

## Crazy Wife 2031

### [Chapter 2031 Who's The Sheep \(1\)](#)

"In that case, not only should I not punish you, but I should also praise you!" Leng ruoxue didn't know whether to laugh or cry when she heard her baby's words. This little fox had always been sharp-tongued and was indeed made for diplomacy. However, she was more interested in hearing how it would explain itself. Therefore, when she said this, her face was stern.

"I'm already very satisfied that my cute master didn't punish me. I don't even dare to ask for praise!" After hearing Leng ruoxue's words, baby said with a slight grievance.

"Do you feel wronged?" Leng ruoxue glanced at baby's tiny appearance and said indifferently.

"I ... Don't feel wronged." Baby hesitated for a moment before saying. Although it said that, its face still had an aggrieved expression.

"Since you don't feel aggrieved, then accept your punishment!" Leng ruoxue laughed evilly.

"Alright then!" Baby wanted to cry but had no tears. It thought to itself, "why isn't it working when it's acting pitiful?" At first, it thought that if it pretended to be weak, its cute master would not punish it because of his heartache. Who knew that it had no effect at all? as it thought about it, it really felt wronged. Tears slowly welled up in its eyes, rolling in its beautiful silver eyes, but they did not fall.

At this moment, Leng ruoxue picked up the small and exquisite treasure with one hand and said in amazement, "Oh my, you look so adorable. If I take you out for a walk like this, I don't know how many women will be envious!"

Baby was dumbfounded when it heard that. It felt that it had overreached itself. Wuwu ... Good master! Good sister! It didn't want to go out like this. Otherwise, it would be swallowed alive by those female Tigers outside!

"Hahaha! I've decided that your punishment will be to go out with me like this." Leng ruoxue said with a hint of mischief in her voice.

Don't! Baby was wailing in pain in its heart. It didn't want to go out. Master, you can't bully an honest fox like this! After thinking about it again and again, it decided to share the good fortune and the bad. So, it made up its mind and said, "Cute master, I'm not the only one who has been hiding things from you ..."

Although it had only said half of the sentence, it believed that its smart master would understand! But as soon as it said this, it immediately received daggers from all the beasts. It was obvious that it had angered the public.

However, the arrow was already on the bow and had to be released. Therefore, it could only bite the bullet and drag the other beasts into the water. Anyway, even if it didn't say this, its master would punish them! With this in mind, baby's heart was at ease.

"You're right! Oh! How should I punish you?" Leng ruoxue nodded in agreement at baby's words. Then, her beautiful eyes began to scan the other beasts' bodies, causing the other beasts' hearts to shiver.

Feng Zhan felt uncomfortable under Leng ruoxue's gaze. He mumbled, ""Uh! I'm not allowed to eat for three days. " It took the initiative to suggest this. It even thought that this was a very serious punishment for it because it had fallen in love with human food, especially the food at Leng ruoxue's house. It was really painful for it not to eat for a day!

"Isn't three days too short?" Leng ruoxue asked with uncertainty.

"It's not a small amount. For a foodie, not eating delicious food for a meal is extremely painful." Feng Zhan said with a bitter face.

"That's true. Then I'll punish you by not eating for three days!" Leng ruoxue gave Feng Zhan a lot of face. After all, he was an ancestor of the Phoenix Clan!

"Thank you, little girl." Feng Zhan sighed. What the hell is this! It had to thank her for being punished, but it knew that it was better to take the initiative than to let the little girl settle the score later! If that was the case, its punishment would be even more severe. Confessing and surrendering themselves were the rhythm of admitting their mistakes.

Seeing that his problem had been solved, Feng Zhan didn't want to get involved in anything else. He lay on the ground without moving and started to act as an accessory.

Seeing that Feng Zhan's punishment was so light, the beasts also complained that they wouldn't eat for three days. They only begged their master to forgive them for hiding the truth out of goodwill. However, Leng ruoxue wouldn't let them have their way.

"No!" Leng ruoxue rejected him without even thinking.

"Master, why not?" The referee asked in confusion.

"This punishment is too light for you!" Leng ruoxue said with a smile.

"It's not light! Didn't grandfather Feng Zhan punish me the same way?" Richard was very unconvinced. In fact, it wanted to say that the Mei had not been punished by its master and had been forgiven! Sob...What a huge difference in treatment! It was too unfair! However, it only dared to complain in its heart and did not dare to say it out loud.

"It's a glutton. Not eating for three days is already a heavy punishment, but you guys aren 't!" Leng ruoxue replied matter-of-factly.

"Master, we also like food!" Hearing this, all the Beastie beasts said in unison.

"Liking food and being a foodie are two different concepts. So, don't think about it. You'll receive the same punishment." Leng ruoxue directly destroyed their hopes. Then, she continued, ""Judge, your punishment is to go farm with Qing Jue for three days, Ling will be grounded for three days, and Feng Zhan will train with uncle ao for three days ..."

Leng ruoxue listed out the punishment for the little beasts one by one. Every time she mentioned a beast, the little beast's face would fall. This was because the punishment that their master was talking about was the punishment that they hated the most.

"Hehe! Little guy, you've finally fallen into my hands. " Ao Jie looked at Feng Zhan and said with his eyes shining. Leng ruoxue's punishment made him very excited. This was the youngest son of the Phoenix King! He had to teach her well.

As he thought of this, he instantly thought of several training plans in his heart. He was prepared to train Feng Zhan well. When Feng Zhan saw the happy and wretched expression on Ao Jie's face, he thought about how to get rid of it. With this, their battle of wits and courage had officially begun.

Leng ruoxue did not care about the undercurrent between them. After she was done explaining the punishment for the beasts, she carried Yu and left with the demon.

"Al!" As soon as they left, a series of sighs could be heard in Yu's room. Ao Jie picked up Feng Zhan, who was still struggling, and left.

"Dammit, let me go! Don't touch me!"

Feng Zhan's howls reverberated in the bangle. However! The old phoenixes all pretended to be deaf and mute. This was the little girl's punishment, and they could only watch.

At that moment, uncle Dragon, who was drinking tea in the garden, saw Ao Jie returning with a Little Phoenix in his arms. His face was full of question marks.

"This Little Phoenix is ..." Uncle long was very curious. He knew that the little girl had phoenixes, but these phoenixes would not appear in front of him easily. To put it bluntly, they did not meet outsiders!

"He's the youngest son of the Phoenix King. I'll train the little girl for three days!" Ao Jie said with a smile. His wrinkled old face was about to burst into a smile.

### [Chapter 2032 Who's The Sheep \(2\)](#)

"You're an Eagle!" Uncle long was stunned and reminded him. Although the training of beasts was similar, Eagles and phoenixes were not of the same race. This unreliable guy wouldn't train this Little Phoenix into an Eagle, right? That would be fun to watch.

"I know! Don't worry, I know what I'm doing. I'll train it just like how the Phoenix King trained me!" Ao Jie said seriously.

However, after hearing this, uncle Dragon's face darkened even more. Looking at Ao Jie, uncle Dragon was speechless. He couldn't help but think to himself, 'how are these the same?' What kind of person was the Phoenix King? Their training must have been arranged according to the characteristics of your Eagle Clan, but do you know anything about phoenixes? Do you know how phoenixes raise their offspring? Furthermore, although this Little Phoenix was still young, it was already a ninth ranked sacred beast. Did it still need to be trained?

"Who wants you to train? Let go of me, you ugly monster!" At this time, Feng Zhan also shouted out in a rather uncooperative manner.

Seeing the little Phoenix's resistance, uncle Dragon was even more pessimistic about Ao Jie.

"Hehe! Even if you don't want to, you can't. This is what your master said!" Ao Jie had Leng ruoxue's support, so he was not afraid of Feng Zhan's provocation.

Hearing this, Feng Zhan became listless. Wu...Master!

"Be obedient! Otherwise, I'll tell the little girl that you're not going to accept your punishment. " Ao Jie gave uncle long a triumphant look and then said to Feng Zhan. However, Feng Zhan was too lazy to even lift his eyes. He didn't want to bother with this fellow who was using his power to intimidate others.

"What's going on?" Hearing Ao Jie's words, the question mark on uncle Long's face grew bigger.

Seeing this, Ao Jie described what happened to uncle long. After uncle long heard it, his expression became serious.

"Old whale, don't worry. We'll find a way." Seeing uncle Dragon's expression, Ao Jie knew what uncle Dragon was worried about, so he could only comfort him. In fact, he was not confident, but now was definitely not the time to attack the morale.

The next morning.

After Leng ruoxue finished her breakfast, she pulled the evildoer along with her and left the inn. This time, they swaggered out of the inn. Of course, she did not forget to bring her precious along.

However, when the inn's waiter saw Leng ruoxue, he was stunned because he did not remember such a handsome man coming to stay the night. However, he did not think too much about it and immediately treated Leng ruoxue as a friend of the inn's customer. From this, it could be seen that his mental endurance was also unusually strong.

However, before Leng ruoxue and the demon left the room, the waiter kindly reminded them, ""The management of the Imperial City has been quite strict recently, so you must be very careful when you go out and don't cause trouble! Otherwise, the consequences will be unimaginable!"

"Thanks for the reminder." The demon put on a grateful expression and pulled Leng ruoxue to the streets.

When they arrived on the street, the two of them realized that the security in the Imperial City was indeed much tighter than it had been a few days ago. There were guards dressed in the uniform of the guards of the Divine Master's estate everywhere on the street. They patrolled the streets and would even stop and interrogate suspicious people when they saw them.

The two of them strolled around the streets with mutual understanding. Baby obediently lay on Leng ruoxue's shoulder, pretending to be weak. At this moment, Leng ruoxue saw a shop that specialized in selling medicinal herbs and pulled the evil demon in.

The Imperial City was quite prosperous. The streets were filled with shops, and all kinds of goods were available. However, even if the shops here did not belong to the divine lord's estate, they were closely related to it. The shop they were entering had the sign of the divine lord's estate, a red blood lotus.

Normally, the blood lotus and the blood cherry blossom were very similar, but if one looked closely, one would discover the differences between the two.

The blood lotus was a truly famous flower. It was extremely valuable in the divine realm and also had a certain medicinal value. However, the blood cherry blossom was a completely poisonous flower that liked to drink blood. Although the two of them were both blood red in color, the blood cherry Blossom's

Red color carried a hint of blood. However, because the blood lotus was the symbol of the God lord's estate, there was no one in the divine realm who did not recognize the blood lotus. As for the blood cherry blossom, not many people knew about it.

After Leng ruoxue and the demon walked into the shop, the waiter merely blinked and ignored them completely. This kind of disregard might be considered rude to others, but it was exactly what the two of them wanted.

The two of them walked towards the shelf without a sound and casually sized up the medicinal herbs on it. However, their divine senses were constantly observing the actions of the waiter in the shop. However, the waiter really did not care about them because he knew that the things he sold here were extraordinarily expensive. Even if it was just an ordinary medicinal herb, the price was twice as expensive as outside. There were very few people who bought it. Leng ruoxue had also noticed this problem, so she had no intention of buying anything here.

At this moment, a few well-dressed people walked in from the outside. However, Leng ruoxue and the demon's back was facing them. When the waiter saw them, he immediately put on a smile and went up to welcome them.

"Your Excellency exalt Huang, why are you here today?" The waiter asked the man in the lead with a humble smile, his face full of flattery. But in reality, he was thinking, how unlucky! This vampire is here again, sigh! He was going to bleed again.

Although he was flattering them on the surface, the waiter really hated these people. However, he was just a small waiter, and this shop did not belong to him. Therefore, even though he hated them, he did not have the courage to offend these people from the Divine Master's estate. After all, these people were not the most powerful and terrifying people in the Divine Master's estate! However, his master still couldn't afford to offend him. More importantly, this person had a backer.

"The entire Imperial City is heavily guarded now, and I'm in charge of this area, so I naturally had to come and take a look. By the way, how's business?" Exalt Huang asked with concern. His words were extremely Grand, but the waiter knew very well that this person was here for money.

"The business is alright. My master even said a few days ago that he wanted to thank exalt Huang for taking care of him! "However, master just so happens to not be here right now ..." The waiter only finished half of his sentence before he raised his head to look at exalt Huang. However, the meaning behind his words was obvious. 'Master is not here, you have come for nothing!' I can't make the decision.

p "Hehe, that's really unfortunate! However, I have a message for your master. The bidding for the exclusive management rights of the Divine Master's residence is about to start again, so tell him to make preparations in advance!" Exalt Huang said with a smile. He didn't look like he was going to make things difficult for the waiter, but the waiter's heart sank when he heard this. Wasn't this a blatant threat?

The exclusive management rights of the divine Lord's residence meant that merchants were allowed to operate shops in the Imperial City under the name of the divine Lord's residence. However, they had to pay the divine Lord's residence a very high naming right. Similarly, these shops could enjoy the highest discounts in the Imperial City. However, this did not mean that other people were not allowed to

operate shops in the Imperial City. However, the shops that were not under the name of the divine Lord's residence had to pay the highest taxes in the Imperial City. They would have almost no profit.

### [Chapter 2033 Who's The Sheep \(3\)](#)

Even so, it was the dream of many families to own a shop in the Imperial City. They regarded it as an honor, so even if they couldn't make much money here, they still had to provide for these vampires. Many people were willing to do so.

The exclusive management rights of the God Lord's Manor were limited to a hundred years. This year was the last year of the hundred years, so the waiter didn't expect that exalt Huang would remind him today. It seemed that exalt Huang was deliberately making things difficult for them because he didn't get any benefits from them. Although his heart was clear, the waiter still had to put on a smile and said, ""I'll let my master know. Thank you for your reminder, exalt Huang. "

"Yes." Exalt Huang nodded in satisfaction. Just as he was about to leave, the yellow-clothed girl beside him suddenly shouted, "Big brother! I want that Fox!"

"What Fox?" Exalt Huang was a little puzzled. Then, he looked in the direction the girl in yellow was pointing at and realized that there were outsiders in the shop. However, he didn't take it to heart because these two people weren't very strong. A Purple Fox with a big furry tail was lying on one of them.

Women just like these useless things! Exalt Huang thought to himself, but he still spoke in a commanding tone, "My sister has taken a fancy to your Fox. Hand it over!"

When Leng ruoxue and the evildoer, who had their backs facing them, heard exalt Huang's words, they looked at each other speechlessly! They felt rather helpless! Was this considered an unexpected calamity?

In fact, if exalt Huang had not taken the initiative to speak, the two of them had no intention of paying attention to him at all. After eavesdropping on his conversation with the waiter for a while, the two of them had also concluded in their hearts that this fellow was not a good person. Therefore, the two of them had been pretending to pick medicinal herbs without looking back. Who knew that his sister would actually take a fancy to a treasure!

Left with no choice, the two of them turned around. Then, Leng ruoxue pretended to be unhappy and said, ""The treasure is mine, I won't give it to anyone else!" After he finished speaking, he even held the treasure tightly in his arms, as if he was afraid that they would snatch it away, and conveniently ignored the waiter's sympathetic gaze that flashed past them.

When exalt Huang saw the sissy Leng ruoxue, his eyes brightened. He was so shocked that his heart was beating wildly.

Leng ruoxue's appearance was like a dazzling ray of light that lit up his entire life. He knew that he had been struck by something called love!

In an instant, exalt Huang's gaze towards Leng ruoxue became more and more passionate. This man had all the beautiful fantasies in his heart. Today, he could finally fulfill his wish! He was so excited that his body was trembling.

A cold glint flashed in the demonic man's eyes when he saw exalt Huang being shot by Cupid's arrow. He shot daggers at exalt Huang, but exalt Huang, who was currently immersed in the river of love, didn't feel any danger approaching.

As for Leng ruoxue, when she saw exalt Huang's lustful look, she felt extremely depressed. Could it be that this fellow could tell that she was a girl? However, that was impossible, right? It was impossible for this fellow to have Sun Wukong's fiery eyes. More importantly, she believed in green vessel's ability.

Aside from that, exalt Huang's gaze was too fiery, causing Leng ruoxue to have goosebumps all over. This was the first time she realized that being stared at by a strange man like this could make her go crazy!

Yes! Leng ruoxue was going crazy!

In fact, exalt Huang was quite good-looking! He had thick eyebrows, big eyes, regular facial features, a tall and strong body, and his strength was also not ordinary. He was a divine Emperor. Other than his eyes being a little hot, there was nothing too obscene about him. He was even far away from being vulgar! However, she was a man now! He was a genuine man, so she couldn't understand why exalt Huang was looking at her with such a fiery and passionate gaze.

At this moment, Leng ruoxue would never have thought that exalt Huang wasn't lustful towards women. He liked men, especially men like her who had the temperament of a submissive. She was exalt Huang's favorite.

"Young master, What is your name?" Exalt Huang, who had finally regained his senses, looked at Leng ruoxue with deep affection and asked.

Ugh! When did the young master's name become a beautiful name? Leng ruoxue's mind was in a mess when she heard exalt Huang's question. However, she still replied politely, "'I'm Zhou kun!" She had plagiarized again. She had no choice. When she saw Mr. Huang, she wanted to tell him a slightly more vulgar name. Therefore, she thought of Zhou kun immediately.

"So it's young master Zhou! It's an honor! I am Huang Shou! He's a consecrator of the God lord's estate. " Huang Shou took the initiative to introduce himself. At this time, the yellow-clothed woman beside him couldn't wait any longer. She pulled on Huang Shou's lapels and loudly reminded, "'Brother, I want that Fox. Why are you talking so much nonsense?"

"I'm sorry, the treasure is mine, I won't give it to anyone else!" Without waiting for Huang Shou's response, Leng ruoxue rejected him again.

"Hmph! You sissy, it's your honor that I'm interested in your beast pet, don't be so ungrateful!" The yellow-robed lady was enraged after hearing Leng ruoxue's words!

p However, Leng ruoxue wasn't afraid of her at all. She only looked at Huang Shou, waiting to see what he would say.

When Huang Shou saw Leng ruoxue 's' resentful 'beautiful eyes, his heart immediately melted into a puddle of water. He quickly promised, "'Brother Zhou, don't worry. That Fox is yours. No one will be able to take it away from you!"

Little brother Zhou! Leng ruoxue was shocked. This guy was really friendly! In such a short time, she had become a good brother! However, now was not the time to be calculative about this, so she put on a grateful look and said, "I'm relieved to hear that, exalt Huang. "

However, even though she was relieved, the yellow-clothed woman was not!

The yellow-clothed woman shouted angrily, "Big brother! I'm your sister! How can you help an outsider and not me? Hmph! I'll definitely tell the old ancestor that you're a traitor!"

"Don't talk nonsense. When did I betray you? Junior Brother Zhou isn't an outsider, so how can you just take his Beloved Beast? isn't it just a Fox? When I have time, I'll catch one for you!" The moment Huang Shou heard his sister's words, he immediately coaxed her. In fact, in his heart, his sister was not as important as Leng ruoxue. After all, it was not easy to meet a man who could move his heart so much. Therefore, he would definitely not allow his sister to ruin his relationship!

"Then I'll get a Purple Fox too!" The yellow-clothed woman saw that Huang Shou seemed to be a little angry, so she could only say this unwillingly.

"No problem!" "Yes," Huang Shou replied. In his heart, he was thinking that he should send someone to inform the Fox clan leader when he had the time and ask him to send a Purple Fox over. This was to prevent his sister from having any ideas about the Fox and making the beauty unhappy.

After obtaining her brother's permission, the yellow-robed lady finally stopped. However, her eyes would still drift towards the treasure from time to time. However, she was ignored by Leng ruoxue because she was in a dilemma. This yellow beast had said that she was not an outsider!

When Leng ruoxue heard this, she really wanted to ask him, what am I if not an outsider? However, after thinking about it, it was better not to ask. Otherwise, she was afraid that she wouldn't be able to bear the shocking words this beast said.

After settling his younger sister, he saw Leng ruoxue remaining silent. Huang Shou's heart felt like it was being scratched by a cat. This beautiful woman's silent look really made his heart itch! At this time, he really wanted to hold the beauty in his arms and make out, but he was afraid that he would scare the beauty.

After some thought, Huang Shou took the initiative to invite him, "Brother Zhou, you haven't been to the divine lord's estate, have you? Why don't I invite you to the Divine Master's estate as a guest?"

Huang Shou's face was full of pride after he finished speaking, and he almost raised his tail. Of course, the premise was that he had the words. He firmly believed that Zhou kun, who was in front of him, would definitely not be able to refuse his words. After all, who in the divine realm did not want to go to the divine Lord's residence to broaden their horizons? Unfortunately, not everyone would have such an opportunity!

Huang Shou's words stunned Leng ruoxue! This person wanted to invite her to the Divine Master's estate? What was this?

After exchanging glances with the demon, Leng ruoxue nodded in agreement. After all, it would be a waste not to go! This was an opportunity to enter the divine Lord's residence openly!

Huang Shou had already expected that Leng ruoxue would not be able to reject him, but when he saw that she had agreed, he let out a long sigh of relief. Only then did he realize that he had been waiting nervously for her reply. Sob ... This was too much torture for his heart.

Then, to avoid any more trouble, he quickly said to Leng ruoxue, "Brother Zhou, come with me!"

"Alright!" Leng ruoxue nodded and pulled the demon away with her. However, Huang Shou was obviously not satisfied with the demon as he was just a burden. In order to please Leng ruoxue, he had no choice but to accept the demon's existence. However, he had been feeling sullen all this while.

After they left the pharmacy, the waiters in the pharmacy all watched their backs in disbelief. They couldn't help but think in their hearts that strange things happened every year, but there were especially many today! This was the first time he had seen Huang Shou speak to someone so politely and in such a humble manner!

Suddenly! An idea suddenly came to his mind. Could it be that Huang Shou has taken a fancy to her? With this in mind, Huang Shou's attitude seemed much more reasonable, because there had always been rumors that he liked men!

Al! What a pitiful guy! He had sent a sheep into the Tiger's mouth! For a moment, his sympathy for Leng ruoxue was like the waves of the river, endless!

However, if Leng ruoxue knew what he was thinking, she would definitely ask, "who is the sheep?"

#### [2034 Chapter 2034](#)

Leng ruoxue had never thought of herself as a sheep. If she was a sheep, she would definitely be a wolf in sheep's clothing! However, she didn't know what the waiter was thinking, so she couldn't refute him.

Along the way, Huang Shou kept trying to strike up a conversation with Leng ruoxue. Unfortunately, Leng ruoxue ignored him. However, this did not dispel Huang Shou's enthusiasm. Instead, it made him more courageous.

When Huang Shou looked at Leng ruoxue, who was ignoring him, and felt depressed. However, he wouldn't cherish something that was easily obtained. Leng ruoxue was the perfect person for him to get what he couldn't get. Therefore, he treated Leng ruoxue even more diligently, while the demon's face grew darker and darker.

He threw daggers at Huang Shou, but the man only had eyes for the beauty, so he ignored the cold and evil look.

However, the frosty Qi that was released from the evildoer's body was enough to freeze a radius of a hundred miles. It made Leng ruoxue's heart tremble. Sob ... She did not need to ask to know that the evildoer was angry. However, this was none of her business!

However, she knew that the consequences would be serious if the demon was angry, so she subconsciously stayed away from the two barrels of explosives that could explode at any time.

However, in the next second, Leng ruoxue was held tightly by a pair of strong arms, unable to move. In that instant, Huang Shou exploded.

"Dammit! Let go of my brother Zhou!" Huang Shou roared in jealousy. His eyes were bloodshot with jealousy and hatred, and he couldn't help but curse in his heart. I haven't even hugged this beauty yet! How could he let an outsider have it!

That's right, the evildoer was an outsider in his eyes, while Leng ruoxue was his wife. So, when Huang Shou saw someone hugging his wife, one could imagine how angry he was. However, the evildoer only glanced at him indifferently, and Huang Shou's heart trembled. He swallowed the rest of the words he wanted to say, and forgot to say them.

Huang Shou quickly reacted.

When he thought about how he had actually been frightened by a weak ugly person, he felt as if he had eaten a dead fly. Damn it, the other party was merely a God King. What was there to be afraid of?

He thought that the demon only had the strength of a Divine King. Therefore, when he realized what was going on, his anger multiplied. One should know that a Divine King was nothing in the Imperial City. Any waiter in any shop could have the strength of a Divine King. Therefore, it was a great humiliation for him to be frightened by the demon. At this moment, he wanted to kill the demon. However, this ugly monster was with a beauty, so he couldn't do it now.

With that thought in mind, he suddenly changed his attitude and smiled at the evildoer. Then, he said apologetically, "I'm sorry, I was a little too excited just now. " A man must know when to yield and when to stand tall, so he must not let the beauty see that he had any dissatisfaction with this ugly woman.

Huang Shou thought that he had hidden his emotions well. Unfortunately, in the eyes of Leng ruoxue and the demon, he was like a clown. The two of them didn't even take him to heart.

After walking for a while, the two finally arrived near the tall and magnificent building of the Divine Master's estate. However, Huang Shou did not lead them through the main entrance. Instead, he led them to the back door of the Divine Master's estate after many turns.

After entering, Leng ruoxue looked at the ordinary-looking courtyard in front of her and was speechless. Who told her that this was the Divine Master's residence? Although they had entered the Divine Master's estate through the back door, there was a wall between this place and the spacious main courtyard of the Divine Master's estate. Even if there was a small door on the wall, there were at least four guards standing guard there. There was no way they could stroll around the Divine Master's estate like this! Instantly, Leng ruoxue felt as if she had been tricked.

However, Huang Shou didn't think that he had lied to Leng ruoxue. He even explained with a smile, "Junior Zhou, this is the courtyard we live in. The main building of the divine lord's estate is right next to it. However, it's heavily guarded, so even I can't go there often. As a result, I can only trouble junior Zhou to stay with me for the time being. As long as there's an opportunity, I'll definitely bring junior Zhou over to broaden his horizons."

Leng ruoxue didn't deny Huang Shou's promise. Then, she smiled charmingly and said, "Exalt Huang is too polite. I'm already very satisfied to be able to pay my respects to the divine lord's estate!"

Leng ruoxue's understanding made Huang Shou fall in love with her even more, and the beautiful smile she had just shown made Huang Shou feel so happy that he couldn't even find the North!

Following that, Huang Shou considerately arranged rooms for Leng ruoxue and the demon. As they were his guests, they stayed in his courtyard. Naturally, he arranged for Leng ruoxue's room to be next to his. As for the demon's room, he arranged it to be further away from them.

Seeing that his room was so far away from Xue 'er, the demon was furious.

"Why isn't my room next to hers?" The demon looked at Leng ruoxue and questioned Huang Shou in dissatisfaction. He could not bring himself to call her Zhou kun and Xue 'er.

"Other than Junior Brother Zhou's room, there's only one empty room. You're not going to stay there, but do you want Junior Brother Zhou to stay there?" Huang Shou said matter-of-factly. Furthermore, he had treated the evildoer as Leng ruoxue's Lackey. Hence, from the bottom of his heart, he believed that the evildoer would not dare to do such a thing!

Unfortunately, he had underestimated the monster.

After the demon heard his words, he smiled and said indifferently, ""That's a good idea. Let's switch rooms!" He couldn't ask for more! It would be strange if he wanted Xue 'er to be too close to Huang Shou.

In fact, it was fine if Leng ruoxue stayed next door to Huang Shou. The demon would never let Leng ruoxue stay by herself. Unfortunately, he was a man who was protective of his food. Even though he knew it was fine, he didn't want Xue 'er to stay by the side of a man who had bad intentions towards her. Even if he was by her side, he couldn't! He was just this overbearing, and Leng ruoxue understood that. Hence, she naturally wouldn't object.

Seeing that Leng ruoxue didn't have any objections and even indulged this ugly woman, Huang Shou felt as if he had drunk a jar of old vinegar. No matter how he looked at this demon, he didn't like it. However, he couldn't act up in front of Leng ruoxue, so as not to leave a bad impression on her. So, he was in a dilemma! He hated the evildoer to death, but he couldn't do anything to him. This wasn't an ordinary kind of grievance.

After consoling himself for a while, Huang Shou could finally get by in the room. However, he had no intention of being nice to the evildoer in private. So, when Leng ruoxue wasn't paying attention, the two of them would exchange glances with each other. However, Huang Shou would always be defeated. After a few times, the evildoer had become Huang Shou's biggest threat.

In addition, Leng ruoxue and the evildoer were showing their intimacy from time to time, which greatly stimulated Huang Shou.

When no one was around, Huang Shou would keep asking why.

He couldn't figure it out. Whether it was his appearance, family background, or strength, he was above that ugly woman. However, his younger brother Zhou just had to listen to that ugly woman's words. This fact was a huge blow to him!

#### [2035 Chapter 2034](#)

Fortunately, there were a lot of things to do in the Divine Master's residence for the past two days. Hence, he did not have to worry about it for long before he was so busy that his feet did not touch the

ground. On the other hand, Leng ruoxue and the demon were no longer bothered by the third wheel, so they settled down temporarily in the Divine Master's residence.

When no one was around, the two of them would stay in the bracelet. When Huang Shou was around, the demon would stay in Leng ruoxue's room.

On a certain day.

Huang Shou had just finished his work and had rushed over to see Leng ruoxue. Who knew that the person who opened the door for him was a demon? the moment he saw her, the anger in his heart rose uncontrollably.

"Don't you have your own room? What are you doing here all day?" Huang Shou roared in anger. Since this guy was always in his brother Zhou's room, why would he want to exchange rooms with him? Otherwise, every time he returned to his room, he would be able to see how happy his younger brother Zhou was. It was a pity that there was such a third wheel! She was really angry no matter how she thought about it!

"I'm happy, alright?" After the demon finished speaking, he turned around and entered the room.

Huang Shou was stunned, and the anger in his heart burned even more. After he came back to his senses, he quickly followed.

Seeing Leng ruoxue sitting in the small living room drinking tea and eating snacks, Huang Shou felt extremely aggrieved. With a face full of hidden bitterness, he said, ""Brother Zhou, how can you be in the same room as a man? This is not good for your reputation!"

God knew how busy he had been these few days. The Divine Master had gone crazy and called all of them over to interrogate their ancestors. Then, he ordered them to pay attention to any suspicious people in the Imperial City. They had no time to rest these few days.

He finally had some free time, so he specially came to see his beloved younger brother Zhou, and even met this third wheel, so he felt as wronged as he could.

In reality, he did not know that ever since Wu Xuan and Leng ruoxue had left for the second time, she had ordered the guards of the God lord's estate to check on suspicious people. However, for some reason, the guards had all fallen seriously ill in the past few days. The God Lord had no choice but to let the elders and sinecures in the God lord's estate participate in this matter. Some of them were also in charge of the security of the God lord's estate. Otherwise, the God lord's estate would be short-handed!

Therefore, Huang Shou had been very busy these few days. He was so busy that he did not dare to think about Leng ruoxue because the Divine Master's emotions were very unstable. He did not dare to make a single mistake, or he might lose his life! And under Lord Divine master's rage, there were already people who suffered!

After working for a few days, the Divine Master finally gave them a few hours of break to rest. He did not even think before he came to Leng ruoxue's place. However, he met his biggest love rival here! This made him feel extremely uncomfortable.

Seeing Huang Shou's aggrieved expression and hearing his bitter words, Leng ruoxue's face was filled with black lines. Then, she couldn't help but remind him, "Exalt Huang, I'm also a man!"

"It's precisely because brother Zhou is a man that we have to be more careful! After all, it's more troublesome for Feiyu to spread rumors between men, and not every family can accept such things. I don't want brother Zhou to be hurt." Huang Shou's words were said with Leng ruoxue's best interests at heart, and his eyes that kept throwing charming looks at Leng ruoxue were filled with endless affection.

"Thank you for thinking about me, exalt Huang. I'm so touched!" Leng ruoxue was a little speechless. Then, she pretended not to understand and asked with a puzzled look, "Exalt Huang, are your eyes cramping? Why do you keep blinking?"

"....."

Leng ruoxue's words made Huang Shou feel defeated. He was trying to seduce her, okay? It wasn't a cramp! Even though he was furious, he could not bear to vent his anger on Leng ruoxue. As for that ugly woman, the two of them had fought so many times, both overtly and covertly, but he had never won once. Therefore, before he had absolute confidence, he did not want to provoke that fellow. In fact, even if he were to take the initiative to provoke her now, she might not even bother with him! He was well aware of this!

With this thought in mind, Huang Shou stood up immediately and bade Leng ruoxue goodbye before he turned around and left.

Seeing that Huang Shou had left so quickly this time, the demon was a little uncomfortable.

"Why did he leave so quickly?" The demon was somewhat regretful. He had not properly dealt with the yellow beast yet!

"What? are you planning to make him stay for dinner?" Leng ruoxue looked at the evildoer speechlessly and asked him back. Then, with a thought, she brought the two of them into the bangle.

Seeing that they had returned, the smiling uncle long couldn't help but tease them, "Why is that little yellow beast so listless? you guys didn't do anything, did you?" He and Ao Jie could see everything that happened in the room with Leng ruoxue, the demon, and yellow beast through the screen.

"It's not that I didn't do anything, but I didn't have the chance to do anything!" Leng ruoxue laughed lightly as she teased.

"That's true. Recently, the God Lord's Manor has been giving them a lot of trouble." Uncle long said sympathetically. This was all Xue 'er's doing. On her first day here, she had sent her little beasts out to put some medicine in the well water of the Divine Master's estate. It was obvious that it was not the first time the little beasts had done this. They were all familiar with it and were very excited.

However, out of caution, Leng ruoxue asked them to return immediately after she had drugged them. Otherwise, who knew what these mischievous little beasts would do!

In fact, uncle long knew very well that the reason these little beasts worked so hard was because they had been punished by Xue 'er for three days. They had been holding back their anger for a long time,

and they had vented it all on the people of the Divine Master's estate. As a result, those people were in trouble.

Although the medicine in the well water might not have much of an effect on the people of the immortal realm, gods were also cultivated by mortals. Therefore, many people were still very concerned about eating, drinking, and sleeping. Even if they did not really need it, they could not completely abandon these habits. Otherwise, Xue 'er's idea might not have succeeded. However, uncle long was clear that Xue 'er was just trying to stand up for Yu. Although she didn't attack them ruthlessly, those people would probably end up worse!

The truth was just as uncle long had expected. Although the guards of the Divine Master's estate were not in any life-threatening danger, they had suffered a lot. Not only did they feel an unbearable itch all over their bodies, but they also had diarrhea. Many of them had gone pale and collapsed.

In addition, each of them had different symptoms. In addition to itchiness and diarrhea, some of them even had a foul smell. In short, they had all kinds of conditions, but they were not fatal. No matter what detox pill they took, they could not cure the problems in their bodies. For a time, the God lord's estate was filled with complaints, and it was shrouded in a dark cloud.

Unfortunately, no matter how angry they were, no matter how angry they were! They couldn't find the culprit who had caused them to be in this state. This fact made them so depressed that they almost vomited blood. Therefore, in recent days, the sky above the Divine Master's estate would brew a storm at any time. The people of the Divine Master's estate had also tucked their tails between their legs and were careful not to offend the Divine Master!

### [2036 Chapter 2036](#)

In contrast to their troubles, Leng ruoxue and the rest led a very carefree life. Not only did they have good food and drinks to serve them, the yellow beasts did not have the chance to disturb her. More importantly, they could see the God lord's estate in a mess every day. This had become a must-watch program for uncle long, the rest, and the beasts.

However, even though she had already turned the Divine Master's residence into a mess, Leng ruoxue was still not happy.

Although the secret room was the most suspicious, it had not been confirmed. Even if it was confirmed that it was the place where the fog's main body was stored, she was not very confident that she could obtain the petals of the fog's main body.

Whenever she thought of this, Leng ruoxue would feel a little frustrated. However, she would try her best not to show her emotions in front of uncle long.

Hence, after hearing uncle Long's words, Leng ruoxue smiled evilly and said, ""I'm planning to make the Divine Master's estate more chaotic!"

"What?" When uncle long heard this, he was extremely interested. Ao Jie, who was beside him, could not help but perk his ears as he looked at Leng ruoxue with anticipation.

Seeing their expressions, Leng ruoxue took out a few black balls the size of a baby's fist. These balls were the explosive balls that she had modified, and their power was much stronger than before. However, uncle long had never seen such an item before. After all, Leng ruoxue had only used it a few times.

"Girl, What is this?" Seeing that Leng ruoxue was deliberately keeping him in suspense, uncle long could not help but ask directly.

"This is an explosive ball." Leng ruoxue said with a smile.

"Exploding balls? Don't tell me this little thing is going to explode?" Ao Jie asked in surprise.

"Not bad!" Leng ruoxue nodded her head slightly. She could not help but think to herself, 'I can't do anything to Wu Xuan, but can't I deal with the rest of the people in the Divine Master's estate?'

"Uh! Little girl, you're not thinking of blowing up the Divine Master's residence are you?" Uncle long asked in horror. This girl's idea was crazy! The Divine Master's residence was not that easy to blow up.

"Hehe! I had the same intention!" Leng ruoxue said with a smile.

"Girl, the Divine Master's residence is very sturdy and is protected by a defensive formation. It's not that easy to blow it up!" Although Ao Jie was very much looking forward to Leng ruoxue's words, he was not very optimistic about her thinking. If the Divine Master's residence was blown up so easily, then wouldn't they become the laughing stock of the divine world? Of course, no one dared to laugh to their faces, but behind their backs, the dignity of the Divine Master's estate would be swept to the ground! After thinking about it, he felt that Xue 'er's idea was not bad! Unfortunately, he knew very well that the old whale would never agree to this. This was because this idea was too crazy and dangerous.

"It's okay. I didn't expect to blow up the Divine Master's residence, but I can still disgust her!" Leng ruoxue said disapprovingly. In fact, her original intention was to cause trouble for ripple mist. Who asked her to be in a bad mood?

"Girl, I don't agree. It's too dangerous. The God lord's estate is now more heavily guarded than before. Perhaps Wu Chan's divine sense is also watching the God lord's estate's movements at all times. If we attack and she finds out, we'll be in a passive position." Uncle long said worriedly.

"Uncle long, don't worry. I know what I'm doing." Leng ruoxue promised. However, uncle long still looked at her worriedly. In the end, it was Qing Jue who stepped in and promised that he would not be discovered by Wu Jing. Only then did uncle long finally let go of his worries.

Actually, uncle long was well aware of Qing Jue's capabilities. However, from his perspective, this was completely different from what he was worried about. Furthermore, he was also afraid that Xue 'er would rely too much on Qing Jue and act recklessly. Hence, he had to let Leng ruoxue have a sense of crisis. That was why he would occasionally oppose Xue 'er's opinions. He hoped that she would be able to face the problems that she was facing.

Leng ruoxue was also very clear about uncle Long's thoughts. Therefore, whenever there was a problem, she would discuss it with them. If they had a different opinion, she would find a way to persuade them to agree. Therefore, the final result would always be her victory! Who asked her to have a demon who supported her unconditionally and the help of the powerful green vessel! When she thought of this, the way she looked at the evildoer became more and more tender, making the evildoer's heart beat wildly.

Uncle long and Ao Jie coughed a few times when they saw the two of them flirting with each other. Then, the two of them said seriously, ""Since the girl has already decided, then let's act quickly!"

Now that the matter had been settled, they were even more anxious than Leng ruoxue.

However, it wasn't too late yet, and it wasn't a good time to do bad things. So, Leng ruoxue could only temporarily find something else for the two anxious old men to do!

He asked them to go fishing in the stream under the waterfall in the bracelet, and the fish they caught would naturally be their dinner. Moreover, they were not allowed to use divine power or divine skills. They could only use fishing rods.

This time, the two of them had a hard time.

The two of them had never fished before! Not to mention using a fishing rod! In fact, if the two of them wanted to eat fish, they could have just gone into the river to catch it. However, Xue 'er insisted that the two of them use some kind of fishing rod.

Looking at the fishing rod that was much thinner than their fingers, the two of them were in a miserable state, but they still walked towards the stream in resignation.

There were quite a lot of fish in the stream, but as soon as the two of them got close, all the fish in the stream hid under the grass and refused to come out!

The two of them looked at each other speechlessly.

F \* ck! The fish in the stream were too much of a bully! They had seen it with their own eyes. The moment those fish saw Leng ruoxue, they would take the initiative to come to her. Now that they were seeing them ... The two of them almost vomited blood from anger.

However, as depressed as they were, the two still took the initiative to fish in the stream. However, after waiting for a long time, not a single fish took the bait. This fact made the two depressed old men speechless and not know what to say!

Even when Leng ruoxue sent Beastie to call the two of them for dinner, they still did not manage to find anything. When they were eating, both of them were frowning. Seeing this situation, Leng ruoxue felt a little guilty.

In fact, she asked uncle Dragon and Ao Jie to go fishing just to let them find something to do to pass the time. Who knew that the beast's innate pressure actually scared the fish in the stream away. And uncle Dragon and Ao Jie couldn't use violence on the fish in the stream, so they didn't find anything.

What Leng ruoxue didn't expect was that not being able to catch a fish would be such a huge blow to the two of them. For a moment, she didn't know how to comfort the two.

Leng ruoxue was a little embarrassed as she said, ""Uncle long, uncle ao, the fish in this space are extremely cunning. Therefore, you must not take it to heart."

"En, we don't mind. Old man ao and I have decided to go fishing there every day in the future. I don't believe that we really can't catch a single fish!" Uncle long gritted his teeth. He was going to fight with the fish.

You call this not angry? Hearing uncle Long's words, Leng ruoxue's face was filled with black lines. She never thought that her failed fishing attempt would deal such a huge blow to uncle long and Ao Jie. Now, she was so regretful!

Seeing Leng ruoxue's conflicted expression, the demon smiled at uncle long and Ao Jie, "Yes, I support your idea, but there's no time for you to fish now. We have to settle the Divine Master's residence first."

"Yes, little brat ye is right! The God Lord's Manor is the most important thing!" Uncle long nodded in agreement. His attention was immediately diverted. Leng ruoxue heaved a sigh of relief when she saw this.

After dinner, the sky was already dark. Furthermore, after dinner, the sky suddenly turned dark. It was a sign that a storm was coming. Leng ruoxue felt that the heavens were helping them with this sudden change in weather. However, uncle long and Ao Jie were a little worried.

"Girl, it looks like it's going to rain soon. Is your exploding ball afraid of water?" Uncle long was very worried. He didn't want to waste his efforts!

"Yup! Little girl, why don't we do it another day?" Ao Jie said.

"It's fine! Uncle long, uncle ao, don't you worry! Tonight's weather is perfect for us to do bad things." Leng ruoxue laughed evilly. Seeing how confident she was, uncle long and Ao Jie were not as worried anymore.

Then, Qing Jue turned the bangle into a small speck of dust again, and it drifted with the wind in the Divine Master's residence.

Every time they arrived at a place, Leng ruoxue and the rest would continuously throw explosive balls at that place through the light screen. Originally, Leng ruoxue could have done this alone but in order to let uncle long and Ao Jie have a sense of participation, they had added the two of them. As for the monster incarnate and the beasts, they were just there along the way.

After walking around the Divine Master's residence, they saw that it was already raining heavily. However, such weather was perfect for Leng ruoxue. Hence, their journey was unimaginably smooth. When they returned to the room Huang Shou had arranged for Leng ruoxue, uncle long and Ao Jie felt as if they were in a dream. It did not feel real.

"It's done?" Ao Jie sat in the garden in his bracelet and looked at uncle long in a daze. At this moment, there were only the two of them. Leng ruoxue, the demon, and the other beasties had all returned to their rooms to rest.

"Yes." Uncle long nodded his head, pretending to be calm, but in fact, he couldn't calm down at all.

### [Chapter 2037 Venting \(1\)](#)

This was too easy! Uncle long couldn't stay calm. If he did not know about Qing Jue's ability to enter a no man's land, he would have thought that he was dreaming!

However, just as the two of them were bewildered, an explosion suddenly sounded in their ears. Uncle long and Ao Jie looked at each other and thought to themselves at the same time, the explosion just started?

Yes! The great explosion in the divine Lord's residence had officially begun. Furthermore, Qing Jue had purposely aimed the light screen at every corner of the divine Lord's residence so that uncle long and Ao Jie could watch this exciting scene better. The explosion was also deliberately let in by Qing Jue for them to hear.

In the light curtain, smoke filled the air, and soon, the sound of explosions rang out. However, the explosions did not cause much damage to the buildings of the Divine Master's residence. At most, they only caused some cracks. However, the flowers and plants in the Divine Master's residence were greatly damaged. Most of them had become withered flowers and Willows, lying lifelessly on the ground.

Seeing this, Ao Jie could not help but say, ""Aiya, poor little flowers and grass! The place you grew up in is too bad, and now you've become the scapegoat of that old woman, Wu Yan!"

"Will you die if you say one less word!" Hearing Ao Jie's words, uncle long rolled his eyes at Ao Jie. In fact, he did not feel sorry for those plants at all. Would there be anything good from the plants planted by women? Furthermore, Xue 'er had also said that those flowers and plants were poisonous! However, the effect of Xue 'er's explosive ball was quite good. He could already see the God lord's estate in a mess again. It was even more chaotic than a few days ago!

Just as uncle long had seen, the entire divine lord's estate had fallen into an unprecedented panic. The three Supreme gods of the divine lord's estate-Xuan Yi, Xia Yi, and Huang Wei-had appeared at the scene to direct the somewhat flustered people in the divine lord's estate.

When the three of them saw the God lord's estate that had been completely destroyed, they felt a headache coming on! In fact, it wasn't entirely true to say that the appearance was completely different, because the main building of the God's Manor was not too seriously damaged. There were only some small cracks in some places. However, the originally magnificent God's Manor was now completely black from the explosion. In the dark clouds and heavy rain, it looked even more desolate. Anyone who saw it would know that it had just been destroyed.

What made the three of them even more frustrated was that while they were worrying about the construction of the God lord's estate, explosions continued to ring out one after another. This fact made them extremely depressed.

"Your Excellency Xuan Yi, you can't do this! We have to think of something. If this continues, the God lord's estate will be destroyed!" Huang Wei looked at Xuan Yidao worriedly. In fact, he was more worried about the Divine Master's anger.

"Does your Excellency Huang Wei have any good ideas?" Xuan Yi looked at Huang Wei without a change in expression and asked indifferently. At this time, he was expressionless, but in reality, his heart was already in turmoil. This was because he knew that the commotion these few days was caused by that girl. Although these disturbances would cause him to be badly battered, he could not help but admire that girl's courage and reckless actions.

She even dared to mess with the people of the divine lord's estate and blow up the divine lord's estate. What else was there that she didn't dare to do?

"Al! We can only make a decision after seeing how much damage the God lord's estate has suffered!" When Huang Wei heard Xuan Yi's words, he sighed helplessly. What good idea could he have? If he had a way, would he still ask Xuan Yi?

"Yes." Huang Wei's words made Xuan Yi and Xia Yi nod their heads at the same time. Then, the atmosphere between the three of them became heavy.

However, although the three of them didn't say anything, they were all thinking about how to deal with this matter and how to prevent it from affecting them. However, they also knew that it was absolutely impossible to not take responsibility for such a big matter! It was just a matter of how much responsibility he had.

At this moment, a guard came to report the casualties.

The three of them were shocked when they heard this!

"Why are there casualties?" After hearing the Guard's words, Xuan Yi hurriedly asked. As far as he knew, most of those explosive balls were in the corners, so no one should have been injured!

"When we were searching, an explosive ball happened to explode. Someone couldn't Dodge in time, so he was injured by the explosion!" The guard explained gloomily.

"Oh! Were they seriously injured? Did you take any healing pills?" Xuan Yi asked with concern.

"They've already eaten. However, their injuries haven't fully recovered yet!" The guard reported.

"How did this happen?" Xuan Yi frowned.

"There's some substance in those exploding balls that can restrain the healing of wounds, so our healing pills have no effect on those injuries!" The guard said honestly.

"Then what should we do?" When Huang Wei heard this, he also started to worry.

At this moment, he saw a guard supporting Huang Shou as they walked over.

When he saw that Huang Shou's face was a bloody mess and his body was covered in wounds, he almost jumped out of his skin in shock!

F \* ck! The person who had been blown up like a ghost was Huang Shou?

If he wasn't very familiar with Huang Shou, he wouldn't have been able to tell that the man who had been blown up into a humanoid shape was Huang Shou. However, this was too tragic! When he saw the grievance in Huang Shou's dim eyes, he really wanted to beat up this idiot!

Idiot! Why didn't you hide when you knew there was danger? Why was he still charging forward?

Huang Shou was his descendant, and a descendant he liked very much. Therefore, out of his love for Huang Shou, he did not expect Huang Shou to work hard in the Divine Master's estate or enjoy glory. As long as he could keep his life, it would be fine! But now, what had this guy done?

Looking at the unfriendly eyes of his ancestor, Huang Shou felt wronged. He listened to his ancestor and hid when he was in danger. Unfortunately, he hid in the wrong place where the exploding ball was thrown. So, he was in a tragedy!

"Old, old ancestor ..." Huang Shou had just called out, but he swallowed the words he was about to say under Huang Wei's glare. Wu ... He felt that he had been too pitiful recently. That ugly monster bullied him, and now the old ancestor was also blaming him!

However, Huang Wei was not in the mood to care about his own junior. Instead, he ordered the guard who was supporting Huang Shou, "Why did you bring him here? Hurry up and take the injured back to their rooms to recuperate!" In fact, he wanted to send Huang Shou back to recuperate, but he was afraid that it would give others a reason to accuse him, so he had to bring everyone.

"Yes!" "Yes, sir!" The guard replied. Actually, he felt quite aggrieved because it was exalt Huang who insisted on coming to see his Excellency Huang Wei. He couldn't just stop him from coming! He couldn't afford to offend her because she had a strong backing! However, it was wrong to come. He really felt that he was unlucky enough!

Although he thought so in his heart, he still accepted his fate and helped Huang Shou, who was like a wronged little wife, back to his residence.

#### [Chapter 2038 Venting \(2\)](#)

After they left, Xuan Yi glanced at Huang Wei disapprovingly, hiding his resentment. "Why are you so fierce to Huang Shou? He didn't want to get hurt!"

"It is! I'll definitely report this to the Divine Master and reward him for his hard work. You should be proud of your descendant's achievement, shouldn't you?" Xia Yi also echoed in agreement.

Huang Wei didn't have much of an aversion to Xuan Yi's words. However, Xia Yi's words made him feel as if he was being mocked. His heart felt uncomfortable as if it was being pricked by needles. When Xuan Yi saw Huang Wei's expression, he knew that this guy was at odds with Xia Yi again. Sigh! These two people! He wasn't young anymore, but why was he still acting like a child? so childish?

"Cough cough!" After coughing a few times, Xuan Yi, who was afraid that the two of them would fight, glanced at Huang Wei and said, "Your Excellency Huang Wei, you should come with me to see the situation personally! Your Excellency Xia Yi will stay here and guard the place. "

After he finished speaking, he did not wait for the two of them to react and pulled Huang Wei away.

However, even if he didn't leave in such a hurry, Huang Wei and Xia Yi wouldn't have too much of an opinion about his arrangements! After all, the relationship between the two of them was like fire and water. If they dragged Xuan Yi into this and the three of them fell out, even the divine Lord would have a headache. Therefore, Xuan Yi had always been the target of the two of them. Unfortunately, Xuan Yi was very slippery. No matter how they tried to please him, he had always maintained his neutral position. Although they were helpless about this, they also felt relieved!

The two of them walked around the divine lord's estate, their hearts growing heavier.

Although the main building of the God Lord's Manor was not too damaged, the courtyard was so badly destroyed that it was unsightly!

Seeing this, the two of them knew that the Divine Master would definitely be furious. Therefore, they turned around and called Xia Yi. The three of them then went to see the Divine Master.

Who knew that when fog ice heard their report, she didn't say a word.

Instantly, the three of them couldn't quite grasp what the God Lord was thinking.

Even if you're angry, shouldn't you at least give a reaction? However, her current appearance made the three of them feel even more uneasy!

Could this be the calm before the storm?

In fact, how could Wu Xuan not know the current situation of the divine lord's estate?

However, even though she knew, she could not do anything about it!

Moreover, when she discovered the abnormality, the God lord's estate was almost destroyed. Therefore, she had no other way but to be angry!

At this moment, although she didn't say a word, her heart was already in turmoil. The flames of anger in her heart had already burned into monstrous flames. However, the more furious she was, the calmer she appeared on the surface. However, her calmness on the surface made Xuan Yi and the other two at a loss.

Although they were reverent-god level experts and the Divine Master was usually respectful to them, they knew that they were always on the fiery mountain. The Divine Master's temper was unstable, and who knew when he would explode?

Now, they could feel chills running down their spines just by standing in front of the Divine Master.

After a long time.

"I already know the situation," said Wu Cheng. "Comfort the injured and find someone to repair the damaged parts of the Divine Master's estate. I want to see the Divine Master's estate restored to its original state within three days!"

"Yes!" "Yes," the three of them replied. Then, they turned around and left. As they left, the three of them let out a long sigh of relief. They had finally passed this stage. The Divine Master would probably not take it out on them.

In fact, they were overthinking it!

No matter how angry Wu Han was, she would not bear to vent her anger on the reverent-god level expert. After all, the reverent-god level expert was the symbol of the Divine Master's estate. If there was no reverent-god level expert in the Divine Master's estate, she, as the Divine Master, would be despised by others. Therefore, the reverent-god level expert was absolutely safe in front of her!

However, even though the reverent-God was safe, it didn't mean that she wouldn't vent her anger on others!

Thinking of this, the fog immediately disappeared.

A white light flashed, and in the next second, Wu Jing appeared in a gray room.

As she walked closer, the fog in the room automatically dispersed and the whole room appeared in front of her eyes.

It was a prison cell.

However, it was not an ordinary prison cell.

This was because this prison cell was located in a certain space, and the prisoners locked up here were naturally the most important.

There were dozens of stone pillars in this cell, and a person was tied to each stone pillar. There were both men and women, and most of them were unconscious. Their faces were pale, and their clothes were not covering their bodies. They were covered in wounds, old and new, and many of them were old injuries from the years of the formation.

The person in charge of this prison cell was a black-clothed man. After seeing Wu Xiao, he quickly came forward and said with a flattering expression, "Master, how come you have time to come over today?"

"I'm here to see if you've been slacking off!" Wu Lian glanced at her subordinate and said indifferently.

"Master, how could this servant dare to be lazy! "This servant has always strictly followed master's orders. Every day, I torture these people and drain their blood! I'll be careful and conscientious, and I won't dare to slack off in the slightest!" The Man in Black said with a serious face. He hated that he couldn't take out his heart and liver to show Wu Jing to prove that what he said was true, because if he did, he would have to die!

"You're done with today 's?" She asked in a soft voice, but her face was expressionless, making the black-clothed man unable to guess what her master meant.

"I just finished!" The Man in Black said hurriedly.

"Then let's do it again! I want to operate it myself!" Laughed ripple mist coldly.

"Yes! I'll prepare the tools for master!" The black-clothed man immediately said after hearing Wu Xuan's words.

The prisoners who had heard their conversation glared at Wu Chen. Unfortunately, they could not speak because Wu Chen did not like to hear their voices. Therefore, they were all fed mute medicine. However, even if they could not speak, it could not stop them from expressing their anger.

"Yo, staring at me again?" When Wu Yan saw the expressions of those people, she smiled charmingly.

"Master, do you want to dig out all their eyes?" The Man in Black suggested. Although his strength was not high, his methods were too vicious. Otherwise, his master would not have let him manage these important prisoners. Here, he could display his strength. After all, he loved to torture people the most! Especially when no matter how he tortured her, he couldn't kill her. That was why he liked it even more!

After all, torturing people was also a kind of realm. He believed that he had reached the peak of this realm, which was also something he was most proud of.

"No need! I want to keep their eyes open and let them see how glorious I am, how I will laugh at the entire divine world! Hahaha!" "Hahahaha!" Kirin laughed wildly. Seeing these people, her mood improved.

However, her arrogant words only made those people's eyes even angrier, while fog ripple laughed even more happily when she saw this!

### [Chapter 2039 Venting \(3\)](#)

At this time, the black-clothed man had already prepared the tools for torture.

The most common instruments of torture were whips and iron pincers. After the Man in Black brought the instruments of torture to Wu Chen, Wu Chen ordered, ""Wake the others up!"

"Yes!" After the black robed man responded, he immediately fed the unconscious people a pill. That pill was only a primary level healing pill. It could relieve some of their pain, but it was impossible to completely cure them! And it was by relying on these pills that had little effect that they had to endure the torture of Darkness day after day, year after year.

Originally, there were more than that number of people. However, over the years, many of them had fallen. They did not even have the chance to reincarnate because these Devils would not let go of the souls of their companions. Those people had disappeared from this world forever.

When the unconscious people woke up and saw the fog, they had the same expression as those who still had a trace of consciousness, which was anger! He was extremely angry! If they weren't being controlled, they would have swallowed the fog without hesitation!

However, when she saw everyone's expression, her mood was surprisingly good.

Wu Xuan came to a tall and strong man. She reached out her hand and gently touched the man's injured body, but the man did not even look at her.

Although the man's injuries were not light, one could still see his handsome figure. However, after suffering for so many years, his appearance now looked like an old man in his sixties or seventies, giving people the feeling that he was a Candle in the Wind. If it was not for his tall figure, straight posture, and sharp eyes, he would be an old man.

Although he didn't even look at Wu Jing, the disdain in his eyes was unconcealed, and the cold air around him became more and more intense.

When ripple mist saw this, she laughed!

"Little Qing Yang, do you hate me? Ai! I'm so sad!" There was a charming smile on Wu Yan's face, but her tone was resentful. However, the man still did not have any reaction and did not look at her.

"Do you want to know where your senior brother is? A while ago, he specially came to save you!" Kirin was neither angry nor annoyed as she continued to speak with hidden bitterness.

These words finally caused the man to have a slight reaction, but that reaction was only faint. However, at this time, the man named Qing Yang was already so excited that he could not control himself!

Senior brother! Senior brother is here? How is Shixiong now?

Although Qing Yang was very concerned about his senior brother's condition, he knew that he couldn't ask! Once he asked, he would have fallen into this vicious woman's trap! He would be led by the nose by this woman. So, although he was extremely excited, he didn't dare to show any abnormalities or reveal any clues!

However, although Qing Yang's reaction wasn't big, Wu Yan was well aware that he was very concerned about that bastard's whereabouts. Qing Yang definitely couldn't hide this from her!

Then, she continued, "bingyao is injured. And it's not a light injury. He was poisoned by my flower poison!" Do you know what will happen to you? It won't be long before he becomes my most loyal slave. However, compared to him, I still feel more sorry for you. I didn't use any flower poison on you, nor did I make you my slaves. I'm fine!" Wu Yan began to take credit.

Hearing her words, Qing Yang really wanted to curse! You're good, my ass! He didn't use the flower poison on us because he wanted to torture us and treat us as his mobile blood bank. He knew very well that once they were poisoned by the flower poison, unless they died, it would be impossible for Wu Chen to torture them in this way. Now, Wu Chen could do whatever he wanted!

Wu Cheng's words made him worry about his senior brother.

Although they had suffered all kinds of torture here, they had not lost their nature after all. If their senior brother really became Wu Han's slave as Wu Han had said, they were afraid that their senior brother would be in so much pain that he would wish he were dead!

Although he doubted the authenticity of Wu Lian's words, he also knew that Wu Xuan had no need to lie to a prisoner like him. Something must have really happened to his senior brother! Thinking of his senior brother, he then thought of his master, and his heart suddenly ached.

Seeing Qing Yang, who had always been calm and composed, suddenly show an expression of pain, ripple mist was excited. Hmph! She was still pretending to be unconcerned, but now she couldn't keep pretending anymore!

However, she didn't want Qing Yang to continue ignoring her like this. So, after taking the whip from the Man in Black, she directly swung it at Qing Yang. With a 'pa' sound, a deep bloody mark appeared on Qing Yang's body.

But at this moment, Qing Yang seemed to not feel any pain as his entire body and mind were immersed in the past. He thought of his master, senior brother, and many other people and beasts. And all the happiness and beauty in the past had been destroyed by this greedy woman in front of him!

He hated it!

Seeing that Qing Yang was immersed in his own thoughts, Wu Xuan whipped him a few more times. In an instant, Qing Yang's body was covered in wounds again, and bright red blood flowed down from the

wounds. Wu Xuan stretched out her Jade-like fingers, touched the fresh blood, and put it into her mouth.

The delectable taste of the blood caused her to close her eyes.

The continuous pain in his body also woke Qing Yang up.

Qing Yang felt like vomiting when he saw the fog sucking his blood and showing an excited look!

This woman was too disgusting! At the same time, Qing Yang really vomited, and this scene caused the anger in ripple mist's heart to explode!

The whips mercilessly whipped Qing Yang's body and very quickly, Qing Yang was beaten into a pulp. However, he still gritted his teeth and did not even frown because he was already used to such torture!

It wasn't until Qing Yang fainted that Wu Xiao unwillingly threw away the whip in her hand. Seeing that Wu Xiao obviously hadn't had enough fun, the black-clothed man handed over a torch in a timely manner.

"You want me to burn him to death? I can't bear to!" Qing Yang's temperament was somewhat similar to Yu 's, so she also had a special feeling for Qing Yang. Unfortunately, Qing Yang didn't know what was good for him. He would rather be tortured by her than stay by her side and become her exclusive property. Therefore, it could be said that she loved and hated Qing Yang.

"Of course not! Master, Qing Yang has fainted. This subordinate wants you to wake him up. " The Man in Black laughed. He knew that his master had not had enough fun. Therefore, he would naturally do his best to provide the most perfect service to his master. The torch that he handed over was actually one of the many punishments. As long as the torch lit the stone pillar and burned it red, forget about fainting, even if it was dead, it would be roasted until it woke up!

After Wu Jing understood the Man in Black's meaning, she returned the torch to him and said, ""I can do this to others, but I won't allow it to happen to him! You are also not allowed to use this punishment on him in the future!" She still couldn't bear to see Qing Yang!

"Yes!" The Man in Black replied fearfully. In fact, he could tell that his master was still reluctant to part with this pretty boy. However, this pretty boy did not appreciate his master's kindness, so his master had ordered them to punish him. Compared to the others, the punishment they gave Qing Yang was considered light!

After thinking about this, the black-clothed man respectfully retreated to the side. As for Wu Xuan, she took out a medicinal pill, opened Qing Yang's mouth, and fed it.

Not long after, Qing Yang woke up.

"My heart ached when I saw you unconscious!" The expression on her face was charming and charming. If it were any other man, they would have been mesmerized by her. Unfortunately, she had met Qing Yang.

Qing Yang, who wanted to vomit whenever he saw her, would not even give her a good look, let alone fall in love with her! Moreover, he and Wu Yan had known each other for many years. This woman's

character could not be hidden from him at all! Therefore, he despised rime ice from the bottom of his heart!

When she saw that Qing Yang had only rolled his eyes at her, the anger in her heart burned even more fiercely. However, she did not want to torture Qing Yang anymore. She wanted Qing Yang to watch her torture others!

With this thought in mind, Wu Chen immediately said to the black-robed man not far away, "Bring the torch over!"

"Yes!" After listening to Wu Xuan's instructions, the Man in Black quickly brought a burning torch. The Man in Black, who thought that Wu Xuan had changed her mind, saw with his own eyes that Wu Xuan had set the stone pillar next to Qing Yang on fire. Suddenly, the Man in Black felt a chill in his heart. It seemed that he would have to be more merciful to Qing Yang in the future!

The stone pillar next door that had been lit up quickly turned red, and hoarse roars of pain reached the ears of the people present. They were furious! However, even more people closed their eyes. They could not bear to see such a cruel scene. They had long been used to it.

They were all cultivators. Although the torture was brutal, it only caused them superficial wounds, which were really nothing to them!

The hoarse cry of pain lasted for a while before it disappeared.

Everyone knew that the person had fainted from the pain.

After doing all this, Wu Yan's anger was somewhat vented, but she was still not satisfied. Her beautiful eyes stared at the other people present!

This time, she chose a woman.

It was said that the opposite sex attracted each other, and the same sex repelled each other! There seemed to be an inextinguishable hatred between Wu Cheng and the woman. Even the way she looked at the woman was filled with hatred.

However, when the woman saw Wu Xiao's expression, she smiled brightly. She really wanted to ask, do you hate me?

#### [Chapter 2040 God-Protecting Tower \(1\)](#)

Seeing the woman's provocative gaze, the anger in her heart multiplied. Seeing her like this, the woman could not help but laugh.

"Hahaha!" The woman laughed very proudly, and her scarred face looked even uglier because of her smile.

"Are you very happy? I don't know if you can still smile when you see your current appearance!" Wu Lian suppressed the anger in her heart and said indifferently.

When the woman heard her words, she didn't seem to care at all and laughed even more wildly.

Yes! She had become ugly! Her face and body were covered in wounds, but so what? The person in her heart was no longer around. Even if she had a peerless face, who could she show it to? Therefore, she no longer cared about it. What she wanted to see the most now was what happened to Rime. She hoped that Rime would be even worse than her current state.

Seeing that the woman only smiled, Wu Xiao continued, "You're still so happy even though you've become an ugly monster! I really don't know what you're thinking!"

"Wuchen, even if I'm an ugly monster, I'm still happier than you. At least, master Yu won't hate me. Do you still have the face to see master Yu?" Although they couldn't speak, in fact, they could still communicate through voice transmission. It was just that it would consume divine power. Therefore, in order to live longer and to see Wu Chen's fate one day, they tried their best to remain silent. However, at this moment, she couldn't bear it anymore.

"Don't mention him! Don't mention him! He was already dead! He had already disappeared from this world forever! You won't be able to see him anymore! I won't be able to see you anymore!" The woman's words touched Wu Yan's sore spot, causing her to roar madly. In her heart, she could mention Yu and think of Yu, but she would not allow anyone to mention it in front of her. This woman had obviously violated her taboo.

In the next second, the whips hit the woman's body as densely as raindrops. In an instant, the woman's blood splattered everywhere, and the fine pieces of flesh brought down by the barbs of the whips flew in the air. However, the woman gritted her teeth and resisted the urge to cry out. Her eyes were filled with deep hatred as she looked at Wu Jing.

She knew that Wu Lian hated her because she was the only woman by Lord Yu's side other than Wu Lian. However, she was only Lord Yu's subordinate while Wu Lian was Lord Yu's sister in name. Therefore, in reality, she was also jealous of Wu Lian.

She admitted that she had caused trouble for the fog ripple in the past, but she had never thought of taking the fog Ripple's life. Now, she regretted it. If she had known that the fog ripple would betray Sir Yu, she would have ruthlessly gotten rid of this woman back then. Then, Sir Yu would not have fallen!

What a pity! There was no medicine for regret in this world.

She had already tasted the evil consequences of cutting the grass and not removing the roots, but it was too late to say anything now. At this moment, she hated herself!

She hated it so much that she was already numb to the pain in her body. Gradually, the pain intensified, and she could not bear it anymore and fainted. However, she did not make a sound from beginning to end.

Seeing that the woman had fainted, fog ripple directly took a torch and lit the stone pillar. After a while, the woman woke up from the pain. Then, a rain of whips hit her body. However, she had long been numb. How could the pain of the body compare to the pain of the heart?

"Don't you feel pain? Did it really not hurt? Call it out! Scream!" Seeing that the woman was holding on, the anger in fog Ripple's heart had no way to be vented. Her slightly better mood was now in a mess

again. The whip she hit the woman's body became more and more powerful, but the woman still did not make a sound!

Seeing this scene, the black-clothed man's back broke out in cold sweat. He knew that his master hated this woman, so every time he tortured this woman, he would be the most severe. But compared to his master, the black-clothed man felt that he was still too kind. Because in less than a quarter of an hour, the woman was already a bloody mess, and her human form could not be seen! If this continued, would that woman still be alive?

The Man in Black was even more speechless when he heard his master making the woman scream. The people here had all been fed mute medicine, so it would be difficult for his master's wish to hear the woman's voice to come true. Even if these people screamed out in pain, it was not the normal 'ah ah'! It was an extremely unpleasant and hoarse voice. It was simply unbearable to the ears.

Thinking of this, the Man in Black suppressed the fear in his heart and reminded, "Master, they've all been fed medicine. They can't make any pleasant sounds."

The Man in Black spoke with great hidden meaning, and his eyes were full of respect as he looked at Wu Chen. However, in fact, his heart had been trembling the whole time because the man in front of him was too temperamental.

"Oh! I forgot about that. How about this! Give them the antidote immediately. I want to hear them scream in pain." Wu Xuan thought for a moment and ordered.

"Yes!" The Man in Black hurriedly responded, but he couldn't help but feel disgusted in his heart. It was really difficult to serve such a master! She was also the one who didn't want them to make a sound because of the noise. She was also the one who wanted to hear them scream in pain. She was really not ordinary ... However, he could only think about these things in his heart. He definitely didn't dare to say it out loud. Otherwise, he would be the one who would lose his life.

After the Men in Black fed the prisoners the antidote one by one, the curses in the prison cell continued. When ripple heard these curses, she actually laughed very happily. When the Men in Black saw this, they couldn't help but feel disgusted. What a pervert!

"Bitch! You still have the face to laugh!" Hearing Wu Xiao's wild laughter, the imprisoned people became even angrier and cursed even more harshly.

"What are you talking to a slut about!" One of the men said weakly.

"Yup! Talking to her would only dirty our mouths, so we ignored her and only scolded her! Hahaha! Bitch! Ungrateful Wolf! We won't let you off even if we die!" For a moment, voices filled with hatred sounded in the cell. However, Wu Yan didn't care at all. The fiercer these people scolded, the happier she was. At least, she had achieved her goal.

However, those people only cursed for a while before all of them shut their mouths and refused to say another word. Seeing this, Wu Jing couldn't help but roar, "Curse! You guys can continue scolding!" Only when she heard them scolding her would she feel that she was valued. Therefore, she had to admit that she was indeed a little perverted.

"Scolding you will dirty our mouths." Someone said with a look of disdain. Just now, they were just venting. Now that they had scolded enough, they naturally wouldn't let Wu Chen, who obviously hadn't heard enough of their scolding, get what she wanted.

"Weren't you guys having a good time cursing just now? Continue scolding! Come! Continue scolding! I'll kill anyone who doesn't!" Ripple mist glared at him with her beautiful eyes.

"You want to hear me scold you? I'm sorry, we don't have time to scold you!" Someone else said.

"Then you can all go to hell!" Wu Yan's anger burned. Immediately, two tentacles as thick as a baby's arm reached out to two of them and deeply stabbed into their bodies. In an instant, the two of them immediately shriveled up and became dry corpses! The two of them had also died. When everyone saw this scene, they knew that even their souls had been absorbed by the fog. This scene was not unfamiliar to them. So, they only looked at the two of them miserably before they turned their heads and closed their eyes.
