

Crazy Wife 2861

[Chapter 2861 Are You Threatening Me?\(1\)](#)

"Miss Leng, don't talk nonsense. I'm not a member of the ning family. How could I embarrass the ning family?" Leng ruoxue had already put it that way, but the Man in Black still refused to admit it.

Seeing this, Leng ruoxue smiled faintly and walked to the side of the Man in Black, "It seems that you really don't like your identity as a member of the ning family, otherwise you wouldn't have refused to admit it. Forget it, since you don't want to acknowledge it, I can't force you to acknowledge it, so as not to really lose Godfather's face. "

"You ..." Leng ruoxue's words angered the Man in Black so much that his entire body trembled. He was unable to form a complete sentence even after a long time.

At this moment, Leng ruoxue couldn't be bothered with him anymore. She turned her gaze to her Godfather and said, "Godfather, they are the third elder's men."

Master ning immediately understood. Then, he looked deeply at Leng ruoxue and sighed in his heart. He knew that the ning family's matters could not be hidden from this girl.

But this was good too, at least Xue 'er understood him.

Then, master ning's sharp eyes turned to the Man in Black and he asked indifferently, "Did third brother ask someone to do this?"

"What is it? I don't understand. " Seeing that he couldn't hide it anymore, the black-clothed man didn't quibble that he wasn't a member of the ning family, but he still didn't know.

"Godfather, there's no need to ask him. He's just a small fry and doesn't know much." Seeing that the black-robed man was still trying to hide the truth, Leng ruoxue did not want to give him any more chances.

"Alright, I'll go find third brother!" Hearing this, master ning stood up and walked out angrily.

Uncle long and the others looked at each other, then they got up and followed him.

Seeing that everyone had left, the black-shirted man thought that he was free! Just as he was about to cheer, he suddenly realized that there were a few more golden little bees around him.

"W-what are you guys doing?" The Man in Black shivered. The gazes of these little golden bees were much fiercer than before. W-what were they trying to do?

"What do you want? Hehe! Kid, without the order of our boss's sister, you can forget about escaping! You're under our watch now, so don't ever doubt our intelligence! Brothers, go! Take him down!" A Golden Bee grinned evilly and said to its brother.

When the other golden bees heard this, they immediately buzzed with joy. Then, they quickly enlarged their bodies and charged toward the Man in Black ...

After a few bees hit each other, the Man in Black fainted.

Then, the bees grabbed the man's legs and dragged him out.

At the same time, the aggressive master ning also rushed to the area of influence assigned to the third elder. Leng ruoxue and the rest followed him all the way, but they could not keep up with their Godfather's footsteps. They were completely shaken off by the exasperated master ning.

Of course, master ning didn't mean to shake them off, but no one expected him to walk so fast. When they didn't pay attention, he had already disappeared. And they didn't know where the third elder's territory was, so they could only go to the ning family to find the second elder first.

The second elder of the ning family knew why they were here. He immediately brought Leng ruoxue and the rest to the territory of the third elder.

The second elder was about to leave when he arrived at the third elder's territory, but when the guard saw him, he said, "Second elder, long time no see. Third elder is waiting for you!"

When the second elder heard this, his face was full of doubt.

Third brother was waiting for him? Was this a joke?

Ever since third brother had been chased out of the family by the old ancestor, he had not been in contact with them at all. How could he wait for him?

However, the second elder of the Imperial Guard recognized the person who had spoken. Hence, he did not doubt the other party's words and stayed behind with Leng ruoxue.

After that, they were respectfully invited into the city.

The guard brought Leng ruoxue and the rest to a tall, grand courtyard that was exactly the same as the ning family's main residence. He then turned and left.

Looking at the tall and magnificent courtyard, Leng ruoxue turned to second elder and teased, "Second elder, it also says the ning family's main residence. Which one is the real one?"

"Of course, it's real." The second elder of the ning family frowned.

"Are you sure? Do you know what kind of feeling this place gives me?" Leng ruoxue asked indifferently.

"Of course I'm sure. We're the master of the ning family, so please don't think too much, miss Leng." The second elder of the ning family said. But in fact, he was also a little uneasy. He didn't know what his third brother was up to. He had already been expelled from the ning family, so how could he still use the name of the ning family's main residence? Wasn't he trying to make them look bad? More importantly, how was this the ning family's main residence?

The second elder was a little unhappy, but he didn't show it.

After that, they were all invited into the living room by the servants.

Sitting in the living room, Leng ruoxue's beautiful face maintained a faint smile, while second elder's uneasiness grew heavier and heavier. Because along the way, he had discovered that every blade of grass, every tree, and all the decorations were basically no different from the real ning family's main residence. W-what was she trying to do?

Suppressing his anger, the third elder finally arrived. Before the second elder could flare up, the third elder laughed and said, "Second brother, long time no see."

"Don't call me second brother, I'm not worthy of that title." Hearing this, the second elder said in a bad mood.

"Alright then! Second elder, how have you been?" The third elder tactfully changed his words. Then, without waiting for the second elder's reply, he turned his gaze to Leng ruoxue.

Looking at Leng ruoxue, his heart was filled with hatred. If it wasn't for this woman, he wouldn't have ended up like this.

"Third elder, how have you been?" Leng ruoxue saw that the other party was glaring at her with hatred but did not say a word, so she could only take the initiative to speak.

"Thanks to miss Leng, my life is still going on." The third elder said indifferently, and then asked, "May I know why miss Leng has come here?"

"Where's Godfather?" Leng ruoxue didn't answer directly and continued to ask.

"If The Godfather that miss Leng is talking about is master ning, I don't see him." The third elder said in a light tone.

"You didn't see it?" Leng ruoxue squinted her beautiful eyes as she muttered to herself.

"This is impossible! The old ancestor clearly came to your place." At this time, the second elder also had a look of disbelief.

"Second elder, did you see master ning come to my place with your own eyes?" Hearing this, third elder also asked.

Ugh! The second elder was at a loss for words. Of course, he did not see it with his own eyes. He had heard it from Leng ruoxue! Furthermore, there was no need for Leng ruoxue to lie to him about such matters.

Second elder turned to look at Leng ruoxue with suspicion. Then, he heard Leng ruoxue say, "Third elder, if you're sensible, hand over your Godfather. He's your biological father after all. How could you harm him?"

"What?" Leng ruoxue's shocking words scared the second elder so much that he jumped up in shock. He looked at Leng ruoxue in disbelief before turning to look at the third elder. With a face full of disappointment, he shouted, "Third brother, you harmed our ancestor? You animal! I'm going to kill you to avenge our ancestor!"

[Chapter 2862 Are You Threatening Me?\(2\)](#)

After the second elder finished shouting, he immediately pounced towards the third elder. When the third elder saw this, he did not panic and said, "Second elder, can't you grow some brains? Don't be incited by this woman. What reason do I have to harm master ning? To think that we've been brothers for so many years, yet you easily believed an outsider's words, and even began to doubt me!"

When the 3rd elder said this, his face was full of disappointment. When the 2nd elder heard him say this, he was at a loss and didn't know who to believe.

Not long after, the second elder took a few deep breaths and said, ""Miss Leng would not lie to me because of such a matter."

"Do you think I would lie to you about something like this?" The third elder asked angrily.

"We'll talk about lying later. Hand over your Godfather first." Leng ruoxue didn't want to see third elder continue to play the family card, so she went straight to the point.

When the second elder heard Leng ruoxue's words, he immediately reacted, ""That's right. Quickly hand over the ancestor. Otherwise, I won't let you off."

"I told you master ning didn't come. Why didn't you believe me?" The third elder said helplessly.

"It doesn't seem like you have the final say. Since you claim that Godfather isn't here, do you dare to let us search?" Leng ruoxue asked with a smile.

"Sure, but what if you don't find anything?" The third elder asked.

"If you didn't find it, doesn't that prove your innocence? What else do you want to do?" Leng ruoxue asked with a faint smile.

"You ..." The third elder was angered by his words. After taking a few deep breaths, he suddenly roared, ""If you can't find it, then you can all stay here!"

"Are you staying for dinner? There's no need to be so polite. " Leng ruoxue played dumb.

"You must be dreaming. I'll leave you behind to be dealt with properly!" The third elder roared.

"So you want to punish us? Oh! Alright, let's see if you have the ability then!" When Leng ruoxue heard this, she was neither angry nor annoyed. Instead, she agreed.

"I'm looking forward to it,"uncle long interrupted.

"Hmph!" Seeing the two of them echoing each other, the third elder was furious. He thought to himself,"you'll see what happens later." After that, he suppressed his anger and gestured for Leng ruoxue and the others to do as they pleased.

Before the official search, Leng ruoxue had secretly given them a few pills. Even though everyone was puzzled, they still took them when they were not prepared.

After that, everyone dispersed and split up.

Leng ruoxue carried the baby and headed south.

Third elder could not help but sneer as he watched Leng ruoxue leave. Then, he sat back in his original position and leisurely drank his tea.

"Big sister, there are so many strangers" auras here. " Along the way, Baobao whispered to Leng ruoxue through telepathy.

"Yes, let's find Godfather first. Don't worry about the rest." Leng ruoxue replied and quickened her pace.

They arrived at a small courtyard that had been abandoned for a long time. Leng ruoxue pushed open the door and walked in.

After entering, Leng ruoxue lifted her beautiful eyes and searched carefully.

From the outside, this small courtyard seemed to have been abandoned for a long time. However, the courtyard was unusually clean. There wasn't even a single weed. The courtyard was filled with bright red flowers, competing for beauty.

Although the flowers were beautiful, they gave her a rather out of place feeling.

Leng ruoxue walked over to the flowers and observed them carefully. She stretched out her snow-white hand, wanting to pick one and look at it as much as she wanted to. However, the moment her hand reached out, the flowers moved.

She saw many tentacles extending out of the center of the flower, rushing toward her. Seeing this, Leng ruoxue hurriedly retracted her hand. When the flowers saw that the delectable taste was gone, they seemed to be quite dissatisfied and started to shake violently. They even let out baby-like cries.

What the hell was this flower? Seeing this, Leng ruoxue really wanted to burn all these strange flowers. However, before she could do that, she heard light footsteps behind her.

Leng ruoxue turned around vigilantly and saw third elder leading a group of menacing Men in Black and had her surrounded.

"Third elder, what are you trying to do?" Blinking her eyes, Leng ruoxue revealed a calm smile and pretended to be confused.

"I want to use you as fertilizer for my flowers." The 3rd elder smiled evilly and spoke the truth.

"So that's how it is. However, my flower fertilizer is poisonous. Are you sure you want to do this?" Leng ruoxue remained calm as she asked.

"Poisonous? Hmph! Can you poison the flowers here more than you can?" The third elder said with confidence.

"That's true. However, before you use me as fertilizer, can you first answer a few of my questions?" Leng ruoxue asked with a smile on her face, as though she had completely disregarded her own life.

"What do you want to ask?" The third elder asked kindly. It was obvious that he had agreed to let Leng ruoxue be the ghost that understood the situation.

"Where's Godfather?" Leng ruoxue's first question was the same as before.

"Hahaha! Of course, that old thing is in my hands. " The third elder no longer denied it and laughed complacently.

"Why did you capture Godfather? Although Godfather has expelled you from the family, I know that he has not mistreated you. But you still treat him like this, are you still human?" Leng ruoxue questioned him angrily.

"Why? Did he treat me as his son? He's just an old man who's helping an outsider. For an outsider like you, he's actually treating us like this. Is he still worthy of being my father? Yes! You're right, he did not mistreat us in some ways, but he expelled us from the Leng clan, which has already made it impossible for us to establish ourselves in the divine realm. Isn't that mistreating us?" After hearing Leng ruoxue's words, third elder retorted with burning jealousy.

"You really think he did it for me?" Leng ruoxue could not help but ask.

"If it wasn't for you, then was it for me?" The third elder asked in a self-mocking manner.

"Of course it's not for you, but it's definitely not just for me. Godfather was doing it for the ning family. He hoped that the ning family would be United, but you? What did you do this time?" Leng ruoxue retorted.

"What did I do? I want the ning family to draw a clear line with you, isn't that for the good of the ning family?" The third elder didn't think he had done anything wrong.

"Whether it's for the good of the ning family or for your own selfish reasons, you know best. I'm too lazy to argue with you about this, but what I want to say is that Godfather definitely had foresight to drive you out of the ning family. Otherwise, having a traitor like you in the ning family would definitely be a fatal blow to the ning family. " Leng ruoxue sneered.

"Hahaha! Well said! However, it's too late for you to say anything now. There's no way I'll let you leave today. " After hearing Leng ruoxue's words, the third elder laughed instead of getting angry.

"Don't worry, I don't plan on leaving just like that. In addition, I also want to know, what benefits did that bitch Wu Yan promise you to make you work so hard for her?" Leng ruoxue continued to ask.

[Chapter 2863 Are You Threatening Me?\(3\)](#)

"You know that too? It seems that I've really underestimated you. However, since you want to know, I'll tell you. God Lord Rime has promised me a ning family!" The third elder said smugly.

"What do you mean?" Leng ruoxue asked in confusion.

"From now on, I'm the master of the ning family." The third elder said with a smile.

"What about the current ning family?" Leng ruoxue asked again.

"Of course it doesn't exist! In the future, the divine realm will only have my ning family. " Third elder had made it very clear. Leng ruoxue nodded her head and said,""So you're saying that you're planning to destroy the current ning family?"

"Not bad." The third elder didn't deny that he had such thoughts.

"Do you think you have that ability?" Leng ruoxue sized up third elder carefully, but she couldn't figure out where this fellow got his confidence from.

"Hahaha! God Lord fogriple will naturally help me! Besides, isn't master ning already in my hands? The next one is that idiot second elder!" The third elder laughed wildly.

"Third brother! You animal! How can you treat the ning family like this?" Before the 3rd elder could finish laughing, the 2nd elder's angry voice was heard. The Furious 2nd elder didn't care about uncle Long's attempts to stop him. He jumped to the center of the arena and began to curse at the 3rd elder.

"What's wrong with me treating the ning family like this? And how did the ning family treat me?" Although the third elder was a little surprised to see the second elder, who should not have appeared here, he still replied in a self-righteous manner.

"How did the ning family treat you? Other than banishing you, did the ning family give you less territory or property? But you! What did you do this time? You colluded with the ripple mist bitch to harm our ancestor, are you even human? Bah! If I had known you were like this, I would have let my ancestor strangle you to death when you were young! You animal!" The second elder cursed.

However, the third elder didn't take his words seriously and said fiercely, ""Yes, you gave me a lot of territory and wealth, but you made me unable to establish myself in the divine realm, and made my clansmen become ants that everyone in the divine realm loathed and could step on! Do you think I won't hate you? Your ning family has always been high and mighty, but have you ever thought about the feelings of us expelled people?"

"If you didn't make any mistakes, would you have been expelled by the old ancestor?" Although the second elder knew that the third elder and the others wouldn't have a good time, he never thought that someone would dare to bully the third elder. After all, the third elder was a reverent-God, so he couldn't possibly be bullied by a few pieces of trash, right? However, the third elder's words implied that their lives were rather miserable.

But who could he blame?

It would have been better if the 2nd elder hadn't said that. What he said completely infuriated the 3rd elder. Immediately, the 3rd elder roared, "I made a mistake? I just want the ning family to draw a clear line between themselves and Leng ruoxue, this trouble-maker, is that wrong? Am I not doing this for the good of the ning family?"

"This ..." The second elder didn't know how to refute the third elder's words. After all, there were many clansmen in the family who had such thoughts at that time. Even he had almost wavered at one point. Fortunately, he followed the orders of the ancestor. Therefore, as long as it was the ancestor's decision, he would fully support it, whether it was right or wrong.

However, third brother was different. This fellow had been rebellious since he was young. This time, he had even offended the old ancestor because of Leng ruoxue's matter, which resulted in him being expelled. Hence, he more or less sympathized with third brother's situation. However, he could not say that third brother's actions were right just because he sympathized with him, right?

No matter what, no matter what reason you have, you shouldn't have threatened the ancestor!

As he thought of this, the tiny bit of sympathy he had for the third elder disappeared without a trace.

People! When one did something wrong, they would always find thousands of reasons and reasons for themselves. They would not find the reason from themselves. They would even try to blame the mistake on others to prove that their choice was right. But was this useful?

The crowd's eyes were sharp. It was not as if they did not have the ability to judge right from wrong. Hence, he really could not understand why third brother would want to go against Leng ruoxue so wholeheartedly. Was it just because of the little grudge between them?

One had to know that he and Leng ruoxue had some personal grudges in the past. But now, both of them had let go of their grudges with a smile and were getting along quite well. Why couldn't third elder learn from him?

Thinking of this, the second elder wanted to persuade the third elder to turn back from the wrong path. But just as he started, he was stopped by Leng ruoxue.

"Second elder, don't waste your breath. Third elder has already joined rime ice sect." Leng ruoxue said calmly.

"What?" The second elder was shocked. When did this happen? Didn't it happen after third brother was expelled from the Leng family?

"Old man, you're such a fool. You still want to persuade him! He's long been Rime's dog, it's just that you don't know about it. " Seeing the second elder's shocked expression, Baobao told him the truth.

With its mind-reading ability, it had no problem reading the reverent-God's mind. Therefore, the third elder's thoughts could not be hidden in front of it.

"H-how is this possible?" The second elder was still in disbelief. This fact was far beyond his expectations. How could he accept this?

"What's impossible? Didn't he go to the secret realm alone last time?" Leng ruoxue smiled.

"Don't tell me that that time ..." The second elder stopped halfway through his sentence.

"Third elder, you were caught that time, right?" Leng ruoxue asked despite knowing the answer.

"So what if I am? Are you going to say that I've submitted to God Lord fogriple just because I was captured?" The third elder retorted.

"That's right. If you hadn't sided with that witch, she would never have let you go. Besides, you've already admitted that you were her man, so why don't you admit that you sided with her back then? All A man's mind is so hard to understand!" Leng ruoxue sighed, while Baby Su could not help but cover her mouth and laugh.

After he was done laughing, Baobao said,"sister, it's obvious!" If he had turned to the old B * tch, rime ice, at that time, he would have been the sinner of the ning family! For tens of thousands of years, the ning family had been free, but he had found a master for the ning family. It would be strange if the old man of the ning family let him off! If old man ning had known all of this at the time, he wouldn't have expelled him at all. I'm afraid he would've been killed long ago!"

"That's true. Baby, why is this person still not satisfied when he has clearly gained an advantage? He always felt that it was the ning family and Godfather who mistreated him. How could he have the face to think that way?" Leng ruoxue was still echoing Baby SU's words and asked in confusion.

"Some human! He was just this shameless! Sister, let's ignore him and just cut it off!" The baby suggested after he was done laughing.

When the third elder heard this, he immediately sneered and said, ""Cut me off? In your dreams! Hmph! None of you will leave here alive today!"

"Then what do you want? You want to keep all of us here with just a few Men in Black?" Leng ruoxue blinked her beautiful eyes and asked innocently.

"Hmph! You'll know when the time comes. " The third elder laughed. Then, he whistled towards the sky and looked at Leng ruoxue proudly. "Leng ruoxue, prepare to die!"

"Alright," he said. Leng ruoxue nodded in agreement.

"I'm sorry to disturb you, where should I throw this trash?" At this moment, an embarrassed voice was heard.

The third elder turned around subconsciously and saw two handsome men standing not far behind him. At their feet, there was a pile of Men in Black, their fates unknown.

"And these." Uncle long and the others also came over and threw a pile of garbage over.

Looking at the Man in Black who had been thrown to the ground, the third elder was furious, while the other Men in Black who had survived were trembling.

Wu ... These people were so powerful. They didn't even notice the other party's silent arrival. What, what should they do?

The Men in Black looked at third elder helplessly.

The third elder, who had high hopes placed on him, could only be filled with anger and disbelief.

"You ... Why are you here? "Shouldn't you ..." The third elder could not finish his sentence. The truth was that their plan to lure the enemy had failed. The other party was unscathed, while countless people on his side had died.

This fact made third elder even angrier.

"I'm sorry to have interrupted your plan. Oh, your plan is perfect, but it's a pity that you've met us. " Ice Spirit said guiltily.

"Yup! We really didn't want to ruin your plan, but these Men in Black can't take a beating. So, we can only appear in front of you alive and well. You must be disappointed, right?" Uncle long agreed.

Disappointment! He was far more than disappointed!

The third elder's lungs were about to explode from anger. These guys, these guys are really too detestable! He knew that the other party was not easy to deal with, so he did not rush to make a move from the beginning. He wanted to lead them to a place with a trap before making his move, but who knew that he would still fail!

A sense of defeat welled up in third elder's heart, but he was not willing to be defeated just like that. He turned around and shouted at Leng ruoxue with a burning rage, ""Leng ruoxue, take your men and leave this place immediately. Otherwise, you will see master ning's corpse!"

"Bastard! Quickly release our ancestor!" Hearing this, before Leng ruoxue could even react, second elder could not control himself and jumped up in anger.

"Hehe! If you want me to release her, we'll have to see Leng ruoxue's performance. " Hearing the second elder's words, the third elder suddenly felt that he had found the other party's weak spot, so he said with a proud smile.

"Are you threatening me?" Leng ruoxue asked calmly.

[Chapter 2864 Don't Be Sad, I'm No Match For You \(1\)](#)

"That's right, I'm threatening you. " The third elder laughed smugly, as if saying "I'm threatening you, what can you do to me?"

"You think your threat will work on me?" Leng ruoxue asked calmly when she saw how proud the other party was.

"Of course, unless you don't want to save that old man anymore." Third elder felt that he had grasped Leng ruoxue's weak spot and continued to threaten her, ""Leng ruoxue, I've changed my mind. You don't need to bring them away now. I want you to stay here and use you to exchange for that damn old man. How about it?"

"What if I refuse?" Leng ruoxue glanced at third elder and asked.

"Then you'll immediately see that damn old man's corpse!" The third elder said viciously.

"You, you animal ... Wuwu!" Hearing this, the second elder cursed angrily. However, just as he cursed, uncle long covered his mouth. He was so angry that he could only glare at uncle long. However, uncle long didn't care about the glare. He just didn't want this idiot to ruin Xue 'er's plans.

"Leng ruoxue, you won't reject me, right? The old man loves you so much. " At this moment, third elder saw that Leng ruoxue had not replied and could not help but continue to provoke her.

"Yes, you're right. I'm going to reject it." Leng ruoxue laughed coldly. Then, as expected, she saw the third elder's dumbfounded expression and the second elder's disbelieving face.

Following that, Leng ruoxue continued, "you want to make me stay with just these few men?" Aren't you a little too confident?"

"That's right, you dare to threaten us? Do you think you're a Rime bitch? Let me tell you the truth! Let alone your threats, even if that B * tch Wu Cheng were to threaten us, we wouldn't fall for it. " Uncle long said with a smirk.

"You ... You don't want to save that old man?" Hearing the other party's words, the third elder's face turned black with anger, but he didn't give up.

"Of course we have to save her, but we don't plan on letting you go." Leng ruoxue said with a smile.

"Hehe! Xue 'er, why are you still wasting your breath on him? we'll deal with him while you go and save the others. " Ice Spirit, who had been watching for too long, couldn't take it anymore.

"Alright. Leave this old man alive. " Leng ruoxue warned. Then, before third elder could even react, she angrily kicked him again before leaving.

Third elder, who had been kicked to the ground by Leng ruoxue, could not react in time. By the time he regained his senses, he was already surrounded by uncle long and the others.

Looking at the crowd surrounding him, third elder felt a chill in his heart.

Was he going to just surrender?

No! He was unwilling to accept this! He was unwilling to accept this!

With a furious roar, the 3rd elder jumped up from the ground and attacked the 2nd elder ...

Seeing this, the second elder was stunned for a moment. Then, he was pushed aside by uncle long, who thought he was in the way. As a result, the third elder missed, and uncle long went to meet him.

Seeing that his opponent had changed to uncle long, the third elder felt bitter in his heart.

F * ck! He didn't want to fight this old whale at all! His target was the second elder. After all, he knew that he still had a chance of winning against the second elder. However, if he were to face uncle long, he would not even have the chance to escape.

The third elder was extremely depressed, but what made him even more depressed was yet to come.

Apart from uncle long, Bing po, Dongfang Yue, and Dongfang Lin, who were unwilling to be left out, looked at each other and also attacked the third elder. The third elder, who was attacked from both sides, was so angry that he almost vomited blood.

"You bastard!" The other party was actually launching a group attack! This was really bullying! The third elder was so angry that he wanted to curse, but the other party didn't give him a chance to do so. He was exhausted from dealing with the situation and was completely flustered.

At this moment, Huan Chen saw that there was no place for him to fight, so he wanted to drag third elder to deal with the black-clothed men's minions. Who knew that when he turned his head, he would find that the black-clothed men had all been knocked to the ground by the poisonous snakes, foaming at the mouth and twitching all over.

The old Viper looked at Huan Chen with an embarrassed expression and grinned. "I'm sorry, I didn't leave any for you guys. "

Hearing this, Huan Chen's mouth twitched. This was already considered cheap, yet he was still acting innocent?

Forget it, if he didn't leave any, then so be it! However, what should he do with these Men in Black?

Before Huan Chen could think of a solution, he saw the venomous snakes, under old snake's eye signal, each use their tails to carry a few Men in Black. They slowly walked to the flowers in the yard and then uniformly threw the men tied to their tails into the middle of the gorgeous flowers.

In an instant, the flowers who smelled the delicious food all went crazy. Countless tentacles reached out from the center of the flower and stabbed into the dead man in Black.

Seeing the Man in Black's blood being sucked dry and the corpse turning from plump and lustrous to shriveled, Huan Chen's forehead was filled with black lines.

That ... Could he say that these flowers were definitely the best biological weapons to destroy the evidence? And these snakes, they were indeed from different families! If Xue 'er was here, she would probably have the same thoughts as these poisonous snakes.

And after doing all this, old venomous snake even looked a little embarrassed, as if he had snatched someone else's job and was too embarrassed to do it.

Seeing this, Huan Chen's mouth twitched even more!

He already knew that Baby SU's subordinates were not good people, especially these snakes! But you've done something bad, can't you be more calm? What's there to be shy about?

But at this moment, old venomous snake fearfully said, ""Lord Huan Chen, miss Leng won't blame us for disposing of these black-clothed men's corpses without permission, right?"

"I won 't," Huan Chen replied expressionlessly. However, he couldn't help but complain in his heart, because that girl would deal with it the same way you did.

It had to be said that Huan Chen understood Leng ruoxue very well. At this moment, Leng ruoxue had already entered the only room in the courtyard.

Under Qing Jue's guidance, Leng ruoxue was familiar with the place and found the underground secret room as if she was walking in her own backyard.

Leng ruoxue easily undid the secret underground room's array and walked in.

The secret room was pitch-black, and the smell was not very fresh. Hence, Leng ruoxue did not even think and immediately lit up a small flame. It instantly lit up the entire secret chamber and at the same time, she could see everything inside clearly.

At the very top of this secret room, there was a blood pool. In the middle of the pool, there was a huge blood cherry flower in full bloom.

Not far from the blood pool, there were rows of prison cells. In the first cell, Leng ruoxue had already noticed her Godfather's figure. At this moment, master ning was unconscious.

A wind blade shot out from Leng ruoxue's fingertips and broke the lock of the cell. Then, Leng ruoxue strode into the cell and fed an elixir to her Godfather. She then helped him up.

Not long after, master ning opened his eyes.

Seeing the person in front of him, master ning couldn't help but be shocked. ""Xue 'er, you were also caught by that beast?"

[Chapter 2865 Don't Be Sad, I Can't Compare To You \(2\)](#)

"No, Godfather, I'm here to save you." Leng ruoxue hurriedly replied.

"Wu ... Xue 'er, I thought I would never see you guys again!" Seeing that Leng ruoxue wasn't captured, master ning suddenly became weak and hugged Leng ruoxue, wailing.

Seeing this, Leng ruoxue could only try to coax him. After coaxing her Godfather with much difficulty, Leng ruoxue finally had the chance to check on her Godfather's appearance. Other than his clothes being a little wrinkled, he did not have any external injuries. As for his mental state, it was not bad. She was relieved.

After that, Leng ruoxue turned her attention to the other people in the cell. Right now, in the prison cell, other than her own Godfather, The only person she was most familiar with could only be The White Tiger race's Grand Elder. However, the appearance of The White Tiger race's Grand Elder was much more Haggard than her Godfather. Not only was his face pale, his clothes were also stained with blood.

"Xue 'er, it looks like the three beasts were all captured by that beast." Master ning's face was filled with hatred as he looked in the direction of Leng ruoxue's target.

Not only did that beast capture the three beasts, it also wanted him ...

"Godfather, we'll discuss this later. You wake them up first. I'll go and kill that blood cherry blossom." As Leng ruoxue spoke, she handed master ning a bottle of pills, then left the cell with her baby.

When she returned to the side of the blood pool, Leng ruoxue threw a ball of fire at it without a second thought.

In an instant, the blood cherry blossom in the blood pool was enraged.

The blood in the pool churned like boiling lava, with huge bubbles rising from it. The blood cherry blossoms flapped their huge petals and let out sharp shrieks.

"Argh! Human, I will not let you off!" Bloodcherry blossom was furious. It had already pretended to be dead, so why was this woman still not letting it go? Must they kill it?

The blood Sakura had thought of this, but it could no longer control the anger in its heart. In reality, when it had sensed Leng ruoxue's aura, it had been so frightened that it had not even dared to breathe. After all, this woman's flames were the absolute nemesis of it. Thus, it was very afraid and had wanted to play dead to avoid this calamity. Who knew that she had no intention of letting it go and still wanted to burn it to death!

F * ck! Seeing that it didn't show its might, did it think it was a sick flower?

The Furious blood cherry blossom knew that Leng ruoxue was not easy to deal with. Hence, it did not hold back from the start. Countless feelers extended out from the center of its pistil, baring its fangs and brandishing its claws as it pounced towards Leng ruoxue.

"F * ck! It's so disgusting!" After dealing with third elder, uncle long, who had brought his men to support Leng ruoxue, could not help but curse when he saw this scene.

The second elder, who had never seen a blood cherry blossom before, was so frightened that her face turned pale. She immediately squatted on the ground and vomited in disgust. Seeing this, uncle long

patted the second elder's shoulder sympathetically and said, "Second brother, you can't do it! You're vomiting just like that?"

"..." Hearing uncle Long's words, the second elder was extremely depressed. Wuu ... Can't you not call him second brother? And don't mention that he vomited, okay? He felt so embarrassed. Why did he vomit?

The second elder was obviously a little too worried, and the others couldn't help but laugh when they heard uncle Long's teasing. Suddenly, the second elder felt his old face burning as if it was on fire.

Sob ... This time, I've really lost a lot of face! The second elder was both worried and angry. He wanted to find a chance to prove his manly side. Thus, in the heat of the moment, he didn't even think twice before charging toward the blood cherry Blossom's feelers ...

"Uh! Second brother must have suffered quite a shock!" Uncle long continued to tease the second elder.

"Yup! He's playing with his life!" Ice Spirit was speechless. The second elder was already pitiful enough. Why was uncle long gloating?

However, uncle long wasn't the only one who was gloating. Dongfang Lin, Huan Chen, and even the other Vipers all hoped to see the second elder's heroic side, so they all began to cheer him on.

"Second brother is mighty!" Dongfang Lin yelled.

"Mm, second brother, all the best! I have high hopes for you!" Huan Chen said, not willing to be outdone.

"Good luck! Good luck! Second elder, destroy these blood sucking tubes!" Old venomous snake led his descendants and cheered in unison.

As for Leng ruoxue, who was preparing to fight the blood cherry blossom, when she heard these voices, she was speechless and didn't know what to say. Then, from the corner of her eye, she saw the main character of the voice madly rush into the middle of the tentacles ...

Instantly, Leng ruoxue's face darkened.

The second elder had gone mad! The appraisal was complete!

He was basically delivering food to the blood cherry blossom!

As expected, the blood cherry blossom welcomed the second elder's suicidal rhythm. It spread out several tentacles in order to welcome the other party's embrace. As soon as the second elder rushed into the middle of the tentacles, he tragically discovered that he was tightly bound by them.

"Save, save me! Save me!" The second elder was a little scared. More importantly, when he looked at the tentacles up close, he felt even more disgusted, especially when he saw the red blood flowing on the transparent walls of the tentacles. He felt that he would never want to eat again in his life!

Oh ... It was too disgusting!

"That idiot!" Master ning, who had saved The White Tiger great elder and the other beasts, couldn't help but curse when he saw this scene when he came out of the cell.

"Master ning, please save him! "Otherwise ..." The weak White Tiger first elder couldn't help but worry when he saw the ning family's second elder's miserable state.

Al! He had suffered the same pain before, so he knew the pain very well.

"Don't worry, with Xue 'er here, he won't die!" Master ning said with some disappointment.

"Uh!" Seeing that master ning was not worried at all, the great elder of The White Tiger could only keep silent.

At the same time, Leng ruoxue moved closer to the blood cherry blossom, causing the petals to lean back in fear. They were afraid that the flames on the other party's fingertips would burn them.

"What, are you afraid? If you're afraid, then let second elder go. " Leng ruoxue threatened.

"Hmph! Even if I let him go, you won't let me go. That's why I'm not that stupid. Even if I die, I'll take someone with me. " Bloodcherry blossom roared angrily.

"Miss Leng, save, save me!" Listening to the conversation between Leng ruoxue and the flower, the second elder said weakly.

Sob ... Can you please save him first?

"You shut up!" Feeling that second elder was a little noisy, Leng ruoxue first shouted at him before turning to the blood cherry,""If you let him go, I'll let you die a quick death. Otherwise, I'll definitely make you wish you were dead! Little flower, you're a smart flower. You should know how to choose, right?"

"Hmph! He's going to die anyway, so don't think that I'll let this stupid old man off!" After hearing Leng ruoxue's words, the blood cherry blossom was still unwilling to relent. It even felt that it would only be safe with this old man in its hands.

When Leng ruoxue heard the other party's words, she smiled indifferently and said,""Little flower, this isn't your style! Didn't you want to fight me to the death just now? Come on! Show me your attitude, I'll be waiting for you. "

[Chapter 2866 Don't Be Sad, I'm No Match For You \(3\)](#)

"Do you think I'm that easy to fool? I wanted to fight you because I didn't have any other targets to use. Now that I have one, who would be so stupid as to want to die? Hmph! Human, if you want me to let this old man go, you have to let me go. I'm not joking!" Bloodcherry blossom roared viciously.

When everyone heard snow cherry Blossom's threat, they couldn't help but sigh. Since when did a flower become so intelligent? However, they also knew that this flower wasn't an ordinary flower. In this case, it was normal for this flower to threaten others.

"Human, think about it!" Seeing that Leng ruoxue didn't give any response, Xue cherryblossoms considerately asked.

"There's no need to think about it. It doesn't matter to me whether this old man is alive or not. If you like him, you can take him. So, you still have to die!" Leng ruoxue followed Xue Yinghua's lead.

Then, she couldn't help but ask the second elder, ""Second elder, I definitely won't let go of this flower. So, for the sake of the divine realm's stability, for the sake of exterminating the ripple mist bitch as soon as possible, you should sacrifice yourself! When the time comes, we will hold a Grand funeral for you and announce your heroic deeds to the entire divine realm! You can rest in peace!"

The moment Leng ruoxue finished speaking, the second elder closed his eyes and fainted. Blood cherry blossom was so angry that she was trembling.

F * ck! Was the other party really not going to care about this old man? It didn't believe it!

In order to verify the truth, the Furious blood cherry blossom decided to directly suck the second elder's blood. But at this moment, several blades of divine power flew over from all directions and cut off the blood cherry Blossom's feelers. The second elder also fell to the ground with a bang.

The second elder, who had fallen to the ground, rolled over and got up, quickly retreating from the range of the blood cherry Blossom's tentacles. The second elder, who felt that he had just escaped death, was now covered in cold sweat, and his face was deathly pale.

After returning to the safe area, the second elder, who thought he could be comforted, was rewarded with master ning's Iron Fist. The second elder, who was beaten, could only cry, but did not dare to seek justice.

Wu ... He almost lost his life and was beaten up! Was there anyone in this world who was more miserable than him? However, the second elder, who knew that he was in the wrong, did not dare to say anything. He could only look at his own ancestor with an aggrieved expression.

"Idiot! He didn't know what was good for him! With your little strength, you still dare to move forward! Don't you see who here isn't stronger than you?" The master of the ning family shouted.

The second elder obediently looked around and discovered to his dismay that, not counting The White Tiger race's Grand Elder and the other beasts that had just been rescued, the strength of everyone present was truly above his. Even those poisonous snakes were not something he could compare to. That was because they were poisonous, and he did not!

Sob ... I'm a reverent-God after all, how did I end up in such a situation? He actually became the weakest among all of them? How could he endure this?

Just as the second elder was lamenting to himself, Bing Yao, who had been watching the show from behind her father, stuck out her cute little head and consoled,"Second elder, right? Don't be sad, my strength can't be compared to yours, so my father only let me watch the show. We can be considered to be in the same boat. "

"..." Was this comforting? After hearing this, the second elder felt even worse. Sob ... This consolation really hurt his self-esteem. He was actually on the same level as the Qilin Cub. How was he going to face others in the future?

When the others heard this, they couldn't help but laugh. Seeing this, the second elder only wanted to find a hole to hide in. However, he was not the only one who had a bad feeling.

Compared to the second elder, bloodcherry Blossom's feelings could only be worse. It had never dreamed that the human it had captured would be so shameless as to pretend to be unconscious so that it would let its guard down! But what it hated more was that some humans had actually launched sneak attacks!

How detestable! Despicable human!

At the thought of this, bloodcherry blossom could not help but roar at Leng ruoxue in a vicious and furious manner, "Damn human, you deliberately attracted my attention just to let others save you?"

"You're right, so I've decided to give you a reward. Little flower, die!" As soon as Leng ruoxue finished speaking, the flames in her hands expanded by several times. Then, a ball of fire flew towards the blood cherry blossom, instantly trapping it in a sea of fire. The blood cherry blossom let out a series of agonized curses from within the flames. As the flames burned, the curses grew softer and softer ...

By the time Leng ruoxue retracted her flames, the blood cherry blossoms had already turned into ashes. The blood in the pool turned into dust and dissipated into the air.

After that, Leng ruoxue turned around and saw that The White Tiger Grand Elder and the other beasts had all been rescued. She then led the group out of the secret chamber.

On the way out of the secret chamber, Leng ruoxue saw that everyone on her side was present. She asked curiously, "Where's the third elder? Who's watching?" Don't let that guy get away.

Hearing this, Ice Spirit and the others had strange expressions. No one said anything. As for old venomous snake, he said with an embarrassed look, "No one is watching."

"Uh ..." Did he knock her out? Leng ruoxue guessed.

Following that, she heard old venomous snake's conflicted expression as he stammered, "All of our snakes bit him, so he's deeply poisoned. He won't wake up for a while!"

"..." Looking at the countless little snakes in front of her, Leng ruoxue's face darkened.

Every snake bit him once?

Ugh! Could she say that she was starting to pity third elder? When master ning heard this, he patted old Viper's head and said, "Good job! That beast has to be punished like this. "

The old poisonous snake was a little embarrassed by master ning's praise. In fact, it really wanted to say that it was not a punishment, but that no one was willing to stay outside to watch that guy, and the snakes were not willing, so they bit him.

While they were talking, they had already reached the courtyard.

At this moment, the only person still gasping for breath in the courtyard was third elder. As for the other black-robed men, Leng ruoxue could only see their black clothes, but they were all gone. However, Leng ruoxue understood when she saw the Men in Black lying among the flowers.

"Whose idea was this?" Leng ruoxue pointed at the black clothes among the flowers and asked calmly.

"It 's, it's me," Seeing that no one answered, old venomous snake had to admit it.

"Not bad, but it's not very clean." As soon as Leng ruoxue finished speaking, a small flame floated above the flowers. In an instant, the flowers were set ablaze. From the flames, a human-like sobbing sound could be heard.

The group of venomous snakes was a little dumbfounded when they saw this. This, this was much cleaner, but they didn't have fire? After that, the snakes saw that uncle long and the others were used to it. They knew that they hadn't done it thoroughly enough!

However, Leng ruoxue's way of doing things had won the hearts of all the snakes! In an instant, Leng ruoxue was viewed as the absolute idol by all the Vipers. Even the great beast deity was ranked behind Leng ruoxue.

After dealing with the Men in Black, they set third elder's main residence on fire. Leng ruoxue and the rest then carried the unconscious third elder and returned to The White Tiger territory.

As for the rest of the ning family, the second elder would deal with them. With the experience of escaping from death, Leng ruoxue and the rest believed that second elder would not be soft-hearted towards the ning family members who had been led astray.

When they arrived at The White Tiger race's territory, Leng ruoxue and the rest immediately returned to the mountain stream where they had stayed previously. The remaining Golden Bee tribe was overjoyed to see them return.

"Little Bumblebee, pack up your things. We're preparing to go home." Leng ruoxue smiled as she spoke to the little thing that was dancing in front of her.

When the bees heard this, they danced even more happily before they disappeared in front of Leng ruoxue and the others.

When they reappeared, they had clearly packed up. Then, a human-shaped piece of trash was thrown in front of Leng ruoxue and the rest.

Looking at the Man in Black, Leng ruoxue turned to master ning and said, ""Godfather, I'll leave this person to you!"

"No need, just cut it off. I don't want to see him again!" Master ning didn't even raise his head and said directly.

"Don 't! Don't waste it, let us test the medicine!" The moment Shen nuo heard that, she hurriedly said.

"Alright!" Master ning was very generous. As for the unconscious Man in Black, he had no idea that his fate had been decided. But whether he knew or not, it was obviously not important to everyone.

Following that, everyone did not say a word to The White Tiger race, and quietly returned to Demon City.

The first thing uncle long did when he got home was to arrange a territory for the Golden Bee tribe and the poisonous snakes. Fortunately, they did not care about the size of the place, as long as they could get closer to the beast deity. However, the Golden Bee tribe still had a small request, and that was that the place they lived in must have many flowers.

Uncle long heard this and thought, 'isn't it easy to spend more money? In the end, he decided to give a part of the garden to these little things as their territory.

The Golden Bee tribe was naturally very satisfied with the garden.

After arranging their living quarters, uncle long went to the living room to attend the hearing.

The one being interrogated was, of course, the third elder, but when uncle long arrived at the living room, he realized that the third elder was still unconscious.

Ugh! What was going on? The interrogation hasn't started yet?

After sitting down, uncle long looked at master ning, who obviously didn't look too good. He tried hard not to ask, but he was very curious in his heart. How far had they gone?

After looking at the crowd for a long time, uncle long even coughed a few times deliberately to remind everyone of his existence. But Ice Spirit and the others only looked up at him and said nothing.

Uncle long was even more puzzled.

In the end, he fixed his dazed gaze on Leng ruoxue.

Leng ruoxue sighed and said, ""Godfather, how do you plan to deal with this person?"

"He's a sinner of the ning family. This kind of person can't be kept. Just kill him!" After a long time, master ning gave his opinion.

Hearing this, uncle long was even more confused. They decided to kill him just like that?

[Chapter 2867 You've Already Been Exposed, Stop Pretending!\(1\)](#)

At first, uncle long thought that although this man had done something wrong, he was still the son of the ning family's old boy, so he should at least be spared. Who knew that the old man from the ning family would directly kill him without saying a word? what kind of situation was this?

However, no one explained to uncle long, which made him anxious.

Finally, uncle long couldn't take it anymore and shouted, ""Can any of you tell me how the interrogation is going?"

Towards the end, uncle Long's voice subconsciously lowered as he faced everyone's surprised gazes. He even felt a little guilty.

Sighing, master ning looked at uncle long again and said, ""Not only did this beast seek refuge with Wu Yan, it has also hurt many of our people. Therefore, we can't stay here any longer."

"Uh! Then let's do it!" Uncle long didn't want to get to the bottom of it, so he agreed.

"Xue 'er, help me deal with this beast! Don't let him die too easily. " Master ning stood up and said to Leng ruoxue after hearing what uncle long had to say. He then left the living room alone.

Watching her Godfather's back view, Leng ruoxue sighed softly. Then, she turned her gaze to third elder, who was lying on the ground.

With a thought, she moved third elder into the bracelet. After that, Leng ruoxue also stood up and left.

In the next few days, the Leng family's residence in Demon City was shrouded in a dark cloud. Leng ruoxue and the others did not feel good because of master ning's sorrow and loneliness.

When the 2nd elder finished dealing with the 3rd elder's problems and rushed to Demon City to report to the 2nd elder, he clearly sensed the dejected atmosphere in Demon City. He was at a loss for what to do.

The great ancestor ignored him, and uncle long and the others ignored him as well. The only people who talked to him every day were the Golden bees and the poisonous snakes ...

Sobs ... How did he end up like this?

The second elder was a little worried.

The old snake couldn't stand it. He couldn't control others and wouldn't listen to him, but the second elder should be an obedient little guy! After thinking about this, old venomous snake poured all his love into second elder. Every day, he would not only ask for warmth, but also prepare food and bring it to second elder. Unfortunately, second elder would feel nauseated at the sight of food, so he could only disappoint old venomous snake's love.

However, the old Viper didn't give up and continued to prepare food for the second elder. He was completely treating him as his own grandson.

The final result was that the second elder hid far away when he saw old venomous snake. However, the old venomous snake was definitely a snake with quite a strong will. Therefore, under its relentless pursuit, the second elder fled from the land of demons in an extremely sorry state.

The moment the second elder escaped, The White Tiger race, dragon race, and Phoenix race came knocking on his door.

With a guest, uncle long and the others naturally couldn't be as lonely as before. Therefore, except for master ning, who was still worried, everyone else appeared in front of the three beasts in high spirits.

In the living room, the three beasts looked at uncle Dragon and the others uneasily. They wanted to say something, but they hesitated.

Uncle long saw that they didn't dare to say anything and got angry.

"You bastard!" If there's something to say, say it. If there's a fart, let it out. You're also hemming and hawing like a man?

"If there's something, just say it. Why are you so hesitant?" Uncle long couldn't take it anymore. However, his words were still reserved. At least he didn't curse directly. Of course, this was also because he saw that the Beasties in front of him looked extremely haggardly, so he was much more amiable.

"That ... Is miss Leng around?" After hesitating for a long time, The White Tiger first elder finally spoke as a representative.

"She is, but Xue 'er is cultivating. If there's nothing important, don't disturb her!" Uncle long said after thinking for a while.

"Uh! We would like to express our gratitude to miss Leng in person. " The White Tiger first elder said after taking a deep breath.

"Thank you? How do you want to thank me?" Uncle long asked, blinking his eyes.

The three beasts were dumbfounded.

Uncle Long's words were so direct. How could they respond? They had prepared some gifts, but they were afraid that he would not like them! More importantly, they had a favor to ask of him.

"You haven't thought about it? If you haven't thought it through, then go back first! We're very busy. " Seeing that the Beastie was silent, uncle long had no choice but to say.

"Yes, we've prepared some small gifts." Seeing that the other party had the intention to chase him away, The White Tiger first elder hurriedly said.

"Oh! Just leave it to me. " Uncle long said.

The representatives of the three beast clans were completely dumbfounded.

Did the other party mean that they were not allowed to see Leng ruoxue? This can't do!

With this thought in mind, an elder of the Dragon Tribe quickly said,""Uncle long, on the account that we all have the bloodline of the dragon clan, can you let us meet miss Leng?"

"I said Xue 'er is busy! I don't have time to see you! In addition, stop trying to get close to me. Who has the blood of the dragon race like you? I'm not related to you. " Uncle long didn't give him any face at all, and he immediately choked the Dragon elder to the point that he couldn't say anything.

Hearing uncle Long's words, the great elder of White Tiger knew that it was useless to try to get close to him, so he could only tell him the truth." "Uncle long, we have a favor to ask of miss Leng."

"You have a favor to ask? Why didn't you say so earlier?" Uncle long asked faintly, but he couldn't help but sneer in his heart. These old things, are they always so blunt when they speak and do things? do they have to beat around the bush?

Ugh! Wasn't it hard to say earlier! The White Tiger first elder could not help but think to himself. Of course, he couldn't say this out loud. Otherwise, he would be ridiculed by uncle long and the others.

After making up his words, The White Tiger first elder said,""We had originally planned to personally beg miss Leng ..."

"You mean, other than Xue 'er, we can't help you?" Uncle long interrupted The White Tiger first elder before he could finish.

It was obvious that uncle long was a little angry, and The White Tiger first elder was even more at a loss. Originally, he had wanted to elevate Leng ruoxue's status, but he had not expected that he would accidentally offend uncle long. Wu ... What should he do?

The White Tiger first elder was at a complete loss. He could only look at uncle long with tears in his eyes and a pitiful expression.

Please be pitiful!

"But we really have no reason to help you." Uncle long muttered to himself.

The representatives of the three beast tribes immediately burst into tears upon hearing this.

Sobs ... Did this mean that he didn't want to care?

"Uncle long, don't be like this!" After a long silence, The White Tiger first elder finally pleaded with a choked voice.

"How am I?" Uncle long blinked in confusion.

"Don't ignore us!" The White Tiger first elder said with tears streaming down his face.

"Great Elder White Tiger, do you think Demon City is the Savior? Who has to care?" Hearing this, uncle long laughed and couldn't help but ask.

"I didn't mean it that way. We, we have a bit of friendship, right?" The first elder of The White Tiger clan asked carefully. As he spoke, he looked at uncle Long's expression, afraid that his words would anger the other party.

[Chapter 2868 You've Already Been Exposed, Stop Pretending!\(2\)](#)

"Great Elder White Tiger, we're just making a deal. Where's the friendship? Don't you forget that your three beast tribes betrayed us back then and were our enemies! Now you're asking for the enemy's help, how can the Kings of your three clans bear this!" Uncle long sneered.

Hearing this, The White Tiger first elder was heartbroken. Was the other party going to fall out with him? However, it seemed like his race and Demon City really did have a deal. Sob ... What should I do?

Uncle long glanced at The White Tiger great elder's bitter face and ordered, ""Come beast, bring the king of the three beast clans in."

The little golden bees immediately received the order, and not long after, the Kings of the three beast clans were led to the living room by a group of venomous snakes.

The representatives of the three families didn't know what to say when they saw their King in such a sorry state. They didn't understand why Uncle long had brought the Three Kings here.

The three high-spirited beast Kings were now dispirited. Their heads were drooped, and no one knew what they were thinking.

At this moment, uncle Dragon pointed at the representatives of the three beast races and said to the Phoenix King, The White Tiger King, and the Dragon Emperor, ""These elders want to ask us for help, what do you three think?"

Hearing this, the Phoenix King was the first to raise her head. When she saw the elder of the Phoenix tribe, she immediately roared, ""F * ck! Did you guys take the wrong medicine? Who was the one who

caused the Feng clan to fall to this state? You still want to ask them for help? Get back to the Feng clan and stop embarrassing me. "

Upon hearing the Phoenix King's angry roar, uncle long smiled faintly and said, ""The Phoenix King seems to be in a good state of mind!"

Upon hearing this, the Phoenix King was shocked to realize that she had exposed herself.

Your sister! Previously, she had pretended to be dispirited so that she would suffer less, but she didn't expect to be exposed so quickly. Sob ... How was she going to live her days in the future?

The Phoenix King was so regretful that his intestines turned green. She was the one who exposed herself! However, even though she was regretful, since she had already been exposed, she couldn't let herself suffer no matter what. So, without thinking, she kicked The White Tiger King and the Dragon Emperor's buttocks and roared, ""You've already been exposed, stop pretending. "

"Your sister! You're the one who's exposed! Why did you expose us?"

The White Tiger King and the Dragon Emperor were enraged! For a moment, the three beast Kings glared at each other like roosters.

Seeing them like this, uncle long laughed very happily. On the other hand, the representatives of the three beast tribes blushed, and they wanted to find a hole to hide in.

"You bastard!" This was their King? Was this really too embarrassing?

However, uncle long obviously didn't think that they had embarrassed themselves enough. He smiled and said with an unusually kind attitude, ""You guys haven't seen each other for so long, catch up! Remember, don't fight! If you break anything here, you'll have to pay a hundred times the compensation. "

After saying that, uncle long left with the others.

When they returned to the living room, it was already a few hours later.

After a few hours, the representatives of the three beast tribes were already in a sorry state. However, the Kings of the three beast tribes were clearly in an even more miserable state.

Especially The White Tiger King. When he saw uncle Dragon, it was as if he had seen a family member. He immediately hugged uncle Dragon's leg and started howling. He even begged uncle Dragon to save The White Tiger race.

Uncle long was baffled. He turned to The White Tiger first elder and asked with his eyes, ""What did you feed this old white Tiger? How did he suddenly become so weak?"

F * ck! She was even hugging his thigh. Uncle long kicked The White Tiger King away in disgust and sat down on a chair. He then looked around the living room.

Oh! Good, nothing was broken! It seemed that these Beastie had completely taken his words to heart.

"Uncle long, please save The White Tiger race!" At this moment, The White Tiger first elder also knelt down in front of uncle long and cried bitterly.

"First elder of The White Tiger clan, what are you doing? Didn't you already save The White Tiger race?" Uncle long blinked and asked in confusion.

"Only a portion of them were saved. The other half is in the hands of that B * tch, Wu Chen." Speaking of this, The White Tiger first elder was completely enraged.

More importantly, the rescued clansmen had all lost too much blood, and their combat effectiveness had been reduced, including them. Although they were standing in front of uncle long and the others as if nothing had happened, in reality, their bodies were severely depleted and they were like arrows at the end of their flight.

"But we're also enemies ..." Uncle Dragon reminded The White Tiger King.

"Uncle long, aside from Demon City, no one else can contend against that B * tch, Rime. So, you can't just leave us here, right?" The White Tiger first elder quickly said.

"You're wrong. Right now, even Demon City can't contend against that ripple mist B * tch. So, I don't think we can help you." Uncle long said honestly.

In fact, the reason why he rejected them was because he looked down on some of the three beast clans' actions. They clearly had something to ask of him, but they didn't say it directly when they came. Who were they trying to play tricks with? They didn't have the time to play guessing games with each other. More importantly, uncle long felt that the other party was not sincere. As such, the three beast tribes' request for help naturally failed.

The representatives of the three beast tribes choked with sobs upon seeing uncle Long's direct rejection.

Uncle long was annoyed by their cries and couldn't help but shout, ""What, now you regret it? when you first joined the fogriple bitch, why didn't you think that this day would come? Is this retribution?"

It was undeniable that uncle long had vented his anger after seeing the three beast clans in such a state. This was the result of asking a Tiger for its skin! Initially, he had planned to let Xue 'er tame the ORCC from the three beasts tribe! But now that he saw them in this state, he really didn't have any such thoughts at all. Even if such a beast was tamed, it would not be of much use!

Uncle long looked at the crying representatives of the three beast tribes with a look of disdain and continued to roar, ""Cry! You guys only know how to cry! A bunch of trash! To think that you all call yourselves the four great king divine beasts! Look at your current appearance, do you have the aura of the four King divine beasts? To tell you the truth, in our eyes, you are also our enemies and should be destroyed! And now that she's helped us, we can't thank her enough! You're still counting on us to help you save people? So what if he saved her? They will still become our captives. "

Uncle Long's words were venomous, but The White Tiger first elder couldn't help but say, ""Uncle long, didn't you guys save us before?"

"So what? Just because I saved you before, I have to work like a horse for you?" Uncle long said hatefully. At this moment, he really regretted suggesting for Xue 'er to tame them. If it weren't for his suggestion, they wouldn't have known that the three beast tribes had fallen, and they wouldn't have been entangled with them so naturally!

But that was then and this was now.

Seeing that the three beasts only knew how to cry and hug someone's thigh when they were in trouble, uncle long had completely given up on the idea of Xue 'er taming them. These useless beasts, even if they were tamed, it would only be a waste of food. Rather than that, it would be better to let them live and die on their own! In any case, since things had already come to this, they could no longer collude with the Rime bitch, nor would they pose any threat to them.

[Chapter 2869 You've Already Been Exposed, Stop Pretending!\(3\)](#)

With that thought in mind, it was even more natural for uncle long to despise them.

After that, he ordered the poisonous snakes to move out and send the representatives of the three beast clans away.

After the three orc tribe representatives were kicked out of Demon City, they didn't leave. Instead, they lingered at the foot of the mountain and decided to stay.

In the living room. Seeing uncle long drive away the representatives of the three beast tribes, Dongfang Yue couldn't help but tease, "What, you don't want Xue 'er to subdue them?"

"Those trash! Other than doing some physical work, it's really not of much use!" Uncle long said in disdain. He regretted it! He regretted giving Xue 'er this stupid idea.

"Actually, Xue 'er doesn't need them to be of much use. They just make up the numbers." Dongfang Lin said with a smile.

"Uh!" Uncle long was stunned. He had to see them to make up the numbers, right? Now, he really didn't want to see those useless people who only knew how to cry.

"Make up for what?" Leng ruoxue heard the conversation between uncle long and the others just as she walked into the living room. She couldn't help but ask curiously.

"Hehe!" Dongfang Lin smiled as he recounted what had happened to Leng ruoxue in detail.

After Leng ruoxue heard this, she smiled faintly and said, "So be it! However, you have to collect the reward for saving them. "

"Don't worry, I've already sent the thank you gift. " Dongfang Lin smirked.

Leng ruoxue nodded her head.

At this moment, the baby ran in happily and jumped into Leng ruoxue's arms. "Sister, don't you need to practice beast taming? I've talked to old snake and the others, they're willing to let you tame them. "

"Really? Baby, don't force them to agree!" Leng ruoxue said sternly.

"Miss Leng, Lord beast deity didn't force us to agree. We did it willingly!" Old venomous snake, who had just arrived, quickly said.

They knew that Leng ruoxue's cultivation technique was different from the rest, and one of them required her to master the beast taming technique. In order to defeat Wu Jing, the old Viper felt that it

was necessary for them to support her. After all, they had a common enemy with Leng ruoxue. In addition to their relationship with the beast God, they were extremely close to Leng ruoxue no matter how one looked at it! Furthermore, they were very optimistic about Leng ruoxue's character, so they did not reject the idea of becoming her Beastie.

As for Leng ruoxue, after hearing old venomous snake's words, she was so touched that she didn't know what to say.

She even felt that her luck was really too good. There were always some kind and understanding beasties around her, and these beasties were so sincere towards her. She naturally had to return the favor.

"Thank you, I won't mistreat you." After some thought, Leng ruoxue only said this.

Old venomous snake simply smiled and said, "Master, we finally don't have to call you miss Leng this time."

Hearing this, everyone could not help but laugh.

After that, Leng ruoxue and the rest came to the courtyard. The venomous snakes had already assembled. Other than the venomous snakes, the Golden Bee tribe had also rushed over to join in the fun.

The Golden Bee leader looked at Leng ruoxue and smiled in embarrassment. "We're here to join in the fun. Master won't mind us, right?"

"Thank you," Leng ruoxue touched the head of the leading Golden Bee. She would remember the sacrifices these beasts had made for her! In the future, they would all be his family.

After successfully taming these beasts, Leng ruoxue signed the equality contract with them. After that, she could clearly feel that her beast taming skills had improved by several levels.

In fact, after she had arrived in the immortal realm, beast taming techniques had basically disappeared, so there was no way to test the levels of a Beast Tamer. There was also no detailed record of a Beast Tamer in the 'heaven defying art'. Therefore, she could only rely on her previous experience and slowly explore to advance. However, now it seemed that a Beast Tamer still needed to tame more beasts before they could successfully advance.

Even though Leng ruoxue wasn't sure what rank her beast taming technique had reached, she had a feeling that it wouldn't take much for her beast taming technique to reach the great circle. This result made her rather excited.

When uncle long and the others saw the smile on Xue 'er's beautiful face, they thought that her beast taming technique had reached the great success stage. However, when they asked, they found out that she was still lacking a little. Immediately, everyone's faces turned bitter again. The old Viper didn't say a word and quietly left Demon City.

Old venomous snake had left quite secretly, and no one had noticed him at the time. By the time they realized that old venomous snake was gone, the other party had long disappeared.

Everyone really wanted to ridicule old venomous snake's elusive appearance. Why didn't this old fellow say a word before he left?

Three days later.

Old venomous snake returned in high spirits.

Looking at the old Viper who seemed to have returned home in glory, uncle long, who was the first to see him, couldn't help but tease, "I say, old venomous snake, you've found a second spring? Why are you so happy?"

"You've only just found a second spring. I've brought a lot of beasts for master." Old venomous snake said proudly.

"Beastie? Where is he?" When uncle long heard this, he couldn't help but look up and down. However, other than the old poisonous snake, there was no trace of any other Beastie.

"They'll be here in a few days. We have to pack up and move the whole family!" Old snake said matter-of-factly.

"That's true. " Uncle long nodded.

Uncle long was very grateful for old snake's kindness, but at the same time, he felt that he hadn't done enough. At least, he didn't have so many beasts in his hands to take out.

Uncle long was worried.

Wait a minute! Wasn't he just a Beastie?

After being a human for so long, uncle long had almost forgotten that he was also a Beastie. Now that he suddenly recalled it, he immediately left the old venomous snake and ran off to find Leng ruoxue.

Upon seeing Leng ruoxue, uncle long said directly, "Xue 'er, please tame me!"

The moment he said this, Leng ruoxue was baffled. The others also looked at uncle long as if they were looking at a lunatic.

"Uncle long, if you haven't taken your medicine, go back and take it. Are you crazy?" The head elder of the craftsmen's Guild headquarters couldn't help but ridicule.

"You bastard! You're the crazy one! Your whole family has gone crazy! I'm speaking from my heart!"

Uncle long exploded when he heard this. He was about to go crazy, especially when he saw that everyone else was looking at him with a look of deep agreement.

"Alright! Truth! But why did you ask Xue 'er to tame you!" The first elder of the blacksmiths still had a look of 'are you crazy?' on his face. He looked at uncle long.

"Xue 'er needs Beastie, right? I'm the same!" Uncle long said matter-of-factly. This time, everyone finally knew the crux of the problem.

However, after getting along with uncle long for so long, they had long since stopped treating him as a Beastie.

Leng ruoxue felt the same way. When she heard uncle Long's words, she was speechless as if she had seen a ghost. "Uncle long, I've never treated you as a Beastie, and I don't dare to tame you."

"Xue 'er, are you looking down on me?" Uncle long said sadly.

"No, in my heart, you're my elder. How can I tame you?" Leng ruoxue was almost driven mad by uncle Long's resentful tone as she hurriedly replied.

"But this is for your cultivation!" Uncle long continued to persuade.

"That's reasonable. I should also support you. " Ice Spirit, who had been sitting silently on the side, suddenly spoke.

Ice Spirit also joined in the fun, and this scared Leng ruoxue so much that she couldn't sit still.

Leng ruoxue stood up from her chair and said carefully, "I suddenly remembered that I still have something to do, so I won't be accompanying you guys. Everyone, please help yourself. " With that, she disappeared from everyone's sight.

Seeing Leng ruoxue running away in a panic, the weapon craftsmen Guild's first elder sighed and said, "Look at how you've scared Xue 'er, what are you trying to do?"

"I'm serious. " Uncle long and Bing po said in unison. It was undeniable that the actions of the poisonous snakes and the Golden Bee tribe had touched them greatly. This was something that they had never thought of before. Now that they thought about it, they were really incompetent. They had known Xue 'er for a long time, but the poisonous snakes and bees had gotten there before them ...

"Serious my ass! By doing this, have you ever thought about Xue 'er's feelings? "She treats you like family ..." The chief elder of the craftsmen's Guild reminded.

"That's why we should be in front of those poisonous snakes and bees! But now, we're clearly behind. " Uncle long said before the great elder of the craftsmen's Guild could finish.

"No matter what you think, just give up on that idea!" Sighing, the head elder of the craftsmen's Guild said.

"Yes, there are many beasts in the world. If there's not enough, I'll go to the lower realm to catch them. I don't need you to offer your bodies." Dongfang Yue was also speechless.

"The lower realm Beastie's strength is too low. It's useless to capture it." Uncle long said in a low voice. Clearly, he had not given up yet.

"I don't need you. Just do what you need to do." Dongfang Yue said angrily.

After being yelled at by him, uncle long immediately became obedient. However, whenever he saw Xue 'er, he could not help but want to mention this matter. It scared Leng ruoxue so much that she did not dare to leave her room for a few days, afraid that uncle long would pester her.

Fortunately, old venomous snake's actions were very effective. Five days later, all the friends he had gathered had arrived, and Leng ruoxue was finally able to escape from uncle Long's pestering.

The following taming process went smoothly. After signing the equality contract, Leng ruoxue finally felt that her beast taming technique had reached perfection!

This fact moved Leng ruoxue to tears. More importantly, uncle long finally had no reason to pester her anymore. She no longer had to hide from uncle long in fear.

Everyone was happy!

When he found out that Leng ruoxue's beast taming technique had finally reached the great circle of perfection, uncle long was initially a little disappointed because he was still unable to help! However, his disappointment only lasted for a moment. He immediately felt happy for Xue 'er. However, he was also a little worried. Xue 'er's beast taming technique had reached perfection, so wouldn't The White Tiger King and the others be useless?

One had to know that those three guys were prepared to make up for Xue 'er's numbers, but now it was obvious that they were not being used, so how should he deal with them?

[Chapter 2870 First Time In The Chaos World \(1\)](#)

After telling Leng ruoxue about this, she suddenly recalled that there were three prisoners that could be tamed. However, what was the point of taming them? Be a servant? To be honest, she really didn't want to see those three. Besides, Feng Zhan and Bai Xu wouldn't let them go. If they escaped just because she had tamed them, she would be depressed to death!

After some thought, Leng ruoxue said, "senior ice soul, didn't you want to deal with the three of them?" But we can't kill them yet. After all, they're traitors. We can't let them die easily. "

"Yes." Uncle long nodded in agreement. He quickly took the three prisoners to find the ice Spirit.

As for Leng ruoxue, after she had perfected her beast taming technique, she immediately went to look for Shui mo and the two of them went to study the array together.

Shui mo was a formation fanatic. After he finally caught Leng ruoxue, he wouldn't let her go. No one could ask him for her. Shui mo even said that whoever wanted to snatch Leng ruoxue from him would have to defeat him ...

When everyone heard this, they immediately gave up fighting for Xue 'er and went to do what they were supposed to do.

As for Leng ruoxue, in order to buy more time, she brought Shui mo into the bracelet and used time acceleration. This way, the two of them had more time to study the formation. Shui mo, on the other hand, was relatively calm after seeing Xue 'er's space. He only took one look before entering the room that Leng ruoxue had prepared for him and buried his head in studying the array.

Seeing this, Leng ruoxue felt that she couldn't fall behind too much, so she quickly followed him in.

Just like that, Leng ruoxue continued to hide in the bracelet and focus on her own matters. The matters of Demon City were still left to uncle long and the others.

Another three years passed.

The people who had gone out to gain experience returned in high spirits.

Mu li and the others, who had been sent to watch over them, had also returned.

The first thing mu li did when he returned was to ask about Leng ruoxue. When he heard from uncle long and the others that Leng ruoxue had once come out of closed-door cultivation, but was now in closed-door cultivation again, his face was filled with regret.

"Why didn't you wait for me?" Mu li was very depressed. He had been loitering outside for the past three years. Other than hearing about the situation in Demon City, he had never heard of Leng ruoxue coming out of seclusion. Otherwise, he would have returned long ago.

"Why wait for you? Are you the Lord?" Mingge asked with a smirk.

"Uh! We're also old acquaintances!" Mu li said dejectedly. In reality, he wanted to see Leng ruoxue's current condition so that he could report to his Lord! But now, there was no chance.

"Old acquaintance or new acquaintance, Xue 'er is very busy, I don't have time to reminisce with you now." After hearing mu Li's words, uncle long also said.

"Little Dragon, why have you learned from Ming GE? how dare you bully me!" Seeing that uncle long didn't help him, and was even suspected of hitting him when he was down, mu li was deeply worried.

"Uh! You're my senior, how would I dare to bully you!" Uncle long said as if he had been wronged.

"You're all bullying me. Wu.....Xue 'er, come out and help me!" When mu li heard this, she cried out in grievance.

"What are you howling for?" All of a sudden, a slightly displeased female voice was heard. Everyone turned around when they heard it and happened to see Leng ruoxue standing not too far away from them, looking at a certain someone with a helpless expression.

A certain someone was still unaware of it. When he saw Leng ruoxue, it was as if he had seen his Savior. With tears in his eyes, he pounced on her and hugged her leg tightly as he sobbed, ""Xue 'er, Xue' er, you have to help me! They are all bullying me! They're bullying me for being alone! Wuwu ..."

Leng ruoxue's face darkened when she heard this. She forcefully pulled her leg away and said in a speechless manner, ""Mu li City Master, you're still alone? Alright, quickly get up! Don't act pitiful. "

After not seeing her for a few years, why did mu li seem to have changed? Or was this his true face? Leng ruoxue was disappointed.

Mu li saw that it was useless to pretend to be pitiful, so she got up resentfully and kept complaining, ""Didn't they say that you'll only be soft-hearted if you act pitiful? Could this information be wrong?"

"That also depends on the person. You can forget about it!" Hearing mu Li's words, Leng ruoxue was even more speechless.

"Xue 'er, how can you look down on me?" Mu li was unhappy when she heard that. She looked at Leng ruoxue with a face full of resentment.

"Why do I feel that these words sound so familiar?" Blinking her eyes, Leng ruoxue couldn't help but look at uncle long.

Instantly, uncle Long's face turned red. He quickly changed the topic and asked, ""Xue 'er, how's your cultivation going?"

"I've already perfected the formation, but I'm still lacking in alchemy and blacksmithing, mainly because I don't have the materials. " Leng ruoxue said, feeling a little depressed.

Initially, she thought that she had prepared enough materials. Coupled with the years of hard work in the bracelet, her alchemy and weapon refinement skills had reached the level of a weapon God and an alchemy God. This was already considered the top level among alchemists and weapon masters. Who knew that Qing Jue would tell her that it was only the level of an ordinary Alchemist and Weapon Master? the requirements for her were not that simple. If she wanted to be a Paragon in alchemy and blacksmithing, she would have to be able to forge Primal Chaos Divine pills and acquired Primal Chaos Divine weapons.

Just by hearing these two names, one would know that it must be something grand. In fact, this was indeed the case. Since they dared to call themselves chaos, they must be related to chaos. Therefore, in addition to the air of chaos, some of the materials needed must be produced in the land of chaos.

This was the first time Leng ruoxue had heard of the land of chaos, let alone the fact that she had no idea where it was. According to Qing Jue's explanation, the land of chaos was where he was born. That was the home of the living beings born from chaos. To put it bluntly, that place was also the home of his master and the demon.

Qing Jue also said that the land of chaos actually bred many things, but only a few of them could become living beings. Those lifeless materials were the best materials to refine Chaos Divine pills and houtian Chaos Divine weapons.

However, the land of chaos was far and unknown, and it was not something that ordinary people could reach. She even said that she couldn't go now.

When she heard this, Leng ruoxue really wanted to curse the heavens!

"You bastard!" If she couldn't go, how was she going to refine medicinal pills and divine artifacts?

When Leng ruoxue told uncle long and the others what Qing Jue had told her, they were dumbfounded.

Can't go? Can't go? Then what should he do? Without the materials, Xue 'er's alchemy and weapon refinement could not reach perfection. If she could not reach perfection, it meant that Xue' er could not advance. If she could not advance, she would not be able to fight against fog ice ...

This chain reaction was closely related. Wasn't this a scam?

Originally, when uncle long heard that Xue 'er didn't have enough materials, he had wanted to ask her what she was lacking! But now that he heard it, what was it that he couldn't help with?

Instantly, uncle long became depressed. Most of the people present were also depressed.

Al! The things that Xue 'er came into contact with were getting more and more high-end and sophisticated. It was obvious that ordinary reverent-god level cultivators could no longer help her.
