

## **Crazy Wife 2901**

### [Chapter 2901 You're Really An Acquaintance \(2\)](#)

For a moment, everyone was speechless.

After a long time, uncle long couldn't help but ask, ""Senior Ice Spirit, why didn't the Mistress of the Dark World give you special training?"

"I have to take care of the child." Bing po said after looking at uncle long.

"..." Uncle long and the others were a little confused. How could this excuse work?

Looking at Bing po and Bing Yao in his arms, uncle long and the others had to admit that it was great to have a kid as a shield! However, Bing Yao wasn't a newborn baby. Did the Mistress of the Dark World need to take care of her so much? He should be treated equally, right?

In an instant, uncle long and the others felt unbalanced again.

So what if you have a baby? They...They will have it too!

Everyone glared at ice soul, but ice soul didn't seem to feel that she had attracted any hatred. She just hugged her Ice Phoenix and smiled foolishly.

Seeing his silly look, uncle long and the others suddenly felt better. As a father, ice soul's intelligence had indeed dropped a lot. The ice Spirit in front of him had the Halo of a silly father in addition to the twenty-four filial piety father. They were also suspicious of Ice Spirit's words. No matter how they looked at it, they felt that Ice Spirit had become stupid, which was why the Mistress of the Dark World let him go.

They had to admit that they knew the truth.

The reason why the demon didn't cause trouble for Ice Spirit was that when the demon found him, he was holding his child and smiling at the demon. When the demon saw his silly look, he immediately lost the mood to fight with him. In this way, he successfully escaped. Since then, Ice Spirit liked to smile like a fool.

At this moment, uncle long and the others also decided not to compete with him. He would think of another way! After all, they couldn't compare who was stupider!

Al! He couldn't afford to hurt a beast with a lowered intelligence!

After thinking for a long time, Dongfang Lin carefully said, ""Why don't we return to Demon City?"

"Who's going to send us back?" Uncle long asked, blinking his eyes.

The Mistress of the Dark World didn't dare to cause trouble, but could she find Cang? After all, it was Cang who had brought them here.

However, in recent years, Cang Du and Qing Jue had been together. They rarely came out, so they couldn't find them even if they wanted to!

Although they agreed with Dongfang Lin's suggestion that the Mistress of the Dark World would not be able to find trouble with them once they returned to Demon City, the question of how to get back was a huge problem.

Senior Cang was depressed, and it was hard to say whether he would pay them any attention.

"Let's find Cang!" Dongfang Lin revealed his plan.

"Alright, you can go and find it." Uncle long and the others glanced at Dongfang Lin and gave him the task.

"Fine, I'll go!" Dongfang Lin's anger was ignited after being provoked. He could not help but glare at the crowd in disdain as he thought to himself, "what a bunch of cowards."

"Lord, Lord Cang?" After saying that, Dongfang Lin began to call out Azure's name from the garden.

Unfortunately, after summoning for a long time, Cang Du didn't appear.

Immediately, Dongfang Lin's heart turned cold. Wu ... Master Cang really didn't give him face!

In the bracelet.

Qing Jue kicked Cang's butt, who was sleeping soundly, and shouted, "Silly cat, someone is looking for you outside!"

"I'm not free, don't disturb my sleep, you little brat!" Half-Azure squinted his eyes as he growled in anger.

"You're really not going out?" Qing Jue asked with uncertainty.

"I'm not going out. I want to sleep. Once I wake up, Niu will be able to craft a houtian Chaos Divine artifact. " Cang said with drowsy eyes. As he spoke, he yawned.

"Since you're not going out, I'll have to move them in." Green vessel laughed evilly and said.

"You dare! Don't let them disturb me!" Cang Huo, who had his eyes half-closed, roared.

"That's not up to you. Don't forget, this is my territory. " Qing Jue warned.

"Are you threatening me?" Cang squinted his eyes before asking calmly.

"I'm just telling the truth! In any case, big sister is refining and I'm quite bored. You've been sleeping non-stop, so it's also a little fun to bring them in. " Qing Jue said with a smile.

"If you're not afraid of that damn evildoer coming after you, you can move the people in. I don't mind." Hearing Qing Jue's words, Cang became calmer and even looked at Qing Jue with sympathy.

As an Artifact Spirit, it was all too clear about green vessel's intentions. Therefore, it did not hesitate to use its trump card, the demonic man. When Qing Jue heard this, other than being stunned for a moment, he quickly calmed down and moved uncle long and the others into the bracelet without being threatened.

Uncle long and the others, who were sighing in the garden, saw that the scenery in front of them had changed in the blink of an eye. They immediately realized where they were and looked around with wild joy.

Afraid that they would not be able to find him, Qing Jue took the initiative to show them the way, ""Azure is in the purple bamboo house, quickly go find it!"

After doing these small actions, Qing Jue smiled proudly and took small steps to do his own things.

At the same time, uncle long and the others had also caught up with Azure.

"Senior Azure, take us back to Demon City!" Uncle long said directly.

"Ye won't go back, I want to wait for Niu." Azure didn't even lift his eyelids as he lazily said.

"Then can you send us back first?" Dongfang Lin asked anxiously. He was also the one who had been tortured the most by the Mistress of the Dark World, so he wanted to hide as far away as possible.

Hearing this, Cang was finally willing to open his eyes a little. As if he didn't know Dongfang Lin, he indifferently said, "Do you think that you won't waste your divine power by making a round trip? I'll tell you, the last time I came here, I lost a lot of divine power and have not recovered yet! We'll talk about it after I recover!"

"Uh!" Hearing this, Dongfang Lin was stunned. Since Cang Du had said so, he really had no choice. Even though he wanted to ask how long it would take for Cang to recover his lost divine power and bring them home, seeing Cang's impatient appearance, he tactfully swallowed his question.

"You guys want to go home just to avoid that damn demon!" Azure laughed. Actually, there's no need for that at all. "

"Why is it not necessary?" Dongfang Lin asked in a daze.

"There's no need to avoid him, just stay here obediently. Of course, the premise is that the bad guy, Qing Jue, doesn't bring that damn demon in. Otherwise, you guys won't be able to escape either. So, go and beg him! Only that scoundrel can help you. " Cang gave an idea and sent these pitiful people to green vessel.

When everyone heard this, it seemed to make sense. Therefore, uncle long and the rest ran to find green vessel without any hesitation.

As a result, Qing Jue was almost driven mad by uncle long and the others. Then, in a fit of anger, he moved uncle long and the others out.

After returning to the garden, uncle long and the others were completely depressed.

Coincidentally, at this time, the demon who was in a bad mood blocked them again.

Looking at uncle long and the others who were obviously not looking too good, the demon revealed a beautiful smile and asked with concern, ""What's wrong? are you sick?"

[Chapter 2902 You're Really An Acquaintance \(3\)](#)

"Uh! It's not very comfortable. " Uncle long said weakly. Then, he followed the others and moved towards an area. If the situation didn't look right, he had to run away! Otherwise, whoever was blocked by the Mistress of the Dark World would be in trouble.

"I have medicine here, you'll be fine after taking it." Hearing uncle Long's words, the demon took out a bottle of pills and waved it in front of everyone.

Looking at the familiar Jade bottle, uncle long and the others were a little confused. Wasn't this the pill that Xue 'er produced during the process of refining the chaos Divine pill? What did the dark mistress mean by this? He wanted to use them to test medicine?

Thinking of this possibility, everyone shivered.

The Mistress of the Dark World was indeed in a bad mood today!

In fact, it wasn't that the demon was in a bad mood. It was just that his divine sense had accidentally scanned uncle long and the others and found that they were playing tricks, so he came over to teach them a little lesson.

But seeing that uncle long and the others were really afraid, he didn't have the mood to continue teasing them.

After a long time, uncle long said carefully, ""It's not serious enough to require medicine. We're just homesick!"

"What's wrong? are you homesick? do you need me to send you back?" Seeing that uncle long and the others were silent, the demon continued to ask.

..."Is this true?

Uncle long and the others could not believe that such a good thing would happen. Hence, they did not say anything and looked at the evildoer with anticipation.

"If you really want to go back, I can send you back." The demon saw that his credibility was being questioned and repeated.

Seeing that the demon was serious, uncle long nodded. ""I want to go home."

"What about you guys?" After seeing uncle long nod in satisfaction, the demon asked the others.

"Let's go back too!" The rest of the people said in unison.

"Then go back!" The demon said in a good mood. Then, he raised his hand, and the chaos World opened up like a giant beast with its mouth open, revealing a thin and long hole.

Before uncle long and the others could react, they were all picked up by the demon and thrown into the huge beast's mouth.

After cleaning up uncle long and the others, the demon returned to the spare weapon refining room in a good mood. Now, other than the few professionals who were assisting Xue 'er, there were quite a few less third wheels!

Seeing the demon return, Leng ruoxue, who had finished her preparations for weapon refinement, asked in surprise, "Evildoer, where have you been?"

"I'll send uncle long and the others off. They were homesick, so I sent them back. " The demon calmly explained and then sat down again.

"Oh! They've been out for long enough this time, so it's good to send them back first. " Leng ruoxue didn't suspect him. She then turned her attention back to the weapon furnace.

However, the few professionals who were present had heard the conversation between the two of them and received a faint look of disdain from the demon. They automatically lowered their presence to avoid angering this Big Shot who was in a bad mood.

The demon was quite satisfied with their tactfulness.

At the same time, uncle long and the others didn't feel good.

From the moment they were thrown into the spatial tunnel, they had been feeling dizzy. No matter how much strength they used, they could not control the flow of their bodies. It was as if their bodies were being controlled by someone, and they were constantly being shot out like cannonballs. When they finally managed to catch their breath, they began to fall down again ...

Fiend city in the divine realm.

As usual, mu li and the others were sitting in the garden and doing nothing. At this moment, the sky suddenly changed color and turned pitch black.

Seeing this scene, Mingge seemed to have some feelings and said, "This scene is so familiar!"

"Which part is familiar?" Mu li blinked and asked curiously. It was probably going to rain!

Sure enough, as soon as he thought of this, the sky began to rain. No, it was the servants. At the same time, it was accompanied by a pressure that they were quite familiar with.

Needless to say, this was definitely his Lord's doing. After sensing the pressure, Ming GE immediately understood.

As for those who fell directly into the pool, he was speechless and did not know what to say.

Was this his Lord's bad taste?

Of all places, these people had to fall into the pool that the city Lord of muli city had once fallen into.

This time, the city Lord of muli city had a brother in trouble.

Ming GE, who was watching, was very happy to fill in the blanks. Uncle long and the others who fell into the water were extremely depressed.

They climbed up to the shore in a sorry state. After drying their clothes, they pretended to be calm and looked at mu li and the others.

"We're back. " Uncle long said awkwardly. It was really embarrassing to return home like this!

Wu ... Without a doubt, the Mistress of the Dark World did it on purpose.

"Only you guys came back?" Ming GE tactfully asked with a smile as she searched for Leng ruoxue's figure.

Leng ruoxue didn't return? Or behind?

"Yup!" He looked at the lineup behind him. Even the reverent-God had returned, and there were also the Qilins from the Qilin clan. As the venomous snake Clan and the Golden Bee clan had been staying in green vessel's territory, they were spared.

They were the only disgraceful ones!

"The future netherworld Empress ... Didn't come back?" Mu li couldn't help but ask when he heard uncle Long's words.

"No, Xue 'er is still refining. She won't be back in a short time." Uncle long said honestly.

"I see!" Mu li didn't know what to say. It seemed that the matter of the little Phoenix had to continue waiting.

"What's the matter? are you looking for Xue 'er?" Upon hearing mu Li's tone, uncle long realized that something big had happened in Demon City.

"A little, but it's not a big deal." Mu li saw that uncle long had suddenly become nervous and quickly said.

Then, he explained what had happened to uncle long and the others.

After hearing this, uncle long and the others all frowned.

They still had some impression of the little Phoenix called Qing 'er. Wasn't she the one who had come to Demon City to challenge Xue' er? However, he did not know who the old ancestor she was talking about was.

With a trace of doubt, uncle long and the others decided to meet the little Phoenix in person. Seeing this, mu li transmitted a message to The White Tiger first elder, asking him to bring Qing 'er up.

During this period, under The White Tiger great elder's advice, Qing 'er had calmed down a lot. Perhaps it was because she had completely seen through the situation in front of her, so she was no longer so angry. But at the same time, she had also become silent, sometimes not saying a word for several days.

When The White Tiger great elder reported this matter to them, mu li and the others were well aware that the little Phoenix's situation could not be considered to be silent. It was just a self-exile after being powerless.

He brought Qing 'er to the Leng family's main residence. The White Tiger great elder saw uncle long with a single glance, and immediately said in surprise, ""Master is back?"

Hearing the words of The White Tiger great elder, Qing 'er also raised her head, her beautiful Phoenix eyes shining with a glimmer of light.

"Xue 'er didn't come back, only the few of us came back." Uncle Long's mouth twitched when he heard the old white Tiger call Xue 'er master.' This old man is really sticking to Xue 'er!

Hmph! It really knew how to hug someone's thigh!

"When can she come back?" Qing 'er asked anxiously.

"I don't know. Maybe 50 years, maybe 100 years." Uncle long replied kindly.

"Why do you need so long? What the hell is she doing!" Hearing that there was no hope, Qing 'er broke down again and couldn't help but shout.

Uncle long heard the questioning and said unhappily, ""To cultivate, of course."

"Do you need that long to cultivate? Where did he go to cultivate?" Qing 'er couldn't help asking.

"When you Phoenix-kind start cultivating, it will take at least a thousand years, if not ten thousand years. Why is a hundred years considered long? Also, where Xue 'er goes to cultivate is a secret. I can't tell you. " Uncle long said coldly.

"I didn't mean it that way. It's just that I have an urgent matter that I need to look for Leng ruoxue." Qing 'er could hear uncle Long's dissatisfaction with her, so she quickly changed her tone and said gently. Now, she was the one who could be saved. As The White Tiger first elder had said, it was necessary for her to lower her stance.

"You'll have to wait if you want to find Xue 'er. " Uncle long said calmly.

"We can't wait, we really can't wait. Human lives are at stake!" Qing 'er sobbed.

"Don't worry, it's only a hundred years. Isn't your ancestor a reverent-God? You won't die. " Uncle long narrowed his eyes and remained calm.

He truly felt that nothing was more important than Xue 'er's cultivation at the moment. Furthermore, even if the Mistress of the Dark World knew about this, she would most likely not tell Xue' er. As for them, they had lost contact with the land of chaos ever since they returned to Demon City. Therefore, this Little Phoenix was destined to be disappointed.

When Qing 'er heard uncle Long's words, she immediately burst into tears. As she cried and cried, she knelt in front of uncle long and the others and begged, ""I beg you, please save my family's old ancestor. We really can't wait a hundred years! The city Lord of the abandoned land will torture the three ancestors. "

Qing 'er felt that without Leng ruoxue, if these people were willing to help her, she would definitely be able to save her old ancestor. The reason why she didn't kneel and beg mu li and the others was because she didn't know their strength. However, uncle long and the others were different. These people were legendary existences in the divine world. Qing' er had heard of their names long ago, so she was naturally convinced of their strength. Now, she could only ask them for help.

Hearing Qing 'er cry so sadly, uncle long felt a little embarrassed. Just as the city Lord of muli city had said, they were not clear about the strength of the city of desolation. If they attacked rashly, everything would be unpredictable. What if they got themselves into trouble ...

To them, the most important enemy was that B \* tch, Wu Chen. The city of desolation was Wu Chen's territory, so uncle long and the others really didn't dare to take the risk. Most importantly, if this was a trap, they would only be courting death if they went in the absence of Xue 'er and Cang.

Uncle long didn't dare to act rashly. Seeing that Qing 'er was crying again, he gradually became irritated and shouted helplessly, ""Little Phoenix, can you solve the problem by crying? By the way, what are the names of your three ancestors?"

"My ancestor is the sixth elder of the Phoenix Clan. The other two are called Feng Miao and Feng Huo." Qing 'er wiped her tears and obediently replied.

They were really acquaintances!

Uncle long and the others couldn't help but think to themselves.

### [Chapter 2903 The City Of Abandoned Ruins 'Tradition \(1\)](#)

However, he was not willing to give this Little Phoenix too much hope. He said, ""Little Phoenix, we need to discuss the matter you mentioned. You can go back first!"

Seeing that she had been chased out just like that, Qing 'er's disappointment could not help but be displayed on her face. Soon after, she was unwillingly pulled away by The White Tiger great elder ...

Before she left, Qing 'er kept looking at uncle long and the others with a resentful look.

Glancing at Qing 'er's back, mu li said unhappily, ""This Little Phoenix treats you and US two completely different ways!"

"Puchi!" Hearing mu Li's complaints, uncle long and the others couldn't help but laugh. They had heard the specific situation from mu li, but they couldn't help it!

"What are you going to do about this?" Ice Spirit asked.

"What do you think, senior ice soul?" Uncle long asked instead of answering.

"I know the city of abandoned ruins, but it's not a good place. With our current strength, we can go there and retreat safely, but it will be difficult to save people." Ice Spirit's words were very subtle. What he didn't say was that he heard that there was a fog clone guarding the place. The fog ice clone had about one-third of the strength of the fog ice, which was almost equivalent to an ordinary reverent-god level. It didn't seem to be very powerful, but it was very difficult to deal with. Unless Xue 'er was there, it would be a waste of time for them to go there. On the contrary, they might even alarm the fog ice.

"Then what should we do?" Dongfang Yue said worriedly.

"Why? are those three old phoenixes very close to Xue 'er?" Ice soul asked curiously after seeing Dongfang Yue's expression.

As one of the four supreme divinity Kings, Ice Spirit would definitely help if there was a chance. However, it would be very difficult to save them with just the few of them. They might even get themselves into trouble. As such, he was not willing to help. After all, he still had his son and his tribesmen. He really did not have the extra energy to care about the affairs of the other beast clans.

However, judging from Dongfang Yue's expression, it was obvious that there was a secret he didn't know about! As such, he had to be careful.

"Feng Miao and Feng Huo are Xue 'er's Beastie." Dongfang Yue said honestly.

As soon as he said that, Bing po, mu li, and the others who didn't know the truth couldn't help but widen their eyes. They couldn't help but sigh in their hearts. Xue 'er is so powerful! When did he manage to recruit the Phoenix clan's old ancestor? As such, they had no choice but to take it seriously.

"It looks like we can't just ignore this." After a long time, mu li said.

"Then, let's send a few people to explore the deserted land first! We can't be in a rush to save people. " Ice soul said after thinking for a while.

Hearing this, everyone nodded their heads. However, they all had a tacit understanding not to tell Qing 'er's little Phoenix about this matter, in case the other party's expectations were too high.

In the end, the result of the discussion was that ice soul, uncle Dragon, Dongfang Yue, and Ming GE would disguise themselves and head to the city of forsaken desolation, while the rest of the people would stay in Demon City.

After the four Supreme gods set off, they began to take turns to teleport. However, the city of desolation was quite far from the City of Demons. Even with teleportation, they still had not reached their destination after three months. Moreover, the further they went, the more desolate it became.

"There's a city of abandoned ruins here?" Mingge looked around. The ground was covered in yellow sand, and there was no green or human figure to be seen. It was even more desolate than the nine nether nether prison. The only thing that was better than the nine nether nether prison was that the sky was blue.

"We have to cross this desert." Ice Spirit told the truth and then said, "Be careful, there are many powerful beasts in this desert."

The Beastie he was referring to was, of course, the Earth Dragon, the Scorpion, the spider, and so on. However, as an outsider, Mingge was not aware of this. He was even eager to catch one and ask Leng ruoxue to help him tame it.

Hearing his thoughts, the other three couldn't help but have strange expressions. Uncle long even patted his shoulder and said, ""Good idea. I support you."

"Uh! Thank you for your support. " Mingge replied in a daze. Looking at the expressions of the three, he clearly felt that something was wrong. How could this be?

But at this time, no one could answer his question.

After ice Spirit released her aura, she said to the three of them, ""Let's go! Teleport over there. "

After saying that, he used his divine power to cover the three of them and prepared to fly them over the desert.

After floating in the air, Mingge searched around with her eyes in boredom. Suddenly, he felt that a piece of desert not far away seemed to be moving. He told Ice Spirit and the other two about this, but they didn't even bat an eye.

At that moment, a huge, sticky, and disgusting thing suddenly popped out of the moving desert. It looked like a snake, but it was not. He didn't know if it was the head or the tail, and he was so scared that his face turned pale.

"You bastard!" What was this? He's so ugly!

He turned to look at Ice Spirit and the other two, but they were very calm. Uncle long was ready to attack.

"W-What's this?" Ming GE asked carefully as she trembled and resisted the nauseating feeling.

"The beast you want to contract is called Earth Dragon." Dongfang Yue replied calmly.

"Uh!" Mingge felt her stomach turn sour. If all the beasts here were like this, he would rather not have them! Your sister! What kind of Beastie was this! It was even more disgusting than the nine nether nether prison!

At this moment, Mingge deeply felt that even the evil spirits of the nine nether nether prison were a hundred times stronger than this disgusting beast.

This thing really affected the appetite of others.

In the blink of an eye, while Mingge was still feeling nauseated, uncle Dragon and Dongfang Yue had joined forces and quickly eliminated the Earth Dragon. After the Earth Dragon was smashed into pieces, it sprayed out a dark yellow liquid, making Mingge unable to help but vomit.

When he was done vomiting, his little face was even paler.

Uncle long patted him on the shoulder and said helplessly, ""Mingge, you're still lacking in training!"

"En, if we encounter another Earth Dragon later, I'll let you take action." Ice soul nodded, but he was laughing inside. Back then, he had deliberately not explained in detail the beasts that would be found in the desert. Now, he had indeed seen such an interesting scene.

"Wuu ... Spare me please?" Upon hearing this, Mingge burst into tears. He had seen a lot of disgusting things in the nine nether nether prison, but he felt that they were nothing compared to the Earth Dragon that ice soul was talking about.

In fact, the reason why the visual impact just now was so great was mainly because he was not mentally prepared. If ice soul and the other two had told him about this in advance, he might not have ended up like this. But now, the powerful Mingge was undeniably frightened by the Earth Dragon.

Furthermore, this disgusting Earth Dragon might become a nightmare that would accompany him for a long time.

"Hahaha!" Looking at Ming GE's timid appearance, uncle long and the other two laughed out loud without any sympathy, which only made Ming GE's eyes look even more resentful.

## [Chapter 2904 The City Of Abandoned Ruins 'Tradition \(2\)](#)

However, his pitiful appearance was completely ignored by the other three. Then, Ice Spirit continued on her way.

Logically speaking, with his pressure, most of the beasts in the desert would not dare to come out and loiter around. However, there would always be those who were blind, such as the Earth Dragon. Of course, the earth dragons did not do this on purpose. They could ignore the ice Spirit's pressure because no matter how strong they were, they could not develop intelligence. They were cold-blooded animals, so the pressure from the ice Spirit's bloodline had little effect on them.

Moreover, the earth dragons in this desert were not very strong, so it was not difficult for uncle Dragon and Dongfang Yue to eliminate them. However, the earth dragons that appeared from time to time had pushed Mingge's mental endurance to the limit.

By the time they crossed the desert, there was not a trace of blood on Mingge's face. As soon as he landed on the ground, he ran to a giant tree, hugged it, and vomited again.

Seeing him like this, uncle long was really sympathetic. Originally, they had wanted to give Ming GE a few earth dragons to let him have a good time! But later, when they saw that he vomited until his limbs were weak, they could not bear to bully him anymore.

But now, all they could do was sympathize with Ming GE.

When Mingge was done vomiting and sat down on the root, uncle long took the initiative to sit beside him. He patted his shoulder and asked helplessly, "Mingge, you're from the nine nether nether nether prison. What haven't you seen? you're so scared of just a few earth dragons. I'm so disappointed."

"That, that thing is too disgusting." Mingge said, trembling.

"You evil ghosts of the nine nether nether nether prison are even more disgusting. I wasn't like you at that time!" Uncle long reminded.

"Wuu ... I'm used to evil spirits. I don't find them disgusting." Ming GE said honestly. More importantly, those evil spirits did not dare to get close to him! However, the earth dragons in the desert were different. These earth dragons were not afraid of him at all. Some of them even moved closer to him. How could he not be afraid?

"Alright! The species of the two worlds are different, you just have to get used to it. " Uncle long consoled her. Then, he turned to ice soul and Dongfang Yue. "Let's rest here for the night!"

The two of them nodded. Looking at Ming GE's weak appearance, it was indeed impossible for them to continue their journey.

Then, uncle long took out a house and placed it on the empty space in front of him.

Seeing the house that had suddenly appeared, the pale-faced Mingge could not help but widen her eyes. What, What is this?

"Uncle long, where did you get this?" Mingge asked curiously.

"I took it out!" Uncle long played dumb.

"Uh! I know you're the one who took it out. I mean, where did you get this house?" Mingge explained. He could tell that uncle long was playing dumb. More importantly, they had set off for three months, but he had only just seen the house today. It was obvious that uncle long had deliberately hidden it from him.

Thinking of this, Ming GE was sad.

"Xue 'er gave it to me," Uncle long glanced at Ming GE's little face and stopped teasing him.

"The nether Empress is too biased." Mingge was clearly jealous.

"I have no choice! Who asked me to have a special relationship with Xue 'er!" Uncle long laughed arrogantly, his face full of pride.

Hearing this, Mingge felt depressed. However, he couldn't deny uncle Long's words. He also thought that when he met the future netherworld Empress, he would have to properly curry her favor. Even if he couldn't get a portable house, he could at least get some defensive equipment!

With the stimulation from uncle Long's house, the weak Mingge instantly pulled herself together.

Uncle long saw that he was full of energy again and started to prepare food. But when it came to eating, Ming GE had no appetite at all.

Ice Spirit and the other two ate happily, while Mingge could only watch from afar. It was a terrible feeling.

Fortunately, two days later, Ming GE finally recovered. They were not far from the city of abandoned ruins.

"The city of the abandoned ruins is less than a thousand meters ahead." Ice soul pointed at the city wall not far away and said.

"Yes, let's go in quickly!" Ming GE said impatiently. He had heard that the city of desolation was similar to the Dead Sea in the nine nether nether nether nether prison, so he was very interested in this place.

However, in reality, the city of desolation was not only a place to exile criminals from the divine world. At the same time, many people who could not survive would also come here. In the city of the abandoned ruins, survival was the most important problem. Furthermore, there weren't any laws of the God World here, and everything was basically decided with one's fists.

There was still a certain difference between the saying that whoever had the biggest fist would be the one to make the call and that the strong were respected in the immortal realm.

In the immortal realm, true experts would not kill innocents indiscriminately and be respected by others. However, in this place, only those with bigger fists had the right to speak. Moreover, killing people was not a crime!

In the city of desolation, many innocent people were killed, and the reason for their deaths was even more strange. It was possible that they had just glanced at someone and died an unnatural death

because the other party was unhappy. Thus, this place could be said to be the most chaotic place in the divine realm.

Since it was the most chaotic place, even the people with low strength here would not be good people in the divine world. Thus, this place became the only city that was not bound by the rules of the divine world. Of course, this place also belonged to Wu Cheng.

However, there weren't many deities who knew that this place belonged to rime ice. On the surface, this place was also managed by the city Lord.

After paying a rather expensive entrance fee and getting their identity cards, the four of them strode into the city of abandoned ruins.

Although Ice Spirit knew something about the city of abandoned relics, he had never been here before. It was the first time for the other three to be here. The four of them entered the city and walked around the streets curiously like Granny Liu.

This place had already formed the scale of a city. Even the streets and shops on the streets were no different from ordinary cities in the divine realm. However, the shops here all belonged to the city Lord's mansion. The prices of the things sold in them were so expensive that it left one speechless.

Originally, the four of them had planned to find an inn to stay in, but after asking for the price, they were scared away. In the end, they found an open space on the outskirts of the city and planned to temporarily settle down there.

The outskirts of the city were thousands of miles away from the main city and were rather desolate. However, to a Supreme God, this distance was nothing. Moreover, there were also people like them who thought that the things in the main city were expensive. Of course, those who chose to live in the outskirts were basically people with low strength and no backing.

Thus, the four of them immediately attracted the attention of others when they appeared.

However, the people who were paying attention to them were also observing. Because in the eyes of others, these four people didn't seem to be easy to deal with. In the face of such gazes, the four people were quite calm. At the same time, in order to avoid attracting more attention, uncle long kept a low profile and didn't take out his house. Instead, he took out the half-finished house that Xue 'er had given him.

### [Chapter 2905 The City Of Abandoned Ruins 'Tradition \(3\)](#)

These houses were exactly the same as the ones they had built in the land of chaos. The defense was needless to say, but they looked quite ordinary and would not attract any attention.

However, when Ming GE, their little friend, saw uncle long take out another pile of wood from his storage ring, she couldn't help but widen her eyes. He was really curious about what kind of random things uncle long had in his ring.

Aside from the dazed Ming GE, ice soul and Dongfang Yue automatically started working after uncle long took out a pile of wood. They had built countless houses like this, so they were already quite familiar with it.

In less than five minutes, a wooden three-story building stood in the open space.

"Alright, let's go in and rest!" Uncle long looked at the small building in front of him with satisfaction and smiled.

"Uh! Good!" Like a wooden puppet, Ming GE was about to enter the building with uncle long and the others, but before he could take a step, he heard hurried footsteps behind him.

Instantly, uncle long and the other three looked at each other and turned around in unison.

At this moment, a group of people appeared in front of uncle long and the others.

The leader of the group was a burly man with a fierce-looking face. He glanced at the small building and then arrogantly glanced at uncle long and the others before saying, ""You guys built this house?"

"Yes, what's wrong?" Uncle long asked calmly.

"What's wrong? Who allowed you to build a house here? Don't you know that the land here has an owner?" The burly man asked at the top of his voice.

"I really don't know," Uncle long blinked and thought to himself, 'they're here to cause trouble so quickly!' However, they were not afraid of trouble, especially in such a chaotic place.

"Now you know! Hurry up and move it away!" The burly man roared.

"What if we don't want to move?" Uncle long asked again. It was not easy to find this place, but there was no way they could leave.

"If you don't want to move, then use money to buy this place." A certain burly man said truthfully.

"What if we don't want to buy it?" Uncle long continued to ask with a smile.

"Then get lost!" The burly man was extremely angry. He could see that this guy in front of him was definitely doing it on purpose. It was really infuriating!

Hearing this, uncle long was silent for a moment before saying, ""Then get lost!" As soon as he finished speaking, uncle long raised his leg and kicked the burly man's waist. Then, the burly man's subordinates saw their boss fly away like a kite ...

"Boss ..." The burly man's subordinates cried out in fear as they looked at uncle long in horror. Their little hearts suddenly trembled.

They ... They had kicked an iron plate, right?

"Are you guys going to walk on your own, or do you want to fly like your boss?" Uncle long very mindlessly gave the minions two choices. When they heard this, they immediately ran away from this terrifying place and the terrifying people.

"These small fries are much more tactful than their boss." Uncle long said with satisfaction as he watched the lackeys leave.

"You guys are in big trouble." At this time, an old voice sounded in the ears of the four people.

The four of them turned their heads at the same time and saw that the person who spoke was an old man. However, this man's posture was tall and straight, which did not match his old appearance at all. Uncle long and the others were only surprised for a moment before they regained their calm.

Of course, the man noticed their reactions, but he didn't say anything. He just looked at uncle long and the others indifferently.

"Why do you say that?" Uncle long asked, pretending to be curious.

"Those people have a close relationship with the city Lord's mansion. They are also the city Lord's minions. Moreover, they mainly wanted to collect some protection fees, so it would be fine if he gave them the money. But now, I'm afraid there will be endless trouble. " The man sighed and explained.

"So you're here to collect protection fees? I thought they were here to cause trouble! Otherwise, he wouldn't have moved his feet first. " Uncle long said with a faint smile. It was obvious from his words that he didn't care about this.

"Are you new here?" The man smiled and asked.

"How did you know?" Uncle long was a little surprised. He could tell that?

"In the city of forsaken desolation, any problem that can be solved with money is not a problem. Therefore, the people who choose to live here will usually use money to dismiss the vampires. Only newcomers will be as impulsive as you. " The man explained.

"Uh!" Uncle long didn't know how to refute that. He couldn't say that they were here to get information and cause trouble, right? Therefore, he could only silently agree with the other party's evaluation of his impulsiveness.

"We are indeed new here. Is there anything else we need to pay attention to?" Ice Spirit asked humbly.

"Don't provoke the local tyrants, especially those bastards in the city Lord's mansion!" The man only said this and turned to leave.

Looking at the man's back, Mingge couldn't help but Mutter to herself,""This person is so strange!"

"What's so strange about it? there are no good people who can live in the desolate land!" Ice Spirit said and went back into the building.

After temporarily settling down in the city of abandoned ruins, uncle long and the other three split into two groups to Scout out the situation. Uncle long and ice Spirit formed a team and were in charge of the southeast and Southeast of the city of abandoned ruins. Dongfang Yue and Ming GE were in charge of the West, North, and the outskirts of the city.

In comparison, Dongfang Yue and Ming GE's tasks were easier. Uncle long and ice Spirit were in charge of the most prosperous city center in the city of abandoned ruins, where the city Lord's mansion was located. Of course, there would also be a lot of trouble here.

On the first day, the two of them had encountered many challengers, but none of them could do anything to uncle Long's powerful strength.

However, in the next few days, the provocatively challenged became stronger and stronger, and uncle Long's fighting spirit was also incited. It had been a long time since he had fought so intensely. Most importantly, he did not have to think too much when he fought with those trash. He could fight however he wanted. At the same time, uncle long had also made a name for himself and attracted the attention of some forces in the city of abandoned ruins.

After a few days of observation, some factions sent people to test uncle long and ice soul. However, uncle long was always the only one to do so, while ice soul only watched from the side. As a result, they had a good grasp of uncle Long's strength, but ice soul was becoming more and more mysterious to them. However, uncle long alone was enough for them to extend an olive branch.

In the following days, the residence of uncle long and the other three people became lively.

However, this liveliness was obviously not what they wanted, and it made the four of them depressed. They had come here to Scout for information, but now, they had not obtained any useful information. Instead, they had become the target of recruitment for various snobby forces. This fact made them quite speechless.

In particular, the force of the burly man who had come to make trouble at the beginning had also sent people and sent many gifts to apologize for the man's recklessness.

Of course, uncle long and the others were also very magnanimous and forgave the unlucky burly man. They became fair-weather friends who talked about everything.

After getting along with him, uncle long deeply felt that this person's IQ was really low. This was because whenever they wanted to ask something, this person would tell them everything he knew and would not hold back. Especially when uncle long pretended to be curious and asked about the city Lord, the burly man almost told him the color of the city Lord's underwear.

What a good friend!

Uncle long and the others couldn't help but sigh when they saw such an honest burly man.

At the same time, the man who lived not far away from uncle long and the others saw that their residence was bustling every day and realized that he had worried for them for nothing!

After living in the abandoned land for nearly a month and finding nothing, uncle long and the others decided to go back. Without Xue 'er, they did not have a pillar of support, so they did not dare to investigate the whereabouts of the three old phoenixes openly. More importantly, they had tried to find out by beating around the bush, but no one knew where the three phoenixes were. They did not even know that the phoenixes had come to the city of forsaken desolation. From this, it could be seen that this city Lord had suppressed the news very tightly, and not a single piece of news was leaked out.

However, there were still some things that needed to be settled before he returned.

Of course, the so-called matter was mainly the recruitment of various forces. Back then, when these forces came to find them, they had said that they would consider it. But now that they were leaving, in order to leave safely, they had to let them know.

After inviting all the forces and rejecting their recruitment in person, those forces were obviously not very happy. One had to know that during this period of time, they had given these four people a lot of convenient conditions, but they had not been able to feed these four ungrateful wolves well. Who would be happy about this?

The snobs felt that the other party was clearly looking down on them!

Uncle long knew that they would feel uncomfortable, so he explained, "The reason why we rejected your recruitment is that we plan to leave the city of abandoned ruins."

Upon hearing this, all the forces were silent for a quarter of an hour.

After that, a representative looked at uncle long with a strange expression and said, "It's easy to enter the city of abandoned ruins, but it's hard to get out! If you want to leave, you won't be able to leave this place for at least ten million years. "

"....."

Upon hearing this, uncle long and the other three were stunned.

What the hell is the meaning of this? Even if he didn't want them to leave, he didn't have to scare them like this! And ten million years? If he stayed here for tens of millions of years, he was afraid that it would be too late.

Seeing that uncle long and the others were obviously frightened, the person who spoke continued to explain, "I'm not trying to scare you, but this is a tradition of the city of abandoned ruins. No problem. But if you want to get out, other than paying the expensive exit fee, you have to fight your way out. "

"What do you mean by" beat them out "?" Uncle long asked shamelessly.

"Fight your way out of the arena." That person laughed.

"I don't recommend you fight in the arena! Your strength is not bad. If you stay and join any of us, you will be treated well. Why do you have to work so hard to fight in the arena? It's not worth it if I die of exhaustion in the arena!" The man added.

#### [Chapter 2906 Are You Guys Abandoning Your Little Brother?\(1\)](#)

"That's right, those who choose to fight are all people who want money more than their lives. I see that you are all smart people, so you shouldn't do such a stupid thing! It's better to join us and stay here in peace! Leave, don't even think about it. Since you've come to the city of desolation, you can only live as a citizen of the city of desolation and die as a ghost of the city of desolation!" Another person said.

"..." Uncle long and the other three were silent, and they couldn't help but curse in their hearts. Who wanted to be a citizen of the city of abandoned ruins? No one was willing to be a ghost of the city of abandoned ruins!

Seeing that the four of them were silent, someone continued, "You're all pretty strong, so you should choose to join one of us! I can guarantee that none of the powers will mistreat you. "

Hearing this, uncle long and the other three were very surprised. Before this, these forces had been quarreling over their ownership. Why did they show signs of allying together now that they heard that they were leaving? This was really too unscientific!

It had to be said that uncle long and the others were right.

In fact, these forces were all closely related to the city Lord's mansion. It was reasonable to say that they could join any one of them. However, in order to gain more authority in front of the city Lord, it was naturally better to have more and more experts in their own forces. Only then would they be more valued by the city Lord.

But now that they were leaving, they were naturally unwilling. The chance to leave through the arena was also real, and it was even crueler than what they had said. The reason why they didn't go into details was that they were afraid that the other party wouldn't believe them. More importantly, after they said that, the four of them would definitely go and check if it was true. In this way, they naturally didn't need to explain too clearly. It was better to let the person involved experience it personally. Otherwise, if they said too much, the other party might think that they were just scaring them.

After the various forces disclosed the news, they all took their leave, saying that their doors would always be open for the four of them. After they left, uncle long and the other three in the living room stared at each other for a long time before uncle long spoke first, ""Do you guys believe what they said?"

"I don't think they have any reason to lie to us, but they might not tell us the truth." After thinking for a while, Ming GE told him the truth.

"What should we do now? We can't possibly be trapped here forever, right?" Uncle long furrowed his brows and said in a speechless manner. If he had known that this would happen, he would have waited for Xue 'er to come along! If he really couldn't go home, he would really lose all his face.

Uncle long was very worried.

"I definitely can't be trapped here forever. I miss my son." Ice Spirit said guiltily. The situation was unclear this time, so he had entrusted his son to mu li. He hadn't seen his son for such a long time, and he didn't know if his son missed him! He really missed Bing Yao!

Uncle long and the others sympathized with Ice Spirit when they heard him. Although they didn't have a son, they still wanted to have someone else!

In the end, the four of them decided to go to the city gate to take a look. There was only one gate in the huge city of abandoned ruins. Let's try to get out first!

However, after trying, they were really depressed, because when the four of them walked to the city gate as if there was no one else around and intended to leave, they were directly stopped by the guards.

After knowing their intentions, the guard laughed in a very lecherous manner. ""I want to go out. I'm sorry, but you're not allowed to leave the city of desolation."

"Lord guard, can't you make an exception?" Hearing this, uncle long pretended to be weak and asked pitifully.

"We can 't!" The guard refused without even thinking.

"Then how can we get out of the city? I don't believe there's no way out of the city!" Seeing that the other party had refused, Ming GE pretended to be angry.

"There is a way, but no normal person would do that." The guard looked at the four of them and said with a smile that was not a smile.

"Why don't you tell me?" Mingge asked, interested.

"If the four of you want to leave the city, you must first win in all the arenas, and then each of you must pay ten million top-grade crystals. Once these two conditions are met, you can leave the city safely." The guard said with a smirk.

Ten million top-grade crystals?

Your sister! This was definitely daylight robbery!

The four of them were dumbfounded when they heard the price. Isn't this a little too expensive? Wouldn't the four of them be worth 40 million? It was still a top-grade crystal. Hmph! Even if they had it, they wouldn't give it to him! Who would be this foolish spendthrift?

If you really want to leave the city, you can go home and prepare now. I wish you good luck in advance." Seeing the four of them remain silent, the guard naturally assumed that they had been frightened by him and happily continued to hit them when they were down. Uncle long and the other three took a deep look at the guard before leaving the city gate with wooden expressions and stiffly walking back.

When they arrived at the door, a certain burly man was anxiously waiting at the door. When he saw them return, he quickly flew over and shouted, ""My four brothers, you're back!"

"What are you doing here?" Uncle long couldn't help but ask.

"I heard that you brothers want to leave. Are you going to abandon your little brother? Sob ... It wasn't easy for me to have these brothers, how could you leave me?" The burly man choked with sobs as he spoke, and his words also made uncle long and the other three feel confused.

When did they become this guy's brothers? And even abandoned him? So what if he really abandoned them? they weren't this fool's biological father or brother.

"Wuu ... You, you can't escape!" The burly man continued while sobbing.

Hearing this, uncle long was so angry that he kicked the other party's butt. The burly man was not mentally prepared and directly fell flat on his face.

However, after he fell, he quickly got up and said with a fawning face, ""Beating is affection, scolding is love. Brothers, you won't leave me, right?"

Uncle long didn't know what to say when he saw how he was acting like a Lackey. He realized that this fool really needed a beating! Moreover, after being beaten up, he would still eagerly come up to her. If this wasn't being cheap, what was it?

"Yes, I will!" Uncle long nodded.

"Brother! It's not that easy to leave this place. Why are you all so depressed? Isn't it good to live here? With me protecting you, I won't forget about any good things. " The burly man said with a sincere expression.

"You'll protect us?" Upon hearing this, uncle long sized him up with a faint smile.

The burly man's heart suddenly trembled and he quickly changed his words,"No! My brothers are protecting me! However, I've been here longer than you, so I can still give you some advice. "

"This sounds like a human sentence. Now, tell me, why can't we leave?" Uncle long asked.

"Because in history, no one who has come to the city of abandoned ruins has ever left successfully. Those who want to leave will usually die. " The burly man stammered and said with a trembling voice.

### [Chapter 2907 Are You Guys Abandoning Your Little Brother?\(2\)](#)

"Didn't you say that you can leave after you pay the exit fee and finish the battle? Did you not want us to leave, so you deliberately lied to us that only death would await us?" Uncle long said with a look of disbelief.

The burly man felt that he had been injured! How could her brother say that? Although they did not get along well in the beginning, hadn't he already turned over a new leaf? How could her brother still doubt his character?

Woo.....She had a fragile heart! It was so broken that it couldn't even stick together!

"Brother, how would I dare to lie to you? the dead end I was talking about was the arena! In fact, there was only one kind of people who were willing to fight, and that was those who were extremely short of money! On the arena, those people were no different from desperadoes. There were no rules on the stage. The experts on the arena would definitely die on the arena, so it was quite bloody and terrifying. Big brother, please don't go and fight! We're not short of money, so why should we risk our lives with them? don't you think so?" After saying this, the burly man simply threw himself at uncle Long's feet and hugged his thigh.

Uncle Long's mouth twitched when he saw this. He kicked the burly man away again, but the burly man quickly crawled back and continued to hug uncle Long's leg. After repeating this a few times, uncle long ran out of patience and shouted, ""You're hugging my leg. Do you think I won't kick you back to your hometown?"

"Brother! My dear brother! Don't do this to my little brother, I'm just worried about you. I'm telling the truth, if you don't believe me, how about I take you to the arena to see it for yourself?" Seeing that he couldn't convince uncle long, the burly man had no choice but to throw out this bait.

Hearing this, uncle long turned to look at ice soul and the other two. Then, he nodded and said, ""Alright, take us there!"

When they came back from the city gate, they had also wanted to go to the arena to take a look. Unfortunately, no one had introduced them, so they were not allowed to enter the arena. Now that there was a ready-made candidate, uncle long would naturally not let it go.

Seeing that uncle long had agreed, the burly man quickly let go of uncle Long's thigh. Then, he got up and said excitedly, "Brothers, please follow me!"

Uncle long and the other three were brought to the entrance of the arena. The burly man only showed a token and was allowed to enter. Of course, this included them, who were slightly brought in. This made the four of them feel a little unbalanced. It seemed that it was impossible to be like a fish in water in the city of abandoned ruins without joining any forces!

Entering the arena, the light inside was very narrow. They were directly brought to the second underground floor by the burly man. As soon as they reached the second floor, they could feel the fiery atmosphere in the hall.

At this moment, two people were dueling on a high platform in the middle of the hall. One of them was already covered in wounds and was on the verge of death. However, his opponent did not seem to have any intention of stopping and kept punching him. The blood on his body flowed through the small holes on the edge of the platform and into the ground.

Uncle long couldn't help frowning at the bloody scene in front of him. It was just an arena, did he have to beat the person to death like this? In the audience, many people's hot blood had already been roused, and they were shouting loudly, "Kill him! Kill him!"

The atmosphere was so heated and passionate that it was beyond the imagination of uncle long and the others.

The burly man glanced at uncle long and the other three's expressions and led them to a private room.

"This place belongs to my faction. Are you satisfied?" The burly man asked fawningly.

"Is this your boss's order?" Uncle long said.

"Hehe!" The burly man laughed foolishly and did not answer directly.

"Big brother, we're doing this for your own good. Boss loves talent and really doesn't want you to die in the arena. That's not worth it. Only the lower class will come here to fight. We just need to be spectators, what do you think?" Seeing that uncle long and the others didn't say anything, the burly man had to say something.

"But we want to leave this place!" Uncle long said, pretending to be in a difficult position.

"Why do we have to leave this place?" The burly man didn't understand and looked at uncle long and the other three with a resentful expression. They really wanted to abandon him so badly?

"Why not leave? Do you want to be trapped here forever?" Uncle long asked instead of answering.

"We're not trapped here! We're here because this place is safe!" The burly man said matter-of-factly.

Uncle long and the other three were speechless when they heard that it was safe here. The fool in front of him had been completely brainwashed!

How is this place safe? There were battles and deaths every day! To the four of them, this was the place with the least security. Of course, the enemies of the people living here would definitely not be willing to come here for revenge. It was not worth it.

"Brother, all the powerful people in the city of abandoned ruins have filed a case in the city Lord's mansion. Although we are not the official guards of the city Lord's mansion, we are still supernumerary personnel. So if anyone bullies us, the city Lord's mansion will definitely stand up for us!" The burly man saw that Uncle Long and the others didn't seem to believe him, so he continued to expose.

A supernumerary personnel of the city Lord's mansion?

Hearing this, Uncle Long and the other three looked at each other, but no one took the initiative to respond.

Seeing this, the burly man could only say, "With the identity of supernumerary personnel, our status in the city of deserted ruins will naturally be different from others. There will be more benefits, which is why I strongly recommend you to join a force. It will definitely be beneficial. I will not lie to you."

You're not lying to us? Then who lied to us?

Uncle Long and the others did not know what to say when they saw the burly man acting like a charlatan who was trying to abduct believers. Were they so stupid that they would be proud of being supernumerary personnel of the city Lord's mansion in the city of forsaken ruins? How stupid would they be then! However, it was clear that the city Lord's management here was quite successful. How much effort did it take to brainwash the other party so cleanly? This fool was the entire city Lord's brainless fan!

After that, Bing Po smiled and said, "We've received too much information today. Let's think about it!"

After that, the four of them focused on the battle in the ring.

At this moment, the battle they had seen earlier had ended. One party had finally lost his breath and was carried down. In the next few matches, there was also a death. Such a result made the four of them immediately pay attention.

"Didn't one side lose? Why do you have to kill him?" Mingge asked, pretending to be curious.

"This is the arena of life and death. The fight will not stop until you see a corpse." The burly man explained, then he said with a worried look, "Brother, this arena is really dangerous. I really don't want you to fight, so you have to consider it carefully!"

"We will," Uncle Long promised.

After watching the arena, it was already close to evening. The burly man enthusiastically wanted to treat his four brothers to a meal, but they did not have much of an appetite. After politely declining, they directly returned to their residence.

### [Chapter 2908 Are You Guys Abandoning Your Little Brother?\(3\)](#)

When they got home, the four of them gathered in the living room. No one said a word, and the atmosphere was quite heavy.

After a long time, Ming GE couldn't stand it anymore and said, ""Why don't you say something? What do we do now?"

"I don't know. In fact, the strength of those people in the ring is not that high, but I'm afraid that someone might play tricks and divide us into opponents. At that time, wouldn't we have to kill each other?" Uncle long said after thinking for a while.

His words were exactly what the other three people were worried about. They were companions, so of course they couldn't attack their companions like the barbarians in the arena. But if they really became opponents, it wouldn't be up to them! This was definitely not something the four of them wanted to see.

"Why don't we wait and see if there's any other way to leave? If that Little Phoenix can escape from here, there's no reason why the four of us can 't!" Seeing that the atmosphere had become even gloomier, Mingge couldn't help but ask.

His words also reminded uncle long and the other two.

That's right! How did the little Phoenix leave? If leaving the city of desolation was as they had expected, it would be difficult for the little Phoenix to leave with its strength.

Thinking up to this point, uncle Dragon hurriedly sent a voice transmission to mu li, who was in Demon City. After informing him of the situation, uncle Dragon focused on waiting for mu Li's reply.

After receiving uncle Long's message, mu li was depressed.

Not only did he not get much information, but how did he get involved?

He then ordered The White Tiger great elder to bring Qing 'er over.

Seeing Qing 'er, mu li asked directly, ""How did you leave the city of abandoned ruins?"

"The three great ancestors helped me escape, but they didn't manage to escape." Qing 'er replied honestly when she heard mu Li's question.

"You're saying that they brought you out by force?" Mu li narrowed her eyes and asked.

"Yes, after that, the city Lord's residence was alerted. They told me to leave first and told me to look for Leng ruoxue if they had any problems. I thought they would be able to meet up with me soon, but I waited for a long time near the city of abandoned relics and they didn't come out. I know they must have been caught by the city Lord. " As Qing 'er spoke, her beautiful Phoenix eyes were filled with tears again, making her look extremely pitiful.

Unfortunately, mu li was an unromantic person. Seeing the other party cry, not only did he not have any thoughts of pity, but he also felt a little annoyed. He sneered and said, "You're really bold! You left the city of abandoned ruins and you still dare to loiter around. Aren't you afraid of being caught again?"

"I'm very careful!" Qing 'er explained.

"Then how did you offend the city Lord of the city of abandoned ruins?" Mu li asked again.

"The city Lord's son discovered my identity as a Phoenix and wanted me to be his contract beast. Of course, I wouldn't allow it, so I injured him ..." Qing 'er's voice became softer and softer as she lowered her head, not daring to look at mu li.

"And then?" Mu li continued to ask.

"When the ancestors found out, they decided to let me leave that place. However, it was easy to enter but difficult to leave, so they brought me to force my way in. They didn't come out after sending me away. " When Qing 'er said this, her voice couldn't be any softer, but with mu Li's hearing, he could still hear it clearly.

"Why didn't you say this earlier?" Mu li suppressed her anger and asked.

'Damn it!' If the little Phoenix had explained the situation to them earlier, would Ming GE and the other three have been trapped in the city of desolation? Looking at Qing 'er in front of him, mu Li's anger rose.

"You guys didn't ask me!" Qing 'er retorted.

"You're not going to tell me if I don't ask? I've told you that we're not familiar with the city of abandoned ruins. Why didn't you tell us everything?" Mu li gritted his teeth and asked. If they were in the nine nether nether prison, he would have killed Qing 'er long ago! However, this was the immortal realm. Even if he wanted to do something, he could not do it. This made him quite depressed.

"It's not too late to explain now! You're not willing to save our ancestor anyway. " Hearing this, Qing 'er's anger rose.

At this moment, an extremely fast blue light flew to Qing 'er's side, and directly pounced on Qing' er's body, kicking and biting, and constantly shouting, ""You bad woman, return my father! Return my father!"

"Are you crazy? Go away, stinky Qilin!" Qing 'er raised her hand to pull the Qilin away from her, but the ice Phoenix bit her arm and refused to let go.

Qing 'er felt the pain, and her actions became more rough. Mu li saw this and quickly stopped her, ""Stop! I won't let you go if you dare to touch a single hair of Bing Yao."

"Did you make a mistake? It's biting me!" Hearing this, Qing 'er was so angry that her heart, liver, spleen, lung, and kidney all hurt. Today, she finally knew what it meant to be unreasonable. You can't be like this even if you want to protect your own people, right?

Qing 'er felt that she was very innocent, but mu li only coldly glanced at her, then took the somewhat crazy Ice Phoenix from Qing' er's body and comforted her in a gentle voice, ""Bing Yao, be good, your father will be fine! Calm down!"

Seeing mu li speak so gently to the Qilin, Qing 'er suddenly felt a little unbalanced. She was the one who was injured and bitten, okay? However, not only did she not get any words of comfort, but she was also despised! At this moment, she deeply felt that the people of Demon City were bullies. No, they were bullies!

Seeing through Qing 'er's thoughts, mu li sneered, ""It's not wrong for it to bite you, because you're the one who's guilty. "

After speaking, mu li carried the emotionally unstable Bing Yi and wanted to leave, but Qing 'er blocked him with a stubborn face and asked,"What do you mean? speak clearly."

Seeing Qing 'er's overbearing appearance, The White Tiger great elder, who had been watching from the side, broke out in a cold sweat. Although he didn't know what had happened, he guessed that something must have happened when he saw the attitude of the city Lord of muli city and Bing Yao.

At this moment, mu li turned to look at Qing 'er.""Make it clear? Because you didn't report it, four powerhouses from Demon City are trapped in the city of forsaken desolation, including Bing Yi's father. Don't you think he should hate you?"

"H-how is this possible? When did you go to the city of abandoned ruins? why didn't I know about it?" Qing 'er's face turned pale when she heard this.

"Do I dare to let you know? This time, they are only there to find out the situation. It is not easy to save people from the city of abandoned ruins because it is the territory of the fog ice. " Mu li sighed and coldly said.

"But ... How could they be trapped? they shouldn't be weak, right?" Qing 'er mumbled in disbelief.

"He's not weak. He can force his way out, but that won't do." Mu li said honestly.

"Why can't I?" Qing 'er didn't understand.

"Little lass Qing 'er, that will only alert the enemy. If we alert the mist ripple bitch, their lives will be in danger." Without waiting for mu Li's reply, The White Tiger great elder spoke first.

"What do we do now?" Qing 'er's face turned pale when she heard this. She was at a loss. Although she really wanted the other party to save the three ancestors, she didn't think that it would alert the enemy. More importantly, she only found out today that the city of desolation was Wu Luan's territory. Thinking of what Wu Luan had done to the Phoenix Clan, she became even more panicked.

"First elder White Tiger, please take her away!" Mu li didn't answer Qing 'er's question and asked her to leave.

"No, don 't! I don't want to leave. Tell me, what should I do now?" From afar, they could still hear Qing 'er's uneasy voice. However, mu li ignored it and continued to comfort her father.

However, no matter how mu li tried to explain, Bing Yao remained silent. In the end, mu li had no choice but to tell Bing po about Bing Yao's condition.

Bing PO's heart ached when he heard that. He immediately sent a message to Bing Jie.

After consoling her for a long time, Bing Yao finally recovered a little. Still worried, Ice Spirit did not forget to remind mu li to keep a close eye on Bing Yao in case this little guy ran away from home.

It had to be said that a father understood his son very well. After knowing that her father was trapped, Bing Yao did have such thoughts, but mu li was watching her closely and guarding her closely, so she didn't even have the chance to escape.

After a few unsuccessful attempts, it had no choice but to give up.

After knowing that Qing 'er had been sent out by the three Phoenix clan's ancestors, uncle long and the other three had temporarily given up on the idea of leaving this place, and had decided to take things as they came. After all, they could not copy the three old phoenixes. If their identities were exposed, Demon City would become very dangerous.

At the same time, Leng ruoxue, who was in the chaotic world, was fighting with a piece of ore.

This ore wasn't the one that liked to self-destruct, but another unremarkable black stone that seemed easy to bully. Of course, the reason why this stone had provoked her was not because the other party was stubborn. Instead, it was because the other party was too unprincipled and easily melted. As such, it had naturally increased the difficulty of Leng ruoxue's weapon refinement.

Especially after she had studied the ore that liked to self-destruct with great difficulty. The appearance of this stone naturally made her previous efforts go to waste.

Leng ruoxue glared at the black stone in her hand. The more she looked at it, the more hatred she felt. She remained silent for a long time, scaring the few professionals so much that they did not even dare to breathe.

Wu ... Xue 'er was so scary when she was silent! And now, she had been silent for a long time. Even the Mistress of the Dark World couldn't stand Xue 'er's silent appearance and went into hiding. That ... Should they also hide?

Just as they were lamenting, they suddenly saw a cold and terrifying dagger appear in Xue 'er's hand. Then, they saw her holding the dagger and stabbing it into her own snow-white palm ...

Oh my God! What was he doing?

Self-harm?

### [Chapter 2909 I Want To Rob Him \(1\)](#)

Leng ruoxue's actions frightened the Grand Elder and the others so much that their hearts were palpitating.

It's not a big deal! As for self-mutilating?

In the next second, a few of them immediately charged towards Leng ruoxue. One of them snatched the knife from Leng ruoxue's hand while the other snatched the stone from her hand. The armament Guild headquarters 'Grand Elder glared at Leng ruoxue with a stern expression and roared, ""Stinky girl, it's not a big deal! How can you take things so hard?"

" ? !"Leng ruoxue was confused by the weapon craftsmen Guild's first elder's words. Why did she take things so hard?

"No, I have to go find the Dark Lord. You really make me worry." Seeing that Leng ruoxue didn't say anything, the armament Guild headquarters 'Grand Elder assumed that Xue 'er was feeling guilty. He then pulled Xue 'er's hand and was about to leave.

"What is it?" At this moment, the demon happened to walk in from outside and asked.

"Xue 'er wants to self-harm!" Liu Feng rushed to say.

"What?" The demon's expression changed when he heard this. He then turned his sharp gaze towards Leng ruoxue and said, ""Xue 'er, is what Liu Feng said true?"

"What do you think?" Leng ruoxue rolled her eyes speechlessly. Now, she finally understood first elder and the others 'reaction. They thought she was going to hurt herself!

Leng ruoxue was a little confused! Did she look like the kind of person who would hurt herself?

"The evidence is still here?" Seeing that Leng ruoxue seemed to be trying to deny it, Liu Feng added. He was the one who had gone up to snatch the dagger, and at this moment, the dagger was still in his hands.

"Xue 'er, what's going on?" The demon sighed and asked. He naturally didn't believe that Xue 'er would harm herself, but such a terrifying thing had to be clarified, or else he would feel uneasy!

"I just wanted to use a knife to cut open the stone to see its internal structure. Who knew that they would have such a rich imagination?" Leng ruoxue was helpless. This Black Dragon had caused quite a ruckus.

When the few professionals present heard that they had misunderstood, their faces immediately turned red. The first elder of the craftsmen's main Guild even said weakly, ""Girl, you can't use a dagger to scare people!"

They had truly thought that Xue 'er had gone mad from anger because of the ore, and that was why she had taken things too hard. Who knew that it was actually their own imagination that had overdone it? This was too embarrassing.

"Alright! I was wrong. " Leng ruoxue apologized sincerely.

"Please remove" okay "!" Liu Feng was a little annoyed.

"It's my fault, okay?" Leng ruoxue obediently changed her words.

"You're not allowed to have one, alright?" Liu Feng Huo roared.

"You're really hard to serve. " Leng ruoxue glanced at Liu Feng with a half-smile on her face, and he was so scared that he didn't even dare to breathe.

In fact, he was just frustrated and depressed after being embarrassed. Otherwise, he would not talk to Xue 'er like this usually.

Especially under the dark Lord's covetous eyes, Liu Feng felt a lot of pressure.

Liu Feng, who almost couldn't stand it, dejectedly found an excuse and left.

The other professionals did not stay any longer. They did not even find an excuse and left immediately.

After the light bulbs had left, the demon did not hesitate to carry Leng ruoxue in his arms. He asked worriedly, ""Xue 'er, are you feeling too much pressure?"

Although the materials used for tool refining were much less than those used for pill refining, the hardness of the materials was not the same. Sometimes, it was required to put several materials at the same time. If the control was not good, the materials could be wasted. Up until now, Xue 'er had destroyed quite a few materials, which was why he suspected that Xue 'er's heart ached for the materials.

"Don't worry about the materials," he said. "If you don't have enough, ask Xiaotian. He must have more."

"It's not that I'm distressed about the material. I really want to see the structure of this material. You see, it's soft and basically turns into a liquid when it's placed in the pill furnace. And this material can't be put in last, so I'm curious what kind of special characteristics it has. And how did master manage to control this fire back then?" Leng ruoxue explained helplessly as she showed the demon the black stone. The stone was so soft, a little like pudding, but it was tougher than pudding. It wouldn't break even if she used her hands, so she wanted to try it out with a knife. Who knew that before she could even succeed, it would cause a misunderstanding?

Hearing Leng ruoxue's words, the demon also took the black stone and squeezed it. It was just as Xue 'er had said, soft.

He then used his hands to pull the stone. The stone was pulled more than 10 centimeters away, but the stone was still intact.

"This stone is quite fun." The demon seemed to be addicted to it and kept on pulling.

Leng ruoxue was at a loss for words when she saw him having so much fun. How did this person in front of her suddenly turn into a Senior Kindergarten student?

He was helpless! He was extremely helpless!

When the demon was done playing, he returned the stone to her and said, "Xue 'er, you've been refining pills and weapons for so many years. You must be tired. Why don't we go out and take a walk?"

"Alright," he said. Thinking that the evildoer was going to kidnap her to spend some alone time with him, Leng ruoxue agreed without thinking.

"Then can you send me into the bracelet?" The demon laughed evilly.

"Eh? Why? Don't we still need to go to your birthplace?" Leng ruoxue asked in surprise.

"I didn't know Xue 'er liked my birthplace so much! However, we're not going there this time. We're going back to the divine realm. " The demon laughed and teased.

"Divine realm? The heaven Earth Law won't let you go, right?" Leng ruoxue was a little worried.

"Who cares! When the time comes, I'll just hide my aura and change my appearance. " The demon said disapprovingly. In fact, if it wasn't for the obstruction of the laws of heaven and earth, he would have run back to the immortal realm long ago. Now that Xue 'er was here, he naturally didn't have Gu Jie anymore. At most, he could just stay in the bracelet! More importantly, the laws of the heaven and earth had been missing for so long. He believed that that fellow must have been trying to hide from them. Who would have thought that he would return to the God World with Xue 'er?

More importantly, he wasn't afraid even if the regulations of the heaven and earth discovered his whereabouts. Now, that fellow's restraint on Xue 'er was getting weaker and weaker. Last time, he even thought of the stupid way to trick uncle long and the others into being hostages. It was clear that he had run out of ideas. It was for these reasons that the demon felt that as long as he moved a little, that guy couldn't do anything to him even if he found out!

And his decision to return to the divine realm was also a decision he made after careful consideration. Seeing that Xue 'er was a little frustrated because of the lack of materials, his heart really ached, so he wanted to take Xue' er to relax. If he wanted to relax, the divine realm would definitely be a good place. Most importantly, that was Xue 'er's home. It had everything Xue' er had and the people she was familiar with. With them around, it would definitely distract Xue 'er's attention and calm her heart.

However, returning to the divine realm also meant that he and Xue 'er would have to be stuck with countless third wheels. However, for Xue 'er's sake, he could endure.

"Then let's go back to the divine realm! I've been away from home for so long, I miss home too. " Seeing how confident the demon was, Leng ruoxue naturally had no reason to object.

#### [Chapter 2910 I Want To Rob Him \(2\)](#)

At this moment, the voice of the armament Guild headquarters 'Grand Elder was transmitted into the armament refining room,""Xue 'er, we're all done."

Hearing this, Leng ruoxue raised her head and looked at the evildoer who was smiling widely. She understood what was going on.

Leng ruoxue only stepped out of the refining room after she had placed the demon into her bracelet.

At this moment, the first elder of the craftsmen's Guild and a few others were already waiting outside. Leng ruoxue moved them into the bracelet as well. Then, she went to the demon's Palace next door to take a look and realized that it had long been empty.

Leng ruoxue, who understood the situation, pulled out the sleeping Azure and woke it up.

Cang rubbed his eyes and yawned,""Girl, are you done with your work?"

"The houtian Chaos Divine weapon has not been refined yet. However, let's return to the divine realm first! After all, we've been out for so long. " Leng ruoxue smiled.

"Hmm, that's good!" Azure nodded, he was also a little homesick.

With that, it covered Leng ruoxue with its divine power and teleported away.

When she reached the edge of the land of chaos, Leng ruoxue soon felt a wave of dizziness ...

When she opened her eyes again, she had already returned to the divine realm.

The moment he arrived in the God World, the demon had Leng ruoxue move him out.

After coming out, the demon had already changed his appearance and his aura had been sealed again.

He glared at evildoer and said in a bad mood, "Teleport back to Demon City with Niu! I'm going to sleep."

After hearing Cang's words, evildoer carefully sized Cang up before exclaiming in surprise, "You're already so fat, and you're still sleeping? Yes, go to sleep! Go to sleep! It's best if you don't wake up."

"You bastard! You're the fat one! Your whole family is fat! You're the one who will never wake up!" Evildoer's words greatly provoked Azure, causing him to roar like a cat.

"If I can't wake up, Xue 'er will kiss me awake!" The demon was neither angry nor annoyed, and he said with a calm smile.

"My ass! If that day really comes, don't even think that the one who will wake you up with a kiss will be Xue 'er." Azure almost vomited when he heard evildoer's shameless words, but he still smirked.

"What, you want to wake me up with a kiss?" Hearing Cang's words, evil demon started teasing him.

"Your sister! I won't do that!" Cang, who was being teased, jumped up and down in anger, almost pouncing on evildoer and scratching his face!

Hearing this, the demon seemed to be quite disappointed. "That's really your loss."

"..." Cang mo, this guy's shameless skills are gradually rising!

As for Leng ruoxue, who was ignored by the side, when she heard the conversation between the man and the Beast, her forehead was filled with black lines.

Could these two people not be so childish? He was actually playing with the story of Sleeping Beauty! However, the sleeping appearance of this demon was really quite attractive.

At the thought of this, Leng ruoxue cast a deep glance at the demon. Instantly, the demon was so frightened that his little heart started to tremble.

Xue 'er wouldn't be jealous, right? Otherwise, why would she look at him with such an evil gaze? The demon was a little uneasy, and he couldn't help but shout in his heart, 'Xue' er, I was just joking, don't take it seriously!'

"Xue 'er, let's go! We'll return to Demon City and greet uncle Dragon and the others first, then we'll travel around the divine realm. This was called cultivating in pleasure! With the integration of intelligence and physical strength, I can guarantee twice the result with half the effort when refining weapons!" After a while, the evildoer changed the topic and said proudly.

Leng ruoxue nodded her head and cooperated by allowing the demon to teleport her away.

Very quickly, the two of them directly teleported into the Leng family's main residence.

After appearing in the garden, Leng ruoxue saw mu li, who was sitting in the garden, staring at her with an extremely strange look. She was speechless and said, "What, you don't recognize me?"

"Y-you're really Leng ruoxue?" Mu li stuttered. Oh my God! If the woman in front of him was really Leng ruoxue, then who was the man beside her? Could it be that Leng ruoxue had an affair and betrayed her master?

This ... This truth was too terrifying!

Thinking of this possibility, mu Li's face immediately turned pale.

Seeing that mu li had said this and seemed to be in shock, Leng ruoxue did not know what to say. However, she still nodded her head patiently and said, ""I'm really Leng ruoxue! I'm the real deal!"

"Then who is he?" Seeing that Leng ruoxue had admitted to it, mu li pointed at the evildoer and asked.

"He's my man," Leng ruoxue said with a smile.

"Your ... Your man?" These three words made mu Li's heart almost go on strike. There were very few women in the world who could be so bold and confident after having a relationship with someone else.

Mu li had never dreamed that Leng ruoxue would actually dare to admit it and even say that the ugly man was her man! Was this a heaven-defying rhythm?

Wu ... His Lord definitely doesn't know about this. If he did, how sad would he be?

Looking at Leng ruoxue with a face full of hatred, mu Li's imagination started to run wild.

Leng ruoxue was confused by mu Li's sudden look of hatred. She turned to look at the demon and asked, ""Mu li, do you have any opinions about me?"

"Right! I'm so against you!" Hearing Leng ruoxue's words, mu li was enraged.

"..." Leng ruoxue was a little confused. How had she offended mu li?

Seeing Leng ruoxue's blank face and her unrepentant look, mu li was so angry that she shouted again, ""My Lord has become little Tian's sworn enemy because of you. How could you do something to let him down?"

"....."

Leng ruoxue was dumbfounded by mu Li's roar. When had she done anything to let down the evildoer? She could eat whatever she wanted, but she couldn't say whatever she wanted. This was related to her reputation.

"When did I ever do anything to let him down?" Leng ruoxue couldn't take it anymore and asked directly. The demon was also curious about this matter. After looking at Xue 'er, he turned his gaze back to mu li.

He believed in Xue 'er, just as Xue 'er believed in him. However, mu Li's reaction didn't seem to be a lie. Otherwise, mu li wouldn't be so agitated. In an instant, he felt that it was better to wait and see.

"You already have another man, and you still say you haven't done anything to let my master down?" Seeing that Leng ruoxue was not going to admit it again, mu li was furious! He had brought the evidence back, yet he still dared to deny it!

The Furious mu li turned around and pointed the spear at the demon and roared, ""I don't care where a wild man like you came from, but this woman belongs to my master. If you still want to live, you'd better get lost now! Otherwise, my Lord and I will not let you off!"

"....."

Upon hearing this, Leng ruoxue and the demon looked at each other. The demon's eyes seemed to be saying, 'the wild man he's talking about is me?'

Leng ruoxue used her eyes to reply 'it was you!'

Now, she finally understood why Mu Li's reaction was so intense. He had treated the demon as a wild man.

However, shouldn't a subordinate who knows how to protect his master's food be praised?
