kill the giant bear, Yi Tianyun rushed over and punches the bear with his bare fist. The giant bear was thrown out and disappeared into the forest.

Everyone looked at Yi Tianyun with shock, and they were all shocked by his power. They didn't expect him to easily hit a giant bear with bare hands. This is really a natural brute force!

『Successfully kill the giant bear, get 700 exp, Bear Skin, 70 Crazy Point!』

The notification came out that he successfully killed the giant bear, but didn't give him anything valuable.

Yan Lingxue eyes sparked with interest, this power is not bad, and he is really strong. But he isn't giving out any strong aura, and his appearance is not like a strong man at all. It's as if the bear is just flying on its own.

Tan Yongsheng blinked and said nothing. He continued to clear a path forward and quickly broke out. In the process, all the giant bears that came in their way are all killed.

Yi Tianyun also blew out the giant bears on the other side, and his movements seemed to be random. They're all killing the giant bears, he doesn't want to draw unnecessary attention, to avoid trouble. The punch itself doesn't seem like instantly killing the bear instantly, it's as if he punched just to send them flying, although obviously afterwards the bear's guts are shattered.

Since Yi Tianyun is helping them, they haven't said anything, but they don't give him any reward either.

Soon with the leadership of Tan Yongsheng, they successfully broke through and escaped the siege of giant bears. When everyone saw that no more giant bears chase them, they finally breathed a sigh of relief. It is not an easy task to clear those giant bears up.

“At last they are not after us, let’s take a break.” Tan Yongsheng gasped and motioned them to rest.

Yi Tianyun is fine, he isn’t fatigued at all, but when he stops, there is a voice coming from his ear.

『Random Quest Completed.』

『Reward: 5.000 exp, 100 Yan Ling Xue’s favorability, 10 Prestige.』

“Well that was easy, an easy 10 Prestige.” Yi Tianyun is smiling at his triumphs, this small quest is still very cost-effective.

When the times come, he hopes to get another of this random quest. After all, this quest can increase his prestige points. Prestige is a great, because it affects his luck. He doesn’t know what other benefits there is for him to continue to raise this prestige at the moment.

?Chapter 43: New Quest

When everyone was panting, Yi Tianyun doesn’t even break a sweat.

“Good work, this is some Recovery Pill, take it so you can recover.” Yan Lingxue took a bottle of Recovery Pill and distributed it to these guards. She also approached Yi Tianyun and said: “Young Master, this is for you to restore your energy, thank you for your help.”

Does he even help?

They looked at Yi Tianyun, and several guards showed their disdainful looks. Rather than helping more like he’s the one who attract the one who attract those bears to them.

However they didn’t say it out loud, there are no merits from mentioning that now anyway.

Yi Tianyun took the Recovery Pill, it’s free after all.

“Thank you.” Yi Tianyun thanked her. Anyway, he has accomplished his objective. He doesn’t care about other’s opinion.

“You don’t have to be so formal, my name is Yan Lingxue, may I know Young Master honored name?” Yan Ling Xue smiled, the delicate face is like a white lotus, although not very beautiful but it looks pure.

100 favorability are enough for Yan Lingxue to become friends with him, so it is not surprising.

“My name is Yi Yuntian.” He reversed his name and use Hundred Transformation Mask to change his appearance with similar age.

The effect of Hundred Transformations Mask make him can change his appearance to any age, but he can't become a woman, he can only become a man.

He didn't know if there was anyone from Wing Sect or maybe their accomplice, but just in case, he deliberately fake his name, and changed his appearance, which would be safer.

“It turned out to be Young Master Yi. Are you coming to experience? May i know from what family are you from?” Yan Lingxue talked.

“Just from some declined family, this time I'm on a an adventure to hone myself, I happen to see you and the the rest is as you know.” Yi Tianyun smiled and hid the truth.

Anyway, after completing the quest he is going to leave. However, the following words not only surprised him, but also the others.

“I have a suggestion Young Master Yi. Since you come for adventure anyway, would you accept my offer to become a guard and escort me to pick spirit herb? Not only you can hunt, i will reward you handsomely too. I wonder if you will accept this offer?” Yan Lingxue asked.

『Random Quest: Escort Yan Lingxue.』

『Reward: 10.000 exp, 20 Yan Lingxue's favorability, 15 Prestige.』

『Accept?』

A quest suddenly pops up. Yan Lingxue gave him the quest that he can't decline. Prestige and Favorability, those are a must.

He knew 100 favorability is a good friend state, if he accumulates some more it can evolve into other states, and who knows maybe there will be additional quest to increase Yan Lingxue's favorability.

“I accept!”

Yi Tianyun did not think too much, since it was a big success earlier too, he's pretty confident he can finish this one as well. Anyway, all he needs to do is find spirit herb. What she needs must be somewhere in this forest.

Just after receiving, a discordant voice was heard from the side.

“Miss Yan, are you sure to hire this unknown kid?” Tan Yongsheng came over and had a bit of dissatisfied gaze on Yi Tianyun. Looking at Yan Lingxue’s gaze it was softer and a little bit of love.

“Big Brother Tan, Illusory Beast Mountain is dangerous, so I plan to find more guards. Young Master Yi is quite skilled and powerful. In the previous battle, he was really helpful.” Yan Lingxue said with a smile: “we were too anxious to be able to find more spirit herb earlier, now that we have more people maybe we can find more with ease.”

The old man who sticks close to her did not say a word, completely obeying Yan Lingxue.

“Relying on this brute force boy? His punch earlier didn’t even kill the bear, if that happened again it will only aggravate the bears, it will only add trouble!” Tan Yongsheng frowned, simply not willing to accept Yi Tianyun.

“As long as I give a weapon to Young Master Yi, I think the situation will be different.” Apparently Yan Lingxue regarded him as a poor kid. He did not even have weapon, only relied on his fists to kill the enemy.

When Tan Yongsheng heard those words, Tan Yongsheng despised Yi Tianyun even more, so he can defeat the bears even without weapons?

“Miss Yan, this is unnecessary. Our strength is sufficient.” Tan Yongsheng said: “hiring a random individual may cause trouble later on!”

Although he didn’t say any name, but it is obviously Yi Tianyun he’s talking about.

Yi Tianyun frowned, Tan Yongsheng said too much.

Yan Lingxue is also wrinkled with Liu Mei. She thinks that Tan Yongsheng said too much. Even though maybe it’s true that Yi Tianyun is the cause they were surrounded by those bears at least he didn’t flee and leave them, he helps them to escape.

“Big Brother Tan, i have my own opinion, and i think more people is safer, so this is my decision.” Yan Lingxue decided to stop listening to Tan Yongsheng’s advice.

Tan Yongsheng frowned, and there was some anger in his eyes, but in the end he coldly looked at Yi Tianyun: “Kid, you have to follow my instructions, understand? if you cause any problem, you can bear the consequences on you own!”

“No, I only listen to Miss Yan, she is my employer, not you.” Yi Tianyun said lightly.

Listening to Tan Yongsheng? Even as a joke that’s not funny, he will only listen to Yan Lingxue. Listening to this idiot, he would be the first one to die. He assumed that Tan

Yongsheng did not come to be an escort at all, but wanted to earn a favor from Yan Lingxue.

It seems that to ear favor from Yan family, he come as an escort, and no place for stranger here.

“You!” Tan Yongsheng was so irritated, but Yi Tianyun is not wrong at all so he can’t say anything else.

“Say no more.” Yi Tianyun turned to look at Yan Lingxue and smiled: “Miss Yan, then I will follow your instructions. What spirit herbs are you looking for?”

Yi Tianyun completely ignored Tan Yongsheng and does not take him seriously. He better not provoke Yi Tianyun for his own sake!

Chapter 44: This Is Luck!

Tan Yongsheng despises Yi Tianyun even more, he want to say something, but he refrain himself from doing so. He just glanced at him, turned away and ignored him.

The other guards also looked at him with disdain, they didn’t like Yi Tianyun. They are Tan Yongsheng’s men to begin with. Obviously they are on the same page with Tan Yongsheng.

Yan Lingxue could only apologize: “I am sorry for their behavior Young Master Yi. They are not bad in nature. They just have their doubts about a stranger. Please don’t mind them.”

Yi Tianyun was speechless, they are not bad in nature? Well they don’t behave that way toward you, it’s toward me This sense of rejection, he can’t wait to show them his true strength.

“No problem, may I know what kind of spirit herb you are looking for, Miss Yan?” Yi Tianyun asked.

He wants to find the spirit herb as fast as possible and complete the quest.

“I am looking for Dragon Tail Grass, it has been sold out in the pavilion nearby, and i have no choice but to pick it myself. I heard that it grows somewhere in Illusory Beast Mountain, but it’s quite rare and hard to find.” Yan Lingxue said.

“Dragon Tail Grass...”

Yi Tianyun certainly knows what the Dragon Tail Grass is. He has already known many low-level pills since he has mastered basic alchemy. The quality of the Dragon Tail

Grass is not particularly high, its only on the second level, but the rarity is indeed high, unusually difficult to find.

Although it is difficult to find, it does not mean that the price it fetch is high on the market, because the effect of this Dragon Tail Grass is limited. It is mainly to treat a psychedelic symptom, that is to treat those who are unconscious, and this is rarely happen.

For example a cultivation deviation, this situation will happen. Otherwise, this kind of psychedelic situation will not occur.

“Forgive me for asking, does Miss Yan’s family practiced too hard and experience cultivation deviation?” Yi Tianyun asked.

“Young Master Yi, do you understand the properties of this spirit herb?” Yan Lingxue was a little surprised, and the old man next to him couldn’t help but look at him wondering.

Dragon Tail Grass is rare, so few people know what the effect is. Yi Tianyun didn’t say the effect was, but has already mentioned the basic use.

“A little, usually in my free time I study spirit herb, otherwise it’d be troublesome if i happen to come across one and don’t know what it is.” Yi Tianyun explained with a smile.

“It seems that Young Master Yi is not only strong but also really knowledgeable. Indeed i came here to pick the spirit herb for my family.” Yan Lingxue smiled and her brows were full of grace.

“Well glad you see it that way, ?but Miss Yan does not have to worry, we will definitely find the Dragon Tail Grass.” Yi Tianyun laughed.

“I hope...” Dragon Tail Grass is hard to find, it’s not extremely valuable but relatively rare, mainly because of its natural habitat.

“This is enough rest, get ready to depart, or its going to be late when we’re done!” Tan Yongsheng said after seeing the both of them talking quite comfortably.

They were ready to continue their search. Yi Tianyun didn’t care either way, so he let them lead the way.

Under the leadership of Tan Yongsheng, they smoothly entered the middle part of Illusory Beast Mountain. There are many monsters along the way, and the monsters are basically around First Level of Spirit Refinement Realm, but they were easily killed by Tan Yongsheng.

Every time the monster comes, he is leading the charge in order to impress Yan Lingxue.

Yi Tianyun is tired to get the limelight. Since Tan Yongsheng want it and do his best to do so, Yi Tianyun let him be.

“This is weird, it’s really hard to find, how can a mere grass be so hard to find?” After Tan Yongsheng circled around the middle of the mountain for quite some times, they still couldn’t find the dragon tail grass, and the sky was getting dark.

After a circle, Tan Yongsheng proposed: “Miss Yan, it seems that I can’t find it this time, I suggest that we go back for now. It is too dangerous to stay in this area at night.”

Yan Lingxue seems unwilling to go just yet, she really needs that Dragon Tail Grass, dragging this for too long is not good.

“Miss Yan, let me take the lead. I am here to help find it”. Yi Tianyun said while standing up.

“Just you alone?” Tan Yongsheng glanced at him and stared at him: “Do you think you can find it alone?”

“Yes, even boss Tan can’t find it, how can you find it?” The guard next to him added. He is very dissatisfied with Yi Tianyun.

“Can’t you see Miss Yan is very eager find this Dragon Tail Grass? If you are afraid, you can go back, i can find it by myself!” Yi Tianyun did not want to waste his time failing a quest, if the guards fail to find it, then he will find this Dragon Tail Grass, and finish the quest, get this over with.

Yan Lingxue is really eager to find it, otherwise she will not come in person. The Pavilion in her city said that they run out of stock, they told her to wait for a few days for the next shipment, but she can’t wait.

“You’re saying we are scared!?” Tan Yongsheng suddenly became angry: “I am worried about Miss Yan, it is dangerous here at night! Since you said that you can find it, then go ahead and take the lead and look for it. I will observe, what method do you have to find this Dragon Tail Grass!”

His eyes is already ridiculing Yi Tianyun, he would like to see if Yi Tianyun has any skill! If he can’t find it, obviously he’ll be so embarrassed and Tan Yongsheng can’t wait for it!

“I don’t have any special methods to find it, I’m just searching for it the usual way.” Yi Tianyun has no special ability he can use to search easier, and does not know where to start, but he wants to give it a try.

“You two don’t have to argue. Then, follow Young Master Yi and let him lead the way.” Yan Lingxue obviously take Tianyun side. Although the night was dangerous, she was in dire need of this grass.

“We will, Miss Yan. Boy, this time you lead the way!” Tan Yongsheng sneered, reaching out to signal him to lead the way, while gloating a little bit, he has been looking in this area, he does not believe Yi Tianyun can find it near here.

“No problem.”

Yi Tianyun took a step forward, and sighed.

Luck Aura activate!

Yes, he has no skill to find the Dragon Tail Grass, but he has a way, that is to use Luck Aura! using amazing luck effect, he wants to see if he can find this Dragon Tail Grass this way!

After activating Luck Aura, Crazy Point has rapidly decreased. Although he have earned a lot now, but the time spent to find an item is not short.

He walked ahead of everyone, and the people behind him sneered and wait for his failure.

Yi Tianyun didn’t feel anything. Anyway, he just search in a straight line. When he walked for a few minutes, he turned and looked around his surroundings. Suddenly he saw something that looked like a Dragon Tail Grass. It was wedged in a trees. Next to the root!

“is it really this easy?!” Yi Tianyun is stunned, he did not expect the effect of Luck Aura to be this effective, simply walking around and he already found it.

What an amazingly good luck!

Chapter 45: Dragon God Heritage

“Dragon Tail Grass!”

Yi Tianyun pointed at the bottom of the tree, he did not expect to find it so easily. What a luck!

“Where!?”

Yan Lingxue looked in the direction pointed by Yi Tianyun and found that it really is a Dragon Tail Grass. She had read detailed descriptions about it, so she can tell at first glance whether this is a Dragon Tail Grass or not.

“It really is a Dragon Tail Grass!”

They’re all stunned, they didn’t expect to find the Dragon Tail Grass Yi Tianyun to find it this fast. What can they say to Yi Tianyun now that he easily find Dragon Tail Grass?.

Yi Tianyun walked over and saw that it was a Dragon Tail Grass, he plucked it. When he pulled it up, his hand stung!

“Weird, is it because of this grass?” Yi Tianyun felt strange. He checked it carefully and found that this Dragon Tail Grass was somewhat different, slightly bigger than normal Dragon Tail Grass.

In addition to this strain, there are several other plants that look ordinary, and they have been taken down by him. Even if they are holding the Dragon Tail Grass, they come over.

“You really find it?” Tan Yongsheng still has a skeptical attitude. He really refuses to believe that Yi Tianyun actually find the Dragon Tail Grass, and in a very short time to boot!

“Miss Yan, here is your Dragon Tail Grass.” Yi Tianyun handed it up to her.

When Yan Lingxue took the Dragon Tail Grass, she took a closer look and smiled at Yi Tianyun with amazement: “It really is a Dragon Tail Grass. I didn’t expect Young Master Yi to find it just in such a short time. It’s amazing!” She is grinning from excitement.

He thought it will take a while to find it, because it’s quite late, and they need to return because it’s too dangerous, turns out he managed to find it almost instantly, obviously it saves them a lot of time.

“now that we find it, let’s go back now.” Yi Tianyun laughed.

Everyone else can’t hide their embarrassment and it’s really an awkward situation. They mocked him. Yet now he finds it so easily.

Yan Lingxue nodded with a smile, and now she can go back.

『Random Quest Completed.』

『Reward: 10.000 exp, 20 Yan Lingxue’s favorability, 15 Prestige.』

Finding the Dragon Tail Grass means he completed the quest.

When she was about to leave, suddenly there was a loud noise, and there was a ray of light rising from the sky. The colored light filled the sky, and it seemed to be the case of the birth of treasures, a constant stream of spiritual power. Fluctuations, coming from

afar. The most important thing is that this light then covers Yi Tianyun's body as if he's a chosen individual!

Everyone here is shocked, everything just happened so suddenly they can't process everything!

"Time-limited mission 'the inheritance of the dragon god' begins, the time limit is three days, completion reward: get the inheritance of the dragon god."

『Limited Quest: Dragon God Heritage.』

『Reward: Obtain Dragon God Heritage.』

『Fail: Exceeding the time limit, host will be killed by Dragon God.』

"What the fuck!!"

Yi Tianyun is dumbfounded, What is going on here? If he fails, he will be killed by the Dragon God! What 's that supposed to mean?

Immediately, he looked toward Dragon Tail Grass in Yan Lingxue's hand and had a suspicion: "Is it because i pick this earlier?"

Now that he thinks about it, this Dragon Tail Grass is a bit strange, definitely not like normal Dragon Tail Grass. The normal Dragon Tail Grass would not sting him anyway. His hand bleed after plucking Dragon Tail Grass, after the blood was absorbed by the soil suddenly he was shrouded by the light.

Then he realized, that Dragon Tail Grass triggers this quest!

"I was selected by the Dragon God? Is it because i activated Lucky Aura?" Yi Tianyun shocked: "My luck is so amazing it scares me!"

Hearing the failure consequences is to be killed by the dragon god, suddenly his excitement is gone?

"This... what happen?" Yan Lingxue and everyone else are all dumbfounded, and somehow there is a beam of light shrouding Yi Tianyun.

However, this light beam did not last long, after covering him for a while it completely disappeared. However in the distance there is a constant stream of light fluctuations. When you look at it, you will know that there will be many treasures.

"Miss Yan, I must leave now, I hope this Dragon Tail Grass can help you!"

Yi Tianyun hastily run and quickly disappeared from their sight. Time limit is only three days. It seems that the item he needs to find is still inside the forest. He can't drag this too long. If he takes too long, he will be killed by this Dragon God.

Although he does not know what Dragon God is, but the name Dragon God is already pretty scary.

"Young Master Yi..." Yan Lingxue wanted Yi Tianyun to ask Yi Tianyun to stay, but he disappeared in the blink of an eye. She wanted to invite Yi Tianyun to go back to family. She didn't expect him to leave so soon.

At this time, Tan Yongsheng was silent for a moment, and immediately turned to the next guard and said: "You go with me and the rest of you will escort Miss Yan back, it's not too dark yet shouldn't be that dangerous!"

Then he said to Yan Lingxue: "Miss Yan, my men will escort you instead of me. There seems to be some treasure up ahead. We are going to have a look. Res assured, it's not so dangerous on the way back"

After talking to Yan Lingxue, he hurriedly took his companion to chase Yi Tianyun. When he saw the light earlier he was convinced that it was a treasure. Who cares about rewards if he can find a good treasure, there's nothing better than becoming stronger.

Yan Lingxue looked at them then looked up at the flashing light but shook her head. Her priority now is to take this Dragon Tail Grass back, instead of staying here.

"Let's go." Yan Lingxue finally glanced behind her, and she quickly evacuated and did not continue to stay here.

The old man next to her also glanced back, b and continued to follow Yan Lingxue. He completely obeyed the instructions of Yan Lingxue, he did not listen other people. He just followed her silently.

At this time Tan Yongsheng who quickly chased in the direction of the disappearance of Yi Tianyun, looked cold: "This kid must have got treasure, otherwise the light will not shroud him!"

"What do we do now?" Said the companion next to him.

"Of course, we go after him. After he finds the treasure, we will ambush from behind... When the time come, that treasure will be ours!" Tan Yongsheng's face is fierce, it looks so evil!
