

## CRAZY PLEASURE

### Chapter 18 Cousins In A Room 3

"I love her very much and would love to have her as my girlfriend. I've thought about her ever since the family reunion we attended three years ago. After seeing her today when you and her came into the restaurant to eat supper with mom and me, I couldn't help but notice how beautiful she is and looking at you I can see why she is so damn sexy hot because you're so damn beautiful yourself."

"Oh wow, Kandy sure raised a sweet talker here. You keep telling me how beautiful I am and Helen will have a run for her money to keep you to herself. I would love to give her a run for her money if I weren't so old and was younger."

"You're not old Aunt Julie. You are a beautiful young woman yet and any young man would love to be your boyfriend."

"You better go in and sweep Helen off of her feet before I just keep you in here with me and have your mom mad at me for seducing her son into my bed with me."

"Mom Julie get mad at me for wanting to be Helen's boyfriend as much as she would if you and I hooked up."

"Your mom is totally okay with you and Helen hooking up. I know because we've talked about it already before the two of you made the trip out here. I told her how Helen feels about you but she didn't know how you felt about Helen since you never talked about it to her."

"Mom and I are not as close as you and Helen are from what you're saying you and Helen are."

"When we have more time to talk alone you Julie be able to tell me why the two of you aren't that close to each other."

"Hasn't mom told you why?"

"She has no clue as to why you two aren't very close as she wishes you two are. We'll talk tomorrow when we have more time alone."

"Okay." Aunt Julie then turned toward the door with me watching her sway her ass back and forth as she walked toward the door to go back into the living room. I swear she was swinging her ass more than she did when we first came into the bedroom.

I didn't move till Aunt Julie stepped through the door into the living room. Stepping into the living room a few steps behind Julie I heard the weather report start on the television.

Helen was sitting on the arm of the couch where mom was sitting with Helen saying, "... love him so much." noticing Helen had no panties on under her skirt with a bald pussy in full view for all in the room to see except for maybe mom with the angle she was sitting next to Helen.

"The two of you Julie have changed so much in the last three years so I hope it works out for you two." Mom said slurring her words still.

Listening to the weather report we were fixing to get hammered with a big thunder storm, "I noticed when Roger and I went out and got their suitcases that it was really dark out and there were no stars to be seen."

"Well now you know why." Julie said.

Helen stood up and said, "I don't know about anyone else but I'm going to bed before the storm hits and scares me awake till it passes over us."

"I need to use the restroom before I go to bed." then I turned toward the bathroom next to Helen's bedroom off the hallway.

Helen stepped up beside me, "Do you need any help in the bathroom?" in a flirting voice.

"I don't need any help but you can help if you want to."

"I'm going to want your help in the bedroom as soon as your done in the bathroom." as we got to the door to the restroom.

"I shouldn't be any longer than a minute." as I turned into the bathroom.

"I'll be waiting." stepping on ahead of me toward her bedroom door.

Once I was done using the restroom I went to Helen's bedroom door and just as I stepped into her room, a flash of lighting lit up the room and then a couple of seconds after a loud clap of thunder sounded off, causing Helen to jump and drop to the floor. I rushed over to her, "Are you okay babe?"

"Yes thank you." just as she then went to stand up and I helped her up by lifting her under her arms.

Helen held onto me for a moment, "I thought I would be over it by now but I see that I'm not over it yet."

"I don't remember you being afraid of thunder before."

"I wasn't till after we moved out of the states and then

seeing and hearing gun shots a few times when I was with dad and he would shoot some guy to kill him for not coming through with his part of the deal on some drugs he supposedly made a deal on. A few times dad was shot at by someone wanting to kill him for whatever reason, I never was able to find out why they wanted him killed but he all ways got his man, where they would miss when shooting him."

"I'm sorry to hear that." with another loud clap of thunder right after the flash of lighting. Helen would jump and shake all over while I held her in my arms, "it's okay babe, I'm here for you. Everything will be okay."

"It's not your fault that I'm this way now. I wish I was undressed so we could just lie down in the bed and have you hold me tonight."

"How about you undress me and I'll undress you and

we'll then lie down in each other's arms?"

Another loud clap of thunder sounded off making Helen shake some more, "Okay." as she started unbuttoning my shirt as soon as the thunder had quit rumbling.

As soon as Helen had my shirt off of me, I then pulled her shirt up and off of her letting her tits out to see her brown areolas and darker brown hard nipples the size of a nickel and the areolas as big around as silver dollars used to be and her tits, looked to be a size C cup standing proud on her chest waiting to be sucked on, which I had to do and leaned over and sucked on Helen's left hard nipple making it stand out more if it was even possible for it to do so.

Just as I put my mouth on Helen's nipple a loud clap of thunder sounded off and with me having one arm around her shoulders and one hand on her waist, she

wasn't able to jump back but threw her arms around my head as to hold on for dear life, as she jumped at the sound of the thunder.

I felt a snap and the zipper on Helen's skirt and unfastened the snap and then unzipped the zipper and let the skirt fall down to the floor around her ankles.

One second after Helen's skirt slid down her sexy legs she started unfastening my pants to get them off of me.

When Helen got my pants down around my ankles she kneeled down and with me helping by lifting my foot up she got my shoes and pants off along with my socks, "Oh wow Roger. I see you dressed like I did under my skirt. No underwear and this hard cock of yours is so big and beautiful." taking my cock into her little hand and stroking my dick that was hard as a

rock as soon as I saw her bald pussy in the living room, "Is this big hard rod all mine baby?"

"Yes it is now, that you're the one that got it hard as a rock."

"I've never seen a cock as big as this one is." Then a loud clap sounded off again causing Helen to jerk her hand on my cock as she jumped then after a couple of seconds, "I'm sorry if I hurt you. I didn't mean to hurt you."

"It's okay you didn't hurt me. Now stand up here and let me get you in bed."

When Helen got stood up I picked her up then laid her onto the bed toward the center then climbed onto the bed beside her myself, as another loud clap sounded off, wrapping her up in my arms and pulling her close to me and kissing her on the mouth for a moment

before slipping my tongue into her mouth and Helen, slipping her tongue into my mouth too.
