

## Crazy Wife 2731

### [Chapter 2731 Are The Two Of You Here For A Blind Date?\(1\)](#)

"You've done a lot, really!" The great elder laughed evilly. Today, he finally realized how talented Jiang Ning was. Such a huge ten-thousand-year-old centipede had made him faint from exhaustion. One should know that not everyone had the ability to do such a thing. At least, he couldn't.

As he thought about it, he looked at Jiang Ning with even more admiration.

Then, he added, "Jiang Ning, you can continue after it wakes up!" It's best if it's dead from exhaustion, then we can use its shell!"

"Yes, yes, good luck!" It was rare that Liu Feng did not go against the great elder. Mo Yan took it for granted.

"Hey! I say, you guys are going too far! Let me be the bad guy, and you guys enjoy the fruits of my labor!" Jiang Ning clenched his fists and roared.

However, the few people present ignored his anger. More importantly, they knew the temperament of Jiangning. That guy would not get angry over such a matter! He was just a paper tiger.

Just like that, Jiangning was given the heavy responsibility. The black centipede's miserable life had just begun.

On the other side, after Leng ruoxue left with the Grand Elder and the others, she returned to see uncle long. Seeing that uncle long and the others were still slumped in their chairs, too lazy to move, Leng ruoxue could only shake her head helplessly.

Xue 'er, Shen nuo and the others are willing to let you come back." Uncle long smiled when he saw Leng ruoxue.

"Yes, I gave them the centipede. I'm fine now." Leng ruoxue simply explained.

"Hehe! They're fine, but I'm busy!" Uncle long said seriously.

"Speak! What do you need me to do?" Leng ruoxue sighed softly. She knew it.

"The ascender Alliance and his Excellency Shui mo haven't left yet. They're all looking for you!" Uncle long said directly.

"Sir Shui mo really wants to spar with me!" Leng ruoxue said helplessly. The ascender Alliance was looking for her because of Zhang Miao and the others. However, she was a little conflicted about Shui mo.

"This can't be helped. He just came to find you!" Uncle long said sympathetically.

"Uh!" Leng ruoxue was speechless.

"I've finally found you," At this moment, Shui Mo's voice came from behind Leng ruoxue.

Leng ruoxue's heart skipped a beat. She turned around gloomily and greeted Shui mo with a faint smile, "Hello, Mr. Shui mo!"

"Little girl, don't stand on ceremony with me. Let's go and spar!" With that, Shui mo reached out to grab Leng ruoxue and was about to walk out of the hall.

Seeing this, Leng ruoxue was beyond depressed! Today, including Shen nuo, she had already been dragged away by people without any explanation twice!

Just as they were pulled to the entrance of the living room, the two of them met the ascender Alliance's general Alliance master and Li Jing.

Upon seeing the two of them, Leng ruoxue looked as if she had found her Savior. She quickly turned to Shui mo and said, "Mr. Shui mo, I'm sorry, but we can't spar now. I have something to deal with!"

"What could be more important than our sparring?" Hearing this, Shui mo snorted and glanced at the Alliance master and Li Jing.

The two of them felt a chill in their hearts as they laughed bitterly in their hearts. They had made His Excellency Shui mo unhappy! Was this considered being unjustly attacked?

Alright! They indeed had something to discuss with Leng ruoxue, but they did not dare to snatch her from Shui mo! Although everyone was a reverent-God, there was still a gap between reverent-god level! As for His Excellency Shui mo, he was definitely a top reverent-god level figure ... He couldn't afford to offend him!

At the thought of this, the general Alliance master said with great insight, "Although we have some business with miss Leng, we have to follow the order of things. Since it was Mr. Shui mo who found Leng ruoxue first, please go first! We're not in a hurry!"

"You bastard!" You guys aren't anxious? You came later? When Leng ruoxue heard the Alliance Master's words, the anger in her heart immediately rose! This Lackey was definitely a model of bullying the weak and fearing the strong!

Leng ruoxue was furious. The consequences would be severe!

However, Shui mo was obviously very satisfied with the general leader's tactfulness.

He patted the Alliance master's shoulder in praise and praised, "You're not bad. You're a promising child. Your ascender Alliance will definitely have a bright future!"

With that, he didn't stand on ceremony and pulled away the unwilling Leng ruoxue.

Before she left, Leng ruoxue glared daggers at the Alliance master without holding back in order to vent her anger.

After watching the two of them leave, the Alliance master nudged Li Jing, who was beside him, and whispered, "Did I offend Leng ruoxue? Why is she glaring at me?"

"Not only did I offend her, I've also offended her to the core!" Li Jing covered his face and said helplessly. Sometimes! He really admired the Alliance master's judgment. He was so focused on not offending the Qilin that he forgot about Leng ruoxue's existence. Could it be that the Alliance master really couldn't see Leng ruoxue's unwillingness at all?

However, it seemed that he couldn't blame the Alliance master too much. After all, most people were like this. They were used to paying attention to the strong and would unconsciously ignore the existence of the weak. However, the crucial point was that Leng ruoxue was not a weakling!

Li Jing even felt that Leng ruoxue was scarier than Shui mo!

If you offended Shui mo, Shui mo would just ignore you. However, if you offended Leng ruoxue, the consequences ... Li Jing didn't even dare to imagine.

Al! He believed that if he didn't help Leng ruoxue out today, Zhang Miao and the rest wouldn't be able to get it back so easily!

"I didn't say anything! How did I offend her!" The Alliance master pondered for a while, but he still couldn't understand Li Jing's words.

Li Jing looked at the Alliance master deeply, then shook his head and sighed. He then turned around and left.

Ugh! The Alliance master, who had been left behind, still had a silly expression on his face.

After being stunned for a long time, he couldn't figure it out, so he left gloomily.

At this moment, Leng ruoxue had been dragged to her residence by Shui mo.

After entering the room, Shui mo smiled at Leng ruoxue and said, "As long as you satisfy me, I'll let you go!"

Leng ruoxue's face darkened. Why did these words ... Sound so awkward? Wasn't it just a spar?

However, no matter how awkward it was, Leng ruoxue had to nod her head and accept her fate, "Senior, how do you want to compare notes?"

"I heard that you're proficient in formations, and I also know a little about formations. How about we have a competition?" Shui mo said impatiently.

"A formation? You want to spar with me on formations?" Leng ruoxue blinked her eyes. She didn't expect Shui mo to be competing in this. However, did Beastie also know about formations?

Seeing through Leng ruoxue's doubts, Shui mo said with pride, "Don't look down on me. Even though I'm self-taught, I think I'm pretty good. Come, let's compete!"

"Alright!" Leng ruoxue agreed. Since they were competing in array techniques, she naturally wasn't afraid. However, what surprised her was that this Qilin was a self-taught Qilin. It really wasn't simple!

### [Chapter 2732 Are The Two Of You Here For A Blind Date?\(2\)](#)

"Then we'll each come up with a formation and let the other side solve it. Whoever solves it first wins, okay?" Seeing that Leng ruoxue had agreed, Shui mo continued to discuss with her.

"Sure, I don't have any problems with that." Leng ruoxue nodded. However, she felt that she was being a bully. One must know that her master had left her with quite a number of array techniques. Even though she had yet to master all of them, she believed that she definitely knew more than this Qilin who

had self-taught himself about array techniques. In this comparison, she would definitely be the one with the complete victory!

Ugh! Wouldn't this be an unfair victory?

Leng ruoxue was a little hesitant, but she told him the truth in the end, "Mr. Shui mo, my formation skills are all from my master. Are you sure you want to compete with me?"

"What, you're looking down on me? I know you have a good master, but we haven't even started the competition yet, so it's still not certain who will win or lose, right?" Shui mo said confidently.

"I'm not looking down on you. I just don't want to win an unfair battle, so I'm telling you in advance. " Leng ruoxue explained.

"I see! Don't worry, I know what I'm doing. " Shui mo said nonchalantly. However, Leng ruoxue's reminder improved his impression of her.

After that, the two of them each set up a formation. Shui Mo's formation was a defensive one while Leng ruoxue's was an offensive one.

Because it was the first formation of the competition, both of them were at the level of testing each other. Neither of them revealed the formation to be too profound, and almost at the same time, the two of them broke the formation at the same time.

"Not bad!" Shui Mo's eyes lit up as he stared at Leng ruoxue, his face full of excitement.

"Same to you. However, this is only the first one. Let's continue." Leng ruoxue reminded him with a faint smile.

"Alright!" Shui mo was in high spirits and naturally wanted this.

In the following time, the two of them used all kinds of formations. Be it offensive, defensive, or spirit gathering formations, as long as they could think of any formation that could be broken, the two of them gave it to each other. Moreover, the difficulty of the formation would naturally increase.

After an unknown amount of time, the competition between the two of them continued.

As the difficulty of the array increased, the speed of the two of them unraveling the array slowed down significantly. However, Leng ruoxue had a powerful master, so even if Shui Mo's array was very difficult, it was only a matter of time for her. However, Shui mo took longer and longer to think about Leng ruoxue's array.

When Shui mo finally solved the last step of one of Leng ruoxue's formations, he saw that Leng ruoxue had already solved the formation and was looking at him calmly. Shui mo smiled and said, "I've lost!"

"Sir Shui Mo's formation skills are very high. If I didn't have a good master, I wouldn't be your match. " Leng ruoxue chuckled.

She had also benefited a lot from the battle with Shui mo. More importantly, Shui Mo's self-taught ability had given her a lot of inspiration.

"Little girl, being too humble is a sign of hypocrisy!" Shui mo joked.

"I'm serious! I'll give this to you. Let's continue sparring when we have time!" Leng ruoxue took out a book and passed it to Shui mo.

Shui mo took it subconsciously and flipped it open. His expression changed immediately!

This, isn't this the master Yu's knowledge on formations? Was she really giving it to him? This was too precious! Shui mo, who was holding the book with both hands, was so excited that he couldn't speak.

After a long while, he finally recovered. He looked at Leng ruoxue in disbelief and asked, ""You're really giving this to me? No! I can't accept it, it's too precious!"

Although Shui mo was very envious of that book on formations, he could not accept a reward without doing anything. He did not have anything of equal value to exchange with Leng ruoxue, so he felt ashamed to accept it.

However, even though he said that he would not accept it, he still stared at the book, his eyes reluctant to leave.

"I'm not giving this to you for free. You have to study it well and then spar with me. You must know that my master's knowledge of formations is quite profound. Although I've already read most of it, I hope you can find new things from it. That way, it will give me more inspiration. " Leng ruoxue revealed her motive.

As the saying goes, two heads are better than one. Among the people Leng ruoxue knew, the one who was so obsessed with formations was definitely this Qilin. Moreover, although she had not known this Qilin for a long time, she could still trust the character of the Qilin race!

However, Leng ruoxue still added, ""Only you can read this book. You can't give it to anyone else. Can you promise me that?"

"Yes, yes, I know. I won't tell anyone!" Shui mo understood what Leng ruoxue meant and quickly promised.

In fact, there were not many people in the divine realm who knew about formation arrays and were also interested in them. This was because formation arrays were really too profound and difficult to understand. Many people did not have the patience to study them. Therefore, it was indeed very rare for people who loved to study formation arrays to find a like-minded person to study formation arrays with. Leng ruoxue's words were exactly what Shui mo was thinking.

Shui mo was also very happy to find a like-minded friend. In order to live up to his expectations and also because he was too obsessed with formations, he couldn't wait to read the book as soon as he got it.

Shui mo was so focused on his book that he couldn't see anything else.

Seeing how infatuated he was, Leng ruoxue smiled helplessly and quietly left his room.

When she left the room and breathed in the fresh air, Leng ruoxue suddenly realized that she had been sparring with Shui mo for God knows how long.

If she remembered correctly, it was daytime when Shui mo had pulled her to spar with him. Why was it still daytime?

Could it be that it's already the second day?

Ugh! Leng ruoxue couldn't help but wipe off her cold sweat. In any case, the time would definitely not be short.

Leng ruoxue walked out of Shui Mo's courtyard and into the living room.

"Xue 'er, Sir Shui mo has finally let you off!" Uncle long was the only one in the living room. When he saw Leng ruoxue, he couldn't help but tease her.

"Yup! Uncle long, why are you alone today? did the others go back to their rooms to sleep?" Leng ruoxue asked curiously.

"Xue 'er, do you know how many days it has been since you were dragged away by Sir Shui mo?" After hearing Leng ruoxue's words, uncle long asked helplessly.

"A few days?" Leng ruoxue blinked her eyes. She was just about to ask about this!

"It'll be a month in five days!" Uncle long sighed.

"It's been that long?" Leng ruoxue was speechless. Why didn't she feel anything at all? From the looks of it, cultivation really knew no time!

"Yes! The ascender Alliance's chief is about to go crazy from waiting, but he doesn't dare to disturb you, hehe!" Uncle long wanted to laugh at the thought of the old man running around in circles like a headless fly.

"Then who is to blame? Who was the one who asked me to spar with Sir Shui mo first?" When Leng ruoxue thought of this, she still held a grudge!

### [Chapter 2733 Are The Two Of You Here For A Blind Date?\(3\)](#)

Hmph! Back then, Leng ruoxue felt that she would be letting him down if she didn't let him wait for her!

"Yup! You didn't come out for so long, and he was so anxious, but there was nothing he could do. You didn't see his expression! It's so funny!" Uncle long vividly described to Leng ruoxue the general master's expression at that time, and Leng ruoxue felt very relieved after hearing it.

However, even so, she didn't plan to meet the general Alliance master immediately.

However, the Alliance master heard the news from somewhere and immediately ran to the living room after knowing that she had appeared.

The moment he saw Leng ruoxue, the Alliance master, who was still panting, immediately said impatiently, "Miss Leng, I have something to discuss with you. Let's have a talk!"

He had finally met her. This time, he would not let her off even if he died!

"I'm sorry, chief, I'm not free right now. " Leng ruoxue rejected without even thinking.

"Don't be like this! Miss Leng, I've been waiting for you for a long time!" Hearing Leng ruoxue's words, the Alliance master wanted to cry but had no tears.

He really regretted it so much that his intestines turned green! If he had known that Shui mo had dragged Leng ruoxue away for so long, he would not have been so humble!

Unfortunately, he had realized it a little too late. Leng ruoxue was obviously still angry at him! Therefore, he only glanced at the general Alliance master indifferently and said, "Alliance master, did I make you wait for so long?"

"Wuu ... It's all my fault!" When the Alliance master heard this, he quickly admitted his mistake. However, Leng ruoxue still did not give him a good look. It was only now that he believed Li Jing's words. He had really offended Leng ruoxue badly.

"It's good that you know!" Leng ruoxue said indifferently.

"Miss Leng, please be magnanimous and forgive me!" The Alliance master continued to whisper and even acted like a mistreated wife as she pleaded.

Seeing him like this, Leng ruoxue was slightly flustered. She thought to herself, 'this Alliance master is indeed abnormal. He actually learned how to act pitiful!' However, was it acceptable for a tall and manly man to make such an expression?

"Alright, if you have anything to say, say it!" Leng ruoxue couldn't take it anymore. Now, she just wanted to get rid of this general Alliance master as soon as possible, so that he wouldn't go crazy here.

"Zhang Miao and the others, I wonder what it will take for miss Leng to return them to me?" As soon as the Alliance master heard that there was a chance, he immediately asked without beating around the bush. He couldn't help but think that Li Jing had taught him to act pitiful. It was indeed useful!

"You still want them?" Leng ruoxue blinked her eyes as she asked in surprise.

Ugh! What was the meaning of this? Can I not? The Alliance master felt that he obviously couldn't keep up with Leng ruoxue's pace, so he could only stare at her in a daze.

"Those people are really not of much use. Are you sure you want to take them back?" Seeing that he did not understand, Leng ruoxue could only make her words even more clear.

After hearing this, the Alliance master couldn't help but wipe the cold sweat on his forehead. Even if it was useless, he still had to take it back! What's the point of leaving her with Leng ruoxue?

"No matter what, they are all members of the ascender Alliance. I can't just leave them be!" The Alliance master said in a low voice.

"If that's the case, then I won't be polite!" Leng ruoxue nodded.

The Alliance master was taken aback once again. He didn't understand how Leng ruoxue was going to be so rude.

Then, he heard Leng ruoxue say, "You can redeem Zhang Miao and the others. This is the price list. Pay according to the above and you can take them away!"

After that, the Alliance master received a thin piece of paper filled with the items needed for the ransom. After reading it, his face turned pale and his body trembled!

"Miss Leng, this, this, I have to go back and discuss with the Vice President and the elders. I, I will take my leave first!" After a long time, the Alliance master stammered.

Then, like a zombie, he left the living room with stiff limbs.

When he saw the Alliance master come in high spirits but leave in such a defeated manner, uncle long was extremely curious about what Leng ruoxue had done to him. He could not help but ask, "Xue 'er, what did you do to him? Why is his body so stiff?"

"Didn't I give him a list? After he sees that list, he'll probably think that there's no need to redeem those trash!" Leng ruoxue laughed evilly.

As expected, Leng ruoxue soon heard the news that the Alliance master and Li Jing had left.

However, when uncle long received the news, he was a little conflicted. If the ascender Alliance really didn't want those trash, they wouldn't be of much use!

But what uncle long didn't know was that the Alliance master and Li Jing didn't leave in a hurry because they were so scared that they didn't want Zhang Miao and the others anymore. They just felt that the matter was of great importance and needed to go back to discuss it immediately.

However, after they returned, the opinions of the higher-ups of the ascender Alliance were very big. At least more than half of them did not agree to pay an extremely high price to redeem those who made their own decisions. As a result, this matter was naturally put on hold!

Li Jing had also privately informed Leng ruoxue and the others of this result. However, Leng ruoxue and the others did not care about the ascender Alliance's decision at all. They naturally did what they had to do!

Shui mo was still focused on studying master Yu's insights on formations and had no time to disturb Leng ruoxue. Thus, Leng ruoxue resumed her days of refining pills and weapons.

Two months passed in the blink of an eye.

One day, Leng ruoxue suddenly received a report that someone from the Qilin clan was requesting an audience.

When she heard that it was the Qilin clan, Leng ruoxue immediately put down the things she was doing and headed to the living room.

At this moment, uncle long and the rest were sitting in the living room. However, the moment Leng ruoxue entered the living room, she realized that the atmosphere was obviously not good.

In his surprise, the two men who had their backs to him had already turned their heads.

"You're Leng ruoxue?" One of the men suddenly said.

Leng ruoxue nodded as she sized up the two unfamiliar men. Needless to say, the beasts' human forms were all extremely beautiful men. The two men in front of her were no exception. However, what surprised Leng ruoxue was that these two men actually had the power of a godly venerable rank!

How many reverent-god level experts did the Qilin clan have? She had already seen three during this period of time! It seemed like the Qilin race was indeed full of talents. Leng ruoxue sighed.

Just as Leng ruoxue was sizing up the two men, the two men were also fastidiously sizing her up.

After staring at her for a long time, the man who had spoken earlier said, "Human, I really can't see what's so special about you. Why is he so famous?"

Ugh! Leng ruoxue was a little depressed. Should she continue this conversation?

However, after some thought, Leng ruoxue still replied, "There's nothing special about me. I'm just an ordinary human being!"

"Hmph! At least you have self-awareness! You're indeed too weak. A weak woman like you definitely won't be able to find a partner in our Qilin clan!" The man said in a serious tone.

After he finished speaking, Leng ruoxue's gloominess deepened. It was fine to say that she was weak, but what did this have to do with finding a partner? Moreover, was this considered a personal attack?

Seeing that Leng ruoxue's expression did not look too good, the other man hurriedly explained, "Miss Leng, please don't misunderstand. Feng Ye didn't mean anything else. He just wanted to say that you don't meet the criteria of our Qilin race for a mate. We men of the Qilin race prefer tall and strong women. Only such women can better bear the children of the Qilin race!"

"....."

Leng ruoxue was speechless. She really felt that it was better if the man didn't explain. After he explained, she felt even more depressed!

"You bastard!" Are you here to pick a partner? Why was he so picky with her? And even if you're here to choose a partner, I don't want to be chosen by you, do I? Hence, Leng ruoxue could not understand what these two men were up to. What were they trying to do?

Leng ruoxue was so angry that she was going crazy! However, uncle long and the others were laughing to themselves.

They didn't expect the two from the Qilin clan to say this first when they saw Leng ruoxue. However, they had heard of the unique aesthetic of the Qilin clan and had seen it with their own eyes today. Furthermore, the person they were nitpicking on was little Xue 'er. When they saw Leng ruoxue's expression as if she was about to go crazy, uncle long and the others suddenly felt a sense of love!

After all, there were not many people who could anger Xue 'er on their first meeting. Leng ruoxue was truly infuriated. After a long silence, she took a few deep breaths and told herself not to be calculative with these two idiots. She then opened her pink lips and asked, "Are the two of you here for a blind date?"

"Blind date? Of course not!" Feng Ye said quickly, his face still showing a look of disdain.

"Then what are you guys doing here?" Leng ruoxue almost roared.

"Our Qilin race's ancestor has been in Demon City for over two months, but he hasn't returned yet. As such, we've been ordered to investigate this matter!" Feng Ye said honestly.

"Investigate? Do you think we've killed him?" When Leng ruoxue heard this, her anger flared up.

"Murder? Of course not! Even if all of you were to join forces, you would still not be a match for my ancestor! We're only here to investigate where our ancestor went!" Feng Ye said with a look of disdain.

"You're saying that all of us here are no match for Sir Shui mo?" Hearing this, Leng ruoxue squinted her eyes and said in a dangerous tone.

How detestable! Not only did this fellow criticize her and look down on her, but he was also looking down on everyone in Demon City! Really, uncle can endure it, but aunt can't! Just as Leng ruoxue was about to launch an attack, the man beside Feng Ye saw that the situation was not looking good and quickly explained, ""Miss Leng, please don't misunderstand ..."

"I didn't misunderstand. I heard him clearly. That's what he meant!" Leng ruoxue didn't even give the other party a chance to finish his sentence before she interrupted him.

Ugh! The man didn't know what to say! He turned and glared at Feng Ye, blaming him for not knowing how to speak. But in fact, his words were not any better, he just did not realize it.

At this moment, the man heard Leng ruoxue pointing at Feng Xun and saying, ""Since you look down on all of us here, then I'll challenge you to a one-on-one fight!"

#### [Chapter 2734 If You Lose, I'll Marry You \(1\)](#)

One-on-one? Hearing Leng ruoxue's words, Feng Xun couldn't help but widen his eyes. His face was full of shock, and he couldn't help but think to himself, is this woman out of her mind? She, a divine Emperor, was actually challenging him, a godly venerable rank expert, one-on-one?

Not only was Feng Ye surprised, even the other man had a shocked look on his face. It was obvious that both of them felt that Leng ruoxue was not normal. Could it be that they had triggered him?

"That ... Miss Leng, please calm down. A one-on-one fight is not a joke!" The man couldn't help but remind her kindly.

"That's right, I refuse to fight you one-on-one!" Feng Ye agreed.

"What, are you scared?" Leng ruoxue provoked.

"What a joke! Why would I be afraid? I'm just afraid that it'd be bad if I accidentally hurt a weak woman like you. What if you can't get married and come to me?" Feng Ye said with an infuriating look.

When Leng ruoxue heard this, she was so angry that she wanted to beat someone up! No, it was beating up a beast! "You bastard!" Who did he think she was? Even if she couldn't get married, she wouldn't blame an idiot, okay?

"Since you're not afraid, then let's have a one-on-one fight! Don't worry, even if I can't get married, I won't rely on you!" Leng ruoxue suppressed her anger as she spoke. She was planning to teach this fellow a lesson later on. This stupid Beastie really did not know how to talk!

"I see! Then what if you lose?" Feng Ye was tempted. He had long heard of how powerful Leng ruoxue was. If he had the chance to let her experience the experts of the Qilin clan, he would be very willing! When he returned, he might even have the capital to show off!

"If you lose, I'll pay you one million top-grade crystals!" Leng ruoxue replied without hesitation.

Feng Ye's eyes lit up when he heard that. He was very satisfied with Leng ruoxue's words.

Top-grade crystal! He liked it.

"It's settled then!" Afraid that she would go back on her words, Feng Ye immediately said.

"Yes, but if I lose, I'll pay you one million top-grade crystals. What if you lose?" Leng ruoxue asked calmly.

"How could I possibly lose!" Feng Ye said confidently.

"I don't care how you lost. I just want to ask you, what will you give me if you lose? This way, our competition will be fair. " Leng ruoxue asked stubbornly. She wasn't that stupid to just pay the price and let this Kirin take advantage of her.

"I ... I don't have one million top-grade crystal stones. How about I marry you if I lose?" After thinking for a while, Feng Ye made up his mind. When he said this, his face was full of struggle and unwillingness, as if he had suffered a great grievance.

Everyone present, including Leng ruoxue, was in a state of confusion when they heard this.

This bet?

Let's count it as a bet! Isn't it a little too big? Uncle long and the others were so scared that their little hearts were trembling. They prayed from the bottom of their hearts that Xue 'er would still lose to this Qilin! They weren't betraying others! However, they felt that if Xue 'er really won and this Kirin insisted on marrying her, the Mistress of the Dark World who was currently somewhere would probably flip out!

At the thought of this, uncle long and the others couldn't help but shiver. The consequences would be too terrifying!

While uncle long and the rest were having wild thoughts, Leng ruoxue's forehead was filled with black lines. To think that this Qilin could come up with such an idea! More importantly, what are you trying to do with that reluctant look on your face? Could it be that it was a grievance for him to marry her?

It was wrong! It was wrong! What was she thinking? Pulling back her furious thoughts that had drifted to the horizon, Leng ruoxue was about to reject the other party's suggestion. However, before she could speak, an even angrier voice rang in everyone's ears, ""You bastard! Where did this Toad that wants to eat swan meat come from?"

As she spoke, a white bolt of lightning shot into Leng ruoxue's arms. Then, she glared at Feng Ye with her teeth and claws bared. When uncle long and the others saw that Cang had actually come, they knew that things were bad. But in front of Cang, they didn't dare to say anything and could only try their best to pretend to be invisible.

"Where did this little kitten come from? it's so cute!"

Seeing that it was a snow-white kitten speaking, Feng Xun reached out his finger to tease it out of habit. Back in his tribe, he had always comforted the angry little Kylin in this way.

Unfortunately, he had forgotten that the kitten in front of him was not a Cub of their race. As a result, as soon as his finger stretched out, Cang immediately clawed back without hesitation.

Seeing this, Feng Ye could only quickly retract his fingers. But even though he was very fast, he was not as fast as Cang Chu's claws, so two thin claw marks were left on his fingers.

"He's really wild!" Although he was scratched, Feng Ye was not angry.

Ke Cang was angry! "You bastard!" He actually teased it like a cat! Although it looked like a cat now, it wasn't a real cat. So, Cang immediately decided that he hated this guy who didn't have good eyes. More importantly, this guy actually wanted to marry his girl?

Hmph! In your dreams! In your dreams!

"You're The Wild One, your entire family is wild! You Toad!" Azure said hatefully.

"....."

Toads? Was he talking about him? Feng Ye was very depressed. Although he was not the most handsome man in the tribe, he was in the top ten in the Qilin tribe. Who knew how many female Qilin had a crush on him! How did he become a Toad when it came to this little kitten?

Furthermore, he was clearly praising the cat! But why did this little kitten turn around and scold him?

Feng Ye felt extremely wronged!

Leng ruoxue couldn't bear to see Qilin's teary eyes as if it had suffered a lot of grievances. She urged Cang, "Cang, he looks down on all of us from the land of evil demons. Go and bite him, bite him ruthlessly!"

As long as she thought of releasing the Azure and biting the Qilin, Leng ruoxue felt that this scene was especially lovely.

However, when Cang heard this, he turned around with a constipated look and glared at Leng ruoxue, "Girl, I'm not a dog!"

"Uh! Even if he's not a dog, he can still bite him." Leng ruoxue said weakly.

"I won't! He was too stinky! At most, I'll scratch him!" Azure bargained.

"That works too!" Leng ruoxue agreed.

"Excuse me, are you guys discussing biting me or scratching me?" At this moment, Feng Ye, who felt that something was wrong, interrupted.

"Correct, but no reward!" Leng ruoxue nodded with a smile.

"How could you do this?" Feng Ye's face was filled with grief and indignation. Then, he reminded her, "we haven't had a one-on-one yet! Didn't you want a one-on-one fight?"

"I do want a one-on-one fight, but I'm not satisfied with your conditions!" Leng ruoxue sighed.

"Why not? I'm such a beautiful man, what are you not satisfied with? You should know that you don't fit our Qilin race's taste. If it wasn't for the fact that I couldn't take out one million top-grade crystals, I wouldn't be willing to sacrifice myself like this!" Seeing Leng ruoxue's unwillingness, Feng Ye seemed to feel even more aggrieved.

He wasn't willing to either, okay? However, he felt that a stunningly beautiful man like him should be worth at least a million top-grade crystals, right? More importantly, he didn't think he would lose! Since he couldn't lose, what did it matter if he said that, right?

### [Chapter 2735 If You Lose, I'll Marry You!\(2\)](#)

Feng Ye's plan was very good, but he had to face Leng ruoxue. Leng ruoxue, who was also very confident in her own abilities, also felt that she would win. As such, she would naturally not agree to his conditions.

Azure was even more unhappy. In his heart, no one was worthy of his girl. One had to know that only that stinky evildoer could barely obtain his approval, so what was this Qilin?

"You Toad, don't even think about eating my girl's swan meat! Don't have any ideas about my girl, understand?" At the same time, he roared.

"I'm not a Toad, and I don't have any ideas about your girl. She's not my type! I've also said that this is the greatest price I can pay. It's a million top-grade crystals!" Feng Ye was furious. This little kitten looked quite cute on the outside, but why was her mouth so vicious! She called him a Toad again and again. She really couldn't stand it!

Hmph! Feng Ye really felt that if he didn't get angry, the man and cat would really think that he was easy to bully.

"So you're only worth one million top-grade crystals!" Hearing him say this, Azure's face was filled with disdain.

"Uh! Of course, it's more than that!" Feng Ye quickly said.

"Then you don't have to sacrifice so much. There's really no need." Leng ruoxue couldn't wait for him to take back his words. Otherwise, she would die of depression.

"But I don't have a million top-grade crystals for you!" Although he knew that he would not lose, Feng Ye had to say this. He even had some hope that Leng ruoxue would be generous and tell him that he did not need to pay!

But such a thought ... Was obviously daydreaming!

"Then don't fight my girl one-on-one, how about we fight one on one? If you lose, you'll be my slave for the rest of your life. How about it?" Before Leng ruoxue could speak, Cang suggested with a smirk.

"You?" Feng Ye couldn't help but blink and looked at Cang up and down, "Can you do it? With your small body, can you withstand my kick?"

"You bastard! Who said I can't? Who dares to say I can't do it? I can't scratch him to death!" When cold one heard that there were beasts suspecting that he couldn't do it, his anger rose!

After that, it gestured with its little paw and said to Feng Xun, "Kid, I'll let you know if I can do it or not! All you need to do now is to tell me if you dare to fight me one-on-one!"

"Why wouldn't I dare! Let's make this clear, what if you lose?" Feng Ye said without any suspicion.

"If I lose, my girl will pay you two million top-grade crystals!" Cang said generously.

"Deal!" Feng Ye agreed!

When uncle long and the others heard this, they couldn't help but show sympathy in their eyes. They truly felt that Cang and Leng ruoxue, that bad girl, were working together to scheme against the silly boy! Poor Feng Ye, he actually fell into a trap like this!

However, Feng Ye didn't understand why Uncle long and the others looked at him so differently. He thought that uncle long and the others were worried about the little kitten.

However, after scheming against Feng Ye, Leng ruoxue still felt that she had not vented her anger. She then had her eyes on another man.

She was all smiles as she asked the other man in a very kind manner, "And you are?"

"I'm Bing Xiao of the Qilin clan." The man introduced himself.

Bing? Leng ruoxue was stunned for a moment before she asked, "Shall we have a one-on-one?"

"....."

Ice cloud was silent and speechless. In his heart, he couldn't help but wonder if Leng ruoxue was addicted to one-on-one combat.

"Let's have a one-on-one too!" Seeing that Bing Xiao did not respond, Leng ruoxue asked again.

"I don't think so!" The corner of Bing Xiao's mouth twitched. He was obviously provoked. He did not think that he had offended Leng ruoxue like Feng Ye! Why did Leng ruoxue have her eyes on him?

Bing Xiao couldn't understand!

However, Leng ruoxue clearly had no intention of letting him off. She said directly, "If you're willing to fight me one-on-one, as long as you win, I'll pay you 10 million top-grade crystals. How about it?"

Ten million? Uncle long and the others were shocked.

Xue'er's Cannonball was really big! He just didn't know if ice cloud could withstand it.

When ice cloud heard the price, he was so shocked that he couldn't say anything. When Feng Ye heard the price, he was also shocked, but what followed was a strong sense of envy, jealousy, and hatred.

Before Bing Xiao could react, he shouted angrily, "Why is he only giving me ten million while I'm only giving two million?"

"You want to hear the truth?" Leng ruoxue raised her brows and asked indifferently.

"I must hear the truth!" Feng Ye roared.

"You're not even worth two million. However, I have to give face to Azure. Since it said that it will pay you two million if it loses, of course I have to pay!" Leng ruoxue said honestly. But her truth was a huge blow to Feng Ye.

"You ..." Feng Ye pointed at Leng ruoxue. He was so angry that his eyes were wide open. He could not form a complete sentence for a long time.

"You what? Come, let's have a one-on-one!" Not wanting Feng Ye to cause trouble for his girl, Cang didn't say a word, he directly picked up Feng Ye and teleported away.

Leng ruoxue and the rest were rather indifferent to this scene, but Bing Xiao was extremely shocked!

Feng Ye was a Supreme God! How was it possible for a cat to grab her clothes and drag her away?

After witnessing this scene, Bing Xiao was even more unwilling to fight Leng ruoxue one-on-one. He told Leng ruoxue tactfully, "Miss Leng, we're here to look for the old ancestor, so it's better not to have a one-on-one fight!"

"Since you insist on refusing, then I won't force you." Leng ruoxue said helplessly. She was well aware that Cang's actions must have frightened Bing Xiao. This was something that could not be helped!

For a cat to drag a reverent-God away, it was indeed quite scary! However, Cang definitely didn't think that his actions would scare ice cloud. Otherwise, it wouldn't have taken Feng Ye away without saying anything.

When Cang brought Feng Ye back, Feng Ye's image had changed.

The handsome man who had originally looked noble, cold, and extraordinary was now no different from a beggar. The gorgeous clothes on his body had also been torn into strips of cloth, hanging on his body on the verge of falling at any time.

In addition, his originally extremely handsome face was also full of claw marks, looking simply too horrible to look at. Moreover, Feng Ye's mental state was clearly not good.

As soon as Feng Ye saw Bing Xiao, he couldn't help but hug him and cry. As he cried, he choked, "Wuu ... That's too scary! It was too terrifying! It was simply not human! It was a demon! I want to leave this place, it's too dangerous here, this isn't a place we should be at, I want to go home ..."

Listening to Feng Ye's tearful complaints, Bing Xiao's forehead was already full of cold sweat. Needless to say, Feng Ye must have suffered a great shock. Otherwise, he would not be like this, holding him and crying like a helpless little boy.

[Chapter 2736 If You Lose, I'll Marry You!\(3\)](#)

At this moment, he suddenly felt extremely fortunate. He was lucky that he had resisted the temptation of 10 million top-grade crystals and did not agree to Leng ruoxue's one-on-one challenge. Otherwise, he might be in the same situation as Feng Ye.

Patting Feng Ye's back, Bing Xiao comforted him silently.

Seeing this, Cang laid comfortably in Leng ruoxue's arms and grinned, "Little Feng Ye, you can't leave me! You've forgotten that you lost to me, so you'll have to be my slave for the rest of your life!"

"....."

That's right! Thinking of this, Bing Xiao sympathized with Feng Ye even more.

As for Feng Ye, he could not take this blow. His eyes rolled back and he fainted.

But even when he fainted, Cang still waved his claws and pulled Feng Ye over from ice cloud's side. He raised a small claw and said to ice cloud, "He can't leave, he belongs to me now!"

"....."

Bing Xiao nodded helplessly. He couldn't meddle in Feng Ye's Affairs!

"I want to know the whereabouts of our ancestor." Since things had come to this, Bing Xiao could only return to the main topic.

"He's currently staying in the guest courtyard. If you want to see him, I can try to see if I can invite him out." Leng ruoxue didn't make things difficult for ice cloud.

"The old ancestor is still here?" Ice cloud was shocked.

"Of course!" Leng ruoxue nodded. That old Qilin wouldn't leave even if they were to chase it away!

The truth was just as Leng ruoxue had thought. When she had sent someone to invite Shui mo, the answer she got was that His Excellency Shui mo was not free!

Ice cloud also heard the report. After sighing helplessly, he requested, "I would like to meet the ancestor personally, is that possible?"

"He's your family's ancestor, not my prisoner. What's wrong with that?" Leng ruoxue was helpless when she heard Bing Xiao's words.

"Thank you!" Bing Xiao was still very polite.

Al! Feng Ye had already died here, so how could he still be so rude?

Then, Leng ruoxue personally brought Bing Xiao to Shui Mo's residence.

Leng ruoxue knocked on the door of Shui Mo's room, "Senior," he said.

"Little girl, quickly come in!" Hearing Leng ruoxue's voice, Shui mo was obviously very excited.

When Leng ruoxue brought Bing Xiao into the room, Shui mo started explaining the formation he had just broken without a second word. Bing Xiao was completely ignored.

Seeing that his ancestor didn't even notice him, Bing Xiao felt helpless.

Now he finally knew why the old ancestor had not returned to the clan for so long. He was studying formations here!

By the time Shui mo and Leng ruoxue finished their discussion on formations, the sky had already turned dark.

At this moment, Shui mo finally noticed the existence of ice cloud and asked in surprise, ""Ice cloud? When did you get here?"

"Old ancestor, I came in with miss Leng!" Ice cloud was speechless.

"Oh! You're not as eye-catching as the little girl, no wonder I didn't see you. But, what are you doing here?" Shui mo asked in confusion.

"....."

Bing Xiao was silent for a moment, then explained,"the clan saw that the ancestor had not returned for so long, so they sent Feng Ye and me to find out where the ancestor is!"

"You want to know my whereabouts? Don't tell me I'm going to lose it?" Shui mo was helpless when he heard this reason.

He wasn't a three-year-old child, did he have to keep such a close eye on him?

"Ancestor, you know that the divine realm isn't peaceful ..." Bing Xiao was about to defend his clan but was interrupted by Shui mo.

"So what if it's not peaceful? I'm very safe here with the little girl. Even Rime doesn't dare to come here. At least not now, right, little girl?" Shui mo turned to ask Leng ruoxue.

"Yes, the ripple witch is injured, so she won't be looking for trouble with me for the time being. Of course, I don't plan on looking for trouble with her at the moment. We're like water from a well and water from a River." Leng ruoxue nodded in agreement.

"You heard that!" Shui mo proudly raised his head like Bing Xiao. Bing Xiao didn't know what to say.

This old ancestor had always been willful and reckless, doing things as he pleased. Sometimes, it really made the clansmen feel helpless, but this old ancestor was extremely important regardless of his identity and status! He was also the other person that the Qilin clan had to protect other than their clan leader.

"Old ancestor ..." Bing Xiao wanted to say something, but Shui mo obviously didn't have time to deal with him."Since you've seen me, hurry up and leave! Don't delay my research on formations!"

With that, Shui mo went back to his own business.

Bing Xiao had no choice but to leave Shui Mo's room with Leng ruoxue.

When he returned to the living room, Bing Xiao was still sighing. Feng Ye, who was still in the living room, had been woken up.

Seeing the ice cloud, Feng Ye couldn't help but cry again.

What did he mean by a single misstep would result in eternal hatred?

He was the best example! You say he's fine, but why is he looking down on this and that? Now, not only did he stir up a hornet's nest, but he also got himself in trouble.

At this moment, he finally understood why Leng ruoxue refused to agree to his proposal of marrying her if he lost. It turned out that she had already known about this! It was a pity that he was like a silly boy, jumping into a pit like this!

Wu ... He also understood what uncle long and the others were looking at him with sympathy for! But it was too late to understand now!

Regret! He truly regretted it! He regretted it so much that his intestines turned green!

Seeing Bing Xiao, Feng Ye pulled him over and asked in a low voice, "You didn't agree to fight that woman one-on-one, did you? I'm telling you, I suspect that she deliberately dug a hole for us to jump in!"

It had to be said that Feng Ye was still a good friend, and the Qilin race was indeed very United. Otherwise, he wouldn't be so concerned about what happened to Bing Xiao.

Hearing this, Bing Xiao's mouth twitched, "Don't worry, I didn't agree to it. "

"That's good ... What do I do? Please help me think of a way! I don't want to stay here, and I don't want to be a cat's servant!" Seeing that Bing Xiao was fine, Feng Ye recalled his tragic experience.

"I think ... You should stay here for the time being!" After thinking for a while, ice cloud said.

"Uh! Why?" Feng Ye was a little angry. 'Damn ice fiend, he's so disloyal. I care so much about him, but he wants me to stay here and work like a slave?' Wuu ... He didn't want to!

"The ancestor is here! It looks like you don't want to go back. It's good that you're staying here to serve old Grand Madame, and at the same time, you can bond with Leng ruoxue and the others. Perhaps you'll be free when they're happy. " Ice cloud suggested.

"It seems ... Very reasonable." Feng Ye thought for a while before saying.

"Do you think I would trick you?" Ice cloud said in a bad mood.

"How can that be? You're my best buddy, how could I leave you to die?" Feng Ye tried to please him.

"Hmph! At least you understand!" Ice cloud said, satisfied.

"I understand! I understand!" Feng Ye quickly agreed.

After a short exchange, Bing Xiao easily convinced the originally unwilling Feng Ye. Then, he turned to Leng ruoxue and said, "Miss Leng, since I know that the old ancestor is studying the array here, then I have nothing to worry about. I will take my leave and return to the clan first!"

"Alright," he said. Leng ruoxue nodded and personally sent ice cloud out of Demon City. As for Feng Ye, he could only watch as ice cloud left before he resigned himself to his fate and stayed behind.

At first, Feng Ye had consoled himself by saying that he was willing to stay and not make a scene because of his ancestor. But when he really stayed, he was surprised to find that the days in Demon City were so blissful.

There was delicious food every day, and all kinds of precious fruits were available. He could eat as much as he wanted. This kind of life was really so happy that he didn't think about home. The only flaw was that he could always hear miserable and painful screams in his room. After asking around, he found out that the screams were from Demon city's enemies. He became even more obedient after knowing that.

In addition, although Cang had won and wanted him to work like a horse for the rest of his life, Cang clearly didn't have the mood to care about him. Thus, in a sense, he, Cang's nominal servant, was basically a person who had nothing to do.

As for Leng ruoxue, ever since she sent Bing Xiao away, she had disappeared without a trace. It was said that she had gone into closed-door cultivation!

Three months later.

The Qilin clan had sent their clansmen over again.

But this time, it wasn't Bing Xiao, who they knew, but another unfamiliar man.

In the living room, uncle long received the man and assessed his strength. He was speechless when he saw that he was another reverent-god level cultivator.

Did the Qilin clan not have any other clansmen with strength? Why was it that every time someone came, it was a reverent-god level beast?

Uncle long couldn't figure it out, but he was too embarrassed to ask what the Qilin race meant, so he could only ask the man's purpose for coming.

After hearing uncle Long's words, the man took out an invitation card and handed it over with a smile. "The Qilin clan has solemnly invited miss Leng ruoxue as a guest!"

Hearing this, uncle long was so surprised that he couldn't close his mouth. Did I hear wrong? The Qilin race, which had always kept a low profile and didn't like to have too much contact with people, actually invited little Xue 'er to be a guest? Although it was unexpected, uncle long felt that it was definitely a good thing.

Although Shui mo and Feng Ye were both in Demon City, one of them was a formation fanatic and a foodie. Other than formations and food, he did not care about anything else. Feng Ye was even more stupid. He often offended people with his words and did not know how to read people's expressions. Therefore, it was better to visit the Qilin race personally than to have more contact with the two.

The opportunity to go to the Qilin clan was definitely hard to come by. More importantly, unless the Qilin clan personally invited them, no one would have the chance to go to their base camp. If they had taken the initiative to ask for a visit, sorry, they would not have agreed at all!

Humans aren't welcome in the first place, so how could I let you go home? Wasn't that just daydreaming?

## [Chapter 2737 Devil's Forest \(1\)](#)

Thus, uncle long immediately agreed to the invitation and said that he would head to the Qilin clan's territory as soon as possible.

However, the person from the Qilin race was obviously a little impatient. After knowing uncle Long's plan, he said tactfully, ""I don't think we should wait any longer. As the saying goes, 'it's better to come now than to choose a day'. You guys should come with me now!"

..."Leave now?"

Uncle long opened his mouth speechlessly and thought, isn't this a little too impatient? If they didn't know, wouldn't they suspect that they were up to no good? However, uncle long believed that the Qilin race wouldn't have any bad intentions. After all, the Qilin race had a good reputation in the divine realm. However, he was afraid that he would not be able to go along with the other party's wishes on this matter.

After making up some words, uncle long said very vaguely, ""Isn't it a little too rushed to leave now? We were not prepared at all!"

"What are you all preparing for? I'll help you!" The man was very enthusiastic.

Uncle long broke out in a cold sweat.

Too enthusiastic, what the hell!

This time, uncle long didn't dare to follow this guy to the Qilin clan immediately. Who knew what was going on there?

"As for the preparations, we can do it ourselves. However, Xue 'er is currently in closed-door cultivation. I don't know when she will come out." Uncle long had no choice but to use this excuse.

"Then what do we do?" The man's eyes widened and he looked at uncle long.

"Uh! We can only wait for her to come out of seclusion. Once she comes out, we will immediately head to the Qilin clan." Uncle long promised.

"I see! It seems that I can only stay here for the time being. You won't not welcome me when you set off together, right?" The man said after thinking for a moment.

"No, you're welcome." Hearing that the man wanted to stay, uncle long could only feel helpless.

"That's good. By the way, can I see the ancestor? Everyone in our clan misses him!" The man asked.

"Sir Shui mo has been studying formations. I don't know if he would want to see you." Uncle long was in a difficult position. He couldn't make the decision for the old Qilin.

"It doesn't matter, you just have to bring me to his residence!" The man said disapprovingly.

"That's not a problem," Uncle long nodded and brought the man to Shui Mo's house.

When they arrived at Shui Mo's room, uncle long was about to knock on the door when he heard an angry roar from the room, ""Go away! Don't disturb me!"

As soon as he finished shouting, the door of the room opened with a whoosh. Then, uncle long and the man saw a man fly out from inside.

Ugh! To be precise, he was thrown out!

And this person was none other than Feng Ye, who had nothing to do all day.

Feng Ye was thrown out of the room in an extremely embarrassing position and landed in front of the man.

Seeing a pair of feet suddenly appear in front of him, Feng Ye subconsciously raised his head. Then, his expression changed and he stood up from the ground with a whoosh. He roared, ""Ice cube, why are you here?"

How detestable! This was so embarrassing! Feng Ye was very depressed. It was fine if someone saw his embarrassing state, but the person who saw it was his arch-enemy, which was something he couldn't accept!

"I'm not called ice cube, please call me ice cloud sire. " The man said in all seriousness.

"Bah! Why should I call you Your Excellency? We all have the same status in the clan!" Feng Ye shouted.

"Oh right, I forgot to tell you. Since last month, I've been appointed as the clan's Chief Steward. So, in terms of emotion and reason, I'm your immediate superior. You should call me Your Excellency." Bing Yun said with a faint smile.

"H-how is this possible?" When Feng Ye heard this bad news, he couldn't help but say with a pale face.

"Nothing is impossible. You'll have a chance too. However, you'll have to wait until I become an elder in the clan!" Bing Yun smiled and consoled him. Then, he seemed to have thought of something, "look at my memory. How could I have forgotten? in the future, you will be a certain cat's servant. I'm afraid you won't have the chance to serve the Qilin race anymore! Aiya! My condolences!"

"Your head!" Feng Ye's face was filled with grief and indignation. He was so angry that he even cursed Bing Xiao. This despicable guy betrayed him. How could he tell his family about this? How was he going to be a Qilin in the future?

Feng Ye felt that he was too embarrassed to face anyone! Sob ... He had to try his best to draw circles to stop and curse them!

"You're angry from embarrassment? By the way, your free-fall posture just now was very good. It's obvious that you've practiced!" Bingyun did not care about Feng Ye's anger and continued to provoke him.

As for Feng Ye, at this moment, his entire body was immersed in the anger and pain of being betrayed by Bing Xiao. He did not have the mood to respond to Bing Yun's words at all.

Uncle long watched the two Qilins bicker and mumbled to himself, "it seems that even within the United race, there are still some seeds of discord!" However, this was normal. After all, where there were humans and beasts, there would always be trouble, not to mention that it was a race with such a long history.

However, the tactful uncle long clearly did not intend to get involved in the battle between the two Qilins. Therefore, after greeting Bing Yun and Feng Ye, he retreated with self-awareness.

The moment uncle long left, Bing Yun immediately kicked Feng Ye's butt, who was completely immersed in his own thoughts and exuded a faint sorrow. He even said with a look of disdain, "Look at your disgraceful appearance! How could our Qilin clan have such a stupid fellow like you!"

Bing Yun had an expression of disappointment. Feng Ye suddenly came back to his senses and roared even more angrily, "What about me? How am I stupid? You think you're the only smart one? You're smarter than a Fox, okay?"

After roaring, Feng Ye no longer wanted to pay attention to bingyun. He turned his back to him and sat down on the stone chair in the courtyard, continuing to exude his sorrowful aura.

Bingyun was speechless. Not seeing him for several days, this guy's temper had grown!

Sighing lightly, Bing Yun controlled his temper and walked behind Feng Ye. He nudged him and said, "Hey, let me ask you, how long has Leng ruoxue been in closed-door cultivation?"

"Why should I tell you?" Feng Ye turned his head and replied angrily.

"Don't you want to return to the Qilin clan? To tell you the truth, I'm here today to invite Leng ruoxue to the Qilin clan as a guest. Once she's there, you can go back with her, right?" Bing Yun reminded.

"So what if I go back? I can't do anything right now. " Feng Ye seemed even sadder when he heard this. In fact, it didn't matter to him whether he went back or not. In this place, he could Eat Well, Live Well, and eat well. He had long gotten along with everyone. During this period of time, he had been free and unfettered. So, if he really had to live here for the rest of his life, he didn't mind!

In addition, to be honest, this place was really not bad! The only bad thing was that every time he went to see the old ancestor, the old ancestor would find him annoying and kick him out of the room.

### [Chapter 2738 Devil's Forest \(2\)](#)

Al! And this time, he had been seen by his arch-enemy, which was the biggest source of his sorrow!

"If you don't go back, are you really planning to work for a cat for the rest of your life?" Hearing Feng Ye's words that seemed to give up his freedom, Bing Yun asked, not giving up.

"If you're willing to bet, you must accept your loss! What could he do? Unless you can defeat that cat and redeem me!" Feng Ye said with anticipation.

After saying this, he really cheered for his own idea. Hehe! How could he be so smart? If bingyun also lost to that cat, wouldn't no one in the clan dare to laugh at him? The more he thought about it, the more he felt that his idea was simply too great!

If he didn't have to hide his excitement, Feng Ye would have jumped up and cheered!

But would bingyun fall for his trick? he only heard bingyun say with a serious look, "I can't agree to this matter so easily. What if I lose my freedom like you? Fortunately, you lost to a cat. If you had lost to a

human, you would have become his contracted beast! So, this was really a blessing in misfortune! You should be content!"

Seeing that his rival did not take the bait, Feng Ye was not angry. Anyway, this guy had always been more cunning than him. It was not easy to trick him once. So, he stood up and walked out of the yard.

"Wait, you haven't told me how long Leng ruoxue has been in closed-door cultivation!" Seeing that Feng Ye was about to leave, bingyun quickly called out to him!

However, Feng Ye didn't even turn his head, only his voice was heard.

"If you don't think of a way to save me, don't even think of me telling you about Leng ruoxue!"

"....."

Bingyun didn't expect Feng Ye to throw such a tantrum. This was really ...

He was speechless. Seeing that Feng Ye's back was out of sight, he could only leave Shui Mo's residence and go to find uncle long.

When uncle long saw that Bing Yun had come to find him, he didn't ask how his discussion with Feng Ye went and directly arranged a place for him to stay.

At bingyun's request, his residence was arranged to be next to Feng Ye 's.

When Feng Ye found out about this, he immediately protested against living with this guy.

Uncle long ignored Feng Ye's words and quickly left the two Qilins 'territory. Out of sight, out of mind. As for how much trouble the two Qilins could cause, it was their business. After all, they had to compensate for the things they had destroyed! Therefore, he was not worried at all.

After watching uncle long leave, the two Qilins stared at each other.

And their residence was as lively as uncle long had imagined every day! However, no matter how much they fought, they didn't dare to break anything here. Otherwise, they really couldn't afford to pay!

Time passed.

In the blink of an eye, Bing Yun had also lived here for several months.

However, after waiting for so long, Leng ruoxue still had not come out of her closed-door cultivation. Bingyun truly could not wait any longer. Even if he had good food, good accommodation, and people to fight with him every day. However, thinking that the clan was still waiting for old ancestor to return, bingyun felt as if grass had grown in her heart, unable to sit still.

Finding uncle long, bingyun asked directly, ""How much longer until Leng ruoxue comes out of her closed-door cultivation?"

"It should be soon!" Uncle long replied after some thought.

In reality, Xue 'er had not been in closed-door cultivation at all. That girl had always been in the spatial space refining pills and forging weapons with chief elder and the others. He had also told Xue' er bingyun's intentions for coming. However, after talking about bingyun's anxiousness before, Xue 'er

thought the same as him. The Qilin clan was so anxious, there was probably some hidden story. This way, both he and Xue 'er were not in a hurry to go to the Qilin clan.

However, after observing for a few months, uncle long felt that the Qilin clan must have sent an invitation to Xue 'er because they wanted to use Xue' er's name to trick their ancestor into going back. Otherwise, if this continued, the Qilin clan's ancestor might really end up growing up here!

It was precisely because he had seen through the intentions of the Qilin clan that uncle long didn't use Xue 'er's seclusion as an excuse. More importantly, they had delayed for so long and it was indeed time for them to head to the Qilin clan. After all, this was a rare opportunity.

"That's great, but I don't know how long it'll take. " The moment bingyun heard, he clearly heaved a sigh of relief.

But in reality, he really wanted to cry. It really wasn't easy for him to have been looking forward to this!  
Five days later.

Leng ruoxue had come out of her closed-door cultivation openly.

When bingyun saw the famous Leng ruoxue, he almost burst into tears. This little ancestor had finally come out! Sobs ... It seemed like the heavens were still kind to him! Otherwise, if Leng ruoxue were to go into closed-door cultivation for a few hundred or a thousand years, he would have to wait until he was a daylily!

However, when Leng ruoxue saw Bing Yun's teary eyes, she was shocked. Ugh! Did it have to be so exaggerated?

Bing Yun's first words upon seeing Leng ruoxue was not a self-introduction, but instead, ""Come with me!"

"..." As expected, Leng ruoxue's face turned pale from fright.

Did the Qilin clan always do things in such a bold manner? You want to snatch someone in broad daylight?

After three seconds of silence, Leng ruoxue pretended to be calm and said, "Bing Yun, don't be anxious. We have to pack our things before we can head to the Qilin clan!"

"What's there to clean up! You can just follow me! I've been waiting for you for so long, and the clan has also been waiting for several months. Everyone is anxious to see you!" Bing Yun grumbled. As he spoke, his resentful eyes were still wandering around Leng ruoxue's body.

"I have to prepare some gifts. I can't go to the Qilin clan empty-handed!" Leng ruoxue said helplessly. She had long heard from uncle long that the Qilin clan's Bing Yun was an impatient person. At that time, she was still thinking about how anxious she would be. Now, she finally experienced it. This really wasn't an ordinary kind of anxiousness!

"No need!" Bingyun only reacted fiercely after he rejected her. Then, he asked with his eyes wide open, ""You said prepare a gift? To the Qilin clan?"

"Yes, I am!" Leng ruoxue smiled and nodded.

"Actually, there's no need to specially prepare anything. Just bring some of your medicinal pills, fruits, and the like!" Bingyun gave his opinion.

"Alright! "Since Mister hail cloud has such a request, I will naturally satisfy it. However, there should be quite a number of people from the Qilin clan! How many should I prepare?" Leng ruoxue probed.

"Uh! A hundred will do!" Bingyun said directly.

"Even if it's a hundred portions, it'll take two to three days to prepare. Shall we leave the day after tomorrow?" Leng ruoxue asked again.

"Then ... Alright!" Bingyun was a little unwilling, but he changed his mind. They were preparing gifts for the Qilin clan. It wouldn't be good if they didn't give them enough time. In any case, they had already waited for several months, so it wouldn't make a difference of two or three days!

Then, he couldn't help but add, "Miss Leng, please tell old Grand Madame about this!"

"Don't you know, Sir Shui mo?" Leng ruoxue blinked her eyes and asked in disbelief. She was truly suspicious of what this Qilin had been doing for the past few months. Senior Shui mo didn't even know about this small matter.

### [Chapter 2739 Devil's Forest \(3\)](#)

"Uh! The old ancestor didn't even give me a chance to speak!" Bingyun said with a face full of hidden bitterness. Every time he met the old ancestor, the old ancestor would despise him for wasting his time, and then he would receive the same treatment as Feng Ye.

He had been here for a few months, so he and Feng Ye didn't have to laugh at each other!

"I got it!" Leng ruoxue said with some sympathy.

"Miss Leng, please persuade old Grand Madame to return with us!" Bingyun begged.

"I'll try!" Leng ruoxue replied helplessly. In reality, she felt that Bing Yun had thought too highly of herself. Even the people of the Qilin clan could not move Shui mo, what use would an outsider like her have?

However, to her surprise, when she went to see Shui mo and told him that she was going to the Qilin clan two days later, Shui mo said that he would go with her without her asking.

When Leng ruoxue heard Shui Mo's words, she was speechless. I'm obviously going to your house, okay? Why did it become accompanying her back? He wondered if the Qilin clan would cry if they knew that their ancestor had such thoughts about going home.

However, she did not let down bingyun's trust and completed the mission.

Leng ruoxue then told bingyun the good news. Bingyun was so touched that she was about to cry again. Seeing how excited the other party was, she didn't even dare to tell bingyun. "Your family's old ancestor said that he'll accompany me!"

The three days that Bing Yun had been looking forward to had finally come.

He had gone to the living room early in the morning to wait for Leng ruoxue and the rest to gather and set off!

Two days ago, when the master of the ning family and the rest found out that they had a chance to go to the Qilin clan, they were all very interested in going with them to broaden their horizons. However, the few reverent-god level experts definitely could not all go. In the end, after a long period of research, Leng ruoxue's side finally sent out a suitable candidate.

For this trip to the Qilin clan, Leng ruoxue only brought uncle long and her Godfather. Among the beasts, only baby, Mei, Yan, Yu, and Ling were with her. This time, she didn't even bring Azure. Apart from staying at home to keep watch, Azure had also been teaching the blood lotus flower how to control its aura, so it naturally couldn't leave at will.

Apart from uncle long, Godfather and the five little beasts, Shui mo and Feng Ye would also go back.

Without Cang's group, everyone's speed of travel was naturally much slower. Moreover, the Qilin race was located in a large Canyon at the southernmost part of the immortal realm. Its geographical location was relatively remote and was surrounded by mountains. There were also many forests that acted as barriers, blocking the traffic between the outside world and the large Canyon. Therefore, when they were near the great canyon, their speed would be even slower. Of course, these were all told to Leng ruoxue by the three Qilins.

When they arrived at the forest that led to the entrance of the Grand Canyon, Leng ruoxue realized that the other party's words were not exaggerated at all. In fact, they were reserved.

As she looked at the huge tree that towered into the clouds, Leng ruoxue felt that no words could beat the fact that it was right in front of her.

Originally, Leng ruoxue had suggested to fly over, but her suggestion was unanimously despised by the three Qilins. In the words of the Qilins, "don't think about saving time for everything. To them, passing through such a forest is also a way of cultivation training." Therefore, they couldn't fly! Otherwise, you would be looked down upon by the Qilin race, even if you were an invited guest!

Since the other party had already said so, Leng ruoxue naturally could only do as the host pleased.

After that, she followed the three Qilins into the forest that was filled with giant trees.

Uncle long and master ning chose to bring up the rear.

As they walked into the forest, Leng ruoxue and the rest, who had never been here before, were shocked to realize that the forest was much bigger than they had imagined!

"Little girl, this is the legendary devil forest!" As they walked, Shui mo suddenly turned around and said.

"Devil's Forest?" Leng ruoxue's beautiful face was filled with question marks.

"Xue 'er, this place is called the devil forest because the weather here has always been unpredictable." The master of the ning family, who knew the meaning of the devil forest, explained.

However, Leng ruoxue clearly didn't understand. She still looked at her Godfather shamelessly.

"It's clear sky now, right? Maybe the weather will change in a while!" The master of the ning family explained.

As soon as he finished speaking, as if in response to his words, the cloudless sky suddenly became covered with dark clouds. The sky also instantly darkened, accompanied by rumbling thunder and lightning.

In the blink of an eye, it was as if a hole had been opened in the sky, and a storm was about to fall. Leng ruoxue finally experienced the unpredictable weather in the devil's Forest.

"Is it going to rain? Let's take shelter from the rain!" Leng ruoxue suggested when she noticed that the weather was bad.

However, Shui mo and the other two Qilins objected and said, ""Don't worry, it won't rain. It never rains in the devil forest!"

"It's not raining?" Leng ruoxue was speechless. If it didn't rain in this damned weather, why would they use knives?

"Be careful, everyone!" Suddenly, Shui mo reminded them loudly and the three of them transformed into their true forms! In an instant, three mighty and domineering Qilins appeared in front of Leng ruoxue's group of three humans and five beasts.

There were three Qilins. One was water blue, one was green, and one was ice blue. After transforming into their true forms, the three behemoths were exactly the same, except for their different colors. Their bodies were covered with scales, and long hair hung from the gaps between the scales to the ground, making them look even more powerful and beautiful. However, this way, it would be difficult for Leng ruoxue to distinguish who was who.

Even though it was very difficult to distinguish the three Qilins, the green Qilin still laughed evilly and deliberately lowered its voice. "Guess who we are?"

Leng ruoxue broke out in cold sweat. How was she supposed to guess? They all look the same! Other than the difference in color.

Leng ruoxue closed her beautiful eyes and opened them again. She pointed at the green Qilin with certainty and said, ""You're definitely Feng Ye!"

"How did you know?" Feng Ye's eyes widened in disbelief as he asked in a daze.

"Because other than you, senior Shui mo and ice cloud wouldn't be so bored!" Leng ruoxue said matter-of-factly.

Hearing her words, Feng Ye was completely depressed. Boohoo ... That bad girl's words were a huge blow to Qilin!

Shui mo and Bing Yun couldn't help but laugh.

After he was done laughing, Shui mo reminded him, "Little girl, you must be careful! This place is going to be dangerous soon!"

"En!" Even though Shui mo did not say it explicitly, Leng ruoxue still nodded her head seriously.

Not long after, when the forest was completely dark, Leng ruoxue and the rest suddenly noticed a fire flickering in the distance.

"They're here!" Shui mo reminded.

When Leng ruoxue, uncle long, and the master of the ning family heard this, they immediately took out their weapons and entered a combat state. The five little beasts also rubbed their fists and wiped their palms, ready to have a good fight with the dangers in the devil forest.

As the firelight slowly approached, Leng ruoxue suddenly realized that these were not firelight at all, but countless fireflies. Perhaps they could not be called fireflies, because these small insects were not only much bigger than fireflies, but also not as cute as fireflies. More importantly, these crustacean-type bugs that were the size of an adult's fist and had flames burning on their bodies were not only aggressive, but they also looked even fiercer. Leng ruoxue could even hear the sound of them grinding their teeth.

However, at this moment, it seemed like she didn't have the chance to ask what this thing was. Seeing that the other party had a flame, Leng ruoxue didn't want to be outdone and flashed her own Natal flame.

The moment her flames appeared, the group of fire bugs seemed to instinctively cower. However, the group of bugs did not retreat. Instead, they all flew towards Leng ruoxue's direction!

"Xue 'er, be careful!" The master of the ning family saw that these insects seemed to be more interested in Xue 'er and couldn't help but remind them worriedly.

"Godfather, take care of yourselves!" Leng ruoxue replied. Then, her beautiful eyes were fixed on the group of insects that were like moths flying into the fire.

As they neared, the orderly group of insects hesitated for a moment before flying towards the flame in Leng ruoxue's hand. In an instant, the insects had Leng ruoxue completely surrounded ...

"How did this happen?" Shui mo and the other two Qilins were surprised. These bugs had always been watching them closely, but they had obviously changed their target this time.

The insects' unexpected actions had also caused them to lose the best opportunity to help Leng ruoxue. This made the three gigantic creatures deeply regret their decision.

However, the three Qilins still charged towards the fire regardless of the consequences. They tried to disperse the group of insects and save Leng ruoxue.

"Argh! It's so hot!" As soon as he reached the flames, Feng Ye was scared by the extremely high temperature of the flames and retreated.

Shui mo and Bing Yun also tried, but they couldn't get close due to the heat.

The bugs' flames seemed to be especially powerful today! The three Qilins couldn't understand why.

However, they had to save Leng ruoxue. After all, Leng ruoxue was a guest that they had invited. If she were to die in the devil forest, how would the Qilin clan have the face to continue living in the God World?

With this in mind, the three Qilins were a little desperate! They were going all out today!

However, just as they were about to move again, a little white fox stood in front of them.

"Little fox, move aside. We're here to save your master!" Shui mo said.

"Master is fine!" Mei Zhen said honestly.

"How can she be fine? Leng ruoxue is already surrounded by flames! Don't block it, quickly move away, your master might be gnawed clean by the soul devouring insects later!" Feng Ye didn't understand why this snow fox, who had always given people the impression of being very understanding, was suddenly so stubborn today. Wasn't this delaying them from saving people!

"You bastard! You're the one who'll be gnawed clean by those damn soul devouring bugs! Even if something happens to you, my master will be fine!" Hearing Feng Ye's words, baby fire shouted. It didn't care what kind of noble Qilin it was! He could not say that his cute master would be in trouble!

#### [Chapter 2740 Black-Bellied Shui Mo \(1\)](#)

The treasure's protector made Feng Ye so depressed that he was about to cry. That ... He didn't seem to have said anything too overboard! They only hoped that these little fellows, who cared about their master, would not delay their rescue of Leng ruoxue. Who knew that they would actually provoke them?

Feng Ye truly felt that he was innocent. Although his words were a little harsh, they were the truth! Why was telling the truth so unlikable these days?

The worried Feng Ye kept sighing in his heart. At this moment, he suddenly widened his eyes and revealed an expression of disbelief.

Oh my God! What did it see?

Leng ruoxue, who was previously surrounded by the flames, was now engulfed in flames. However, in the next instant, the flames that filled the sky were suddenly extinguished. Leng ruoxue appeared in front of them, safe and sound. The soul devouring worms that were surrounding her had disappeared without a trace ...

Where are the bugs?

Feng Ye was filled with question marks.

"Xue 'er, it's good that you're fine." Shui mo noticed Leng ruoxue's condition and asked with concern.

"I'm fine, but those bugs are so powerful!" Leng ruoxue said with lingering fear. If it wasn't for the power of her flames, she would have become the food of those insects.

"Yup! Those are soul devouring insects, and they especially like to devour the soul and body of humans or beasts. That's why humans and beasts in the outside world are afraid of the devil forest. Except for our Qilin clan, no beasts or humans dare to approach this place!" Shui mo explained. He had taken the

initiative to say that he would come back with Leng ruoxue because he had considered the power of the soul devouring insect and wanted to protect Leng ruoxue. Who knew that this little girl would deal with the insect herself?

At this moment, Shui Mo's evaluation of Leng ruoxue rose even higher.

Then, Shui mo thought for a while and said, "Little girl, although these soul devouring insects are very powerful, they are of utmost importance to our Qilin clan. With them, they are definitely a guarantee for our Qilin clan. Even Wu Xuan doesn't dare to rashly set foot here because these soul devouring insects don't have any intelligence and act only on instinct. Any living creature that passed by their territory would be seen as food! As for our Qilin clan, other than viewing them as a barrier, they are also the training targets for the younger generation of our clan. "

"However, the soul devouring insects are quite ferocious, so we are very careful when arranging for the younger generation to gain experience. As for the adult Qilin, it is already used to the existence of these small insects, but when facing them, we sometimes feel very annoyed, but we can't do it without them!"

Shui mo had said all this to explain to Leng ruoxue the necessity of these insects' existence. It could be said that with these insects, the Qilin clan would be much safer. As for walking through this place, it was more for training. The other important reason was that the Qilin clan also wanted to test Leng ruoxue's courage.

Of course, this reason could not be stated clearly. However, Leng ruoxue was not stupid. From the vigilance of Shui mo and the other two Qilins, she knew that these insects were very troublesome. Furthermore, the three of them were determined to walk despite knowing that the insects were very troublesome. This explained the problem.

However, Leng ruoxue believed that the other party had no intention of harming her. It was probably because the other party thought that he could protect her. But from the looks of it now, there must have been an accident. Otherwise, the other party would not have been so surprised when he saw that the insect seemed to be more interested in her.

Although she had been surrounded by the bugs, she was still clear about what was happening outside.

"Those soul devouring bugs were killed by my flames. Are you alright?" Leng ruoxue asked calmly after hearing Shui Mo's words.

"Uh! I'm fine!" Hearing this, Shui Mo's mouth twitched uncontrollably. He thought to himself, "if those bugs could be killed so easily, they wouldn't have coexisted with the Qilin clan for so many years." He was really curious how Leng ruoxue did it. However, it felt that Leng ruoxue had just suffered a shock, so it was better not to ask about this now.

However, Feng Ye could not wait any longer. It looked at Leng ruoxue with a face of disbelief. With its mouth half-open, it asked, "The soul devouring insects are really dead? How did you do it?"

"You don't believe me? Why don't you catch me some soul devouring insects and I'll show you?" Leng ruoxue said with a smile.

"Uh! I believe you, alright! Then can you tell me how you killed them?" Feng Ye asked, speechless.

"He was burned to death by fire!" Leng ruoxue said honestly.

But Feng Ye, the Qilin, still didn't believe it. Fire? Don't joke around, it's not like there aren't fire Qilin in their race, but I've never seen their flames effective on the soul devouring insects! Otherwise, the soul devouring insects would not have been able to survive for so long.

"You don't believe me?" Leng ruoxue asked with an evil smile when she saw the thoughts on Feng Ye's face.

"Uh! Are your flames really that powerful?" Feng Ye didn't believe it. This was too unreal.

"Do you want to try my flame?" As she spoke, a small and exquisite purple-red flame appeared on Leng ruoxue's fair and tender fingertips. The dazzling flame made her fingertips look exceptionally beautiful.

"No, no need!" Feng Ye, who could feel the heat of the small flame from far away, felt that he was not that stupid to test the fire with his own body.

However, the vengeful baby obviously didn't want to let go of this stupid and stupid Kirin who once suspected that its master would be in danger. It smiled evilly and provoked, ""Cute master, this Qilin almost ruined your plan! Hmph! It actually cursed you to be gnawed clean by the soul devouring insects and still wanted to save you, it really overestimated its own strength! If we didn't stop it from rushing over, I'm afraid it would have been burned to ashes by now!"

"....."

Leng ruoxue was silent. It seemed that Feng Ye's words about her being gnawed clean by the soul devouring bugs had clearly angered the vengeful baby. However, her baby was her little beast, so she naturally had to stand on her baby's side unconditionally. Hence, as soon as her baby finished speaking, her unfriendly eyes landed on Feng Ye.

Sob ... Feng Ye felt so wronged that he wanted to cry.

It clearly had good intentions and wanted to save Leng ruoxue! How could that detestable little fox say that about it? Curse? "You bastard!" Who did it curse? Who would curse in front of the person involved? Did they really think it was stupid?

However, Leng ruoxue clearly believed her little Beastie's instigations and this made Feng Ye feel extremely aggrieved. Can you not be like this? This was killing the donkey when the grinding was done! No, he wanted to kill the Qilin!

"You, you can't do this! I clearly didn't mean it that way!" After being wronged for a while, Feng Ye said with obvious lack of confidence.

"Hmph! You're cursing my adorable master!" The baby still didn't want to let Feng Ye go.

"Wuwu ... You can't bully a Qilin like this!" Seeing that he couldn't get his hands on the treasure, Feng Ye simply wailed. He was crying and rolling on the ground! One must know that this was a new move that it had learned from Leng ruoxue's beasts. It had used it today, and it had not learned it for nothing!
