

In an instant, the entire Alliance star system had a major change.

The powerful families lost everything overnight and were now in debt. Although the ordinary people didn't know what had happened, even the dumbest person knew that these families had offended some Big Shot. Now that the Big Shot was angry, the powerful families were all back to square one without exception.

As a result, the Alliance star system was surprisingly harmonious.

However, Leng ruoxue's actions had caused several advanced civilizations' star fields to fall into the state of an elementary civilization's star field. Some of them were even worse than an elementary civilization's star field.

Ji Kai, who was originally from a star field with an elementary civilization, only felt his hatred being vented! It was all because those guys from the advanced civilizations had their eyes on top of their heads. Now, they were on the same level!

Leng ruoxue didn't say anything about Ji Kai's gloating. At this moment, they were guests in the Muyuan Galaxy.

Due to Leng ruoxue and the demon's interference, the Muyuan royal family could be said to be the only outstanding one in the entire star field. Of course, this was also the result of the Muyuan royal family's timely surrender. The Muyuan Emperor was quite glad about this, but he did not know what instructions the three of them had for him.

With caution, Emperor Muyuan treated Leng ruoxue and the other two as honored guests and tried to find out the purpose of their visit. Although he was more than happy to be able to hug the thighs of these two gods, he was also a little afraid at the same time. Such a tangled mood made him quite troubled.

On the other hand, Cao Meng was very casual when interacting with Leng ruoxue and the other two. Every time Emperor Muyuan saw her, he would break out in cold sweat and be frightened.

In reality, Leng ruoxue and the other two did come here for a small matter. After sweeping through so many families, she had a lot of useless trash in her hands that she wanted to sell. Hence, she thought of the Emperor of Muyuan, this trash can. However, every time she saw the Emperor of Muyuan being anxious and angry but not daring to ask directly, her evil interest would take effect.

After staying in Muyuan Palace for a few days, she finally revealed her purpose before Leng ruoxue and the rest decided to leave.

Upon hearing that he wanted to sell something to him, Emperor Mu Yuan immediately agreed, and at the same time, his heart was greatly relieved.

However, when he saw the trash that Leng ruoxue had taken out, he was depressed.

The items that Leng ruoxue wanted to sell to him were all priceless treasures. However, he believed that these items would not be of any use to the other party. Furthermore, the clans that these items once belonged to were now in name only and were in huge debt.

After keeping all these dirty things, Emperor Mu Yuan was not afraid that those families would come for revenge, because they would never have the chance!

After exchanging the rubbish in their hands for some precious ores, Leng ruoxue and the other two left Muyuan Galaxy.

Not long after the Flying Ship left the Muyuan Galaxy, Leng ruoxue discovered a stowaway in a corner of the cabin.

Leng ruoxue was speechless as she looked at Cao Meng, who was smiling at her in an attempt to please her.

A Princess? What was he trying to do?

Although she wasn't afraid that Emperor Mu Yuan would blame her for kidnapping the princess, she couldn't bring this unnecessary Princess! After all, they probably wouldn't return to this place in the future.

"Don't send me back!" Seeing that she had been discovered, Cao Meng did not wait for Leng ruoxue to speak and immediately made the first move.

"Can you give me a reason?" Leng ruoxue explained patiently. She had a good impression of this little girl and was willing to listen to her explanation.

"A life is at stake! If you send me back, I won't be able to keep my life! So, please do me a favor and take me with you!" Cao Meng said pitifully.

"You are the princess of the Muyuan Galaxy. Who would dare to take your life?" Hearing this, Leng ruoxue's curiosity was piqued.

"I forced myself on a certain Overlord, so he's hunting me down!" Cao Meng said after hesitating for a long time.

"When did this happen?" Leng ruoxue asked nosily.

"Last night." Cao Meng told him the truth.

"You're a Princess, and he dares to hunt you down?" Leng ruoxue asked with a smile.

"I dare! Other than the Emperor, he doesn't care about anyone else. " Cao Meng said, feeling wronged.

"I see!" Leng ruoxue nodded.

When Cao Meng saw this, she immediately seized the opportunity and said,""Take me away! Alright?"

"Not good!" "Princess Cao Meng," Leng ruoxue rejected,"you didn't tell me the truth, right?"

"I've already said it!" Cao Meng felt even more aggrieved.

"Then why did that man want to kill you? Logically speaking, even if you forced yourself on him, the one who took advantage of you should be the man, right? It's possible that he's angry, but it's not to the extent that he's hunting you down, right?" Leng ruoxue asked in confusion.

"I, I don't know. I only told him that I would take responsibility and ask him to marry me. He said that he would hunt me down, so I ran away in fear!" Cao Meng was so depressed that she didn't know what to say.

After hearing what she had to say, Leng ruoxue couldn't help but burst out laughing. No wonder! She had finally found the crux of the problem.

It was fine if he took advantage of others, but he was a man! It wasn't a big loss, but she took advantage of him and wanted him to marry her. It was no wonder that the man would be angry.

"What are you laughing at?" Seeing Leng ruoxue's smile, Cao Meng was even more depressed.

"You! You look quite smart, why are you so stupid after taking advantage of me?" Leng ruoxue was speechless.

"What do you mean?" Cao Meng didn't understand, and her IQ plummeted.

"It's already depressing for a man to be taken advantage of by a woman, and you still want him to marry you. It's no wonder he's angry!" Leng ruoxue explained.

"So what? If I can marry you, why can't he?" The evildoer who had been listening by the side and had no intention of interrupting grumbled when he heard Xue 'er's words. In his heart, he deeply felt that it didn't matter whether a man married a woman or a woman married a man. As long as the two of them liked each other, what did it matter who married who? It's not like I'll lose a piece of meat! So, when he heard his wife's words, he wanted to refute her. It was really nothing to marry a woman! He was the best example.

Hearing the demon's words, Leng ruoxue immediately shut her mouth. How could she have forgotten that she was the one who proposed to him! The evildoer was married to her!

Cao Meng could not help but open her mouth wide. She did not dare to speak for a long time. Did this mean that she had heard another big secret? would she be killed to keep it a secret? Sob ... Mommy, help!

At this moment, Ji Kai suddenly walked out of the captain's room. When he saw Cao Meng, he was shocked at first, then he said, "Master, Madam, we've been surrounded by the starships of Muyuan Starfield,"

At first, he was still curious about what the starships of Muyuan Starfield were up to. But after seeing Cao Meng, he understood.

"Let's go out and take a look. " After Leng ruoxue finished speaking, she took the lead and walked out of the cabin.

As soon as she went out, she saw a young man standing on the Starship.

The man was in his twenties. He had a strong and stylish look. He was tall and wore a dark green commander's uniform. At this moment, the man's lips

were tightly pursed, and his sharp eyes were fixed on the cabin door behind Leng ruoxue.

SUPREME CRAZY WIFE

"I want to find someone." Afraid that the other party would misunderstand, the man spoke first.

"Cao Meng?" Leng ruoxue understood.

The man nodded. He knew that Cao Meng must be on the other party's spaceship.

"No problem," he said. Leng ruoxue turned around and returned to the cabin. After a while, she came back with an extremely unwilling Cao Meng.

She threw Cao Meng to the man and irresponsibly pulled the demon back into the cabin. Outside the spaceship, Cao Meng struggled to call for Leng ruoxue, but Leng ruoxue ignored her.

Soon, both sides went their separate ways.

In the room of the Flying Ship, the demon saw Xue 'er sitting by the window and looking at the vast universe. He pulled her into his arms and deliberately asked with a smile, ""What, are you worried about that Cao Meng?"

"What's there to worry about? that man loves her!" Leng ruoxue said with certainty.

"Then why do you seem to have something on your mind?" The demon said gloomily.

"I was just thinking that we've been on our honeymoon for a long time. I wonder how Grandpa and the others are doing. I'm starting to miss them." Leng ruoxue said honestly.

"Why don't we go home?" After thinking for a while, the demon said. Although he had not had enough of the two of them alone, he was already very satisfied to be able to be alone with Xue 'er for so long.

"Grandpa and the others might not be waiting for us at home." Leng ruoxue shook her head when she heard this.

"Then what should we do? I don't want my wife to be unhappy. " The demon said sadly.

"Continue our honeymoon, of course! If we're fated, we might be able to meet grandfather and the others at some place. " Leng ruoxue cupped her beautiful face and said.

The demon nodded. It was not easy to come out. As long as Xue 'er did not mention going home, he would not take the initiative to ask to go back.

Very quickly, Leng ruoxue's and the other two's flying ship left the entire star region.

Not long after they left, a little boy with a cat in his arms suddenly appeared in the vast Galaxy.

The man and cat walked aimlessly on the street and quickly attracted the attention of the people on the street. When they saw the cute little baby, they immediately went up and teased him, ""Little kid, Who are you? Are you lost?"

"I'm from big sister's house. " The little boy raised his head and said in a childish voice.

The person who asked the question was amused and asked again, ""What about your sister?"

"I don't know. My sister left me and was taken away by someone." The little child's eyes were glistening with tears, and he immediately received the sympathy of the surrounding crowd, receiving a large amount of love.

"How pitiful! You're still so young, how can you not have someone to take care of you? why don't you come home with me first?" A woman in her early thirties said sympathetically.

"No need, I just want to find my sister." The little boy's will was very firm, and his face seemed to say 'I will never be taken away'.

The woman who spoke felt embarrassed.

When the others saw that the little boy was so clever, they also tried to persuade him, but all of them were rejected by the little boy without exception. At this time, the snow-white cat in the little boy's arms was a little impatient and reached out its sharp claws to the crowd.

Most of the onlookers were middle-aged women. When they saw the kitten show signs of losing its temper, they unconsciously took a few steps back. In the end, under the awkward atmosphere, the middle-aged women reluctantly watched the cute baby turn and leave.

Seeing that most of the people around him had left, the little boy carried the snow-white kitten to a corner. Immediately after, the snow-white kitten went crazy.

"You idiot, I told you to find Niu's whereabouts, not to act as a homeless child. You're really stupid! Look at what you've been doing all this time. " The little white cat, Cang, roared with a face of disappointment.

Forming an alliance with Qing Jue could be said to be the thing that Cang regretted the most in his life. This fellow was too stupid. Did it mean that Qing Jue could not do a single thing that he had asked Qing Jue to do? Every time, it would be angered half to death, and it still couldn't find Niu's whereabouts. It

was the same now! The moment he appeared, he was surrounded by people, just like the other places!

Cang was really about to die from anger!

As for Qing Jue, he was naturally very aggrieved after being scolded. He said with a slightly choked voice, "Why don't you do it?"

"Me? If I could come, would I still need you to come?" Cang roared, so angry that the fur on his body stood up.

"Don't be angry, I've already tried my best!" Seeing that Cang was angry, green vessel quickly comforted him. One had to know that it was not easy to have a companion in this unfamiliar place! He didn't want to be abandoned by Azure.

Seeing green vessel like this, Cang was naturally helpless. He then continued to roar, "Don't dawdle, continue searching. I've already felt Niu's presence here, she definitely came here. "

"Yes, I also feel that my sister is very close to me." Qing Jue clenched his small fist and said with great effort.

After that, the two little fellows continued on their way.

This time, Qing Jue was no longer acting like a poor baby who had been separated from his family. The man and beast turned their eyes to the star beasts in this star field.

According to their thoughts, if Niu really came here, in order to keep a low profile, the people here might not have seen her before, but star beasts were different. The majority of the star beasts here had not awakened their intelligence, and those with intelligence were only at the initial stage, unable to speak at all. Thus, it was the most correct choice to ask them for information.

After all, while Leng ruoxue might be wary of humans, she wouldn't be too wary of astral beasts. In addition, they were a baby and a little beast, so it was naturally most appropriate for them to find a star Beast that couldn't speak to ask about the situation. At the very least, the astral beast would not have the chance to betray them.

After setting their sights on the star beasts, the two of them looked for a few relatively high level star beasts and asked. However, they didn't get any useful information from them. In the end, an astral beast reminded them that they could go to the mainframe of the vast expanse Starfield to get information.

The words "Starfield mainframe" were unfamiliar to green vessel and Cang Du. However, after a simple explanation from the Star Beast, the two of them finally understood that the star field mainframe was also a tool spirit! However, the mainframe of the star sector was different from them. The mainframe of the star sector managed network data, while they had a physical body.

Following the address provided by astral beast, the two of them teleported to the control panel where the mainframe was located. As soon as the two of them got close, the screen of the mainframe, which had sensed the danger, turned into a mess of code. Suddenly, the entire vast space Network was temporarily interrupted.

"Get out here!" He squinted his eyes and roared.

As soon as it finished speaking, a virtual baby appeared in front of green vessel and Azure.

Azure looked curiously at the virtual entity that the star sector mainframe had created, and would even reach out to poke it from time to time. Seeing this, the little baby that the star sector mainframe had transformed into became shy.

"Don't be like this, don't jabbed randomly ..." The virtual baby suppressed his fear and whispered with his head lowered.

"Answer a few of my questions truthfully. If I'm satisfied, you'll be rewarded." Azure said as he retracted his claws.

SUPREME CRAZY WIFE

Chapter 3023 The Enemy Was Too Cunning (7)

"Please ask." The virtual baby knew that the human and beast in front of him were of a much higher level than him, so he didn't dare to be negligent.

"Have you seen these two people?" While Cang was speaking, Leng ruoxue and evildoer's image appeared in front of the star region mainframe.

Seeing the two of them, the virtual baby's heart trembled even more.

"Y-yes, I've seen him." The virtual baby trembled and said honestly.

When Cang and Qing Jue heard this, they immediately became excited and quickly asked, ""Where are they now?"

"They were taken away by the people of the Alliance Council a while ago ..." The virtual baby said carefully.

"What? Where is the Alliance? I'm going to exterminate them! It didn't sound like a good thing! He's definitely trying to get my girl. " Hearing that Leng ruoxue had been taken away, Cang was furious, but evildoer was automatically ignored by him.

It was true that the Alliance had set their sights on Leng ruoxue and the demon. Unfortunately, they were too late. There was no alliance left!

Seeing Cang's anger, the virtual baby was so scared that it cowered a few times before saying, "I haven't finished."

"Then hurry up and tell me!" Cang shouted.

"They were indeed taken away by the Alliance, but I received news that the Alliance no longer exists. The families of the people from the Parliament were all punished by the legendary powerhouses and lost everything, but I don't know what exactly happened. Because the mainframe of the Parliament is above me, I don't know too much about the details. " The virtual baby said sadly. He was only the mainframe of the vast space Zone, and he couldn't reach the Alliance Parliament.

"I see! Where's the Alliance Council?" Seeing that the other party really didn't know anything, Azure asked.

Xu ni told him the coordinates and was about to return to the main computer to rest and recover his frightened little heart. Who knew that Cang had pulled him out of the main computer and left with him?

On the way, the White ball of light in Cang's hand didn't dare to move, even though he wanted to know what his fate was. After the mainframe of the vast expanse star field was taken away, the network of the vast expanse star field went on strike, but Cang obviously didn't care about that.

They quickly arrived at the star sector where the Alliance Council was located, but all they saw was a scene of devastation.

After using their divine senses to search, the two of them could not find Leng ruoxue and the demon.

They found a Star Beast and asked it for the reason. Then, the man and the Beast left with the vast distance star field mainframe. At the same time, the mainframe of the Alliance Council, which was already extremely weak, was also taken away.

This unlucky mainframe had managed to survive the laser cannon, but it had ended up in cold's hands. This made one of the mainframe rather depressed, but against cold's power, the unlucky mainframe didn't dare to resist and told him everything that had happened in the Alliance Parliament.

Cang and green vessel were furious!

Someone dared to bully his sister!

Someone dared to bully his girl!

After the man and the Beast learned the truth, they went to find the criminal to take revenge.

Compared to Leng ruoxue who had only stripped the other party of their wealth and status, Cang and Qing Jue's methods were much crueler. Their appearance had also caused the other clans, which had already suffered great losses, to become even worse.

However, Cang and Qing Jue knew Leng ruoxue's intentions, so they naturally did not kill those people. However, compared to Leng ruoxue leaving them a way out, Cang and Qing Jue directly threw those family members on a desolate planet and let them die on their own.

After that, they rushed to the Muyuan Galaxy.

Mu Yuan Galaxy was the only Galaxy that had not suffered any losses from the Alliance conference incident that Cang and green vessel knew of. Hence, it was not hard to deduce that Leng ruoxue had some ties with the people from mu Yuan Galaxy.

Without any hesitation, the two of them appeared in front of the Emperor.

The Emperor, who had been sitting in his study dealing with official matters, saw the man and beast suddenly appear in front of him. He was so frightened

that his little heart couldn't stop trembling. He really couldn't understand how this man and beast had entered his study.

Cang went straight to the point, ignoring the emperor's shocked face and directly asked, "Where's my girl?"

A talking Star Beast?

When Cang Yi opened his mouth, Emperor Mu Yuan was even more shocked, and his jaw almost fell off. After living for so many years, this was the first time he had learned that star beasts could speak.

"Don't compare me to those low-level star beasts!" "Emperor Mu Yuan!" Azure fire roared as he sensed Emperor Mu Yuan's thoughts.

Ugh! Emperor Mu Yuan was embarrassed and at a loss. The strength of the little beast in front of him was so terrifying. It actually knew what he was thinking? However, the other party seemed to be here to ask for information.

"That ... Who's your girl?" After forcing himself to calm down, Emperor Mu Yuan asked carefully.

Cang didn't say anything more and directly played Leng ruoxue's image.

Looking at the familiar figure on the screen, Emperor Mu Yuan understood.

No wonder this little beast could speak. It really wasn't a Star Beast!

"They've already left. " Knowing that the other party wanted to know Leng ruoxue's whereabouts, Emperor Mu Yuan quickly said.

As soon as he finished speaking, Cang and green vessel disappeared from his sight.

Seeing how the other party came and went without a trace, he was even more convinced that befriending Leng ruoxue and that demonic man was the right and wise choice.

When green vessel and Azure learned that Leng ruoxue had left, they naturally left dejectedly.

At the same time, Leng ruoxue and the demon leisurely arrived at a place that was similar to her previous life, but it was obviously more prosperous.

That space was called planet Indigo. There were no high-tech energy weapons like those in the star fields of advanced civilizations, nor were there any ability users. The humans living in that space, except for a small number who practiced a powerful martial art called ancient martial arts, were mostly ordinary people. However, the scenery there was as beautiful as a painting, so Leng ruoxue and the demon had arranged for them to stay there and live the lives of ordinary people for the time being.

Their residence was a three-story villa by the sea. Through the window of the room, they could see the vast dark blue sea opposite them. This house was naturally not Leng ruoxue's house. Instead, it was temporarily rented by her and the demon.

Since he had come to a place where ordinary people lived, he naturally had to do as the Romans do.

Alright! Leng ruoxue had to admit that they had no money and no proof of identity, which was why they were unable to purchase land. The people here were not as accepting as the people in the vast expanse star field, which was why Leng ruoxue was really unwilling to reveal her identity as a God. As trespassers with no identity, Leng ruoxue and the other two had already learned the true meaning of keeping a low profile.

But fortunately, in the eyes of ordinary people, a considerable number of experts here remained mysterious. So as long as they didn't buy fixed assets, no one would check their identity! Of course, they couldn't just build houses here. As such, Leng ruoxue could only rent one.

Even though the rented house was barely satisfactory, the location was decent, so Leng ruoxue was pretty satisfied.

The only one who was not satisfied was probably Ji Kai. When he was in the high-tech civilization star field, he had finally become a rich man, but he didn't expect that he would become penniless again after being proud for a short time.

The Alliance dollars that circulated in the Star Alliance were not used here!

Ji Kai was very worried. It was really hard to move without money!

Glancing at Leng ruoxue and the demon who were taking a walk by the sea, Ji Kai deeply felt that as a competent Butler, he could not let his master and Madam be troubled over such a small matter like money.

However, when he was renting the house, he had already sold all the items that could be sold without attracting anyone's attention. In a short period of time, he had nothing to sell. Seeing that his pocket was cleaner than his face, he was anxious!

Just as Ji Kai was feeling depressed, Leng ruoxue and the demon had already entered the deep sea.

The purpose of the two of them going to the bottom of the sea was naturally not to dive, but to make money.

What was the most profitable thing in the sea?

In addition to all kinds of fresh and delicious seafood, there were naturally pearls.

Leng ruoxue found out from the internet that the women on planet netherblue were extremely infatuated with pearls, which were treasures found in the sea. Almost everyone had a Pearl accessory, and top-grade pearls that could reach the level of a precious treasure naturally grew in hidden places in the deep sea that no one could destroy.

These places were completely unreachable to ordinary people. However, to Leng ruoxue and the demon, it was a piece of cake. Leng ruoxue was naturally more than happy to be able to earn money so easily.

After gathering a lot of high-quality pearls and playing with the fish, the two returned to the shore.

At this time, Ji Kai had already discovered that the two of them were gone. He was running around the beach anxiously like ants on a hot pan.

When he saw Leng ruoxue and the demon, Ji Kai quickly went up to them and said with a face full of resentment, "Master, Madam, where have you been? I was so worried!"

"What, are you afraid that we'll leave you behind and leave on our own?" Leng ruoxue laughed and teased.

"Madam, why would I think that way?" Ji Kai felt wronged. Although he had such a thought for a moment, it was only for a moment, so he would never admit it.

Seeing that he denied her intentions, Leng ruoxue did not say much. She took out a Black Pearl the size of a baby's fist and said, "We're going to pick pearls,"

"What, what a huge Pearl!" Ji Kai's eyes widened in disbelief when he saw the big pearl.

After many days of research, he knew that women's money was the easiest to earn in this world, and women loved pearl jewelry the most. After the surprise, Ji Kai's eyes lit up. Needless to say, he thought of money! A lot of money!

Seeing that Ji Kai's eyes had turned into the 'dollar' symbol, Leng ruoxue smiled calmly. "Don't even think about it, I'm interested in it. "

"Madam ... You have good eyes." Ji Kai was a bit depressed, but he naturally couldn't sell the things that Madam liked, so he could only continue to worry.

Leng ruoxue laughed as she looked at Ji Kai's unconcealed disappointment. Then, she pulled the evil demon back to her room.

After three days of hard work in the room, Leng ruoxue made a few sets of pearl jewelry and handed them to Ji Kai.

Ji Kai's eyes widened again when he saw the beautiful pearl jewelry.

"Sell it!" Leng ruoxue ordered.

"I'll go now. " With Leng ruoxue's approval, Ji Kai was full of energy.

After seeing off Ji Kai, who was walking on air, only Leng ruoxue and the demon were left in the huge villa.

The demon was naturally happy to be able to spend time with Xue 'er alone. Unfortunately, Ji Kai had returned too quickly. He had been out for less than two hours.

Seeing that his master's expression was not good, Ji Kai quickly explained, "Master, the jewelry hasn't been sold yet. The jewelry company needs to raise money, so I came back first."

"What jewelry company doesn't even have money? He had to raise money to buy a few sets of jewelry? Ji Kai, did you find a weak company? Don't sell Xue'er's hard work for cheap!" The demon was a little dissatisfied. The things that his wife had worked hard for several days, it was not good if they could not sell at a good price.

Hearing this, Ji Kai's mouth twitched. It wasn't that the jewelry company didn't have money. He was the one who asked them to pay in cash!

Which company would be able to produce such a large sum of cash? Ji Kai didn't forget the look on the face of the person in charge of the jewelry company when he said that he wanted all the money in cash!

"Master, it's not that the jewelry company doesn't have money, but I'm asking for cash. The few sets of jewelry that Madam gave me were sold for a total of 120 million Indigo coins. The other party did not have that much cash on hand at the moment, so the transaction could only be delayed. " Not wanting his master to misunderstand, Ji Kai explained.

Hearing this, Leng ruoxue couldn't help but burst out laughing.

All in cash, how could Ji Kai think of that.

However, it seemed that Ji Kai could not be blamed. It was their fault that they did not have any identification and could not apply for the blue card!

But when Leng ruoxue thought of Ji Kai throwing a pile of money at them when they went out to buy things, she couldn't help but laugh.

A week later, Leng ruoxue and the evil spirit followed Ji Kai to the jewelry company. Besides wanting to see the 120 million in cash, he also wanted to cover for Ji Kai. After all, if Ji Kai was the only one who showed up with so much money, it might cause suspicion.

When they arrived at the jewelry company, a middle-aged man immediately came out to greet them.

"Mr. Ji, you're here." The middle-aged man was extremely friendly. However, he only took one look at Ji Kai before his gaze was immediately attracted by Leng ruoxue and the demon behind Ji Kai.

It was mainly because the two of them were too beautiful, and they deliberately put on a cold, noble, and silent appearance, so it was difficult for the middle-aged man to ignore them.

However, the middle-aged man had been in the business world for many years. Even though he was curious, he did not show it on his face. After a round of warm greetings with Ji Kai, he asked, "Who are these two?"

"They are my bodyguards." Ji Kai said arrogantly, but cold sweat was pouring down his face.

"Bodyguard? I didn't expect Mr. Ji's bodyguard to be so amazing. " The middle-aged man exclaimed in admiration.

"This is nothing. In my family, their looks can only be considered ordinary." Ji Kai bragged without holding back.

When the middle-aged man heard this, he thought to himself, this Mr. Ji's identity is indeed not ordinary! It seemed that it was no coincidence that the other party could take out so many beautiful jewelry. More importantly, the level of craftsmanship of those sets of jewelry was absolutely unprecedented. Even in the next thousands of years, no one would be able to replicate it. As such, those sets of jewelry were naturally more precious and unique.

Faced with the middle-aged man's shock, Leng ruoxue could not help but feel speechless.

SUPREME CRAZY WIFE

Ji Kai, this guy, was really too smug.

After giving Ji Kai a warning look, Ji Kai immediately understood and said carefully, "Mr. Fang, can we make the deal now?"

"Of course, the money is ready. We're just waiting for Mr. Ji to hand over the money and the goods." The middle-aged man smiled and invited Ji Kai and the other two into his office.

The middle-aged man's office had a small room. When he led Ji Kai and the other two into the room, a room full of cash came into their sight.

Towards this, the demon did not feel anything. He did not have any concept of money in his heart. On the other hand, Leng ruoxue was calm. It was not like she had not seen so much money before. Only Ji Kai was so excited that he couldn't express it. Although he had more Alliance dollars in his hands when he was in the high-tech civilization star field, that was all done through the internet. It was the first time he had seen so much cash. Immediately, the large denomination of cash dazzled his eyes.

But fortunately, Ji Kai was only excited inside, and his face was still calm. So, he just randomly picked a few piles and counted them, then gave them to the middle-aged man.

When the middle-aged man saw Ji Kai casually put the jewelry in the bag, his mouth couldn't help but Twitch.

Just how much of a prodigal was this person?

Fortunately, the jewelry now belonged to him, so he took out the red velvet box and carefully wrapped the jewelry in several layers before putting it in the safe. The money in the house already belonged to Ji Kai.

Seeing Ji Kai put the money into an ordinary sack that was half the height of a man, the middle-aged man was speechless. He couldn't help but complain that Ji Kai was not as casual as he usually was. However, he clearly could not control the other party's actions.

Ji Kai only filled up five sacks with money.

Then, Leng ruoxue and the other two carried the five sacks filled with money and walked out of the jewelry company in a carefree manner under the twitching gaze of the middle-aged man.

Even though Leng ruoxue really wanted to keep the money, she resisted the urge to do so so as not to attract attention. She thought to herself, 'this is a place for ordinary people. Don't do things that don't match the customs of the people here!'

With this thought in mind, Leng ruoxue and the other two pretended to be calm as they carried the Gunny sacks of money and walked on the streets.

The three of them did not have any means of transportation. Apart from Leng ruoxue, Ji Kai and the demon did not think of buying a car. Of course, it was mainly because they were penniless before. The little money they had was used to pay for the rent. Therefore, other than living in a villa, the three of them were living below the poverty line.

Now that she had money, Leng ruoxue naturally thought of the car problem.

With a sweep of her divine sense, she knew that there was a 4S shop nearby, so she directly brought the evildoer and Ji Kai there.

When they arrived at the entrance of the 4S shop, Leng ruoxue and the other two were blocked.

"I'm sorry, we don't have any trash to sell here!" The shop's receptionist saw that Leng ruoxue was too beautiful and didn't like her. She also saw that Leng ruoxue was dressed so ordinarily that she didn't look like a rich person. On top of that, she was carrying a gunny sack in her hand. Naturally, she treated her like a rubbish collector.

The moment Leng ruoxue heard this, her beautiful face turned cold. The anger in her heart rose. Was she a rubbish collector?

"I want to buy a car!" Leng ruoxue knew very well that the best way to punish someone who looked down on others was to throw money at them. Hence, she would not engage in a verbal battle with a waiter. That would lower her status.

"Buy a car? Can you afford it?" When the hostess heard this, she curled her lips in disdain.

"How can you say that? How can we not afford it? As long as we're willing, we can even buy your shop!" Ji Kai said unhappily.

"You, how much is it?" The evildoer's face was also black as he suppressed his anger and looked at the hostess.

At this moment, the hostess realized that there was a devastatingly beautiful man standing in front of her. How could she not have noticed him before? It was all that woman's fault for setting the wrong target!

However, it was obviously too late to remedy the situation now.

The hostess wasn't stupid. She knew that she was no longer welcomed, so after being stunned for a moment, she put on a disdainful expression and said in a high and mighty tone, "I'm priceless. I'm afraid you can't afford me!"

"Just as well, I didn't plan on buying you." The demon smiled faintly.

"Then why did you ask me how much it was?" the hostess was furious and asked.

"Can't I even ask? Originally, I was still lacking a little servant girl at home, and I planned to buy you if the price was right. Who knew that a good like you could be priceless? forget it, I'll just buy a car!" Leng ruoxue finished the receptionist's sentence and was about to walk into the shop.

Seeing this, the hostess immediately stepped forward to stop them. Leng ruoxue was impatient and gave Ji Kai a look. Ji Kai understood and knocked the hostess unconscious with a hand chop. Then, the three of them walked into the shop.

This was a world that looked at one's appearance and clothing. Leng ruoxue and the other two were dressed in ordinary clothes, so no one paid them any attention when they entered the store. However, the three of them obviously did not mind, and they were happy to have some peace and quiet.

The three men who were carrying the Gunny bags looked around. In the end, Leng ruoxue had her eyes on the latest sports car that was worth close to ten million.

This sports car had a black streamlined body and was extremely beautiful. Leng ruoxue had also taken a liking to this car's eye-catching appearance. As for its performance, she naturally did not care too much about it. Of course, such an expensive car would naturally have outstanding performance. After taking a fancy to it, she planned to pay for it.

Ji Kai felt a little heartache at the price of the car and whispered, ""Madam, this car is too expensive. I think we'd better pick a cheaper one! Anyway, we don't have much time to use a car, so there's really no need to buy such an expensive one. "

"It's in this car. " Leng ruoxue said with certainty. They didn't really need it to be so expensive, but she had just become a nouveau riche, so she wanted to use money to crush these snobbish fellows!

Seeing that Leng ruoxue had made up her mind, Ji Kai could only follow her instructions. He shouted, ""We want to buy a car. Is there anyone who can help us?"

He shouted three times, but the service staff in the shop were busy with their own things and no one came. Seeing this, Ji Kai's anger grew, and he continued to shout, "If no one cares, we'll just drive this car away!"

Upon hearing this, a waiter ran over and hurriedly stopped him. ""Sir, you can't do this."

"Then what do you want me to do? I already said that I wanted to buy a car, but there's no service staff here. Are you going to let the customer wait for you?" Ji Kai shouted.

"We're too busy. " A service staff member said in a low voice.

Ji Kai glanced at the empty exhibition hall and sneered, "Busy? You guys are really busy! Forget it, I can't afford to use you. Get your person in charge to come out. "

SUPREME CRAZY WIFE

Chapter 3026 The Enemy Was Too Cunning (10)

"I'm the person in charge. What can I do for you, Sir?" Suddenly, a voice interrupted them. A young man with a nervous expression appeared in the exhibition hall. Beside him was the hostess who had been knocked

unconscious by Ji Kai. Then, Ji Kai and the other two heard the hostess complain, "Manager, it's them. They want to Rob our store. Call the police!"

Hearing the words of the hostess, Ji Kai was speechless. They hadn't even thought about robbing, how could they be charged with this? As such, should they satisfy the expectations of this hostess?

While Ji Kai was hesitating, the young manager had already turned around and glared at the hostess. Then, he smiled at Ji Kai and said, "Sir, I'm sorry. My staff must have misunderstood you. I know that you're not that kind of person."

"That might not be the case!" Ji Kai glanced at the young man and said lightly.

Hearing Ji Kai's words, Leng ruoxue almost laughed out loud. On the other hand, the young man's expression turned ugly. He didn't know how to continue.

Then, he helplessly walked to Ji Kai's side and said warmly, "Sir, do you want to buy a car? I'll personally serve you. "

"What's your purpose?" Ji Kai suddenly became alert.

The young man was depressed when he heard this! What motive could he have? Wasn't it because the shop assistant looked down on him? In his eyes, he could not afford to offend any potential customer. Who knew which one would become his real customer? However, he didn't expect that his enthusiasm would be mistaken as having ulterior motives. He was really wronged!

Seeing the young man's aggrieved expression, Leng ruoxue didn't want to waste too much time here. She immediately said, "We want this one! Cash!"

Hearing the voice, the young man turned around and saw the outstanding man and woman standing on the other side of the sports car. He was instantly stunned.

How could such a person be a robber?

"I'm sorry, my shop assistants have offended you before. I hope the three lords can be magnanimous and not lower themselves to their level. I will punish them." After the initial shock, the young man apologized.

"We're not some Big Shot, we're just here to collect trash. " Ji Kai said gloomily.

"..." The young man didn't know what to do. Why couldn't he continue the other person's words?

Sensing Ji Kai's anger, the young man could only keep saying good things to calm Ji Kai down.

After that, the young man turned his gaze towards Leng ruoxue and smiled,""This car is a limited edition in the world. There are only 500 of them in the world. Miss, it's an honor to be able to buy it ..."

"I should feel honored just because there's a limit of 500 cars?" Leng ruoxue did not wait for the young man to finish his words of praise before she asked indifferently.

Ugh! The young man who had been talking non-stop was immediately at a loss for words. In fact, he just wanted to let the other party know that there were only a few cars. He did not expect the other party to have such a reaction. One must know that compared to the world's population of hundreds of billions, 500 was really a small number. Unfortunately, the other party did not appreciate it!

In reality, one couldn't blame Leng ruoxue for not appreciating their kindness. What was the use of having a limited number of cars to a God? No matter how fast a sports car was, could it be faster than a God's teleportation? The reason why Leng ruoxue wanted to buy a car was mostly because she wanted to do as the Romans do. After all, they couldn't possibly walk out of the house in public in the future, right? Therefore, the person in charge of the 4S store had expressed the wrong feelings.

"Quickly go through the procedures! I still have things to do!" Leng ruoxue did not want to waste any more time with the other party, so she immediately urged him on.

The person-in-charge invited Leng ruoxue and the other two into the office. Just as he took out the card-swiping machine, he saw Ji Kai already taking out money from the sack ...

Seeing this scene, the young person-in-charge was instantly petrified. He watched stiffly as Ji Kai took out ten million Yuan in cash and said to him with a smile, "This should be enough, count it!"

A, a little bit?

How long would this take?

The person-in-charge's eyes were dull and he was in a daze. This was a real nouveau riche, right?

It had to be said that Leng ruoxue's act of throwing money at people had completely shocked the young person-in-charge, pushing his mental tolerance to the limit.

Just then, a shrill scream came from outside.

"Argh! This is a robbery!"

Hearing the scream, the young man immediately came back to his senses and ran out of the room.

The one who let out the shrill scream was the hostess. The young man saw her and asked nervously, ""Where's the robber?"

There were quite a few expensive sports cars in the store. If they were really robbed, the losses would definitely be huge!

"In, in your room, it's those three people." The hostess said fearfully.

"Nonsense! Don't talk nonsense!" When the young man heard this, he immediately reprimanded.

However, the hostess seemed to have gone crazy and insisted that the other party had robbed her. No matter how the young man tried to stop her, she was convinced.

Hearing the commotion, Leng ruoxue and the other two walked out of the room. She glanced at the troublemaking hostess and asked calmly, ""This young lady here claims that we're robbing you, but do you have any evidence? If you don't have any evidence, don't say anything. Otherwise, I'll Sue you for slander!"

"The money is the best evidence!" Upon hearing Leng ruoxue's words, the hostess hurriedly said. She peeked at the other party and saw that he had a lot of cash in his hands.

"Did the money tell you that I robbed them?" Leng ruoxue was curious. What kind of logic was this?

"Why would a normal person put cash in a sack? Why are you walking around with so much money?" The hostess wanted to use common sense to convince others, but unfortunately, she was facing Leng ruoxue.

Leng ruoxue smiled faintly, "according to what you said, I'm not a normal person?" To tell you the truth, I like to put money in gunny sacks and carry them everywhere. Why, can't I? Is it against the law to do so?"

"Although the law doesn't say that it's against the law, no one would do that. So, the three of you are definitely abnormal!" The hostess continued to quibble.

"Is it because no one would do this, or is it because you're too inexperienced and have never seen it before? Miss, from now on, you won't feel strange about such things anymore, so don't make a fuss, okay?" Leng ruoxue smiled faintly.

"That's right, don't be like this in the future, it's too embarrassing! Otherwise, we could Sue you and put you in jail for framing us. This shop would also be implicated by you. How can a customer who came to buy something Rob you? do you still want to do business?" Ji Kai also pretended to be angry. He was so angry that he laughed. His last sentence was directed at the person in charge.

The person-in-charge broke out in a cold sweat. He glared at the hostess and warned her not to cause any more trouble before he respectfully invited Leng ruoxue and the other two back into the office.

SUPREME CRAZY WIFE

Chapter 3027 The Enemy Was Too Cunning (11)

After a series of apologies, Leng ruoxue and the other two expressed that they would not hold it against him. Only then did the person-in-charge feel at

ease. Then, he resigned himself to his fate and counted the money. He then quickly went through the procedures for Leng ruoxue.

It was only when he saw Leng ruoxue and the other two out of his sight that the person-in-charge could finally relax. After that, the receptionist was fired.

Leng ruoxue was driving the new sports car. The evildoer sat in the front passenger seat. Ji Kai could only sit in the back seat unwillingly.

During this period, Ji Kai wanted to test the new car's speed more than once, but Leng ruoxue only asked him one question, ""Do you know how to drive?" Ji Kai's thoughts were extinguished.

Ji Kai had driven a hovercar and a spaceship before, but he had never driven a sports car.

"Madam, when did you learn to drive?" Ji Kai couldn't help but ask curiously when he saw how well Leng ruoxue was driving.

"I was born with it," Leng ruoxue turned around and glanced at Ji Kai, smiling.

"..." Ji Kai was speechless. His wife was really too much!

Seeing that Ji Kai had finally quieted down, Leng ruoxue was satisfied.

On the way home, they passed by a restaurant with unique decorations. Leng ruoxue suddenly felt a little hungry, so she pulled evildoer and Ji Kai in to try the delicacies of planet Indigo.

This time, they didn't carry gunny sacks in their hands, so they naturally weren't treated as garbage collectors. After successfully entering the restaurant, Leng ruoxue and the other two were about to find a seat when a surprised voice suddenly rang in their ears, ""Xue 'er, is it really you?"

When they heard the voice, Leng ruoxue and the other two turned their heads subconsciously and saw a handsome man in a suit standing not too far away from them.

Leng ruoxue's face was filled with question marks, but seeing that the other party was someone she didn't know, she didn't think that he was talking to her. After all, there were many people in the world who called her 'Xue' er '. She couldn't possibly think that someone was calling her just because she heard someone calling her ' Xue 'er'!

After confirming that it was a stranger, Leng ruoxue and the other two ignored the handsome man. When the handsome man saw this, he immediately became anxious and ran to Leng ruoxue, asking anxiously, ""Xue 'er, you've misunderstood me. There's really nothing going on between me and that woman! I only like you!"

"Sir, I think you've got the wrong person?" Leng ruoxue said helplessly.

"Go away, we don't know you." The demon's face was also black as he roared.

"Xue 'er, how could you do this to me? Do you hate me that much? You actually pretended not to know me and got together with another man. I know you just want to make me angry! Let's not throw a tantrum, okay? Other than you, I won't love anyone else. You have to believe me!" The handsome man ignored the demon and said to Leng ruoxue.

Hearing this, Leng ruoxue didn't know what to say. This guy was the male lead in a certain romance drama, right? Right? It was a pity that she was not interested in romance dramas!

The demon's face turned even darker, and he was so angry that he wanted to beat someone up! Damn it, meeting a mental patient just for a meal. Today was really a lively day!

Ji Kai's eyes widened in disbelief again. Looking at this sudden scene, he also felt that he had encountered too many things today.

After a long while, Leng ruoxue, who had taken a few deep breaths, saw that the unfamiliar man was only looking at her affectionately and had no intention of leaving. She could only repeat, "Sir, I really don't know you."

Leng ruoxue's denial once again caused the handsome man to fly into a rage out of humiliation. He then roared, "Don't tell me your name isn't Leng ruoxue!"

"I'm Leng ruoxue, but I really don't know you. " Leng ruoxue replied honestly.

"If she's called Leng ruoxue, it means that I didn't get the wrong person." The handsome man said excitedly. As for Leng ruoxue's last sentence, he automatically ignored it.

Hearing this, Leng ruoxue couldn't help but roll her eyes. What kind of Bandit logic was this?

Following that, she heard the man's gentle voice. "Xue 'er, don't be angry with me. I promise you, I'll ignore that woman in the future!"

"Stop! Sir, can you please not mention this again? I really don't know you!" Leng ruoxue was going a little crazy. This man looked like a decent human, but why couldn't he understand human language?

"Xue 'er, I've already promised you. Why are you still angry with me?" The handsome man said with a heartbroken expression.

Leng ruoxue was exasperated.

"I'm not eating anymore. Let's go home. " With that, Leng ruoxue turned around and left.

The handsome man wanted to give chase but was stopped by the demon.

When love rivals meet, their eyes turn red!

The handsome man's eyes were spitting fire as he glared at the evildoer and roared, ""Xue 'er is mine. Get lost, you third party!"

Third party?

Was he talking about him?

The demon was stunned. He was her husband! Why did other men call her a mistress?

"Xue 'er is my wife, you should be the one to get lost!" In terms of aura, the demon could definitely defeat anyone. The handsome man was frightened by the demon. He only came back to his senses when the demon and Ji Kai chased Leng ruoxue out of the restaurant.

By the time he gave chase, Leng ruoxue and the other two had already disappeared.

Back at the seaside villa, Leng ruoxue was still depressed.

Seeing that his wife was in a bad mood, the demon quickly comforted her, ""Honey, that idiot must have mistaken you for someone else. Don't be angry."

"You're not angry?" Leng ruoxue asked curiously when she saw how nonchalant the demon was.

"Of course I'm angry too! But that person is an idiot, and we're the ones who are tired from fighting an idiot! That's why we can't do that kind of losing business, don't you think?" The demon coaxed.

"Yes." Leng ruoxue nodded. Actually, she was mainly afraid that the evildoer would get angry because of this, so she pretended to be depressed. Now that the evildoer didn't even take this small matter seriously, she naturally wouldn't mind. After all, those people were just passersby to them.

It was obvious that they had quickly forgotten about the unpleasantness of that day.

SUPREME CRAZY WIFE

Chapter 3028 Side Story, You Have A Child!(1)

In the next few days, Ji Kai was completely immersed in his passion for the new sports car. Leng ruoxue couldn't help but sigh when she saw this. Men couldn't resist the temptation of a sports car at all. However, the one who stuck to her was obviously different.

Leng ruoxue glanced at the evildoer beside her and asked curiously, "Hubby, aren't you interested in sports cars?"

When the demon heard this, he shook his head and said shyly, "My dear wife, I'm only interested in you."

"..." Leng ruoxue did not know how to react. This reply was too mushy!

She turned her head stiffly and looked at Ji Kai, who was learning how to drive.

However, as soon as she took a look, she saw Ji Kai crash into a huge tree beside the seaside road like a kite with a broken string. The front of the car instantly deflated and gray smoke burst out.

Leng ruoxue was speechless. She knew that Ji Kai was a prodigal! Fortunately, the car had insurance, so she felt a little comforted.

After Ji Kai got out of the car gloomily, he ran to where Leng ruoxue and his evil master were with a sad face. Then, he burst into tears, "Wu ... Master, Madam, this car is really not sturdy. When I drove a hovercar in the past, it

was much more off-limits than this sports car. So, we were tricked into buying a fake one. I think we should return this car!"

After hearing Ji Kai's words, Leng ruoxue really wanted to complain. How could a hovercar be the same as a sports car? Those cars were flying in the sky, so they were much more dangerous than sports cars. Besides, no one asked you to drive your sports car into a tree! This prodigal child!

After retorting in her heart, Leng ruoxue only said, "Call the 4S shop! I'll get it repaired!"

"Do you need money for maintenance?" Ji Kai asked carefully. This was what he was most concerned about.

"I'll deduct the money from your salary. " Leng ruoxue laughed evilly.

"..." Ji Kai was stunned. Although he really wanted to ask if he had a salary, he still wanted to ask. However, he didn't dare to ask.

After saying "Oh," Ji Kai resigned himself to his fate and went to make the call.

The person in charge of the 4S store quickly sent after-sales personnel to check on the situation. When they saw the car and the tree in close contact, the person's face darkened.

This was clearly a man-made accident caused by improper driving! This kind of man-made damage, their shop generally wouldn't give free repair, nor would they provide insurance. However, facing the three pairs of eyes that were staring at him, he did not dare to say that he would not give them free maintenance.

The gazes of these three people were truly too frightening, especially a certain middle-aged man. When she saw him, her eyes glowed like a Wolf seeing

meat. If he said that he would not give her free repair, she did not know if she could leave this place alive.

After hesitating for a while, the person still bravely said,""I'm really sorry, but this accident was man-made, so we can't repair it for free. Even insurance doesn't cover such a situation."

Leng ruoxue and the evildoer didn't have much of a reaction when they heard the person's words because Leng ruoxue had already expected this situation. As for the evildoer, he didn't care about this at all. However, when Ji Kai heard that they wouldn't be providing free repair services, he immediately said angrily,"You won't let me fix it? Were your promises when we bought the car just for show? Do you think I won't go to the consumer Association to complain about your shop?"

"Sir, it's not that we don't want to repair it, but we don't want to give it free repair. In your situation, it's obvious that it was man-made. No 4S shop would give it free repair. Also, please forgive me for being a busybody, but with this car's condition, even if you complain to the consumer Association, you can't change the fact that you can't repair it for free!" The man explained patiently. After all, they were in the right! Therefore, he wasn't afraid of the other party making a fuss.

"You mean, we're blaming ourselves for the car?" Ji Kai wasn't stupid. He could tell.

"Yes, I am!" The person nodded.

"Nonsense! It's clearly the quality of your car that's not good. The car I used to drive, even if it had an accident, it wouldn't have been like this!" Ji kaihuo shouted.

"May I ask what kind of car you used to drive?" Hearing this, the person asked curiously.

"Floating! That car's much sturdier than your sports car. It won't be damaged at all by such a degree of impact. Compared to my previous car, your sports car is like paper!" Ji Kai pestered them. He had decided that he would get free repair from this shop, because he had no money!

After hearing Ji Kai's words, the man started to think very seriously in his heart. However, after thinking for a long time, he still couldn't figure out what brand the sports car was. This name was too unfamiliar to him.

When Leng ruoxue saw the after-sales personnel of the 4S store frowning and looking like he was in a dilemma, she almost couldn't control her laughter.

In order to save money, Ji Kai was willing to do anything! However, Leng ruoxue was still very supportive of Ji Kai's life, so she was happy to watch the show. Since she was silent, the demon was even more lazy to talk.

"I'm sorry, Sir, I've never heard of this brand. May I know which factory produced the hover car?" After thinking for a long time, the confused after-sales staff finally couldn't help but ask. Although asking such a question made him seem very unprofessional, he was willing to go all out in order to get to the bottom of it.

Hearing this, Ji Kai knew he couldn't say anything, so he said in disdain, "It's just a small manufacturer. I'm afraid you won't know even if I tell you. "

"....."

"Hurry up and take the car back to fix it. Also, tell your manager that I won't pay a single cent because the quality of your car is not good ..." After saying that, Ji Kai left everyone behind and swaggered back to the villa not far away with his head held high.

Seeing this, Leng ruoxue smiled at the after-sales personnel and said, ""I'll have to trouble you to make the quality of this car better. "

After saying that, she pulled the evildoer and left without looking back.

The after-sales personnel who had been left behind was completely dumbfounded. He was being abandoned! He looked at the sports car that had been badly damaged and felt gloomy.

He would not be able to explain to the person in charge if he were to drag such a car back.

However, the person-in-charge's words still rang in his ears. After some serious consideration, he resigned himself to his fate and dragged the broken sports car back to the shop.

The person in charge of the 4S store was shocked when he saw the sports car being dragged back. This car ... How did it end up like this?

Without waiting for the person in charge to ask, the after-sales staff took the initiative to explain.

When the person in charge found out that the car had been damaged because it had hit a tree and that the owner of the car had asked them to repair it for free, he was deeply worried.

It was not impossible to repair the car for free because the car was insured. However, the condition of this car was obviously not insured. Therefore, free repair was too much of a loss for them.

For a moment, the person in charge didn't dare to make any decisions on his own. Finally, he reported the matter to the head office.

[SUPREME CRAZY WIFE](#)

Chapter 3029 Side Story, You Have A Child!(2)

The next day, the head office sent a Vice President who was in charge of this matter. The person in charge of the 4S store accompanied him to the door to discuss this matter with Leng ruoxue and the other two.

Leng ruoxue and the other two had received a notice from the person-in-charge early on and were waiting at home for a certain CEO to come.

However, when Leng ruoxue saw the Vice President, she was completely depressed. Because that person was none other than the emotional man she had met at the restaurant earlier.

The moment the emotional man saw Leng ruoxue, he was so moved that his eyes were brimming with tears. His voice also started to choke up, "'Xue, Xue 'er, I've finally found you. I didn't expect you to be hiding here!'"

"..." Leng ruoxue was speechless. She did not hide, alright? She had been living here all along! Besides, she wasn't found by this man, it was a coincidence!

Everything was a coincidence!

He gave the dark-faced evildoer a comforting look, then turned to glare at Ji Kai. This guy wanted to save some money, but he ended up provoking this emotional man! This was great, there was no place to hide!

Leng ruoxue had already started to think about the possibility of changing her residence. However, after thinking about it for a while, she felt that it was too much of a loss to move to another place for a sentimental man. They had already signed the rental contract with the owner. If they broke the contract, not only would they not get the money back, but they would also have to pay the penalty fee!

'Damn it!' Leng ruoxue was extremely depressed!

"Xue 'er, why are you ignoring me?" Seeing that Leng ruoxue had ignored him for a long time, the emotional man couldn't help but ask resentfully.

The person-in-charge's jaw almost fell off when he saw the vice president's aggrieved expression.

Oh my God! What was going on?

Old lovers meeting? It didn't look like it!

This was because when Leng ruoxue and the other two saw the Vice-President, they clearly showed a rather disdainful expression. Especially the middle-aged man, his eyes were so fierce that he wanted to skin the Vice-President alive.

Based on the above situation, the person in charge was certain that the meeting between the two sides would definitely not be harmonious. He hoped that they would not fight!

The person in charge prayed silently. On the other hand, Ji Kai was as depressed as Leng ruoxue. He had never thought that this Wolf would be summoned to his house. Now, his evil master would probably hate him to death.

Wu ... Ji Kai glared at the emotional man, wishing that he could make the other party retreat in the face of difficulties. However, it was obvious that the emotional man did not notice Ji Kai's situation at all. His thoughts were all on Leng ruoxue.

"Xue 'er, didn't I already explain it clearly last time?" Seeing that Leng ruoxue had not said a word, the emotional man asked again.

"Sir, you've got the wrong person." Leng ruoxue sighed and finally said.

When the person-in-charge heard this, he heaved a sigh of relief. It turned out that the Vice President had mistaken him for someone else!

Good, good! He didn't want to offend the three of them, because they didn't look like people to be trifled with!

One had to say, the person in charge was right!

However, the Vice President, who had completely fallen into his own fantasy, refused to give up and said with a sad expression, ""Xue 'er, what do you want me to do? I'll definitely do as you say!"

"Really?" Leng ruoxue was skeptical. She did not think that this man would give up so easily.

"Of course. To show my sincerity, just tell me what you want. I'll definitely do it." The emotional man promised.

"Alright, then please leave my life! I'm really not the person you're looking for."
" Leng ruoxue didn't want to miss the opportunity and hurriedly said.

"Fix the car while you're at it," Ji Kai added.

"..." The person in charge was silent. This was a bit of bullying! However, he could already feel that the atmosphere was not very good, so he did not dare to speak.

When the emotional man heard this, his eyes immediately became wet and he said, ""I'll help you fix the car, but Xue 'er, can you not chase me away? I really can't live without you!"

"We can not! Master, you've got the wrong person!" Leng ruoxue's attitude was a little forceful. She didn't want to waste any more time with this fellow. Otherwise, this evildoer would definitely be angry.

"Xue 'er, I will never mistake you for someone else. Even if you turn into ashes, I will still recognize you." The sentimental man said seriously after hearing Leng ruoxue's words.

"....."

Leng ruoxue didn't know how to react. She gave Ji Kai a 'you can handle it' look and left with the evildoer.

Seeing that Leng ruoxue was going upstairs with another man, the sentimental man wanted to follow her regardless of the consequences. Ji Kai blocked his way and said, "Sir, this is a private place, no one is allowed to approach!"

"I'm not an idle person, I'm Xue 'er's fiancé!" The emotional man decisively gave himself an identity.

Ji Kai was speechless for a while, then he laughed evilly, "Sir, that's my Madam. She doesn't know you at all, so don't think too highly of yourself. Go and find your Xue 'er! There were many people with the same name in this world! Don't pester someone else's wife, it's immoral!"

After talking to the emotional man, Ji Kai turned to the person in charge and said, "Hurry up and drag your Vice President back, or I won't be polite!"

"Vice President, let's go back first!" Upon hearing this, the person-in-charge was shocked and quickly said to the emotional man,

He was really afraid that Ji Kai would do what he said. It was obvious that he was already angry. However, was it really a good thing for him to know so many secrets? He wouldn't be killed, right?

Of course, what made him even more depressed was that he had not even come to an agreement on the conditions! The Vice President had agreed to fix it for him, and from the looks of it, it was definitely free!

The emotional man was extremely reluctant when he heard the person-in-charge's words. However, he knew that Xue 'er had misunderstood him, so she would not forgive him so easily. Hence, he only hesitated for a moment before he obediently let the person-in-charge pull him away.

Seeing the two of them leave, Ji Kai's heart that was in his throat finally relaxed a little.

The moment the two of them left, Leng ruoxue and the demon walked out of the room.

When Ji Kai saw this, he quickly went to greet him.

Then, the three of them began to discuss in the living room.

The main topic of discussion was naturally who the Xue 'er that the emotional man was talking about was!

Leng ruoxue thought for a long time, but she still couldn't figure it out. Ji Kai thought for a while before asking carefully, "Madam, are you the only child?"

"I have an older brother. What's wrong?" Leng ruoxue replied honestly.

"You don't have an elder or younger sister?" Ji Kai asked again.

"No, I didn't," Leng ruoxue thought for a moment before saying.

"Er ..." Ji Kai didn't dare to ask the rest of the question. Otherwise, he would be the one in trouble.

Seeing Ji Kai's hesitation, Leng ruoxue asked calmly, "You want to ask me if I have an illegitimate daughter at home, right?"

"....."

Madam, I didn't ask that!

"Do you have a brain? if there's really an illegitimate daughter, would she have the same name as me?" Leng ruoxue was speechless.

SUPREME CRAZY WIFE

Chapter 3030 Side Story, You Have A Baby!(3)

"Uh! Then what's going on?" Both Ji Kai and Leng ruoxue could not understand.

"It must be Qing Jue's doing!" Suddenly, the demon spoke. He had not forgotten that Qing Jue had once transformed into Xue 'er's appearance to trick him into canceling the engagement! He would remember this for life.

"Qing Jue is here too? Why can't I sense it?" Leng ruoxue did not want to suspect Qing Jue at all. In her heart, Qing Jue was very innocent and would never have thought of such an idea.

But the demon was quite certain.

"Master, who is Qing Jue?" Ji Kai couldn't help but ask.

"He's a detestable fellow!" The demon said through gritted teeth.

He did not say it clearly, so Ji Kai naturally regarded Qing Jue as an admirer of his wife, an obstacle to his master!

Even though Leng ruoxue did not really want to treat Qing Jue as a suspect, the demon had already made up his mind. Leng ruoxue had no choice but to let him be.

A week later, the sports car that Leng ruoxue had taken for repairs was sent back. Looking at the brand new body, Leng ruoxue and the other two expressed their satisfaction. The only thing they were not satisfied with was that this car was driven back by the sentimental man.

When the demon saw the man, his face immediately darkened without hiding it.

However, the emotional man did not mind at all. After his inept advisor's counseling, he became much calmer when he saw Leng ruoxue. He was no longer like before, playing hard to get!

Unfortunately, his target was Leng ruoxue, and he was destined to fail! Seeing that Leng ruoxue wasn't even looking at him, the emotional man was very worried. In order not to make Leng ruoxue feel disgusted, he suppressed the reluctance in his heart and left Leng ruoxue's Villa.

After walking for a distance, the emotional man couldn't help but look back every three steps.

Seeing that the man was really here to give him the car and didn't continue to pester him, Ji Kai expressed his surprise.

"Eh? Strange! He actually didn't confess his love to Madam!" Ji Kai couldn't help but ask.

As expected, his words received glares from Leng ruoxue and the demon. Ji Kai, who only realized later that he had said something wrong, hurriedly excused himself to practice driving and left the sight of his master and Madam.

However, in less than half an hour, Ji Kai came back dejectedly.

The first thing he said when he saw Leng ruoxue and the demon was, ""Master, Madam, I've damaged the car again!"

"You hit a tree again?" Leng ruoxue was speechless. This speed was really fast!

"It's not the same tree!" Ji Kai explained in a low voice. He had something on his mind, so he accidentally bumped into the tree.

"What, from what you're saying, you want to knock down all the trees on the side of the road?" Leng ruoxue was speechless.

"What benefits did that guy give you to make you help him like this?" At this time, the demon's eyes were also spewing fire as he roared.

Ji Kai was dumbfounded. He didn't help a certain someone! How could his master misunderstand him like this? Ji Kai expressed his grievance.

Ji Kai opened his mouth and wanted to explain, but the evildoer didn't give him a chance and said angrily, "You settle this yourself. In any case, don't let me see that guy come to your door again!"

The evildoer, who was about to go crazy, pulled Leng ruoxue and left Ji Kai behind to return to his room.

Although Ji Kai felt wronged, he still had to inform the person in charge.

When the person in charge heard the news, he was dumbfounded.

Another crash? Or a tree? Wasn't this speed a little too fast?

Facing the person-in-charge's suspicion, Ji Kai could only insist that the quality of his car was not good!

The person-in-charge was so angry that he almost had a heart attack. After reporting the matter, the Vice President ran over in a hurry.

Seeing the red-faced Vice President with sweat on his forehead, the person in charge couldn't help but sigh. He couldn't keep a child!

He had already spent a lot of money repairing Leng ruoxue and the other two's cars. If he were to do it again, he would have enough money to buy a new batch of cars!

At this moment, the person-in-charge felt that he had made a huge loss by selling the car!

However, the Vice President didn't think so. How could he not grasp such a good opportunity to get close to his sweetheart? At this moment, he was treating Ji Kai as his benefactor!

He rushed to Leng ruoxue's residence at top speed. The Vice President led his men to pull away the sports car that had crashed into the tree. The only regret he had was not seeing Xue 'er. However, there was still time in the future, and there would be plenty of opportunities, so he was not in a hurry.

Before he left, he didn't forget to give Ji Kai a grateful and encouraging look, as if saying, "do your best!" That's the only way I'll have the chance to come!"

Facing the man's expectation, Ji Kai was completely worried. He really didn't do it on purpose! Who could he blame for the quality of the car? But now, both sides had misunderstood him. Sob ... What was he going to do in the future?

Although Ji Kai was sad, when the car was repaired and sent back, he still drove it and crashed into it again. As a result, the owner ignored him and didn't even give him a good face, while the sentimental man became his best friend ...

Of course, the so-called "best friends" was only what the emotional man thought. Ji Kai would not abandon his master and wife for the immediate benefits. Therefore, with the idea of infiltrating the enemy's base to get information, he became familiar with the emotional man.

The man's name was Qu Sen. He was the second young master of the Qu family, one of the top ten families on Planet Faint Blue. He was handsome, rich, and had an extraordinary status. He was very popular with women on Planet Faint Blue. He was even praised as the diamond-ranked Bachelor that women wanted to marry the most. It was said that he was ranked fifth.

When Ji Kai found out about this situation, he immediately reported it to his master. Unfortunately, the demon didn't care at all. He was just a mortal. What

could he do in the diamond World? What he wanted to know was how that guy knew Xue 'er!

Ji Kai then continued to ask around, and qu Sen, who treated Ji Kai as a confidant, told him everything he knew.

"Back then, Xue 'er and I met at the beach. At that time, she stood alone by the beach, facing the ocean ... She looked so lonely and lonely, so heartbreaking. With just one look, I fell in love with Xue' er at first sight! Later on, I found out that Xue 'er had been abandoned, and my heart ached for her even more! I also want to know which blind man dared to abandon my Xue 'er!" Somewhere by the sea, qu Sen, who was chatting with Ji Kai, said.

After hearing this, Ji Kai couldn't help but curse silently. From qu Sen's words, he was very sure that Xue 'er was not his wife. Based on his master's protective personality, it was impossible for him to abandon his wife!

"Ji Kai, tell me the truth. Did your master abandon that man, Xue 'er? They've made up now?" Just as Ji Kai was complaining to himself, qu Sen thought of something else.

"Uh! No, you've really got the wrong person. " Ji Kai quickly said.

"Ji Kai, we're so familiar with each other, and I treat you as my friend. Don't lie to me!" Qu Sen didn't believe him.
