

Crazy Wife 1281

Chapter 1281: The busy Guild (4)

“What do you two think?” The leader of the second alliance turned around and looked at his two husbands.

“Alliance head, so what if he’s a direct descendant of the Chi family? Can a direct descendant of the Chi family kill someone from the ascender Alliance? If we treat this matter as non-existent just because he’s a direct descendant of the Chi family, how are we going to face the ascender Alliance in the future if word of this gets out? If Yuan Biao were to know about this, wouldn’t he make us laugh to death?” A man said with a faint smile.

“Alliance master, brother ran is right. We can’t just let this matter go, otherwise, how will you convince the public in the future? Our two alliances can’t be laughed at.” The other man said.

“You mean you want me to find that Chi family direct descendant to settle the score?” The leader of the second alliance asked uncertainly.

“Alliance master, we’re only giving you a suggestion. You’re the one who decides what to do. However, if we don’t pursue this matter because of the other party’s identity, I’m afraid the prestige of our second alliance will be lost in the future.” The man’s face was filled with worry. What he said was exactly what the second alliance master wanted. Because she was indeed worried that this would happen, she was very conflicted at this moment.

“If we kill that Chi clan’s direct descendant, wouldn’t we become enemies with the Chi clan?” The Alliance master of the second alliance asked indifferently.

“Alliance head, who said we’re going to kill him? we only need to kill his subordinates. We still have to give face to Chi clan.” The man called little brother ran quickly said.

“You’re saying that we’ll only kill his subordinates?” The eyes of the Alliance master of the second alliance lit up as she thought to herself, ‘this is a good way to get the best of both worlds. This way, we won’t have to form too deep a hatred with the Chi clan. After all, we have to regain the face of the ascender Alliance.’ She believed that the Chi clan would understand if they did this.

“En, we only want the life of that subordinate of the Chi clan. As for his life, if we really take it, the Chi clan will not let this matter rest.” Brother ran nodded and looked up at the other man. The two of them communicated silently with their eyes.

“That’s a good idea. It’s settled then. We’ll go to the Chi family tonight to ask for her.” The Alliance master of the second alliance said.

After the decision was made, the Alliance master of the second alliance began to instruct his subordinates to prepare for the night’s operation. All of their plans were within Leng ruoxue’s grasp.

At the inn where Leng ruoxue and the others were, they were currently fretting over dinner. As there were too many people and everyone had different tastes, it was difficult to adjust everyone’s opinions! Therefore, what to eat had become their biggest problem.

Looking at the master of the ning family and the first elder who were arguing with each other, Leng ruoxue helplessly reminded them, "Godfather, great elder, don't quarrel. We still have things to do tonight! Don't miss the show just because you don't know what to eat."

"Right! Then just eat something! The most important thing is to watch the show." The two old men immediately replied in unison.

After reaching an agreement, everyone began to prepare dinner.

After dinner, they concealed themselves and made their way to the Chi clan's courtyard. The Chi clan genius was still living there, while Chi Rui had already returned to Chi city.

When they arrived at the Chi family's courtyard, everyone jumped onto the roof and found a comfortable spot. They took out some small snacks and placed them in front of each other, ready to watch a good show.

Looking at Leng ruoxue and the rest's smooth and natural movements, master ning and the great elder were both surprised. They could not help but think to themselves, "seeing how they're so familiar with this, it's obvious that they've done this many times!"

Facing the strange looks from the two of them, Leng ruoxue felt extremely awkward. Actually, they rarely did such a thing as peeking on the spot!

"Godfather, great elder, quickly find a place to sit down! It's so tiring to stand!" Leng ruoxue wiped away the cold sweat on her forehead. Their gazes made her a little shy.

"Xue'er, why didn't we watch from the inn? why did we have to come here to enjoy the cool breeze?" The master of the ning family asked, puzzled.

"Godfather, how can watching a live broadcast be more enjoyable than watching a live broadcast? Besides, we're not here to watch the show." Leng ruoxue laughed evilly.

"Uh! That's true." The master of the ning family nodded. He was calm now. Anyway, he would listen to his good daughter. He would do whatever she asked him to do.

Leng ruoxue and the others waited for a while. Not long after, the Alliance master of the second alliance arrived with his subordinates.

They sneakily surrounded the entire courtyard. Immediately after, someone from the two ascender Alliance shouted, "People of Chi clan, come out and die!"

Chapter 1282: Fishing in troubled waters (1)

"Who would be so bold? How dare you come to our Chi family and cause trouble!" As soon as the ascender Alliance's side finished speaking, an even louder roar came from the courtyard. In an instant, dozens of black shadows rushed out of the courtyard. The leader was a middle-aged man in his forties.

The middle-aged man glared at the ascender Alliance's side and said loudly, "Who are you people? You actually came to our Chi family's territory to cause trouble, you really don't want to live!"

"We are the ascender Alliance, and we are here to settle the score with your Chi family." Someone in the ascender Alliance shouted.

"You're here to settle accounts with us? Who Do You Think You Are, you dare to come to our Chi clan to die! Brothers! Go, teach these ascenders who don't know the immensity of the heavens and earth a good lesson." The middle-aged man ordered. With his order, the Chi family immediately drew their weapons and rushed to the front of the ascender Alliance. Their faces were filled with an unusually fierce expression.

"Brothers! Let's go too, we can't let these natives look down on us!" Someone in the ascender Alliance's team shouted.

"Right! I can't let them look down on me!" The ascender Alliance's members were enraged and roared together. Then, the two sides began to fight.

After a long time.

The two sides were still fighting ...

Seeing this situation, brother ran, who was beside the Alliance master of the second alliance, couldn't help but whisper worriedly, "Alliance master, if we let them continue fighting like this, will both sides suffer?"

"Don't worry! I won't." The Alliance master of the second alliance was very confident in her subordinates. After all, the people she had brought were the elites of the second alliance. Moreover, there were many of them. Therefore, if they were to be injured, it would be the other party, not her own people.

"That's good." Little brother ran said, feeling assured.

At this moment, Leng ruoxue and the others who were watching the show from the roof saw that it was about time. They gave Feng Da and the others a look and then quietly went to the center of the battlefield to fish in troubled waters.

"Little girl, this move of yours is really ruthless! Hahaha!" Seeing this, the great elder couldn't help but smile.

"The Mantis stalks the cicada, unaware of the Oriole behind. I will definitely not let this Alliance master of the second alliance go. It's impossible to stay out of this matter." Leng ruoxue laughed evilly. Although she did not want to have too much enmity with the ascender Alliance, there were some things that she could not tolerate. That Chi family's genius was someone her Godfather wanted to plot against, so he could only blame it on his bad luck!

"Yes, the ascender Alliance's people were clearly killed by his subordinates. How could he not stand up for them?" The first elder said with a smile.

As Feng Da and the others took advantage of the chaos, many people from the ascender Alliance had died mysteriously. However, no one could see any clues. The Alliance master of the two alliances only saw her subordinates fall to the ground and did not see them wake up again. This could not help but make her angry. After walking closer to take a look, she found that her subordinates had all died. This fact directly raised her anger to the peak.

“Alliance master, calm down!” Seeing this, brother ran quickly advised.

“How do you want me to calm down? Now, it’s all our people who are dead!” The Alliance master of the second alliance roared furiously.

“Alliance master, many of them were also seriously injured, so they didn’t gain much advantage.” Brother ran reminded.

“Even so, I can’t just watch my subordinates die without knowing why!” The second Alliance’s leader still felt extremely unbalanced.

“Alliance master, since things have come to this, we have no other choice. I didn’t expect the Chi family’s subordinates to have such high combat strength. It seems like we have underestimated them.” The other man said gloomily.

“Yeah, I didn’t expect that either!” The leader of the second alliance said with a dark expression.

“Stop!” Suddenly, another voice came from the courtyard, and it was a call to stop.

When the Chi family members heard this, they all stopped. As for the ascender Alliance, they also took advantage of the situation and did not continue to pester him.

“Who are you people? You actually came to our Chi clan to cause trouble?” The Chi family genius walked out of the courtyard and questioned with an unhappy expression.

“Young master, they claim to be the ascender Alliance. They said that they are here to settle the score with us.” The middle-aged man quickly said.

“The ascender Alliance? Which League are you guys from?” The Chi clan genius played dumb. In fact, he had long received news that people from the ascender Alliance had come to bamboo city. However, he did not take it seriously. He did not expect that these people from the ascender Alliance would actually dare to come to his door. This was really preposterous.

It was impossible for him not to know what was going on outside the courtyard. However, he did not come out immediately because he wanted his subordinates to teach the ascender Alliance a lesson. However, he did not expect that his subordinates would be so heavy-handed and kill many people from the ascender Alliance. As a result, he could no longer keep a close eye on it. Otherwise, he was afraid that the matter would become more and more difficult to deal with.

“I’m the Alliance head of the ascender Alliance.” The Alliance master of the second alliance suppressed the anger in his heart and said indifferently.

“So it’s the arrival of the Alliance master of the second alliance! The Alliance master of the second alliance isn’t in his own territory, but coming to my place to cause trouble. This doesn’t make sense!” The Chi clan genius laughed.

“Hmph! Your subordinates have killed so many of our people. If I don’t come, I’ll become a laughingstock!” The Alliance master of the second alliance said angrily.

“Alliance master of the second alliance, you may not know this, but the people from the second alliance who died at the hands of my subordinates were all asking for it. If it were you, would you be able to take it lying down when you were surrounded and shouted to kill? How can you be indifferent?” The Chi clan genius asked with a smile.

“Even so, you can’t kill the people of the second alliance!” The Alliance master of the second alliance roared in anger.

“If I don’t kill them, I’m going to become your precious daughter’s exclusive property, Hmph! She really dared to think about it! Not only did she send someone to kill me, but she also wanted me to be her exclusive sex slave! Is she worthy?” The Chi clan genius sneered.

“You’re saying that my daughter isn’t good enough for you?” The Alliance master of the second alliance narrowed his eyes and said in an unfriendly tone.

“What else did you think? You’re only the Alliance master of the second ascender Alliance. In our Chi family, your daughter doesn’t even have the right to be a servant.” The Chi clan genius laughed. His words had provoked the second alliance master quite a bit.

Chapter 1283: Fishing in troubled waters (2)

The leader of the second alliance had always thought of herself as the best in the divine mainland and was extremely proud. In her heart, she also thought that she was the top figure in the divine mainland. As long as she set her eyes on something, she would definitely have it. Moreover, she was the only one who had the right to have any good things. However, now, she had been degraded by a direct descendant of the Chi family. This was absolutely intolerable to her proud self.

“Hmph! You’re only a direct descendant of the Chi family, and I’m sure there are as many direct descendants like you in the Chi family as there are hairs on an ox!” The Alliance master of the second alliance retorted.

“Yup! However, no matter what, my identity and status are above yours.” Chi clan’s genius said with a smile, neither angry nor annoyed.

“You ...” The Alliance master was so angry that she couldn’t say anything. After all, what he said was the truth. On the divine mainland, she might be able to call the wind and summon the rain. However, once they were in the divine world, their status was as different as the sky and the earth. So, although she was angry, she couldn’t refute him.

“Alliance master of the second alliance, I can spare your life for the sake of the ascender Alliance. However, your subordinates have injured so many of my men. If you want to keep things at peace, then show me your sincerity! Otherwise, don’t even think about leaving today!” The Chi family’s genius said with a smile. Although his subordinates had suffered some losses, the number of injuries was more than the number of deaths. In comparison, the losses of the two alliances were much more severe.

Therefore, in order to not worsen the hatred between them and the ascender Alliance, he did not care about it.

However, even if he wanted to let it go, the other party might not agree.

After hearing his words, the Alliance master's face turned white with anger. Her whole body trembled and she could not speak for a long time. The man beside her saw this and could not help but speak for her, "Young master Chi, you're wrong. Compared to your Chi clan, our casualties seem to be more severe. How can you say that?"

"Who are you? I'm talking to your President, you have no right to interrupt!" The Chi clan genius said unhappily.

"He's my husband, so his will is my will!" The second Alliance's Alliance master quickly said when he saw his man being wronged.

"Oh! I've long heard that there are many men who live off women around the Alliance master of the second alliance. I'm sure these two are two of them!" The Chi clan genius looked at the man beside the Alliance master with disdain.

"Who are you calling a soft-rice? You're the publicly acknowledged pretty boy! Our family's young miss just happens to want to provide for you, why don't you just give in!" Brother ran said angrily.

"What did you just say?" The Chi clan genius squinted his eyes and said in an unfriendly tone.

"Don't you understand the human language? I said that my family's young miss wants to keep you, and I've been talking about it for many days!" Brother ran said, not afraid of death.

"You're looking for death!" Chi family's genius shouted angrily. Then, a light blue divine power shot out from his hand. Immediately, a shooting star with a light blue light flew towards brother ran.

"Alliance master! Help me!" The shooting star brushed past him, and brother ran screamed before falling to the ground.

"Ranran!" Seeing this, the Alliance master of the second alliance quickly bent down to check on his husband's injuries, only to see that his beloved husband was covered in blood and had already passed out.

"Chi, I won't let you go!" The Alliance master of the second alliance roared in anger. As the saying goes, "when you're angry, you'll be angry for the sake of your beauty." The man she liked was lying in front of her, covered in blood. Any woman would go crazy.

After the Alliance master of the second alliance finished shouting, he turned to his subordinates and shouted, "Attack! Don't let a single person from the Chi family off!"

With that, she charged at the Chi family genius and began to fight with him ...

"We can go back now." Seeing that the matter was almost settled, Leng ruoxue smiled and said to the crowd.

“Uh! Girl, are you leaving now? The Alliance master of the second alliance hasn’t surrendered yet!” The first elder said with some reluctance. To be honest, he hadn’t seen enough of the show! Moreover, it seemed that this was the most lively time, so he was naturally a little reluctant to leave.

“It’s getting late, we should go back and sleep.” Leng ruoxue said with a smile.

“Uh! Then let’s go!” The first elder wiped the cold sweat on his forehead and said helplessly.

After that, everyone left quietly.

On the way, Feng Da and the others couldn’t help but ask, “Miss, if we go back like this, what if that Chi family genius fails?”

“If he fails, then we’ll just kill him and say that it was the doing of the ascender 2 Alliance.” Leng ruoxue chuckled.

“Uh! Young lady, are you really going to do this?” Feng Da was speechless. How did miss come up with such an idea? This was simply too evil. Poor Chi clan’s genius! I wish you good luck. You must capture that Alliance master of the second alliance Alive! Otherwise, you’ll be the one in trouble! He thought to himself sympathetically.

“It’s hard to say,” Leng ruoxue tried to play dumb. Actually, she had just said it casually. However, if the Chi family’s genius really failed, she could not guarantee that she would not do the same!

“Hahaha! Silly boy! Xue ‘er was just joking, and you took it for real! It’s impossible for the Chi family’s genius to fail. Don’t worry, the two alliances “leaders won’t let him off. Therefore, The Grudge between him and the ascender Alliance is set in stone.” The master of the ning family laughed, obviously in a good mood.

“Uh! What if he fails?” Feng Da didn’t trust the Chi family’s genius.

“Then he can only become the prisoner of the second Alliance’s Alliance master and her daughter. He injured her husband, so how could she let him go? she’ll definitely torture the Chi family’s genius after capturing him!” So, we just need to watch a good show. We’ll see at dawn!” The master of the ning family said happily.

“Yes.” Feng Da nodded, but he couldn’t help thinking in his heart that it seemed that the master of the ning family and the young lady had the same thoughts. Wu ... These two bad-hearted guys, the Chi family genius was so pitiful! They had actually joined forces to scheme against him.

After returning to the inn, everyone went to sleep in peace.

The next day.

Qing Jue informed Leng ruoxue of the news the moment she woke up.

Just as she had expected, the second league’s leader had been captured by the Chi family’s genius and locked up in the Chi family’s prison.

Chapter 1284: Fishing in troubled waters (3)

When Leng ruoxue heard this news, she nodded her head in satisfaction. She thought to herself, 'thank God, the Chi family's genius didn't let me down. If he couldn't even deal with a woman, then I'll definitely look down on him!'

Once they were out of the room, Leng ruoxue informed everyone of the news.

"Xue 'er, shouldn't we pay a visit to the Chi family's genius next?" Master ning said with a smile.

"Godfather, it's not a visit, it's a condolence! The Chi family courtyard was disturbed yesterday, and the news has already spread throughout the entire Ying city. We are friends, after all, and it is only right for us to visit and express our condolences." Leng ruoxue chuckled.

"Right! Right! It's a condolence!" Master ning said with a smile.

After breakfast, Leng ruoxue brought Feng Da and the rest to the Chi family's courtyard.

The Butler led Leng ruoxue and the others into the living room and went to inform the Chi family's geniuses.

Not long after, the Chi clan's geniuses arrived at the living room with an exhausted expression. When they saw Leng ruoxue and the rest, their mood was lifted.

"How come miss Leng and the others are free to come today?" The Chi family genius suppressed the joy in his heart and asked with a smile.

"We heard that the Chi family's courtyard was attacked this morning, so we're here to express our condolences." Leng ruoxue said indifferently.

"Oh! I didn't expect the news to spread so quickly, even miss Leng knows about it." The Chi clan's genius said, somewhat embarrassed. In his opinion, this was not a glorious matter. After all, he had paid a painful price to capture the two Alliance's leaders alive. When he thought of this, the anger in his heart surged. However, he also knew that the conflict with the ascender Alliance would not be resolved.

"Yes, everyone in the city knows about it. I heard that it was done by the ascender Alliance. Young master Chi, is this related to the previous incident?" Leng ruoxue asked in a probing manner.

"Yes, it's all that woman's fault." The Chi family's genius was very depressed. As long as he thought of that woman, his heart would itch with hatred. Originally, he didn't want to argue with the ascender Alliance, but they didn't appreciate it.

.....

"Then what does young master Chi plan to do?" Leng ruoxue asked curiously.

"Does miss Leng have any good ideas?" The Chi clan genius couldn't help but ask.

"To be honest, I'm considered an enemy of the Alliance master of the second alliance. Naturally, I don't want her to have an easy time." Leng ruoxue said directly.

"Yes, I know." The Chi clan genius nodded. After all, they had provoked the daughter of the second alliance together. However, the second ascender alliance only looked for him to settle the score. This

made him feel somewhat unbalanced in his heart! However, if he could drag Leng ruoxue and the others down with him, he would be happy to do so.

“So young master Chi, you must not let her off!” Leng ruoxue chuckled.

“Uh! I wonder how we should deal with her to satisfy miss Leng?” The Chi clan genius asked.

“Young master Chi, doesn’t the second Alliance’s Alliance master like to turn people into slaves? Then how about we turn them into slaves too?” Leng ruoxue suggested.

“This ... Isn’t very good!” The Chi clan’s genius was somewhat hesitant. If he killed the man, the ascender Alliance would not want to offend the Chi clan no matter how angry they were. If ... If he sold the two alliances’ leaders as slaves, it would be a great humiliation to the ascender Alliance. The ascender Alliance would definitely not let this matter rest!

“You’re scared? No matter how powerful the ascender Alliance was, they would not dare to provoke the Chi family, right? What’s more, don’t forget that the mother and daughter are going to treat you as their exclusive property. If the mother and daughter can do such a thing, what else do you have to worry about? could it be that you have a tender heart for the woman?” Leng ruoxue asked with a smile.

“Let’s do as miss Leng said!” The Chi family genius pondered for a moment and said, “yes!” Since he had already offended her, why was he still worrying about this and that!

“However, I’m afraid that Childe Chi has to deal with the mission Guild personally. I heard that President Zeng Yan has a close relationship with the leaders of the two alliances.” Leng ruoxue reminded. In other words, she was telling them not to send any subordinates or count on others to step in.

“Young lady Leng, although Zeng Yan and I can’t be considered friends, we’re old acquaintances. I’m afraid it’s not appropriate for me to handle this matter. If young lady Leng is willing to handle this matter on my behalf, I’ll be extremely grateful.” The Chi clan genius said after some thought. Since this idea was Leng ruoxue’s, he naturally couldn’t let her stay out of it. Otherwise, he would suffer a huge loss.

“Oh! If there’s no problem with helping young master Chi, what do I get in return?” Leng ruoxue said in a business-like manner.

“Uh! What benefits does miss Leng want?” The Chi clan’s genius wiped the cold sweat off his forehead. How could he have forgotten that this young miss Leng wasn’t that easy to order around? Wu ... He had been too careless.

“What kind of benefits can young master Chi give me?” Leng ruoxue asked calmly. Actually, she really wanted to ask, “just how much authority do you have?” even though it was her idea to sell the mother and daughter as slaves, it was not possible for her to run errands for nothing.

“Five hundred thousand high-grade crystal stones. This is the most I can take out.” The Chi clan genius said after some thought.

“Deal!” Leng ruoxue nodded. Even though she wasn’t short of money and 500000 high-grade crystal stones wasn’t a lot in her eyes, if she didn’t ask for anything, she was afraid that this genius from the Chi clan would become suspicious. Thus, she could only accept it reluctantly.

“Then I’ll be waiting for miss Leng’s good news.” The Chi clan genius said in satisfaction. He had thought that Leng ruoxue would demand an exorbitant price! Seeing that she didn’t haggle over the price, he felt much better.

“Young master Chi, other than that mother and daughter, can you give me her two husbands?” Leng ruoxue asked indifferently.

“What’s wrong? Miss Leng has seen her two husbands?” The Chi clan’s genius asked suspiciously when he heard Leng ruoxue’s words.

“I’ve never seen them before, but it’s no secret that the president of the second alliance has many beautiful men by her side. I’ve also heard that the two men she’s bringing with her are her most beloved ones.” Leng ruoxue pretended to be envious.

“En, that’s true. Those two men are indeed extremely handsome, not the slightest bit inferior to the ones you’re with.” After listening to Leng ruoxue’s explanation, the Chi family’s genius was relieved. Recently, he had been very suspicious, and she didn’t know what was going on.

Chapter 1285: Fishing in troubled waters (4)

“Then, can young master Chi give them to me?” Leng ruoxue asked with a smile.

“It’s fine to give one to you. As for the other one, I’ve injured it, and it’s very serious. So, even if I give it to you, I’m afraid it won’t live long.” The Chi clan genius said apologetically.

“It doesn’t matter. If he really doesn’t have long to live, I’ll give him a proper burial. I heard that most of the men around the second Alliance’s master were snatched. He’s really too pitiful.” Leng ruoxue said with a look of sympathy.

“I didn’t expect young miss Leng to be someone who has tender feelings for women.” The Chi clan genius said with a sour feeling in his heart.

“Young master Chi, we’re the same! It’s just that you pity women, and I! It’s the exact opposite!” Leng ruoxue laughed evilly.

“That’s true!” The Chi family’s genius replied unwillingly. In fact, the person he wanted to pity more was sitting in front of him. Unfortunately, this woman was not someone who would be at his mercy, so he could only watch helplessly. This feeling of being able to see but not being able to eat it was not a good feeling.

However, as a direct descendant of a large family, it was important to adjust one’s mental state. Hence, he quickly adjusted his mental state. Then, he instructed the Butler to bring out the few people who were locked up in the cell yesterday, intending to hand them over to Leng ruoxue.

In the hall, the alliance leader of the second alliance couldn’t help but shout when he saw the Chi family genius, “Damn it, let us go now. Otherwise, our ascender Alliance will not let you off!”

“How dare a prisoner be so arrogant! It seems that the lesson I gave you was not enough!” The Chi family’s genius sneered. Last night, he had ordered his subordinates to take good care of this mother and daughter. He wondered if they had done well.

“You ... I won’t let you off!” The Alliance master of the second alliance threatened as her beautiful eyes glowed with a cold light, as if she wanted to tear the Chi family direct descendant into pieces.

Leng ruoxue lifted her beautiful eyes and sized up the mother and daughter from the second alliance. Their originally bright and beautiful clothes were now in tatters, and their faces looked Haggard. It was obvious that they had suffered a lot in just one night. It seemed like the genius from the Chi family did not know how to deal with the mother and daughter, but in reality, he had already done it. MMM! No wonder Qing Jue was mumbling in the morning. It seemed that the Chi family’s genius did not deal with the mother and daughter in an open manner! However, this was none of her business!

“Hmph! You can’t even protect yourself now, so how can you not let me go?” The Chi family genius laughed coldly, obviously treating the words of the second alliance leader as a joke.

“Our ascender Alliance will avenge me.” The leader of the second alliance said confidently.

.....

“Oh, really? Then I’ll be waiting!” The Chi clan genius said nonchalantly. Since they had already become enemies, why should they care about the ascender Alliance’s attitude?

“Miss Leng, you can take these people away.” The Chi clan genius turned to Leng ruoxue.

“Alright,” he said. Leng ruoxue smiled and nodded.

“It’s you? Mother! This is the woman who stole our slave!” The moment the young woman saw Leng ruoxue, she roared out in jealousy. She had even forgotten that Leng ruoxue was now a prisoner.

“You’re the one who snatched my slave?” The Alliance master of the second alliance asked while suppressing his anger.

“Is that your slave?” Leng ruoxue laughed sarcastically and could not help but sigh to herself. Mother and daughter are mother and daughter! He didn’t even look at the situation he was in right now, yet he still dared to question her so righteously. It was really ridiculous.

“Of course it’s mine! That’s the slave I put up for auction at the quest Guild!” The Alliance master of the second alliance roared in anger. So it was this woman who had stolen her things and caused the death of so many people from the second alliance. She was too despicable. At this moment, a part of her hatred towards the Chi family’s direct line of descent had already been transferred to Leng ruoxue.

“Since you wanted to auction it, what’s wrong with me buying it? Did you not receive the money? If that’s the case, then I’m afraid you can only settle the score with the mission Guild. After all, we bought it with a clear price, right? Young master Chi?” Leng ruoxue said with a smile.

“That’s right, I’ve paid for the two slaves. Besides, Alliance master two, don’t you realize your situation? Your current status is lower than us, what right do you have to shout at us?” The Chi family genius was speechless. To be honest, he had met many people, but this was the first time he had seen such a pair of outrageous mother and daughter.

Chapter 1286: Compensation (1)

“You, you just wait! I won’t let you off.” The beautiful eyes of the Alliance master of the second alliance glared at Leng ruoxue and the Chi family’s genius as she threatened them. Although she knew that she had no other choice, her personality and the fact that she had been in a high position for so many years had made her used to ordering people around. Hence, even though she had been reduced to a prisoner, she still could not see the situation clearly. Otherwise, she would not have done something so unwise and disadvantageous to her.

“Young master Chi, someone is threatening us. What do you think?” Leng ruoxue’s beautiful eyes narrowed as she asked with a faint smile.

“Miss Leng, since I’ve given them all to you, then everything about them will be up to you to decide.” The Chi clan genius chuckled. In other words, he could do whatever he wanted with her and he wouldn’t question her.

“How can I do that? they are your goods after all. I’m just running errands for you. If they are injured, you won’t blame me, right?” Leng ruoxue pretended to be worried and asked. At this point in time, this Chi family’s genius still did not dare to take responsibility. This was unacceptable!

“I won’t,” The Chi family genius gritted his teeth and couldn’t help but secretly complain. This woman in front of him really didn’t want to suffer any losses! It seemed that it was impossible for him to get rid of the two league leaders.

“That’s good! I’m relieved. Feng Da, take them and let’s go back!” Leng ruoxue smiled at Feng Da and the rest. Then, she turned to the Chi family’s genius and said, “Young master Chi, we will take our leave now. Everything will be done as you said.”

“Alright!” The Chi family genius was depressed! What did he mean by ‘just do as he said’? The idea of selling the mother and daughter as slaves was clearly thought of by this woman in front of him. Now, she had actually pushed the blame onto him. He could not deny it in front of Leng ruoxue, otherwise, Leng ruoxue would have to quit!

After Leng ruoxue and the rest left, the Butler looked at their backs and asked the Chi family genius worriedly, “Young master, will this cause any trouble?”

“What trouble can there be? They’re just two small characters in the ascender Alliance.” The Chi clan genius said unhappily. Since he had already decided to do this, why would he care about the trouble? There would definitely be trouble, and it would not be small! However, since things had come to this, he couldn’t care so much.

With that, the Chi family genius returned to his room in a Huff.

After Leng ruoxue and the rest achieved their goal and left the Chi family courtyard, they immediately returned to the inn.

When they reached the room, Leng ruoxue ordered people to keep an eye on the four of them. The mother and daughter were to be sold as slaves, and she had to find Zeng Yan to do this. As for the other two ...

Leng ruoxue brought Feng Da and the rest to the room where the two men were locked up. After they entered, she ordered Feng Da to give the two of them some pills. Little brother ran, who was on the verge of death, immediately became as lively as a Dragon.

.....

“Thank you for saving my life, miss.” The two handsome men said in unison.

“No need to thank me! You’ve done what you were supposed to do. From now on, you’re free.” Leng ruoxue said with a smile.

In the information she had given them, there was a detailed record of every man who was with the master of the second alliance. Therefore, when she found out that the master of the second alliance had come to Ying city, she had sent someone to find the two of them and promised that as long as they cooperated with her plan, she would set them free. Although the two men appeared to be gentle and considerate to the master of the second alliance, they actually hated that woman to the core. Therefore, they were easily persuaded by the person she had sent. Otherwise ... The trip to the Chi family courtyard would not have been so smooth. Since they were working for her, she had to ensure their safety.

After hearing her words, the two men did not show any joy on their faces.

After a long while.

“To be honest, miss, we have no home to return to. Back then, in order to force us to marry her, that woman used our family members to threaten us. Later on, we pretended to be snakes and slowly learned from her that our family members couldn’t stand her torture and humiliation. Some died, and some committed suicide.”

“What are your plans?” Leng ruoxue asked softly after hearing what brother ran said.

“We don’t know. We are weak and have been kept in captivity for so many years. I’m afraid we can’t survive on this continent. The godly mainland is a place where the strong prey on the weak. People without strength and status can’t survive.” The other man said.

“Moreover, if the ascender Alliance knows what we have done, I’m afraid they won’t let us go.” Brother ran said.

“How about this? I’ll give you a sum of money. You can find a small city to live and cultivate in!” Leng ruoxue said after some thought.

The two men looked at each other, then knelt down and said in unison, “We don’t want money. With our strength, we can’t keep the money even if we have it. We might even cause an unexpected disaster. So, we dare to ask miss to take us in. We’re willing to be your slaves, just to have a place to stay.”

Leng ruoxue looked at the two men who were kneeling in front of her and remained silent for a long time. To be honest, she was not willing to cause such trouble, so she would rather spend money to

dismiss them. However, these two men were speaking the truth. They really had nowhere else to go. Sigh! Should he take them in?

Looking at his miss's conflicted expression, Feng Da chuckled and said, "Miss, didn't they want to find a place to stay? Just let them go to Northern Yan city. The city Lord's mansion just happens to be lacking servants to do odd jobs."

"Are you willing to do so?" Feng Da turned around and asked the two men.

"We are willing." The two men said without any hesitation.

"You'd better think clearly first! You're free now, but once you go to the city Lord's mansion, you'll be servants. So, you'll have to think carefully before you choose." Feng Da reminded him with a smile.

"We've already decided." The two of them said in unison. They would rather be servants than wander around.

"Alright, since that's the case, you guys can play dead first!" Feng Da said with a smirk.

"Uh! Pretending to be dead?" The two of them were stunned, not understanding what Feng Da meant.

Chapter 1287: Compensation (2)

"If you don't play dead, do you want that woman to think that you're still alive? It's said that the two of you are the ones she dotes on the most. So, her biggest blow will be your deaths." Feng DA's face was affable, but the words he said were very vicious.

"Good! We'll play dead!" The two of them shouted after hearing Feng DA's words.

"Then eat these two pills, and you'll have nothing to do with this." Feng Da took out two black elixirs and handed them to the two of them.

After 'dealing' with the two men, Leng ruoxue and the rest went to the room where the Alliance master and daughter were kept.

As soon as they entered, the young woman began to curse.

"That damned woman! We won't let you off for treating us like this."

"Feng Da, block her mouth." Leng ruoxue did not even spare the young lady a glance as she instructed Feng Da.

"Alright!" Feng Da took out a smelly cloth from somewhere, opened the young woman's mouth, and stuffed the cloth in ...

"Wuwuwu!" The young woman struggled, but she was tied up like a dumpling and had no way of breaking free.

"Be appointed! Your fate is now in our hands." After Feng Da finished speaking, he took out another piece of cloth and covered the Alliance master's mouth to prevent them from saying anything unpleasant.

“Wuwuwu!” The Alliance master of the second alliance shook his head vigorously. He wanted to say something but could not. He could only glare at Leng ruoxue fiercely, as if he wanted to cut her into a thousand pieces.

“Bring them in.” Leng ruoxue turned around and shouted.

“Yes.” The door was pushed open, and Lin Yuan and the others carried the two men in. When the Alliance master of the second alliance saw this, her eyes widened even more, and her beautiful eyes were red as though they were asking, ‘what did you do to them?’

.....

“Second alliance master, your two beloved men were heavily injured and have passed away.” Leng ruoxue said emotionlessly.

“Wuwuwu!” The Alliance master’s eyes were bloodshot as he looked at the two men on the ground in disbelief. Their faces were abnormally pale and they were emitting a frighteningly cold aura. They had clearly been dead for a while.

“Feng Da, remove the cloth from her mouth first. Don’t suffocate our Lord Alliance master.” Leng ruoxue chuckled.

“Yes.” “Yes,” Feng Da replied. After he finished speaking, he removed the cloth from the mouth of the Alliance master.

“You killed them? I won’t let you off!” As soon as bu gang took it off, the Alliance master of the second alliance shouted at the top of his lungs.

“I didn’t kill them.” Leng ruoxue said softly.

“Who is that?” The Alliance master of the second alliance had a look of disbelief on her face. They were still alive just a moment ago, but now they were dead. This detestable woman must have something to do with this. Hence, she did not believe Leng ruoxue’s words at all.

“It’s you! They already knew that you killed their families, and now that they see you, they won’t have a good ending. They felt that they had gotten their revenge and there was no joy in life, so they committed suicide.” Leng ruoxue stated this fact indifferently. This was a fact that the self-righteous Alliance master of the second alliance could not accept.

“No! This was impossible! How did they know? You lied to me! I don’t believe your words!” The Alliance master of the second alliance was a little crazy as he shouted in a daze.

“These are the last words they left for you. If you don’t believe me, you can see for yourself!” After Leng ruoxue finished speaking, she passed Feng Da a piece of paper, indicating for him to show it to the Alliance master of the second alliance.

“Na! Take a good look and see if it’s their handwriting.” Feng Da showed the paper to the leader of the second alliance and reminded him.

The Alliance master’s eyes widened. She wanted to carefully confirm the handwriting on the paper and find any traces of imitation. However, she was disappointed to find out that it was indeed the

handwriting of her two beloved ones. After all, they had lived together for so long and she was very familiar with everything about them. The paper was indeed as the woman in front of her had said. Her two beloved ones had committed suicide. This fact made her collapse.

“My condolences! I’ll give them a proper burial for you.” Leng ruoxue said calmly.

“Can I personally watch them be buried?” The second Alliance’s Alliance master was begging for Dao, but she still refused to give up. She didn’t believe that the man who had just shared a bed with her was gone just like that. How could she accept this fact?

“Prisoners don’t have the right to ask for it. You should be satisfied that I’m willing to bury them. From now on, you should be a good slave and atone for your sins!” Leng ruoxue laughed coldly. Even at this point, this woman still refused to give up. She really didn’t know if it was because of her overconfidence or if she really couldn’t see the truth in front of her. He felt sorry for her, but she asked for it.

With that, Leng ruoxue led the group away. Before they left, Feng Da was afraid that they would be too noisy, so he naturally used the stinky cloth to shut the Alliance master’s mouth.

After leaving the room where the second Alliance’s leader was locked up, the people who had been holding their breath all this time finally heaved a sigh of relief.

“Feng Da, where did you get those two pieces of cloth? it’s really stinky!” Leng ruoxue could not help but ask.

“Hehe! Miss, it was the innkeeper of this Inn who helped me find it.” Feng Da said honestly.

“Oh! It seems that the manager of this Inn is also a Black-bellied guy.” Leng ruoxue chuckled.

“Yes, Chi Rui must have told him before he left. Otherwise, he wouldn’t be so cooperative!” Feng Da said. The shopkeeper was very polite to them now, and his attitude was very good.

“That’s for sure. Feng Da, bring a few people with you to the mission Guild! The rest of you, stay in the inn and watch the mother and daughter.” Leng ruoxue said after some thought. It was time for her to show herself and make a trip to the Guild of missions.

“Yes.” Feng Da replied. Then, he, Lin Yuan, Cheng Wu, and Leng ruoxue accompanied demon to the missions Guild.

When they arrived at the mission Guild, they found that the door of the mission Guild was left ajar, so they pushed the door open and walked in.

The waiter, who had been busy with his task for the past few days, had to stand up to welcome their client when he saw him. His face still had a trace of fatigue.

“How come you’re here so fast? we haven’t finished all our tasks yet!” The waiter said apologetically.

Chapter 1288: Compensation (3)

“It’s okay, we have another mission.” Leng ruoxue chuckled. The moment the waiter heard Leng ruoxue’s words, his expression changed!

“What other missions are there?” The waiter asked carefully, his voice trembling. In order to complete their task, they had not had a good night’s sleep these days. Now that they had not completed the task they had been assigned, who knew that another task would come? how could they live?

“Only your guild leader can do this quest.” Leng ruoxue laughed as she said. She then walked past the waiter and led the group upstairs.

In the president’s office.

Zeng Yan was sitting inside and drinking tea, looking very relaxed. When he saw someone push the door open and enter, he was about to start scolding, but when he realized it was Leng ruoxue and the others, he could only swallow his words.

“Miss, why are you here?” Zeng Yan asked curiously. As far as he knew, their mission had not been completed yet! If it was completed, someone would naturally deliver it to the inn for them. Therefore, he was very puzzled. Why would someone who was said to be in closed-door cultivation come to the Mission Guild?

“President Zeng, you’re really free! Your subordinates are all busy, but you’re leisurely drinking tea in your office. ” Leng ruoxue chuckled. After she finished speaking, she found a seat and sat down.

“Hehe, miss, you really know how to joke. As the president, I naturally don’t have to do everything by myself. After all, there are more important things waiting for me to do!” Zeng Yan said with a smile.

“President Zeng is right. I’m here because I have an important task to entrust to you.” Leng ruoxue said indifferently.

“Uh! Is there anything else you need, miss?” Zeng Yan’s heart skipped a beat. He thought to himself, could it be something broken again? These days, his subordinates had all been complaining, which annoyed him to death. However, for the sake of the top-grade fire attribute crystal, he had to force them to do it.

“I would like to ask President CEng to help me get two slots for slaves. In addition, I would like to hold a special slave auction.” Leng ruoxue chuckled.

“Uh! Didn’t miss already release the two slaves she bought? Could it be that they didn’t listen to her, so miss is regretting it now?” Zeng Yan asked with a gossipy look.

“No, I’m talking about the other two,” Leng ruoxue laughed.

.....

“Oh! No problem. As long as miss hands over the names of those two, I will be responsible for handling everything for miss. ” Zeng Yan said with a smile.

“Then I’ll have to trouble President Zeng. These are their names.” After Leng ruoxue finished speaking, she handed over a piece of paper.

Zeng Yan took the paper and looked at it, and his expression changed drastically. Why did these two names sound so familiar? If he didn’t remember wrongly, the ascender Alliance’s Alliance master and her daughter seemed to be called by these two names.

“Miss, these two people’s names are exactly the same as a friend I know. I wonder who they are ...” Zeng Yan asked tentatively. This coincidence was a bit too much! If only one person had the same name, it would barely be considered normal. However, it was definitely abnormal for two people to have the same name.

“May I know who President Zeng’s friend is?” Leng ruoxue asked despite knowing the answer.

“Uh! The friend I know is the Alliance master of the ascender Alliance’s second alliance.” Zeng Yan said as he wiped the cold sweat off his forehead.

“What a coincidence! These two slaves of mine were the mother and daughter of the 2 ascender Alliance.” Leng ruoxue said with a smile.

“What?” Zeng Yan was shocked. He stood up from his seat with a whoosh. He really didn’t expect that the beautiful woman in front of him, the person who was going to become a slave, was an acquaintance of his. How, how could this be?

“President Zeng, are you very surprised? Wasn’t the divine realm where the strong were respected? Even though the second Alliance’s Alliance master had once been a force to be reckoned with, she’s now just my prisoner. By the way, the person she offended is a direct descendant of the Chi family. I’m just running errands for him.” Leng ruoxue said with a half-smile.

“Why did she offend the Chi family’s direct line of descent?” Zeng Yan was very surprised. He knew that woman’s nature very well. He knew that she was arrogant and didn’t put anyone in her eyes. However, he didn’t expect her to have the courage to offend a direct descendant of the Chi family. Wasn’t she courting death?

“It is said that she led the ascender Alliance to besiege the Chi clan’s courtyard and killed many of the Chi clan’s guards. Of course, she also suffered heavy losses and even became a prisoner of the Chi clan’s direct descendant. The cause of this was the two slaves that young master Chi had taken from the mission Guild a few days ago. Do you understand what I’m saying, President Zeng?” Leng ruoxue asked as she stared at Zeng Yan.

“Understood!” Zeng Yan’s face turned pale. In fact, he did not care about what would happen to the mother and daughter of the ascender Alliance. It was just that when he thought about how he had handled the two slaves taken away by the Chi family’s direct descendants and how the stupid mother and daughter had come to his door to seek revenge, he felt a chill in his heart. Coupled with the words of the woman in front of him, he had a bad feeling.

“Since you understand, will President Zeng handle this matter well?” Leng ruoxue asked calmly.

“Don’t worry, miss. Leave this matter to me. It’ll be absolutely safe.” Zeng Yan said hurriedly, the cold sweat in his heart dripping down.

He knew that this matter was the revenge of the Chi family’s direct descendants and this young lady in front of him against the mother and daughter pair. If he refused or did not do his best, then the next person they would deal with would be him. Therefore, the situation was pressing, and he had no choice but to lower his head.

“Since that’s the case, I’ll wait for President CEng’s good news. I wonder how the fee will be calculated?” Leng ruoxue thought for a while and asked.

“Uh! I’ll handle this matter for you free of charge.” Zeng Yan said a little fearfully. Now, he only hoped to send this big trouble away. How would he dare to mention money? Ah! Now, he finally knew that money was not easy to earn! And the mission of this young lady in front of him was even more of a hot potato. He couldn’t take it!

“Free of charge?” Leng ruoxue asked with a smile.

“Uh! Otherwise, what would miss mean?” Zeng Yan was extremely depressed. He had already said that it was free. Why was this lady still not satisfied? Could it be that he wanted him to pay for it?

Chapter 1289: Compensation (4)

“President Zeng, to be honest, the two slaves that young master Chi bought, the ones that I asked you to help me release, are my friends. How do you think we should settle this debt?” Leng ruoxue asked in a carefree manner.

“Uh! I wonder what young lady wants to do?” Zeng Yan wiped the cold sweat from his forehead and asked carefully with a smile. He was so nervous that his palms were sweating because he knew that the other party was going to settle the score with him. After all, he had helped the two of them to become slaves. Although he was not the mastermind, he could be considered an accomplice. What should he do now? At this moment, his heart was in a mess, and he didn’t know what to do.

“My friend was sold as a slave by your friend, and President Zeng actually asked me what I wanted to do? What do you think I should do?” Leng ruoxue asked instead of answering.

“This, this ...” Zeng Yan was so anxious that he was sweating profusely, but he didn’t know how to start.

“Is President Zeng in a difficult position?” Leng ruoxue asked with a hint of mockery. I told you to recognize money and not people, but now you’re going to reap what you sow.

“Miss, if you have any requests, just tell me. As long as it’s within my means, I’ll definitely do my best.” Zeng Yan mumbled.

“President Zeng, seeing that this isn’t the first time we’ve met, I’ll be honest. My two friends have been deeply affected by this matter and are now on the verge of collapse. So, you should think about how you can compensate my two friends! After you’ve made up your mind, look for me at the inn. Otherwise, you’ll regret it.” Leng ruoxue warned.

With that, Leng ruoxue led Feng Da and the rest out of the missions Guild.

“Uh! Miss!” Zeng Yan looked at Leng ruoxue’s and the others’ back view in a daze. He felt extremely depressed. How would he know how he was going to compensate them? Why didn’t he make things clear before leaving?

Leng ruoxue, Feng Da, and the rest quickly returned to the inn.

In the living room.

Master ning looked at Leng ruoxue and the rest who had returned so quickly. He was puzzled and asked, "Why did you come back so quickly? Could it be that Zeng Yan doesn't know what's good for him? Don't be afraid! Your Godfather will make the decision for you! I'll think of a way to make him lose his position as the president tomorrow. "

"Godfather, what are you thinking? of course, we'll come back when we're done." Leng ruoxue said with a helpless smile.

.....

"Oh! How about that? Did it go smoothly?" The master of the ning family asked with concern.

"It's alright. He once told me to make my own request, but I refused. " Leng ruoxue said honestly.

"Well, it's good to reject them. Why should we take the initiative to ask for their help when they did something wrong? It's as if we robbed him. " The master of the ning family praised. He was assured that this good daughter would do things well. She was much better than the descendants of his family.

"I'll let him think about it himself. " Leng ruoxue added.

"Yes, yes, that's right! If we're not satisfied with the compensation he can come up with, he naturally can't pass. " The master of the ning family said with a smirk, but he couldn't help but praise in his heart. This good daughter was really more and more pleasing to the eye! He had his style!

The next day.

Zeng Yan couldn't wait any longer and personally came to visit.

He sat in the living room and faced everyone's unfriendly gazes. He felt as if he was sitting on pins and needles and was restless, but he had no choice but to come.

"Is President Zeng here to send me a slave certificate? When's the special auction?" Leng ruoxue played dumb.

"Uh! Miss, that mission is currently being completed. I've come today specifically for the matter of compensation. " Zeng Yan smiled apologetically. His heart was beating fast and cold sweat was dripping from his forehead.

"President Zeng, have you thought it through?" Leng ruoxue chuckled as she asked.

"Yes, this is the compensation that I have thought of. If miss is not satisfied with it, I can make some changes." Zeng Yan said gloomily and passed a piece of paper to Leng ruoxue. This was probably the most depressing thing he had ever encountered since he became the president. It was just a simple slave contract, but he had to go bankrupt and have to pay compensation. He was really about to vomit blood.

Leng ruoxue took it and glanced at it casually, but she did not say anything. Instantly, Zeng Yan's heart was in his throat. Wu ... She did not speak for so long, what was the meaning of this! To be honest, if this matter didn't involve the direct descendants of the Chi family, he might not be so happy to compensate!

One had to know that this was all his private money! After all, he didn't dare to use the Guild's money for personal use, and he also didn't dare to report this matter to the headquarters. Otherwise, he wouldn't be able to continue being the Guild leader.

"Is there anything that young miss is not satisfied with?" Zeng Yan asked carefully.

"Does President Zeng think that I'll be satisfied with such compensation?" Leng ruoxue placed the piece of paper on the table beside her and asked indifferently.

Chapter 1290: The fickleness of human nature (1)

"I don't know if miss has any other questions, but as long as I can do it, I will do my best." Zeng Yan said as he wiped the cold sweat off his forehead.

At this moment, his fear of Leng ruoxue had risen to a whole new level. After all, he had taken out half of his family's savings that he had accumulated over the years for this compensation. However, who knew that she was still not satisfied? sob ... This was really too detestable. This was clearly a lion's mouth! This group of vampires! Now, he didn't have any hope of earning their money. He only hoped to get rid of them as soon as possible. Unfortunately, these people were obviously not that easy to get rid of.

"President CEng, I'll tell you the truth. We don't lack this bit of money, so if you really want to compensate us, then show me your sincerity. You're clearly trying to send us away casually. Moreover, I don't have any problem with this. What I want to see is President Zeng's sincerity." Leng ruoxue chuckled.

"Uh! Can young lady speak more clearly?" Zeng Yan asked shamelessly. He really didn't want to play hide-and-seek with them anymore. Can't you just say what you want? Wu...This group of evil scoundrels!

"Guild leader Zeng, what is the highest authority you can do in the Guild of missions?" Leng ruoxue asked indifferently.

"I can accept any mission or commission as long as I pay enough money." Zeng Yan frowned as he thought.

"What else?" Leng ruoxue said with a half-smile.

"There's nothing else," Zeng Yan said hurriedly.

"You really don't have any more? President Zeng, do you need to think carefully? You're getting a little forgetful when you get old." Leng ruoxue smiled as she reminded him.

"Uh!" Zeng Yan broke out in a cold sweat. In fact, he still didn't quite understand what the woman in front of him meant, or it could be said that he didn't think in any other way at all.

"Do you need me to remind President Zeng?" Leng ruoxue looked at Zeng Yan with her beautiful eyes.

“Miss, please tell me directly! I really can’t think of anything.” Zeng Yan was so anxious that cold sweat broke out on his forehead. These people were really too difficult to serve. They wanted him to compensate and make his own guess. How could there be such people!

“If I’m not wrong, the other purpose of the mission Guild is to collect information about the major families!” Leng ruoxue said indifferently.

.....

“How did miss know?” Zeng Yan was secretly surprised. Other than the Guild leaders of the mission Guild, the ordinary staff members didn’t know about this. They often mixed this matter with the mission and let others do it, so they had never revealed any clues. Therefore, he really couldn’t think of how this beautiful woman in front of him had guessed it.

“I guessed it! The quest Guild has branches in every major city, and the quests they take on every day are extremely complicated, so it’s not hard to guess. More importantly, the quest Guild belongs to the God lord’s estate, so it’s not hard to understand your purpose. It’s also quite normal.” Leng ruoxue laughed.

The master God was the true master of the divine world. The eight great divine domains, including all the clans in the divine world, were theoretically considered the master God’s subjects. However, the master God was different from the royal families in the lower realm because other than maintaining the normal order of the divine world, the master God basically did not care about anything. Hence, the eight great divine domains had appeared in the divine world. However, judging from the current situation, although the master God did not really care about anything, everything in the divine world was still within his control.

Moreover, based on her understanding of this God Lord, the God Lord of the divine world was clearly not worthy of his name. On the surface, he did not care about anything, but in reality, his desire to control was incomparably strong.

“I wonder what miss wants me to do?” Zeng Yan asked in disbelief. Actually, after hearing Leng ruoxue’s words, he had already guessed her motive. However, he was unwilling to say those words because once he did, it would mean that he would have to have an unclear relationship with these people forever. This was something that he absolutely did not want to see. Furthermore, if the divine Lord’s Manor found out about this, he could forget about continuing as the president.

“President Zeng, you’re just pretending to be confused! Since that’s the case, there’s nothing more for us to talk about. You can go back now.” Leng ruoxue said angrily. After she finished speaking, she even asked him to leave.

“Miss, don’t be like this! Let’s discuss this.” Zeng Yan said hurriedly. He didn’t expect such a beautiful woman to turn hostile so quickly. It was too terrifying.

“President Zeng is so insincere, what else do we have to talk about? Also, you can take back the compensation! We’re not beggars, we don’t need you to send us off.” Leng ruoxue laughed coldly.

As soon as Leng ruoxue finished speaking, Feng Da and Cheng Wu immediately went to Zeng Yan’s side and threw him out of the room.

After Zeng Yan was thrown out, the master of the ning family calmly said, ""Xue 'er, you want the information he has?"

Hehe! Why did this girl have the same thoughts as him? Could this be the so-called 'if we're not family, we won't enter the same door'? He couldn't help but think to himself.

"Yes. Although Zeng Yan has been the president for many years, he doesn't have much on him. Instead of robbing him, we might as well ask for something more useful to us." Leng ruoxue explained. Actually, she wanted to get information about the Divine Master's estate directly. However, she was afraid that it would scare Zeng Yan and she also thought that he would not know about it. Hence, she took a roundabout route and planned to slowly get more useful information from Zeng Yan.

"Girl, even though your idea is good, he's only the president of a branch in the godly mainland. He doesn't know much, so I'm afraid we can't get any useful information from him." The great elder reminded after some thought.

"Great elder, it's precisely because his position is not high that we can make better use of and control him. When his position slowly rises, do you think we won't know more?" Leng ruoxue laughed evilly. The more insignificant a person was, the greater their desire for power would be. Hence, she believed that as long as she gave Zeng Yan enough benefits, he would definitely be of use to her. All she had to do was to help Zeng Yan rise to a higher position. That was all.

Although she didn't have this idea in the first place, it was obviously better than robbing Zeng Yan directly. After all, this was for the long term.
