

Of course, it wasn't a good reputation. The name of light pole Duke spread far and wide!

Needless to say, all of this was naturally done by the Furious Leng ruoxue!

Didn't the HEI tribe think they had status and status? Then she would make the HEI family lose everything! Not only that, every cent that the HEI family earned in the future had to be used to pay off their debts!

As for Ji Kai, who had been watching the whole time, after this incident, his respect for the madam definitely surpassed that of his evil master. Originally, he was still wondering how the madam would deal with the self-righteous hei family! To think that he would actually take away everything from the HEI family, this was even crueler than killing the HEI family!

However, it had enriched his little Treasury and made him have a lot of money on hand!

This was because the HEI family's assets had not actually been burned down by the fire. Instead, they had benefited from it. After all, Leng ruoxue was not a person who liked to waste money. Naturally, she would not allow the treasures that the HEI family had accumulated over the years to be reduced to ashes!

That night, Ji Kai slept very soundly. Before he went to sleep, he was still thinking that robbery was really a profitable business! He also believed that if his master and Madam became interstellar Pirates, they would definitely be able to kill each other with one hit!

But when he woke up the next day, he was upset again.

Because early in the morning, he saw six poor little beasts who looked like they had been abandoned outside the door!

"Why are you guys here again?" Seeing the six pairs of pitiful eyes, Ji Kai didn't show any mercy.

The six of them didn't know what to say. Could they say that they had been abandoned?

Seeing that they didn't say anything, Ji Kai said very realistically, ""Your sugar daddy has gone bankrupt. Do you still have money to live here?"

The six of them did not expect Ji Kai to be so direct. They looked at each other and said in unison, ""We can sell our bodies!"

"Master doesn't take in any more servants!" Ji Kai made his own decision, and he hated these six people to death! "You bastard!" He actually came to snatch his rice bowl, wasn't he looking for a beating?

"You can also hire an errand boy!" One of the doctors carefully tried to please him, and the other five doctors quickly agreed.

They didn't want to leave. Although this place was a little expensive, they had good food and a good place to live, so they wanted to stay.

"You won't even accept an errand boy!" Ji Kai said. He alone was enough!

"Butler Ji, you see, we are all doctors and we have every department. If your master and Madam have a headache or a fever, we can also be of use, right? Also, don't worry, we definitely won't fight for your favor! We promise!" Another doctor said when he saw that Ji Kai was not convinced.

"What if I tell you that my master and Madam won't get sick at all?" Ji Kai laughed evilly.

"Uh! How can a person not get sick?" Another doctor said.

What did he mean? He couldn't possibly say that master and Madam were not human, right?

Hearing this, Ji Kai thought for a while and said, "My master and Madam will never get sick. Believe it or not!"

Then, with a bang, Ji Kai closed the door, leaving the six people outside.

When they entered the dining room, Leng ruoxue and the evil demon were already sitting on the chairs. When Ji Kai saw them, he quickly took out the food that he had prepared and placed it in front of them. Then, he left.

After breakfast, Leng ruoxue and the demon were planning to go to the courtyard to bask in the sun for a while. When they passed by the door, they heard a few uneven voices shouting wildly, "'Master! Madam! Let us in!"

The two of them looked at each other helplessly and asked Ji Kai to let the six people in.

As soon as the six of them entered the living room, they immediately said, "'Master, Madam, please let us stay?"

"Just for those vegetables?" Leng ruoxue was speechless. This was what a true glutton was like, right?

Ugh! The few of them laughed awkwardly, not knowing how to answer. In fact, they were really doing it for the vegetables. They could throw away everything!

"You all have families. We don't accept people with families!" Leng ruoxue replied honestly.

"Madam, I don't have a family! I've been an orphan since I was a child, so let me follow you!" After hearing Leng ruoxue's words, one of the doctors hurriedly said.

"Even if you're an orphan, you must have an organization behind you, right? We won't accept it either!" Leng ruoxue shook her head.

When the doctor heard this, he immediately burst into tears. Leng ruoxue, the demon, and Ji Kai were all speechless. Even his five medical companions felt embarrassed. This was too embarrassing!

In the end, Leng ruoxue had no choice but to agree to give them some vegetables before sending the six of them away. Before they left, the six of them cautiously reminded Leng ruoxue that the HEI family might file a complaint against them to the Alliance!

As for being accused! Naturally, Leng ruoxue was not afraid. However, she knew that the power of the Alliance Parliament was extremely great, and the vast star field was only one of the star fields of an advanced civilization. In the entire Alliance, there were about ten advanced star fields, as well as countless beginner star fields and hundreds of star fields of intermediate star fields. The management system could be considered to be rather complete.

Unfortunately, if the Alliance Council really wanted to stand up for the HEI family this time, then she could only say, "good luck!"

As expected, a few days later, Leng ruoxue's residence welcomed a representative from the Alliance Council.

This representative was a man with extremely ordinary facial features. He was slightly bald, had a short stature, and a big belly. To be able to meet someone with such looks in a high-tier civilization's star field was an eye-opener for Leng ruoxue.

As for the representative of the Alliance Council, after seeing Leng ruoxue, he was stunned for a long time before he finally reacted. After he sat down, his little face actually blushed, which was a rare sight, and he lowered his head without saying a word.

Leng ruoxue was speechless when she saw the representative's bashful expression. What was this person trying to do? If you have something to say, say it! Can't you just get out of here? Why are you pretending to be mute? She was a little impatient, and the devilish anger slowly gathered in her dark Starry Eyes. As a man, how could he not understand this ugly woman's thoughts?

Hmph! He dared to have ideas about his wife, he was looking for death!

After an unknown period of time, the extremely shy representative of the Alliance Council finally spoke,""My name is Cao Yu and I'm from the Muyuan royal family. I'm 28 years old this year and I'm single. I have a car and a house and can afford to take care of my wife. I'm gentle, considerate, understanding, and I'll live independently after marriage. I definitely won't have any problems with my mother-in-law and daughter-in-law relationship, and I'm definitely not a mother's baby. Therefore, you can rest assured about the woman who's going to marry me. I only want to find a high-quality lady who's beautiful, has a charming figure, has a noble aura, and is equally considerate and understanding as my puppet!"

There was one more thing that Cao Yu didn't dare to say out loud, and that was that he wanted to find someone like Leng ruoxue.

When Leng ruoxue and the other two heard Cao Yu's words, their reactions were completely different.

Leng ruoxue felt that this person was a little ...

Was she treating her house as a marriage recommendation center? Of course, she didn't realize that Cao Yu's words were meant for her.

In addition, she was only twenty-eight years old, but she already looked like this. She really looked anxious!

[SUPREME CRAZY WIFE](#)

The demon's face darkened, and the anger in his heart rose.

"You bastard!" Was he here to poach her? To dare to poach his woman, he was definitely bold!

When it came to matters like love rivals, the same sex was always more sensitive than the opposite sex. Therefore, as soon as Cao Yu finished speaking, he knew that this person had taken a fancy to his wife. Even though he knew that his wife would not run away with anyone else! But who would be willing to have a man who had designs on his wife by his side! Even if the man looked a little apologetic, he was short, rich, and handsome!

He glared at Cao Yu sinisterly and the demon couldn't help but compare the conditions that Cao Yu had mentioned in his heart.

Born in the royal family? He was born in the chaos!

Twenty-eight years old? His current year ... He himself had almost forgotten!

Unmarried, with a car and a house, can he afford to support his wife? He was married and had no car but a house! Relying on his wife to support him!

Gentle, considerate, and understanding? He was also obedient! I'll do whatever my wife asks me to do, and I'll never do anything my wife doesn't like!

Living independently after marriage without any problems in the relationship between mother-in-law and daughter-in-law, wasn't she a mommy's boy? He wasn't either, he didn't even have a mother!

All in all, the evildoer felt that he still had a considerable advantage. At the very least, he looked better than this B * stard called Cao Yu. Other than the fact that he was poor, he had everything. However, if he had no money, other than robbing, he could only be a pretty boy!

Looking at Xue 'er, the evil demon felt that it was not bad to be a gigolo for his wife. At least, he did not have the thoughts of ordinary men who did not like their wife earning more than themselves. On the contrary, he was very happy to be supported by his wife and did not care at all that others said that he was living off a woman!

With this thought, he was instead at ease and corrected his identity, which was a pretty boy who relied on his wife!

This was the pride of the evildoer!

Leng ruoxue didn't understand why she suddenly felt like a demon. However, there were outsiders around, so she didn't ask further. Ji Kai, who had been watching from the side, had already deeply felt the malice his evil master had towards a certain representative. Unfortunately, that representative, who had reacted half a beat slower, did not notice it at all.

Ji Kai, who didn't want to be cannon fodder, cleverly turned invisible. This kind of meeting between high-end people was really not suitable for a little errand boy like him to participate! If he was not careful, he would lose his life!

At the same time, Ji Kai simply hid in a corner and wouldn't come out for no reason!

At this moment, Cao Yu, who had just calmed down, suddenly raised his head and asked Leng ruoxue, "Miss Leng, what do you think?"

"What do you mean by" how is it "?" Leng ruoxue was confused?

"My conditions for marriage!" "Miss Leng," Cao Yu said with a look of disappointment. He kept wondering in his heart, "seeing how distracted miss Leng is, could it be that she didn't hear what I said at all?"

"Oh! It's alright, but this isn't a marriage recommendation center. You won't be able to find a wife even if you tell us all this, right? Why don't you go to the marriage introduction Center to register first, and then we can talk about other things?" Leng ruoxue tried to remind him.

"Miss Leng, do you not believe what I said?" Cao Yu asked eagerly.

"What does it matter if I believe it or not?" Leng ruoxue was speechless. What the hell was this?

"Of course it's related. If miss Leng doesn't believe me, my marriage path will be very difficult. Take a look, this is my identity certificate. It definitely can't be fake. You can verify it on the star network!" Afraid that Leng ruoxue wouldn't believe in his noble identity, Cao Yu even took out his proof of identity and handed it to Leng ruoxue, looking at her with anticipation.

"..." Leng ruoxue was momentarily at a loss. Then, she was completely speechless. She really felt that everything this man said had nothing to do with her. She really thought so. Why didn't this Cao Yu believe her?

"Mr. Cao, whether your marriage path is difficult or not, it doesn't seem to have anything to do with me, right?" After a long while, Leng ruoxue, who had been driven mad by Cao Yu, sighed and said.

"How can it not be related?" Cao Yu was getting a little anxious. However, Leng ruoxue didn't give him the chance to mention this matter and asked directly, "Didn't Mr Cao come for the HEI family? Let's talk about serious business!"

"Oh, right! We'll talk about our matters later! Let's talk about the HEI family first. " Cao Yu said considerately. He took it that Leng ruoxue was embarrassed.

Leng ruoxue's expression turned ugly when she heard Cao Yu talking about the two of them. What was going on between the two of them? On the other hand, the demon's face also darkened and was covered with dark clouds. It was as if a storm would fall at any moment, giving off a very dangerous feeling. However, Cao Yu, who was immersed in his happiness, was rather alert and didn't feel the immense pressure that was accompanying him at all. On the other hand, Ji Kai, who was hiding in the corner, was so scared that his face turned pale and he almost couldn't breathe.

"Miss Leng, the HEI family head has reported to the Alliance Council that you have destroyed the HEI family's property." Cao Yu cleared his throat and said seriously. At this moment, he had already entered the role of his work. He was no longer that silly aristocrat from earlier.

"Do you have any evidence?" Leng ruoxue asked with a faint smile.

"The HEI family has submitted a few pieces of evidence, and the HEI family's head even personally said that there's a conflict between you and them. What do you have to say about this?" Cao Yu tried to make his voice sound less serious as he asked.

"I don't have anything to say, the HEI family is already so miserable, what else can I say? If your Parliament really has evidence, then do what you have to do!" Leng ruoxue said nonchalantly.

"Miss Leng, you'd better find a way to prove your innocence! Otherwise, you'll suffer once you're found guilty!" Cao Yu said with a look of reluctance.

"I'm just a weak woman with no power or influence. If someone really wants to frame me, even if I want to prove my innocence, I'm afraid I won't have the chance, right?" Leng ruoxue said with a smile.

"Miss Leng, you must believe in the Parliament's justice!" Seeing that Leng ruoxue seemed to have the idea of breaking the pot and throwing it to the ground, Cao Yu couldn't help but ask anxiously. Even though he wasn't confident when he said that.

Before they came here, there were indeed people in the Parliament who said that they wanted to take this opportunity to catch the three of them and control them. However, after seeing Leng ruoxue, Cao Yu felt that he had fallen in love, so he couldn't bear to let Leng ruoxue suffer. In his opinion, he couldn't control the other two, but he had to protect the woman in front of him.

"The Parliament is just? Then why did I see people protesting the unfairness of the Parliament on the internet a few days ago?" Leng ruoxue asked in surprise after hearing Cao Yu's words.

"Uh! That was a misunderstanding!" Cao Yu broke out in a cold sweat. Actually, by 'just', he meant that he would help him deal with the situation!

"I'm afraid there's no smoke without fire!" Leng ruoxue shook her head, clearly not believing Cao Yu's words.

Cao Yu was a little anxious and quickly said, ""Miss Leng, even if you don't believe in the Parliament, you have to believe in me! How could I let the Parliament wrong you!"

His words were very sincere, but Leng ruoxue only smiled.

"Mr. Cao, it's better for you to do business." After a long while, Leng ruoxue finally spoke.

"Miss Leng, how can you give up so easily?" Hearing that Leng ruoxue wanted him to do business, Cao Yu became even more anxious. If they were really doing business properly, the three of them would have already been in prison.

"I'm not giving up. I just believe in the Council's fairness, okay?" Leng ruoxue said helplessly. Then, she called Ji Kai out and asked him to see the guest out.

Cao Yu was forced out reluctantly. He stared at Leng ruoxue's front door for a while sorrowfully before he left gloomily.

"Xue 'er, that guy is quite protective of you!" After Cao Yu left, the evildoer, who had already returned to his room with Xue 'er, asked nonchalantly.

"Is there? I don't think so. " Leng ruoxue played dumb.

"Hmph!" With a cold snort, evil tsundere turned his head to show his dissatisfaction.

Leng ruoxue sighed softly. She knew that the demon was Jealous Again.

After helplessly coaxing him for a long time, Leng ruoxue promised him many unequal treaties before she finally coaxed the demon.

A few days later, when Leng ruoxue and the demon were about to have lunch, Ji Kai suddenly walked in with an unsightly expression.

"What's wrong?" Leng ruoxue asked when she saw Ji Kai's expression. Using her divine senses, she realized that there were a few unfamiliar Men in Black in the house.

"Madam, the Parliament has sent someone to invite us over!" Ji Kai said unhappily. He said it was a treat, but everyone knew that it was forced!

"Oh! Wait for us to finish lunch!" Leng ruoxue nodded.

"Uh! Aren't you going to chase them away?" Ji Kai saw his wife's gentle attitude and asked in confusion.

"The Parliament is so powerful, can we afford to offend them? Of course, I have to follow them obediently!" Leng ruoxue said matter-of-factly.

"Madam is right!" Ji Kai immediately understood and agreed. In his heart, he silently prayed for the Parliament.

Amen! The Parliament could only pray for themselves!

After lunch, Leng ruoxue and the other two obediently boarded the hover car sent by the Parliament. Before they left, Leng ruoxue naturally wanted to take away her house. When they saw the house suddenly disappear before their eyes, the few law-enforcement officers could not help but widen their eyes in shock.

W-where's the house? How did it disappear?

Leng ruoxue could tell that they had their doubts, so she immediately explained, "I'm taking the house with me, let's get in the car!"

Seeing how eager Leng ruoxue was, the Alliance's law-enforcement officers couldn't help but give her a sympathetic look. Then, with a look of shock and disbelief, they got into the hover car.

After getting into the hover car, Ji Kai suddenly remembered something very important. They didn't have any identification. When they reached the Alliance conference ...

Oh my God! This was definitely the rhythm of sending a sheep into the Tiger's mouth!

He whispered to his master and Madam, but Leng ruoxue gave Ji Kai a look as if he was an idiot and said, ""Do you think the Alliance is a good-for-nothing? They've already checked our identities and know that we're stowaways!"

"Argh! Why didn't the Alliance Council say anything? Do you think we're stupid?" Ji Kai was furious.

"I'm treating you as an idiot, but that doesn't include us!" Leng ruoxue was determined to cut off her relationship with Ji Kai. She didn't want to put her intelligence on the same level as him.

"Madam ..." Ji Kai looked at Leng ruoxue, feeling wronged. He knew that with his master and Madam's strength, his worries were unnecessary. However, it was not easy to change the habits that he had developed over the years. He needed time to adapt!

"Just follow obediently, watch more and talk less!" Leng ruoxue saw how pitiful Ji Kai was, and he was one of her people, so she kindly reminded him.

"Yes, yes!" Ji Kai quickly nodded and then sat on the chair like an obedient baby, looking at the scenery outside.

The hovercar used by the Alliance Council was not bad. It was fast, stable, and spacious. He was very satisfied with it.

However, the Parliament was not on the same planet as the vast expanse star field, and the distance between the two was quite far. So, when they arrived at the spaceship docking point, they changed to another spaceship and continued to the Parliament.

The three of them spent dinner time on the Flying Ship.

Ji Kai took out a pile of prepared food for the three of them to eat and gave a lot to the Alliance's law-enforcement officers. He instantly captured the hearts of those law-enforcement officers.

Leng ruoxue was very satisfied when she saw that Ji Kai was getting more and more familiar with human relationships.

After flying for nearly a day, they finally arrived at the star region where the Alliance Council was located the next afternoon.

The planet where the Alliance conference was held was an independent planet. The people who could live on that planet were basically members of the Alliance conference. Although there were not many people on that planet, it was the best in terms of defense and wealth!

There was the tallest white building on the planet. According to the law-enforcement officers of the Alliance, the Alliance Parliament was there.

They changed to a hover car and soon arrived at the Alliance conference.

The moment she alighted from the car, Leng ruoxue saw a ball-shaped object running towards her at high speed.

After recognizing the ball with great difficulty, Leng ruoxue was a little confused. After not seeing him for a few days, Cao Yu had actually gained quite a bit of weight!

"Miss Leng, you're here!" Cao Yu said courteously. Then, he whispered to the three of them, "If anyone asks you any questions later, don't answer them. I've already hired the best lawyer for you. With a lawyer present, your rights and interests will be protected!"

"Thank you!" Leng ruoxue said with gratitude. No matter what Cao Yu's motive was, he didn't have any ill intentions towards them at the moment! She couldn't hate such a person. Even though Cao Yu was a little ...

"Don't mention it, but we'd better pretend that we're not familiar here!" Cao Yu reminded again.

Leng ruoxue nodded and thought to herself, 'we're not close to begin with!'

Then, the three of them were brought into the Alliance Parliament.

The first person to receive them was an old man who looked to be around 60 years old. His hair was already white and he had a goatee on his face. His eyes were bright and he sized up Leng ruoxue and the other two for a long time. His eyes flickered for a while before he invited the three of them to take a seat.

While the other party was sizing them up, Leng ruoxue did not stand on ceremony and observed the old man. In the end, she concluded that this was a rather stubborn, power-hungry, and greedy old man.

After sitting down, both parties waited for the other party to speak first. According to the old man's original plan, the three of them would definitely feel guilty when they were brought to the Alliance Council. In addition, they had obediently followed the Alliance enforcers here without any resistance. This caused a considerable number of people in the Alliance Council to be disdainful of Leng ruoxue and the other two. They felt that they were not as terrifying as the rumors had said!

Even an ability user couldn't possibly have the ability to overturn rivers and seas! Is he still human?

SUPREME CRAZY WIFE

Chapter 3014 What's The Structure Of The Brain (10)

Unfortunately, even after waiting for a long time, Leng ruoxue and the other two had no intention of speaking. In the end, it was the old man who couldn't sit still and took the initiative to say, "I am the Deputy Chairman of the Alliance Council, Fan Tong. You can call me Chairman fan."

Fan Tong?

Leng ruoxue immediately understood. This was a good-for-nothing!

Nodding her head, Leng ruoxue smiled and asked, "I wonder why the good-for-nothing vice-chairman has called us here?"

Hearing Leng ruoxue's words, Ji Kai couldn't help but burst out laughing. Although the old man didn't hear the madam's curses in a roundabout way, he could tell.

But even so, the good-for-nothing Deputy Speaker still glared at Ji Kai. He deeply felt that the servant was laughing when the master was talking. It was really uneducated!

"Of course it's because of the HEI family." The noble vice-chairman felt that he should not be calculative with a servant. He spoke to Leng ruoxue as if it was only natural.

"Oh! But I have nothing to discuss with the HEIs, and I'll have to wait for my lawyer to come before I can answer your question. " Leng ruoxue said with a smile.

Her words made the good-for-nothing Deputy Speaker so angry that his beard trembled. The anger in his heart also rose bit by bit. He even knew how to get a lawyer. He really didn't expect this!

The good-for-nothing Deputy Speaker was deeply surprised. In his eyes, only aristocrats knew how to hire a lawyer. How could a commoner know this?

More importantly, a star lawyer was very expensive, not something a commoner could afford!

However, even though it was an accident, Leng ruoxue had already expressed her intention to hire a lawyer. Then, he would have to wait. Otherwise, his position as the Deputy Speaker would be over if someone got hold of something that could be used against him.

After Leng ruoxue's group of three and the good-for-nothing Deputy Speaker sat there staring at each other for an hour, the late lawyer finally arrived.

The lawyer was a rather beautiful woman. She was dressed in a professional suit and black high heels. She swayed as she walked. After she entered, she threw a big wink at the good-for-nothing vice-chairman and gently stroked her brown hair with a sweet smile.

Seeing this lawyer, the good-for-nothing Deputy Speaker could not help but widen his eyes and curse in his heart. Who found this woman?

If it was just an ordinary lawyer, he wouldn't be afraid. But this woman's identity was not ordinary! This was because this woman was born in the Muyuan royal family and was a noble Princess.

In other starfields, the royal family might be dispensable, but the Muyuan Starfield was definitely ruled by the royal family. Especially since the princess in front of him was quite favored, the Vice speaker's intestines were about to be cut in two.

"Princess Cao Meng, what brings you here?" The good-for-nothing Deputy Speaker stood up and asked while suppressing his depression.

Although the Alliance Council's administrative management was higher than the Muyuan royal family 's, to put it bluntly, the Alliance Council was actually just an Alliance organization formed by the people in power of various starfields, and the chairman was also rotated by each family. Therefore, the

various major forces in the Alliance Council could be said to be deeply intertwined. It was really hard to say which family had a higher status, but the CAO family definitely had a pivotal position in the Alliance Council.

"I'm the lawyer they hired!" Cao Meng pointed at Leng ruoxue and the other two.

"Does the imperial family of Muyuan know about this?" The good-for-nothing Deputy Speaker could not help but ask. These three people were related to the interests of the Alliance! How could Cao Meng ignore the big picture! He was very angry!

"I've already said that I'm their lawyer. Are you telling me that the royal family wants to interfere with my work?" Cao Meng said without a care.

"They are the people the Alliance requested to assist in the investigation." The good-for-nothing Deputy Speaker reminded.

"So what? I only know that I'm their lawyer!" Cao Meng didn't think much of it. She then threw Leng ruoxue a flirtatious look.

Leng ruoxue was speechless. Was this woman trying to tease her in public? However, she cleverly chose to stay out of this world and talk to her lawyer!

"Princess Cao Meng, have you forgotten the position of the Muyuan royal family in the Alliance? I advise you not to get involved in this matter!" After taking a few deep breaths, the good-for-nothing Deputy Speaker still wanted to persuade Cao Meng to give up her position as the lawyer representing Leng ruoxue and the other two. After all, the other lawyers did not have a noble status like hers and were much easier to deal with. At least, that was what he thought.

"Offending the Deputy Speaker, I can understand it as you threatening me? I'm going to complain to the Alliance that you're interfering with the Justice of

the Alliance's laws! Just wait for my lawyer's letter!" Said Cao mengyun with a light smile.

The good-for-nothing Deputy Speaker was so angry that he vomited blood. What did he say that would affect the Justice of the Alliance? Didn't he just want her to understand his position?

The extremely depressed Deputy Speaker felt that he had no way to communicate with Cao Meng. He turned to Leng ruoxue and the other two and said,""Since your lawyer is here, you should talk to him first! I'll send someone to ask you about the HEI family later!"

He had decided to retreat! Otherwise, he would have been angered to death by Cao Meng!

After saying that, good-for-nothing left in a depressed mood.

The moment good-for-nothing left, Cao Meng immediately cast her curious gaze on Leng ruoxue. She squinted her eyes and said with a green light in her eyes,""She's indeed a stunning beauty!"

..."She was teased again!

Leng ruoxue was speechless. However, she could tell that this woman was just joking with her! "You're not bad yourself!"She said.

"Of course! I've always been confident in my looks and figure!" Cao Meng laughed heartily, then suddenly said,"Cao Yu is my older brother!"

Leng ruoxue blinked her eyes. She had already guessed this. After all, both of them were from the royal family of Muyuan. However, she didn't know what the woman in front of her meant by mentioning Cao Yu. Did he want her to be grateful?

"Originally, my brother wasn't looking for me. However, this is the first time I've seen him so enthusiastic about a woman, so I came out of curiosity." Cao Meng continued.

When she saw Leng ruoxue, Cao Meng felt that she had made the right decision to come. However, she could tell that the beauty in front of her would never fall for her brother. Big brother's spring water is going to be in vain!

At the thought of this, Cao Meng could not help but glance at the devilish man beside Leng ruoxue with hidden bitterness. With such a man by her side, a woman's taste would definitely be spoiled!

"Xue 'er already has a man!" At this time, he saw through Cao Meng's evil thoughts and quickly protected his food path.

Seeing his action, Cao Meng was stunned at first, and then burst into a burst of silvery laughter. Obviously, she was laughing very happily.

"Are you done laughing?" Leng ruoxue was speechless when she saw Cao Meng's endless laughter.

"Hahaha! You're quite cute, man!" Cao Meng praised.

"No matter how cute she is, she's taken!" Leng ruoxue squinted her eyes as she replied indifferently.

"I know. Don't worry, he's not my type!" Afraid of being misunderstood, Cao Meng quickly said. Then, after thinking for a while, she suddenly asked mysteriously, ""By the way, do you have any secrets to chasing men? can you teach me? I've taken a fancy to a man, but I couldn't get him even after a long time!"

SUPREME CRAZY WIFE

Chapter 3015 What's The Structure Of The Brain (11)

When she said this, Cao Meng felt that her entire person was not good. Her mood instantly became gloomy.

When Leng ruoxue and the other two heard this, they were speechless. However, the demon was relieved! At least this woman wouldn't cause any trouble for him and Xue 'er!

"Are you here to defend us, or are you here to ask me how to chase a man?" Leng ruoxue asked after a moment of silence.

"I'm here to defend you, and also to ask about chasing men!" Cao Meng said honestly.

Even though Leng ruoxue felt a little helpless when she heard this, she still kindly suggested, "I wonder what type of man you're interested in? Cold-blooded? Domineering? Gentle? Black-bellied?"

"It's a big ice block!" Cao Meng said with hatred.

"Even a beauty like you can't warm the ice? Then I really don't have any good ideas, unless the Overlord forces himself on me!" Leng ruoxue said after some thought.

"The Overlord forced himself on me? Will he come after me after this?" Even though Leng ruoxue's idea moved Cao Meng, she was still a little afraid!

"I don't know," Leng ruoxue said irresponsibly.

"....."

Cao Meng was upset by Leng ruoxue and said with hatred, "You're too irresponsible!"

"I'm too honest. Why don't I suggest you change to another man?" Leng ruoxue suggested. The ice cube man was the most difficult to deal with. Of

course, once he melted the ice, he would turn into an ice-cold loyal dog. This was something that would give one a sense of accomplishment. However, this Princess in front of them didn't seem to have the courage to do so!

"No! I've had my eyes on him since I was young! He had guarded it for so many years, how could he let others take advantage of it! I've decided, I'll do as you say!" Making up his mind, Cao Meng said with a look of going all out.

"I wish you good luck!" Leng ruoxue said with a smile.

"Thank you! Now that I'm done with my business, let's talk about yours!" Cao Meng's train of thought jumped around and very quickly, she brought the topic back to Leng ruoxue.

"The matter of the HEI family?" Leng ruoxue blinked her eyes and asked in an innocent manner.

"En, regarding the HEI family's false accusation, what do you have to say? How do you want me to defend you?" Cao Meng asked seriously, her previous joy gone.

Leng ruoxue looked deeply at Cao Meng for a long time before she replied honestly, ""It's not a false accusation, because I did it!"

She realized that Cao Meng and Cao Yu were indeed siblings. The way they spoke, did things, and their styles were really similar.

"....."

Cao Meng didn't expect to hear this answer and was stunned for a long time.

Leng ruoxue and the other two sat quietly on the chairs, not disturbing her thoughts.

After a long time, Cao Meng finally came back to her senses. She looked at Leng ruoxue with a nervous expression and said, ""You really did it? How did you do it?"

"He did it just like that!" Leng ruoxue's answer was very simple, but Cao Meng was going crazy. What kind of answer was that! He was too irresponsible!

"That's not something that ordinary people can do!" Cao Meng gritted her teeth and reminded him.

"I didn't say I was an ordinary person!" Leng ruoxue agreed.

"That's not something an ability user can do!" Cao Meng said.

"Yes, normal mutants indeed can't do it!" Leng ruoxue continued to agree.

Cao Meng, on the other hand, was going crazy. She deeply felt that communicating with the woman in front of her was very tiring! Wuwu...Mama! Could she go home?

Taking a few deep breaths, Cao Meng collected her depressed mood and said,""Can I take it as you are not ability users?"

"Sure!" Leng ruoxue nodded.

"Then, can you tell me who you are? As far as I know, the Alliance has not found out your identities. You are not even from an elementary civilization!" At this point, Cao Meng did not intend to hide anything.

"If I say that we are gods, would you believe me?" Leng ruoxue laughed evilly.

"Of course I don 't! We're in the age of technology, where do gods even exist!" Cao Meng said immediately. She was an atheist and did not believe in gods or demons!

"There are gods in this world!" Leng ruoxue said calmly.

"Then, then what evidence do you have to prove that you are a God?" Cao Meng asked, still in disbelief.

Leng ruoxue smiled faintly, then grabbed Cao Meng's arm. The two of them disappeared from the room.

When Cao Meng realized that she had been brought to the vast universe in the blink of an eye and was still floating in the blue sky, she couldn't stand the stimulation. She couldn't help but let out a scream and her face turned pale. She held on to Leng ruoxue tightly, afraid that she would fall.

This ... This was too surreal! She was actually standing in space without any protective measures. No one would believe it!

"Go, go back! I believe you!" After a long time, Cao Meng finally stabilized a little and said pitifully.

Sob ... She seemed to know too much. She didn't know if she would be killed!

Leng ruoxue smiled faintly. In an instant, the two of them returned to their original positions.

Cao Meng, who was still in shock, was like a little beast that had been struck by lightning. She sat on the chair listlessly. After a long time, she carefully asked, "May I know, what did the HEI family do to offend you?"

"The head of the HEI family wants to give his daughter to my man!" Leng ruoxue said casually, then added, "Since they dare to bully me, then I can only make the HEI family lose everything!"

Upon hearing this, Cao Meng's heart settled down and thought, "that was close!" It was a good thing that she was not interested in that devilish man. Otherwise, she would bring disaster to the MU Yuan royal family!

Wait, what about her brother? It seemed that he had to go back and persuade his brother not to have any ideas about this woman. He couldn't afford to offend these three people!

After thinking about it, Cao Meng felt a sense of relief. But she still couldn't help but ask curiously, "You told me about your identity and the HEI family, aren't you afraid I'll tell others?"

"I'm not afraid! Aren't you our lawyer? Of course, you have to be honest with a lawyer. " Leng ruoxue blinked and smiled.

In reality, to these ordinary people, if her identity could really scare them, it would not be a good thing to not pay for it. It would save them a lot of trouble. Therefore, Leng ruoxue did not mind Cao Meng revealing her identity.

Cao Meng nodded with a bitter smile and couldn't help but sigh,""When I was a child, I heard my elders say that God loves the world. Today, I finally know that this is true."

Leng ruoxue was confused. God loves the world? Was that something a God could say? It should be the huckster who said it, right?

Seeing Leng ruoxue's confusion, Cao Meng took the initiative to explain,""Even though the HEI family has offended you, you didn't kill anyone from the HEI family. You only gave them some punishment. Isn't this a display of God's love for the world?"

"....."

Child, you're thinking too much! Those were the words that the huckster used to deceive the innocent people!

[SUPREME CRAZY WIFE](#)

Chapter 3016 What's The Structure Of The Brain (12)

Initially, Leng ruoxue did not want to explain, but in order not to be misunderstood, she still said,""You're wrong, in the eyes of God, everything in the world is like an ant. If you offend the dignity of God, you will have to pay

with your life. But for me, it's too easy to turn some people into ashes and I don't want to let the HEI family benefit, so it's better to let them have nothing!"

After hearing this, Cao Meng was speechless. She could no longer say anything like "God loves the world"!

It turned out that gods were terrifying and vengeful! And the revenge would be extremely ruthless! Today, she finally experienced it.

She didn't dare to talk about divine love anymore, so she quickly changed the topic. "I wonder what the three of you want me to do?"

"You don't need to do anything!" Leng ruoxue laughed evilly.

"Uh!" When Cao Meng heard this, she had a bad feeling. Someone was going to be in trouble!

"You can just be our lawyer in name!" At this time, the demon spoke.

"....."

The demon's words made Cao Meng sad. She was one of the best Lawyers in the Alliance! Why did she become a wallflower in front of these three?

However, the other party was a God, and it seemed that she really didn't need to do anything!

"En!" Leng ruoxue nodded in agreement.

Cao Meng had no choice but to compromise under the pressure of these two.

Before he was about to leave, Leng ruoxue reminded him, "Princess Cao Meng, I suggest that you take this opportunity to pursue the man that you like!"

"I will!"

After saying that, Cao Meng turned around stiffly and left.

However, she didn't leave immediately. Instead, she went to bail the three of them out, but their bail was rejected by the Alliance.

After being rejected, Cao Meng didn't argue with the people of the Alliance. Instead, she looked at the person in charge who rejected her with a little sympathy and then patted her sleeves, not taking away any color!

The person in charge was surprised for a long time when he saw that Cao Meng was so easy to talk to, but he did not think too much about it. At the same time, Leng ruoxue and the other two were temporarily locked up in the detention room.

Looking at the sealed white room, Ji Kai couldn't help but sigh. "Master, Madam, I've always been a law-abiding citizen! Today is the first time I'm being detained!"

"You mean, we're not law-abiding citizens?" Hearing this, Leng ruoxue raised her eyebrows.

"No! It wasn't! I didn't mean it that way!" Ji Kai saw that his wife's tone was a bit unfriendly, so he quickly changed his words.

"But you're right. We've never been law-abiding citizens, because the laws in our world are all set by us!" Leng ruoxue suddenly changed the topic.

Such a sudden turn of events stunned Ji Kai for a while. After he regained his senses, he looked at Leng ruoxue with his bright eyes and shouted in his heart, "My idol! Madam is so domineering!"

However, what Ji Kai admired more was the calm bearing of his master and his wife. No matter where and when, the two of them seemed to be strolling in their own backyard. It really made him envious, jealous, and hateful! When he could be like this, he would feel that he was complete!

He stayed in the detention room for three days, but the Alliance Parliament didn't send anyone over. Ji Kai couldn't help but feel puzzled. In fact, the Alliance Parliament had been biding their time because they had been discussing countermeasures. According to the news from the Muyuan royal family, two of the three were gods, so they couldn't be touched!

Of course, this news was disclosed to the Muyuan royal family by Cao Meng, and the Muyuan royal family informed the Alliance Council out of consideration for their interests.

The appearance of this news caused the Alliance to be divided into two factions. One faction was naturally led by the Muyuan royal family. They supported the idea of befriending Leng ruoxue and the other two! The other faction was led by Vice President good-for-nothing's fan family. They hoped to control Leng ruoxue and the other two in their hands!

The two factions were in a deadlock, so Leng ruoxue and the other two were naturally ignored. However, Leng ruoxue and the demon were happy to watch the show. The Alliance Council thought that their actions were undetectable, but they did not know that everything was within Leng ruoxue and the demon's control.

The three of them calmly stayed in the detention room during the day and returned to the bracelet to rest at night. The vindice who was in charge of monitoring their every move seemed to be used to them disappearing from time to time. However, such news to the people of the Alliance Parliament was mixed with joy and sorrow.

The worried side was naturally the Muyuan royal family. They really did not know when this matter would end. They deeply felt that the longer this matter dragged on, the more disadvantageous it would be for the Alliance! What if the God of killing got angry! The consequences were simply unimaginable.

However, good-for-nothing and the others were rather excited. Originally, good-for-nothing only felt that Leng ruoxue and the other two were extraordinary. Now that it was proven that they were indeed extraordinary, he naturally did not want to let the three of them off easily. What he desired the most was to take them for himself!

Good-for-nothing, who had already gone a little crazy, had made up his mind to keep Leng ruoxue and the other two in the Alliance conference forever. Of course, they would be kept as their prisoners and test subjects!

He coveted the other's magical treasure, and he wanted to get their genes that were beyond human. He deeply believed that as long as he could get the genes of the man and woman, the fan family would become the most powerful family in the entire Alliance.

Thinking of this, good-for-nothing could not control his thoughts at all. However, the Muyuan royal family had an extraordinary status in the Alliance. With their strong opposition, at least half of the Alliance's parliament members chose not to support him, which made him feel deeply aggrieved.

However, good-for-nothing insisted on doing this, so he sent people to secretly persuade those families who did not support him on the surface, and the results were very good.

There were quite a few families that were convinced by him and had their eyes on Leng ruoxue and the high-quality genes of the evildoer. After all, the temptation of genes that could improve the fundamental quality of the family was too great. Furthermore, Leng ruoxue and the evildoer had always been very obedient. This had caused some of the greedy families to look down on them.

From their point of view, even though the HEI family had accused the couple of being responsible for the destruction of their property, they did not have any

concrete evidence. As such, it was impossible to prove how terrifying the strength of the couple was!

Moreover, who didn't know what was going on behind the scenes? As a result, hei tribe's end was not a good example for them, some families were on the bright road to death, never to return.

Although the royal family of Muyuan was furious about the betrayal of a considerable number of their allies, they could do nothing about it. The only thing they could do was to draw a clear line with the other party. After all, the temptation of those three people was too great for the major families.

At one point, some people in the MU Yuan royal family were tempted. However, under the iron-blooded suppression of the Emperor Mu Yuan, the Restless royal family members either retracted their thoughts or were expelled from the royal family and were no longer a part of the MU Yuan royal family. In short, this time, the strong Emperor Mu Yuan would not be soft on anyone, even if the other party was his own son!

In reality, the reason why Emperor Muyuan was so determined to be on good terms with Leng ruoxue and the other two was because after he dealt with a few members of the royal family for the first time, Leng ruoxue and the demon had visited his palace. At that time, they had given Emperor Muyuan a huge scare.

Such a God who could appear in front of them without alerting anyone was not something that ordinary people like them could covet. With that experience of shock, Emperor Mu Yuan's mind was even more determined!

A God was a God! It was not something that ordinary people could get their hands on!

More importantly, Leng ruoxue had also given Emperor Muyuan an elixir that could remove the poison in Cao Yu's body! Cao Yu was his most beloved son.

Because he was envied by others when he was young, he was poisoned by an unknown poison. Otherwise, he wouldn't have become so short and ugly. Now that he had an elixir that could cure his son's poison, what else could he ask for?

Emperor Mu Yuan was satisfied and deeply felt that his policy of befriending others was the right one! Now, he had gained real benefits!

He was happy, but after he followed Leng ruoxue back to the detention cell, the demon was not feeling well.

Needless to say, the demon drank another big jar of vinegar! He felt that Xue 'er was too concerned about Cao Yu.

After Leng ruoxue found out, she only felt so wronged. When did she pay attention to Cao Yu?

At least, the first time she saw Cao Yu, although she was surprised that there was such a good-looking person like Cao Yu in this high-tech civilization star field, she didn't think that Cao Yu was poisoned at all. The second time she saw him, she noticed that Cao Yu was as fat as a ball, so she observed him out of curiosity. This was not attention, she was just giving the Muyuan royal family some benefits. After all, they had always been supporting them!

Another ten days passed.

The good-for-nothing Deputy Speaker and his men finally arrived in the detention room!

Seeing Leng ruoxue and the other two being so carefree, good-for-nothing could not help but feel a little angry. Even though he knew that the three of them were living a carefree life, the impact of seeing it with his own eyes was even greater.

At this moment, Leng ruoxue and the other two were having breakfast. Looking at the dazzling variety of breakfast on the table, some of good-for-nothing and the others could not help but swallow their saliva. However, Leng ruoxue had no intention of treating them to breakfast.

Under everyone's watchful eyes, Leng ruoxue and the other two calmly finished their breakfast before smiling at good-for-nothing, "'Vice Speaker good-for-nothing, is there anything I can help you with?"

SUPREME CRAZY WIFE

Chapter 3017 The Enemy Was Too Cunning (1)

"Of course there's something!" Fan Tong raised his head and said arrogantly.

After Leng ruoxue heard this, she blinked her eyes and waited for Fan Tong to continue. Fan Tong also deliberately paused and waved his hand. Several doctors in white robes walked in from behind.

After the doctors entered, they swiftly took out all sorts of tools and stood in front of Leng ruoxue and the other two, waiting for the next order.

"Deputy Speaker Fan Tong, what are you doing? None of us are sick. " Leng ruoxue asked, playing dumb.

"Of course I know that none of you are sick. There are not so many doctors here just to treat you." Fan Tong answered truthfully. Then, he took a deep breath and said, "The Parliament hopes that you can cooperate with the examination. The examination is of great significance to all of mankind, so it is of great importance!"

"You mean, the examination on us concerns the entire human race?" Leng ruoxue pretended to be deep in thought as she asked. Then, without giving Fan Tong a chance to reply, she continued to ask,""But what does this have to do with us?"

"How is it none of your business? Are you not humans? Shouldn't they be contributing to the development of mankind?" Fan Tong had placed a huge responsibility on Leng ruoxue's group of three, which was related to the development of the entire human race. He had an expression that did not allow for rejection.

Leng ruoxue and the other two could also tell that if they accepted some kind of groundless inspection, then they might be able to contribute to the development of mankind. If they rejected it, they might be treated as sinners of mankind!

Preposterous!

Did he think they were easy to bully or deceive? He wanted to stand on the moral high ground and threaten them? Not to mention Leng ruoxue and the evildoer, even Ji Kai, who had heard this, felt disgusted by the shamelessness of Fan Tong and the others.

He had long heard of the dirty ways of the Alliance Council, and he finally saw it for himself today. If they were to flatter ordinary people, they might really fall for it in order to be heroes. But who was the person in front of them now?

Ji Kai gave them thirty-two thumbs-ups sympathetically and mourned for them for three minutes. This was what it meant to not die if they didn't seek death, right?

At this moment, Ji Kai had already decided to move a small stool and take out his snacks to watch the show. In any case, there was a master and his wife, so he just had to be an audience!

Although it was a little unprofessional for a servant to not be of any help, he could not be blamed! Who asked master and Madam to be too strong? once they provoked an enemy, he would be left in the dust! Sob...As a servant, he was actually under a lot of pressure!

After a long time, Leng ruoxue and the demon did not have much of a reaction after hearing what Fan Tong had to say.

Seeing this, Fan Tong was a little anxious and asked, ""I'm talking to you! Don't be a mute!"

Smiling, Leng ruoxue said with a good temper, ""Deputy Speaker Fan Tong, how do you want us to answer you?"

"Of course you'll happily accept our inspection!" Fan Tong said matter-of-factly.

"Alright! But that's what you think. I can only say that you're dreaming!" Leng ruoxue said calmly.

"You, do you know who you are talking to?" Hearing Leng ruoxue's words, Fan Tong was enraged.

"Do you know who you're talking to?" Leng ruoxue smiled.

"You ..." Fan Tong was at a loss for words. Although he knew that the other party was a God, he would not admit the identity of the two people in front of him. Otherwise, how could he continue with his purpose?

"What, you don't want to acknowledge our identities?" Leng ruoxue sneered.

"Hmph! What kind of status do you have? They were just three stowaways! Since you've chosen to sneak in, you'll naturally have to accept the punishment of our Alliance! So, from now on, You're Under Arrest!" Fan Tong roared crazily.

"The crime is smuggling?" Leng ruoxue asked calmly.

"Of course!" Fan Tong nodded.

"And we have to cooperate with your inspection for the sake of the development of all mankind?" Leng ruoxue asked again.

"That's right! So in order to avoid physical pain, you'd better be tactful and take the initiative to cooperate. Otherwise, you'll bear the consequences!" Fan Tong shouted at the top of his voice.

"Have you ever thought about the consequences of treating us like this?" Leng ruoxue continued to ask.

"This is the territory of the Alliance? Are you guys thinking of rebelling?" Hearing this, Fan Tong's heart trembled, but he quickly calmed down. This was because he believed that if the other party was really a God, he would definitely not start a massacre on all of humanity. After all, why would a true God care about mortals? God loves the world!

Unfortunately, even though his idea was wonderful, he had forgotten that if he violated the dignity of the gods, would the gods be angry?

As for Leng ruoxue and the evildoer, they were not gods that were easy to get along with! It was fine if they didn't provoke them, but once they were provoked, the unlucky ones would definitely be others!

After hearing Fan Tong's words, Leng ruoxue smiled faintly and said, ""We don't need to rebel, because in our eyes, you are just a group of ants!"

"W-who are you calling an ant?" Hearing this, Fan Tong was furious. He had always thought highly of himself and never thought that he would be treated as an ant one day. In his eyes, ants had always been others. How could it be him?

Leng ruoxue's words were like a lit explosive, instantly setting Fan Tong on fire. Seeing that Fan Tong was glaring at her with wide eyes, Leng ruoxue became even calmer and smiled without saying a word!

Seeing her like this, Fan Tong was angry and resentful. Without thinking, he ordered the doctors, ""Capture them and inspect them! There's no need to be polite to them!"

"Weren't you being polite to us before?" When Leng ruoxue heard this, she could not help but ask with widened eyes.

"Of course! I was very polite to you before, but you refused to cooperate. So, I can only use force!" Fan Tong's face was full of regret.

"Being strong isn't that easy to use. Are you sure you want to use it?" Leng ruoxue confirmed.

"I don't want to either! It's a pity that you won't cooperate!" Fan Tong said with a little regret.

"If that's the case, it seems like we can't come to an agreement!" Leng ruoxue said with a tinge of regret.

"You can't say that. In fact, our attitude is completely dependent on your cooperation! So, as long as you're willing to cooperate, we can still come to an agreement. " Seeing that there was a way, Fan Tong said again.

"I wonder how you guys want to check?" Leng ruoxue asked curiously.

Hearing her words, Fan Tong thought that Leng ruoxue had given in. His face instantly bloomed into a chrysanthemum as he hurriedly said, ""Actually, I only need you to offer a little bit of your blood!"

"You guys want to get my master and Madam's genes?" Hearing this, Ji Kai's face paled.

"Genes? What's it for?" As the Mistress of the Dark World, the demon had never come into contact with such profound things, so he had no idea what the function of the genes Ji Kai mentioned was!

SUPREME CRAZY WIFE

Chapter 3018 The Enemy Was Too Cunning (2)

"Genes are the data that makes up the human body. It can be obtained through research such as blood and hair. After obtaining the genes, you can use them for other purposes!" Ji Kai quickly explained.

"What can I do?" The demon narrowed his eyes and asked again.

"Yes, yes ..." Ji Kai didn't dare to say it, because he knew that if he said the worst result, his master would definitely be angry!

"If we combine our genes with some people, we should be able to create an excellent descendant." Leng ruoxue laughed evilly.

"Descendant? Is it ours?" The demon shamelessly asked.

"If it was ours, would they need to go through so much trouble?" Leng ruoxue said calmly.

"Then who is it with? Hmm?" The evildoer's anger gradually rose. He had a bad feeling, so when he said this, his torch-like eyes were already fixed on Fan Tong.

Being stared at by the demon's ink-black eyes, Fan Tong's legs immediately went soft, but he still pretended to be calm and said, "Of course it's with the most outstanding member of the opposite sex in the entire star field. Only then can we create more outstanding humans!"

"The most outstanding member of the opposite sex? It's not Xue 'er?" The evildoer understood the other party's words, and the anger in his heart completely erupted. Was he trying to steal his and Xue 'er's genes to pair with someone else? This was preposterous!

"I don't deny that the two of you are excellent, but for the development of the entire star field, just the two of you are not enough. Therefore, your genes are very important to us. I hope you can take the big picture into consideration and assist us in our research. This is no loss for you at all, right?" Seeing that the demon seemed to be wavering, Fan Tong began to brainwash him again.

"It's your big head!" The evildoer was completely enraged. He directly kicked Fan Tong in the stomach and kicked him out of the detention room. Fan Tong, who was kicked away, still shouted, ""Warning! Activate the alarm! This man is too dangerous ..."

Fan Tong's voice came closer and further away, then slowly disappeared.

After that, the demon's gaze turned to the other people present and he smiled faintly, ""You guys also want our genes?"

As he spoke, the evildoer approached the people step by step. The strong sense of oppression made the other members of the Alliance Parliament break out in cold sweat. Their faces were pale as they retreated bit by bit as the evildoer closed in.

Before the demon could open his mouth, those people had already chopped down under the pressure of the demon.

In the end, no one knew who took the lead, but the people from the Alliance Council began to rush out of the detention room.

Watching the back of the people from the Alliance Council, Leng ruoxue looked at Ji Kai in disappointment and said, ""This is the Alliance that you've been talking about? With such little guts, you still dare to covet our genes?"

Ugh! Ji Kai didn't know what to say. This was none of his business. He wasn't a member of the Alliance Council, so why did the madam sound like she was disappointed in him?

Ji Kai truly felt that he had been wronged, but he didn't dare to talk back to his wife, so he could only flatter his master, "Master is too powerful! So, under master's overbearing aura, the people of the Alliance Council slipped away!"

"Master, Madam, what are we doing now?" Then, Ji Kai asked.

"I'm going to destroy the Alliance!" The demon said coldly.

"Master, I support you!" Ji Kai's Lackey said, but as soon as he finished speaking, he heard an ear-piercing alarm from outside the detention room. It was the highest level alarm!

Immediately, Ji Kai's expression changed, and he said with a trembling voice, ""Master, Madam, we're in trouble. The Alliance has sounded the highest level alarm. We're going to be surrounded by the entire star field!"

"Being attacked by the entire star field? You mean, the entire star field will be involved?" Leng ruoxue was curious.

"Not only that, there will also be many energy laser cannons and other high-tech weapons that are not allowed to be used easily. Master, Madam, what should we do? We're in danger!" Ji Kai said nervously.

"What are you afraid of?" Leng ruoxue gave Ji Kai a disdainful look and said with disdain.

"Madam, the energy laser cannon is very powerful! Basically, a high performance laser cannon can destroy a planet!" Ji Kai knew that Leng ruoxue didn't know the power of high-tech weapons, so he quickly explained.

However, Leng ruoxue still did not care. She gave the demon a look and the two of them walked out together. Seeing this, Ji Kai could only follow behind them like a little wife.

As soon as the three of them came out of the detention room, they saw that they were surrounded by countless people. Facing them, in addition to the dense and fully armed Alliance guards, there were also hundreds of high-performance laser cannons in silver lines.

Leng ruoxue surveyed the scene before her beautiful eyes landed on a middle-aged man with a bandage around his head.

"Deputy Speaker Fan Tong, what is this for?" That man was Fan Tong. Leng ruoxue almost laughed out loud when she saw his expression. Did it have to be bandaged so exaggeratedly?

"You dangerous people! You actually dare to attack me!" Fan Tong said with a face full of resentment.

"My husband only kicked you once, and you call that assault? If you're so easily ambushed, then aren't you too useless as a Deputy Speaker?" Leng ruoxue scoffed when she heard Fan Tong's words.

This should be considered as the villain complaining first, right? Logically speaking, they should be the ones who were angry, but before they could do anything, Fan Tong and the others had already charged them with crimes. They really thought they were easy to bully!

Leng ruoxue started to reflect on herself. All this while, had they been too gentle towards these people?

"Hmph! It's not that I'm useless, but the enemy is too cunning!" Fan Tong quibbled.

"Alright! What do you want now? Are you going to use these laser cannons against us?" Leng ruoxue asked helplessly.

"As long as you obediently surrender, I can let you go!" After hearing Leng ruoxue's words, Fan Tong put on a magnanimous expression.

"Do you need us to help you collect genes?" Leng ruoxue asked.

"It's your honor to make sacrifices for the people of the entire star field!" Fan Tong said matter-of-factly.

"Do we need to sacrifice ourselves this time?" Leng ruoxue pretended to be shocked. Wasn't he just cooperating with her for the examination just now? They were only kicked by a demon, and they had to sacrifice themselves?

Wasn't this kick a little too expensive?

Was Fan Tong worth that much?

"You're too dangerous. It's better to sacrifice yourselves for the star field. This is also for the stability of the entire star field!" Fan Tong boasted shamelessly.

"What if we refuse to sacrifice ourselves?" Leng ruoxue asked in confusion.

"Then die now!" Fan Tong said as he endured the pain in his heart. Although he said that, he was taking a gamble. He was betting that the other party did not want to die so early! After all, even a God could not hope to win against their high energy laser cannons!

[SUPREME CRAZY WIFE](#)

Chapter 3019 The Enemy Was Too Cunning (3)

In his view, gods should only be a little higher than ability users. In general, they should have some similarities with ability users, and that was that their abilities were easily consumed. Thus, the advantage of their energy laser cannons was naturally reflected!

"We don't want to die either!" Leng ruoxue said with a smile.

"Then let's sacrifice for the entire star field!" Fan Tong said again.

"Deputy Speaker Fan Tong, may I ask, What is the difference between the sacrifice and death you mentioned?" Leng ruoxue suddenly asked. After being entangled with the other party for a long time, she finally reacted. Wasn't death and sacrifice the same? The final result was death, right? Then why was she still wasting time with the other party?

"The difference is huge. Although they both die, the treatment after death is completely different. Sacrificing for the sake of the entire star field, you're our heroes, but if you die, you'll die without an intact corpse. So, if you're smart, you should know what to do, right?" Fan Tong said proudly.

"Of course, but according to my understanding, the sacrifice you mentioned should cause us to suffer, and death will only be an instant. However, I'm curious, are you really willing to kill us with a laser cannon?" Leng ruoxue's curiosity grew as she spoke.

"I don't want to, but you're too dangerous. If you're not willing to contribute to the development of the entire star field, I can only bear the pain and part with you!" Fan Tong said with a look of reluctance. In fact, he felt that he would rather destroy something that he could not get than let others get it.

Otherwise, he would be depressed to death! But now, the two people in front of him were obviously unwilling to cooperate and even used violence on him, causing him to embarrass himself in front of his subordinates. This was something he could not tolerate!

Of course, if the other party was still willing to provide him with the genes, he would be willing to let them off for the time being. However, it was only temporary. From the moment they embarrassed him, the fate of these two people was already determined. Now, it was time to see if they died a worthy death.

"What a good way to bear the pain and part with your love! It seems like we still can't come to an agreement!" Leng ruoxue smiled faintly. With a thought, she had already put Ji Kai into her bracelet.

When he saw Ji Kai disappear, Fan Tong's eyes flickered and he said, ""You can only blame yourselves for not cooperating!"

"Do you think anyone would be willing to cooperate? Deputy Speaker Fan Tong, have you brainwashed someone? Or do you think we're fools? If I ask you to cooperate like this, would you be willing?" Leng ruoxue asked with a smile.

"Of course I'm willing, this is such an honorable thing!" Fan Tong said with a thick face.

"As expected of the Alliance's vice-chairman. In that case, you should cooperate with me!" As soon as Leng ruoxue finished speaking, Fan Tong was already in her hands. No one present had seen how she had done it.

As soon as he was caught, Fan Tong was a little scared.

"W-what are you doing?" Fan Tong's little face turned pale and he stuttered. He only felt a light breeze and he was captured. What kind of speed was this?

"I want to use you as an experiment! Don't worry, after you die, you'll definitely become a great hero of the entire star field!" Leng ruoxue promised. Then, she shifted her gaze to a commander of the Alliance guards and smiled. "Fire at Deputy Speaker Fan Tong! Let me test the power of your laser cannon!"

"....."

Upon hearing this, the guards all broke out in cold sweat.

How many heads would it take to fire at the vice-chairman without fear of retaliation?

For a moment, the Alliance guards did not dare to act rashly.

Leng ruoxue was very disappointed. The other party was so timid, could they still continue playing happily? One had to know that she had been acting with the other party for so long and was just waiting to reel in the net! But now, the other party was afraid. What was she to do?

Sensing Xue 'er's frustration, the evildoer snatched Deputy Speaker Fan Tong from her hands and broke one of his arms without saying a word. Instantly, a pig-like scream filled the air, shocking everyone present.

The faces of the Alliance parliament members who witnessed this scene instantly turned pale, and cold sweat trickled down their faces. The moment Leng ruoxue saw this, she couldn't help but glance at the demon with some hidden bitterness. This fellow had stolen her limelight.

The Furious Leng ruoxue was not willing to be outdone by others. She mimicked the evildoer and broke Fan Tong's other arm. Immediately, another shrill scream was heard. The others' faces turned even paler, and their hearts began to tremble.

Were this couple really gods? How could he be so brutal?

The Alliance Parliament was shocked. At that moment, Deputy Speaker Fan Tong had already fainted from the pain.

Seeing that Fan Tong was so useless, the demon was too lazy to lift him up with his hands. He threw Fan Tong on the ground and stepped on him with his

feet. Then, his dark eyes turned to the others and ordered, "Come on! Don't you want to destroy us? Hurry up and do it!"

He wasn't as patient as Xue 'er to play with these ants. He had had enough. Now, he just wanted to end this quickly and teach these people a painful lesson before leaving with Xue' er!

However, those people did not dare to act rashly after hearing his fierce tone. Moreover, their Deputy Speaker was still in the hands of these two people! If they really fought and injured Deputy Speaker fan, the fan family would definitely not let this matter rest.

The evildoer could see their hesitation and released Deputy Speaker Fan Tong out of kindness. Fan Tong was kicked away by him again and fell into the lake not far from the Alliance building. In the lake, there was a Star Beast that had been hungry for a long time. Suddenly, food fell into its mouth. It would be a waste not to eat it! Thus, the unconscious Deputy Speaker Fan Tong unknowingly became the Star Beast's meal.

The commander of the Alliance guards did not expect vice-chairman fan to become the food of the astral beast. Seeing that vice-chairman fan was no longer a hostage, he asked for instructions from the Alliance Council and launched an attack on Leng ruoxue and the demon.

The Alliance Council could also tell that these two would never listen to their arrangements and surrender without putting up a fight. As such, they, who were in the same boat as fan Tong, naturally did not wish for Leng ruoxue and the demon to fall into the hands of others. Hence, the only outcome for these two was death!

In an instant, hundreds of laser cannons were aimed at Leng ruoxue and the demon.

Ji Kai, who saw this scene from the bracelet, was extremely anxious. At this moment, he hated himself for being too weak to help his master and Madam.

However, Leng ruoxue didn't have the time to comfort Ji Kai. She was counting the countless red light spots on her body!

Seeing that Xue 'er was having fun, the demon didn't disturb her and just stared at the hundreds of laser cannons in front of him.

He did not have much research on this thing and did not know how powerful it was. However, if these people in front of him wanted to use these high-tech weapons to destroy him and Xue 'er, they were simply delusional!

However, he also wanted to test the power of these laser cannons, so neither he nor Xue 'er wanted to Dodge.

At this moment, the hundreds of laser cannons that were ready launched a fierce attack.

SUPREME CRAZY WIFE

Chapter 3020 The Enemy Was Too Cunning (4)

Hundreds of energy balls that emitted white light were shot out from the laser Cannon's caliber, instantly surrounding Leng ruoxue and the demon. The two of them were bathed in the energy balls and did not feel any pain at all. In fact, Leng ruoxue was even absorbing the energy on her own.

As the ball of energy exploded in front of the Alliance parliament members, they were relieved and thought that the other party was dead for sure. Who knew that not long after, the huge explosion of the laser energy disappeared

without a trace. Leng ruoxue and the demon were still standing in front of them, unscathed.

Seeing the two of them without a single strand of hair missing, the Alliance parliament members felt an unprecedented panic. These, these aren't human! No one could remain unscathed under the attack of the energy laser cannon. This was truly a God!

If there were still people who doubted Leng ruoxue and the demon God's identity before, no one dared to doubt them anymore at this moment.

Seeing that the two of them were fine, the people from the Alliance Parliament subconsciously retreated.

Leng ruoxue and the demon naturally could not pretend that they did not see the small actions of the crowd.

"What, are you scared?" Leng ruoxue asked despite knowing the answer.

He was afraid! Of course I'm afraid! Even the most powerful energy laser cannon couldn't do anything to these two, so these ordinary people naturally couldn't. And now, what they were most afraid of was the revenge of these two people. No, it should be said that it was punishment.

Everyone's hearts were in a mess. As they thought about it, they kept a close eye on Leng ruoxue and the demon. They were afraid that the two of them would attack everyone in a fit of anger. With the other party's ability, none of them would be able to survive.

Seeing that they were a little nervous, Leng ruoxue comforted them kindly, ""Don't be afraid, I won't kill you. "

She wouldn't kill easily during her honeymoon! Otherwise, these people wouldn't have been able to reach this point.

But it would have been better if she didn't say that. Instead, she made the other party even more afraid. Not killing them might mean that they would receive an even more terrible punishment!

At this moment, the evildoer took a step forward and gave the people from the Alliance Council a big shock. He only took a laser cannon and started studying it.

After a while, the evildoer raised his head and said to Leng ruoxue, "Xue 'er, I want to try out the power of this laser cannon!"

"Try it! There are a lot of people there!" Leng ruoxue laughed evilly as she pointed at the people from the Alliance.

At this moment, the only thought in the Alliance Council was that he was lying! Didn't he say that he wouldn't kill them? What was going on now?

Those who were timid could already feel their legs getting wet.

The demon nodded and aimed an energy laser cannon at the people from the Alliance Parliament.

Everyone's heart trembled, their legs went soft, and their faces turned pale!

The demon smiled. This weapon belonged to the Alliance Council, so he had no pressure using it.

He pressed the button of the energy laser cannon and a ball of energy shot out from the barrel. In an instant, the Alliance people scattered like birds. The energy laser cannon chased after the people of the Alliance Parliament and then hit the building.

In an instant, the Alliance conference building collapsed into ruins, hitting hundreds of unlucky people who were closest to the building.

After the incident, evildoer looked innocently at the Alliance parliament members who were still in shock and said, "It's none of my business. I hit the Alliance parliament building! Also, this laser cannon is yours. "

Shameless bastard!

Upon hearing what the genius said, the people in the Alliance Parliament who were shocked could not help but curse in their hearts. They had to watch the genius carefully, afraid that he would do something like this again.

They were scared out of their wits. It was only one laser cannon just now. If there were a few more, the planet where the Parliament was located would probably be destroyed.

At this moment, they heard the demon say, "I'll give you one minute to leave this place. After one minute, I'll blow up everything here!"

Damn it!

Really, what you're afraid of comes! Although the people from the Alliance Council thought so, they still quickly boarded their own spaceships and started their spaceships to leave.

Not long after the flying shuttle flew out, they felt the flying shuttle shake violently. Through the glass of the cabin, they saw countless piercing white lights flashing in front of their eyes. They were extremely afraid and didn't have the time to think about it. They only cared about driving the flying shuttle to escape from this place.

After all the spaceships had left, Leng ruoxue and the demon hovered in mid-air and looked at the ruins on the ground. Both of them revealed satisfied smiles and said to the star beasts that were prostrating on the ground, "This place will be yours from now on."

The astral beasts that were summoned were filled with disbelief. However, very quickly, they let out deafening howls and cheers. Their voices were filled with gratitude towards Leng ruoxue and the demon.

In reality, Leng ruoxue and the demon had no intention of blowing up this planet. After all, other than the Parliament, there were also many astral beasts living on this planet. Those little fellows were innocent. Hence, after scaring the people from the Parliament away, the two of them left the planet where the Parliament was located to the astral beasts here.

Then, the two of them left.

On the spaceship, Ji Kai was moved out.

As soon as he came out, Ji Kai's face was full of grievance, and tears were rolling in his eyes.

Leng ruoxue found it funny and teased, "What, who bullied you?"

"No one bullied me. I just feel that I'm too useless and can't help with anything." Ji Kai said sadly.

"It's good that you know!" Leng ruoxue nodded in agreement.

Hearing this, Ji Kai only felt more depressed. He knew that it was one thing, but Madam had said it so straightforwardly. He had a different feeling in his heart.

A faint sorrow covered Ji Kai's body.

Ji Kai felt sad for a while and then said, "Master, Madam, are we just going to let those bastards go?"

"Who said we'll let them go?" Leng ruoxue blinked and asked.

"Uh! But, didn't master let them go?" Ji Kai did not understand. He had seen it with his own eyes in the space!

"We let them go so that they won't implicate the star beasts on that planet. Now, let's go find them." Leng ruoxue laughed evilly. Was she so kind that she would let go of those who had designs on them?

Of course, if she said she wouldn't kill them, she definitely wouldn't. Because she was very clear that the greatest punishment for these ordinary people was to stay alive!

Hearing this, Ji Kai quickly drove the spaceship to their destinations.

Leng ruoxue's target was all the families in the Alliance who were involved in this matter.

Whether it was the powerful fan family or a nobody, as long as they were on her list of punishment, she would not let them off. As for their punishment, Leng ruoxue would strip them of all their wealth and status without exception. After all, these two things were what ordinary people cared about the most.
