### Chapter 1041: The swamp of the abyss (3)

After dinner, the few of them returned to their tents. Mo Yan had originally planned to keep watch at night, but Leng ruoxue told him that there was no need. She had already scattered the medicine, and whoever came would be in trouble! Mo Yan gave up.

The next morning.

After Leng ruoxue and the others got up, they left the tent. However, they saw Mo Yan standing in front of the tent in a daze, not knowing what he was thinking.

“You guys are up.” Feeling the gazes of Leng ruoxue and the others, Mo Yan turned around. However, when he saw Leng ruoxue, his expression became extremely strange.

“What’s wrong? Are there flowers on my face?” Leng ruoxue was speechless. Damn it, what kind of expression is that?

“No, but can you give me some of the medicine you scattered yesterday?” Mo Yan said, a little embarrassed. The effect of the medicine was too good. He was the first one to come out of the tent, so he was shocked by the spectacular scene around the tent. As soon as he stepped out of the tent, he saw countless corpses of poisonous insects, many of which were snakes. Thinking about it now, he still felt a little disgusted.

“Those medicines are quite common. I have better ones. Do you want them?” Leng ruoxue asked with a smile. Although the medicine she had scattered yesterday could kill the poisonous insects, it could not destroy their corpses and erase all traces. She had also deliberately let Mo Yan see it. Otherwise, she was afraid that Mo Yan would not believe the effects of the medicine, hehe! Looking at Mo Yan’s expression now, he was most likely disgusted.

“Really? I want it, give me some of it!” Mo Yan said expectantly. He often went to explore many places. If he had those medicines, he would be much safer at night and could rest better.

“Alright,” he said. Leng ruoxue nodded. She then took out a pile of bottles and jars and threw them all to Mo Yan.

“Hehe! Thank you, little girl.” Mo Yan said with a happy smile, then quickly put the medicine into his ring.

“You’re welcome. After all, you’re the cheap ancestor’s master! It’s only right that I try to please you.” Leng ruoxue replied matter-of-factly.

“Uh!” Mo Yan was a little speechless. Only a ghost would believe that this little girl would try to please him! However, when these words came out of Leng ruoxue’s mouth, not only did they not make people feel annoyed, they even felt that she was very cute. This was really too strange.

“Let’s continue our journey after breakfast!” Leng ruoxue chuckled.

.....

“Yes.” Everyone nodded and began to make breakfast. After eating, they began their search for Black Star grass.

The group wandered around the abyssal swamp for a few days, but they still came up empty. This made Leng ruoxue and the rest a little disappointed.

In the evening a few days later.

At this moment, Leng ruoxue and the rest had their heads lowered as they sat around the fire. No one spoke, and even the delicious food in front of them could not attract their interest.

Right now, in the entire swamp, they had searched almost the entire place except for one place. The possibility of Black Star grass being found in that place was very small. However, no matter what, they would go there tomorrow to take a look. It would be best if they could find it, but if they couldn't, they could only think of other ways to save their ancestor.

“Don't be so dejected! There are still places we haven't searched!” After a moment of silence, Leng ruoxue spoke, Breaking the Silence of the evening.

“Little girl, you're right. Let's go and take a look tomorrow.” Mo Yan said.

“Yes.” The few of them nodded and went to rest.

The next day.

When they came out of the tent, they suddenly realized that there were three people lying on the ground in front of their tent. It was obvious that these people had been drugged by Leng ruoxue.

“Little girl, are they dead?” Mo Yan looked at the person lying on the ground and asked curiously.

“No, I didn't,” Leng ruoxue said with certainty. The dosage of the drug she had given could kill the poisonous insects, but it could only knock people out.

“Should we wake them up?” Mo Yan asked again.

“Yes, let's see what their goal is.” Leng ruoxue smiled faintly. If they had any ideas about them, then she would drug them.

“Just pour some water on them.” Leng ruoxue continued.

“Hehe! Leave this to me.” Mo Yan smiled evilly, took out a water bag from his ring, and poured the water inside on the three unconscious people.

Not long after, the three of them slowly woke up.

When they woke up, the three of them looked at each other in confusion. However, when the three of them saw Leng ruoxue and the rest, they were so stunned that they were speechless. It was because, other than one person who was slightly older, the rest of the people in front of them were all handsome men and beautiful women. Furthermore, they were the kind of beauty that was demonic and stunning.

“Who are you people? Why did you come to our tent?” Leng ruoxue asked with a cold expression.

The three people in front of him were all men, about 30 to 40 years old. They had simple, honest faces, and gentle eyes. They didn't look like people who would steal from others. However, you can't judge a book by its cover. So, it was better to ask clearly.

"We came to the abyssal swamp for an adventure. We saw that there was a fire here, so we wanted to stay for a while. However, we don't know why we fainted." One of them explained.

"Oh!" Leng ruoxue nodded her head indifferently and did not say anything else. Furthermore, she had asked Qing Jue to read their minds, so she knew that the man was speaking the truth.

"You guys are very familiar with this place?" Leng ruoxue thought for a moment and asked again. From the way the three of them dressed, they should be explorers. In the immortal realm, there was a group of people who specialized in taking risks for a living, and they must be referring to people like them!

"En, the three of us brothers come here whenever we have nothing to do. However, the good things here are getting less and less." The man replied.

"Then ... Do you know where to find Black Star grass?" Leng ruoxue thought for a while and asked.

"Black Star grass? You're here for the Black Star grass!" The man was shocked, and his expression changed.

"Yes, you know where it is!" Leng ruoxue said. From this person's expression, she knew that this person definitely knew. She did not even need Qing Jue to read his mind.

"I know, but I advise you not to go there." That person said with some difficulty. That place wasn't a good place. If he went there, he was afraid that he would lose his little life. How could he have the chance to get the Black Star grass?

#### **Chapter 1042: The abyssal swamp (4)**

"I have to go. You just have to tell me where it is." Leng ruoxue said with determination. Even if she didn't know where the Black Star grass was, she still had to look for it. Now that she might know where it was, she had to find it.

"I can tell you, but I have to say this first. If anything happens to you, don't blame me." That person said very cautiously.

"Yes." Leng ruoxue nodded and promised.

"Once, I accidentally fell into a small cave. There, I found a small black grass with star-shaped leaves. If I remember correctly, that should be the Black Star grass. However, I'm not too sure. Moreover, that grass had a very powerful Guardian beast. If I wasn't lucky that time, I'm afraid I would have died there." The man said with lingering fear.

"Where is that small cave?" Leng ruoxue asked hurriedly. From the man's description, she was sure that it was the Black Star grass. However, she didn't know if the grass was still there.

"North of the abyssal swamp, there is an abandoned crystal Kuangqu. I found it there." The man carefully recalled and said.

“Oh!” When Leng ruoxue heard this address, she couldn’t help but sigh. The crystal Kuangqu North of the abyssal swamp, wasn’t that the place they wanted to go to at the end! This was really a coincidence.

At the thought of this, Leng ruoxue took out ten pieces of intermediate ranked crystal stones from her bracelet and handed them to the man as their reward. After that, the group of them headed to the long-abandoned crystal stone Kuangqu in the northern part of the swamp.

“Mo Yan, how are the crystal Kuangqu distributed in the divine realm?” On the way, Leng ruoxue couldn’t help but ask out of curiosity. Actually, she mainly wanted to know what would happen if an individual discovered a crystal mine.

“In the divine realm, any resource is an individual’s opportunity. Therefore, if someone is lucky enough to find a crystal ore mine, it naturally belongs to the individual. However, it’s hard to say if they can guard it. Therefore, anyone who finds a crystal ore mine will choose to sell it. However, the price will be lowered by the major forces.” Mo Yan explained helplessly. The strong were respected, and if one did not have strength in the divinity, they could only be slaughtered.

“Oh!” Leng ruoxue nodded her head in understanding.

“Little girl, if you find a crystal ore mine, how do you plan to deal with it?” Mo Yan was very curious about this. After all, with his understanding of this girl, he did not think that this little thing would let anyone bully her. It was already good enough that she didn’t bully others.

“Of course I’ll keep it for myself. I have so many subordinates. It’ll cost a lot of money to keep them!” Leng ruoxue laughed as if it was a matter of course.

.....

“Aren’t you afraid that someone will come and snatch it? After all, you’re not very strong!” Mo Yan could not help but ask.

“Don’t be afraid, who would want to compete with them in strength! I like to play dirty.” Leng ruoxue said with a half-smile.

“Uh!” The cold sweat on Mo Yan’s forehead dripped down as he thought to himself, this is indeed this little girl’s character! How valiant!

“I will not allow anyone to snatch my things!” Leng ruoxue added in a domineering manner!

Just like that, the group walked and chatted. Before noon, they arrived at the abandoned crystal Kuangqu North of the swamp.

Even though this place had been abandoned for a long time, Leng ruoxue and the rest could still feel a dense spiritual energy surrounding it when they entered the Kuangqu. This made Leng ruoxue suspicious.

“Does every abandoned crystal Kuangqu have such dense spiritual energy?” Leng ruoxue asked curiously.

“No, only mines that can produce high-grade crystals and above will have such dense spiritual energy. This crystal Kuangqu must have produced high-grade crystals in the past. Otherwise, it would not be able to produce so much spiritual energy now.” Mo Yan explained.

“Oh! Let’s go inside! Let’s see if there are any small caves.” Leng ruoxue said after some thought.

“Hehe, the small cave that man spoke of should be the entrance to the crystal mine. If I remember correctly, it should be over there.” Mo Yan pointed at a grey-black Rock.

“In that case, let’s go!” Leng ruoxue chuckled. Following that, the group walked towards the huge grey-black Rock.

Leng ruoxue walked near the grayish-black rocks and observed them carefully. She realized that the area of the rocks was not very big. There were about five of the biggest rocks, and they were no taller than two meters. The middle of the rocks was hollow. They were probably caves dug out when they were mining for crystal stones.

Looking down the cave, it was pitch black. He couldn’t even see his fingers ...

### **Chapter 1043: Companion beast (1)**

“This place is so dark!” Leng ruoxue looked into the cave for a while, but she could not see any light.

“Yes, little girl. How is it? do you dare to go down?” Mo Yan asked with a faint smile. In his impression, women didn’t seem to like dark places like this.

“What’s there to be afraid of? nothing ventured, nothing gained. Let’s go down!” Leng ruoxue said disapprovingly. She couldn’t help but think to herself that Mo Yan had really underestimated her! She wasn’t that timid.

With that, Leng ruoxue was about to jump down, but she was stopped by the demon.

“Xue ‘er, I’ll go down and take a look first. You guys wait for me up there.” The demon said as he pulled on Xue ‘er’s arm. After he finished speaking, he leaped into the cave.

However, Leng ruoxue naturally would not wait for him up there obediently. The moment the demon jumped down, she immediately followed. Seeing this, Leng Qingtian and Leng ruohan also jumped down at the same time. On the other hand, Mo Yan was left behind by them because he was a step slower.

“Xue ‘er, Didn’t I tell you to wait for me up there?” In the dark cave, the demon looked at the bright eyes beside him and said helplessly.

“We’ll share blessings and difficulties together. How can I let you take risks alone?” Leng ruoxue replied matter-of-factly.

“That’s right. We’re all one family. There’s no distinction between us.” Leng Qingtian and Leng ruohan, who had already reached the bottom of the cave, hurriedly said.

“Hehe! Let’s go together!” Leng ruoxue held onto the evildoer’s arm and chuckled.

“You guys wait for me!” Before Leng ruoxue and the others left, Mo Yan, who had overheard their conversation, quickly shouted, as if he was afraid that he would be abandoned by them.

"I was waiting for you!" Leng ruoxue said helplessly. After spending so much time with Mo Yan, she could deeply feel that this fellow was becoming more and more like a child.

Following which, Leng ruoxue lit up a flame, which instantly lit up the entire cave.

.....

At this time, everyone could finally see the original appearance of the cave. The entire cave area was not very large, and the stone wall was full of small potholes. At a glance, it was obvious that the stone wall had been excavated.

The ground of the cave was covered in mud, and there were some footprints on it.

Leng ruoxue and the rest followed the tunnel into the cave. However, even after a long time, they still could not find the end of the tunnel. They did not see any sign of the Black Star grass either. This made Leng ruoxue a little puzzled.

"Why can't we finish walking?" As they walked, Leng ruoxue voiced her suspicions.

"We seem to be walking in circles." The demon said after thinking for a while.

"In a circle?" Leng ruoxue gave it some thought and continued to walk forward with the rest. However, this time, she had marked the way and after walking for a while, she finally confirmed that they had indeed been walking in circles.

"What's going on?" Leng ruoxue's beautiful face was filled with confusion as she stood at the spot where she had left the mark. She immediately contacted Qing Jue through telepathy.

"Qing Jue, do you see anything strange about this?" Leng ruoxue asked, her heart filled with doubt.

"Big sister, if I'm not wrong, there should be an illusionary formation here." Qing Jue said after some thought. He had originally wanted to explore this cave, but something seemed to be obstructing him. Thus, he made this guess.

"A bewildering formation?" Leng ruoxue pondered to herself. She had heard of the illusionary formation before, but she could not tell at all. There were traces of a formation here. What was going on?

"Big sister, this illusionary array is set up with the dark attribute, so it's very difficult for ordinary people to see it." Qing Jue, who knew what Leng ruoxue was thinking, explained.

"Uh! Dark attribute!" Leng ruoxue was a little embarrassed. Her understanding of the various attributes was still too little. She had actually never thought of using the darkness attribute to set up an array. However, this was also largely related to the fact that she rarely used the darkness attribute.

Thinking of this, she turned her head to the evildoer, hehe! Evildoers had the purest dark attribute.

"Xue 'er, don't look at me like that." The demon said with a little butterflies in his stomach.

"Uh! What are you thinking! There should be a dark attribute array here, can you sense it?" Leng ruoxue pouted and rolled her eyes at the evildoer, then said seriously.

“Xue ‘er, you know that I know nothing about formations.” The demon said, a little embarrassed. He didn’t like to think about those things that required his brain the most.

“Uh! Then you can also give me some advice!” Leng ruoxue laughed evilly.

“If you’re beating someone up, I can give you some advice. I really don’t have any objections.” The demon said innocently.

“Little girl, why didn’t you ask me?” Mo Yan couldn’t help but ask. After hearing from Leng ruoxue that there was an array here, he had been observing it closely.

“Do you know about dark attribute formations?” Leng ruoxue asked out of curiosity. She knew that armament Masters would more or less know about arrays. However, dark-attribute arrays were too rare. Since she couldn’t enter the spatial space now, she wanted to see if there was any introduction to dark-attribute arrays in the array that her master had left for her.

“I don’t know, but basically all formations are the same. So, we just need to find the formation eye.” Mo Yan said after thinking for a while. Ordinary people would not think of using the darkness attribute to set up an array, so he was sure that the person who set up the array was not normal.

“Mm, then let’s look for the array core!” Leng ruoxue thought about it for a while and agreed with Mo Yan’s words.

“Let’s split up and look! Don’t act rashly when you see something suspicious.” Mo Yan reminded.

“Yes.” Leng Qingtian and the others nodded, and the few of them split up to take action ...

At this time, in a hidden place in the cave, there was a small black grass with star-shaped leaves. It was trembling slightly, and the leaves on its body were shaking so much that they almost fell off.

“Don’t be afraid, they won’t be able to find this place.” A small, pitch-black snake consoled him in the human language. Its bright, black eyes were also observing the movements outside from time to time.

“I don’t want to die! “Wuu ...” The black grass sobbed, and the leaves on its body trembled even more violently.

“I’m here, you won’t die.” The little black snake promised. It had accompanied Xiao Xing for many years, and the two of them were already two bodies and one life. If Xiao Xing died, it wouldn’t be able to live either, so it naturally wouldn’t let Xiao Xing be captured by the humans.

#### **Chapter 1044: Companion beast (2)**

“But ... These people are different from the previous ones.” The black grass said fearfully. Spirits were the most sensitive, so it could feel that these people were different from the rest. They could even see through the illusion array set up by Xiao mo, so it could be imagined how powerful these people were. Therefore, the black grass was not confident that it could escape the search of the humans this time.

“No matter how different they are, if they dare to find this place, I’ll release poison and bite them to death. You know my poison.” The little black snake known as Little Mo said confidently.

“Little Mo, you should go! Don’t worry about me.” The black grass said sadly. It was afraid that it would not be able to escape this time, but it hoped that Xiao mo could continue to live.

“Little Star, what are you saying! How could I leave you behind and leave by myself! Besides, we can’t be separated. If you die, I won’t be able to live either.” Little Mo said angrily. He was extremely angry at Little Star, who wanted him to leave, but he could not do anything to the fragile Little Star!

“Hehe, what a pair of kids with deep feelings!” Suddenly, a teasing voice rang out beside the beast and the grass. Needless to say, this person was Leng ruoxue!

Hearing the sudden voice, Little Mo turned around and looked at the five people in front of them. His eyes were fierce, and then he said fiercely, “Don’t even think about capturing Little Star!”

Damn it, it was too focused on talking to Little Star just now and actually ... Actually forgot about the existence of these humans. Now that they have found Little star’s whereabouts and come here, what should it do?

Although Xiao mo looked fierce at this time, he was actually afraid in his heart. After all, he could feel that one of the five men was very strong, and he was no match for him at all. And that person was naturally Mo Yan.

“Little guy, don’t be so fierce! Did you set up this formation?” Leng ruoxue said with a smile. Who would have thought that this little black snake in front of her had the ability to set up an array. It was not simple at all! And this formation really took her a lot of effort.

“So what if I am? I’m warning you, don’t even think about getting Xiaoxing, or I won’t let you off.” Little Mo said with a fierce expression. However, his fierce expression, coupled with his small body, did not make people feel afraid. Instead, it gave people a very cute feeling. At least, Leng ruoxue felt that this little black snake was cute.

“Do you want to bite me?” Leng ruoxue was in a good mood as she continued to play with it. After finding the Black Star grass, she could finally put her heart at ease. Furthermore, it seemed like the Black Star grass already had a spirit, which made it even rarer.

“Yes, I’ll bite you.” Little Mo said very seriously. His pair of black eyes were even emitting a bright light, which was very dazzling.

“Little guy, we’re not bad people. We won’t hurt Little Star.” Leng ruoxue coaxed softly. Since the Black Star grass already had its own consciousness, she naturally wouldn’t harm it. However, the cheap old ancestor also needed that little fellow to save her, so she really hoped to reach an agreement with them.

.....

“Hmph! Humans are all bad guys! How could they let Little Star go!” Little Mo said in disbelief. If it wasn’t for the fact that there were so many people who wanted Little Star, he wouldn’t have hidden here with Little Star. However, he didn’t expect that they would still be caught by humans. Thinking of this, he couldn’t help but feel a little depressed.

“Al!” After hearing the little black snake’s words, Leng ruoxue couldn’t help but sigh softly. She didn’t think that this little fellow was also a young nationalistic youth. Could it be that all snake type beasts were like this? At the thought of this, Leng ruoxue’s thoughts turned and she summoned xiaohuo from her bracelet.

The moment Lil “fire came out, it immediately wrapped itself around Leng ruoxue’s wrist and started to put on the bangle.

“Little fire, settle this little fellow for me.” Leng ruoxue ordered.

When Lil “fire heard Leng ruoxue’s words, it lifted its eyelids and said indifferently, “What should we do? Do you want him Dead or Alive?”

Xiaohuo’s intrepid words made Leng ruoxue and the rest break out in cold sweat. They all thought to themselves, “when did this little fellow become so violent?” The first thing he asked was whether he wanted her Dead or Alive!

“I’m just telling the truth!” Looking at Leng ruoxue and the rest’s expressions, Lil “fire said with an aggrieved expression.

“Of course, I want him alive.” Leng ruoxue was not willing to attack the little black snake, so she could only ask Lil “fire to do it for her.

“Oh! I know. ” After xiaohuo finished speaking, it climbed down from Leng ruoxue’s wrist. Then, it looked at the little black snake face to face.

“Little guy, I’m your boss from now on. I’ll protect you no matter what, how about it? Just follow me in the future!” Xiaohuo’s words shocked everyone. Fortunately, Leng ruoxue and the others had strong tolerance and were used to it. However, Mo Yan’s jaw almost fell off!

Oh my God! Did these words come from the mouth of a little snake? Mo Yan had never thought that he would hear such words from the mouth of a seemingly innocent Beastie. This was really out of his expectations. However, when he remembered that this little red snake belonged to that little pervert Leng ruoxue, he quickly understood. As the saying goes, like master, like beast.

“You’re also a companion beast?” Little Mo stared at Lil “fire for a long time before opening his mouth in disbelief. He really didn’t expect that he would actually see a companion beast like him. It should be known that natural treasures that could have companion beasts were rare, so he never thought that he would actually have the opportunity to meet one. Therefore, although Lil “fire’s words were a little arrogant, it still felt very kind.

“Of course. However, I’ve lived much longer than you, and my partner Xiao Sen can already transform. This little fellow beside you is still not good enough!” Lil “fire said in understanding. From the moment it came out, it knew that this little black snake’s strength was not as good as its own. Therefore, it wanted to give this little black snake a warning so that it could follow it in the future.

“It’s very difficult to transform. I’ve been working hard on my cultivation. At the same time, we also have to avoid the pursuit of humans. That’s why I’ve never been able to transform.” Little Mo said a little sadly.

“Hehe! As long as you follow me in the future, I guarantee that it won’t be long before your Little Star can transform.” Xiaohuo made a solemn vow.

### **Chapter 1045: Companion beast (3)**

“Really?” Little Mo’s face was full of disbelief. If he had heard correctly, this little red snake should be the human woman ‘S. So, what he didn’t understand was how he was going to follow the little red snake! It did not like humans!

“Of course, but you have to follow this woman. Only she can help your Little Star.” Fiery said again.

“I don’t trust humans.” Inky refused. For so many years, he had been hiding with Little Star and had seen many people, but he had never met a good human. Therefore, over the years, his impression of humans had become worse and worse.

“Do you believe me?” Xiaohuo’s eyes widened as he loudly questioned.

“I ... I believe you, but I don’t believe in humans!” Xiao mo paused for a moment before continuing.

“What if I tell you that women are good humans? Do you believe me?” Xiaohuo asked again with its eyes wide open.

“I ... I’ll believe you!” Under the threatening gaze of Lil “fire, Lil” mo said a little fearfully.

“Then take your Little Star and leave with the woman!” Lil “fire was extremely domineering, directly making the decision for Lil” mo.

“She really won’t hurt Xiaoxing?” Inky asked, a little uncertain.

“I can guarantee that your Little Star will not die.” Lil “fire said slyly. It knew that the woman was looking for Black Star grass to save people, and she would definitely need Black Star grass. Therefore, that little grass would definitely be injured, but at least it would not be life-threatening.

“I need to discuss this with Little Star.” Inky said hesitantly. After that, he crawled to the side of the Black Star grass and the two of them conversed in low voices.

After a long while.

Only then did Little Mo crawl back in front of little fire and nod his head as he said with a slight warning, “We agree. However, you must not kill Xiao Xing. Otherwise, I will not let you go.”

.....

Xiao mo was also very clear that humans would definitely need to use black Star grass, and these people would not be an exception. Therefore, his minimum requirement was for Xiao Xing to live. It did not matter even if she was slightly injured. At most, she would cultivate for a few more years to make up for the loss. However, once she lost her life, she would have nothing left.

“Don’t worry, we won’t kill Little Star.” Leng ruoxue quickly promised when she heard what Little Mo said.

“That’s good. ” With that, Xiao mo turned around and picked up the Black Star grass growing on a piece of black crystal with his mouth. He then slowly crawled towards Leng ruoxue.

“Little guy, what’s your name?” Leng ruoxue took the Black Star grass from the little black snake’s mouth and placed it into the bracelet. Then, she asked curiously, “Oh! If the Black Star grass was called Little Star, then could this little black snake be called little black? She couldn’t help but let her imagination run wild.

“I’m called Little Mo. ” The little black snake said softly.

“Hello, Little Mo!” Leng ruoxue looked at Mo Yan and tried to hold back her laughter.

When he heard the name of the little black snake, Mo Yan was extremely embarrassed. Especially when he saw Leng ruoxue and the others, he wanted to laugh but had to hold it in for his face, which made him even more depressed.

However, what made him even more speechless was that this perverted girl had actually obtained the Black Star grass and its accompanying beast without any effort. Sigh! It was really infuriating to compare people! This girl’s luck was a little too good!

And that little red snake, he had thought it was just an ordinary little beast! He didn’t expect it to be the companion beast of a heavenly treasure. However, he didn’t know what kind of heavenly treasure it was. Although he was curious, he wouldn’t ask if the little girl didn’t take the initiative to tell him.

“Yes, Hello. I want to be with Xiaoxing.” Little Mo pleaded. He knew that Little Star had been kept by the woman in front of him.

“Alright,” he said. Leng ruoxue nodded and with a change of mind, she placed Little Mo back into the bracelet.

“Little fire, are you going back?” Leng ruoxue asked as she looked at xiaohuo, who had completed his mission.

“Woman, you’re too much. You want to kick me away after you’ve used me!” Lil “fire’s eyes were filled with tears as it complained in an extremely dissatisfied manner.

“Uh!” After Leng ruoxue heard what xiaohuo said, a few drops of cold sweat dripped down from her forehead. She was secretly sighing in her heart. The innocent xiaohuo had become bad. She wondered who had taught him this!

“I’m going to stay outside,” After xiaohuo finished speaking, it automatically climbed onto Leng ruoxue’s wrist.

“Let’s go!” Leng ruoxue looked at xiaohuo and said helplessly.

“En!” Everyone nodded. They were all extremely relaxed now that they had found the Black Star grass.

After that, the few of them sat on the little Peacock and returned to fiery city.

When the two brothers, Liu Feng and Liu Yue, saw that Leng ruoxue and the other three had returned with Mo Yan, they understood everything. They naturally did not give Leng ruoxue and the others a good look when they realized that they had been deceived.

“Little fox, you lied to us!” Still in the courtyard, Liu Feng roared at the top of his lungs, as if he was afraid that no one could see his anger.

“When did I lie to you?” Leng ruoxue’s beautiful face was filled with innocence.

“You lied to us that you were in seclusion, but in the end, you left with Mo Yan.” Liu Feng said hatefully. These few days, he really thought that Leng ruoxue and the others were in closed-door cultivation! But in the end, she didn’t even stay in fiery city, which really infuriated him.

“They didn’t leave with me.” Mo Yan explained helplessly.

“Eh? Could it be that they ran away on their own? Then why are you two together?” Liu Feng’s face was filled with question marks, his brows were about to be knitted together.

“We met in the dark Canyon.” Leng ruoxue chuckled.

“Yes.” Mo Yan nodded.

“And then you came back together? You haven’t gone to the abyssal swamp yet, right? Did you find the Black Star grass in the dark Canyon?” Liu Feng asked a few questions in a row, causing Leng ruoxue and the rest to not know which one to answer first.

“Yes, we’ve been to the swamp and found Black Star grass.” Mo Yan said calmly. After being together with that little pervert Leng ruoxue for a few days, he could be considered to have broadened his horizons. Hence, he was now full of admiration for that little lass!

“You found the Black Star grass? You guys are really amazing!” Hearing that they had found the long-extinct Black Star grass, Liuyue immediately shouted in excitement.

#### **Chapter 1046: Companion beast (4)**

“Yes, I found it!” Mo Yan repeated. It was all thanks to Leng ruoxue’s little red snake that he was able to easily obtain the Black Star grass! Now that he thought about it, he felt that it was a little unbelievable. It seemed that it was easier to communicate with the same kind. If he had the chance, he would try it too.

“Give me the Black Star grass, I’m going to make the antidote.” Liuyue said excitedly.

“Uh!” Mo Yan was in a difficult position. The Black Star grass now belonged to the little girl, and it had developed intelligence. This was a bit difficult!

“I can’t give you the Black Star grass now.” Leng ruoxue had no choice but to speak up.

“Why? The sooner we refine the antidote, the sooner Leng Xiaoyu will be able to wake up.” Liuyue asked in confusion. They had gone through so much trouble to find the Black Star grass, wasn’t it to save Leng Xiaoyu? Now that he had found the Black Star grass, why couldn’t he do it?

"I need to talk to Black Star grass first." Leng ruoxue replied calmly and brought the four of them back to their room.

Looking at the backs of Leng ruoxue and the other three, Liuyue's handsome face was filled with question marks. She could not help but ask, "What do you mean by talk to the Black Star grass?"

"That Black Star grass has already developed intelligence. This little girl promised its companion beast that she would not take the life of the Black Star grass," Mo Yan explained in a low voice.

"Ah!" Liuyue screamed in disbelief. 'Ah!' Then, he was stunned ...

Oh my God! Even the sentient Black Star grass had been taken by this little fox! This ... This was a great opportunity! Why didn't he have such good luck? After he regained his senses, Liuyue could not help but feel a little depressed. To be honest, he was a little jealous of Leng ruoxue's good luck!

"Calm down," After Mo Yan finished speaking, he turned around and went to see his disciple.

Leng ruoxue and the other three went back to their room. Not long after, Feng Da and the rest followed them in and looked at their miss with anticipation. Leng ruoxue had no choice but to bring them into the bracelet as well.

In the bracelet.

.....

Xiao mo, who was extremely curious, was happily looking around in the medium. The Black Star grass had long been planted in the herb garden by Qing Jue. However, due to the toxicity of the Black Star grass, it could not be planted with other natural treasures. Therefore, Qing Jue had to open up a separate piece of land in the herb garden as the new home for the Black Star grass. The Black Star grass was also very satisfied with its new residence.

The sharp-eyed Little Mo immediately pounced on Leng ruoxue and the others when he saw them. He called out affectionately, "Woman, you're here!"

"Uh!" Leng ruoxue looked at the little black snake that was hanging on her body. She could not help but feel a few black lines sliding down her forehead. It had only been a few days, but this cute little black snake had been led astray by Lil "fire. He actually called her a woman! This was really the saying "one who is close to Vermillion is black"!

"Miss, is this your new Beastie?" Feng Da asked curiously. This was what everyone was thinking.

"It's a companion beast of the Black Star grass." Leng ruoxue explained.

"Argh! The Black Star grass actually has a companion beast!" Feng Da and the others were filled with disbelief. To them, the Black Star grass was too unpopular. They had never heard of it before, let alone thought that it could give birth to a companion beast. After all, they remembered clearly that their miss had said that only heaven-defying treasures would have companion beasts. Most of the treasures only had Guardian beasts, and there was a huge difference between Guardian beasts and companion beasts.

"You're not allowed to look down on Little Star!" Xiao mo understood the meaning behind Feng DA's words and was very displeased.

“Argh! I’m not looking down on it, I’m just a little curious.” Feng Da looked at the fierce little snake and quickly explained.

“Hmph!” Xiao mo snorted coldly and arrogantly ignored him.

“Uh! Miss, let’s go take a look at the Black Star grass!” Feng Da said a little awkwardly. Was he being looked down upon by a little snake?

“Let’s go!” Leng ruoxue held back her laughter.

The group of people arrived at the herb garden and found a small black grass in a corner of the herb garden. The grass had several star-shaped leaves, and after seeing them, the leaves actually shrank together as if they were shy.

Seeing the Black Star grass’s human-like actions, Feng Da and the others laughed happily.

“Hehe! This Black Star grass is quite cute!”

“Yup! You’re actually so shy, like a little girl.”

Everyone was talking at the same time. Green peach couldn’t help but reach out to touch the tender leaves of the Black Star grass. This action made the already timid Black Star grass even more shy.

“Don’t you dare bully Little Star!” “You’re courting death!” Xiao mo suddenly shouted. Everyone was stunned for a moment, then they couldn’t help but laugh.

“Hahaha!”

“Little black snake, we didn’t bully it! Please don’t misunderstand!” After laughing, the crowd quickly explained.

### **Chapter 1047: Hostage exchange (1)**

“Alright, everyone, stop laughing.” Leng ruoxue held back her laughter as she looked at Little Mo.

“Miss, this little black snake is quite cute.” Feng Da chuckled.

“Yes.” Leng ruoxue smiled and nodded. She then turned to Xiaoxing and said, “Little Star, my ancestor needs you to save his life. Can you give me two leaves?”

“Yes, yes.” Little Star nodded. It had already heard about this from big brother Qing Jue, so it was very willing to help this beautiful sister.

“Thank you, Little Star.” Leng ruoxue gently caressed Xiao Xing’s tender leaves as she expressed her gratitude. Actually, she was very clear that as long as she asked, Xiao Xing would definitely agree. After all, these spirits were extremely kind and knew how to repay kindness. This was also the main reason why she was unwilling to harm these spirits that had already developed intelligence.

“I’m very happy to be able to help big sister.” Little Star said a little shyly. It was very safe in this space, and no one would come to catch it. The spiritual energy here was very rich, so losing a few leaves was nothing to it. It could cultivate again very quickly.

With that, Xiaoxing shook her body gently and a few leaves flew towards Leng ruoxue.

Leng ruoxue used a Jade bottle to store a few small leaves and left the herb garden.

After getting out of the bracelet, Leng ruoxue went straight to Fu ran's room to visit old Grand Madame. Mo Yan and the others happened to be there as well, so she handed the Jade bottle containing the Black Star grass to Liuyue.

Liuyue took the bottle, opened it, and took a look. Then, she went to refine the pills in ecstasy.

"Has Yin rumei been up to anything these past few days?" Leng ruoxue looked at Liu Feng and asked calmly.

"Yin rumei came twice, and ruhua came a few times as well. However, I stopped them from coming. The person they wanted to see wasn't Leng Xiaoyu." Liu Feng said with a light smile.

"Uh! Then who are they meeting?" Leng ruoxue asked curiously. She couldn't help but think, damn Liu Feng, he actually kept her in suspense.

.....

"Yin rumei wants to see the disheveled old man, and ruhua wants to see you. The relationship between master and disciple has been very cold recently." Liu Feng said with some schadenfreude.

"Oh!" Leng ruoxue nodded and immediately fell into deep thought. Looking at the time, the flower-like medicinal effect should be taking effect soon! Hehe! Back then, she was afraid of arousing suspicion, so she used chronic drugs, and the effects of chronic drugs were better.

"Little fox, why would ruhua want to see you?" Liu Feng didn't understand, his handsome face was full of question marks.

"You have to ask her! How would I know?" Leng ruoxue was a little speechless. She wasn't around, alright? Liu Feng didn't ask about the person involved, but why was he asking about her instead?

The two of them were chatting casually when the Butler suddenly announced loudly from outside the door, "Miss Leng, ruhua is here again."

"This is really speaking of the devil, the devil's way!" Leng ruoxue couldn't help but sigh. They were just talking about ruhua when that woman came. She must have heard about her and Mo Yan entering the city and immediately came looking for them. However, she was quite curious about ruhua's purpose.

"Miss Leng, do you want to see her?" Seeing that Leng ruoxue had not responded for a long time, the Butler could not help but ask again.

"See! Of course he had to see her! I can't let him down, can I?" Leng ruoxue laughed evilly. She then turned to Liu Feng and Mo Yan, "I'm going to see her!"

"I'll go with you," Mo Yan stood up and said.

"Alright," he said. Leng ruoxue nodded and the two of them walked towards the living room.

## **Chapter 1048: The confrontation (2)**

“You ... You want to go back on your word? This child is senior brother Xiao Yu ‘s, and it’s none of your business.” Although ru Hua was a little scared, she still insisted that the child was Leng Xiaoyu ‘s. Hmph! She didn’t believe that these people would dare to do anything to her. After all, she was Yin rumei’s disciple. Although their relationship had been very cold recently, she believed that her master would still dote on her and stand up for her.

“Since miss ruhua is so sure, I have nothing more to say. Butler, see the guest out!” Leng ruoxue could not be bothered to waste time with ruhua. After she finished speaking, she stood up and left the front hall.

Once she left the front hall, Leng ruoxue saw Feng Da and the rest standing at the entrance. They seemed to be eavesdropping. When they saw her coming out, they immediately went up and surrounded her.

“Miss, this ru Hua is really shameless. We can’t let her off.” Feng Da quickly said.

“Yup! Miss, I’ve never seen such a shameless woman before!” Green peach also echoed, her beautiful face full of contempt for ru Hua.

When ru Hua walked out of the front hall, she happened to hear everyone’s evaluation of her. She couldn’t help but shout, “How dare you say that about me!”

“Idiot!” Everyone said in unison. After that, they all turned and left, not even bothering to look at ru Hua.

Everyone returned to Fu ran’s room. Liu Feng curiously asked ru Hua why she had come. He found it unbelievable because he didn’t expect ru Hua to do something like this. Such a woman was actually the armament Guild’s main target of cultivation. It was really embarrassing for the Guild.

Thinking of this, Liu Feng couldn’t help but say to Mo Yan, “I think we can cancel all of ru Hua’s treatment. If other forces find out that we have such a blacksmith in the headquarters, we’ll be laughed at!”

“Yes.” Mo Yan nodded in agreement. It was time to take action against the extremely shameless ruhua.

“The medicinal pill has been refined.” Just as everyone was angry over ru Hua’s matter, Liuyue ran in from outside and brought good news.

“That’s great, hurry up and feed it to Xiao Yu!” Mo Yan quickly said.

“Alright,” he said. Liuyue walked to the side of the bed and took out a black pill from her ring, stuffing it into Leng Xiaoyu’s mouth.

.....

Not long after, Leng Xiaoyu, who had been unconscious for several days, finally woke up.

When Leng Xiaoyu opened her eyes and saw the room full of people, she knew that she couldn’t hide this matter. She couldn’t help but glare at Fu ran, who was standing by the bed.

“It’s none of my business ...” Fu ran whispered, feeling wronged.

“Cheap ancestor, you have no right to blame others now. However, since you’ve just woken up, I’ll let you off for now. You can rest for two days! We’ll slowly settle your score.” Leng ruoxue said with a smile that was not a smile. Her heart was at ease now that her cheap old ancestor had woken up. However, what followed was anger. She really did not expect that the shrewd Leng Xiaoyu would actually fall for a woman’s scheme! So what if he was scheming! He didn’t come to her immediately after being poisoned, which led to the poison spreading deeper!

With that, Leng ruoxue left Fu ran’s room with Feng Da and the others without looking back.

“Uh! What does little Xue ‘er mean?” Leng Xiaoyu was a little confused. However, the sense of danger in her heart was gradually deepening. Wuu ... Why did this happen?

“Grandpa, you’re on your own!” Leng qianye gloated. It was not that he did not want to help his grandfather, but he was actually quite angry about this matter. However, he could not hit or scold his grandfather, but little Xue ‘er did not have such a person! Therefore, he was happy to watch a good show.

“Xiao Yu, take care!” Fu ran also said with a little sympathy.

Mo Yan and the others kept sighing, but their eyes were filled with a desire to see chaos.

“Master!” Leng Xiaoyu looked at Mo Yan with a pleading gaze, the meaning behind it was self-evident.

“Xiao Yu, I can’t deal with that little pervert of yours. You can’t hide from him, so you have to find a way to deal with him!” Mo Yan said with a smirk. After he finished speaking, he even pulled the two brothers out of the room to find a place to have fun!

“Uh!” When Leng Xiaoyu saw that only Fu ran and Leng qianye were left in the room, she said pitifully, “You guys aren’t going to help me?”

“I’m sorry, Grandpa! We can’t help you.” Leng qianye said with certainty. In fact, he would like to teach his grandfather a lesson if he could to make up for their anxiety during this period of time.

“Xiao Yu, you’ve occupied my room for so long, it’s about time you return it to me.” Fu ran reminded.

“Uh! What do you mean by that?” Leng Xiaoyu’s handsome face was filled with question marks.

“You’ve been unconscious for more than half a month. It was ruoxue, Sir Mo Yan, and the others who found the Black Star grass that saved you and cured your injuries.” Fu ran explained.

“Half a month? Why was I unconscious for so long?” Leng Xiaoyu asked in disbelief. She had never thought of this answer.

“Your poison was already too strong. When I went to look for ruoxue to get the antidote, you were already unconscious. However, ruoxue couldn’t cure your poison either. It was Sir Liuyue who said that Black Star grass was needed to cure you, so they went to look for it. They just returned from the abyssal swamp today.” Fu ran said.

Even though ruoxue and Mo Yan did not go into detail about how he went to find the Black Star grass, he knew that it would not be so easy to find it. Hence, he was happy to see Leng Xiaoyu being taught a lesson. Otherwise, it would be difficult to appease ruoxue’s anger, and Xiao Yu indeed deserved to be

taught a lesson. Now, as long as he thought about how he had promised Xiao Yu to keep this a secret, he would deeply regret and blame himself. If he had let ruoxue know about this earlier, Xiao Yu would not have fainted.

"It seems that I should be taught a lesson. Actually, I just didn't want them to worry. I didn't expect that I would overreach myself." Leng Xiaoyu reproached herself.

"What's the use of saying all this now? you should think about how to calm ruoxue down! That's right, just now ruhua came to my door and said, 'she wants to marry you!'" Fu ran reminded her excitedly. Now that Leng Xiaoyu had woken up, his mood relaxed, and he even started to joke.

### **Chapter 1049: The confrontation (3)**

"What?" Leng Xiaoyu's eyes were wide open as she asked in disbelief. F \* ck, did he hear wrongly? That woman still had the face to say that she wanted to marry him! Unless he was dead, he would rather marry a pig than that woman.

"Ruhua is pregnant with your child. You're going to be a father. Grandpa, I'm going to have an uncle who's much younger than me." Leng qianye said with a straight face. However, he was laughing inside because he knew how his grandfather would react when he heard the news. Leng Xiaoyu did not disappoint him.

"This ... This is impossible! I haven't even touched a single finger of hers, how could she have my child? This is definitely slander. Damn it, she actually dared to make me the scapegoat. I won't let her off. " Leng Xiaoyu roared in anger.

"Grandpa, calm down." Leng qianye consoled her immediately.

"I can't stay calm. F \* ck, I've never been wronged like this before!" Leng Xiaoyu was so angry that she was on the verge of exploding. She was even spewing vulgarities.

"Grandpa, you've just been detoxified. You should rest well! We can talk about these things slowly!" Leng qianye reminded her helplessly.

"Alright, let me know if ruhua is coming." Said Leng Xiaoyu after she calmed herself down. His body was still a little weak and he should rest well.

"Yes." "Yes," Leng qianye replied and left the room with Fu ran. Now that his grandfather had woken up, there was no need for anyone to guard him in the room. It would make his grandfather uncomfortable.

Two days later.

Leng Xiaoyu's body had already recovered to its original state. At this moment, he was sitting in the living room, waiting for the crowd's interrogation like an uneasy child.

"Ask whatever you want! I promise I won't hide anything. " After a long while, Leng Xiaoyu saw that no one had any questions, so she could not help but say, "woo...If they had scolded me, I might not have been so nervous, but now that they're not saying a word, it makes me feel very uncertain."

"Since old forefather has spoken, then tell me how you were poisoned first!" Leng ruoxue said with a straight face on purpose.

“Actually, I don’t know when I was poisoned. That day, ruhua asked me to send her home and said that this was her last request and that she wouldn’t bother me anymore. I didn’t think much about it and agreed. However, not long after I arrived at her place, I felt uncomfortable, so I left despite her protests. Later, when the medicine took effect, I found a Cold Spring to suppress the medicine, but it only eased a little. After I returned to my residence, I came straight to Fu ran.” Leng Xiaoyu explained simply.

.....

“And then you asked Fu ran to ask me for the antidote. You didn’t even allow him to tell us that you were poisoned, did you?” Leng ruoxue continued.

“Uh! Yes, I don’t want you to worry. ” Leng Xiaoyu said awkwardly.

“That’s just one aspect. In addition, you also feel that you’ve lost face.” Leng ruoxue understood. She was very clear that Leng Xiaoyu was a proud person. She naturally did not want too many people to know about this. However, it was also because of this that the best time for the treatment was delayed.

“Little Xue ‘er, you don’t have to be so direct!” Leng Xiaoyu said, a little embarrassed.

“It’s the truth! And it’s a fact that we all know. ” Leng ruoxue answered honestly.

“Uh! Little Xue ‘er, what do you plan to do?” Leng Xiaoyu gathered her courage and asked. She knew that little Xue ‘er would not let him off so easily. He was already prepared to receive his punishment.

“I haven’t thought about it yet. I’ll tell you when I think about it.” Leng ruoxue laughed evilly.

“Little Xue ‘er, don’t be like this!” Leng Xiaoyu said, a little scared.

“I’m fine!” Leng ruoxue chuckled. Suddenly, the Butler’s voice rang out from outside the hall.

“Miss Leng, ruhua is here again. Rumei came with her.” The Butler said with some fear.

“Let’s bring them to the front hall!” Leng ruoxue took a look at Leng Xiaoyu, then spoke to the Butler outside the hall.

“Yes.” The Butler wiped the cold sweat off his forehead and replied, Oh my God! His little heart was still beating nervously!

“Cheap old ancestor, do you want to come with us to meet the master and disciple?” Leng ruoxue chuckled as she asked.

“Alright!” Leng Xiaoyu’s face was cold as she stood up from her seat and said fiercely.

“In that case, let’s go together! Let’s see what the master and disciple are up to. ” Leng ruoxue said with a smile that was not a smile. She had decided to attack and no longer wanted to play hide and seek with them. It was time to reel in the net.

“Yes, yes.” Everyone looked like they were watching a good show. In reality, even if Leng ruoxue didn’t take the initiative to talk about this, they would have eavesdropped on her.

Then, everyone went to the front hall together.

At that moment, Yin rumei was sitting in the front hall with a stern face. She looked unhappily at the uneasy housekeeper standing not far away. Anger welled up in her heart. Damn it, where did that wretched servant girl find such an insensible housekeeper? she had been here for so long, but he didn't even tell her to pour her a cup of tea!

In fact, how could she know what the Butler was thinking? The Butler didn't want to see this pair of master and disciple the most. Every time they came uninvited, he was the one who was unlucky. Because every time these two women left, Feng Da and others would give him a bad look, which made him feel uneasy!

However, Yin rumei could tolerate this cold treatment due to her status, but ru Hua didn't have so many concerns.

"Butler, don't you know how to pour a cup of tea for the guests?" Ru Hua's face was filled with displeasure. She had worked so hard to please her master and make her stand up for her again. She couldn't anger her master because of this blind housekeeper!

"I'm sorry, miss ruhua, there's no more tea." The Butler said apologetically.

"What about the water? Don't tell me there's no water left!" Ru Hua shouted in anger.

"There's no hot water either. Do you want some well water?" The Butler asked with a sincere expression.

"You ..." Ru Hua was so angry that she couldn't speak. F \* ck, how dare he make the master and disciple drink well water? he really didn't want to live!

#### **Chapter 1050: The confrontation (4)**

"Miss ruhua, be careful of the child in your stomach. Pregnant women shouldn't be too agitated." The Butler quickly reminded.

"Damn it, how did you know about this?" Ru Hua was furious. She didn't think that even a servant would know about her.

"This ... Everyone in our courtyard knows about it! As the Butler, I have no reason not to know!" "Of course!" The Butler said matter-of-factly. However, he was also very disdainful of ruhua's actions. This ruhua really treated Leng Xiaoyu as a steamed bun! He did not know where this bastard came from, but he actually blamed it on her Excellency Leng Xiaoyu.

"You ... I won't let you off." Ru Hua threatened. Although she wanted to use this matter to threaten Leng Xiaoyu and the others to achieve her goal, she did not think that everyone would know about it. After all, she was not prepared to keep this child.

"Who won't miss ruhua let go of?" Leng ruoxue, who had been here for a while, suddenly spoke. Following which, everyone walked into the front hall.

"Miss Leng, miss ruhua said that she won't let me off because we all know that she's pregnant with her Excellency Leng Xiaoyu's child." The Butler bowed respectfully and complained.

“Oh! Ruhua, it’s a good thing to have a child. Why did you kill him? Could it be that this child’s background is unknown and he can’t be seen?” Leng ruoxue teased with a half-smile.

“How is that possible? this is senior brother Xiao Yu’s child.” Ru Hua said with certainty.

“Oh, really? How come I didn’t know that I could have children with you? Don’t tell me that as long as you’re infatuated with a certain man, you’ll have his child?” Leng Xiaoyu, who was standing in the crowd, suppressed her anger and questioned him.

“Senior brother Xiao Yu! You ... When did you come back?” Ru Hua was shocked and asked in disbelief. Wasn’t Leng Xiaoyu not in yanhua city? When did he come back?!

“Don’t bother about when I came back. Let me ask you, how did you get pregnant with my child?” Leng Xiaoyu asked in an unpleasant tone.

“This is your child. Are you trying to deny it?” he said. Ru Hua said firmly.

“Then when did we get it?” Leng Xiaoyu asked, suppressing her anger.

.....

“It was that day. We had it that day!” Ru Hua said calmly.

“Oh, really? Butler, please send someone to invite Yao Yuan over!” Leng ruoxue ordered with a smile. The moment she finished speaking, her face turned pale.

“Invite him for what?” Ru Hua roared in anger.

“Of course I’m inviting him over for a confrontation. Do I have to invite him over for a meal?” Leng ruoxue laughed mockingly.

“What does this have to do with Yao Yuan?” At this moment, Yin rumei, who was sitting on the main seat, couldn’t help but ask. She had a bad feeling about this.

“You’ll know when he arrives. Also, vice guild leader Yin, as a guest, isn’t it a little inappropriate for you to sit on the seat of the host?” zhang xuan asked. Leng ruoxue chuckled as she asked.

“Hmph! This is the courtyard of our armament Guild headquarters. If we are talking about guests, it should be you.” Yin rumei said with a disapproving smile.

“Is that so?” Leng ruoxue asked calmly, her beautiful eyes involuntarily drifting towards Mo Yan.

“Vice President Yin, since the courtyard has been given to them, it’s theirs. You should give up your position!” Mo Yan understood and spoke directly. His words naturally made Yin rumei quite angry.

“Mo Yan, why are you siding with an outsider!” Yin rumei shouted, not caring about her image.

“I’m not! To me, you’re the outsiders.” Mo Yan said helplessly, thinking to himself that the master and disciple were similar in that they did not treat themselves as outsiders!

At the same time, Yao Yuan was also invited by the Butler. Rather than saying ‘invite’, it would be better to say that he was deceived. Because, the person who was sent over told him that miss Leng wanted to see him, so he came over obediently.

When he arrived, Yao Yuan realized that Yin rumei and her disciple were also there. This made his heart tighten!

However, he still pretended to be calm and said to Leng ruoxue, "I wonder what is the matter, miss Leng, that you are looking for me for?"

"Of course, I'm here to confront you." Leng ruoxue said indifferently.

"A hostage? What confrontation?" Yao Yuan's face was filled with question marks. He had been very honest recently and hadn't done anything.

"Of course it's about your relationship with ruhua." Leng ruoxue laughed evilly.

"Uh! I have nothing to do with ruhua. Miss Leng, don't listen to other people's nonsense!" Yao Yuan quickly denied it. At the same time, his eyes would occasionally sneak a peek at Yin rumei's reaction! He still had use for that old woman! I can't let her misunderstand!
