

Crazy Wife 2601

[Chapter 2601 The Scar Has Healed And Forgotten The Pain \(1\)](#)

As if they knew that they had been discovered, the few people following big mountain and his son were no longer sneaky. They showed themselves and swaggered in front of the father and son.

The mountain looked at the five men who had nothing to fear. He was so scared that he shivered in his heart. There was even a hint of despair in his heart. He could not tell the strength of the people in front of him. They looked like fiendish people. Just a slight glance at them made the hearts of the mountain father and son tremble.

In the face of a strong enemy, the mountain father and son's legs turned to jelly. It was not that they wanted to be so useless, but the opponent was too strong for them to beat! The father and son thought to themselves, is Luo city that unsafe? Why would there be people thinking about it in broad daylight ... It should be robbery, right?

Big mountain and his son were so depressed that they were on the verge of tears. They didn't know why they were worth being robbed. One had to know that the father and son were penniless, penniless paupers. They were the people these people wanted to Rob. To be honest, they were dressed better than them. Therefore, big mountain and Xiao Shan couldn't think of a reason no matter how hard they racked their brains.

At this moment, they were so scared that they had completely forgotten about the act of pretending to be rich in the teahouse. Even the treasures were directly thrown to the back of their minds. In order to quietly watch the strange changes, the baby also did not say a word. As a result, the father and son lost their backbone. Immediately, their hands and feet went soft, and their whole body trembled.

When the people opposite them saw how useless the father and son were, they all laughed wildly. One of them even shouted, "Brat, hand over the silver card in your hand to this Lord, and this Lord will spare your life. How about it?"

The one who spoke was dressed in black. He was tall and burly, and his expression was even fiercer. He looked somewhat like the leader of the five, and the other four did indeed follow his lead.

However, after the mountain heard his words, he looked confused and asked, "What silver card? I don't have a silver card?"

"No? Kid, do you think we're blind or deaf?" The man who spoke was furious. He felt that the mountain was deliberately acting dumb.

Fortunately, the mountain did not know what the man was thinking. Otherwise, he would be so depressed that he would bang his head against the wall. He was not pretending to be stupid, he had really forgotten. However, after the black-clothed man's reminder, he suddenly realized that it was the silver card that had attracted these guys!

Oh right, where's my precious senior?

The mountain finally remembered the existence of the treasure and kept calling out in his heart, 'senior treasure? Dear senior?'

Unfortunately, the baby did not give him any response. Immediately, the mountain became even more anxious, and cold sweat dripped down his forehead.

The mountain reached out his hand and touched his shoulder subconsciously. He wanted to remind his baby that the situation was critical, but more than that, he wanted to ask what he should do. Who knew that just as his hand touched his shoulder, his hand was grabbed by a sharp object. In an instant, five shallow claw marks appeared on his hand, and baby's voice rang in his heart at the same time: "What are you doing? If you dare to reach out again, it won't just be a scratch. "

"Uh! Senior baby, I just want to remind you that someone is going to Rob us. " The mountain said gloomily. Actually, there was something he did not dare to ask, but what should he do now? Because he could clearly feel that his baby's temper was not very good.

"I saw it." Baby replied in a bad mood, and then there was no more sound.

As expected! The mountain saw that his baby was silent and thought to himself, 'thank God I didn't ask, or I'd probably be scolded again.' However, what should they do in this situation? His mind was in a mess, and he had no idea what to do.

Give the silver card to the other party in exchange for a chance to live? This was obviously unrealistic. That was because the card did not belong to him. If he really handed the card over to the other party, baby would definitely be furious! At that time, he would probably be the unlucky one.

Escape? It seemed even more impossible. The strength of the other party's five people was all above his own. If they could escape, that would really be a fantasy!

With that thought, the mountain felt even more depressed, at the same time conflicted. Moreover, he didn't know if the treasure could beat the five of them, so he didn't dare to expose the existence of the treasure. He was even a little glad that the treasure was invisible, otherwise, he would have been in trouble.

Seeing that the mountain didn't respond for a long time, the Man in Black who had spoken before was instantly enraged. His face flushed red as he shouted, "Little brat, I'm asking you a question. Are you pretending you can't hear me?"

"N-no, that's not it." The mountain was jolted back to his senses by the roar, and added with a look of fear, "I really don't have a silver card, because that card isn't mine at all."

"Whether it's yours or not, it's still in your hands. So, quickly hand over that silver card, or today you father and son will ... Hehe!" The Man in Black laughed evilly, then glared at the mountain.

The mountain understood the man's words, but if he handed over the silver card, he would not have a good life. He might even be worse off than now. Weighing the two, his flustered and thumping heart still leaned towards the treasure. Who asked him to owe someone a favor and not return it!

"It's not mine. I can't give it to you. " The mountain said in an imposing manner after he made up his mind.

The black-robed man became even angrier when he heard this. "You bastard!" He thought that as long as he scared them a little, the father and son with a huge amount of money in front of him would

obediently give him the silver card. Who knew that they would actually refuse, which made the black-shirted man feel quite no sense of accomplishment.

"Don't hand it over? Then die!" The black-robed man roared in anger. Then, he brandished a long blade that glowed with a silver light and swung it at the mountain father and son ...

Big mountain and his son had been so intimidated by the Man in Black's murderous aura and pressure that their legs had turned to jelly. They could not run even if they wanted to. In such a situation, the father and son closed their eyes in despair.

However, the expected pain did not come. After a crisp bang, they heard a miserable scream. The father and son opened their eyes and saw the black-clothed man who wanted to kill them rolling on the ground in pain. The knife in his hand had long fallen to the ground, and there were five obvious claw marks on the man's wrist ...

Ugh! Faced with such a change, the father and son were dumbfounded. Was this a treasure? The two of them immediately felt relieved. At least they had managed to keep their lives.

Just as the father and son heaved a sigh of relief, they saw with their own eyes that the other four people had also fallen to the ground in pain. All of them used one hand to cover their injured wrists in unison. Their injuries were the same as the Man in Black. Needless to say, it must have been the work of the treasure.

Seeing this, the mountain father and son were finally at ease. At the same time, he was glad that there was a treasure! Otherwise, this father and son would lose their lives!

However, while they were relieved, the five people who were rolling on the ground in pain were so depressed that they wanted to bang their heads against the wall. Damn it, they didn't even see who did it, okay? Could it be a ghost?

[Chapter 2602 You've Forgotten The Pain After The Scar Healed \(2\)](#)

When the five of them thought of this, they couldn't help but feel a little afraid. Although they were cultivators and were least afraid of things like souls, they were still afraid when they thought about this thing on Haotian continent. Because this thing shouldn't have appeared here.

"Who is it? Don't play tricks, get out here. " Among the five people, the more courageous Man in Black even pretended to be brave and shouted loudly.

Naturally, no one responded to her. Baby, who was sitting on the mountain's shoulder, was too lazy to pay attention to him. He was not even willing to give him a look.

The mountain father and son looked sympathetically at the Man in Black, who had sat up but was still gritting his teeth in pain. He thought to himself, "what a pitiful guy. He's injured but doesn't know who did it!"

Al! With an opponent that he couldn't see, he would probably be extremely depressed, right?

With this thought in mind, the two of them felt more sympathy for the Man in Black.

The Man in Black roared for a while, but when he saw that his opponent did not even give a response, he was so angry that his anger rose to the top of his head. At this time, he felt two sympathetic gazes. When he looked, it was actually the father and son that he wanted to teach a lesson. Suddenly, his anger increased a little.

How detestable! This pair of father and son were clearly ants in his eyes, but now they actually sympathized with him? This was like a cat being pitied by a small mouse. As the mouse's nemesis, the cat definitely couldn't take such a blow!

That was how the Man in Black was feeling right now. When he felt the sympathy of two ants on him, the anger in his heart exploded. He immediately shifted his hatred to the mountain father and son and roared fiercely, "Did you do it? Speak!"

The mountain and his son looked innocently at the demonic fellow and shook their heads. "It wasn't us! It wasn't us! Our hands can't scratch a scar like that on your wrist. "

"That's your accomplice too!" The Man in Black deliberately said.

"We don't have any accomplices, didn't you see that? We only have two people. " The mountain said with a face full of sincerity. He could not help but add in his heart, "plus, there's an invisible little fox."

The Man in Black knew that he was just making things difficult for her and that she was telling the truth, but he didn't know why he felt so aggrieved and unhappy. This kind of feeling was stuck in his chest, and it was as depressing as it could get.

After a long time. The Man in Black, who had been holding back his anger, roared at the mountain and his son fiercely, "Quickly hand over the silver cards in your hands and I'll spare your lives!"

This time, big mountain and his son were no longer afraid. The two of them looked at each other and shook their heads in unison. Their meaning was obvious. They were not going to hand it over. Now that they had the treasure, they felt that there was no need to be afraid of these five people.

Al! It was good to have a treasure! They were all very confident.

The two of them relaxed and were no longer afraid of the black-clothed man's threat.

When the Man in Black saw that the two little ants in front of him were not afraid of his threat, he suddenly became angry again. His face turned red and he shouted, "You're the ones who are seeking death!"

After saying that, he picked up the knife that he had dropped on the ground and used his uninjured hand to wave it at the father and son again.

With the previous experience, big mountain and his son stared at the Man in Black without blinking. They wanted to see what kind of retribution he would suffer this time. The result was the same as last time. With a bang, the knife fell, followed by a horrifying scream. Then, the tall and fierce-looking Man in Black fell to the ground again.

Upon seeing this, the other four people who had just relieved some of their pain were all dumbfounded. Wu...This, this was really a ghost! For a moment, the other four were so afraid that they didn't dare to

move. They all carefully observed their surroundings, afraid that some invisible guy would also claw them.

At that moment, seeing that the few fellows who wanted to Rob him had finally stopped, treasure transmitted a message to the mountain, "Ask them about the situation of the Luo family. If they are honest, give them a few healing pills."

"Oh, okay!" The mountain quickly agreed, then turned to the five people on the ground and said, "I have a few questions to ask you. If you can answer honestly, I'll give you a few healing pills. How about it?"

A healing pill? Upon hearing these four words, the eyes of the five people immediately released a Wolf-like green light. This guy actually still had healing medicinal pills. It seemed like it was a wise decision to Rob him!

But for now, he had to get his hands on the healing pills! Woo.....Pills! That was a good thing that money couldn't buy. Especially those used for healing, they were worth thousands of gold. And the best healing pills were priceless.

With the benefits, the five of them immediately became much more obedient.

"Go ahead!" The Man in Black who had sat up once again said through gritted teeth. The pain on his wrist pierced straight into his heart and lungs. It was a pity that he did not have any healing medicinal pills in his hands. Otherwise, he would not have allowed his injuries to heal naturally.

Wu ... When he heard the father and son in front of him say that he would be given a healing pill if he answered a few questions, the black-clothed man was really envious and jealous of him. He really wanted to snatch the pills from their hands as well! But now was not the time.

The black-clothed man decided to first obtain the medicinal pills that he could earn by answering questions.

"I heard that the previous city Lord of Luo city had the surname Luo. I want to know, where is the Luo family now?" The mountain went straight to the point and asked without any hesitation.

However, when the Man in Black heard the mountain's question, he asked warily instead of answering, "Why are you asking about the Luo family? Could he be a relative of the Luo family?"

"No, I'm just curious." The mountain laughed.

"Curious? It's best not to be curious about such things. You must know that the Luo family is a taboo in Luo city now! No one is allowed to mention it!" The black-robed man was on guard.

"There's such a thing?" "Where are they now?" the mountain asked.

"Didn't I say not to mention it? Why are you so insensible?" The black-robed man glared at him and said with a displeased expression.

"But I'm really curious. Just tell me! Besides, there's no one else here, so even if you tell me, no one will know, right? How about this! Tell me where the Luo family is and I'll give you an extra healing pill!" The mountain bargained. These words were naturally what baby wanted him to say.

"I'll tell you if you add three more. " The Man in Black heard this and made a counteroffer.

"This ... Isn't three too many?" The mountain hesitated, seemingly in a difficult position.

"No room for discussion!" The black-clothed man had no intention of compromising with this price. Of course, it was also because he did not want to tell the mountain about this, so he offered a high price. There were a total of four healing elixirs, one for his own use, and the other three could definitely be sold for a high price. Who asked healing medicinal pills to be so scarce right now!

The mountain pretended to think and hesitate for a long time. Finally, he made a pained expression and said, "It's a deal, but you can't ask for a sky-high price, or I'll ask someone else. "

[Chapter 2603 You've Forgotten The Pain After The Scar Healed \(3\)](#)

"Don't worry!" The black-robed man was very sensible. He could also see that this should be the other party's bottom line. Naturally, he would not let the medicinal pill that was about to be in his hands fly away.

"Then you can tell me now, where is the Luo family now?" The mountain reminded.

"Ever since Luo city was taken over by someone, the Luo family's strength was greatly reduced and they disappeared overnight. I've heard that the Luo family once appeared in the area of the Green Dragon Mountain. So, I guess they should be there. " The Man in Black said after some thought.

"Guess? So, you don't know the exact location of the Luo family?" The mountain said in dissatisfaction.

"I'm just a small character in the Haotian continent. Isn't it normal that I don't know the details? One had to know that not everyone could know about this little bit of news! If you ask someone else, you won't hear it!" The black-robed man could hear the dissatisfaction in the mountain's words and immediately retorted in an unpleasant tone.

"If you're just a minor character, how did you know about this?" the mountain could not help asking.

After he asked this question, he immediately broke out in a cold sweat. His strength was not even as good as these people in front of him! Now, he actually dared to call the other party a small character. He didn't know if the other party would be angry and want to cut him off again after hearing this!

Subconsciously touching his neck, big mountain's little heart began to beat wildly.

However, to the mountain's surprise, the Man in Black did not get angry. Instead, he explained patiently, "Of course, I don't know that based on my ability. A Captain of guards in the mayor's mansion told me when I was drinking with him!"

"Is this information accurate?" The mountain asked, worried.

"I can't guarantee that!" The black-robed man said, afraid of taking responsibility.

"..." The mountain was speechless at such a rascal's answer.

If you can't guarantee it, why are you so confident? Was this a joke? The mountain was out of ideas and could only ask for help from the treasure on his shoulder. He asked, ""Senior baby, he's not sure about this news. What should we do now?"

"Give them the pills and let's go." Baby said calmly.

For it, this news was very likely to be true, because the brothers that its lovely master had acknowledged were all on Green Dragon Mountain! Moreover, the relationship between the two families had always been good. It was possible that the Luo family would hide in the Azure Dragon Mountain to take refuge.

With this thought in mind, baby paid the reward without hesitation, but it was still a little depressed in its heart. If it had known that the Luo family might have gone to the Azure Dragon Mountain, it would not have bothered to ask these useless guys questions. Ah! What a waste! Fortunately, the healing elixir it was going to give was very ordinary. Otherwise, it would have been depressed to death!

When he heard that the treasure meant that he had to pay for it, the mountain's eyes widened. Wasn't this pill too easy to earn? Sob ... It's a pity that I don't know anything about the Luo family. Otherwise, I wouldn't have let these guys earn the pills!

Although he was dejected, the mountain still obediently took the small white jade bottle from treasure and paid the other party according to the conditions they had agreed on. Although only one of them answered the question, the reward was the same since they were working together! Such a fact made the mountain feel a little sullen.

Although he really wanted to say that it would be fine to just pay the black-clothed man, right? After all, there was only one person who answered, but he could feel that his baby obviously didn't want to be involved with the other party's rhythm, so he could only swallow these words.

When the black-robed man and the other four received the pills, they sniffed the fragrance of the pills as if they had seen their sweetheart. Each of them stared at the pills with infatuation and reluctantly swallowed one.

Seeing that the wound on their wrist was healed in an instant, the few of them could not help but exclaim at the effect of the healing elixir. The black-clothed man, who had forgotten the pain after the scar healed, had even more ideas about the elixir.

The Man in Black jumped up high from the ground and raised the knife in his hand. He began to threaten again, "Leave the silver card! He left the bottle of healing pills behind! I'll let you go! Otherwise, you will bear the consequences!"

Ugh! When the mountain father and son heard this, their hearts were filled with mixed feelings. Why couldn't this fellow learn from his mistakes? He had already been fixed by the treasure, but he still didn't give up and wanted to continue robbing. This was really not shedding tears until seeing the coffin!

The mountain suddenly felt a sense of respect for the black-robed man. This was the first time he had seen such a stubborn and unyielding Bandit.

Alright! He was convinced! I can't not be convinced!

In terms of shamelessness, he had to admit defeat.

"I'll tell you the truth! The silver cards and healing pills you want are not mine, really, I can swear. " The kind mountain still wanted to fight for it one last time, but he did not know if the other party would

know how to be grateful. He was definitely doing a good deed of saving a life! Hopefully ... Good things will come to good people!

The mountain prayed silently, but it was clear that his wish could not be fulfilled with the black-clothed man. The other party did not believe him at all. Instead, he thought that the mountain was playing with him and did not want him to succeed in his robbery.

It had to be said that the black-shirted man was a little self-confident. How could a normal person smile happily when faced with a robbery?"Are you robbing me? Welcome! A warm welcome! I've been waiting for you guys for a long time, why are you only here now!" This was definitely a sign of mental disorder.

"Don't talk nonsense, be quick if you're a man!" The black-robed man who didn't know how to be grateful and didn't realize that the other party was doing this for his own good was clearly getting impatient.

"It's not mine. I'm not qualified to be generous!" The mountain felt wronged and innocent. Why didn't the Man in Black listen to her? He was rather worried.

It was a pity that his good intentions were destined to turn into a torrential River, never to return.

Fortunately, he didn't have to wait too long before he heard a scream. Then, he was patted on the shoulder, and his baby's cold voice rang in his heart,""Let's return to the city Lord's mansion!"

The mountain glanced sympathetically at the five of them who had a bad memory, then obediently turned around and left.

On the way, the mountain, who was full of curiosity, could not help but ask baby,""Senior baby, are you going to let those five off just like that?"

"What else? Cute master said not to fight and kill all day, it's boring. They even want us to convince them with reason, so I can only give them a small punishment!" Baby said in all seriousness.

Ugh! Alright! She pretended he didn't ask. The mountain was a little depressed. Baby's appearance clearly showed that he was too lazy to deal with those guys! He actually said it in such a grand manner.

The mountain returned to the city Lord's residence in a depressed mood and reported the news to Leng ruoxue. Baby then went to find Ling so that it could help him dispel the invisibility spell.

Leng ruoxue remained silent after hearing big mountain's words. The mountain father and son sat at the side obediently, not daring to move their hands and feet.

Leng ruoxue looked at the mountain and did not say anything. On the other hand, big mountain felt uneasy under Leng ruoxue's probing gaze. Did he ... Do something wrong or say something he shouldn't have?

"Can you do me a favor?" Leng ruoxue said after looking at the mountain for a while.

"Yes! No problem! Senior, if there's anything you need, just say the word. As long as it's within my power, I promise to do my best!" The mountain stood up and spoke with unusual caution.

"I want to go to the Green Dragon Mountain. You stay here and pretend to be me. Is there a problem?" Leng ruoxue asked for mountain's opinion in a gentle voice.

"It's not a big problem, but I'm a man. " The mountain could not help but remind him. The two of them were of different genders, so it was rather easy to be exposed!

"I can turn you into a woman for the time being, and then you can just pretend to be sick." Leng ruoxue's words were shocking. Mountain was dumbfounded.

Turn, turn into a woman? How? Big mountain looked at Leng ruoxue in fear, his little face pale. Sob ... It couldn't be what he was thinking, right?

Seeing big mountain's pale face, Leng ruoxue guessed that he must have misunderstood something. She quickly explained, ""It's like this. I have a way to temporarily turn you into a woman for about three months. When the time limit is up, I'll restore you and promise that it won't cause any harm to your body. Do you believe me?"

"I, I believe in you!" The mountain stammered. He just did not believe that there was such a magical thing in the world. Could it be true?

"Then are you willing to help me?" Leng ruoxue asked softly.

"I'm willing! I will help senior!" The mountain mustered up his courage. It was just a temporary transformation into a woman! What's the big deal! Three months later, he would still be a man!

"Then I'll thank you in advance." Leng ruoxue smiled and nodded. In reality, she had only thought of this idea because Qing Jue had suddenly sent her a voice transmission. It was only then that she knew that Qing Jue was no longer wasting his time and blaming himself. Naturally, she was much more at ease now that Qing Jue had returned to normal. With Qing Jue's help, she felt like a tiger that had grown wings.

In truth, if the mountain had refused, she would have had no choice but to ask the mother parasol tree for help. However, the mother parasol tree's aura was too strong, and it was too difficult to make the mother parasol tree pretend to be weak. As such, the old parasol tree was not her first choice.

Now that big mountain had agreed, Leng ruoxue was naturally overjoyed. When big mountain saw Leng ruoxue thanking him, he quickly waved his hand in fear and trepidation. ""Senior saved my life, and it's my honor to be able to help senior! Senior doesn't need to be so polite. "

"No matter what, I should still thank you." Leng ruoxue laughed."Also, treasure the five of them. I will leave them here to protect you and Xiao Shan. You guys just have to act according to the circumstances."

[Chapter 2604 The Golden Hawk Is Too Kind \(1\)](#)

When the precious little beasts heard this, they immediately looked at their master with tears in their eyes and choked, ""Master, are you going to abandon us? Wuu ... We can't be separated from master!"

Hearing the five little ones' pitiful words, Leng ruoxue held her forehead helplessly. She only wanted them to stay behind to protect da Shan and his son. It wasn't like she didn't want them anymore. Was there a need to make it seem like they were going to be separated for life and death?

Taking a deep breath, Leng ruoxue explained helplessly, ""I'll be back very soon. I asked you to stay here not only to protect big mountain, but also to prevent you from giving yourself away. Otherwise, if one or two of you are missing, what will big mountain and his son say when the other party asks?"

"So, you have to cooperate closely. This is also the task that master has given you. You must work hard to complete it, understand?" Leng ruoxue added when she saw that the five little beasts remained silent.

"If master doesn't take me, then who will?" Yu couldn't help but ask softly.

"If there's a chance, I'll just randomly find a flying beast on the way!" Leng ruoxue said after some thought.

The moment Yu heard this, he immediately burst into tears. Leng ruoxue's face darkened once again, while Yu continued to mumble, ""Master is too bad, master is too bad. There are beasts trying to steal my job again!"

"Woo ..." Yu was sad and desperate. Ever since its master had more and more beasts, its status had plummeted. There were not many places where its master could use it. It had finally returned to the Haotian continent. It thought that no one could shake its status as a flying beast. Who knew that its master would abandon it again? this fact was a huge blow to Yu.

"Uh! No Beastie can take away your job. Don't worry, this is just a temporary solution. " Leng ruoxue coaxed and promised.

"Really? Master, you're not allowed to lie to me?" Yu raised her head and looked at Leng ruoxue with tears in her eyes.

"I'm not lying to you. I'm just going to find a temporary Beastie. In the future, the job of flying beast will still be yours. That temporary Beastie is just a substitute. Trust me." Leng ruoxue declared once again.

"I trust you, master." Yu choked and finally stopped crying.

The other Beastie had wanted to learn from Yu, but Leng ruoxue said, ""You guys have to wait for me to come back, okay?" It blocked the words that they wanted to say.

Then, Leng ruoxue instructed Qing Jue to help the mountain with the transformation.

When Xiao Shan saw his father turn from father to mother, his eyes widened and his mouth was half-open, unable to speak for a long time.

After some time, Xiao San asked his question, ""In the future, should I call you father or mother?"

"Pfft!" When Leng ruoxue heard this, she couldn't help but laugh out loud. On the other hand, big mountain's face was flushed red. He glared at his son with a face that turned from embarrassment to anger and said unhappily, ""You don't have to call me anything. I'm senior Leng now!"

"Oh! Hello, senior Leng!" Xiao Shan said to the mountain with a mischievous expression as he held back his laughter. His gaze towards Leng ruoxue was filled with admiration.

"Big mountain, you're not too bad right now," After Leng ruoxue was done laughing, she turned around and spoke to the mountain. 'It's just that his body is a little stronger,' she couldn't help but add in her heart.

When the mountain heard that he had been praised, he was so excited that he didn't know where to put his hands and feet. In short, he felt uncomfortable wherever he put them.

In the end, the red-faced mountain could only lower his head shyly.

Leng ruoxue reminded big mountain of a few things to take note of before bidding farewell to the five little beasts. Under the five little beasts' reluctant and teary eyes, she left the city Lord Residence. On the other hand, the mountain began his career of pretending to be sick as Leng ruoxue.

Leng ruoxue hid in the bangle and only showed herself after Qing Jue had brought her out of Luo city. The place where she appeared was already quite a distance away from Luo city, so naturally, she would not be discovered.

After Leng ruoxue came out, she first looked at her current location. Then, she took out a map and chose the forest that was closest to her. After teleporting to the forest, Leng ruoxue walked into the depths of the forest.

According to green vessel, there was a giant Golden Eagle living in this lush and not-so-dense forest. That Eagle was the king of the forest, and the Golden Eagle's flying speed was relatively fast. Thus, Leng ruoxue had set the temporary flying beast as the target.

The Golden Hawk had just finished its lunch and was sleeping in its house on a huge tree. It didn't feel any danger.

Leng ruoxue walked towards the tree that the Golden Eagle used to build its nest, but she was not discovered. Seeing this, she could not help but sigh. The Golden Eagle's vigilance was really low.

Standing in the Golden Hawk's house, Leng ruoxue first sized up the Golden Hawk, which was sleeping soundly. This Eagle's entire body was golden in color, and its feathers were soft and smooth. It was as if there was a layer of golden light flowing around its body, making it look extremely beautiful. On its head, there was a circle of golden feathers that looked like a crown, making it look even more handsome and extraordinary.

Leng ruoxue was very satisfied with this beautiful Eagle as her temporary flying beast. After admiring the Eagle's heroic posture, she flicked out a small stone with her fingertips. The stone hit the beautiful Giant eagle's wings with a Dong. The Golden Eagle only flapped its wings slightly, then turned around and continued to sleep.

Leng ruoxue was speechless. Luckily, she wasn't here to catch a contracted beast. Otherwise, this little fellow would definitely not be able to escape. How low was his vigilance! That's why she could still sleep so soundly even with an unfamiliar aura. She was really convinced!

Seeing that the Golden Eagle was still sleeping soundly, Leng ruoxue had no choice but to walk closer to it and pull its wings. She found a beautiful golden feather and pulled it with all her might. The Golden Eagle finally woke up from the pain.

"Detestable! Who dares to pull my wings? You're really tired of living. " The Golden Hawk, who was half-awake, shouted. After roaring, he saw a human standing in front of him.

At this moment, the giant Eagle became alert. It looked at Leng ruoxue carefully and pretended to be calm,""Who are you? why have you appeared in my house?"

Although the Golden Eagle looked calm on the surface, its heart was already beating wildly. It couldn't help but cry in its heart. 'Is this human here to catch me?' It was a little scared. Although it had always been confident in its own strength, it did not know why, but when it faced the human in front of it, it felt a trace of fear for no reason.

The pressure that this human gave it was really great! The Golden Hawk almost collapsed and knelt down to worship. Where did this ancestor come from? It was so scary!

An animal's instinct was definitely the most sensitive. After the Golden Eagle felt Leng ruoxue's power, it had to be obedient and not dare to shout or get angry at the human who had plucked its feathers.

"I'm Leng ruoxue. I'm here to discuss something with you. " Seeing that the Golden Eagle's attitude was rather friendly, Leng ruoxue naturally spoke in a friendly manner.

[Chapter 2605 The Golden Hawk Is Too Kind \(2\)](#)

"What is it?" The giant Golden Eagle asked with a confused expression.

"I'm going to the Green Dragon Mountain. I want to hire you as my flying beast. " Leng ruoxue went straight to the point and stated her purpose.

The Golden Hawk was a little angry and shouted,""Human, you're actually letting me, who has a noble status, be your flying beast? You've really gone too far!"

It was very angry! He was quite angry! It felt that it had never been humiliated by a human in all its life. However, the human in front of it seemed to have given it a slap and woke it up. It also told it that in the eyes of the human in front of it, it was only a flying beast.

For the proud Golden Hawk, this was definitely a big blow to its self-esteem.

"If you're willing, I'll give you this bottle of pills." Leng ruoxue saw that the Golden Hawk did not seem to agree with her idea. She was not angry, but took out a bottle of pills and opened the bottle. The unique fragrance of the pills drifted into the Golden Hawk's nose with the breeze.

The Golden Hawk couldn't help but take a few deep breaths, and secretly sighed,"what a strong spiritual Qi!" It liked it!

However, just as it was thinking about this, Leng ruoxue kept the bottle of pills. Seeing this, the Golden Eagle looked at Leng ruoxue eagerly, its eyes filled with desire for the pills.

It had to be said that Leng ruoxue was well aware of the beasts 'habits. She knew that they would never be able to resist the charm of the pills. Hence, she had taken out the thing that could attract them the most. Now, it was hard for the silly Golden Hawk not to take it.

"Do you want it? If you agree to take me to the Azure Dragon Mountain, this bottle of pills is yours. " Leng ruoxue deliberately paused for a moment before asking.

"Good! I promise you!" The Golden Hawk thought for a moment and then gave up for the Dan beads. It couldn't be helped. It was the most difficult for Beastie to get medicinal pills, so it really couldn't refuse such a benefit.

"Then let's go!" Leng ruoxue said impatiently.

"It's already so late, can't you leave tomorrow?" The Golden Hawk didn't want to go immediately. It was still sleeping! After saying that, it actually yawned again.

Leng ruoxue was speechless when she saw its reaction. "Little Golden Hawk, it's only afternoon now. With your speed, you should be able to fly very far in one afternoon," she reminded the Hawk.

"But I'm very sleepy! She was still sleeping. I'm not awake yet, so I can't fly fast. What if I accidentally doze off on the way and you fall off?" The Golden Hawk said innocently.

Hearing its words, Leng ruoxue was speechless. Now, she really doubted whether it was a wise choice to find such a lazy Eagle as her flying beast.

She was starting to regret it. What should she do?

Qing Jue, who knew what was on Leng ruoxue's mind, suppressed his laughter and sent a voice transmission to Leng ruoxue, ""Sister, this Eagle is the highest level in this area. Eagle-type beasts are also famous for their fast speed. If we give up on it and look for other flying beasts, I'm afraid it will be a waste of time."

"But what if it doesn't want to set off?" Leng ruoxue asked, feeling speechless. It was the first time in her life that she had seen an Eagle that would rather sleep than fly freely in the blue sky. Today was an eye-opener for her.

"Why don't we leave tomorrow morning? One more day won't make a difference. " Qing Jue suggested.

"Alright then!" Leng ruoxue had no choice but to compromise.

Then, she turned to the yawning Golden Eagle and shouted, ""You really shouldn't be an Eagle, you should be a pig! Go to sleep! Just sleep well! We'll leave tomorrow morning!"

With that, Leng ruoxue left the Golden Eagle's home. Out of sight, out of mind. This sleeping Eagle was driving her crazy.

"Big sister, calm down. The environment in this forest is not bad. Let's just treat it as an outing." Qing Jue saw that Leng ruoxue's temper was getting a little bad, so he continued to comfort her.

"Little girl, why don't we teleport to the Azure Dragon Mountain ourselves? why do we need to find that lazy Eagle?" The voice of the parasol tree's mother tree rang in Leng ruoxue's mind at the same time. She had seen everything that had happened earlier, so she could not understand what was going on.

"Not only is it a waste of spiritual energy, but it's also very tiring." Leng ruoxue said, a little embarrassed.

"Uh! I like this reason. " The mother parasol tree smiled and requested to accompany Leng ruoxue.

With a thought, Leng ruoxue moved the mother parasol tree out of her bracelet. The two of them started to wander around the forest.

As soon as the mother parasol tree appeared in the forest, the few flowers and trees in the forest all stirred and stretched out their most beautiful branches and leaves to greet the mother parasol tree.

The mother parasol tree was an ancestor-level plant that had lived for a long time. When it saw these little fellows, it naturally treated them as if they were its juniors and was extremely enthusiastic.

Watching the mother parasol tree touch the grass and the branches of the surrounding trees from time to time, as if it was communicating with them, speaking in a language that she did not understand, Leng ruoxue could only sigh in her heart. As expected of the ancestor of plants! He was so kind to flowers and trees. At the very least, she couldn't communicate with a tree. More importantly, neither she nor the tree with intelligence could understand what the other was saying. I didn't master this foreign language!

Just like that, Leng ruoxue and the mother parasol tree did not even finish strolling through half of the forest before the sky turned dark.

The two of them discussed and decided to return to the Golden Eagle to rest for the night. They would set off the next morning. When they arrived at the Golden Hawk's home, Leng ruoxue helplessly realized that the Golden Hawk did not seem to be awake.

Such a fact made Leng ruoxue's face darken even more. Just how much sleep did this guy have?

"Hehe! You're really a sleepy little fellow." The mother parasol tree laughed. She had already heard from the flowers and trees in the forest that the Golden Eagle's biggest hobby was sleeping. Not only that, but this guy spent at least two-thirds of the day sleeping, and the other one-third was looking for food. Of course, she didn't dare to tell Leng ruoxue about this. Otherwise, that little girl would fly into a rage!

"I'm not just sleepy, I'm sleeping like a pig." Leng ruoxue said.

"Let's rest early!" The mother parasol tree could not help but want to laugh wildly, but in order to maintain her image, she held it in.

However, after Leng ruoxue sent her into the bracelet, she could not help but burst out laughing.

Hearing the laughter in her heart, Leng ruoxue was even more speechless. She then entered the bracelet as well.

The next day.

When Leng ruoxue and the mother parasol tree came out of the bracelet, the Golden Eagle was still asleep. This also caused the number of black lines on Leng ruoxue's forehead to increase.

After waking up the giant Golden Eagle with much difficulty, the Golden Eagle's eyes were filled with confusion. It looked at Leng ruoxue and asked, "Human, Who are you? why are you in my house?"

"Have you forgotten the deal we made yesterday?" Leng ruoxue couldn't help but roar like a lion. She was really about to be angered to death by this Eagle! Did he have to be so forgetful?

[Chapter 2606 The Golden Hawk Is Too Kind \(3\)](#)

"A deal?" The Golden Hawk blinked its eyes and tried to think. Finally, it flapped its wings and said, ""Argh! I remember now, you're going to the Green Dragon Mountain, right?"

"Right!" Leng ruoxue gritted her teeth and shouted. If the Golden Eagle didn't remember, she really didn't know what she would do to protect her. In short, her patience had reached its limit.

"Then let's go after breakfast!" The Golden Hawk said seriously.

Hearing its words, Leng ruoxue's emotions eased up a little.

Leng ruoxue nodded in agreement with the Golden Eagle. The Golden Eagle roared and flew out of the house to hunt.

However, after the Golden Hawk had been hunting for an hour and had yet to return, Leng ruoxue regretted it!

'Damn it!' She knew that she couldn't let the Eagle go out. Great, it had been so long and it still hadn't returned. Not only did she and the mother parasol tree finish cooking, but they had also finished eating.

Leng ruoxue's heart was burning with anger. Her entire body was unconsciously emitting a vicious aura, scaring the mother parasol tree so much that it kept its distance from her, afraid that Leng ruoxue, who was on fire, would harm the innocent.

After another two hours, the Golden Eagle finally returned with an excited expression. It said happily, "My luck today is pretty good. I actually managed to catch a Fat Rabbit."

After he finished speaking, he even showed the rabbit in his claws to Leng ruoxue and the mother parasol tree.

"You're so excited just because we caught a rabbit? What do you usually eat?" Leng ruoxue was speechless. She realized that this Eagle's requirements were really low.

"Fruits, leaves, rats, etc. Eat whatever you have. I'm not a picky eater. " The Golden Hawk said.

"Why did you take so long?" At this moment, the parasol tree mother tree changed the topic when it saw that Leng ruoxue was so angry that she had lost her temper.

"It's all to catch this damn rabbit!" The Golden Hawk said with an aggrieved face, as if catching a rabbit was a great thing.

"You took three hours to catch a rabbit? It's almost noon now. I want to know if you'll have to start preparing for lunch after breakfast?" The mother parasol tree asked in surprise.

"I don't eat lunch!" The Golden Hawk shook its head.

"What about dinner?" The mother parasol tree continued to ask curiously.

"I'm not eating either! It's too hard to catch food. " The Golden Hawk said with a sad face.

"Uh! No wonder you're always sleeping. " The mother parasol tree felt that it had found out the truth. The Golden Eagle had been sleeping all day just to save food. These days were really too miserable for it.

To be honest, the mother parasol tree truly sympathized with the Eagle. It was reasonable to say that as a carnivore, Eagles were at the top of the food chain. Although they could not compare to birds like phoenixes, they would not starve themselves in order to save food, right?

Thinking of this, the mother parasol tree looked at the Golden Eagle with more and more sympathy. After that, she took out a few more beautiful red fruits and gave them to the Golden Hawk.

The Golden Hawk accepted it gratefully. Then, it looked at the mother tree and asked curiously, "Who are you? I didn't see You Yesterday!"

"I'm her companion!" The mother parasol tree was speechless and didn't know what to say. This Eagle must have realized it too late. They had already met in the morning, but this Eagle only remembered to ask her who she was now! This was really ...

"Oh! Welcome!" The Golden Hawk said with enthusiasm.

Then, he planned to enjoy his breakfast.

Unfortunately, before it could move its claws, the rabbit that it had grabbed and pretended to be unconscious immediately woke up and begged with tears in its eyes, "Your Excellency Golden Eagle, please spare me! Sob ... My meat is stinky and not delicious. Besides, I have parents and children to take care of. There are dozens of mouths waiting for me to feed them! The burden on my family is really heavy. If you eat me, they won't be able to survive. "

Hearing the rabbit's pitiful tone, the Hawk was embarrassed. It had finally caught a rabbit, and it wanted to treat the two humans to a good meal! But now that it heard that the rabbit it had caught had such a pitiful life experience and was the pillar of the family, it couldn't bear to do it.

After hesitating for a while, the Golden Hawk turned around and said, "You can leave! You'd better be more careful next time and not let others catch you again. Not everyone is as kind as me. "

"Thank you! Thank you! Your Excellency Golden Eagle, you're such a good man! Our whole family will definitely be grateful to you!" The rabbit was grateful and wanted to run away, but was stopped by the Golden Eagle.

The scared rabbit trembled and timidly asked, "Your ... Your Excellency Golden Eagle, do you have any other orders?"

"Don't you have elders and children at home? Take these fruits, don't let the elderly and children go hungry. " As the Golden Hawk was talking, it gave the fruit that the mother tree gave it to the rabbit that it caught as food.

The rabbit thanked him profusely in pleasant surprise. Then, it hugged the few fruits that it had obtained for free and quickly disappeared into the forest.

Leng ruoxue and the mother parasol tree were both dumbfounded by this scene.

What ... What was going on? Did it have to be so dramatic? The two of them were speechless at the Golden Hawk's actions. They didn't even know what to say. Alright! They could only say that they had never seen such kind beasts due to their ignorance. This forest was really big, and there were all kinds of beasts!

The Hawk felt embarrassed when the two didn't say anything and looked at it with disappointment. It scratched its head and said in a low voice, "Don't worry, there will be food. I, I will go and get more. "

"We'll go with you!" Leng ruoxue and the mother parasol tree said in unison. The two of them were extremely interested in how the Golden Eagle hunted its prey!

"It's hard to hunt. Are you sure you want to follow?" The Golden Hawk asked with uncertainty.

The two of them nodded in unison, both making up their minds to follow and confirm their own speculations.

The Golden Eagle had no choice but to take the two women, who it thought were burdens, to hunt for prey.

After following the Golden Eagle for a long time, they finally encountered a Fat Rabbit that had probably finished its breakfast and was out for a stroll to digest its food. With Leng ruoxue's reminder, the Golden Eagle pounced on the rabbit. The rabbit was so scared that it twitched all over and begged with tears streaming down its face, "Wu...Senior Golden Eagle, please spare me! I've just become an adult! I don't have enough meat on my body, it's really not enough for you guys! Just let me live for a few more years!"

"Al! You can leave now!" The Golden Hawk sighed and said helplessly. The rabbit only begged for a few words, and the Golden Hawk let it go.

As expected! When Leng ruoxue and the mother parasol tree saw this scene, they did not know how to evaluate the kindness of the Golden Hawk. It was a miracle that an Eagle, which could even release its food, could grow up safely and not starve to death.

After knowing how the Golden Hawk hunted its prey, Leng ruoxue was no longer angry at its sleepiness. She admitted that she was completely convinced. She really didn't know how such Beastie could live in a world where the strong were respected!

Sighing, Leng ruoxue did not want to waste any more time. She took out some food and placed it in front of the Golden Eagle, "Hurry up and eat. We can leave after we're done."

"After eating, we should take a nap ..." Looking at the sky and the food, the Golden Hawk couldn't help but whisper.

"Sleep? If you dare to take a nap, do you believe that I will pluck all the feathers off your body?" Leng ruoxue threatened.

"Don't! How am I supposed to fly if you pluck all my feathers?" The Golden Eagle said fearfully. It did not dare to mention the matter of taking a nap again, but Leng ruoxue's ferocity had already been deeply engraved in its heart.

"Then you better be honest and stop sleeping. Quickly bring me to the Green Dragon Mountain and you will be free. " Leng ruoxue reminded.

"Oh!" The Golden Hawk nodded and then started to eat the food in front of it. It swore that it had never eaten anything so delicious.

The Golden Eagle didn't want to waste the rest of the food, so it put it away in its storage space. The mother parasol tree saw this and could not help but pat its head, praising, "What a diligent and thrifty little fellow."

"Hehe!" The Golden Hawk giggled in response to the mother tree's words.

Leng ruoxue rolled her eyes at the Golden Hawk and asked, "Can we set off now?"

"Yes! Yes! Ladies, please get in the car! Remember to fasten your seat belt. This was the first element of safe driving. For the happiness of you and your family, please don't ignore the use of seat belts." The Golden Hawk reminded him with a smile.

When Leng ruoxue heard this, she pretended to be unhappy and said, "Where did you learn all this nonsense!"

Even though she said that, Leng ruoxue was actually very surprised by the words that came out of the Golden Hawk's mouth. She even wondered if the Hawk had come from her previous world. But that was obviously not possible.

The Golden Hawk laughed and touched its head embarrassedly, "I heard a passerby mention it, so I remembered it."

So it was like this. Leng ruoxue thought to herself, 'this Eagle's memory is pretty good, but it's just too out of line.'

Then, she and the mother tree sat on the back of the Golden Eagle. The Golden Eagle shouted, "Please fasten your seat belt, I'm leaving!" He flew straight into the sky.

Seeing that the Golden Hawk was still going on and on, Leng ruoxue's anger started to rise again. However, before she could even start to lose her temper, she heard the mother parasol tree ask the Golden Hawk with a puzzled look, "Where's your seat belt? Why can't I find it?"

[Chapter 2607 Ladies, It's Dark \(1\)](#)

"The seat belt is in the passenger's heart. Only passengers who had a safety belt in their hearts would be safe. Ladies, please remember to use your seat belts when you're on the bus. Safety first!" The Golden Hawk murmured.

Seeing that Leng ruoxue was about to fly into a rage, the mother parasol tree quickly held her down and urged the Golden Eagle, "Little guy, we know. Hurry up and drive!"

"Alright! But Madam, I still have a question." The Golden Hawk said with an embarrassed look, and it stopped in the sky without moving.

"What questions do you have now?" Leng ruoxue said unhappily. She swore that the anger she had felt in her entire life was not as much as yesterday and today combined. This Eagle definitely had the ability to infuriate people to death, but it had done it unintentionally.

One had to know that Leng ruoxue had always been the one to anger people to death. However, the situation had reversed in the past two days. How could Leng ruoxue not be depressed?

What was even more infuriating was that she felt that it was not worth it to be angry at an out-of-line Eagle, but she was really angry! Unfortunately, the other party didn't know.

Al! Sighing heavily, Leng ruoxue looked at the Golden Eagle with a cold gaze, causing it to shrink its neck in fear. It then shouted at the top of its lungs, "I don't know the way to the Green Dragon Mountain!"

"....."

In fact, not only did the Golden Eagle not recognize the Green Dragon Mountain, it had never left the forest since it was born. However, it could not tell anyone about this unless it was forced to, or it would be embarrassing. But now, it had no choice but to say it. Its eyes were dark, and it didn't know where to fly.

The Golden Hawk told the truth and looked at Leng ruoxue and the mother parasol tree shyly. Then, it quickly lowered its head and did not dare to look at the two of them.

After waiting for a long time, it saw that Leng ruoxue and the mother parasol tree did not have any reaction. It thought that these two did not know the way! Therefore, he glanced at the two of them with a worried look and comforted them, "It doesn't matter if you don't know the way. We can ask around."

It wasn't that they didn't know the way, they were just speechless. After hearing the Golden Eagle's words, Leng ruoxue's mouth twitched as she secretly complained. She then sighed and said helplessly, "Keep flying east."

"East?" The Golden Hawk was stunned, and its face was full of confusion.

"Damn it, don't tell me you don't even know which way is east?" Leng ruoxue roared.

"I know! I know!" Seeing that Leng ruoxue was angry, even if the Golden Eagle didn't know, it was too scared to say anything. After nodding its head, it made up its mind and flew in a random direction ...

"Stop! Stop! That's the South!" Leng ruoxue saw the Golden Eagle flying around in the air and quickly stopped it.

"Nan? I'm sorry, my eyes are looking in the wrong direction. " The Golden Hawk's little heart trembled.

Leng ruoxue was too lazy to expose it. Seeing this, the Golden Eagle seemed to let out a long sigh of relief and changed its direction.

Then, Leng ruoxue's icy voice was heard, "That's the North!"

"Uh!" The Golden Hawk changed its direction.

"West!"

Finally, the Golden Eagle flew in the right direction. Because it had not tried in one direction, if it flew in the wrong direction again, it really should not have.

Sitting on the back of the Golden Eagle, the mother parasol tree was stunned at first, but then she laughed so hard that her stomach hurt. She couldn't help but laugh! This Golden Eagle was so funny. She had lived for so long and had seen many plants and animals, but she had never seen such a funny guy!

However, Leng ruoxue's mood was not good, not good at all! She was almost driven mad by the Golden Eagle. She even felt that she had made the wrong choice!

Thinking back, she should not have accepted Qing Jue's suggestion and waited for this stupid Eagle for an entire night. If she had known that it would be like this, she would have immediately changed to a flying beast.

But now, it was hard to get off. If he were to find another beast that could fly and was fast, he would have to waste a lot of time.

Fortunately, the Golden Hawk didn't know the way and didn't have any sense of direction. Besides, it was kind and stupid, but it could still fly fast! After flying for less than an hour, they arrived at a city.

According to the usual practice, they should go down to the city to rest. However, Leng ruoxue was too angry, so she did not let the Golden Eagle Land. Although the Golden Eagle was hungry, it did not dare to make a sound.

Wu ... The woman it was carrying was too fierce. It couldn't afford to offend her, so it could only fly with its life.

After a long while, seeing that Leng ruoxue was still unhappy, the mother parasol tree could not help but comfort her, "Alright girl, don't be angry with that Golden Eagle. This little fellow is quite interesting. With it, I think our journey won't be boring."

"Not only will I not be bored, I'll be lucky if I don't die of anger." Leng ruoxue sighed and was speechless.

"Hahaha! I quite like this little fellow. Give me some face and don't scare it!" The parasol tree mother spoke up for the Golden Eagle. Although the Golden Eagle always did things that normal people could not understand, in general, the little guy was not bad. At least it was obedient.

"Alright! I won't be angry." Leng ruoxue said, giving him face. In reality, she was very clear that her anger was for nothing. That stupid Eagle had no idea how she had angered him. If that was the case, why should she make things difficult for herself?

As she thought about it, she looked up at the sun in the sky and ordered the Golden Eagle, "Let's find a place to land and have something to eat before we continue flying!"

"Alright!" The Golden Eagle was relieved to hear the fierce woman's words, so it landed immediately.

He didn't know what kind of good luck it had, but the place it chose to land was actually not bad, it was the periphery of a small forest.

As soon as they landed, the Golden Hawk immediately urged, "I'll go find food!" It had to perform well!

"Go!" Leng ruoxue nodded in agreement.

The Golden Hawk immediately flew into the forest.

The moment it left, the mother parasol tree nudged Leng ruoxue and asked worriedly, "You agree to let it find food? Will we still be able to eat lunch?"

"I didn't expect to eat the food it found. I was just annoyed by it and wanted to make it leave my sight for a while." Leng ruoxue replied matter-of-factly, then took out all sorts of ingredients from her bangle and prepared to start cooking.

"Uh!" After hearing Leng ruoxue's words, for some reason, the mother parasol tree started to pity the Golden Eagle. It seemed like that little fellow was really driving the little girl Crazy. Otherwise, why would a little girl who loved beasts feel annoyed at the sight of that Eagle?

From this, it could be seen that the Golden Eagle was really powerful.

[Chapter 2608 Ladies, It's Dark \(2\)](#)

However, its ability to hunt was nothing to be proud of.

After waiting for a long time, Leng ruoxue's food was ready, but the Golden Hawk still hadn't returned.

After leaving enough food for the Golden Eagle, Leng ruoxue and the mother parasol tree started eating.

After they finished eating and rested for a while, they suddenly heard a sharp scream. The two of them immediately became alert.

"That stupid Eagle?" Leng ruoxue raised her eyebrows and said with certainty.

"Something might have happened. Let's go and take a look." The mother parasol tree said anxiously. Then, it grabbed Leng ruoxue and the two of them immediately teleported towards the direction of the sound.

In the heart of the mother parasol tree, the stupid Little Eagle was under their protection, how could anything happen to it under their watch! If that was the case, where would they put their face?

Leng ruoxue had the same thoughts. Even though she didn't like the Eagle, it was only because of its eccentric personality. If it wasn't for the fact that she was in a hurry, it would be interesting to have such a stupid Eagle by her side.

When the two of them arrived at the scene, they only saw a few golden feathers on the ground, and the Golden Eagle was gone.

Leng ruoxue was furious! Damn it, he dared to capture the Beastie she hired! Wasn't this snatching food from the Tiger's mouth? She could not tolerate such a thing.

After summoning green vessel, Leng ruoxue asked him to help her search for the Golden Eagle. Green vessel received the order and immediately started searching. In just a few seconds, he had found the Golden Eagle's location.

"Sister, there's a team of five adventurers in the southwest of this small forest. That Golden Eagle is with them." Green vessel reported the location of the Golden Eagle.

"I know, we'll go now." After Leng ruoxue finished speaking, she nodded towards the parasol tree and the two of them teleported again.

At this moment, the Golden Hawk was tied up in a cage. It looked sad and looked up at the sky at a 45-degree angle. Its golden eyes were misty.

Wu...Ladies, I'm afraid I won't be able to see you again! I haven't caught any food for you yet! I don't know if you'll be hungry. Without me, how are you going to go to the Green Dragon Mountain?

The Golden Eagle was thinking in its heart. It had accidentally regarded its own status as very important. It was just that Leng ruoxue did not know what it was thinking, or else she would have sneered at it!

However, the Golden Hawk didn't worry for long. It saw two vague figures not far away. The next second, the two figures became real, and the Golden Hawk was overjoyed.

The fierce woman was here! The Golden Eagle was so excited that it was crying tears of joy. Just as it was about to express its joy, Leng ruoxue glared at it and it immediately shut its mouth. He continued to stare at Leng ruoxue and the mother parasol tree.

Sob...It feels so good to see family!

At this moment, the five-man adventurer team also noticed the sudden appearance of Leng ruoxue and the mother parasol tree. They immediately became alert.

"Who are you people? We saw this place first, so please move to another place. " The only woman among the five immediately roared like a beast guarding its territory when she saw the two devastatingly beautiful women in front of her.

Leng ruoxue's cold eyes swept across the room. The woman who had spoken shuddered and shut her mouth subconsciously. This woman gave her a lot of pressure. She just casually glanced at her and she didn't dare to say anything. In reality, the woman wanted to shout, but she couldn't bring herself to do so. On top of that, she couldn't help but think of Leng ruoxue's glance at her just now, which made her heart turn cold.

Although she was a little self-righteous, she was still a cultivator and had a sense of danger. Her intuition also told her that the two women in front of her were not to be trifled with.

She wasn't the only one who felt this way. The other four men also felt that the other party was not friendly, and they didn't dare to act rashly.

"Seniors, this place is very big, and we don't need that much. Please use this place as much as you can." One of the young men said with a respectful expression after calming down.

"There's no need. We didn't come here for this place," Leng ruoxue's voice was cold.

"Then what does senior mean by that?" The young man asked again.

"For this!" Leng ruoxue pointed at the Golden Eagle.

"It's our Beastie, but you captured it!" The mother parasol tree added.

When the five people heard this, their faces all changed. They had never thought that the Golden Eagle was a beast with an owner. Now that they had caught the beast, they had attracted the owner of this beast. This was a terrible fact.

He had thought that this Golden Eagle could be sold for a good price, but who knew that it had brought him big trouble.

The five of them were very depressed. They had been caught red-handed, and it seemed impossible for them to deny that they had caught the Golden Eagle. Because the evidence was right there! Especially when they saw how excited the Golden Eagle was to see its master, none of them dared to doubt that the Golden Eagle was not the other's Beastie.

"Senior, I'm sorry. We didn't know it was your Beastie. We thought it had no owner. " The young man explained.

"Let it go, and I won't cause you any trouble." Leng ruoxue didn't want to bully the weak and couldn't be bothered to argue with these five people. She had more important things to do now.

"Alright!" The young man agreed readily and was ready to open the cage to release the Golden Eagle. In his opinion, as long as the expert in front of them, whose cultivation they could not see through at all, did not mind their reckless behavior, what was the loss of a Beastie? Was it more important than his own life?

He had thought it through very clearly, but he couldn't stop someone from dragging him down. Seeing that he really intended to let the Golden Eagle go, the only woman among the five people was not happy.

"Wait! She said that it was her Eagle and you all believed her? Who knows if he's lying to us?" The woman instantly pulled the aggro onto herself. Leng ruoxue didn't have much of a reaction to her words, but the expressions of the four men in the five-man team immediately changed.

"You bastard!" Does this idiot even have a brain? Would a powerful person lie to a few ants in his eyes for a beast? They really didn't know what this woman was thinking. But at this moment, the four of them secretly decided that if they could safely escape this calamity, they would definitely kick this woman out of their team in the future. With such a burden, their little lives would be lost in the hands of their own people sooner or later.

The woman, who did not seem to realize that she was being despised by her companions, saw that the other four did not say anything and naturally assumed that they had tacitly agreed to her words. She spoke to Leng ruoxue even more boldly, "You said that it's your Eagle. Show me the evidence!"

At this time, she didn't care about being afraid anymore. After all, this Golden Eagle could be sold for a lot of money! How could she be willing to give it to the two women in front of her? In particular, these two women were so beautiful, which made her feel even more indignant.

[Chapter 2609 Ladies, It's Dark \(3\)](#)

Leng ruoxue and the mother parasol tree only smiled faintly. Neither of them replied to the woman's words. Instead, their beautiful eyes were focused on the other four men.

As soon as the four of them saw each other, they immediately expressed that they were willing to return the Golden Hawk.

When the woman heard this, of course, she didn't agree. She shouted like a Shrew. One of the men saw this and directly punched the woman's head, and the woman instantly fainted.

The scene was finally quiet.

Both sides were overjoyed and extremely satisfied with this.

The Golden Eagle was also released from its cage. It burst into tears as it pounced towards Leng ruoxue and the mother parasol tree, "Wuu ... I thought I would never see you again! It's a good thing you guys came to save me!"

When Leng ruoxue and the mother parasol tree saw this, they dodged to the side tacitly. The Golden Hawk missed and fell to the ground on all fours.

However, this Golden Eagle was obviously tough and tough. After it fell, it quickly got up and looked at Leng ruoxue and the mother parasol tree with tears in its eyes, silently complaining about their hostility.

The Golden Hawk was sad! No one could understand the excitement it felt when it saw its family! Wuuu ...

The four people on the side all widened their eyes in disbelief when they saw this scene. This, this Golden Hawk ... But at this time, they no longer doubted the authenticity of the two women and the Golden Hawk knowing each other. Seeing the Golden Hawk pounced on the two women as soon as it got out of the trap, it was not difficult to see that they were old acquaintances. Otherwise, who would do this?

However, for some reason, the four of them felt that the way the two people and the Eagle got along was a little strange. However, they couldn't tell what was wrong. At this moment, they could only hope that the two seniors would leave with their Golden Eagles as soon as possible. After all, the pressure that Leng ruoxue and her brother gave them was not ordinary!

As if she knew what they were thinking, Leng ruoxue suggested to the four of them, "It's very important to choose your teammates. Remember to open your eyes wide in the future. "

After that, she and the mother tree left with the Golden Eagle.

The four of them finally heaved a sigh of relief.

She brought the Golden Eagle back to the temporary camp they had chosen. Before Leng ruoxue could reprimand it, the Golden Eagle had completely wilted. It sobbed, "Wuwu ... I'm so useless. I was actually caught."

"You finally know that you're useless, so you're not completely hopeless!" Leng ruoxue said coldly.

Then, she looked at the Hawk in disbelief and asked, "I don't understand. How come you can't even defeat five humans who are weaker than you and were captured by them? If there's a Beast Tamer among them, I'm afraid we can save you and you'll have to follow them in the future!"

"Oh ... It was an accident! It was a pure accident! A rabbit was frightened by their violent behavior, and I was caught by them because I wanted to save that timid rabbit. " The Golden Hawk explained in a low voice. Then, it immediately lowered its head, not daring to look at Leng ruoxue and the mother parasol tree.

"You're willing to give up your life for a rabbit? Was it worth it? Do you think you're the Savior?" Leng ruoxue roared with a face full of disappointment.

"Even though rabbits are weak, they're still a life! All lives, regardless of their status, have the right to live in this world. I can't kill them just for my own survival!" The Golden Hawk told the truth and reason.

Leng ruoxue listened to the Golden Hawk's argument and was speechless. Fine! She got to know a Golden Eagle with the nature of a Saint. With such a fact in front of her, what else could she say?

Not only her, even the mother parasol tree did not know what to say.

This Golden Eagle was beyond saving. Al! It was obviously not weak, but it could not even protect itself. How could it have lived for so long without being caught? The mother parasol tree felt that this was too unbelievable. At the very least, it should be something worth rejoicing that such a top-grade being could live in peace until now, right?

Not wanting to think about how the Golden Eagle survived until now, the mother tree gave the food to the Golden Eagle and said, "Hurry up and eat. After you're done, we'll continue on our way."

"Oh!" The Golden Hawk was very obedient. It started to gobble up the food. After being tortured for so long and being frightened, it was really hungry.

After eating, the Hawk's sleepiness came back. However, when it saw the two ladies' faces, it swallowed the words and flew up into the sky.

However, the Golden Eagle was slightly drowsy now, so its flight efficiency in the afternoon was obviously much lower. Its flight stability was also at its lowest. Leng ruoxue and the mother parasol tree sat on the Golden Eagle's back, swaying left and right, unable to sit properly. Moreover, he had to constantly worry about the danger of being thrown off.

After holding on for a while, the two of them couldn't take it anymore! The jolts were extremely uncomfortable.

After Leng ruoxue called for it to stop, the Golden Hawk turned around and yawned in confusion, "What's wrong?"

"How do you fly? You want us to fall down?" Leng ruoxue questioned him in a bad mood.

The Golden Hawk heard this and broke out in a cold sweat. It quickly said, "No, I didn't! No! I'm just a little sleepy." It was already a little sleepy when it came out of the house, and now it had persisted for so long. At this time, its biological clock, which was supposed to take an afternoon nap, could not bear it no matter what. It was so sleepy that it could not open its eyes. How could it not shake?

But it didn't dare to say such words!

However, even if it didn't say anything, Leng ruoxue could already tell. Looking at this fellow's stance, it was determined to go on strike. Otherwise, there was a danger of them falling down. After weighing the two, Leng ruoxue compromised.

"Let's find a place to sleep! Otherwise, it's really too dangerous for you to drive like this." Leng ruoxue sighed.

The Golden Eagle and the mother parasol tree couldn't help but widen their eyes. What did they just hear? Did I hear wrong?

The Golden Hawk blinked its eyes and then became ecstatic. The mother parasol tree, on the other hand, had a look of disbelief on its face. It stared at Leng ruoxue as if it had seen a ghost. Could it be that the girl was so angry that she went stupid? Otherwise, why would he agree to let the Golden Eagle take an afternoon nap?

However, whether the mother tree was willing to believe it or not, the Golden Eagle had already started to look for a place to take a nap. After a while, the Golden Eagle landed on a place with grass that was half the height of a man. Originally, his favorite home would be a place with tall trees, but now was not the time to be so provocative, so it was not a problem to find a similar place to take a nap!

The moment the Golden Eagle landed, it did not care if Leng ruoxue and the mother parasol tree had alighted from the carriage. It immediately closed its eyes and fell asleep.

The mother parasol tree looked worriedly at the Golden Hawk who was sleeping soundly when it heard the loud snores. It turned to Leng ruoxue and said, "This guy fell asleep just like that? Isn't it afraid of being captured?"

"It has always been flexible." Leng ruoxue commented. She could tell that it was impossible to make the Golden Eagle raise its guard. Even if it was captured and forced to form a contract with someone, it would still do whatever it wanted as usual. The person who was driven mad was definitely the one who had captured it.

"It seems like it's true." The mother parasol tree agreed. However, she did not voice out her concern. At this speed, when would they reach the Green Dragon Mountain? Was Xue 'er not anxious anymore?

Urgent! How could Leng ruoxue not be anxious? However, what could she do when she hired such a flying beast out of her poor eyesight? He couldn't really teleport to the Azure Dragon Mountain, could he? Then she and the mother parasol tree would be exhausted to death!

Forget it! She should just go with the flow! Anyway, one day, he would go to the Green Dragon Mountain. Leng ruoxue wanted to cry but had no tears.

When the Golden Hawk woke up, the sun had already set.

After the Golden Hawk woke up, it looked at the sky that was turning dark and said, "I actually woke up early today. The sky isn't even bright yet!"

It had just woken up and its mind was obviously not very clear. It naively thought that it was still at home and had completely forgotten about Leng ruoxue and the mother parasol tree.

It was only when it felt two cold glares coming from behind it that it suddenly quivered and remembered everything that had happened.

Oh my God! How could it forget that it had already left home and was on its way to the Green Dragon Mountain? This was really a dereliction of duty!

The Golden Hawk was annoyed. It turned around carefully and looked at Leng ruoxue and the mother parasol tree with a fawning expression, "Ladies, it's dark ..."

Its voice was getting softer and softer, but Leng ruoxue and the mother parasol tree could still hear it clearly due to their excellent hearing.

"You also know about it?" The mother parasol tree mocked. Not to mention Leng ruoxue, even she was a little angry. This fellow was too good at sleeping. If he wanted to sleep, then so be it! It turned out that she had to wake up naturally.

"..." The Hawk didn't dare to say anything. In fact, it was thinking that it woke up early this time! Usually, it would sleep until the next morning, go out to hunt, eat, and then go back to sleep.

"You're still early. Let's continue our journey!" Leng ruoxue was so angry that she laughed. Or rather, she no longer had the energy to be angry. She decided to travel through the night.

"It's not safe to travel at night. " The Golden Hawk whispered after hearing Leng ruoxue's decision.

"Then let's go!" Leng ruoxue roared like a lion.

"Alright! Alright! Um ... Is there anything to eat?" The Golden Hawk asked carefully.

"You still want to eat? I'm blushing on your behalf with your work efficiency. " The mother parasol tree was speechless.

"Food is the most important thing to the people. Eating is the nature of humans and animals. You can't take it away from us!" The Golden Hawk started to talk big again.

[Chapter 2610 Luo Lin \(1\)](#)

As soon as the Golden Eagle finished speaking, a piece of roasted meat was thrown in front of it. It blinked its confused eyes and looked at Leng ruoxue without saying a word.

"Hurry up and eat. Try to shut your mouth." Leng ruoxue couldn't be bothered to waste any more time with it as she directly replied in an unpleasant tone.

When the mother parasol tree heard this, it did not know whether to laugh or cry. In the end, it could not help but laugh. She was getting more and more speechless about the Golden Hawk's character, because this little guy kept challenging their bottom line, and had the potential to drive ordinary people crazy. However, since the little guy had provided them with a lot of jokes, she was quite friendly to the Golden Eagle except when she was angry!

Leng ruoxue was losing her temper as well. It was obvious that she was giving up on training the Golden Hawk.

The Hawk carefully looked at the two of them, then started to gobble up the meat in front of it. As he ate, he praised it. It was delicious! It was so delicious! It was much more delicious than the food it made itself! If it could, it really wished to enjoy such a life forever.

When he was sleepy, he would sleep. When he was hungry, he would eat. When he woke up, delicious food would immediately be delivered to him. This was simply the life of a rice worm! The Golden Hawk was quite satisfied with it.

Fortunately, Leng ruoxue and the mother parasol tree did not know what it was thinking. Otherwise, the Golden Eagle would have been violently attacked.

One had to know that the two of them had almost reached their limits. If they knew that it was actually enjoying its life like a rice worm, they would definitely vomit blood!

After obediently finishing the roasted meat, the Golden Eagle yawned and stretched its wings. It was about to take a nap, but when it saw Leng ruoxue's icy glare, it immediately perked up and smiled, "I'm full, we can go now. Please get in the car. "

Leng ruoxue was very satisfied with the Golden Hawk's tactfulness at this moment. She sat on the Golden Hawk's back with the parasol tree mother. She gave the Golden Hawk a warning look and said coldly, "Be careful when you fly, or else be careful of the feathers on your body."

"Yes! Ladies, please sit tight, we're going to start driving!" The Golden Hawk reminded him. Then, it flapped its huge wings and flew up into the dark sky.

The sky was dark. Except for the moonlight, it was almost impossible to see the road ahead. Fortunately, the Golden Eagle had good night vision, and its visibility was at least 1000 meters.

The Hawk was quite proud of that.

However, it didn't feel proud for long before it found that its situation of not being able to distinguish directions at night seemed to have become more serious.

Which way should he fly? The Golden Hawk muttered to itself as it hesitantly flew around in the air.

Leng ruoxue looked at it and knew that this fellow was probably unable to differentiate North from South again.

Sighing helplessly, Leng ruoxue reminded, "We're flying north this time. "

"Oh, oh!" The Golden Hawk was ashamed, but it didn't think it was its fault. It had never left home!

Even with Leng ruoxue's guidance, the Golden Eagle was still confused. It made up its mind and started flying around again.

"That's Nan!" Leng ruoxue roared at the sight of this.

This time, she was too lazy to let this guy find his own direction. She pointed in one direction and said, "That way!"

"Thanks for the reminder!" The Golden Hawk said happily and then roared, "Green Dragon Mountain, here I come!"

He accelerated and flew ...

This time, the Golden Eagle flew for a long time. It was so long that Leng ruoxue and the mother parasol tree could not believe it. The entire night had passed, but the sleepy Golden Eagle did not ask to sleep. The two of them could not believe their eyes.

The next morning.

The Golden Hawk found a place to land. The two people and one beast were ready to have breakfast before continuing their journey.

As soon as it landed, the Golden Hawk yawned several times. In fact, it had been sleepy for a long time, but seeing that the two ladies seemed to be in a bad mood, it did not dare to make any additional requests. However, as soon as they landed, it could not fully concentrate.

After yawning a few times, the Golden eagle's head drooped down unconsciously. Then, it raised its head in shock. When it saw that Leng ruoxue and the mother parasol tree did not seem to notice its condition, its heart, which had been in its throat, finally calmed down.

In fact, how could Leng ruoxue and the mother parasol tree not notice the Golden Eagle's strange behavior? however, the two of them remained silent because they did not know what to say.

After preparing breakfast in silence, Leng ruoxue glanced at the Golden Hawk, which was snoring with its eyes closed. She sighed and decided not to wake it up. After that, she and the mother parasol tree gloomily ate their breakfast.

Halfway through the meal, the Golden Hawk woke up by itself after smelling the fragrance. The Golden Hawk crawled over and looked at the two with a big smile. The desire in its eyes was obvious.

Sighing helplessly, Leng ruoxue gave half of the food to the Golden Hawk. After breakfast, the Golden Hawk did not ask to sleep for a while. Instead, it turned to Leng ruoxue and the mother parasol tree and said, ""Let's hurry! Let's continue on our way. Hurry up and get in the car, I'm leaving!"

"....."

Their faces were full of shock and disbelief, and they couldn't help but wonder what had happened to the Golden Eagle. Otherwise, why would he be so diligent today?

Although it was a good thing for the sleepy Golden Hawk to be more diligent, they didn't want it to do anything to them after they had given up on their plan to hurry on. If it did, they would be even more devastated!

"Aren't you getting in? I'm going to start driving!" The Golden Hawk saw the two ladies were still in a daze and couldn't help urging them.

Leng ruoxue couldn't help but wipe the cold sweat off her forehead. She realized that this time, she seemed to have been looked down upon by the Golden Eagle. She had always been the one urging it to hurry up. But now, the situation had reversed.

"Let's go!" Leng ruoxue didn't want to say anything more. She pulled the mother parasol tree and sat on the Golden Eagle's back.

After taking off, neither of them said a word, while the Hawk flew at full speed!

The two of them didn't know what to do when they saw the Hawk's abnormal behavior.

What was even more strange was that the Golden Hawk didn't ask to sleep at all, except for when they were eating. However, they could clearly see that the Hawk's eyelids were fighting.

Although Leng ruoxue did not know why the Golden Hawk was suddenly so desperate, she did not want it to drive in such a dangerous way. If it accidentally hit a tree, they would also be implicated.

"We won't be flying today, let's rest!" After dinner, Leng ruoxue suddenly asked.

The mother parasol tree glanced at Leng ruoxue with a profound look. It knew why she had made such a decision. The Golden Eagle was naturally overjoyed by this news. It immediately lay down on the ground and closed its eyes to snore!

Al! He could finally rest. This fierce woman still had some humanity in her. It was not easy! The Golden Hawk couldn't help but sigh before it fell asleep.
