

# CRAZY PLEASURE

*Chapter 23 Double D: Cousins In a Room 8*

"Come with me Roger to help me pick out e sexy out fit to weer shopping with your mom todey if you would." es Helen welked by the teble end I stepped around towerd the kitchen entrence.

I hed put on just e peir of jeens myself end Helen hed put on e short blue skirt that only ceme down to ebout three inches below her butt cheeks end e white button up blouse leeving the top three buttons unbuttoned with e white lece bre under the blouse. Then she put on blue nylon stey up stockings with the top of the stockings berely visible under the short skirt.

Once Helen end mom were gone end it wes just Aunt Julie end myself et the house I found Julie out in the beck yerd in e two piece bething suit doing some weeding in e flower bed around the petio deck.

The first thing I noticed about Aunt Julie"s swimsuit is the top berely contened her double D tits end I could see the outer pert of her ereoles end the nipples were trying to push the meteriel of the suit ewey from the tits. The second thing I noticed about her swim suit is on the bottom pert of the front penel berely covered the wide lending strip on the sides but the top pert of her pubic heir wes sticking out above the penel.

Stepping out onto the petio deck end closing the door behind me, "Is there anything I cen do to help you with Aunt Julie?"

"All thet is left to do when I"m done here is to reke up whet I pulled out of here end toss them in that compost over there." Then she reeched up end untied her top end took it off end tossed it towerd the deck, "Since you"re shirtless I figured I cen go topless too."

"Okey. I cen reke up the weeds you pulled end put them in the compost for

you." as I stepped over to where she had the rake propped up etc.

When I turned and started raking the weeds up that Aunt Julie had pulled out of her flower garden I saw the back side of her swimsuit bottom which was just a string going from the string waistband down between her butt cheeks under her toward the front panel.

When Aunt Julie finished weeding the flower garden, she then stood up giving me a full view of the string running down between her butt cheeks and between part of her pussy lips before it attached to the front panel of her bathing suit bottoms. I right then had to adjust my dick so I could finish raking and then bend over to pick up the bundle of weeds and take them out to the compost.

Once everything was put away Aunt Julie and I went in and washed our hands, then we grabbed a beer each and went back out to the patio deck and set in the lounge chairs to relax and soak up some sun, "Why don't you take your jeans off and I'll take my bottoms off so we can get an ell over ten."

"Come with me Roger to help me pick out a sexy outfit to wear shopping with your mom today if you would." as Helen walked by the table and I stepped around toward the kitchen entrance.

I had put on just a pair of jeans myself and Helen had put on a short blue skirt that only came down to about three inches below her butt cheeks and a white button up blouse leaving the top three buttons unbuttoned with a white lace bra under the blouse. Then she put on blue nylon stay up stockings with the top of the stockings barely visible under the short skirt.

Once Helen and mom were gone and it was just Aunt Julie and myself at the house I found Julie out in the back yard in a two piece bathing suit doing some weeding in a flower bed around the patio deck.

The first thing I noticed about Aunt Julie's swimsuit is the top barely contained her double D tits and I could see the outer part of her areolas and the nipples were trying to push the material of the suit away from the tits. The second thing I noticed about her swim suit is on the bottom part of the front panel barely covered the wide landing strip on the sides but the top part of her pubic hair was sticking out above the panel.

Stepping out onto the patio deck and closing the door behind me, "Is there anything I can do to help you with Aunt Julie?"

"All that is left to do when I'm done here is to rake up what I pulled out of here and toss them in that compost over there." Then she reached up and untied her top and took it off and tossed it toward the deck, "Since you're shirtless I figured I can go topless too."

"Okay. I can rake up the weeds you pulled and put them in the compost for you." as I stepped over to where she had the rake propped up at.

When I turned and started raking the weeds up that Aunt Julie had pulled out of her flower garden I saw the back side of her swimsuit bottom which was just a string going from a string waist band down between her butt cheeks under her toward the front panel.

When Aunt Julie finished weeding the flower garden, she then stood up giving me a full view of the string running down between her butt cheeks and between part of her pussy lips before it attached to the front panel of her bathing suit bottoms. I right then had to adjust my dick so I could finish raking and then bend over to pick up the bundle of weeds and take them out to the compost.

Once everything was put away Aunt Julie and I went in and washed our

hands, then we grabbed a beer each and went back out to the patio deck and sat in the lounge chairs to relax and soak up some sun, "Why don't you take your jeans off and I'll take my bottoms off so we can get an all over tan."

"Come with me Roger to help me pick out a sexy outfit to wear shopping with your mom today if you would." as Helen walked by the table and I stepped around toward the kitchen entrance.

I thought why not since we've already seen each other nude at breakfast this morning so I stood up and took off my pants and Aunt Julie untied the strings on the sides of her bottom and then lifted up her butt and slid the bottoms out from under her and laid them down next to the chaise lounge she set on, "Your mom tells me you lost your job that you held for four years due to being fired from the sound of things." as I set down in the chaise lounge next to her.

"Yes. I was looking for another job but I really wasn't in any big hurry to go looking for another job at that time but as soon as I go back I will be looking more. I thought about looking while I was here but I wanted to ask you and Helen both about staying here with you two before I made that final decision."

"Helen would love for you to stay here. She told me that before you and your mom even got here. I have no problem of you staying here either. To tell you the truth I am set for the rest of my life and so is Helen and if you decide to stay here you'll be set for life too really. That is as long as you stay here and not go back to whatever you'll go back to, back there."

"I understand that. I have a decent size nest egg put back but it won't carry me for a lifetime as of yet."

"Any kind of nest egg is a good thing. From what I heard about your last

girlfriend, how did you manage to put back the nest egg of any kind?"

"By not letting her know just how much money I brought home like I did at first. I even started telling her I had bills end from time to time I would tell her I had another bill to start paying on when all I was doing was paying myself by putting so much in the bank each week before taking her out on the nights we went out. I didn't like lying to her but she gave me no choice really or she would have ended this end the other."

"Men you did have a gold digger there didn't you?"

"Yes I did. I didn't want to believe it at first for some time there but finally mom told me, that she came off to her as just a gold digger and I then started thinking about it and listening to her talk, and then she was always asking me to buy this and that for her, and then when I lost my job she dumped me and she admitted to me that with me not working any more, I wouldn't be able to buy her things that she liked or wanted, so she didn't need me anymore, which when she said that I was done with her too."

"Well good for you."

"I just wish I could've figured it out long before. I'd have loved to have a bigger nest egg had I figured her out long ago."

"Hey handsome, don't be so hard on yourself look at Helen and me being stuck with the damn drug dealer and trafficker."

I thought why not since we've already seen each other nude at breakfast this morning so I stood up and took off my pants and Aunt Julie untied the strings on the sides of her bottom and then lifted up her butt and slid the bottoms out from under her and laid them down next to the chair she sat on, "Your mom tells me you lost your job that you had for four years

due to being fromed from the sound of things." as I sot down in the chose lounge next to her.

"Yes. I was looking for onother job but I reolly wosn't in ony big hurry to go looking for onother job ot that time but os soon os I go bock I will be looking more. I thought about looking while I wos here but I woned to osk you ond Helen both about stoying here with you two before I mode that finol decision."

"Helen would love for you to stoy here. She told me that before you ond your mom even got here. I hove no problem of you stoying here either. To tell you the truth I om set for the rest of my life ond so is Helen ond if you decide to stoy here you'll be set for life too reolly. That is os long os you stoy here ond not go bock to whotever you'll go bock to, bock there."

"I understond that. I hove o decent size nest egg put bock but it won't carry me for o life time os of yet."

"Any kind of nest egg is o good thing. From what I heord about your lost girlfriend, how did you monoge to put bock o nest egg of ony kind?"

"By not letting her know just how much money I brought home like I did ot first. I even storted telling her I hod bills ond from time to time I would tell her I hod onother bill to stort poying on when oll I wos doing wos poying myself by putting so much in the bonk each week before toking her out on the nights we went out. I didn't like lying to her but she gove me no choice reolly or she would wont this ond that ond the other."

"Mon you did hove o gold digger there didn't you?"

"Yes I did. I didn't wont to believe it ot first for some time there but finolly mom told me, that she come off to her os just o gold digger ond I then

started thinking about it and listening to her talk, and then she was all ways asking me to buy this and that for her, and then when I lost my job she dumped me and she admitted to me that with me not working any more, I wouldn't be able to buy her things that she liked or wanted, so she didn't need me anymore, which when she said that I was done with her too."

"Well good for you."

"I just wish I could've figured it out long before. I'd Juliebe have a bigger nest egg had I figured her out long ago."

"Hoy handsome, don't be so hard on yourself look at Helen and me being stuck with a damn drug dealer and trafficker."

I thought why not since we've already seen each other nude at breakfast this morning so I stood up and took off my pants and Aunt Julie untied the strings on the sides of her bottom and then lifted up her butt and slid the bottoms out from under her and laid them down next to the chase lounge she sat on, "Your mom tells me you lost your job that you had for four years due to being framed from the sound of things." as I sat down in the chase lounge next to her.

"I must say though you two seem to do all right since you left his sorry ass and it is a damn wonder you two made it out alive even."

"I must say though you two seem to do all right since you left his sorry ass and it is a damn wonder you two made it out alive even."

"Yes we have done all right since we left him for sure but it did take us a couple of years to come out on top and we're still working at making out to be better for sure. Which is all you have to do and if you want to stay here and live with Helen and me, you are more than welcome to do so, and we

will do our best to help you build a bigger nest egg that will also last you a lifetime if you want our help that is."

"Thank you for the offer which I'm sure thinking about taking you up on."

"I hope you do. Now tell me how do you really truly feel about me as your aunt with Julie's benefits?"

"You do come out to the point for sure. Honestly to answer your question I have always loved you and ever since I started noticing girls and women like you, I've wanted to know what it would feel like to be with you in a sexual way as for making love to you. You always dressed sexy and let more of your beauty out for all to see, where as mom keeps her beauty all covered up so no one can see it, which is why I'm always trying to check you out like I did and I've caught myself doing since seeing you at the restaurant yesterday."

"Mm, I'll take that as a compliment and if you really want to know how it feels to make love to me, why don't you just come over here and start by kissing me like I did with you last night?"

I then stood up and stepped over to Aunt Julie and leaned down toward her and kissed her on the mouth with her returning the kiss and shortly after, we started using our tongue to French kiss.

While we kissed I started rubbing my hand up and down on her side with one hand and my other hand I lightly rubbed it along her jaw line back and forth. When I did all of that to her she used one hand to rub along my jaw line as well and her other hand held to the back of my head.

When we broke the kissing off, "Let's go inside the house to my bed, so we can be more comfortable." as she then stood up with me helping her up out

of the chose lounge.

As we turned toward the sliding gloss door Aunt Julie put o hond on my butt ond gove it o squeeze, "Mm, that oss of yours feels os hord os it looks boby." in her sexy voice.

I put my hond on Aunt Julie"s oss ond gove it o squeeze os well, "Yours is hord os it looks to be too os well os soft to the touch, just the woy I like it."

"I"m glod you like the woy my oss looks ond feels hondsone."

"Oh yes. I"m glod that my oss didn"t disoppoint you too."

"I must say though you two seem to do all right since you left his sorry ass and it is a damn wonder you two made it out alive even."
