Chapter 1221: The fleeing rhinoceros (1)

“Yes, I don’t like him!” Xiao Xiao nodded its little head and said very seriously. It was a pity that it was too small now and was no match for this half-orc. Otherwise, this half-orc would be a great supplement for beasts! “If I can eat him, I might be able to become an adult directly,” it couldn’t help but secretly think. However, it was also very clear that this beautiful sister would not allow it to treat this half-orc as food, so it could only covet it in its heart.

“Is it your instinct to dislike him?” Leng ruoxue asked curiously.

“En, that’s right. Us pure-blooded beasts do not like things that have human blood in them. Thus, he is also an unwelcome existence in the beast World. If it were not for his strength, he would have been eaten by other beasts long ago. I think that’s also the reason why he’s hiding here and not daring to stay in the divine world.” Xiaoxiao said.

“Little thing, what do you know? mixed-bloods are very precious, so you can’t have any ideas about him! “Otherwise ...” Leng ruoxue did not finish her sentence. However, she believed that with this little fellow’s intelligence, he would understand what she meant. Although this little fellow had just been born, he was a very smart little fox!

“Yes, yes. No matter how much I hate him, I don’t dare to have any ideas about him. Sister, you have to believe me. We soul-gnawing beasts are the most trustworthy.” Xiao Xiao quickly raised its paws and promised. Its cute little appearance made it seem as if it was a sin if others did not believe it.

“Xiaoxiao, of course we believe you. So, don’t let us down!” Feng Da also warned. After being with this little thing for a few days, they knew its nature very well. Therefore, they had to make things clear. Otherwise, if this little thing attacked the half-orc one day when they were not paying attention, who would they go to get him back? Oh! Who asked this little guy to be so gluttonous!

“I won’t. I can guarantee it with my soul-gnawing beast’s personality.” Xiaoxiao raised its little paws and said with a wronged expression. Wu...Why didn’t anyone believe it? It was an honest and good child, really!

“We’ll believe you for now. Stop pretending to be pitiful. ” Master ning said with an evil smile. Hehe! With this beautiful half-orc, this little thing might not be the most favored one! Therefore, he was in a very good mood. As long as he thought about how this little thing had been constantly fighting with him for his favor these past few days, his heart would itch with hatred. He wanted to strangle this little fellow to death.

“I’m not pretending to be pitiful. ” Xiaoxiao pouted and explained in a low voice.

“It’d be a wonder if there wasn’t! Hurry up and eat. If you don’t eat, you’ll be hungry later!” Master ning reminded.

“Argh! I want to eat them, these are all mine. ” When Xiaoxiao heard this, it immediately jumped off Leng ruoxue’s shoulder and used its tiny claws to gather all the food in front of it. It looked like it was

protecting its food and kept using its claws to stuff food into its mouth. Its cheeks were bulging from the food. Seeing this, everyone could not help but laugh.

“Xiaoxiao, eat slowly. No one’s snatching it from you!” Leng ruoxue was a little speechless. Why did this little thing seem to lose its life the moment it saw food? sigh! How long had it been hungry for?

“Yes, yes.” Xiaoxiao nodded her head, but she had no intention of stopping stuffing food into her mouth.

Seeing this, Leng ruoxue and the others were truly helpless. However, they would not be calculative with a little baby, much less snatch its food.

Looking at Xiaoxiao wolfing down the food, and then looking at Zi Yu’s elegant manner as she ate, everyone suddenly felt that they were both beasts, but why was there such a big difference?

After the meal, Leng ruoxue decided to set up camp by the small stream Zi Yu was in. Who asked her to have the thought of abducting this Merman?

After taking out the house and fixing it on the empty ground, everyone entered. However, Leng ruoxue saw that Zi Yu had not moved and could not help but ask curiously, “Why don’t you go in? Do you want to go back into the water?”

“Can I ... Can I go in?” Zi Yu asked expectantly. He had never thought that Leng ruoxue would have such a divine weapon in her possession. He was once a human, so he naturally knew that it was not easy to refine a divine weapon that could accommodate a person. However, at this moment, he only thought that Leng ruoxue was from a large family clan and had come out to train.

“Of course you can, come in quickly!” Leng ruoxue chuckled.

“Yes, thank you.” Zi Yu said gratefully. He had been away from human society for too long, so his desire for these things was unimaginable to others.

“Ziyu, you don’t have to be too polite with us. Let’s go! I’ll ask Feng Da to arrange a room for you.” Leng ruoxue laughed.

“Alright,” he said. Zi Yu nodded, then followed Leng ruoxue and the demon into the house.

After instructing Feng Da to arrange a room for Zi Yu, Leng ruoxue pulled the evil demon back to her room. The moment they entered the room, the evil demon immediately pulled Leng ruoxue into his arms and said with a dissatisfied expression, “I’m jealous.”

“Uh! Why are you getting Jealous Again?” Leng ruoxue was a little speechless as she tried to recall. She didn’t seem to have done anything that she shouldn’t have.

“You’re too focused on that Zi Yu, so I’m jealous.” The demon said in jealousy.

“I didn’t! Don’t wrong me.” Leng ruoxue sighed softly and said helplessly.

“You still say you don’t have it? You even asked Feng Da to arrange a room for him personally, Hmph! He’s just a fish, it’s enough for him to live in the water, why does he need to live in a room! It’s best if the fish doesn’t leave the water.” The demon said a little unreasonably.

“Hahaha! To be honest, I asked Feng Da to arrange a room for him because I wanted to make him my subordinate. As for the water, are you suggesting that I should get him a water room?” Leng ruoxue purposely twisted the demon’s words as she laughed evilly.

“Don’t even think about it!” The demon growled in a low voice and hugged Leng ruoxue even tighter.

“Silly girl.” Leng ruoxue touched the demon’s head and came to this important conclusion.

“However, that little fish’s aptitude is not bad. Moreover, the beast that inherited the beast bloodline was once very powerful. It’s a pity that it went extinct a long time ago. Otherwise, if we could find a female beast, we might be able to reproduce the glory of that race in the past.” The demon said again.

Chapter 1222: The fleeing rhinoceros (2)

“Uh!” Leng ruoxue was taken aback. She couldn’t understand why the evildoer would be dragged into this. A female? She didn’t like to arrange the marriage for her subordinates or Beastie. Matters of the heart should be left to nature.

“Hehe! It’s decided then. We’ll help him find a female so that he can restore the glory of his race.” The demon said with a proud smile. The more he thought about it, the more he felt that his idea was not bad. After all, he had to kill his future love rival in the cradle. Only then would little Xue ‘er be safe!

“Demon, let’s go to sleep!” Leng ruoxue wiped away the cold sweat on her forehead and changed the topic.

“Yes.” The demon nodded. Following that, Leng ruoxue brought the two of them into the bangle.

The next morning.

Leng ruoxue and the rest left the room and arrived at the garden. However, they realized that there were already people in the garden.

A devastatingly beautiful man was sitting on a chair in the garden, and opposite him, on the stone table, was a furry, snow-white little beast. The little beast’s eyes were as black as ink, and they were emitting a hot glow like the sun. Saliva was dripping from the corner of its mouth, wetting the soft fur around its mouth ...

Seeing this scene, everyone’s foreheads could not help but be filled with black lines. They were all deeply speechless. Xiaoxiao actually drooled at Zi Yu. However, everyone knew that Xiaoxiao was definitely not mesmerized by Zi Yu’s beauty. Instead, she had treated the beautiful Zi Yu as food.

At this moment, Zi Yu was also staring at Xiao-Xiaoyan with a trace of playfulness in her eyes. She said indifferently, “You really want to eat me?”

“Yes, I do.” Xiao Xiao was very honest. What use did it have if it wanted to? its sister wouldn’t allow it. Moreover, if it wanted to eat this half-orc, it wouldn’t be able to do so without its sister’s help. It couldn’t defeat this half-orc now, let alone eat him. So, it could only look at him and satisfy its craving. Oh ... How sad and pitiful it was!

“Hehe! You’re honest, but you can’t eat me now. ” Zi Yu reminded.

“I know. That’s why I’m only looking. I’m not eating!” Xiao Xiao’s eyes were filled with tears as she said pitifully.

“You’re pretty cute, little thing. ” Zi Yu stretched out her hand and gently stroked the soft fur on Xiao Xiao’s body.

“Don’t touch me. I don’t like you. ” Its small body writhed and struggled non-stop. Unfortunately, in Zi Yu’s eyes, it was just a small child who didn’t pose any threat.

“I do like you. I once had a puppy that was about the same size as you. However, it was killed by my clansmen when it tried to save me.” Aside from his parents, that little dog was his best friend. Although dog-type beasts had a very low status in the beast Realm, they were the easiest to tame in the eyes of humans. Furthermore, they were extremely loyal, unlike some beasts with noble bloodlines who looked down on ordinary humans.

Even after he had become a half-orc, the puppy still stayed by his side and gave him the only warmth. At that time, even his parents had despised him, but his best friend had not.

However, his best friend had been mercilessly killed by his own clansmen. However, he could not avenge his friend. This was his greatest regret. Sometimes, he even felt that he was too useless. Unfortunately, he was too weak. Moreover, his identity in the divine world would be condemned by everyone. If Beastie found him, it would not let him go either. He was not afraid of death, but he wanted to avenge his friend. Therefore, he had to keep his life.

“Damn it, I’m not a dog!” When Xiao Xiao heard that he was being mistaken for a dog again, he couldn’t help but roar angrily. Then, he opened his small mouth and bit Zi Yu’s finger fiercely. Immediately, blood flowed out along the teeth marks he made.

“Have you sucked enough? You little vampire. ” Zi Yu said in a pampering tone. Not only did this little thing bite him, but it had also sucked his blood. Sigh! His blood wasn’t that easy to suck, and he couldn’t help but think to himself with some evil intentions.

“Your blood is quite delicious.” Xiaoxiao let go of her mouth and licked her lips as if she had not had enough. However, why did it feel dizzy? Could it be that it got drunk after drinking some blood?

After she finished speaking, Xiaoxiao swayed her little body, lowered her head with a plop, and fell asleep.

“What’s wrong with Xiaoxiao?” Seeing that Xiaoxiao had fainted, Leng ruoxue and the rest walked over and could not help but ask curiously.

“It drank my blood.” Zi Yu explained with a faint smile.

“Uh! Does your blood have a hypnotic effect?” Leng ruoxue asked in shock. She had seen from afar that Xiaoxiao was still alive and kicking. It had only been a short while, and she had actually fallen asleep. It was truly unbelievable.

“Almost! However, after this little thing awakens, it shouldn’t have any more enmity towards me.” Zi Yu said with a mysterious smile.

“Oh! Then you’re safe.” Leng ruoxue laughed evilly and thought to herself, “did Zi Yu intentionally get Xiaoxiao to bite me?”

When Xiaoxiao slowly woke up and saw Zi Yu again, she was indeed much closer to him. Moreover, she stuck to Zi Yu all day long, making everyone extremely puzzled. They all wondered in their hearts—could it be that eating a little of his blood was so useful?

After staying here for a few days, Zi Yu had become familiar with everyone. Sometimes, she would even take the initiative to chat with them. Moreover, the feeling of being with them made Zi Yu feel very comfortable. One must know that even in the past, when he was in the family, he had never been so relaxed. However, after knowing that they would leave here tomorrow, his mood became low.

“Do you guys have to leave tomorrow?” Zi Yu said, full of reluctance.

“Yup! We’ve been staying here for a few days, and we’d like to go to other places. Besides, we’re not far from here. If you miss us, you can come to us!” Leng ruoxue chuckled, obviously playing hard to get.

Feng Da and the others also said that they welcomed him as a guest, and no one suggested for him to join their team.

“Oh!” Zi Yu nodded, feeling very conflicted in his heart. In fact, he really wanted to leave with them. For so many years, he had never met anyone who didn’t reject him. He also wanted to have friends, but ever since his bloodline returned to its ancestor, this kind of thought had become an extravagant hope. However, none of them had said that they wanted him to leave with them, so he was embarrassed to ask. He was afraid that they would reject him.

Chapter 1223: The fleeing rhinoceros (3)

Looking at Zi Yu’s conflicted expression, Leng ruoxue knew that this fellow was tempted. Hence, she decided to strike while the iron was hot.

“Actually, if you’re willing, you can leave with us. After all, you’re quite lonely here.” Leng ruoxue chuckled.

“Aren’t you afraid of being implicated by me?” Zi Yu was a little hesitant. It was good to be with them, but once he thought of his identity, he couldn’t leave with them so easily, although he really wanted to.

“What’s there to be afraid of? Whoever dares to provoke us is courting death!” Feng Da said loudly.

“That’s right, Ziyu. Don’t be afraid. I will protect you.” Cuizhu patted her chest and promised.

“I’m just afraid that you’ll be implicated by me. Since you’re not afraid, I’ll go with you.” Zi Yu said very seriously.

“Okay, let’s go then. By the way, go and pack your things. We’ll wait for you outside.” Leng ruoxue said after some thought. When she said outside, she was naturally referring to outside the house.

"I don't have anything to pack," Zi Yu said, a little embarrassed. He had only been cultivating and sleeping, so he had not saved anything.

"Then let's just go!" Leng ruoxue said. After everyone had left the house, she kept the house and everyone left the place, heading towards the second place that Xiao Xiao had sensed danger from.

The second location wasn't far from here, so they arrived in less than an hour.

Leng ruoxue was speechless as she looked at the desolate land in front of her. Why was this place so different from the place where Zi Yu had stayed previously? If the place where Zi Yu lived was a scenic spot with picturesque scenery, then this place was a desolate desert.

"Miss, this place ..." Feng Da looked at the bare yellow land in front of him and did not know what to say. He never knew that there would be a barren land in the forest! This was truly unbelievable.

"There isn't even a tree here. Are there any beasts living here?" Lu Tao's face was also filled with curiosity. At this moment, not even a blade of grass could be found in front of them. She could not believe that any Beastie would be willing to stay here.

"There are." Zi Yu nodded. He didn't expect that they would actually come here. If it wasn't necessary, he wouldn't be willing to come here.

"Uh! You know about it?" Feng DA's face was full of surprise. However, after thinking about it, he didn't find it strange anymore. After all, Zi Yu had lived in this forest for many years. It was normal for her to know some beasts.

"I've once fought with the Beastie that lives here. That Beastie is very strong. As for what kind of strength it has now, I'm not very sure." Zi Yu said with a frown. He had fought with that Beastie many years ago. At that time, he had won with great difficulty. After that, they had not met again.

"What kind of Beastie is it?" Leng ruoxue asked curiously.

"It was a giant rhinoceros. At that time, its strength was comparable to mine, but its defense was very high. So, we fought very hard and I won with great difficulty." Zi Yu explained.

"Oh." Leng ruoxue finally understood.

"Miss, since there's only one giant rhinoceros here, do we still want to go in?" Feng Da could not help but ask.

"Of course, we have to let it know who the real owner of this place is! I don't want any beasts to cause any trouble in my territory." Leng ruoxue said with a faint smile. She was trying to get the rhinoceros to behave. After all, a rhinoceros had a very short temper. However, she didn't intend to kill the rhinoceros.

"Hehe! Miss, let's go in then!" Feng Da laughed evilly. He loved to teach people and beasts a lesson.

"Yes." Leng ruoxue nodded. Following that, the group headed towards the giant rhinoceros 'lair.

Leng ruoxue and the rest walked past the barren land and came to a cave. According to Zi Yu, this should be the lair of the giant rhinoceros.

“Young miss, this cave seems to be quite old. I don’t know if the rhinoceros is still inside. If it’s not, then we’ve come here for nothing.” Feng Da couldn’t help but remind him.

“Since we’re already here, we naturally have to go and take a look.” Leng ruoxue said very seriously. She did not want to make a wasted trip, so since she was here, she had to get to the bottom of this.

“Then I’ll go down and take a look. If that rhinoceros is inside, I’ll force it out.” Feng Da said after thinking for a while.

“No need to go down, I have a way to force it up.” Zi Yu stopped Feng Da, who was about to jump into the hole.

“Oh! I’ll leave it to you then.” After Feng Da finished speaking, he gave up his seat.

“Yes.” Zi Yu nodded, and then, he began to gather water attribute divine power in his hand. When the water attribute divine power in his hand was about the size of a blue ball, he threw the big water ball directly into the hole ...

“This is enough?” Feng Da asked, a little dumbfounded. He had only thrown a water ball into the cave, and the giant rhinoceros would run up by itself?

“Yes.” Zi Yu nodded and then explained, “Giant rhinos don’t care about hygiene, so they hate water the most. As long as they come into contact with water, they’ll definitely be furious ...”

Before Zi Yu could finish her sentence, everyone heard a deafening roar coming from the entrance of the cave, “Damn it, who dares to throw a water ball into this King’s Cave! Grandpa won’t let you off!”

As soon as the roar ended, everyone saw a black shadow scuttle out of the hole and land in front of them. However, it was not a giant rhinoceros, but a mimicked small rhinoceros.

This little rhinoceros’s body was as black as ink, and it had a pair of large bronze-like eyes. At this moment, it was glaring fiercely at Feng Da and the others. However, when its gaze landed on Zi Yu, it couldn’t help but roar loudly, “So it’s you, you dead fish! Why did you bring so many humans to my place? Are you trying to take revenge on me? I was the one who was beaten up last time! Can you be clear about this!”

The little rhinoceros was so angry that it was about to explode. It admitted that it had provoked this guy for no reason, but didn’t it also learn its lesson? Why did he bring so many people to find trouble with it now? this was too much! How could he let the rhinoceros live? It was getting angrier and angrier, and the more it thought about it, the more pitiful it felt. How could it have such a petty and vengeful neighbor? Wuwu ... A bad guy who helped others while helping others. At this time, in the little rhinoceros’s heart, it had already used all the words it could think of on Zi Yu.

“Did I say I’m here to take revenge?” Zi Yu said, a little speechless. This rhinoceros was really too uncultured. It didn’t even give them a chance to speak before it started to roar loudly. It was really impolite.

“Then what are you doing here? You even threw water into my cave. Don’t you know that I hate water the most?” The little rhinoceros glared at him with its big eyes and roared unhappily.

“I just wanted to call you up. Otherwise, I wouldn’t have just thrown a small water ball.” Zi Yu reminded.

“Oh! That’s true!” The little rhinoceros thought for a moment and felt that Zi Yu’s words were not without reason. However, it was still very angry, because it hated water too much. Water was simply its natural enemy.

“Then why did you call me up here?” Although it was still a little dissatisfied with Zi Yu’s method of calling it up, it could already calm down a little.

“I didn’t call you, it’s my family’s young miss.” Zi Yu pointed at Leng ruoxue. Ever since he had decided to leave with Leng ruoxue and the rest, he had considered himself Leng ruoxue’s subordinate.

“Oh! Human, why did you call me up?” The little rhinoceros glared at Leng ruoxue and asked.

“I just want to inform you that this nightmare forest is now my territory, and you are a resident of my territory. So, you must follow the order of the territory and not do anything that will harm my territory.” Leng ruoxue said directly.

“Your territory? On what basis?” The little rhinoceros understood that the entire forest, including the place it was living in, belonged to the human in front of it. So, this human was here to declare his sovereignty. However, it had lived here for so long, why should it give up its place to a human? No matter how it thought about it, it felt that it was unfair.

“Just because I’m the master of this place, if you want to continue staying here, then you’d better behave yourself and not cause any trouble. Otherwise, don’t blame me for being impolite!” Leng ruoxue warned.

“Hmph! I’ve lived here for so long, but I’ve never heard of this place having an owner. I won’t admit it.” The little rhinoceros turned its head and said arrogantly.

“You don’t want to admit? I’ll make you admit it.” After Leng ruoxue finished speaking, she gave Feng Da and the rest a look. Feng Da and the rest understood her meaning and immediately surrounded the little rhinoceros, giving it a good beating.

By the time the little rhinoceros reacted, its body was already covered in wounds. If it wasn’t for its thick skin, it wouldn’t have been able to withstand the group of barbarian humans. Feng Da and the others also knew the thickness of the rhinoceros ‘skin, so they didn’t show any mercy.

Not long after, the little rhinoceros was beaten until it cried out in pain, “You bunch of barbarians, what’s the point of ganging up on me? if you have the ability, fight me one-on-one!”

“One-on-one? Do you think we’re stupid? I’m going to fight you one-on-one, and you’re not dead yet! I’m afraid we’ll be exhausted to death. Also, whose grandfather are you? You dare to call yourself a grandfather in front of your father? who else should I beat up if not you?” Feng Da said as he punched. The divine power in his hand gathered in his fist, and he hit the rhinoceros again and again.

“Argh! I’m angry!” The little rhinoceros roared and suddenly disappeared without a trace.

“Eh? Where was the rhinoceros? How did it disappear?” Feng DA’s face was full of question marks, and his eyes couldn’t help but drift to Zi Yu.

“It ran away,” Zi Yu’s forehead was filled with black lines. These people actually forced that arrogant rhinoceros to use its ultimate move. They were really powerful! Moreover, when he saw the miserable state of the rhinoceros, he couldn’t help rejoicing. It was fortunate that he hadn’t fought with them like this silly rhinoceros. Otherwise, wouldn’t the rhinoceros’s fate be his?

“It managed to escape under our tight defense. It seems like it has some ability!” Feng Da praised.

“Beasts basically all have life-saving tricks, and the move that the rhinoceros used just now is one of its own talents. In a situation where it can’t beat its opponent, it can be said to have tried and failed time and time again. It once used that move against me.” Zi Yu said with a light smile.

“Oh! What should he do now? We actually let that sly rhinoceros escape. We were too careless.” Feng Da said in a very vexed manner.

Chapter 1224: Rhinoceros battle (1)

“If you run away, you can only force it back up. However, that rhinoceros is very cunning. It knows that it can’t beat you, so I’m afraid it won’t come up so easily this time.” Zi Yu said with understanding. Then, she threw a few large water balls into the cave. However, there was no reaction at all in the cave. It could be seen how firm the will of the giant rhinoceros was. It had made up its mind not to come up.

“F * ck! Didn’t it hate water the most? Why didn’t it roll up after so much water was poured down?” Feng Da roared in anger. What a cunning creature. Although the rhinoceros looked stupid, he didn’t expect it to be so scheming.

“I quite admire its patience. He’s a Beastie who can accomplish great things.” Leng ruoxue couldn’t help but tease when she saw Feng DA’s flustered and exasperated look.

“Miss, you’re still praising it? F * ck, I’ll go down and pull it up myself.” Feng Da said in anger. After he finished speaking, he was about to jump down again. However, this time, he was pulled back by Leng ruoxue.

“What’s the hurry? Look at how calm that giant rhinoceros is, you have to learn from it, you can’t be so anxious about everything.” Leng ruoxue advised.

“Oh!” Feng Da replied unwillingly, but he hated the giant rhinoceros to death in his heart. When the giant rhinoceros came up, he would beat it up so badly that even its mother wouldn’t be able to recognize it. The premise was that it had to have a mother.

“Miss, what should we do now? That damn rhinoceros is not coming up.” Feng Da couldn’t help but ask.

“Continue to fill it with water. There’s not enough water now, so of course it won’t come up.” Leng ruoxue laughed evilly. Now that there was still space for the giant rhinoceros to live in the underground cave, it was naturally unwilling to come up and throw its life away for the sake of its safety. However, what if it could no longer stay down there? At that time, it would have no choice but to remember.

“Yes.” Under Leng ruoxue’s command, everyone with the water attribute threw water balls into the cave. Not long after, the water in the cave slowly surged up. After throwing water balls for a while, the water had already overflowed the cave and flowed towards the other flat ground ...

“It’s almost time, let’s stop!” Leng ruoxue chuckled and asked Zi Yu, “Is there any other exit in this giant rhinoceros’s cave?”

“No, this place is surrounded by mountains and hard rocks, so the giant rhinoceros can only come out from here, unless it would rather wait for death than come out.” Zi Yu said with a smile, but in his heart, he couldn’t help but break out in a cold sweat. He was once again shocked by these people’s big spending. Oh my God! If it was a giant rhinoceros, and the cave had been filled with so much water, it would have come out to surrender long ago. How could it still hide in the cave? When he thought of this, he was somewhat impressed by the rhinoceros’s patience.

However, as soon as he finished speaking, he saw a black shadow scuttle out of the hole. It was the flustered and angry black mimicked rhinoceros.

The little black rhinoceros was floating in the air, staring at them with its eyes burning with fire. They stared back at it, not to be outdone. Both sides stared at each other for a long time before the little rhinoceros opened its mouth angrily and said, “Despicable humans, you actually destroyed grandpa’s home. You really deserve to die! I won’t let you off!”

With that, the little black rhinoceros suddenly grew to the size of a small mountain before it stopped growing.

When Feng Da and the others saw this, they couldn’t help but laugh, “I say, little Rhino! Do you think that your mimicry appearance is too small and not enough for us to beat up, so you want to make it bigger so that it’s more convenient for us to attack? You’re so considerate!”

“It is! You’re such a considerate Beastie, we’ll definitely love you well.” Everyone spoke at once, angering the giant rhinoceros that was floating in the air.

“Detestable! How detestable! Grandpa is so angry! I’m going to kill you all!” The giant rhinoceros roared in anger. After that, it swooped down from the sky and attacked Feng Da and the others ...

However, Feng Da and the others were not in a hurry. They just casually added a layer of defense in front of them and waited for the giant rhinoceros to walk into the trap.

After the giant rhinoceros landed from the sky, it swept its huge, thick tail, trying to sweep Feng Da and the others away. However, it did not expect to hit nothing, which made it even more angry.

“Cunning humans, don’t hide if you have the guts.” The giant rhinoceros roared in anger.

“Eh? Little rhinoceros, you’re wrong! You’re clearly only allowing the state officials to light the lamps, not allowing the commoners to set them on fire! You can use your talent to escape, but we can’t hide. What kind of logic is this!” Feng Da retorted sarcastically with a look of disdain on his face. However, his words made the giant rhinoceros furious, and all the new and old grudges surged up.

“Is that the same? I only have myself, but you have so many people. If I didn’t run, I would have been beaten into meat paste by you, Hmph! Fight me one-on-one if you dare!” The giant rhinoceros provoked.

“We’ll have a one-on-one just because you said so! That would be so embarrassing for me, and also, little rhinoceros! If you still call yourself Grandpa, I’ll beat you up until your Grandpa can’t recognize you!” Feng Da warned.

“You dare! If you have the ability, come and beat me up! Hmph! I’m not afraid of you!” The giant rhinoceros said stubbornly, its bull-like temper rising.

“Hehe! You’re the one who asked us to beat you up, so don’t cry!” Feng Da said with a smirk. Then, he gave his brothers a look, and everyone understood and attacked the giant rhinoceros.

Feng Da and the others divided the work and worked together, attacking from top to bottom. Fists and divine skills flew out at the same time, all of which smashed into the giant rhinoceros’ body, causing it to cry out in pain again ...

“Despicable humans, you dare to gang up on me again! “Ah!” How detestable!” The giant rhinoceros cried out in pain, but unfortunately, no one paid any attention to it, much less felt any heartache.

“Did we say we wouldn’t gang up on you? We are one entity, and there is no distinction between us. Therefore, we will naturally share our blessings, our difficulties, and our fights!” Feng Da explained with a smile.

“Hahaha! That’s right!” Cheng Wu also laughed out loud. The divine skill in his hand smashed towards the giant rhinoceros as if he didn’t care about his life. As he smashed, he didn’t forget to stuff medicinal pills into his mouth to replenish the divine power he had used up. It couldn’t be helped, this giant rhinoceros’ skin was too thick. They had to fight a long battle.

The master of the ning family and the great elder, who were watching the battle from the side, could not help but feel embarrassed when they saw Feng Da and the others’ shameless fighting style. They thought to themselves, “a fight can actually be fought like this, sigh!” Why are these Little Rascals so wasteful? They had lived for so long, but they had never seen anyone force medicinal pills into their mouths while fighting. What a prodigal!

Chapter 1225: Rhinoceros battle (2)

When other people were fighting, it was not bad to be able to eat a medicinal pill to replenish their divine power. But they threw large amounts into their mouths. It really made people envious, jealous, and hateful!

And those who had similar thoughts as them naturally included Zi Yu, who had opened his eyes. He had lived for so long, but he had never seen anyone eat medicinal pills in this way. Could it be that medicinal pills in the immortal realm were not worth much now?

Actually, this was mainly because he had not been with Leng ruoxue and the rest for long. Hence, he naturally did not know that Leng ruoxue’s subordinates and the beasts would eat pills for fun when they had nothing to do because they tasted pretty good.

As for Liu Feng, Mo Yan, and the others, they were much calmer, because in their eyes, whatever these people did was normal. Even if other people thought that it was incredible, it was normal for them to do it.

When Bing Yao saw this, he praised Feng Da and the others, and he couldn't help but cheer for them, "Hehe! Come on, boys, don't embarrass your miss and me! Beat this little rhinoceros to the ground, Wu! The rhinoceros skin is quite good for making armor."

"Despicable humans, you actually want to use grandpa's skin to make armor. Grandpa is really angry! "Ah!" I'm angry!" When the giant rhinoceros heard Bing Yao's words, it couldn't care less about the pain and couldn't help but roar.

"Uh! You're angry? So you weren't angry before!" Bing Yao said in realization.

"Little rhinoceros, show me your anger. I've never seen an angry rhinoceros before!" Bing Yao urged. After that, he took out a piece of red cloth from somewhere and spread it in front of him.

"Come quickly! I have your favorite red color, come on! Come quickly!" Bing Yao continued to urge him and got into position, ready for the bull fight.

When Leng ruoxue saw her senior brother's actions, beads of sweat started to fall from her forehead. She thought to herself, 'could it be that senior brother has been to my previous world?' Otherwise, how would he know to use red cloth to fight Bulls? However, not all Bulls liked to be beaten, right? Moreover, she had never heard of anyone using a red cloth to fight a rhinoceros. That was a rhinoceros, okay?

"Hehe! Bingyao is quite funny." The demon at the side couldn't help but laugh when he saw this.

"Yup!" Leng ruoxue wiped away the cold sweat on her forehead and said helplessly. This was not the first time she had seen her senior brother's antics.

Just as Leng ruoxue finished her sentence, the Furious giant rhinoceros only said two words, "Detestable!" He found a chance to pass Feng Da and the others, and pounced on Bing Yao ...

However, it naturally ended up pouncing on nothing.

Bing Yao turned around elegantly, then shook the red flag in his hand at the giant rhinoceros. "Little rhinoceros, come on! I have faith in you!"

"Detestable!" The giant rhinoceros's nostrils were exhaling white air as it continuously kicked the ground with its huge hooves. Then, a 'Whoosh!' Sound was heard. Then, he charged towards Bing Yao, but he missed again.

"Damn human, don't hide if you have the guts." The giant rhinoceros saw that it had missed its target twice, and the anger in its heart began to rise. In addition, Feng Da and the others were staring at it from the side, which made it feel even more pressured. Its innate life-saving skill could not be used frequently, so it could only fight them head-on now. Fortunately, its skin was rough and thick. Otherwise, if it were any other beast, it would have been tortured to death by them long ago. These abominable humans, abominable humans! It couldn't help but curse in its heart.

“Little rhinoceros! Do you know the rules? if I don’t Dodge, can I still be called a bullfight? Bullfighting, bullfighting, the one I’m fighting is naturally you. If I were to be beaten by you, wouldn’t I become a laughingstock?” Bing Yao laughed evilly.

“Bull fight? Damn it, you actually think I’m a bull? Detestable!” The giant rhinoceros’s bell-like eyes narrowed in anger. The two streams of white gas that came out of its nostrils became even more intense. This also meant that it was even more furious.

“You’ve always been awesome!” Bing Yao said angrily.

“I’m not a bull!” The giant rhinoceros roared in anger. In order to prove that it was different from the other Bulls, it charged towards Bing Yao again ...

Bing Yao laughed to himself. This silly rhinoceros, you still dare to say that you’re not a bull? if you’re not a bull, then why are you always running to my side? I don’t have any grass for you to eat.

Just like that, the giant rhinoceros charged at Bing Yao again and again. Although it failed every time, it was not discouraged. It worked hard with an indomitable spirit until it was too tired to run anymore. However, when it lay on the ground and panted heavily, its big eyes were still staring at Bing Yao fiercely. Now, its hatred for this man who was as pretty as a gigolo had surpassed Feng Da and the others.

Bing Yao saw that the giant rhinoceros was so tired that it fell to the ground, and consoled it considerably, “Little rhinoceros, rest well. Don’t be in a hurry to get up. I will wait for you.”

“Hmph!” The giant rhinoceros turned its head and decided not to look at it anymore. Otherwise, it would become the first rhinoceros in the godly mainland to be angered to death! It didn’t want to become a huge disgrace to the rhinoceros clan.

“Little rhinoceros, don’t ignore me! Come, be good! Talk to me!” Bing Yao saw the giant rhinoceros turn its head and couldn’t help but smile and open his mouth to coax.

However, his words did not receive any response.

Feng Da and the others were all speechless, but they still admired Bing Yao. As expected of her miss’s senior brother! They had been beating it up for so long, but they hadn’t been able to cause much damage to the little rhinoceros. However, Bing Yao just took out a piece of red cloth and shook it a few times, and the silly rhinoceros was so tired that it fell to the ground. It was unbelievable.

In fact, what they didn’t know was that the rhinoceros was tired, but more than that, it was angry. It was both tired and angry, so the rhinoceros fell.

“Little rhinoceros, quickly get up and continue playing with me! It’s rare for me to see a bull, so you can’t disappoint me!”

“Little rhinoceros, don’t be lazy, quickly get up! Otherwise, I’ll kill all the female rhinos in the forest and make sure you can’t find a wife!”

“Little rhinoceros! Quickly get up! If you continue to be lazy, I’ll make sure you can’t be a male beast! Let’s see how you’re going to carry on the family line after I kill you, Hmph!”

Chapter 1226: Battle of the rhinoceros (3)

?

Bing Yao saw that the rhinoceros was ignoring him, so he had to coax and threaten it. However, he had already told it that it would not be able to find a wife and he even said that he would kill it. The rhinoceros was still playing dead, which made him a little angry.

When everyone heard what Bing Yao said, cold sweat started to drip down from their foreheads. They thought to themselves, "strong!" What a strong man! Looking at this immortal-like man, how could he say such evil words? This was truly too inconceivable. Could this be the so-called 'you can't judge a book by its cover'?

In fact, the giant rhinoceros on the ground did not want to ignore Bing Yao, but it was so angry that it could not speak. It was known that a beast like it cared the most about the mother beast and the continuation of its family line. However, this despicable man in front of it wanted to take away both of them. It was really unbearable, but it could not beat him. Wuu ... What should it do? The giant rhinoceros kept thinking and thinking in its heart, but it still couldn't think of a good way to deal with this man. So, at this time, it was quite depressed.

After thinking for a long time, the giant rhinoceros's strength had almost recovered. It opened its eyes and saw that everyone had found a place to sit down and rest. No one was paying attention to it, so it wanted to sneak away. Wuu ... It couldn't beat these people, but it should be fine to leave this place, right? Although it had lived here for a long time and had deep feelings for this place, it was still outnumbered! If it continued to stay here, it might be killed by that hateful man. This was the thing it cared about the most, so for the sake of its descendants, it should leave as soon as possible!

At the same time, the giant rhinoceros had already started to move. It was quietly crawling on the ground, crawling and crawling! When it felt that it had crawled far away, it stood up from the ground and prepared to escape.

However, its every move was seen by everyone, and when they saw the hill-like behemoth moving on the ground, they did not remind it that it was too big for it to sneak away. Instead, they watched as the smiling giant rhinoceros rubbed against the ground like a snail ...

"Young miss, when do we take action? this self-conceited little rhinoceros is about to escape!" Feng Da was speechless as he looked at the Rhino's clumsy movements. He didn't know what to say. He had never seen anyone who wanted to escape and still maintained such a huge body. It was impossible for people not to notice it in this state! Al! He was really helpless. Could he say that this little rhinoceros was smart for a while, but confused for a lifetime?

"Don't worry, let it crawl for a while. Aren't you touched to see it so careful?" Leng ruoxue chuckled and teased, haha! This rhinoceros was really too funny. She really didn't know how it thought of this. She looked at this little rhinoceros's actions and almost laughed in her heart.

"Don't worry, it won't be able to run away. It'll know that everything it has done has been in vain." Bing Yao said mysteriously. He was happy to see the little Rhino run away.

“Uh!” Seeing that they were so confident, Feng Da was happy to continue watching the show. He believed that the young lady would not let the little rhinoceros run away.

The Little Giant rhinoceros sneakily crawled for a while, thinking that its actions were very secretive and that no one had noticed it. It was secretly happy in its heart, but suddenly it felt as if it had hit something. It raised its head and found that there was a thin, almost transparent film in front of it. It stretched out a fingernail and poked it. The film was very elastic and couldn't be broken no matter what. Wu...What the hell was this? how could it be like this?

The little rhinoceros wanted to cry but had no tears. It was very unwilling in its heart. Could it be that everything it had done had been in vain? No! It had crawled so far with great difficulty, and it definitely couldn't give up halfway. It had to leave this place and stay far away from these terrifying demons!

While he was thinking, the giant little rhinoceros used the horn on its head to hit the film, but the film did not break at all, not even a ripple was left. However, the little rhinoceros would not give up easily, it used the horn on its head to hit the film again and again ...

After a long time, the transparent film was still intact. Seeing this result, the giant small rhinoceros was furious. F * ck, those humans bullied it, and this thin film also bullied it. It's really too hateful, Hmph! It didn't believe that it couldn't break this damn thing!

The little rhinoceros was furious. The consequences were very serious. It gathered all its strength into its horn and then rushed towards the thin film ...

The membrane in front of the little Rhino was extremely elastic and extremely tough. The little Rhino's momentum was completely reflected back, and with a loud 'Dong' sound, the little Rhino that had been reflected back fell heavily to the ground ...

“Uh! How pitiful! How painful is this!” Cuizhu couldn't help but click her tongue when she heard the loud noise. However, she quite admired the patience of the little rhinoceros. If it were her, she would have turned around and left.

“It's fine. Its skin is thick, so it won't be damaged.” Lin Yuan, who was at the side, said with a smile.

“Miss, when are we going to see it?” Feng Da also asked.

“I'm waiting.” Leng ruoxue said with a smile.

“Alright,” he said. Feng Da nodded, and the crowd continued to watch the show.

The giant little rhinoceros was more stubborn than they had thought. After its first attempt failed, it quickly got up from the ground and continued to attack. From this, it could be seen how determined it was to escape. However, the more it wanted to escape, the more it couldn't. The thin film seemed to be deliberately going against it. No matter how much strength it used, it couldn't break it.

Half a day's time passed by very quickly. Leng ruoxue and the rest had seen enough of the fun, so everyone started to prepare lunch.

The giant little rhinoceros, who was still struggling with the transparent film, felt even more hungry after smelling the fragrance of the food. Its stomach also growled. It knew that it was hungry!

The giant little rhinoceros, who was as tired as a dead dog, turned its head when it smelled the fragrance of the food. It just happened to see the humans that it hated so much eating and drinking, and it was even angrier.

F * ck! These abominable humans were actually eating! It was still hungry! How could they eat? the more the little rhinoceros thought about it, the more it felt that it wasn't right. It was so impulsive that it strode over to Leng ruoxue and the others with its four pillar-like thick legs. At this moment, it had even forgotten its original intention, and it didn't even remember that it wanted to escape.

"Despicable humans, how can you eat in front of your Grandpa! He was really too evil! I'm confiscating the food now!" The giant rhinoceros had forgotten its fear and its goal. In its eyes, there was only the hot and fragrant food. In its heart, it was constantly shouting, "I want to eat!"

"Why can't we eat in front of you? Aren't you planning to escape? You still care if we eat or not!" Leng ruoxue teased. This rhinoceros was really interesting. Why was it so naive?

"How did you know that I was trying to escape?" The giant little rhinoceros was shocked and quickly asked, "Wu ... Could it be that my thoughts have been discovered by them?" That's impossible, right? It thought it had done it flawlessly, so how could it have been discovered? These cunning humans must be trying to trick it, they must be! It couldn't help but think that it was self-righteous.

"Weren't you trying to escape just now?" Leng ruoxue chuckled as she asked.

"No! Of course not, why would I run away? You've misunderstood me!" The little rhinoceros quickly denied it. Wu ... Even if you beat it to death, it would not admit it! I'll never admit it!

"Then you committed suicide just now?" Leng ruoxue's beautiful face was filled with question marks.

"My head is a little itchy." The little rhinoceros said blindly. Wu ... It looked like they really saw it. What should they do? It seemed that it could only deny it.

"Itchy head? Do you need my help?" Leng ruoxue asked with a smile that was not a smile. That beautiful smile on her face caused a chill to run down the little rhinoceros's spine.

Wuwu ... Bad guy! Scoundrel! He was scaring it again! Although it was a little afraid of these humans, it was not scared! The little rhinoceros thought to itself with a backbone. However, the words that it blurted out did not have any backbone at all.

"No, no need! I can handle it myself. You just have to give me the food now. I'm confiscating it!" The little rhinoceros's words were soft at first, but the more it spoke, the more stubborn it became. Perhaps it was because it was too hungry, it couldn't care about anything else. In any case, at this time, there was only the fragrant food in its eyes.

"Confiscated? Why? If we give it to you just because you want it, then we'll lose face." Leng ruoxue said, amused.

“This is my territory. If you eat on my territory, I have every reason to confiscate it!” The little rhinoceros thought for a long time before it said, thinking that it had sufficient reason. Eating on its territory and craving it, Hmph! It was really detestable.

“Little rhinoceros! Do you still remember that I told you before that this entire forest, including the three mountains around it, now belongs to me? so, we’re not on your territory, but mine. So, from now on, you have to listen to us.” Leng ruoxue reminded him with a smile.

“On what basis? I’m the king of this mountain, and I’ve always been the one in charge here!” The little rhinoceros roared. It had been King and Lord here for many years and no one had dared to find trouble with it. Now, this human was actually telling it to listen to her. This was absolutely not allowed!

“I’m in charge Now. If you’re still not convinced, then we’ll settle it with force.” Leng ruoxue laughed evilly.

“Force? Good! Martial strength is fine, but you can’t fight in a group. I request a one-on-one fight! I want him to fight me one-on-one!” The little rhinoceros raised its huge hoof and pointed at the immortal-like Bing Yao. This hateful man had treated it like a bull for so long. If it didn’t take revenge, it wouldn’t be a rhinoceros. It swore to avenge the rhinoceros clan!

Seeing the little Rhino’s choice, everyone’s expression was very strange. They didn’t know what to say.

Al! Poor little rhinoceros! You didn’t use this little trick in the right place! He actually chose the strongest one among them. Wasn’t this clearly looking for a beating? Moreover, this person was its own choice. If it lost, it wouldn’t dare to go back on its word, right? Everyone secretly sighed to themselves.

“Are you sure you want to have a one-on-one fight with me?” Bing Yao looked at the proud little Rhino in surprise and confirmed.

Chapter 1227: Terrifying plant (1)

“Of course, I, your grandfather, want to fight you one-on-one!” The Little Giant rhinoceros said arrogantly. Hmph! It also wanted to fight this hateful man like how he had fought it just now. It wanted to let him have a taste of its power!

“Al! Since you insist, then I’ll have to respectfully comply. However, what if you lose?” Bing Yao asked with a helpless smile.

“I won’t lose.” The giant rhinoceros said confidently. It was a fourth class sacred beast, and the detestable man in front of it was a high level divine being, which was about the same as it. However, its defense was extremely abnormal, so it was very confident that it could defeat this pretty boy. However, when it really fought with Bing Yao, it realized that it had made a huge mistake.

“I like confident men or male beasts, come! Little Rhino, I won’t let you down.” Bing Yao smiled and walked out from the crowd. The man and beast stood face to face.

Bing Yao and the giant little Rhino stared at each other. Then, he took out the red cloth and spread it in front of him. The little Rhino was furious when it saw the red cloth.

“Damn it, who asked you to take out that cloth again? Quickly put it away! Don’t let this Grandpa see it again!” The giant rhinoceros roared angrily, its eyes as big as copper bells were wide open, and white gas was constantly coming out of its nostrils.

“Didn’t you want to fight me one-on-one? This is my weapon! Do you want me to fight you empty-handed?” Bing Yao smirked and asked calmly.

“Change your weapon, I don’t want to see that thing!” The little rhinoceros’s eyes were burning with fire as it roared.

“I’m sorry, I only have this one weapon. ” Bing Yao shrugged his shoulders and said innocently.

“That, that ...” The little rhinoceros was so angry that it couldn’t speak. More and more white gas came out of its nostrils. It was obvious that its anger had already risen.

“Then what? Little rhinoceros! Come quickly, I’m waiting for you here!” Bing Yao shook the red cloth in his hand and said to the little rhinoceros provocatively.

The little rhinoceros looked at the sea of red in front of it, and the blood in its body was completely stimulated.

Red! Red! It hated red the most, Hmph! I won’t let you off! At this time, the little rhinoceros’s heart was completely occupied by red, and it couldn’t think of anything else. The heat wave in its brain was also getting more and more, churning in its mind.

In an instant, everyone saw the huge little rhinoceros flying towards Bing Yao like an arrow. Bing Yao calmly shook the red cloth in his hand and did an elegant turn to avoid the collision of the giant little rhinoceros.

“Hiss ...” The little rhinoceros stopped its huge hooves and turned around to fly towards Bing Yao. Its huge hooves stirred up a cloud of dust on the ground. In the blink of an eye, everyone was covered in the dust.

Reading on Mybo xn o vel. com ,Please!

“Cough cough!” Everyone coughed a few times and quickly covered their mouths and noses to prevent themselves from inhaling too much dust. When the dust slowly dispersed, everyone released their hands from covering their mouths and noses and began to complain in unison.

“Damn little rhinoceros, you’ve gone too far. You actually want to choke us to death!” Lin Yuan was the first to speak indignantly.

“That’s right, it must have done it on purpose. ” Feng Da also agreed.

“Miss, let’s not let it go. Let’s skin it and make armor for each of us!” Feng Da suggested. Their voices were extremely loud, as if they were afraid that the angry little Rhino couldn’t hear them.

“I feel that this little rhinoceros is a good guard. With it guarding our door, those who don’t have eyes won’t dare to come and cause trouble.” Leng ruoxue played along.

“Yup! This little rhinoceros has quite a variety of uses, so let it look after our home first. When it’s old, we’ll skin it and make armor for us. Naturally, we will sell it. Young lady, what do you think of this arrangement?” After Feng Da heard Leng ruoxue’s words, he pondered for a moment before speaking again.

“Yes, it’s decided then.” Leng ruoxue agreed with a smirk.

Their conversation naturally entered the little rhinoceros’s ears without missing a word. The little rhinoceros, who was on the verge of collapse from the stimulation of red, heard their words again. The anger in its heart multiplied. In the blink of an eye, the original dark skin was faintly overflowing with red. It could be seen how angry it was.

However, it vented all its anger on Bing Yao. It was all this detestable pretty boy’s fault. Otherwise, how could it have the opportunity to be humiliated by these hateful humans? The little rhinoceros was filled with hatred. At the same time, it gathered all its power into its head and charged towards Bing Yao ...

When Bing Yao saw the little Rhino running towards him like a mad man, a beautiful smile appeared on his face. He jumped up and dodged the attack.

The little rhinoceros did not want to miss its attack, so it kicked another huge leg towards Bing Yao. Bing Yao saw it and grabbed the huge hoof with his hand.

“This hoof is quite fat. It should be delicious.” Bing Yao concluded after some observation.

“Damn human, let go of my foot.” The three-legged little rhinoceros roared in anger. “Woo...It doesn’t feel good to be unable to maintain balance. Damn human, I won’t let him off!”

“You were the one who sent your foot here, I thought you gave it to me! Oh! How can you make it taste good?” Bing Yao frowned and said with a conflicted expression.

“Despicable humans! That detestable pretty boy!” The little rhinoceros struggled with all its might, trying to pull its feet out of Bing Yao’s hands.

Ugh! When Leng ruoxue and the rest heard the words “pretty boy” come out of the little Rhino’s mouth, they knew that this was bad news. This little Rhino was definitely going to be in trouble because no man would like to hear these words. When they thought of this, they couldn’t help but look at the little Rhino with pity.

When Bing Yao heard the little Rhino’s words, his expression remained the same, but his eyes became even deeper. A beautiful smile hung on his face as he asked softly, “Did you just call me a pretty boy?”

“That’s right! It’s me, your grandfather, who said it! You pretty boy, let go of my foot!” The Furious little rhinoceros didn’t sense the approaching danger and still shouted.

Chapter 1228: Terrifying plant (2)

?

“Good! As you wish! I’m letting go. ” After he finished speaking, he waved his hand and the little Rhino’s Mountain-like body fell back. With a loud ‘Dong’ sound, the little Rhino fell on its back. Its four legs were

as strong as pillars, and it kept kicking. However, looking at the way it was moving, it would not be able to get up without help.

“Detestable! He’s really too detestable!” The little rhinoceros lay on the ground as steady as Mount Tai, its mouth still cursing non-stop.

“Little rhinoceros, you’re really too rude. I’ve already let you go, how can you still curse people!” Bing Yao said unhappily. Then, he raised his hand and an ice skill flew out from his hand, sealing the little Rhino’s mouth.

“Wuwuwu!” The little rhinoceros felt a cold sensation on its mouth, but it couldn’t say anything. It could only stare at Bing Yao with its big eyes.

“Little rhinoceros, this is your punishment for scolding me!” Bing Yao laughed. Then, he released a gust of wind from his hand, and the little Rhino that was lying on the ground was lifted up. After a somersault, it landed firmly on all four limbs. It finally didn’t have to lie on the ground with its four legs up.

After the little rhinoceros got up, its mouth was still tightly sealed in ice. It wanted to use its hooves to push the ice away, but it found that its hooves were a little too big to reach its mouth. This made it depressed. “Wu ... Damn human, you don’t dare to fight with me with real weapons, so you used these little tricks. You’re too despicable.” It couldn’t help but curse in its heart.

“Wuwuwu!” The little Rhino barked at Bing Yao, telling him to let go of her.

Seeing this, Bing Yao hit the little Rhino’s mouth with another red skill. The ice melted in an instant, but the red skill burned the little Rhino’s mouth again. It was so painful that it cried out.

“Argh! It hurts! It hurts! Damned human, you’re doing this on purpose!” The little rhinoceros stomped its feet in pain, but it couldn’t help but roar angrily.

“I did it on purpose, what can you do to me?” Bing Yao said with a calm smile.

“Damn it, do you dare to fight me with real weapons? Don’t use those little tricks anymore?” The little rhinoceros asked loudly.

“Little rhinoceros, you must not have heard that all is fair in war! What was a real sword and spear? What could be considered a small trick? In a battle, as long as you can win, you can use any means. You can’t blame anyone!” Bing Yao said with a look of disdain.

“Then, do you dare to do it for real with me?” The little rhinoceros asked with its eyes wide open.

“Little rhinoceros, I was just playing with you, but since you want to fight me seriously, then I’ll fulfill your wish!” Bing Yao chuckled.

“Good! Pretty boy! Little one, prepare to die!” The little rhinoceros roared and charged towards Bing Yao again.

Reading on Mybo xn o vel. com ,Please!

In fact, the rhinoceros's fighting methods were very limited. They were not good at skill attacks. They liked to use physical collisions, relying on their tyrannical bodies and super strong defense to wear down the enemy. This was the most common method of the rhinoceros clan, and often the most effective method.

However, it was a pity. If it was someone else, this attack might have worked, but it was against Bing Yao, a man that even the master of the ning family couldn't do anything to. Would he care about a little rhinoceros?

Facing the attacks of the little Rhino, Bing Yao only dodged left and right, and the little Rhino was already exhausted.

"Damn it, don't just hide, alright?!" Seeing that its attack was ineffective against the man in front of it, the little rhinoceros became even angrier.

"I won't Dodge. If I'm hit by you, I won't be able to keep my little life. Do you think I'm stupid?" Bing Yao said with a smile.

"If you keep dodging like this, how long are we going to fight?" The little rhinoceros was very depressed. Damn it, it couldn't even touch the corner of this man's clothes, but it had already exhausted itself to death!

"When you're exhausted and you admit defeat, I'll win!" Bing Yao said angrily.

"Good! Just you wait!" The little Rhino couldn't take it anymore. It raised its giant hooves and stomped on the ground twice, then gathered its strength and charged towards Bing Yao ...

"Little rhinoceros! Your attack is too simple. Do you know anything else other than crashing into people?" Bing Yao looked at the little rhinoceros and said unhappily.

"This is our rhinoceros clan's most effective attack method. If it wasn't to deal with you, I wouldn't have used my full strength! So, you should feel deeply honored." The little rhinoceros said with an arrogant look.

"Oh! Then I have to thank you!" This time, Bing Yao didn't Dodge. Instead, he put one of his hands on the Rhino's horn and blocked the attack with his bare hands.

"Little rhinoceros, I didn't dodge this time! You can't do anything to me either, can you?" Bing Yao asked with a smile.

"Despicable human! Quickly take your hand away!" The little rhinoceros's horn was grabbed by someone, and it was like its entire body was being controlled, making it very uncomfortable.

"Are you sure you want me to take my hand off?" Bing Yao asked.

"Quickly take it away." The little rhinoceros roared.

"Good! I'm taking it away." After Bing Yao finished speaking, he let go of the Rhino's hand. Everyone saw the Rhino jump into the air and flip a few times in the air. Then, it landed heavily on the ground with its head facing down. The ground was hit by the Rhino's huge body, and it created a deep pit.

Everyone's forehead was full of black lines. They walked to the deep pit and looked down. They saw the little rhinoceros's round big buttocks exposed outside, and most of its body was buried in the soil. After a long time, the little rhinoceros, half buried in the soil, was still motionless.

"He's dead? Ah! What a pity! I originally wanted to let it guard our house!" Feng DA's face was full of regret.

"Yup! However, it's good that they're dead. At least we have something to buy our armors." Lin Yuan also said.

"Its body is so huge. I think its meat can be sold for a lot of money!" Cuizhu said like a little money-grubber.

"Yes, miss, when are we going to get it out?" Feng Da asked, his face full of anticipation.

Chapter 1229: A terrifying plant (3)

?

"Don't worry, make sure it's dead. Can't you see its butt is still shaking?" Leng ruoxue laughed as she spoke. She was filled with sympathy for this unlucky rhinoceros. Why did it find its senior brother who liked to play pranks?

"Miss, let me help it!" After Feng Da finished speaking, he took out a dagger from his storage ring, aimed at the right position, and threw it at the little rhinoceros's round butt.

With a 'Puchi' sound, the dagger pierced into the flesh. The little rhinoceros, which was half-buried in the ground, actually struggled out from the ground due to the intense pain. However, its body and head were covered in dust, leaving only a pair of big eyes that were as big as copper bells staring at Leng ruoxue and the rest.

"Miss, has it been knocked silly?" Seeing that the little rhinoceros didn't speak for a long time, Lu Tao couldn't help but ask curiously. In her eyes, this little rhinoceros was a Chatterbox. It was really abnormal for it to not speak for so long.

"You're the silly one! Your whole family is dumbfounded!" Hearing green Peach's words, the little rhinoceros finally reacted and roared angrily.

"Little rhinoceros, didn't your mother teach you that trouble comes from the mouth?" Leng ruoxue asked with a faint smile. What a little fellow who couldn't see the situation clearly! Fortunately, it had met them. Otherwise, if it had been someone else, it would have become someone else's lunch.

"I don't have a mother!" The little rhinoceros said viciously. After that, it turned its eyes to its biggest enemy, Bing Yao, and roared, "Damn human pretty boy, you can't bully our rhinoceros clan like this."

"Then what do you want me to do? I'll give you one more chance!" Bing Yao said helplessly. He reached out and pulled the huge Rhino out of the pit and threw it on the ground.

The little rhinoceros got up from the ground and glared at Bing Yao before attacking again.

But this time, Bing Yao didn't want to play with it anymore. It was going to be dark if he continued playing, so he had to make this stubborn little guy convinced.

With that in mind, Bing Yao threw out both of his fists and hit the little Rhino's body. The little Rhino cried out in pain. Not long after, the Rhino's thick skin was covered in blood and its horn was broken into two.

After a long time.

Looking at the dying little rhinoceros on the ground, Bing Yao smiled and walked in front of it. He squatted down and asked, "Little rhinoceros, are you convinced now? Do you want to continue?"

"No... I don't want to, you're a pervert!" Although the little rhinoceros was unwilling, it was indeed not this pretty boy's opponent. Wu.....How could this pretty boy be so powerful? It had really misjudged. At this moment, it was so regretful that its intestines had turned green.

"You're calling me a pervert?" Bing Yao squinted his eyes, clearly unhappy. In fact, he felt wronged. He had only beaten the little rhinoceros a few times, how did it become a pervert? the real pervert was Leng ruoxue, okay?

"No! It wasn't! I mean, you're too amazing." The little rhinoceros quickly changed its words, its little heart trembling in fear.

"Then why are you still calling me a pretty boy?" Bing Yao asked again with a threatening look on his face. It was as if he was saying, "if you dare to call me a pretty boy again, I'll send you to hell."

"How can you be a pretty boy? How can there be such a powerful pretty boy like you!" The little rhinoceros said with tears in its eyes. Although it looked very similar, it couldn't help but add in its heart. But now, it knew that appearance could lie, it swore! In the future, it would never judge a book by its cover, that is, if it could still live.

"Then, do you still call yourself Grandpa?" Bing Yao continued to ask.

"I don't dare! I don't dare! You're my grandpas! You're all my grandpas!" The little rhinoceros said loudly without any backbone.

"Damn rhinoceros, who are you calling your grandfather?" When Lu Tao heard the term 'grandfather', she was obviously very dissatisfied.

"They are grandpas, and you are grandmas! This should be fine, right?" The little rhinoceros said with a crying face. Wu ... These people were really too difficult to serve.

"Pfft!" When Feng Da and the others heard the little Rhino's words, they could not help but laugh. However, green peach was even angrier.

"Damn it, who wants to be your grandmother!" Green peach was so angry that she threw the divine skill in her hand at the little rhinoceros 'body as if she did not care about her life ...

The poor little rhinoceros had never thought that it would be beaten up by a man disguised as a pretty boy, and now it was going to be beaten up by a tigress. It was so depressed that it wanted to vomit blood. Moreover, the injuries on its body were even more serious. Wu.....Who would pity it! Don't bully this vulnerable group of people.

After green peach had vented enough, the poor little rhinoceros was finally free. At this time, it was so weak that it couldn't even speak.

At this moment, Bing Yao took out a pill from his storage ring and stuffed it into the little Rhino's mouth. In the blink of an eye, the injuries on the little Rhino's body were completely healed, and the broken horn on its head grew back.

It stood up from the ground and looked at the people in front of it with vigilance and fear. It didn't dare to speak anymore. Just now, because of the word "grandmother", it had suffered another round of physical pain, so it had to learn from its mistakes. Wu ... It was really too pitiful. The little rhinoceros couldn't help but complain in its heart.

Bing Yao looked at the little Rhino's frightened face and couldn't help but smile."Little rhinoceros, do you still want to have a one-on-one fight with me?"

"N-no, I don't want to anymore. I'm really convinced!" The little rhinoceros quickly said. Its heart was filled with Endless Melancholy. It really missed home!

"Then tell me, who will you listen to in the future?" Bing Yao asked with a smile.

"I'll listen to you. From now on, I'll be your little brother. I'll do whatever you tell me to do. If you tell me to go east, I'll never go west. I promise I'll do what I say. Just let me go!" The little rhinoceros's eyes were filled with tears as it pitifully pleaded.

"We didn't plan to kill you. If you were so tactful, you wouldn't have to suffer this pain!" Leng ruoxue sighed softly and said with a hint of sympathy.

"Uh!" The little rhinoceros was speechless. Wu ... It didn't know that these people were so terrifying. Otherwise, it would have been well-behaved.

"Little Rhino, since you're convinced, we won't hold it against you for offending us before. However, I want you to remember who the master of this place is. You're only a citizen of my territory. In the future, you must obey the rules of my territory. Otherwise, don't blame me for being impolite!" Leng ruoxue warned.

"Yes." The little rhinoceros quickly nodded. Wu ... It was used to living here. Although it had the thought of leaving, it was still reluctant to leave. After all, it had deep feelings for this place.

"Then you can just stay here! Don't cause trouble! Take the food as compensation for your beating. Go and eat!" Leng ruoxue pointed at the food that was still steaming. After she finished speaking, she prepared to lead the group away from this place.

However, he had only taken a few steps when he was stopped by the confused little rhinoceros.

“Wait! That ... Didn’t you want me to guard your house?” The little rhinoceros asked in a low voice.

“I’m just teasing you. Our house is very safe. We don’t need Beastie to guard the house.” Leng ruoxue chuckled and left with the rest.

The little rhinoceros watched as everyone’s gazes left. It had an indescribable feeling in its heart. It had mixed feelings and was extremely complicated. Wu ... What was wrong with it? Why was he so dispirited?

It looked at its former home, which was filled with the water it hated the most. It was afraid that it would not be able to live in it for a short time. Then, it looked at the deep pit that it had smashed out. I’ll stay there for the time being!

At the thought of this, the little rhinoceros adjusted its state of mind and walked towards the deep pit. Of course, before it left, it naturally did not forget to destroy the food left behind by Leng ruoxue and the others ...

Leng ruoxue and the rest left the little rhinoceros’ residence and headed towards the next dangerous place ...

The next morning, they followed Xiaoxiao’s guidance and found the place that Xiaoxiao had said was dangerous.

This place was located in the southernmost part of the nightmare forest, quite a distance from the mountain where they lived. Moreover, compared with the little Rhino’s bare house, this place was much greener, although it was still not as good as Zi Yu’s.

The plants here were mainly grass, and trees were rare. They had never seen many of the plants here before. It was obvious that this was a kingdom of plants.

“Be careful, everyone.” Leng ruoxue reminded him. Then, she pulled the demon and led the way into the dangerous Plains.

As they walked, Leng ruoxue and the rest realized that there were more and more plants. Furthermore, they were all growing luxuriantly. The plants seemed to be very excited when they saw them, and they kept shaking their leaves.

“Are these plants welcoming us?” Lü Tao asked in confusion as she looked at the plants that were swaying in front of them.

“They’re welcoming us, but they’re welcoming us to become their food.” Leng ruoxue said with a faint smile. Her words gave everyone a huge shock.

“Uh! Miss, don’t tell me you mean that these plants want to eat us!” Feng Da said in disbelief.

“This is what I meant.” Leng ruoxue laughed nonchalantly. Then, she pointed at the grass not far away, indicating for everyone to look over.

Everyone's gaze followed the direction that Leng ruoxue was pointing at and saw that in the hidden underbrush, the color of the ground was dark red. Furthermore, there was also a hint of blood.

When everyone saw this, they suddenly felt nauseated.

"Miss, what's going on? Could it be that those grass are all carnivorous?" Feng DA's face was full of question marks.

"No, but there must be some carnivorous grass here. So, be careful." Leng ruoxue reminded him again.

"Yes." Everyone nodded. After seeing the dark red soil, they didn't dare to let their guard down.

The group walked all the way, and the deeper they went, the stronger the smell of blood became until they came to a place similar to a mountain stream. When they saw everything in front of them, they couldn't help but widen their eyes, their faces full of disbelief.

In front of them, there were vines of different sizes, many of which had several small animals tied up. The small animals' faces were filled with pain, and their blood flowed endlessly to the vines that trapped them. Some of the small animals kept struggling, but the more they struggled, the more firmly the vines bound them. In the end, they became the vines' food.

"Miss, are these man-eating vines?" Feng Da could not help but ask.

"It can be considered a type of man-eating vine! However, they're of a much higher grade than ordinary man-eating vines, and they've already developed intelligence." Leng ruoxue explained calmly.
